YOUNGSTOWN UNIVERSITY

Youngstown, Ohio

Foreword

We, as college students and potential graduates, must ask ourselves what is and what will be expected of us.

Many of us have never taken time to analyze our actual positions. But because we are supposedly mature young men and women, we cannot avoid considering the social position demanded of us as people with college backgrounds.

We are torn between two forces—privilege and responsibility. On the one hand, society gives us certain privileges significant of its awareness of our educational background. On the other hand, by giving us these privileges, it heaps innumerable responsibilities upon us. The responsibilities are what we find difficult to consider, but we must.

Our responsibility starts in the classroom. We must admit that it is often simple to get, without much effort, a passing grade in some three-hour courses. However, we can only present ourselves as responsible people through intensive effort in the attainment of knowledge. Society gives us the privilege and responsibility of being critical of what is going on about us. Only through excellence in all we do, can we be competent critics of our society.

We cannot simply be critical; we must also be constructive and creative in our approach to our society. We must offer workable solutions to the problems made evident by our criticisms. That is why our first responsibility begins in the classroom, for here we can gain information and thought to guide us in our responsible positions.

The responsibility does not end with the acquirement of the degree. Rather, it becomes greater and often harder to manage, for the classroom discipline is removed. We must eventually depend upon ourselves. The privileges gained from being college students do not seem equal to the great responsibilities we acquire, but it is a worthwhile privilege to acquire the ability to fulfill great responsibility adequately.

Dedication

1959 will mark the opening of Youngstown University's new science building. In anticipation of this event we dedicate the 1959 yearbook to the spirit and hope which are symbolized in the planning, construction and opening of the science building.

We can feel free to dedicate this yearbook to the science building only if we constantly remember that it is Man who upholds scientific knowledge and who constructs science buildings. The building, alone, is an outward symbol of

the optimistic hopes and spirit of man. Without the curiosity and intellectual endeavor of man the building would mean nothing.

The spirit and hope manifest themselves in the men who possess the perseverance to pursue their goals consistently, the courage to challenge assumptions critically, the intelligence to reflect upon what proves unsound constructively and the integrity to use the fruits of their endeavor wisely.

THE BOARD OF TRUSTEES

The Board of Trustees play a most important role in the operation of Youngstown University. Members of the Board are men active in civic and industrial affairs in the Mahoning and Shenango Valleys. Their participation in civic and industrial affairs in this area has prepared them to understand the problems that a city college such as Youngstown University faces. Not only can they understand the many problems, but their experience has given them the ability to offer creative solutions for the betterment of Youngstown University. In this year of 1959, the beginning of a new half-century for Youngstown University, the students thank the Board for its achievements which have made the University a finer place in which to study.

PRESIDENT

DR. HOWARD JONES

President Howard W. Jones has been the leader of Youngstown University for twenty-seven years. He has worked tirelessly and effectively to guide the school to a more substantial position in the community.

It would be impossible to list the multitude of things which President Jones has achieved for the University in these twenty-seven years. Most important is the increase in its academic stature, only partly indicated by the University's acceptance in national organizations: the North Central Association of Colleges and Secondary schools, the Department of Education of the State of Ohio, the American Medical Association, the A. A. U. W., and others. President Jones was also responsible for bringing the R.O.T.C. into the University, and inter-collegiate football was added to the sport's program early in his administration.

President Jones has been largely responsible for these achievements through his driving energy and administrative skill, and through it all he has never veered from his purpose of giving Youngstown a finer University.

President Jones deserves the highest praise and gratitude from the student body on this twenty-seventh year of his guidance of the University.

DR. JOSEPH E. SMITH

Dr. Joseph E. Smith came to Youngstown University as a part-time instructor in 1921. He was later appointed head of the Social Science Department and Dean of Men. In 1949 he assumed his present role as Dean of the College of Arts and Sciences and Dean of the University.

The duties of Dean are time-consuming and varied. For instance, the recruitment and supervision of faculty personnel take a large part of his time. But he has always been understanding and friendly in spite of the difficulty of his tasks.

Dr. Smith distinguished himself as an undergraduate. He was awarded a Rhodes Scholarship to Oxford University in London. He received his A.B. degree from Oxford, his A.M. from Nebraska University and his Ph.D. from Wallas College, London, England.

PHILIP P. BUCHANAN

Philip Buchanan was called to assume the duties of Registrar of Youngstown University following his resignation as principal of the Struthers schools. He received his A.B. degree at Hiram College, and his M.Ed. at the University of Pittsburgh. He has, through his work with the Ohio State Collegiate Registrars Association, and the American Association of Collegiate Registrars, kept in constant contact with the numerous and extensive problems of registration. Mr. Buchanan has exercised a decided influence on Youngstown University during years when a demand for business skills has increased the role of this phase of the University's administration.

DEAN OF MEN

JOHN P. GILLESPIE

John P. Gillespie was selected Dean of Men in 1957. His tasks are manifold as well as time-consuming. The duty of guiding young men to the fulfillment of their aims and the solution of their problems demands a man of understanding and sympathy. Dean Gillespie aptly meets these demands.

Dean Gillespie has earned the respect of the students and faculty of Youngstown University through his integrity and consistency in all his undertakings. His tactfulness and executive ability make possible the efficiency of the University.

DEAN OF WOMEN

OLIVE P. McCARTY

Olive Pope McCarty graduated from Youngstown University with a B.S. in Education. She received her M.Ed. degree from Boston University and has done additional graduate work at Ohio State University. Dean McCarty's experience is varied as she has a background which includes personnel work in business, industry and the U. S. Marine Corps, as well as teaching in high school. Before coming to Youngstown University, she served as Assistant Dean of Women at Ohio Wesleyan University.

Dean McCarty has been responsible for the University's program for student nurses and has cooperated with the Youngstown Hospital Association in developing a fine educational program for the student nurses. She also counsels women students, serves on faculty and administration committees and coordinates student activities. She has also assumed the position of advisor to Pan-Hellenic Council.

Mr. Nelson graduated from Youngstown University with an A.B. degree and has a M. Litt. degree from the University of Pittsburgh.

It becomes increasingly hard to say something fitting to a group of approximately 600 people who have now become seniors having complete four, five, and even six or more years of college work.

Many students have been graduated in the past and there will be even more to come in the future years, but each graduating class is something unique in itself. How is the class of 1959 different? For that answer, we have only to ask any one of its members—members who have studied four solid years; members who have necessarily studied intermittently for perhaps seven years; members, some of whom started in 1950, 1952, or 1955, members who may not even know each other. To each one of them it is the only graduating class.

To the graduating class of 1959 then, we sincerely hope that their time spent here has been enjoyable, memorable, and most of all worthwhile.

"THE BOYFRIEND"

One of the highlights of the year was the Drama Guild production of "The Boyfriend," a musical comedy satirizing the twenties. The twenty-member cast mastered the complicated routines with almost professional technique. Sam Sanfilippo was the student director.

