HOME - - - Fire swept Rayen Hall, home of the *Jambar* offices, on Friday. Although the *Jambar* was undamaged, Rayen Hall suffered an as of yet, undetermined amount of damage as shown in these pictures. Clockwise from left: the attic with the fire's only "victim"; unidentified official runs from building with non-working fire extinguishers; portions of the ceiling above the second floor; lightbulbs, stored in the attic, survive the inferno.

The fire was touched off when a contractor's torch ignited a bird's nest at the top of the building (above) Left: a scorched attic beam.
