for the Eaken Piano Trio. Playing everything from Haydn to Gershwin, they will be in concert on Friday, October 8 at 8:00 pm in the Bliss Recital Hall, as part of WYSU's 30th anniversary celebration and the Dana Recital Series. More details to come in the October 12th Note.

Record librarian Eve Fisher, and associate director Gary Sexton with four of the opera LPs available at WYSU's last record sale ever—really. It's on Friday, September 17, from 1:00 - 7:00 pm., B066 Cushwa Hall. Photo credit: Carl Leet.

In an effort to make room for our ever-burgeoning CD record library, the last of the WYSU LPs will go on sale Friday, September 17 here in the lobby of WYSU-FM, B066 Cushwa Hall. Space constraints and a changeover to digital broadcast equipment have made this final sale inevitable, but our loss will certainly be your gain. If you're an opera fan, a collector of vinyl, or just looking for some incredible music bargains, you surely won't want to miss this once-only opportunity.

Complete opera performances -- some of which have never been played, and most in exceptionally good condition -- will start at just \$5 per set. Spoken word, seasonal and yuletide records, and musical theatre will be sold at just \$1 a disc. Major record labels and well-known artists will be represented abundantly, but there will also be some rare performances and obscure artists. For the best selection, be sure to come early. Bring cash or check, and a means to carry your treasures home with you. The record sale starts promptly at 1:00 pm and ends at 7:00 for one day only, Friday, September 17. If you need more information please feel free to phone us here, at (330) 742-3363.

Underwriter Profile: UPMC Horizon

UPMC Horizon has been a WYSU-FM program underwriter since 1997, but its commitment to improving the quality of life for the community it serves has been part of its mission since the hospital's founding in 1906. Dedicated to excellence, compassion, and respect for human dignity in providing patient-centered quality health care, UPMC Horizon is the market leader in serving the residents of Mercer County.

The 369-bed system has two facilities -- in the Shenango Valley, and in Greenville, Pennsylvania -- with a combined medical staff of over 250 physicians and more than 1,000 employees. In addition to its medical and surgical services, Shenango Valley operates a center for sleep disorders, a state-of-the-art labor and delivery unit, and a chemical dependency program. Known throughout the mid-Atlantic region as a major orthopaedic center, UPMC Horizon ranks within Pennsylvania's top five hospitals for joint replacement.

This month marks the first anniversary of UPMC Horizon's 1998 merger with UPMC (University of Pittsburgh Medical Center) Health System. J. Larry Heinike, president and chief executive officer of UPMC Horizon, said the merger enables UPMC Horizon to offer world-class health care close to home. A multimillion-dollar renovation of the Shenango Valley facility, scheduled for completion this fall, includes construction of a new state-of-the-art cardiac catheterization laboratory and general improvements focused on patient privacy. Additional phases of the project will enhance radiology, emergency, intensive care, anesthesia, pain treatment, and MRI services.

UPMC Horizon's philosophy of collaborating with the community to improve the quality of life led to its financial support for WYSU-FM. Kathryn L. Lima, Vice President of Community Development for UPMC Horizon, commented, "Good health involves body, mind and spirit. We have the facilities and staff to take care of the body. We support public radio as our contribution to good health for the mind and spirit." UPMC Horizon sponsors portions of **Morning Edition** and **All Things Considered** on weekdays and Saturdays. For more information on UPMC Horizon services, visit www.upmc.edu/horizon, or call 1-888-447-1122.

ADDRESS THIS!

The WYSU web site still has program playlists, feature stories, and other useful information for the in-the-know public radio listener, but what is new, and easier to remember, is the address. It is now www.wysu.org. That's not so bad, is it?

Meanwhile, the Public Radio Music Source has become a web-only service. 1 (800) 75MUSIC, the phone number we've been trumpeting for the past few years as a non-profit, mail order CD service, has been changed to www.75music.org. It will still profit WYSU, and you'll still be able to order practically any CD you want -- as long as you have a computer and a modem. The new service should be operational by the beginning of this month.

MAILING LISTS

You might have read or heard about the controversy this summer regarding a number of public broadcasting stations exchanging membership lists with political groups. WYSU-FM is not one of those stations. We have a strict policy against sharing or selling our membership list with anyone outside Youngstown State University. Please feel free to call us at (330) 742-3363 if you have any questions about our policy.
