Celeration Data Chart Sharing

Bob Stein - instances of vomiting/day

Ian Spence - correct/incorrect multiplication problems (speed climber)

Leslie Weeks - minutes per day of independent reading

Michelle Shapiro - correct/incorrect addition facts (speed climber)

Jim Cowardin - # of questions released in official ~~products~~ projects
- # of chips on intel family processor

~~# of IBM employees~~

John Eschleman - correct/incorrect SAFEMEDS about fire diamonds

Fred Haertel - see/say reading perform. + see/think

John Cooper - correct see/say reading (breakdown of celeration)

Matthew Israel - spontaneous shocks by shock device

Tim Zeuschner - correct/incorrect addition + digit pad

Carl Binder - gross revenues per month

- all, minus top client

Stephen Graf - steals basketball

- hit by pitches for baseball

Anne Desjardino - # of students enrolled

- \$ out + in from learning ctr.

Ogden Lindsley - # of ideas per day

- percent sold at sales agency

Henry Pennypacker - blurt out EAB facts / min

Joe Lu

- total problem behavior, destructive behavior

Al Pfadt - # of calls completed by telemarketers;
control chart vs.

Bob Stein - handwriting at slower pace

- headaches

- Tan Spence - addition/subtraction (mixed climber) - also as sessions chart
- Leslie Weeks - hard words, spelling fluency → # of correct keystrokes
- Michelle Shapiro - multiplication problems correct/incorrect (speed climber)
- John Eshleman - same, 2nd module
- Matt Israel - correct fires of shock device
- Tim Zewcher - daily reading - passages; per day + by session
- Carl Binder - \$ per project per month
 - # of companies as clients per month + # of projects
- Stephen Graf - worldwide terrorists incidents per year
 - also stretch-to-fill
- Anne Desjardins - correct/incorrect pauses before clicks
- Og Lindsley - percent sold, barrier calls, + sales
 - Wall St. fund % change, dollar values, apparent value
- Joehu - same
- Al Pfadt - control chart for same data
- Claudia McDade - univ., academic; CFI budgets
 - foundation account
 - credit hour production, equivalence, + total

Re: ABA Workshop Status

I am happy to inform you that enrollment in your workshop entitled "How to Develop, Produce..." has exceeded the minimum of 5 registrants and will be offered as scheduled on Thursday, May 26 from 5:30 pm to 8:30 pm. As of May 4, 12 persons had registered for your session. Registration will be permitted until the day of the workshop; thus, others may register between now and the time of the convention. Please contact the ABA office just prior to the convention (on or before May 20, 1994) to obtain the exact number of registrants so that you can prepare sufficient materials. Please call me at 616-387-4494 for additional information.

As I indicated in my original letter, ABA will pay \$150.00 for the minimum of 5 registrants and 20% of the total fees paid by registrants over the minimum number. Additionally, the materials fees paid by registrants will be paid directly to you after the convention. Please check in at the ABA registration desk to pick up materials just prior to your session. I am writing to you as the contact person. Please inform co-presenters of these arrangements. I look forward to seeing you in Atlanta. Thank you for helping to make the 1994 meeting a success.

Memo

To: Stephen A. Graf
From: Dick Malott & Bill Boettcher
Date: April 13, 1994
Re: Teaching Behavior Analysis presentations

Enclosed you will find a listing of all TBA presentations that will be at the convention this year. Your name highlighted for ease of reference.

Presenters are asked to keep their presentation to around ten minutes so that we will have plenty of time for comments and questions from the other presenters and the audience members.
