YOUNGSTOWN STATE UNIVERSITY

SATURDAY, MAY TWENTY-FIRST
TWO THOUSAND AND FIVE
NINE THIRTY O'CLOCK, BEEGLY CENTER

Youngstown State University—An Innovative Educational Leader

Founded in 1908, Youngstown State University originally served 160 students with about a dozen faculty members and provided expanded educational opportunity for all people—store clerks and factory managers, steel industry workers, newly arrived immigrants, women and men, and both part-time and full-time learners.

This progressive spirit guided the development of the institution as it evolved from a YMCA technical institute, later as Youngstown College (1928), then as Youngstown University (1955) and, in 1967, as Youngstown State University, a member of the Ohio public higher education system.

Today, Youngstown State University is a leading comprehensive university, serving more than 12,000 full- and part-time students with 120 undergraduate programs, 40 master's degree programs and a doctorate in education. There are more than 410 full-time faculty and 688 professional and support staff members in seven colleges, schools and administrative departments.

In partnership with schools and the corporate and non-profit communities, Youngstown State University promotes diversity and excellence in teaching, research, and service to increase the educational attainment and economic and environmental vitality of the region.

Throughout its 97-year history, Youngstown State University has been cited as an innovative educational leader. It has also been recognized through numerous awards—both in academics and athletics—as one of the best urban, public, comprehensive universities in the United States.

Each graduate we celebrate today is a YSU Success Story. They join more than 80,000 outstanding alumni members across the nation and around the world.

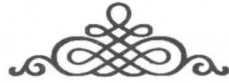

Alma Mater

All hail to thee, O Youngstown,
Our Alma Mater fair;
In sunlight and starshine
We see thee in all thy glory.
The Red and the White, thy glorious colors,
Ever we praise and hold them
High to the breeze as the symbol of our
Most loyal allegiance.
This anthem, O Youngstown,
Our pledge of trust shall be
That thy sons and daughters
Shall keep faith with thee forever.

The Recipient of the Degree Honorary Doctor of Humane Letters

In his 38 years as the head men's basketball coach at Youngstown State University, Dom Rosselli won an impressive 60 percent of those contests. Besides coaching on the hardwood, he was also the Penguins' baseball coach for 27 years and was an assistant football coach for 20 years.

Dom Rosselli

A Youngstown native, Rosselli began his athletic career as a quarterback at The Rayen School in the early 1930s. On graduating from Geneva College, Rosselli came to Youngstown College as an assistant on Dwight 'Dike' Beede's football staff and Ray Sweeney's basketball staff. Rosselli coached the Penguins for two seasons before World War II duty as a captain in the U.S. Air Force took him overseas.

Upon his return from the war, Rosselli began full-time duty on the basketball court and rejoined the football

coaching staff as assistant coach, a position he held until 1963. For a total of 27 years, he led the Penguin baseball team to two NAIA District Championships and three appearances in the NCAA playoffs.

But basketball was his passion. In his 38 years on the courts, YSU posted 26 winning seasons,

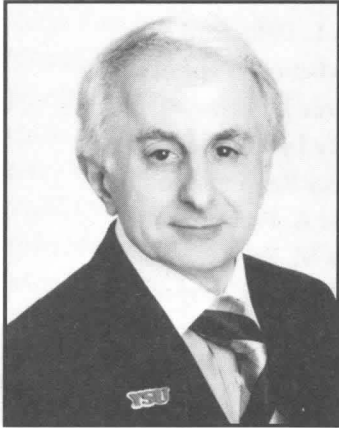

won 19 postseason games, and appeared in four NAIA National Tournaments and nine NCAA Regional Tournaments. Rosselli was named the NCAA Division IV Coach of the Year, and Ohio College Coach of the Year in 1957 and 1964.

When Rosselli retired following the 1982 season, he was ranked 10th in NCAA history in lifetime collegiate victories. He recorded the second-most wins in NCAA Division II history in coaching 38 seasons.

merrill Lynch, where he recently celebrated thirty-four years with the firm. He has served the company as a vice president since 1978.

Well known in the area for his involvement in civic and charitable causes, Mr. Lariccia served for eight years as a school mentor at Struthers, Chaney, and Boardman high schools. Always an advocate for the value of higher education, he has sponsored the college education of sixty-five students and been a generous contributor to Youngstown State University. He has also been a reliable supporter of various causes in the Mahoning Valley, including Angels for Animals, the YMCA, Tod Children's Hospital, St. Charles Church, and area high schools.

