## Editorial

### MEIN SCHWANENGESANG

At the present time there is forming, in the heavens, another grand conjunction of Jupiter and Saturn, but this time it is a mutation in the air sign of Libra. While in the earth signs it has been a harbinger of the death in office of a president of the United States. This time it is conjunct the sun sign of James Earl Carter. When Saturn contacts the place of the Sun in anyone's astrological chart, Karma becomes manifest and one receives either a reward or a punishment exactly as they deserve. The addition of Jupiter to this combination indicates that he will get what he deserves in a big way. This is precisely what has happened. Mr. Carter has been overwhelmingly defeated and his policies repudiated by a majority of the electorate. The government has been put on notice that the big tax and spend policies are becoming more and more unpopular with the people. National Health Insurance should be a dead issue, and maybe even the A.M.A. will wake up to this fact. I would say that the A.M.A. stand on National Health Insurance has lost them more members than any other policy the A.M.A. Bureaucracy has espoused. The tyranny of the regulatory agencies such as OSMA, EPA, IRS, SEC etc. has received a setback. The flaming socialists of the Senate have been ousted and replaced, not just by Republicans, but by conservatives. All of this should make a big difference to individual liberty and initiative in these United States.

There is only one fly in the ointment. The people who have been manipulating the government for their own ends are still in control of the executive branch. These are the Trilateral Commission and the Council on Foreign Relations, under the board-chairmanship of David Rockefeller. George Bush is a member of the Trilateral Commission and Ronald Reagan has surrounded himself with advisors from these groups, who will now want to organize the Executive Branch of our government. These include Henry Kissinger, David Packard, Caspar Weinberger, Anne Armstrong, Philip Hawley, William A. Hewitt, and George H. Weyerhauser, among others. Paul Volker remains as chairman of the Federal Reserve Bank. These people will want to see that their global interests are maintained and enlarged at the expense of the rest of the people of the United States. They are going to want to see to it that their activities, especially financial activities, are guaranteed by the taxpayers of the United States. The Export-Import Bank and the Over-

seas Investment Corporation are two of the agencies which allow this group to dip into the taxpayers pockets and replace whatever funds they may lose from their overseas adventures. It is their activities that have built the steel mills and factories all over the world to compete, with slave labor, against us. Labor Union leaders are also a part of this crowd, who are interested in keeping our workingmen in chains. These are the people who Michael de Nostradamus describes as the Great Harlot of the Mystic Babylon, and gives them only another ten years to exploit this whole world as well as the people of the United States. It will be interesting to see if this last election has not begun their Coup de Grace. Indeed, unless there is a beginning to overthrowing their intollerable arrogance, in ten years we are to have one of the bloodiest revolutions that the world has ever seen, associated with atomic war right here at home.

The reason that there are hostages in Teheran is because of the greed of David Rockefeller. When the Ayatola Khomeini began to take Iranian money out of the Chase Manhattan Bank, the Shaw was brought back into the country, a crisis produced, the money frozen, and a part of it seized by David Rockefeller. Now, one of the conditions for the release of the hostages is the return of these monies to Iran. Is David Rockefeller going to agree to this without a guarantee to be able to take an equivalent amount from the American taxpayers? I think the answer is a loud NO! At any rate, it's going to be interesting to watch what further rapine is to be perpetrated upon the people of this country by our banking overlords. If the American people are ever to be free again, the Federal Reserve Bank and the whole system which allows bankers to create paper money out of thin air, on which they charge interest, must cease. As long as the principal sources of news are controlled by the Trilateralists, it is difficult for the truth to get out, but get out it must. The control of our government by the banking interests must also cease. It seems to me that the American people have made a good start, but still more effort is going to have to be applied to bring about a restoration of gold backing to our currency, a restoration of honesty in government, a restoration of individual initiative, and a separation of the big money interests from control of the state.

As this is my last editorial I want you to know that I think we have one of the finest group of physicians in the world right here in Mahoning County, who are doing a marvelous job. I pray that God will watch over you and shower his blessings upon you.