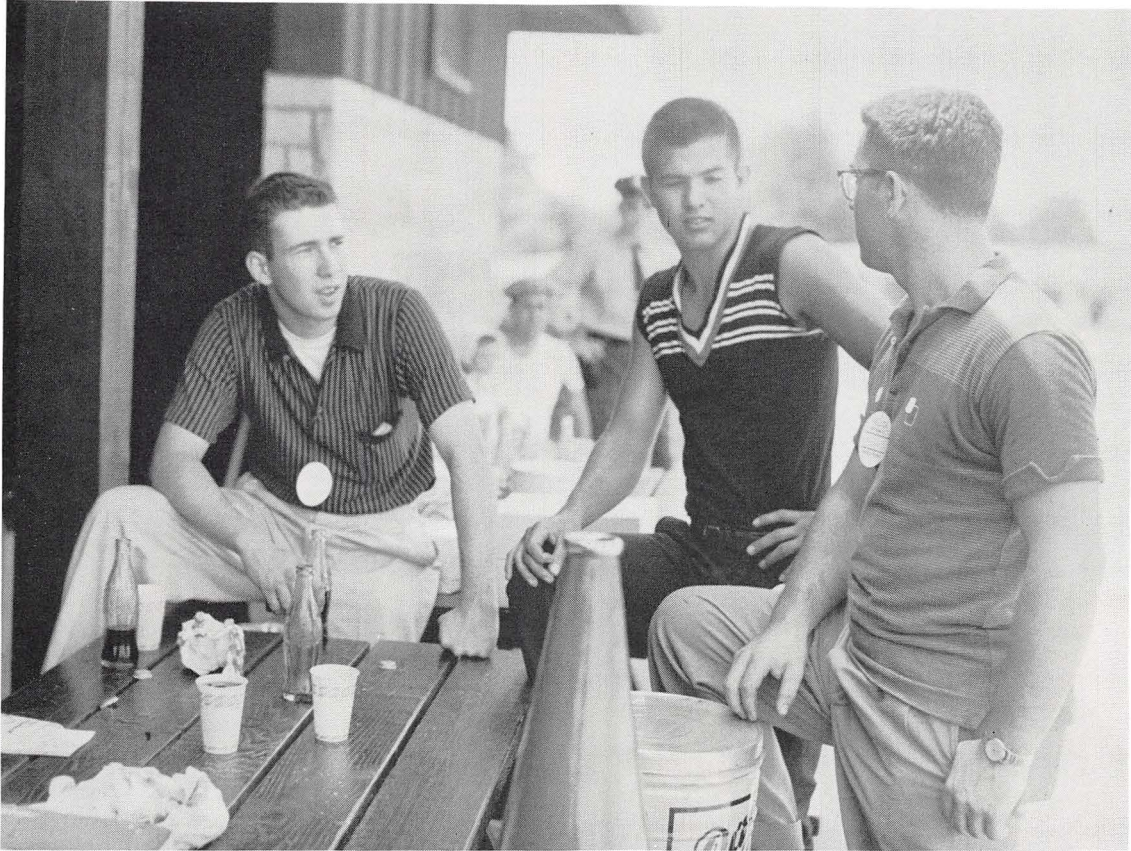

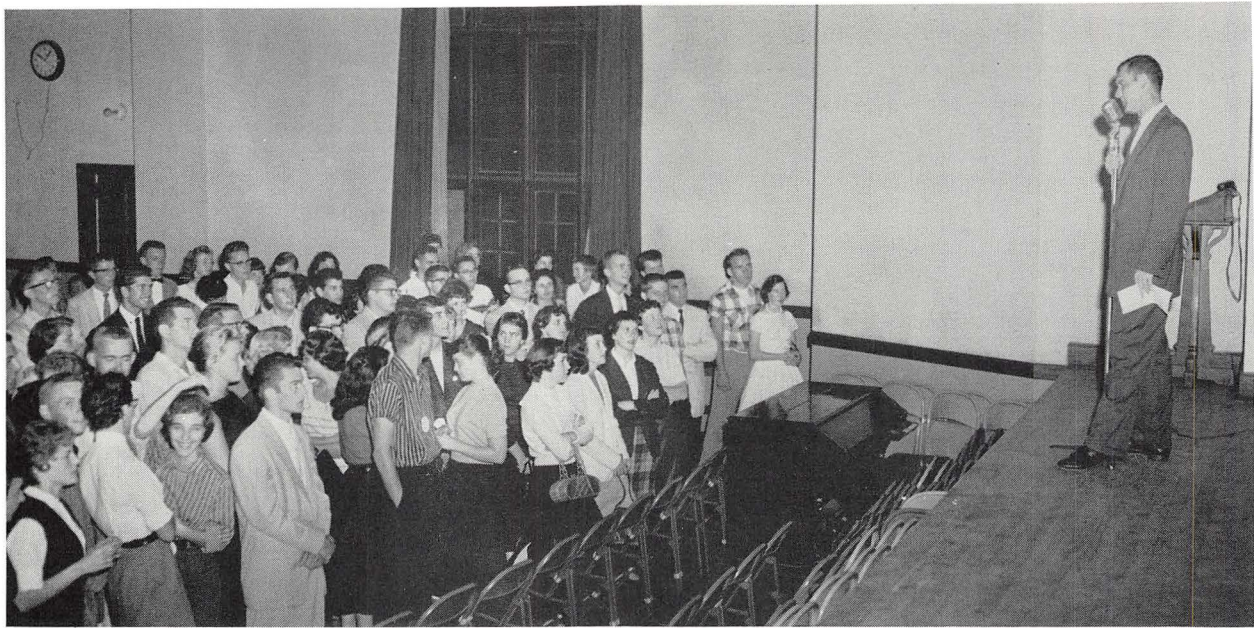

FRESHMAN

The Freshmen enjoyed a picnic planned by the Freshman Orientation Committee which was held at Mill Creek Park.