Anthony J. Lariccia graduated from Youngstown University in 1966, with a bachelor's degree in business administration. He has also done post-graduate studies at New York University and Columbia University.

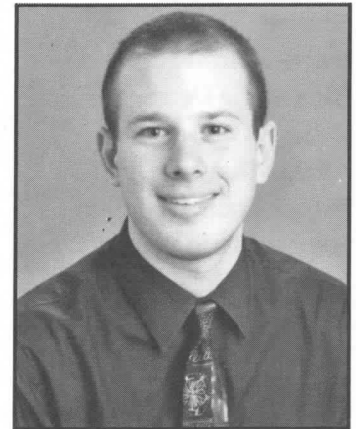

In 1970, he began a career with the brokerage firm of Mer-

Undergraduate Commencement Student Speaker

A valedictorian of Canfield High School, Jeremy Hamilton enrolled at Youngstown State University in August 2001. He graduates summa cum laude today with two degrees, a Bachelor of Science in mathematics (B. S.) and a Bachelor of Science in Education (B.S.E). He has been a member of the YSU Honors Program all four years and maintained a 4.0 grade point average in his courses of study.

Active in co-curricular activities, Hamilton competed four years in the national William Lowell Putnam mathematics examination for undergraduates, during his senior year placing in the top 22%. He is a member of several honors organizations, including Pi Mu Epsilon, the national mathematics honor society. Last summer, at the society's meeting in Providence, Rhode Island, Hamilton presented a talk entitled "Fun with Incircles," which won an award as one of the best student talks presented at the conference. He has presented mathematical talks at various other regional and state conferences.

During his first two years at YSU, Hamilton was an assistant in the Department of Mathematics and Statistics. For the past two years, he has tutored at the Mathematics Assistance Center on campus, an experience that allowed him to explore his passion—helping others learn and appreciate the value of mathematics. This year, Hamilton took that passion to the classroom, completing a field experience at Fitch High School and student teaching at Poland Seminary High School.

Academic Regalia and Ceremony

The gowns, hoods, and caps worn in academic ceremonies today are relics of those worn in medieval times by students and professors. Probably the gowns and hoods were worn for warmth in the unheated halls where lectures were delivered. From the sixteenth century on, somber black garb became the norm, and it is primarily in the hoods worn in academic processions today that the medieval academic pageantry is retained.

The hoods representing graduate degrees granted by various colleges and universities have linings (turned to exhibit their hues to the fullest advantage) in the colors of the granting institutions. In addition, the facing of the hood represents by its color the discipline in which the degree has been granted: white for arts, letters or humanities; golden yellow for science; purple for law; green for medicine; lemon yellow for library science; orange for engineering; olive for commerce or business; light blue for education; pink for music; brown for fine arts; apricot for nursing; dark blue for philosophy; scarlet for theology; citron for social work; sage green for physical education.

There are different opinions about the origin of the caps worn in academic ceremonies. One view is that the "mortar board" is in actuality adapted from the wooden square used by masons. Another is that it stems from the ecclesiastical or clerical head covering of the medieval period.

There is something of the same adherence to tradition in commencement processions that exists in academic garb, although each institution

has the right to adapt the ceremony to its own requirement. The faculty leads the line of march followed by the candidates for degrees. Then follow the chief marshals, the president, speaker, trustees, deans, and other members of the party to be seated on the platform.

Recipients of University Honors receive golden honor cords placed around the shoulders. University Scholars wear a specially minted medallion on a red ribbon to denote their academic achievement.

The Presidential Medallion

President Sweet wears a one-of-a-kind medallion that bears an embossment of the Youngstown State University seal on each of the small elements and on the large central piece. On the back of the central medallion are engraved the names of the University's five past presidents and Dr. Sweet.

The presidential medallion was designed and created out of sterling and bronze by Wendell August Forge of Grove City, Pennsylvania. Dr. Sweet is the first president to wear this medallion.

The Youngstown State University Seal

The University's official seal was adopted in 1936. Designed by a student, the seal includes a torch, quills, wings, a globe, and the Latin words *animus liberatus*. In simple terms, those words summarize the transformation—or liberation—that occurs on this campus countless times each day. In English, they are translated *The Mind Freed*, or *The Spirit Freed*.