—Richard D. Murray, M.D., M. Sc. (med.)  
Retiring Editor

### **ANNUAL MEETING IS DEC. 16**

The Annual meeting and election of officers will be held on Tuesday, Dec. 16th at the Youngstown Club. Primary business will be balloting and presentation of the "Doctor of the Year" award. Social Hour is at 6:00 p.m.; dinner at 6:30 and meeting at 7:30. All members are encouraged to attend.

### **ANNUAL BANQUET IN JANUARY**

The Annual Banquet of the Mahoning County Medical Society will be held on Tuesday, Jan. 20th at the Youngstown Club. The program has become almost a family affair by tradition. Spouses and friends of members are invited. There will be entertainment and a program designed to honor the outgoing president and other officers of Council who are leaving office and to install the new officers and Council for 1981.

Notification of the meeting will be sent to all offices. The dinner will be held at 6:30 p.m., preceded by a social period, beginning at 6:00. The meeting will begin at approximately 7:00 p.m. Reservations may be made at the office of the Medical Society.

## DOCTOR OF THE YEAR 1980

WALTER J. TIMS, M.D.

The third annual "Doctor of the Year" award will be presented to Dr. Walter J. Tims at the Dec. 16th meeting of the Mahoning County Medical Society.

Dr. Tims was cited for his outstanding contributions to the community, especially for his accomplishments as Health Commissioner 1947 - 1953. In September of 1952, the Health Department put the first fluorine in the water for the Mahoning Valley Sanitary District, which has resulted in 70-75% less tooth decay in children in this area. Youngstown was the first city in Ohio to pass this ordinance, and received national commendation for it. He virtually eliminated rabies with his inoculation program, and again received national commendation. Mahoning County had been one of the worst areas in the country prior to Dr. Tims' program. He was instrumental in getting a leash law for dogs, for the elimination of quarantine signs on houses for communicable diseases, for removing the word "illegitimate" from birth certificates. He closed all city dumps and instituted rat control programs.

He was one of the original doctors to form the Venereal Clinic and donated his time for a five-year period. He has been County Coroner and also City Physician in his career. His army records show that he was overseas at one stretch longer than any other M.D. from Mahoning County. As a Lt. Colonel and Flight Surgeon in World War II, he was commanding officer of his medical unit for 36 months, serving in the European Theater of Operations.

Dr. Tims has been very active with the Boy Scouts, Boardman Junior and Senior School PTAs, Mill Creek Improvement Club, served on the Parent's Committee for several universities and has been a very active member in the medical society, the church, and the Masonic lodge, where he was a doctor for the Scottish Rite with special recognition, and is a Life member of Shriners Hospitals for Crippled Children.

## An Alternative to Drugs in the Treatment of Chronic Pain

Transcutaneous electrical nerve stimulation (TENS) is a safe, effective, non-invasive method of blocking the pain message from reaching the central nervous system. The device has brought relief to hundreds of chronic pain patients in our area over the past several years. Growing numbers of primary care physicians as well as specialists are consulting with Patient Care Center for a TENS program in their office practices. Phone us today for a personal demonstration at your convenience.

## ELECTIONS IN DECEMBER

The following were nominated for office at the Nov. 18th meeting of the Mahoning County Medical Society, and they will be listed on the ballot for the December meeting. Further nominations may be made from the floor at the meeting.