REGISTRATION

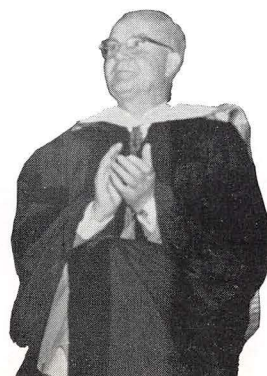

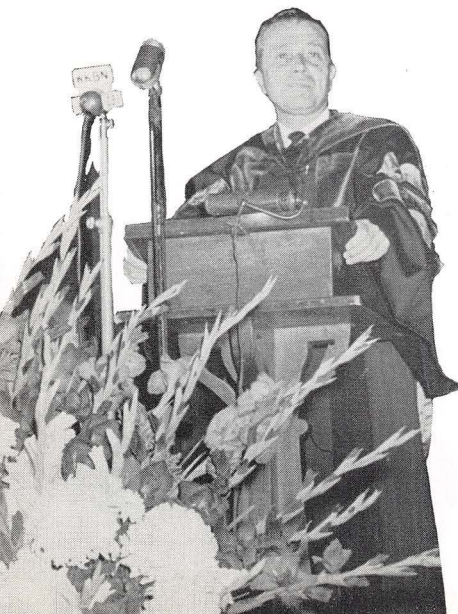

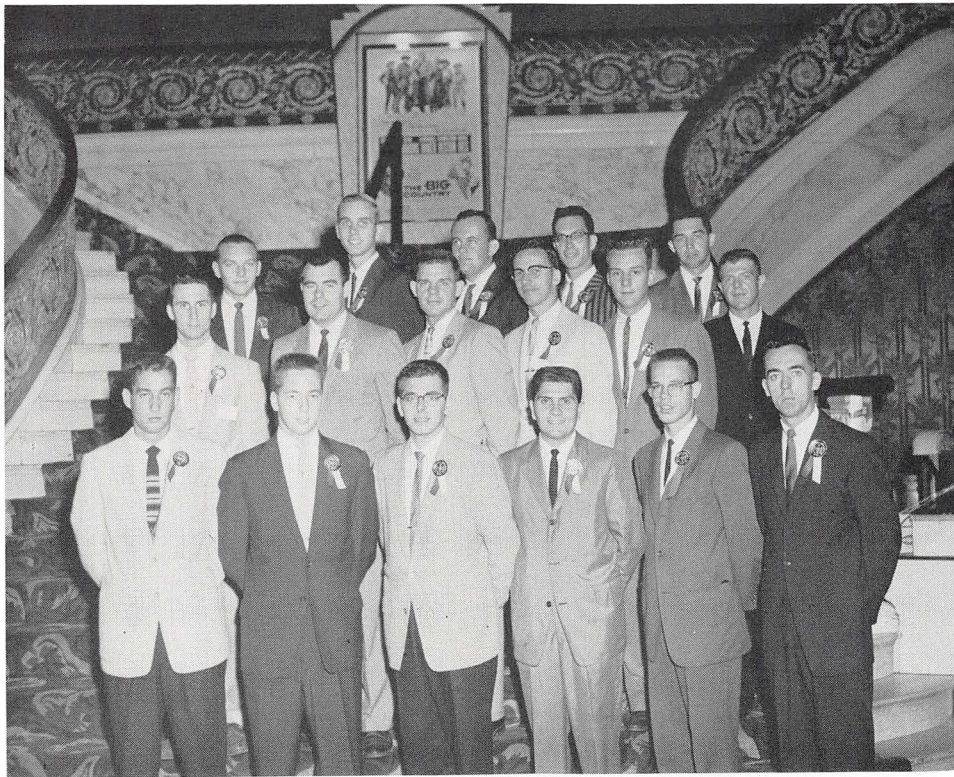

CONVOCATION

The Student Convocation was held on September 24 in observance of Youngstown University's Golden Anniversary. Student ushers, civic leaders, and faculty members helped to make the Convocation successful.

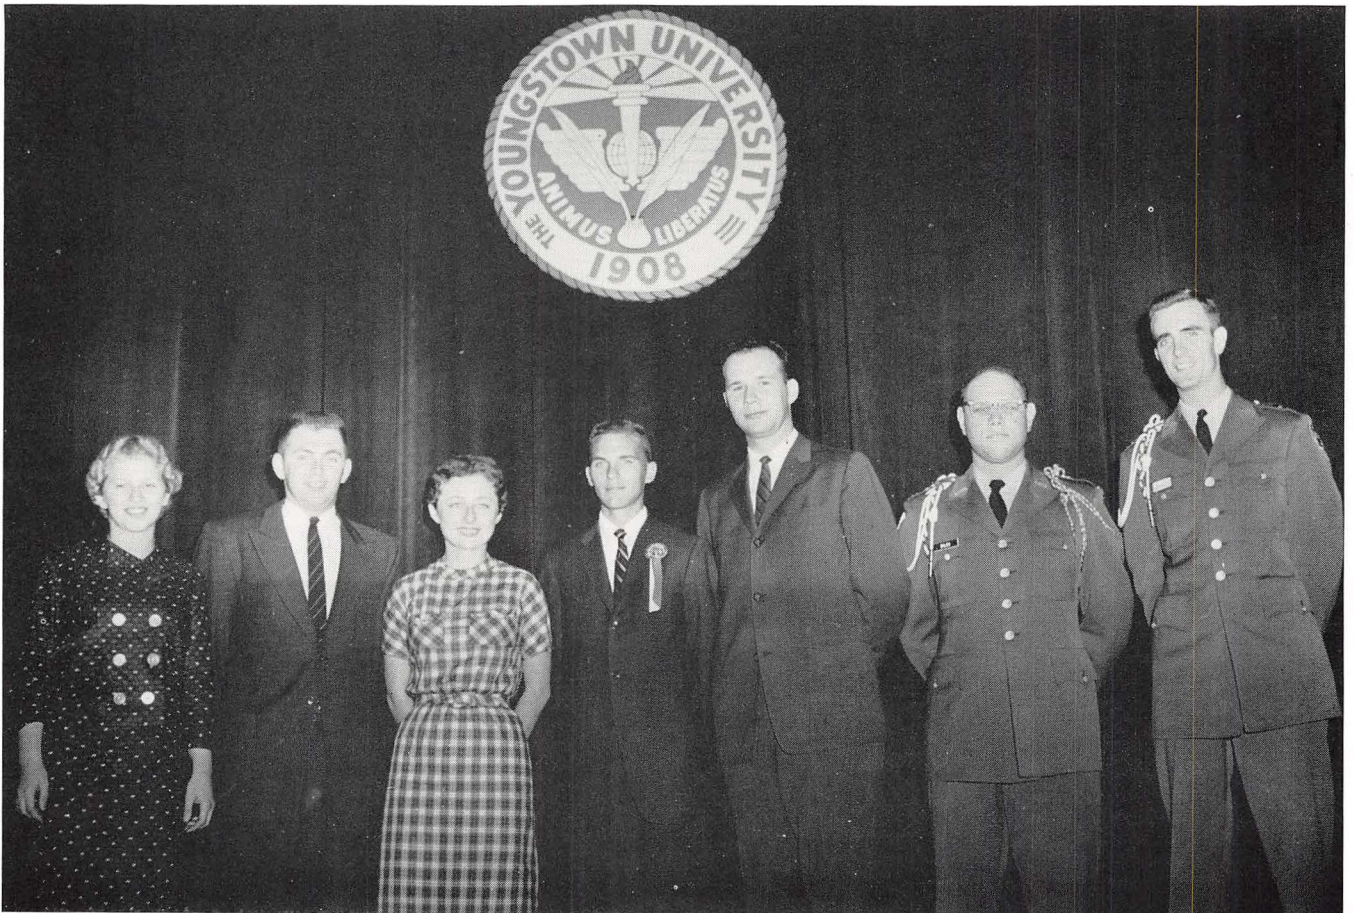

Dr. Warren Guthrie, news commentator and Professor of Speech at Western Reserve University, in his address to students, urged for a fuller awareness of speaking and listening in addition to the traditional three R's.

