YOUNGSTOWN UNIVERSITY

To the outsider these buildings are Y.U.

But to the student Y.U. is much more. It is . . .

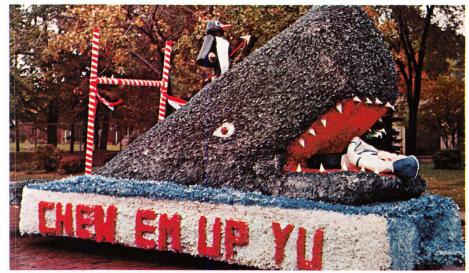

THE ARTS AND THE SCIENCES —

A struggle for the knowledge to meet the future.

THE HOMECOMING

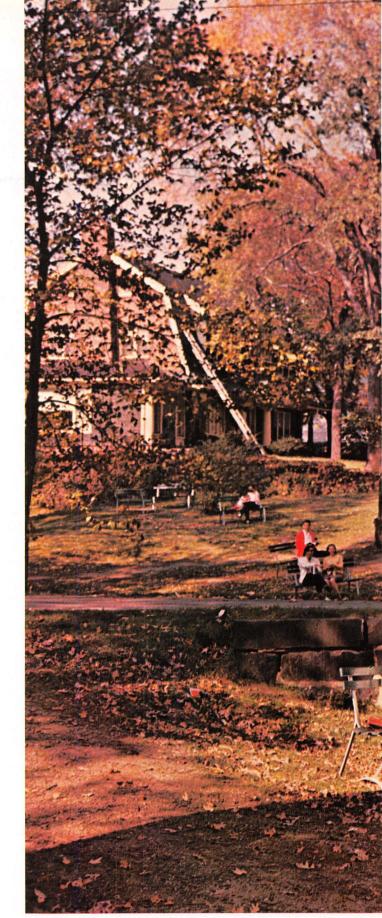

a football game
and a parade,
cheerleaders and
a queen welcome
the students to
another year at Y.U.

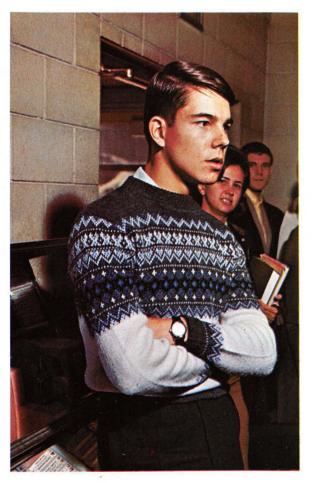

THE CAMPUS once the center of activity has now become a quiet refuge for the student longing to escape the frantic pace of Y.U.

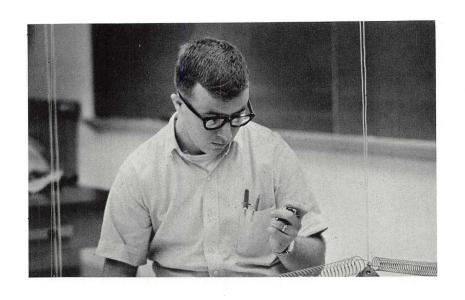

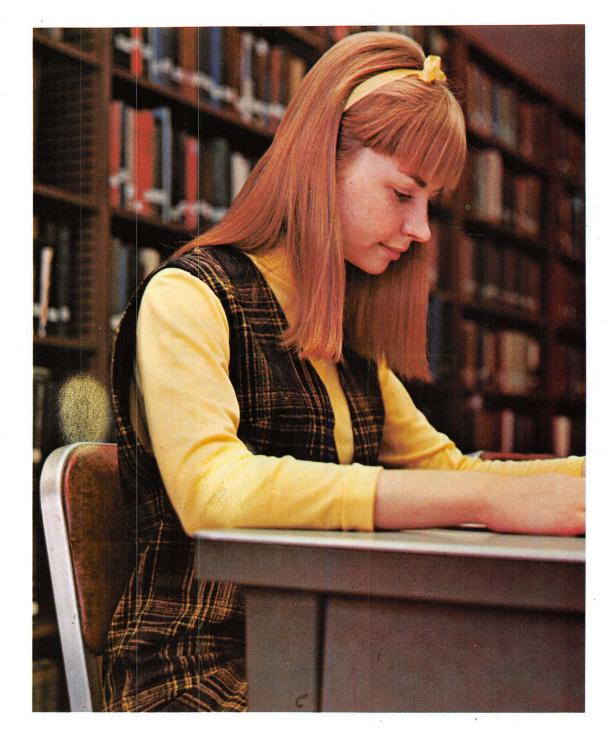

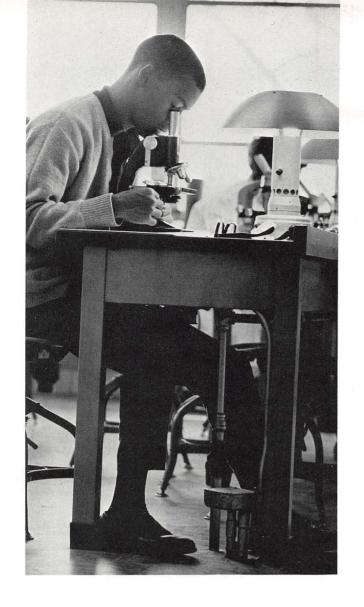

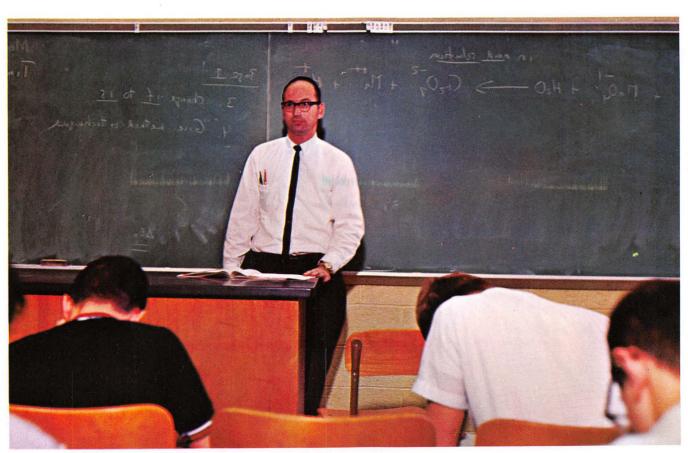

THE ACTIVITIES — The crowd in the cafeteria, the excitement of a victorious basketball season, the elegance of a big dance are the things we will remember from our years at Youngstown University.

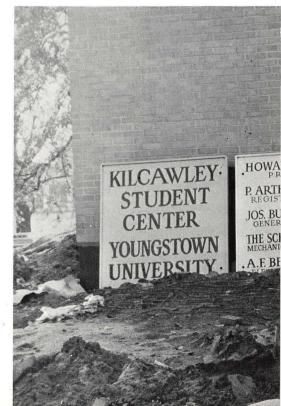

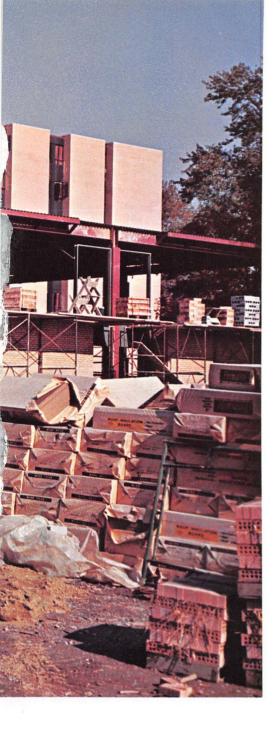

THE GROWTH — As Y.U. expands to accommodate the increased enrollment, the subtle development of the individual is still the most important change that occurs.

During the past semester Youngstown University has changed. 1965 was a Cinderella year during which the dream of expansion became a reality. The demolition of the residential area encompassing the campus and the massive construction program now in progress are the result of years of planning to meet the needs of an expanding student body.

This period of construction with all its mud, smoke, noise and blocked-off streets has been somewhat frustrating to the student at Y.U., but this frenzied time throbs with the intoxicating excitement of a prelude—a foreword to the future. In 1950, Youngstown College formally changed its name to Youngstown University; however, it was not until this year that the campus began to live up to its name. In one hectic semester, the campus has expanded to include Kilcawley dormitory and student office building, the new cafeteria, Elm Street School and the Dana Concert Hall. Moreover moonlike craters forecast the birth of science and engineering buildings.

The renovations on the campus are readily visible, but, more subtle, are the important changes in the character of the University as an educational institution. As the facilities have been expanded to meet the requirements of the growing student body, the quality of the education has improved. The completion of the first university owned dormitory and the subsequent increase in the percentage of resident students have provided a central core of students to serve as leaders in the creation of a more significant campus life.

Nevertheless, Youngstown University is not something one can understand by looking at its buildings, because the school acquires its personality from its students. Its location or dimensions are not significant. Y.U. is traditionally a locus to which the individual gravitates in search of the unknown. To each student, his four years at Y.U. are many things which together equal a chance—a chance to better himself, an interlude in which to shape a life.

We the staff of the 1966 Neon have been confronted with a double task—that of capturing, perhaps for the last time, what the University was and of welcoming what is to be. The 1966 Neon is a chronicle of growth through change because change is the design of a University.