- President: Dr. D. J. Dallis  
 Vice President: Dr. R. M. Kiskaddon  
 Treasurer: Dr. A. Z. Rabinowitz  
 1985 Delegate: Dr. C. E. Pichette  
 Alternate Delegates: Dr. G. R. Barton  
                                   (3 to elect) Dr. D. E. Pichette  
   Dr. K. F. Wieneke  
 Council Member: Dr. G. J. Baumblatt  
                           (5 to elect) Dr. T. N. Detesco  
   Dr. M. I. Jacobson  
   Dr. D. H. Levy  
   Dr. D. J. Limbert  
 Council Member (unexpired term): Dr. P. R. Lakhani  
   (1 to elect)  
 Foundation Trustees: Dr. R. B. McConnell  
                                   (2 to elect) Dr. M. S. Rosenblum  
   Dr. J. A. Ruiz  
 Representative to Blue Cross: Dr. W. E. Sovik

## MCMS WILL HAVE NEW EXECUTIVE DIRECTOR

Robert B. Blake will assume the position of Executive Director of the Mahoning County Medical Society on Jan. 1, 1981. Mr. Blake was selected by a Search Committee that received applications and interviewed a number of persons during the past six months. His appointment to the position was confirmed at the November Council meeting and he is presently working with Mr. Rempes at the Medical Society office to effect a smooth transition.

Blake has had extensive experience in public relations and newspaper work. He was editor of the Columbiana Ledger until the date that he began with the Medical Society. He also has a strong background in organizational work, having acted in the capacity of secretary of the Columbiana Chamber of Commerce and several other organizations.

He is a member of the Society of Professional Journalists - Sigma Delta Chi, and a member of the National Press Photographers Association. His newspaper background includes work as editor for newspapers in Salem, Cleveland and Denver as well as a stint as editor and photographer for the Canfield Courier.

He was executive Director of HMDTREA Vintage Race Car Assn. for three years. He holds a BA degree in Journalism and Political Science from Stanford U. and an Associate Degree in accounting from Maryland U. He served three and one-half years in the U.S. Army with service in Europe during World War II. He resides with his wife and daughter in Columbiana, and has two sons and two granddaughters.

## CME CREDIT FOR "HUMAN VALUES" STUDIES

NEOUCOM is bringing world acclaimed authorities to Kent State Student Center in a program, "Human Values in Medicine." Category I credit is available. For information, call the medical school, 325-2511, extension 115.

## *In Memoriam*

---

---

### JAMES R. GILLIS, M.D.

1922 - 1980

Dr. James R. Gillis, 58, died on Tuesday, Nov. 4, of a heart ailment at his home. He was a pathologist.

Dr. Gillis was born in South Bend. He received his Bachelor of Arts degree at the University of Michigan in 1944 and his medical degree at the University of Michigan Medical School in 1946. He was an Army veteran of World War II. He served his residency in Youngstown from 1948 to 1952, at which time he joined the Youngstown Hospital Association's pathology department.

He became Chief of Pathology and Laboratory Medicine for the Youngstown Hospital Association in 1977, and was a member of the YHA Executive Board.

He was a member of the College of American Pathology, the American Society of Clinical Pathologists and Phi Rho Sigma Medical Fraternity. He was on the faculty of the Northeastern Ohio Universities College of Medicine, and was a member of the First United Presbyterian Church.

---

### NEOUCOM APPOINTMENTS

Academic rank was awarded to another group from the Youngstown area by the Northeastern Ohio Universities College of Medicine Board of Trustees. Recently announced were the following:

Carl F. Ansevin, M.D., Research Assistant Professor, Basic Medical Sciences  
 Robert E. McArtor, M.D., Associate Professor, Family Medicine  
 Carol C. Sacherman, Ph.D., Assistant Professor, Clinical Sciences, Counseling  
 Michael Armentrout, M.D., Instructor, Family Medicine  
 Robert Barton, M.D., Instructor, Family Medicine  
 James Enyeart, M.D., Instructor, Family Medicine  
 Gene D. Fry, M.D., Instructor, Family Medicine  
 Steven Grossman, M.D., Instructor, Family Medicine  
 Ronald Scott, M.D., Instructor, Family Medicine  
 C. Conner White, Jr., M.D., Instructor, Family Medicine  
 Atef S. Labib, M.D., Assistant Professor, Internal Medicine  
 J. Donald Mikolich, M.D., Assistant Professor, Internal Medicine  
 Ravinder Nath, M.D., Clinical Assistant Professor, Internal Medicine  
 Dan N. Olson, M.D., Clinical Instructor, Internal Medicine  
 Edward Skillen, Jr., D.O., Clinical Instructor, Internal Medicine  
 Narasimhula R. Sarma, M.D., Clinical Assistant Professor, Psychiatry  
 Anil C. Nalluri, M.D., Instructor, Psychiatry  
 Richard S. Richards, M.D., Assistant Professor, Anesthesiology  
 Carl B. Klodell, M.D., Clinical Assistant Professor, Ophthalmology  
 Paul J. Mahar, Jr., M.D., Clinical Assistant Professor, Ophthalmology  
 William E. Sovik, M.D., Clinical Assistant Professor, Ophthalmology  
 Hai-Shiuh Michael Wang, M.D., Clinical Assistant Professor, Ophthalmology