At the Student Convocation, Larry Nord presented President Howard W. Jones with an honorary scroll from the Youngstown University Student Association.

Seven students also received awards: Janice Georges, James P. Carr, Mary Jean Hodor, Edwin Kaiser, Alan Hegedus, Raymond G. Biles, and Robert G. Martin.

CONVOCATION

RDS

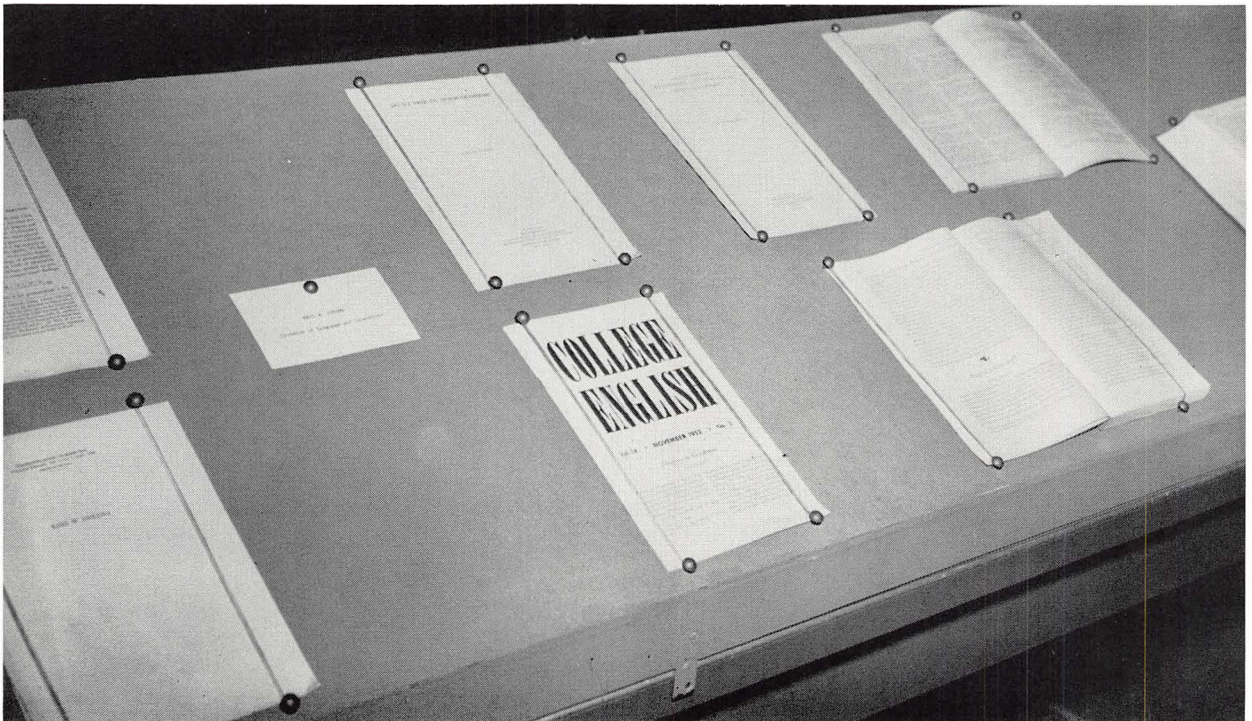

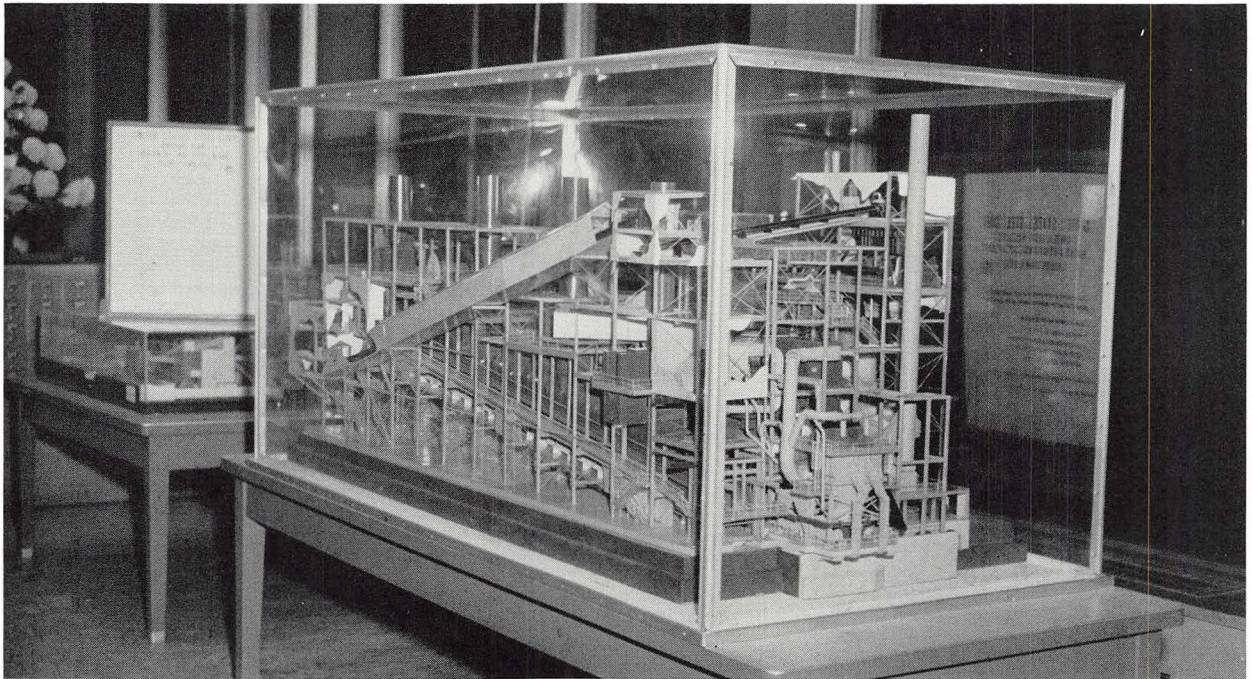

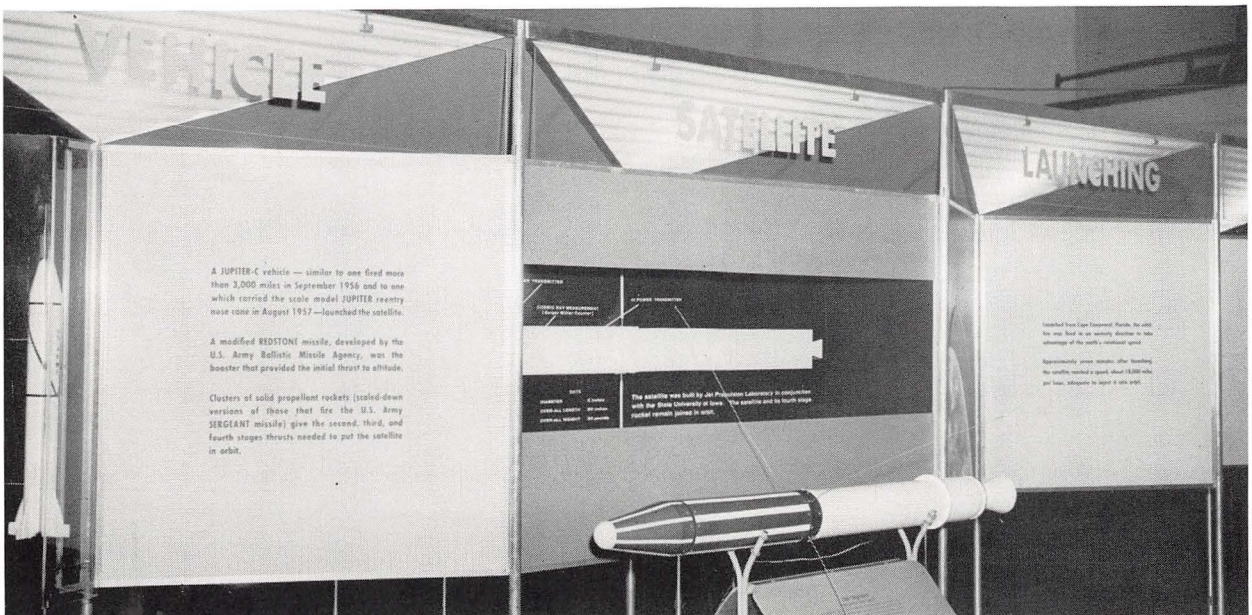

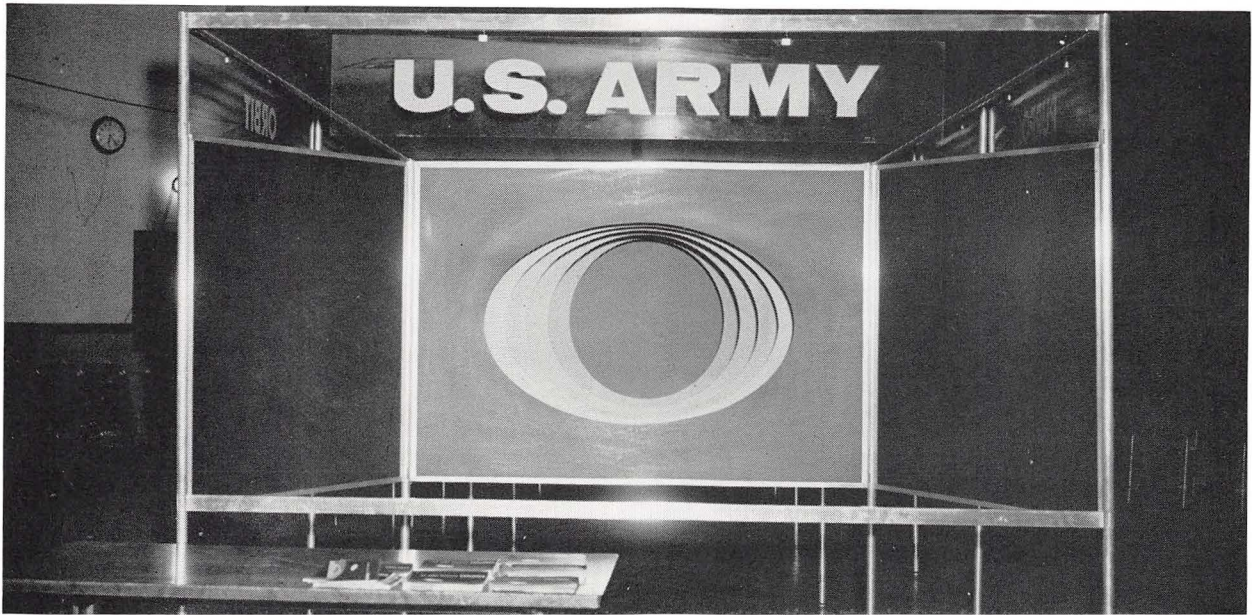

The sorority and fraternity scholarship awards were also presented. Diana Stizza, President of Pan-Hellenic Council, presented the sorority award to Dolores Lariccia for Beta Sigma Omicron Sorority.

Edward Wal, President of Inter-Fraternity Council, presented the fraternity award to Harry Sinn for Theta Chi Fraternity.

ANNIVERSARY OPEN HOUSE

During the Fiftieth Anniversary Open House, students and visitors had many opportunities to see exhibits displayed throughout the University. There were technical and scientific displays, along with exhibits in the fields of astronomy, biology, business, chemistry, engineering, English, history, mathematics, philosophy, physics, and sociology.

COUNCIL

Pan-Hellenic Council is the governing body of the Greek social sororities on campus. It is composed of a delegate, an alternate delegate, and an alumni representative from each of the sororities on campus, plus four officers. These delegates and officers are chosen by the sororities they represent.