Campus Development Plan

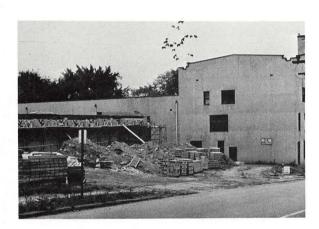

The Campus Development Plan which had been described in glowing terms for so many years appeared at first to be merely mass destruction and the creation of chaos. As the outlines of the future campus have become visible, however, it can be seen that all of the destruction is a constructive measure making room for the improvements of the future.

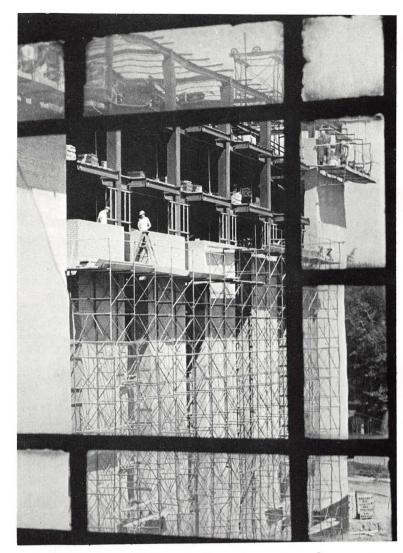

The William H. and Mattie M. Kilcawley Student Center was the first structure to be completed. Due to difficulties in acquiring some of the land for its construction, the Student Center was built in two stages with the high-rise Men's Residence Hall being constructed first. Although much work remained to be done on the building, the dormitory opened its doors to the first resident students on September 11, 1965.

Before this semester is over, the steel framework of two more buildings will rise on Y.U.'s campus. The Ward Beecher Science Building, a four-story addition to the existing Science Building, should be completed by the Spring of 1967. This building will house laboratories including a planetarium. Construction is also scheduled to begin on the new Engineering building; however, this structure is not expected to be completed before the fall semester of 1967, because it is an extremely large structure.

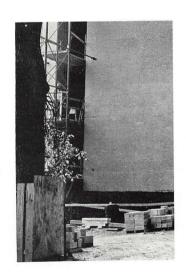

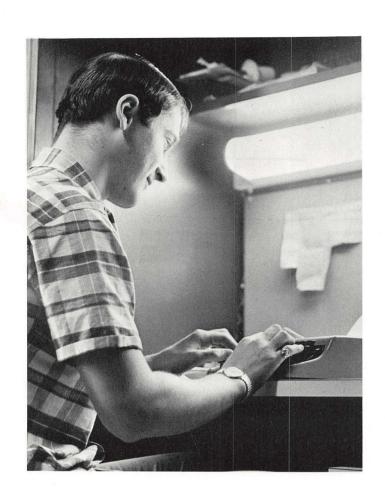

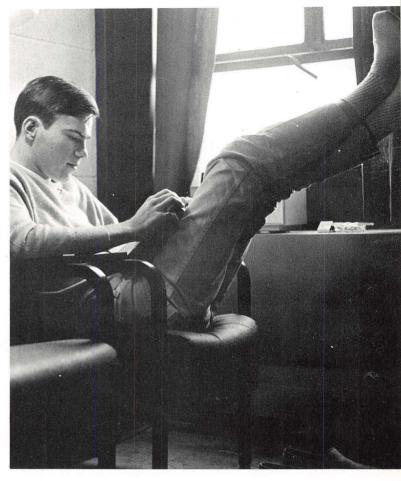

The Men's Residence Hall was the first to be constructed.

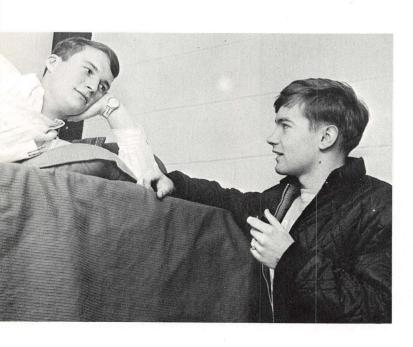

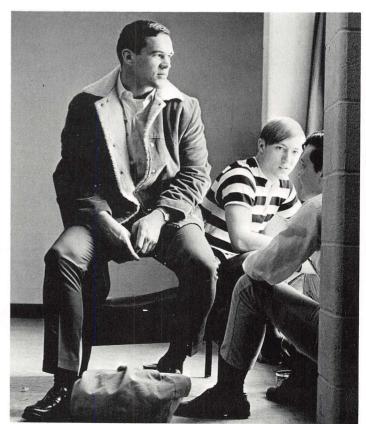

Kilcawley Residents Bring New Spirit To Youngstown

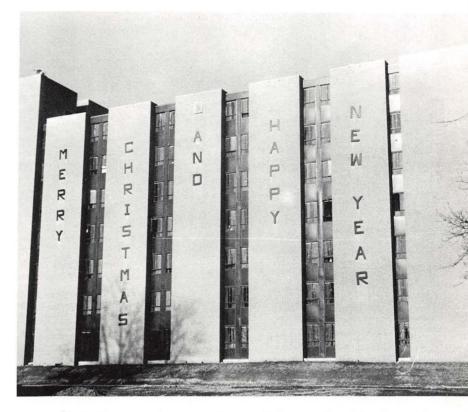

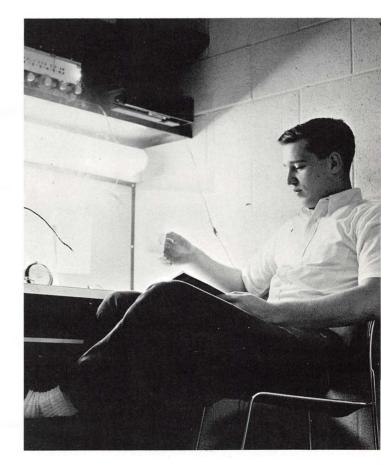

Two hundred ten men moved into the Men's Residence Hall of the Kilcawley Student Center in September, 1965 although its construction was not quite complete. Not only were these men the first dormitory students in Y.U.'s history, seventy-five per cent of them were freshmen; however, it didn't take long for their influence to be felt on campus. They marched in a group to the freshman picnic with banners proudly proclaiming "We are from Kilcawley" and they organized a bonfire before the first home football game. Despite the rivalry which has developed among the different floors, all of the men are solidly behind Y.U. in a way never before seen on campus. Perhaps those first frustrating weeks when living conditions were so primitiveat times there wasn't even any hot waterforged a bond of shared experiences which will be the center of new traditions.

Circle K service fraternity decorated the outside while the residents trimmed the halls with Christmas ornaments.

Kilcawley residents receive their meals in the former Snack Bar.

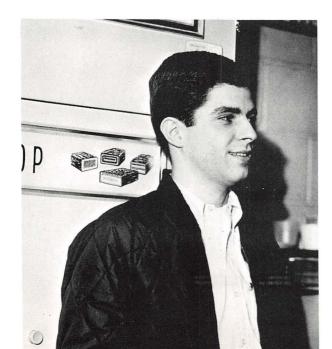

COLLEGE IS . . .

Friday in the cafeteria means coffee and Jambars.

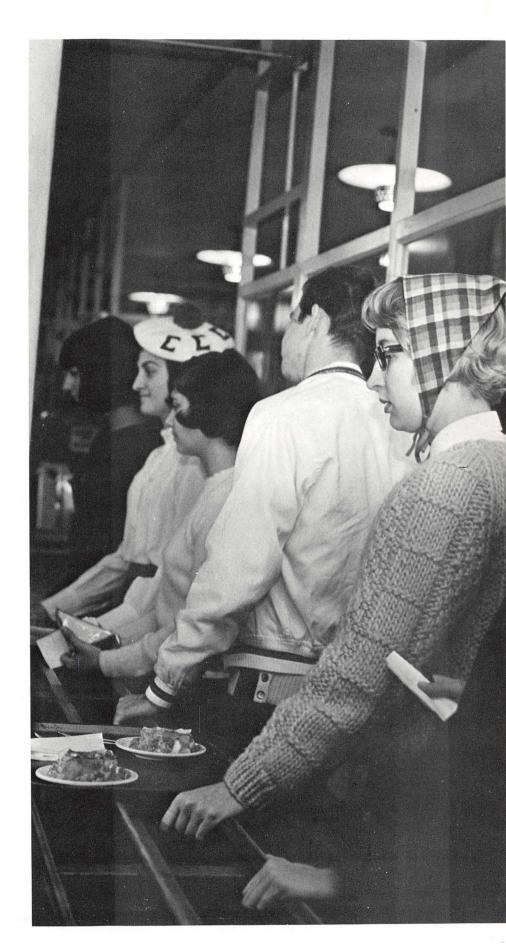

In the old cafe there were never enough seats.

