Dec. 9, 1938

Members present: Wilcox, Semans, Mrs. Semans, Bridgham, Foard, Smith, Richardson.

Report of sub-committee on classification of students on the point basis.

It was unanimously voted that we recommend to the faculty that any student who at the end of his freshman work has a scholastic point average of less than .50 or at the end of his sophomore work has an average of less than .75 or at the end of his junior work has an average of 1.00 will not be readmitted as a regular college student.

It was unanimously voted that we recommend to the faculty that any student who at the end of a semester has received a grade of F in half or more than half of the total of semester hours for which he is registered or whose record at the end of a semester has a lower point average than would permit him to be admitted at the end of the year will be placed on probation.

It was <sup>unanimously</sup> voted that in computing grade point averages the number of semester hours in which a grade of F has been given be counted on the same basis as those for which credit has been given.

It was <sup>unanimously</sup> voted that students on probation are not eligible to extra-curricular activities.

\* Change of name from "Student Counseling" by Mr. Wilcox and approved by President Jones.