The activities of this organization include compiling rules, governing rushing, pledging, and initiation on the campus; holding dances, teas, Greek Mixer, and the Greek Sing. Each year the organization also presents a scholarship trophy to the sorority with the highest point average for the year.

At the present time the membership includes Alpha Omicron Pi, Beta Sigma Omicron, Phi Mu, and Sigma Sigma Sigma.

OFFICERS

Left to right: Dorothy Thomas, Treasurer; Mary Young, Secretary; Ilona Walko, Vice President; Betsy O'Neil, President.

Phi Mu Fraternity was founded on March 4, 1852 at Wesleyan College, Macon, Georgia. This was the first college ever chartered for higher education of women. The three founders were Mary Myrick Daniel, Mary Dupont Lines, and Martha Hardaway Redding. In 1911 Phi Mu was admitted to the National Panhellenic Conference. In 1952 the Delta Mu chapter of the sorority was started at Youngstown University. We were formerly known as the Alpha Theta Delta's. In 1957 we obtained an apartment in the Women's City Club, 505 Wick Avenue.

Phi Mu has grown steadily. Today there are 30,000 members. Phi Mu is listed among the largest of the national fraternities with 78 chapters in universities and colleges in the forty-eight states. Alumnae groups are located in most major cities of the United States, in many other communities through the country, and in Hawaii and Alaska.

Social events of the year included the annual Founders Day Banquet, the Mother and Daughter Tea, the Turtle Trot, the Snowball, the Christmas Dance at the Stambaugh Club, and our Summer dinner dance.