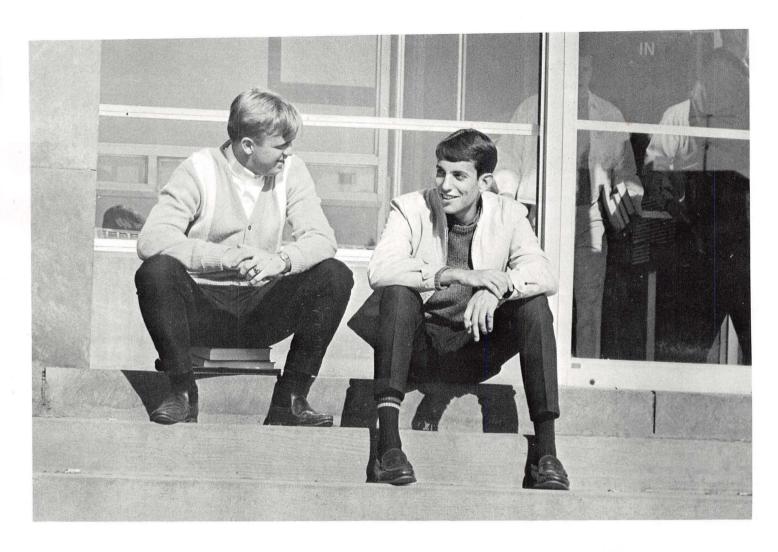

Relaxing With Friends

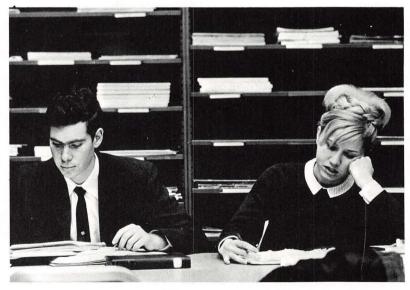

Because Y.U. is primarily a commuter school with little campus-centered activity, the opportunity for students to get to know one another is necessarily restricted. To the student at Y.U. relaxing with his friends means an hour in the cafeteria looking for a chair then having it stolen while he waits in line to buy coffee; it means balancing books and trays and some stranger's coat in a shaky pyramid on the table while he eats lunch, then having the exits blocked by a cafeteria worker cleaning tables. The cafeteria is Jambars on Friday and pledges in the spring; it is Greeks in the new section and art students in the old. The cafeteria is life and society at Y.U.

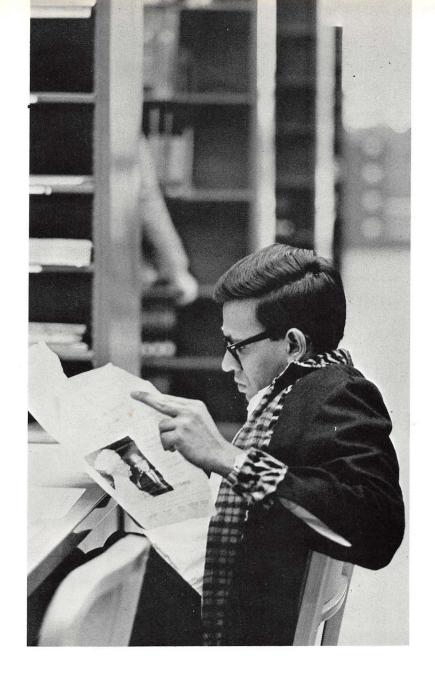

. . . Research, Study And Even Sleep

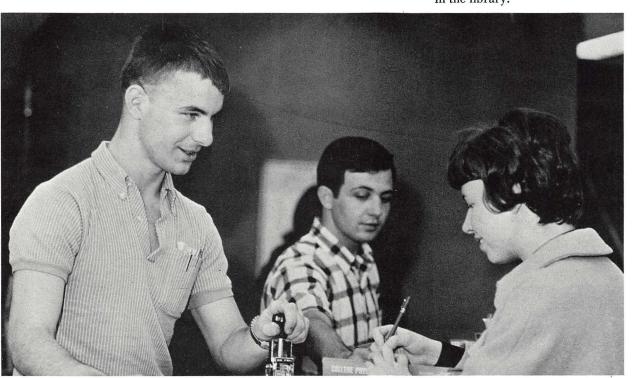

Everyone studies once in a while.

The conscientious student spends many hours in the library.

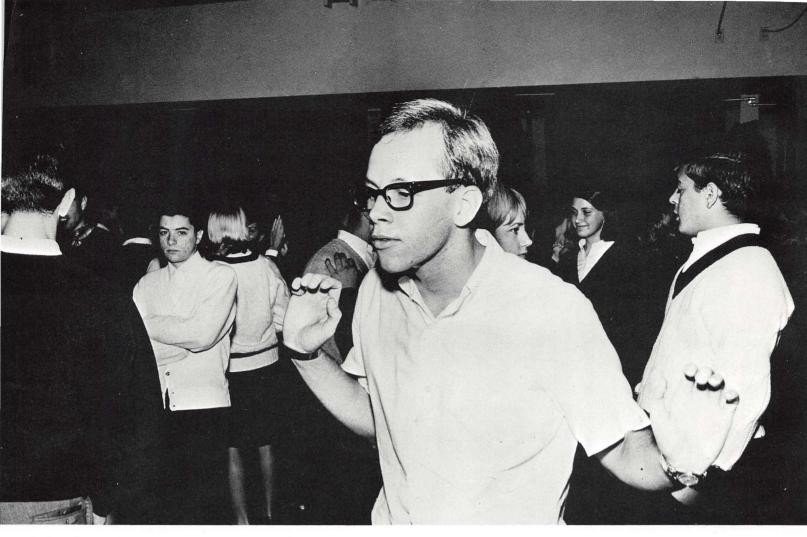

. . . But Most Of All — People

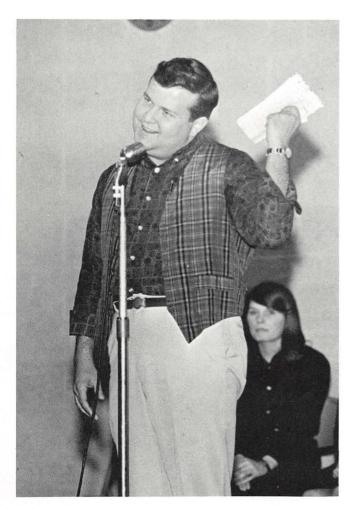

"Hit 'em again!"

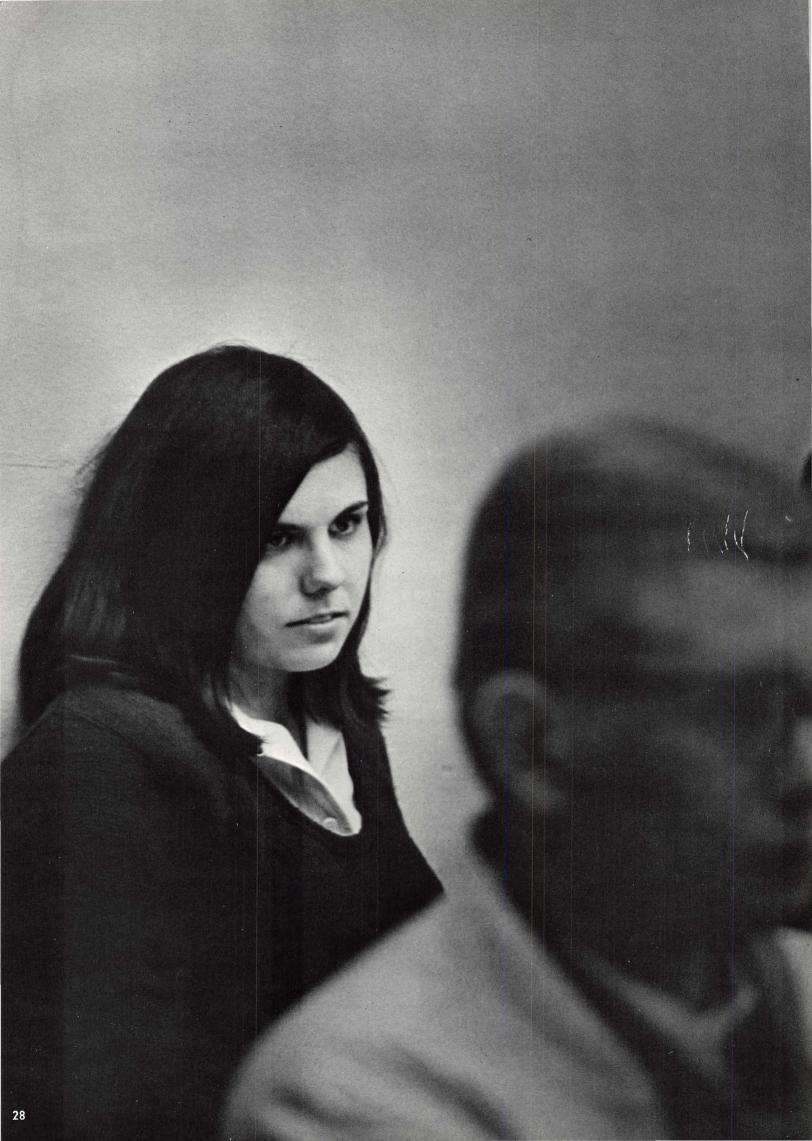

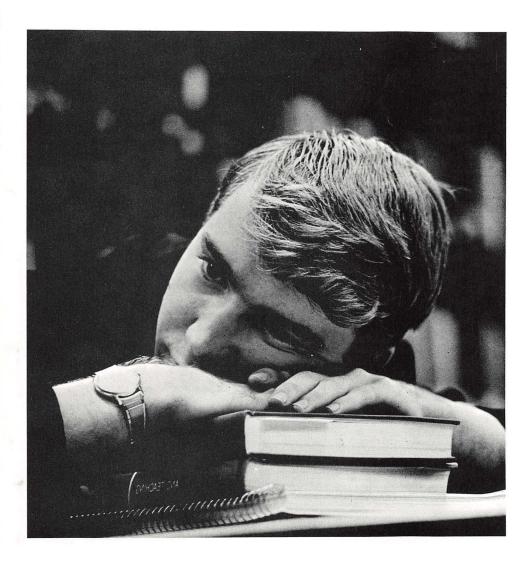

Serious dancing is an art.

