Dear Mr. Schaff,

Thank you so very much for the "interview". It was so interesting to me, to hear about your splendid forebearers, and your current endeavors. Thank you also for sending me your note to "The Target" of July 26, 1984. In the meantime the Youngstown State University Alumni Association lent me the volume about the Arms families. I will now have enough material to prepare for my report at the Annual Meeting.

Again, thank you for giving so graciously of your time.

Sincerely,

Hildegard Schnuttgen