The first social sorority at The Youngstown University, Phi Lambda chapter of Alpha Omicron Pi, was founded by Professor John W. Bare in 1927. In 1957 Phi Lambda Delta became a chapter of Alpha Omicron Pi national sorority.

Alpha Omicron Pi was founded at Barnard College of Columbia University in January, 1897 by Jessie Wallace Hughan, Elizabeth Heywood Wyman, Stella George Stern (Perry); and Helen St. Clair (Mullan). It was founded to sublimate into a useful and enduring bond the friendship of a group, to keep that friendship forever an active principle of life, and not to allow it to become a mere memory of youth.

Each year, the sisters of Alpha Omicron Pi play "Santa" to the less fortunate children at the local Christ Mission Settlement. An annual magazine sale is also held to help support the national Frontier Nursing Service whose benefits are felt by those in need of medical, social and financial aid. Chapters also assist F. N. S. during the summer months by sending sisters from the various chapters to work with needy groups in the mountains of Kentucky. The "clothesline" is another means by which Phi Lambda chapter aids F. N. S. through sending clothes, toys, magazines, books, and other articles which these people need and might enjoy.

Alpha Omicron Pi is also an active contributor to the national Cerebral Palsy fund.

In 1951 a chapter was established at Youngstown University.

Social events include the Founders Day Banquet, the Mother and Daughter Tea, the Chez Paree dance, and the Pink Lady Dinner Dance.

Sigma Sigma Sigma, founded at Longwood College, Farmville, Virginia, April 20, 1898, a national social sorority and a member of the National Pan-Hellenic Conference, installed Beta Psi Chapter on this campus in May, 1957. Tri Sigma aims to develop character, scholarship, Citizenship and spiritual consciousness among its members. Through good companionship, Charm School and other integrated programs that encourage the personal development of individual members. Tri Sigma gives a design for worthwhile standards of social relationships.

“Tri Sigma Serves Children” is the purpose of the sorority’s social service projects, the chief of which is the Robbie Page Memorial which gives financial aid to the University Memorial Hospital of Chapel Hill, North Carolina. This year Youngstown Tri Sigmas raised money for this project by a Topsey Turvey King election on campus. In addition to supporting this national project, Beta Psi Chapter had carried out its local service project of aiding in the support of a Greek boy who is now 6 years old.

Mrs. Mary B. Smith and the Alumnae Advisory Board provide guidance and direction for the sorority.

SPORTS

The critical eye of the sports fan cannot help squinting in amazement at the achievement-studded program of sports conducted by the Youngstown University Penguins during the years 1958-59.

In an unprecedented move in the history of the Red and White, three Ohio NAIA championships were won in the fields of baseball, golf, and basketball, sweeping virtually every possible honor available to a small college.

The student body and the Administration are proud of the way the athletes of Youngstown University have represented their alma mater, displaying at all times a genuine love of sports as well as a high degree of sportsmanship, on and off the field of battle.

This section of our yearbook we dedicate to these men, some already recognized for their achievements, some who performed their duties hidden from the public eye, and to all those members of the coaching staffs and their teams.

DOM ROSSELLI
Baseball Coach

Giving new life to a recently renewed base sport, the Penguins got a "red-hot" streak in the C NAIA playoffs and went on to beat Ashland, and Baldwin-Wallace, 11-8, for the Ohio crown baseball.

Coach Dom Rosselli deserves much credit for way he was able to re-build the Penguin base team after such a long time without a Youngsto diamond entry.

TOP PLATEMEN

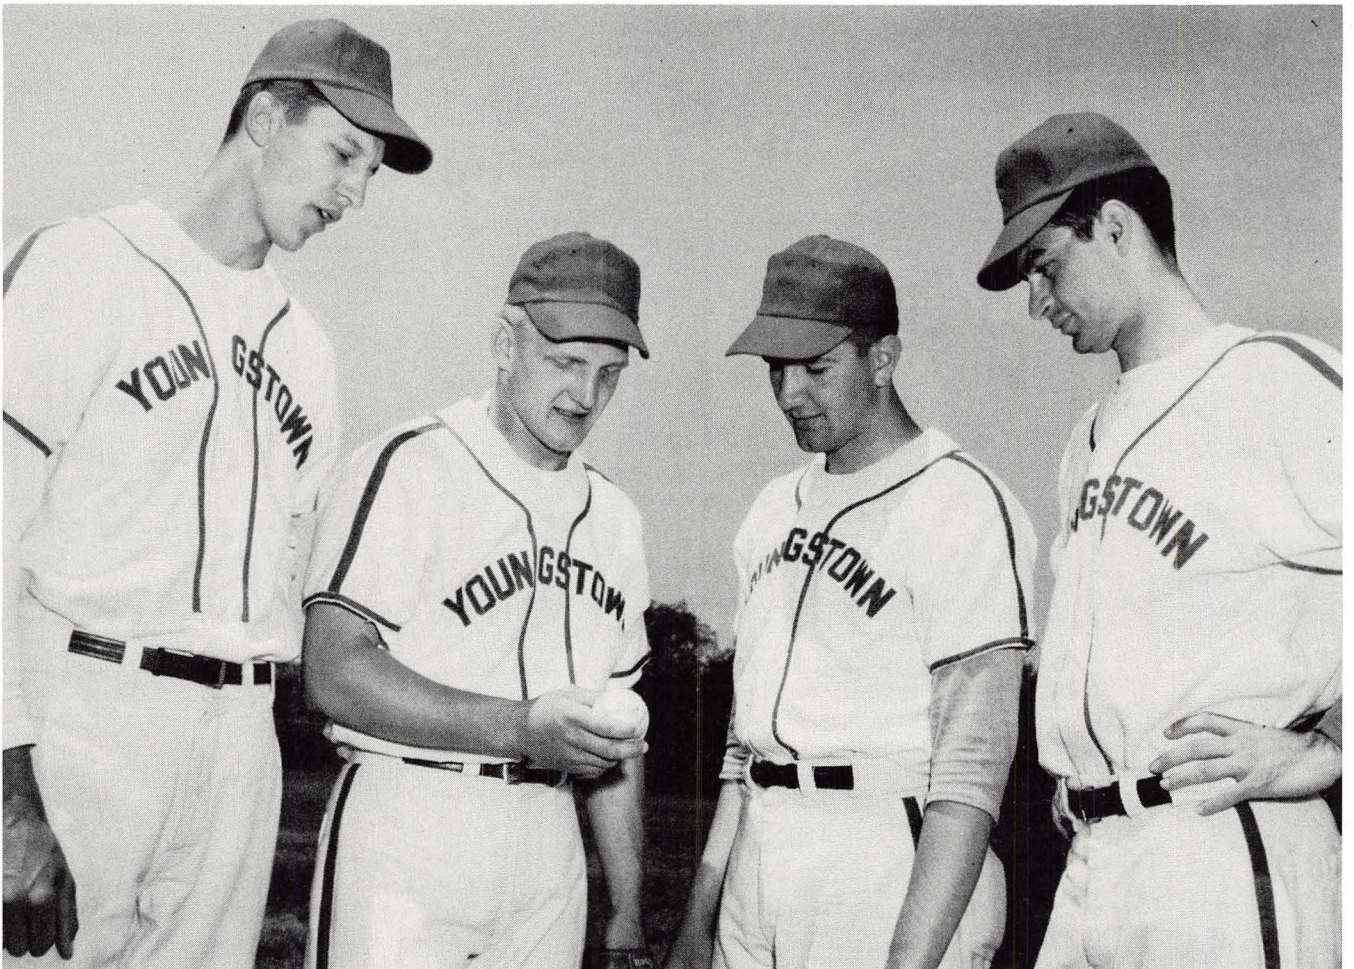

Finishing the season with a fine 11-6 record was good enough for the Ohio NAIA championship, and considering the outstanding array of opponents the record is definitely good.