TO PHILLIP BUCHANAN — For 38 Years Of Service To Y.U. We Dedicate The 1966 Neon

The one member of the administration whom every student at Youngstown University has met is Phillip P. Buchanan. In his thirty-eight years as registrar Mr. Buchanan has made the first impression of college a pleasant one for apprehensive freshmen. The members of the class of 1969 will be the last to have benefitted from his personal attention to incoming students. On January 31, 1966, Mr. Buchanan retired from his position as registrar.

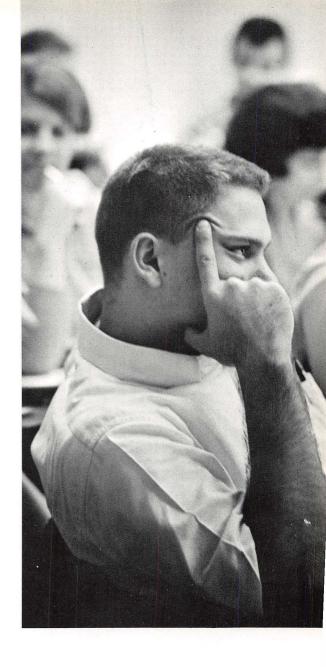

In 1927, Mr. Buchanan recruited the first one hundred high school graduates to enroll at Youngstown College. Since then he has witnessed the parallel growth of the campus from its first building to the initiation of the construction program, and the education from a limited schedule to the present diversified curriculum offered by the five schools.

His conscientious attention to his increasing duties as registrar of a growing university as well as the extra attention he was always willing to offer a student have won for Mr. Buchanan the respect of everyone in the university community. The dedication of the 1966 *Neon* is but a token of the appreciation which the student body holds for Phillip P. Buchanan.

ADMINISTRATION

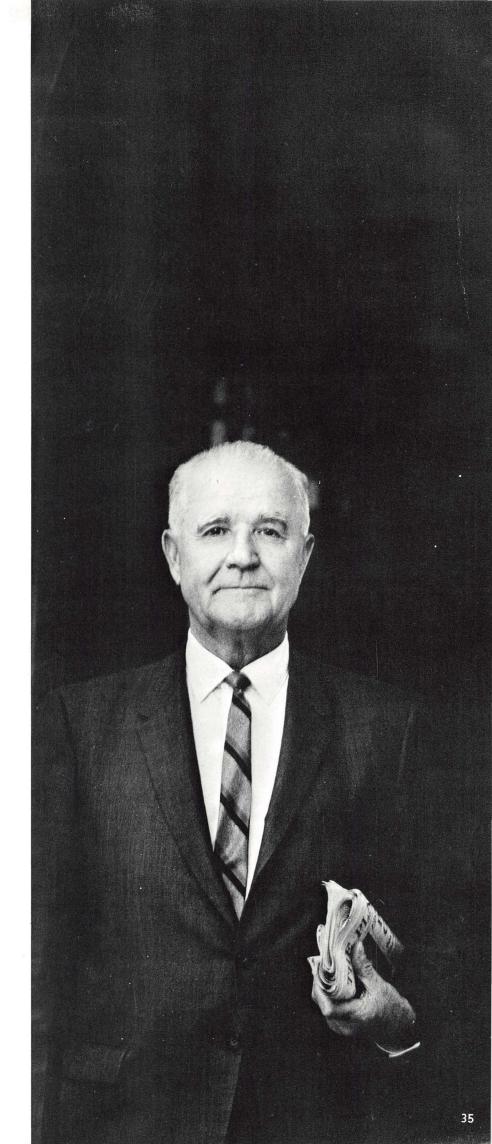

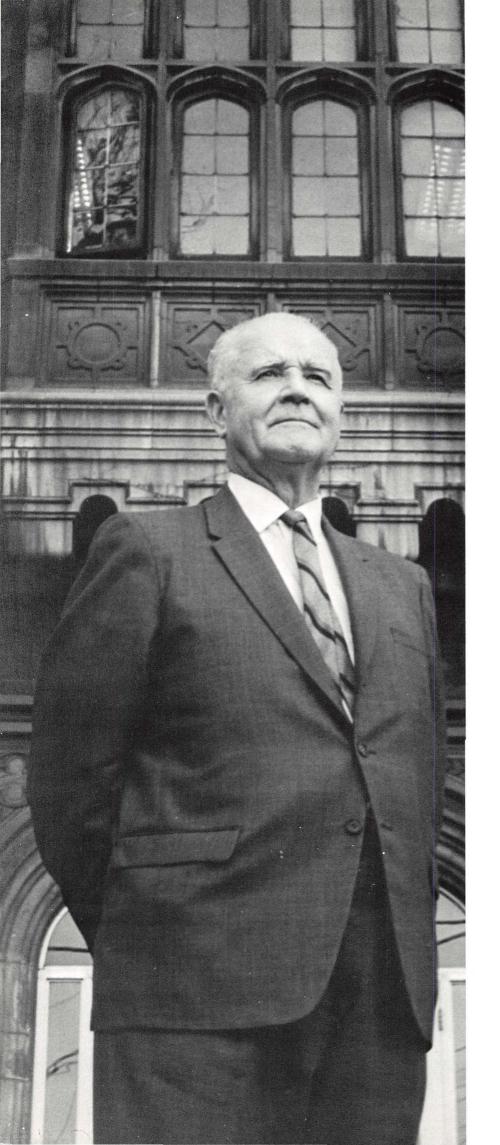

President Howard W. Jones

1966 marks 34 years of service on the part of President Howard W. Jones. Dr. Jones came to Youngstown after serving for a short time as the assistant president of Hiram College where he attended as an undergraduate.

His competent administrative policies have always been in the best cultural interest of both students and faculty of the University.

In his position he has been, of necessity, a dreamer, a planner and a co-ordinator of University policy, growth and expansion.

This year we can especially see the fruits of his tireless efforts to make this University one which can stand proudly in the eyes of the students, the faculty, the alumni and the community of Youngstown. The growth and expansion indicate the insight, the loyalty and the fortitude of this individual.

Assistant To The President Professor Charles Aurand

Professor Charles H. Aurand, Jr., Dean of the Dana School of Music, was appointed assistant to the president of the university in August of 1964 in addition to his position as dean.

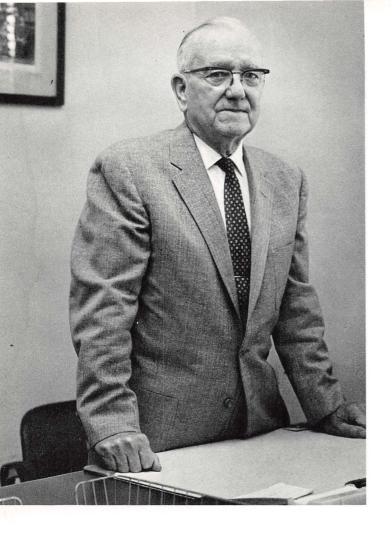

Urban Renewal, Campus Expansion, "Growing Pains." All require additional manpower for fulfillment of long range goals. President Jones readily recognized the need for administrative aid and named Dean Aurand.

To know Charles Aurand is to respect his judgment, ability and drive; to become enamoured of his personality and friendly attitude and to give full cooperation in any undertaking he proposes.

An informal conference begins the day

Dean Of The University Joseph E. Smith

To know Dean Smith is to know that you are not just a number at Youngstown University.

As the chief administrator under the President, the Dean serves in an advisory capacity for both students and faculty. He presides as ex officio member of all student and faculty committees.

Bringing a wealth of experience and human understanding to the University, one can feel free to seek advice and counseling from Dean Smith with the assurance that some solution will be found.

Assistant Dean Sidney I. Roberts

Dr. Sidney I. Roberts, associate professor of History, was appointed Assistant Dean in September, 1965. In addition to his new duties supervising students and participating on many faculty committees, Dr. Roberts continues to teach a limited number of courses in American History and also serves as faculty supervisor for the University Honors Seminar.

Dean of Men John P. Gillespie

As Dean of Men Dean John Gillespie is responsible for the welfare of the male students on the campus. This duty includes helping men with personal and academic problems through sincere interest, keen observation, sound advice and direction.

In addition, his capacity as dean includes the responsibility of advisor to the Inter-Fraternity Council. Since his appointment in 1955 Dean Gillespie has advised and aided a countless number of University students and also acts as an assistant to the President and the Dean.

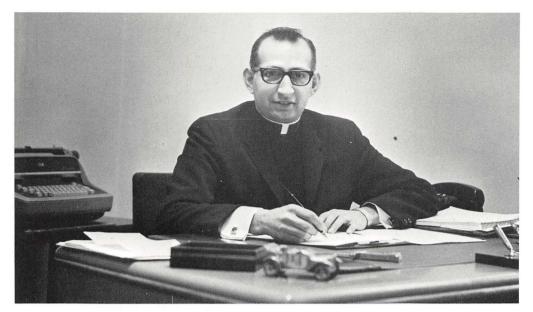

Deans Painter and Gillespie work together on the Social Calendar.