---

### NEW HEALTH COMMISSIONER

Neil Harlan Altman, Austintown, has become Youngstown's new Health Commissioner, taking the position vacated by Robert Moore. Altman was formerly a planning associate with the Health Systems Agency of Eastern Ohio. He has a master of public health degree from the University of North Carolina and a bachelor of arts degree in psychology from Temple University.

## Who Would...

represent your interests and your patients before Congress,  
the courts, regulatory agencies, the media and other  
important public forums?

## NO ONE!

Join the AMA and make sure that there is an organization to  
represent all physicians.

For more information or an application, call or write the AMA Office of  
Membership Development at 312-751-6410, 535 N. Dearborn St., Chicago, IL 60610.

## I WONDER . . .

What is "peer review"?

Peer review followed Medical Audit, Physicians Evaluation Program (P.E.P.), became associated with P.S.R.O. And, H.S.A. arrived and remains.

The stated purpose has always been to control the cost of hospital care. I wonder if the costs of these programs have been greater than their proclaimed savings.

"Peer review" directly conveys that fellow physicians are studying both the quantity and quality of physicians' services.

At another level, "peer review" implies that physicians' services are inappropriate, inadequate, and poor.

I wonder if the next conclusion will be: medical audit, P.E.P., H.S.A., peer review have failed — therefore, federalization of all medical cost is necessary. These had to fail — as surely as attempts to control the cost of food, clothing, automobiles, etc., would fail. Moreover, modern diagnostic techniques and newer therapies are necessarily expensive. Would any person, medical or non medical, dare to suggest that medical research be stopped and newer methods of diagnosis and therapy be discarded?

I wonder, what makes a person a peer?

"Peer review" is not a study of physicians' services by peers. At present, a person (not always a physician) judge the need for hospital admission and length of stay — for some patients. Some insurance carriers now have "peer review"; others are seeking physicians for "peer review" of claims submitted both for hospital and office therapies.

Already, guidelines for length of therapy and protocols for type of therapy are becoming standards that should, if not must, be followed. Guidelines and protocols are helpful. Standards, even for a few acute illnesses, would be wrong both morally and medically. To even try to establish these (by any name) for the chronically ill and the aged with their multiple illnesses is the peak of stupidity, inconsideration, and injustice.

Physicians, both as professionals and by training, treat people not only illness. Now, physicians are being told by peer review to treat illness first and save money — the sick person (and the family) are second.

I wonder how soon physicians who do not follow guidelines or protocols (even before these become standards and rules) will be responsible to a "peer" first and a patient second, will be open to censure for poor medical judgment, liable for malpractice.

I wonder, what is "peer review"?

—Frank Gelbman, M.D.