Standing out for their individual performances were powerhouse hitters Ron Stoops, who joined the Washington Senators after graduation, Rich Suchora, local sandlot star, and little Don Parm who wields a big stick at the plate.

Charley Bushman, Mike Santor, Tom Raphtis, and Chris DeAscenzio all did a commendable job on the mound for the Penguins.

The entire team should be congratulated for bringing Youngstown the NAIA crown in baseball.

BASKETBALL '58-'59

For the third time in as many years, Coach Dom Rosselli led the Penguin varsity basketball team through a brilliant regular season, and then in true-to-form fashion, swept through the Ohio District 22 play-offs and gained a trip to Kansas City.

Captained by senior center Herb Lake, the Penguins chalked up an 18-11 record over the 29 games played, including the Ohio NAIA tournament and the Kansas City and Quincy tournaments.

Operating around a team nucleus of Herb Lake, Mickey Yugovich, Jim Cramer, Beanie Gordon, and Howie McElroy, with subs Roy Taylor and Charley Bushman, the Penguins entertained thousands of fans at South Field House.

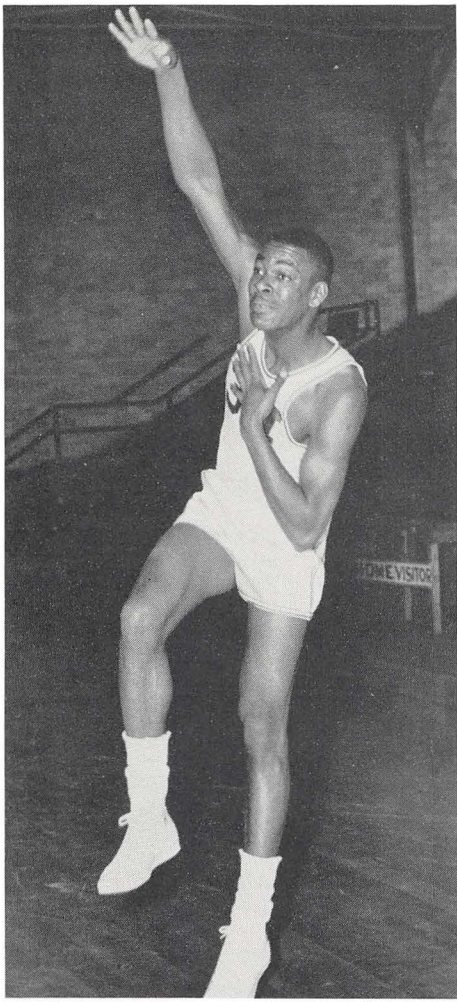

The outlook for next year is rosy if you don't mind the thorn that goes with the rose. The entire team will be back except Herb Lake (the thorn to miss), Charley Bushman, and little Johnny Melfi. If the Penguins can find a replacement for Herb Lake on the boards, look for another field-house-busting banner year.

SENIORS

Lost to the Penguin basketball team will be these three seniors who will be leaving the familiar red and white uniforms to future neophytes.

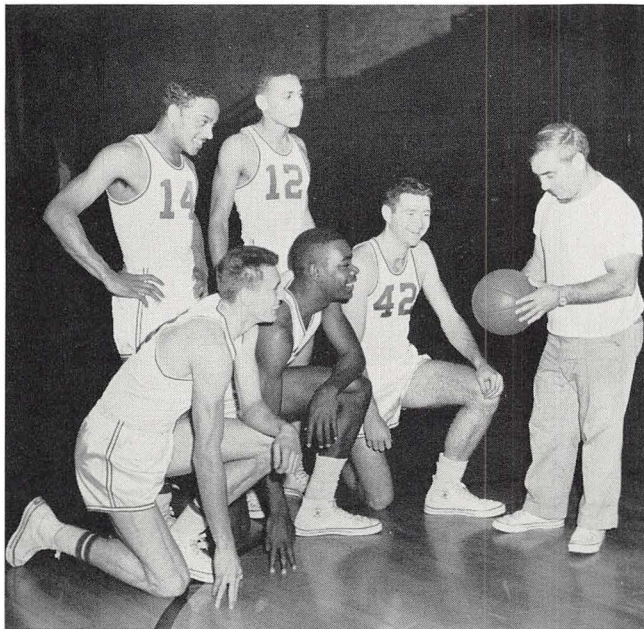

Herb Lake will probably never be replaced in the minds of those fans who relish an exciting brand of play mixed with humor and wit. Herb was a serious devotee to the roundball sport, but he also enjoyed "chewing the rag" with opposing players, fans, and even referees.

Charley Bushman will probably be remembered for a long time for the game several years back when he came in with seconds to go and let loose with a radar-guided set shot that won the game. Since then he has been known as "two-second Charlie".

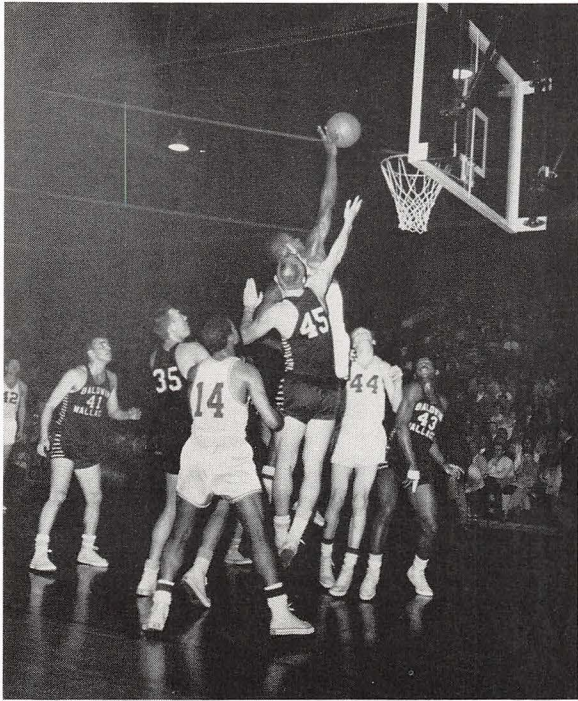

Coach Dom Rosselli delivers the traditional half-time "pep-talk" to the Penguin cagers, who seem to be listening with keen interest.