Dean of Women Edith Painter

Women, upon entering Youngstown University, soon become acquainted with Dean Painter in "Main 210." From the day a woman fills out a personal folder till the day she leaves the university Dean Painter is always ready to listen to problems both academic and personal, offer sound advice or just chat with those who wish to stop to see her.

University Chaplains

THE REV. ANTHONY ESPOSITO Roman Catholic Chaplain

Among the services offered by the University is that of full time counseling by three chaplains representing the major religious groups on campus.

Anyone wishing advice on personal or social problems is always welcome in the chaplain's office on the second floor of Main.

THE REV. NICHOLAS VAN SUCH Orthodox Catholic Chaplain

THE REV. ALBERT LINDER Protestant Chaplain

Librarian George Jones

Due to the labors of the Head Librarian, George Jones, Youngstown University can be duly proud of its fine library. This is the mark of quality for the university and for the community. The library continues to keep pace with the expansion of the University with the addition of volumes and increased seating capacity.

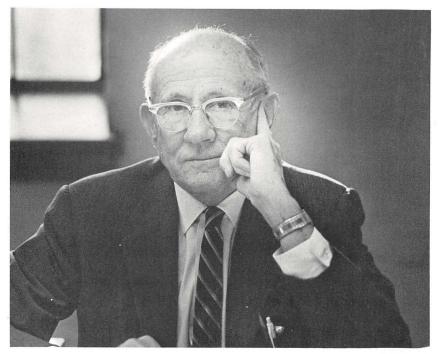

Business Manager P. Calvin Pickard

Since 1936 Mr. Pickard has skillfully supervised the business and financial program of the University. Financial planning, tuition accounts and purchasing are all under his management as Business Manager.

Director of Public Relations Freda R. Flint

For 46 years Miss Freda Flint has been promoting Youngstown University through interviews and arrangement of tours for many organizations in the area.

Historical facts, statistics and general information regarding students, sports events, campus organizations, alumni, and many other news events may be obtained from her office.

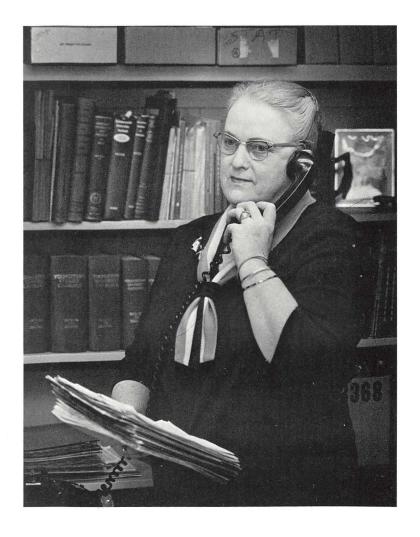

Registrar Philip P. Buchanan

With the expansion of Youngstown University the job of the Registrar has become one of tremendous magnitude. Mr. Buchanan reviews and evaluates all applications for admission and interviews as many prospective students as possible. His job has become one of selectivity due to the number of applicants and the limit of the existing facilities.

Recorder Mary B. Smith

Since her arrival at Youngstown University in 1939, Mrs. Smith has served as a member of the faculty, as Head of the Health and Physical Education Department and Assistant Registrar. As the Recorder she heads the Records Department. Her duties include recording each semester's grades for every student enrolled, evaluating records of candidates for graduation, evaluating incoming transcripts and sending out transcripts from Youngstown University.

Assistant Business Manager William G. Nelson

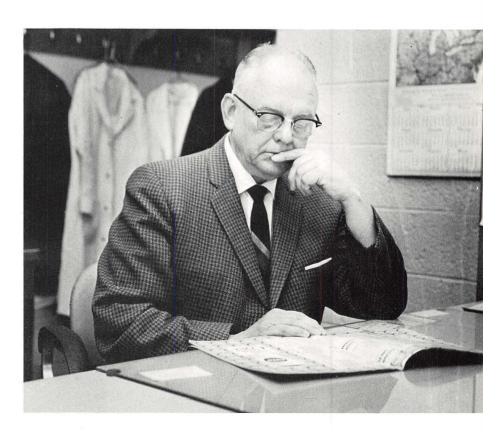

Mr. William G. Nelson came to Youngstown University in 1946 from Washington, D.C. where he was the chief accountant with the Home Builders Research Institute.

As assistant business manager, Mr. Nelson is in charge of the billing of tuition payments, he is the Veteran's Education Officer for the University and heads the ticket sales for all University athletic events.

Director of Athletics Willard L. Webster

As Director of Athletics it is Mr. Webster's job to schedule all intercollegiate athletics, to work out all details of traveling and lodging, and to plan and supervise the training of athletes.

In addition to this position, Mr. Webster has recently been appointed Chairman in the Department of Biology.

Mrs. Breeding lends a friendly atmosphere to the Registrar's Office

The Business Office

Education Is The
Aim Of A University

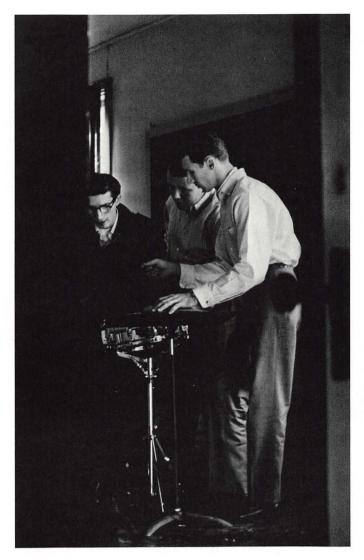

The art students display their works to the public.

The Fine Arts Provide Personal Satisfaction

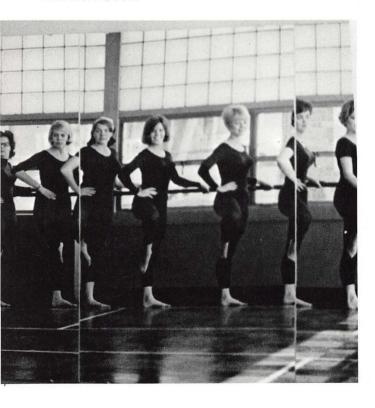

Although college training in the arts will enable a student to support himself by giving pleasure to others, the primary aim of these disciplines is the personal satisfaction of the creative impulse. In addition to class hours, students must spend long hours practicing in order to acquire these skills. At Y.U., there are numerous courses in the appreciation of art and music and in elementary dance open to the student in liberal arts besides the professional curriculums in music, art and the drama.

"First feel the beat."

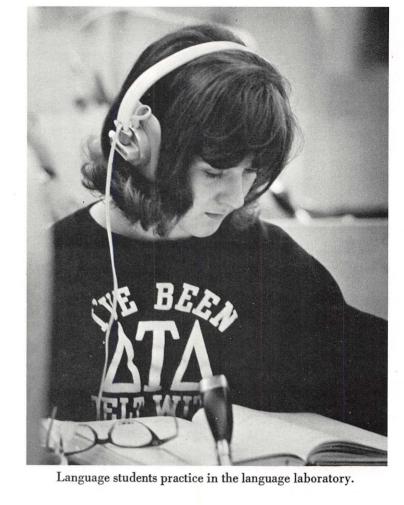

"Je parle français."

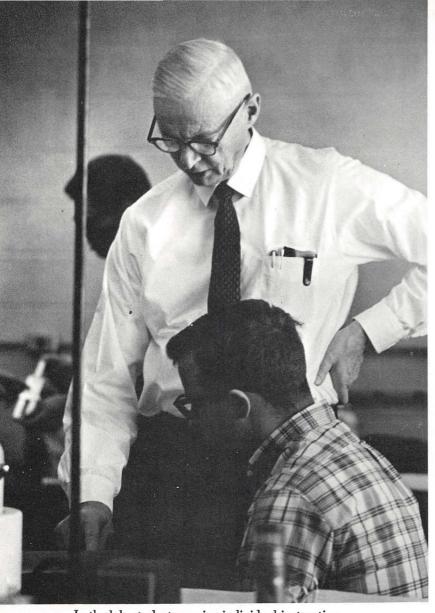

College Of Arts And Sciences

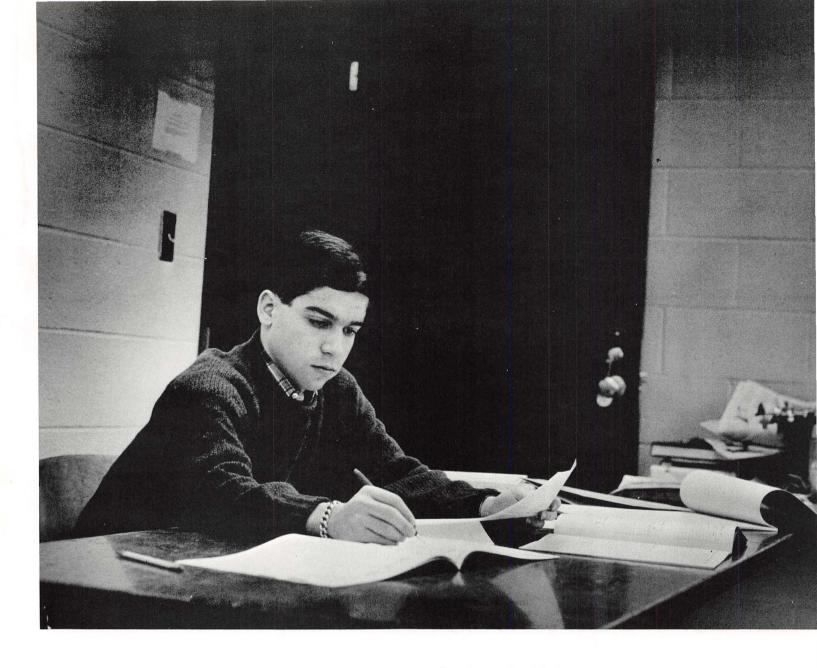

In the lab, students receive individual instruction.