## NUTRITION TRAINING GRANT IMPLEMENTED

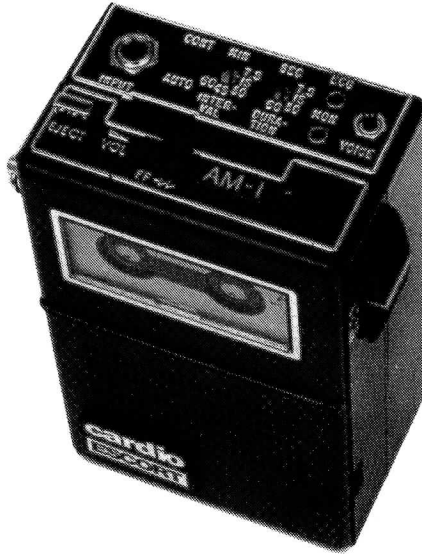

The Department of Home Economics of Youngstown State University and Northeastern Ohio Universities College of Medicine has been funded for training for medical, dietetics and nursing students through an interdisciplinary approach to nutrition assessment and treatment. Dr. Mary J. Beaubien, Department Chair and Project Director, Interdisciplinary Curriculum in Applied Nutrition, has requested that members of Mahoning County Medical Society provide insight into some possible approaches which might be used. Dr. Beaubien may be reached at the I.C.A.N. office, 742-3558.

## NEW INTERN-RESIDENT MEMBERS

The following were elected to intern-resident membership at the Nov. 18th meeting of the Medical Society:

David Yi-Fong Hwang, M.B.  
Jose Vidal, M.D.  
Edward Skillen, Jr., D.O.

## CARDIOCASSETTE II BURDICK

### New Pocket Size Ambulatory ECG System

The small size and weight (under 15 ounces with battery) of the new CARDIOCASSETTE II make it ideal for investigations into the cause of transient dyspnea, angina, cerebral ischemia, etc., and for monitoring progress in cardiac rehabilitation. CARDIOCASSETTE II is easily carried in shirt or coat pocket, across the shoulder or on the hip. There is little or no interference with patient activity even during strenuous sports or exercise such as tennis.

## From the Bulletin

### FORTY YEARS AGO — DECEMBER 1940

The Program Committee was unhappy because it had brought Dr. Bockus here from Philadelphia for a series of five lectures on gastroenterology and at the same time the Youngstown Hospital put on its openhouse exhibit and the St. Elizabeth's nurses put on a big dance, both of which interfered with our attendance at the lectures.

The Social Committees reported the great success of the dinner for the state president, Dr. William Skipp, and of the dinner-dance at the Youngstown Country Club. There was no mention of the hundred dollar deficit which had to be made up from the Treasury and the subsequent criticism by some of the members.

The Public Health Committee inspected the Contagious Disease Hospital on East Indianola Ave. and found it in deplorable condition. It made sweeping recommendations for its modernization. It is now the Woodside Receiving Hospital.

Dr. Harold J. Reese was elected to membership in the Society.

Norway, Holland, Belgium and France were occupied by Hitler's armies. German planes were swarming over England. The Burke-Wadsworth Bill was passed, providing for registration and conscription of all American men between the ages of 21 and 35. President Roosevelt wanted two million men, and induction boards were busy.

A significant notice in the *Bulletin* read, "If you are called to military duty will you please notify Dr. John Noll, Secretary?"

### THIRTY YEARS AGO — DECEMBER 1950

In December, 1950, the forces of the United Nations, mostly Americans, were in precipitous retreat from the Yalu River in Korea before the Chinese Communist Army. Many of the doctors in Mahoning County, some who had served in World War II, were being called into the armed services. The cold war had become a hot war.

A \$50.00 assessment over the 1950 dues was passed by the members. Mr. Feuer reported that the Mahoning County Welfare Department had paid \$22,900 to physicians for house calls, \$177,920 for hospital care and \$894,953 for clothing, food and shelter.

Dr. D. E. Beynon and Dr. Henry L. Shorr were elected to membership. President Nelson congratulated the members on their activity in the November election which returned Robert Taft to his seat in the Senate. The Women's Auxiliary under Mrs. W. H. Evans sent out 36,000 letters and aided in transporting voters to the polls.

Dr. Hugh Bennett opened his office on Market St. for the practice of Internal Medicine. Paul McConnell, Brack Bowman and A. J. Brandt were elected Fellows of the International College of Surgeons.