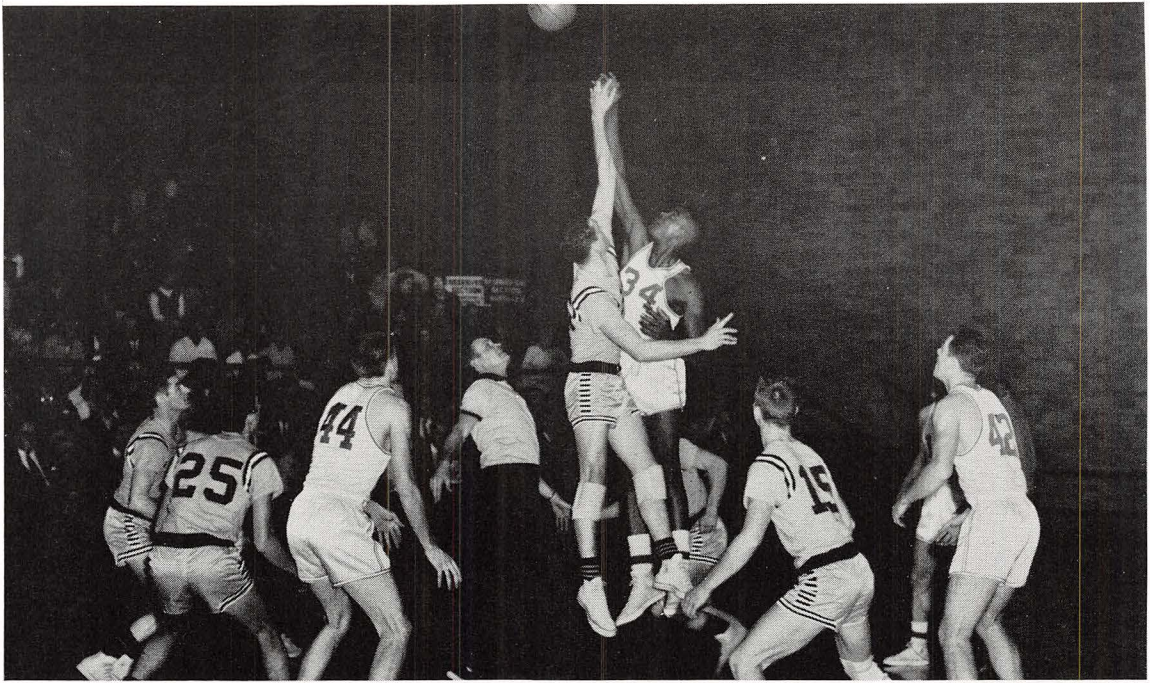

"Dom" explains some of the fundamentals to his boys. They know that he knows what he's talking about, for he used to be a top notch cage star at Geneva.

"Beanie" Gordon shows the coach that he knows how to "deliver the goods." He must have listened "real good" to Coach Rosselli's instructions.

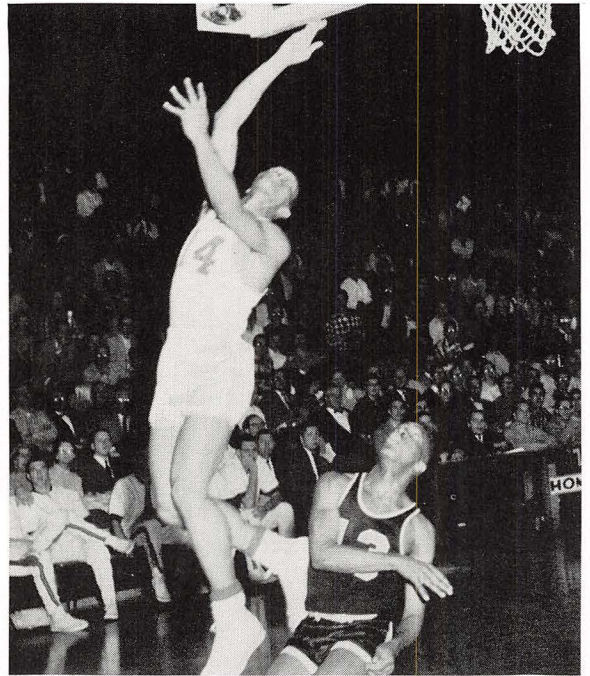

Captain Herb Lake gets away the tip-off at the beginning of the Geneva game, one of several home games in which the Penguins thrilled the fans at South Field House.

Be Strong!

We are not here to play, to dream, to drift;
We have hard work to do and loads to lift;
Shun not the struggle—face it; 'tis God's gift.

Be Strong!

Say not, "The days are evil. Who's to blame?"
And fold the hands and acquiesce—oh, shame!
Stand up, speak out, and bravely, in God's name.

Be Strong!

It matters not how deep intrenched the wrong,
How hard the battle goes, the day how long;
Faint not—fight on! Tomorrow comes the song.

THE LAST WORD

The greatest realization that I have upon the completion of this yearbook is that I have accomplished little alone, and that without the guidance and help of some people, the yearbook would never have completed on time. This is a time for expressing the many thanks to those who have been generous and kind with any help they could give me.

Mr. Ed Moeller, Youngstown Lithographing Co., whose good taste and professional judgment have been of most value to me, deserves many thanks. Both last year's editor and I agree that no other person could possibly replace Mr. Moeller, for his help, far beyond usual aid, enabled us to accomplish much more in a shorter period. Mr. Abey, Abey's Studio, has more than once offered wise photographic advise in matters where I was a bit naive.

Mr. Thomas Gay, Neon advisor, has been most generous, both with encouragement and advise. Mrs. Christine Dykema, Miss Ivis Boyer and Dean Gillespie also gave precious time to me in talking over Neon matters, which were often beyond me. These people I sincerely wish to thank for all their kindness.

Most of all, I would like to thank the members of my staff for their wonderful ability that more than aided in getting this yearbook completed in a manner which we hope will please the student body. Each one has displayed such ingenuity and capability in his own work, that I was free to take care of other matters. I never once had to be bothered by laxity or carelessness on the part of a staff member. For this, I am grateful. I would also like to thank Miss LaVonne Schaffer, whose picture does not appear in the staff section, for her excellent work on certain sections.

There are certainly others who deserve thanks, but for which there is not space in this brief "last word". These, I hope, will understand.

Finally, I would like to thank the student body for giving me this opportunity as yearbook editor. I hope that all are satisfied with the NEON. But all critical suggestions will be welcome in order to present finer yearbooks in the future.

Thank you.