A microscope is the invaluable tool of a biology student.

School Of Business Administration

University chorus is open to all students of the University.

Dana School Of Music

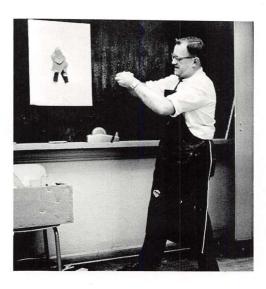

Assistant to the President Aurand is also Dean of Dana School.

Student Council

At three o'clock on Friday afternoon twenty-five students and two advisors meet in the Purnell Room: this is Student Council. A typical meeting consists of committee reports, old business, by-law amendments, Spring Weekend chairmanships, proposals, new business, budget allocations, investigation reports, announcements, and finally a motion to adjourn.

The fall semester Council was noted for its organization. President Paul Perantinides emphasized the need for effective committee work. Vice-president Ruth Yozwiak's no nonsense leadership during chairmen's meetings streamlined discussion. Don Constantini prepared a \$48,000 budget. Secretary Vic Rubenstein's minutes were full of facts and scant in rhetoric. A fast pace enabled Council to get through a mammoth agenda which included Homecoming election disputes, constitutional amendments and senior ring controversies.

Jambar

A casual observer walking past Room 119 Kilcawley Hall on Monday or Tuesday night would wonder how The University Jambar ever gets into print. There are at least fifteen staff members crammed into one small office, all demanding to use the typewriter immediately. The editor orders someone, anyone, to go get some pictures and worries whether the paper will go to press on time. The business manager juggles column inches of ads and copy hoping to come out in the black in addition to making a good commission for himself. Copy writers scream about campus celebrities who miss appointments to be interviewed and typists go cross-eyed reading reporter's scrawl.

Somehow each Friday morning the Jambars are ready for the student body. Not only does the paper always get finished, it gets done well. Last year the University Jambar was rated Best Weekly in Ohio by the Ohio College Press and First Class Weekly by the Associated College Press.

We have learned a lot, most of it the hard way, but the book is finally done and already pictures are being taken for next year.

The Penguin Review

The Penguin Review is the student literary magazine. The magazine is published biannually and tries to present the best student talent. Any university student may submit his original work for consideration. The short stories and poetry published in The Penguin Review illustrate new trends in literature which urge the reader to probe for those thoughts which express their innermost dreams. The writings are a reflection of the frantic tempo of our times.

Y.U. Radio Show

This year has seen a dynamic change in the Y.U. Radio Show. Co-directors Frank Thomas and Steve Krett introduced a new format to the program. Interviews with the "people in the news" on campus and factual reporting of campus events have changed the show from an incidental part of university activity to an integral addition to the public relations of Y.U. A new staff of writers, interviewers and broadcasters have also been added to give the program greater scope. Howard Weinstein was chosen as co-director for the spring semester to replace Frank Thomas.

Dean's Council

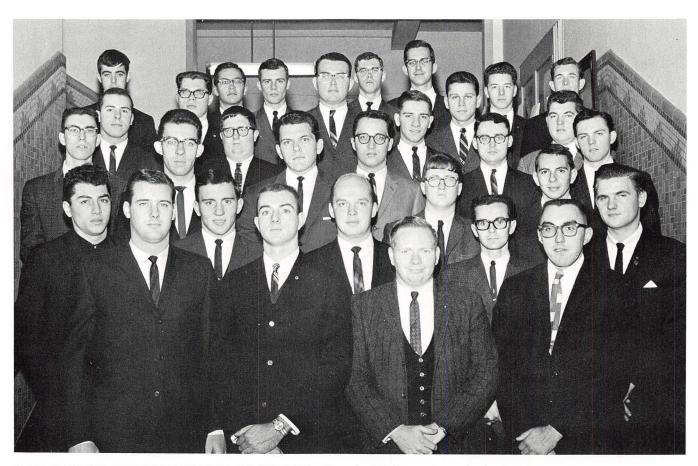

Dean's Council is the student governing body of the William Rayen School of Engineering. It is composed of elected representatives from each of the honorary and professional societies of the engineering school as well as representatives from Student Council. Dean's Council recommends disciplinary regulations to the Dean of Engineering under powers granted to it by the university administration, supervises the engineer's lounge and parking lot and sponsors the annual Engineer's Ball and Open House.

Society Of Chemical Engineers The Y.U. Society of Chemical Engineers was organized in 1963 to fulfill two needs of the chemical engineering student. The first objective is educational, to introduce the students to the opportunities in industry for members of their profession. The second objective is social, to provide the means for the students to make friends among their future professional colleagues. At the regular meetings of the YUSChE there are speakers from local industries and movies. The organization also participates in the social activities of the Rayen Engineering School.

The Y.U. Chapter of the American Society of Civil Engineers is a professional engineering society devoted to the development of professional pride and individual thought through association with active leaders in civil engineering. The ASCE offers an educational program to members at the regular meetings and job contacts to graduating students. The Civils are talented in subjects other than engineering. Their team was the first-place winner in the 1965 Engineering Softball League.

I.E.E.E.

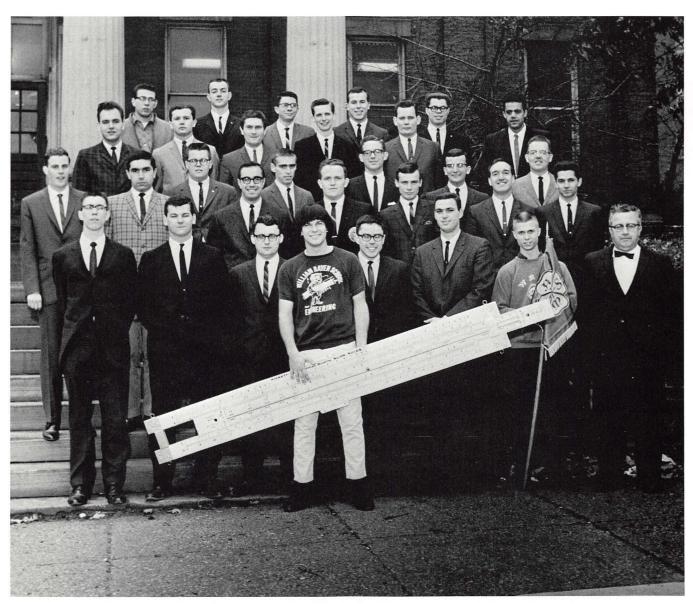

The Institute of Electrical and Electronic Engineers is an organization open to all students in electrical engineering, but generally comprised of third, fourth and fifth year students. Its purpose is to promote friendship among the students and add to some phases of education which might otherwise be neglected. This is accomplished by means of movies and speakers featured at meetings, technical publications mailed to each member, and participation in basketball and softball leagues composed of several engineering societies.

Y.U. Society Of Industrial Engineers

The Youngstown University Society of Industrial Engineers was organized to assist education and research in areas of interest to the industrial engineer by promoting the interchange of ideas and information among members and students of the profession. The organization is also dedicated to fostering integrity among the future members of the industrial engineering profession.

The American Society for Metals is a professional organization for students of metallurgical engineering. The group sponsors tours and speeches related to the problems encountered in industry. The regular meetings are a forum for discussion of the problems studied in metals theory classes. The members of the Society for Metals participate in extracurricular activities such as the Engineers' Ball and the Engineers' basketball and softball tournaments.

The Youngstown University Chapter of the American Chemical Society endeavors to keep the aspiring chemist abreast of recent advances in his field. By means of a national magazine, monthly meetings, special reports and a field trip the students are helped to understand the practical applications of their class study. As specialization within the chemical field has increased, the ACS has expanded its resources to provide information to astro-chemists, bio-chemists, metallurgists and others. Members are accepted upon recommendation of two chemistry professors.

YOUNG DEMOCRATS EXECUTIVE COMMITTEE: E. Thaxton King, Jack Murphy, Jack Tucker, Tom Kovach, President.

The Young Democrats is a campus organization formed under the auspices of the National Young Democrats to promote student interest in government. The members strive to keep students informed of political issues on both the national and local level. During their college years, most students determine their political affiliation for the rest of their life; the Young Democrats urge them to register as Democrats.

Reflecting the ideological split in the national Republican Party, there are two student organizations supporting the GOP. The Student Young Republicans are a group which supports the conservative wing of the party. The Young Republicans are affiliated with the national party on the state, county and local level. Despite their differences, both groups basically were organized to instigate student interest in the principles of Republicanism.