The Medical Service Foundation received its first payment of \$1800 from the County Welfare Department. The trustees voted to use the money for nursing scholarships in the two hospitals.

### TWENTY YEARS AGO — DECEMBER 1960

President Schlecht summed up the year in a brief remark: "Apathy," he wrote, "is still our most dangerous foe."

And Editor Schreiber added: "it is not enough just to practice medicine — we must also serve the profession itself!"

The new Radio Program "Diagnosis" was on every Tuesday night on WFMJ, the work of our public relations chairmen Detesco and McDonough. It supplemented the program "Consultation" on WKBN.

John Jacob Turner became a Fellow the American College of Surgeons. His father, a long time Fellow, attended the ceremony.

November 1 in Struthers was proclaimed by the Mayor to be Dr. R. W. Fenton day. Ray was the new Health Commissioner for Mahoning County after 40 years of private practice.

### TEN YEARS AGO — DECEMBER 1970

The cost of living was starting to pinch. Again the Medical Society was caught short of funds at the end of the year, and Dr. Carl Raupple, Treasurer, called for an assessment of \$20.00 per member and a \$20 yearly increase in dues. Surprisingly enough, it passed without a big fight.

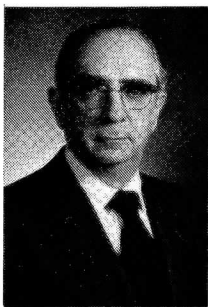

Dan Becker announced the opening of the Gold Cross Ambulance Sick Room Supply, providing sales or rentals on all kinds of hospital-type Equipment for use in the home. American Ambulance was already in the business. Medicare would pick up 80% of the cost. These were some of the fringe benefits of the Medicare law that nobody complained about.

The year 1970 drew to a close, the beginning of a new decade, the end of an old one. Each decade echoed the battle cry against Socialism and lamented the lack of interest of the members. The faces change; the issues remain the same.

But with each decade comes more apathy, and with the apathy comes more tightening of the federal controls. When Medicare becomes "Fedicare" you will know where to look for the culprit. In the words of the immortal Pogo, "We have met the enemy, and he is us."

—Robert R. Fisher, M.D.

### HOWARD REMPEs TO RETIRE THIS MONTH

Howard Rempes will retire as Executive Director of the Mahoning County Medical Society on Dec. 31st, after twenty-two and one-half years of service. He was the Society's first full-time executive, beginning Aug. 1, 1958. His decision to retire at this time was precipitated by a heart attack that occurred last year.

His plans for retirement include as much traveling as he and his wife, Eleanor, find possible, and an active pursuit of his hobbies, photography, painting and research on Gen. Ulysses S. Grant. He is a member of the Warren Photography Society, the Photographic Society of America and the Ulysses S. Grant Association.

Howard has been a part of all programs of the Medical Society during his almost 25 years, including the polio and other immunizations, the expansion of our Canfield Fair participation, which resulted in a special building being constructed for medical-health exhibits, the Medical Society Centennial celebration of 1972, the initiation of the successful Scholarship Dinners and the ever-growing Medical Assistants Dinners. He has acted as managing editor of the *Bulletin* since 1958. He attended all meetings at the Ohio State Medical Association for physicians and for county executives, and was recently cited by the Sixth District for his work on the delegate level.

Other honors include a presentation from the Association of County Medical Executives, of which he is a past-president, and honorary memberships in both the Woman's Auxiliary and the Medical Assistants Society. Last summer, he was presented a plaque of appreciation by the Canfield Fair Board for his work with the Medical Health exhibits. He is an affiliate member of the Ohio State Medical Association and the American Medical Association.

It is anticipated that he will be available as a consultant to the Medical Society after his retirement.

# **YOU HAVE A COMMITMENT TO CONTAIN COSTS. SO DO WE.**

As a physician, you have first-hand knowledge of cost containment. You live with it every day. So do we.

And we share a concern that the high quality of care available to the public not be jeopardized by rising costs. It will take a concerted effort on the part of insurers, physicians and the public to maintain high quality care at a reasonable cost.