The Historians

The Historians is one of the newest organizations at Y.U. having been organized during the fall semester. The club was founded to bring the history students together in order to discuss topics related to their major field. The Historians invite speakers, both faculty members and community leaders to discuss problems related to history and also contemporary crises of significance historically.

The Social Science Club was organized to give interested students a chance to investigate the controversial issues of today. Various leaders from the university and community have spoken to the members. The club sponsors an annual symposium open to students and faculty: last year the program was a panel discussion concerning "The Changing Moral Standards of College Students" conducted by faculty members.

Student National Education Association

Kappa Delta Pi

The Student National Education Association is a professional organization for students preparing to enter the teaching field on any level. Membership entitles the education student to professional publications, guidance in obtaining a teaching position and also social events.

Kappa Delta Pi is the honorary society for education students. Membership is by invitation and is restricted to upperclassmen whose grades place them in the upper quintile of university students.

KAPPA DELTA PI: Officers: Nancy Lloyd (President), Ruth Forsythe (Vice President), Carol Pochiro (Secretary), Elyn Summers (Treasurer), Mary Jewitt (Advisor), Margaret Braden (Assistant Counsellor).

DEBATE SOCIETY: Row 1: Mrs. Hartman, R. Lanz (President), L. Suarez (Secretary), Row 2: B. Betts, T. Zena, B. Moss, B. McDonough, L. Winslow, M. Polonsky, B. Drabkin, R. Towne.

The Debate Society provides a forum where a student can gain practice in debating techniques. The National Forensic League furnishes topics such as the international control of nuclear weapons and compulsory labor arbitration. Members of the university debate team are drawn from the society. The Society sponsors an intramural speech competition and the annual Harvard-YU debate.

Pi Kappa Delta is an honorary forensic fraternity organized to give recognition to outstanding student speakers. A speaker is eligible for membership in Pi Kappa Delta if he has a high scholastic average and has participated in a number of intercollegiate speech tournaments. A chapter of the national honorary was founded at YU in 1965.

Art Club

The members of the Art Club have been busy this year setting up a new gallery in the basement of Kilcawley Hall. Each semester the club sponsors a student exhibition in their own gallery in the art department in addition to the Annual Student Show at the Butler Institute each spring. At that time an outside judge awards prizes for the best works in various mediums. The members of the club take field trips to art galleries including a trip to New York City during the semester break.

ALPHA PSI OMEGA: Row 1: D. Recklin, Mr. Elser (Advisor), K. Carrano. Row 2: G. Dunham, J. Dapallonia, P. Elser, G. Gottschalk, G. Narad.

Alpha Psi Omega is a national honorary dramatic society having over three hundred seventy chapters. It is the largest recognition society in any departmental field. Eta Phi Cast of Alpha Psi Omega was founded at Y.U. in 1939 and, except for a brief period during World War II, has been active ever since. The function of Alpha Psi Omega is to stimulate interest in dramatic activity, to grant recognition to those participating in university dramatics, and to secure for its members the advantages provided by a large national honorary fraternity. Membership is open to any student who has demonstrated a valid interest in university dramatics.

Hardwork . . . Performance . . . Satisfaction . . .

With the fast rhythm of drums and the flash of golden instruments, the 1965 Youngstown University Marching Band paraded onto the field to entertain the fans during half-time at home football games. The 1965 band was the largest ever with one hundred members, a number that band director Donald Byo had set as his goal when he began at Y.U. Before the finished half-time shows could be presented to the public, the band spent hours diagramming the complex patterns of movement in addition to drill on the field.

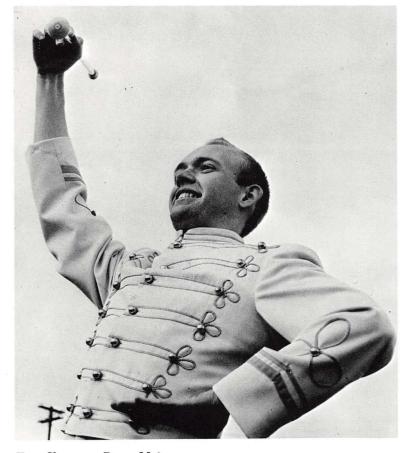

Mean A Job Well Done By The Band And Majorettes

The high-stepping, fast-twirling majorettes lend color and interest to the half-time shows put on by the Y.U. Marching Band. The girls spend long hours practicing in order to perfect their part of the show and become an integral part of the band. Leading both band and majorettes down the field this season was Tom Chapman, the 1965 drum major.

Pershing Rifles

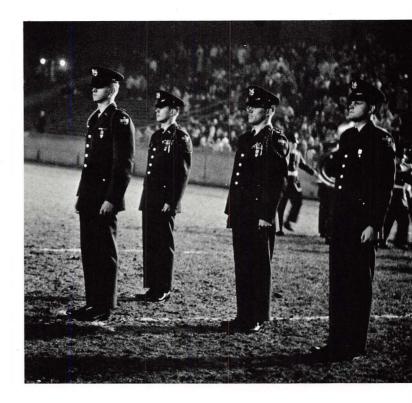

The purpose of the National Society of Pershing Rifles is to foster a spirit of friendship and cooperation among the men of the military department and to maintain a highly efficient drill company. Their success has been evident to the student body by the participation of the P-1 company in the sabre honor guards at the Homecoming halftime ceremony and ROTC Military Ball. Demonstrations of the precision and polish of the P/R drill team are annually presented at the Freshman Picnic and Spring Weekend Carnival. The P/R Color Guard attends the flag raising at all home football games and participates in campus groundbreaking ceremonies and parades. The company has won many trophies in competition with other P/R units in regular and trick army drill.

R.O.T.C.

The Y. U. Army Reserve Officers' Training Corps is a program by which qualified male students prepare themselves to fulfill their military obligations in positions of leadership. The ROTC program consists of a two-year Basic course and a two-year Advanced course with classes and drill on campus and a summer training camp with intensive drill in military practice. The ROTC students are organized into a Corps of Cadets commanded by student officers. The Corps presents drill exhibitions during half-time at home football games.

The Sisters of the Golden Heart serve as an auxiliary organization to the brothers of Sigma Phi Epsilon Fraternity. Membership is open to laveliermates, pinmates and fiancees of the Sig Eps. The Sisters have helped the brothers with teas, open houses and almost everything requiring "the woman's touch." They also present a gift to the brothers at the fraternity's annual dinner-dance and they sponsor a card party each semester.

The Little Sisters of Theta Chi is the newest auxiliary organization on campus at Y.U. The prospective members, coeds who are interested in Theta Chi fraternity, are selected by the brothers and the current little sisters. The young women sponsor fund raising projects to secure furnishings for the fraternity house. They also act as hostesses for the fraternity sponsored dinners, teas, and open houses.

The Little Sisters of Minerva the auxiliary of Sigma Alpha Epsilon fraternity was the first "little sister" group at Y.U. The members are selected by the brothers from pinmates and other coeds willing to aid the fraternity. The sisters serve as hostesses at rush parties and open houses. The proceeds from fund raising projects are used to aid fraternity projects.

In addition to their activity in support of the Civil Rights cause which includes an annual fund-raising dance with a variety show put on by students, the N.A.A.C.P. is also active in student politics.

Before each election for Student Council, the N.A.A.C.P. sponsors a Candidate Symposium at which candidates present their platforms and are questioned by the audience.

UNIVERSITY HONORS SEMINAR: John Bender, Dr. Thelma Miner, Bernard Ferencik, Dr. Morris Slavin, Kathleen Griffin, Rodney Woleslagle, Charleen Key, Dennis LaRue.

University Honors Seminar

The University Honors Seminar is composed of outstanding upperclassmen who are invited to participate on the basis of their accumulative point average and selection by the faculty moderators. The first semester is devoted to a critical survey of contemporary American civilization; the students read and discuss current books analyzing various aspects of society. During the second semester, each student presents a lengthy paper which he has prepared dealing with one specific problem. The seminar is divided into two groups with identical format each conducted by two professors one each from the English and history faculties.

Newman Club

Newman is the campus organization for Catholic students. The four hundred active Newmanites participate in activities which fulfill the threefold purpose of Newman—religious, intellectual and social. Communion suppers and retreats supplement the released time chapels of the university. Panel discussions with topics ranging from free love to demonstrations broaden the students' education. At the biweekly meetings there is always food and dancing, but Newman has several real socials such as Mardi Gras and the Christmas Party.

The second largest religious group on Y.U.'s campus is the United Campus Christian Fellowship. Thought-stimulating guest speakers and panels provide a necessary role in the Protestant student's college experience. At bi-weekly meetings, these are followed by informal recreation and refreshments. Social events such as parties, dances and picnics are regularly scheduled. A Weekly Bible Discussion Group is an offshoot of UCCF.

UCCF actively takes part in the Religious Emphasis week and the Chaplain's UN Tour.

Protestant Chaplain Reverend Albert Lindor has served as advisor to the UCCF.

Jewish Student Fellowship

OFFICERS: Left to Right: H. Berlin (Secretary), P. Feldman (Treasurer), V. Rubenstein (President), P. Catz (Vice-President).

A fourth religious organization was formed on campus recently when the Jewish students united in the Jewish Student Fellowship. The purpose of the organization is the perpetuation of Judaic tradition on the university campus. At their bi-monthly meetings, the Fellowship has programs centering around religion, culture, community service, campus activity and scholastic motivation.