At OMIM, cost containment is a commitment to action. To do more than pay claims efficiently. To be concerned that the services we pay for are appropriate, necessary and economical.

These are the goals of the OMIM Medical Necessity Program. Through this Ohio State Medical Association-supported program, certain diagnostic and surgical procedures, identified as outmoded or ineffective by medical specialty societies, are no longer paid routinely.

Claims for these services are paid only when accompanied by documented evidence that they were appropriate and medically necessary under the circumstances.

If there are questions about a decision, the claim will be referred to the relevant specialty society for review.

For more information about the Medical Necessity Program, contact your area Professional Relations office or contact OMIM Provider Affairs, P.O. Box 425, Worthington, OH 43085.

Cost Containment. It's a commitment we share.

PICO Life Insurance Company*

# "IF YOU DON'T SMOKE, SHOULDN'T YOUR LIFE INSURANCE COST LESS?"

If you haven't smoked cigarettes for at least 12 months, you're eligible for PICO Life's non-smoker term life insurance. Why? Because you're a better risk. Actuarial statistics show that you're likely to live longer.

This is the preferred protection you should receive from the company owned primarily by physicians.

Find out how much you've saved in life insurance premiums for the rest of your life. Call or write PICO Life.

**PROCEEDINGS OF COUNCIL****Nov. 11, 1980**

It was noted that Dr. Schreiber wished that the public relations money be used to buy a torso model to be used for lecture demonstration purposes by the speakers bureau. The motion was made, seconded and duly passed that Dr. Schreiber proceed to purchase the model.

A letter announcing Health-O-Rama plans was noted.

Following a suggestion by a member, all committees are asked to make a year-end report for the next *Bulletin* where appropriate.

A letter from the Summit County Medical Society in reference to filing claims with third-party payors was noted.

A letter of appreciation of interest from the Youngstown Area Community Action Council was received for information.

Dr. Brucoli introduced discussion concerning the use of D.O. and M.D. degrees by members. A resolution, adopted by the Mahoning County Medical Society on Jan. 17, 1978, was read in its entirety. In essence, it stated that physicians licensed to practice medicine in the State of Ohio who have successfully completed at least one year of postgraduate training in an AMA approved program and who have staff privileges solely in AMA approved hospitals should have the right to use the designation M.D. in place of D.O. in all of their activities and correspondence.

The motion was made, seconded and duly passed that, as of this date, we change the name of the position of Executive Secretary to that of Executive Director of the Mahoning County Medical Society. Mr. Rempes will assume that title.

The search Committee reported their recommendation that Mr. Robert B. Blake, Columbiana, be hired as Executive Director upon Mr. Rempes' retirement at the end of the year. The motion was made, seconded and duly passed that the report and recommendation be adopted and that Mr. Blake be hired. Mr. Blake was called upon for a few words and accepted the position.

Discussion ensued concerning who would attend the OSMA Update meeting next Sunday in Columbus (Nov. 16th). Apparently Dr. Sovik, Dr. Pichette and Mr. Rempes will attend. Later, Mr. Blake was invited to attend and accepted.

The motion was made, seconded and duly passed that the Scholarship Dinner, scheduled for Thursday, April 9, 1981, be held at the Youngstown Club or one of the Country Clubs. Dr. Dallis and Dr. Limbert offered to investigate some of the possibilities.

The motion was made, seconded and duly passed that for the 1981 Scholarship Dinner, we write to the principal of each of the 25 schools and request their list of top ten scholars from the Senior Class, and that we, instead of the school, will then select the top boy and top girl scholar.

Dr. Kiskaddon introduced a motion that Council activate the Governmental Medical Care Committee to, along with the officers, study recommendations which the Health Systems Agency of Eastern Ohio must pass on, and to make positive directions to the physician members of that body. Motion was seconded and passed.

A letter from YSU was read asking for assistance in publicizing an approach to nutrition assessment and treatment. A notice will be placed in the *Bulletin*.