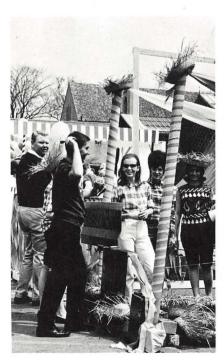

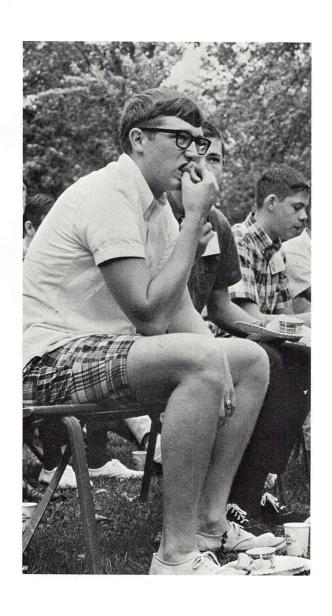

ACTIVITIES

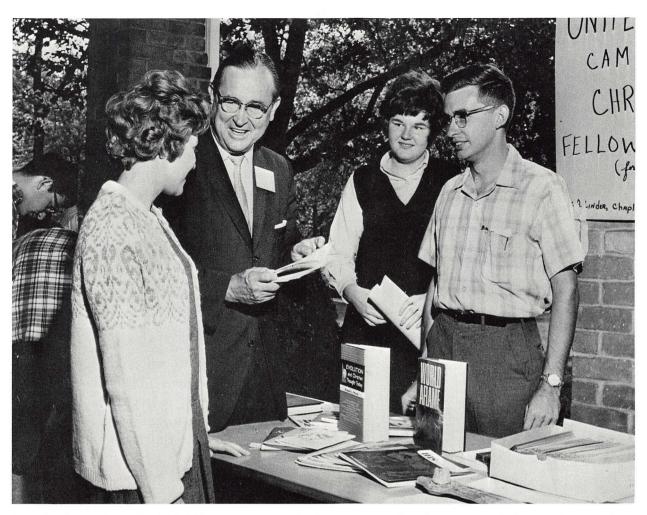

Orientation Introduces Frosh To College Life

According to the catalogue, freshman orientation is a one-hour course designed to help the student orient himself to college. This year, it was much more. After the formal classes and the big examination had been finished, Freshman Orientation co-chairmen, Elaine Dixon and Jackie Fynes, took over and presented the frosh with a full slate of social activities, including a picnic at Wick-Park and a mixer on the campus parking lot.

President Jones, the deans of the various schools, and outstanding campus leaders spoke at the picnic and the freshmen were invited to examine displays set up by campus religious and social organizations. The final events of the orientation program were the women's tea at Pollock House attended by the freshman women and their "big sisters," the Junior Women Advisors and the men's smoker and style show conducted simultaneously in the cafeteria. Any freshman who is still not oriented after this, can only blame himself.

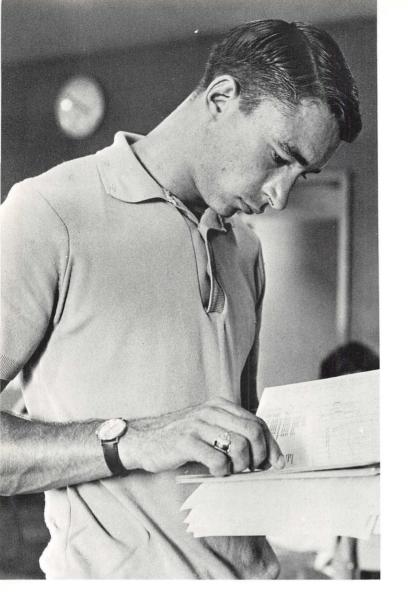

Rev. Linder explains the U.C.C.F. program to a freshman and invites her to attend the regular meetings.

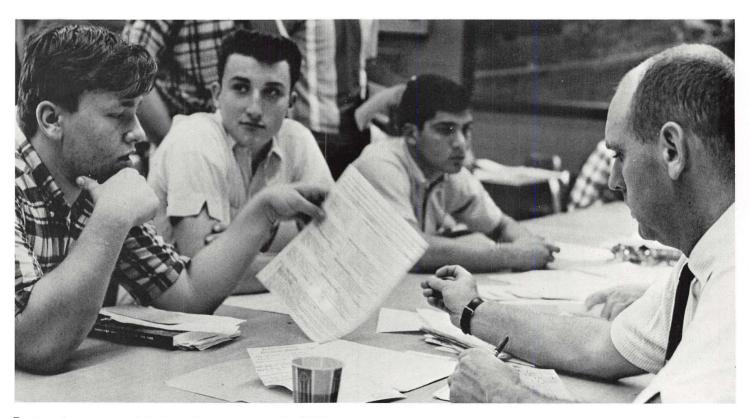

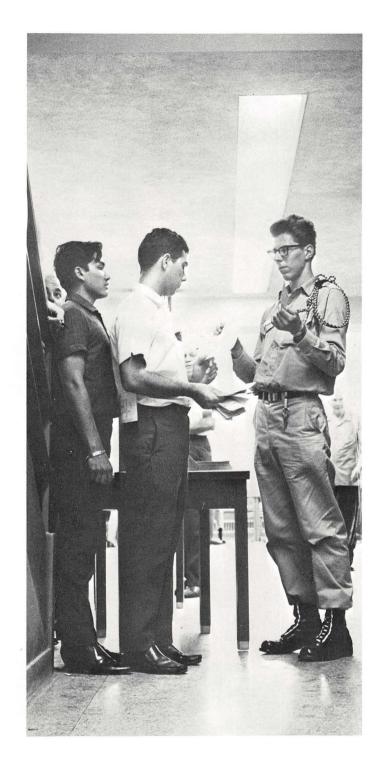

Registration — A Hectic Affair

What was registration? A wild montage of everything that was a part of the old Y.U. It was the long lines curving across our blacktop campus; it was the arriving at the door to be told, "Sorry, you can't go in until three"; it was the grade sheets and parking stickers and class cards of all colors; it was closed classes and stubborn advisors and a lost selective service card; it was the ROTC on patrol and cute little coeds who could make you go back to the beginning because you still had your permit card.

Registration was the one thing that united us whether we were fifty or fifteen, Greek or independent. As individuals we may have gained by its revision in the end, but part of the personality of the Y.U. we have known is gone with registration.

Registration was especially long if you transferred to Y.U.

Jackie Fynes Elected 1965 Homecoming Queen

Queen Jackie is escorted through the Pershing Rifle's Honor Guard by Phi Sigma Kappa president, Paul Hamilton. The Zetas serenade Jackie.

After several weeks of intensive campaigning, elections for the 1965 Homecoming queen were held in Strouss Auditorium. The winning candidates—Queen Jackie Fynes of Zeta Tau Alpha, first attendant Ruth Yowzwiak of Sigma Sigma Sigma Sigma, and second attendant Julie McGartland of Alpha Omicron Pi—were announced at the Phi Sigma Kappa Presentation Dance on Thursday night.

The judging of the floats took place immediately before the Homecoming parade on Saturday morning. Tau Kappa Epsilon received the award for first place with Alpha Phi Delta placing second and Sigma Tau Gamma third.

It rained throughout the football game and halftime festivities on Saturday afternoon. The floats were soggy and the football players muddy, but everyone was satisfied because the Penguins defeated Southern Connecticut 16-7. The crowning was beautiful despite the umbrellas.

For the first time, the Homecoming Dance was held at Yankee Lake Ballroom which had been gaily decorated to carry out the theme of the week, "Legends of the Sea."

"Chew 'Em Up Y.U." wins the first place trophy for Tau Kappa Epsilon fraternity.

The marching band leads the annual Homecoming parade.

Sigma Tau Gamma is awarded the third place trophy for "Boy on a Dolphin."

Donna Fisher Crowned 1965 Engineer's Sweetheart

Each fall the Dean's Council of the Rayen School of Engineering sponsors the Engineers' Ball, the one activity each year which draws the members of the seven rival engineering societies together for an evening of fun. The highlight of this year's dance was the crowning of Donna Fisher of Sigma Sigma Sigma sorority as the Engineer's Sweetheart. The members of the court were: Gayle Fergus of Alpha Omicron Pi, Bonnie Rudiak of Zeta Tau Alpha, and Juanita Wehrle of the International Students Organization. For the first time the engineers also elected one of their own members to represent the aims of the engineering profession. Each of the professional engineering societies sponsored a candidate: Larry Cernoch, a member of the Y.U. Society of Mechanical Engineers was named Mr. Engineer 1965.

The Musical Penguins

Last spring a group of university students were selected to tour the Caribbean military installations on the basis of a series of photoggraphs and a tape they submitted for judging in New York. Rehearsals began last spring on a show centered around the theme "Around the World in Eighty Days." The students, mostly music majors, were billed as "The Musical Penguins."

The show premiered in Strouss Auditorium with a showing for YU faculty and students. Then the "Musical Penguins" were off to Washington for malaria shots; they proceeded immediately to the Canal Zone. The tour performed in Panama, Puerto Rico, Antigua, San Salvadore, Grand Turk, Guantanamo, Eleutheria and Coco Beach, Florida during December and January. Most thrilling to the students was their performance on the USS Newport News, a gun cruiser; the deck was only a stage, but the fifteen hundred sailors on board made the show a success.

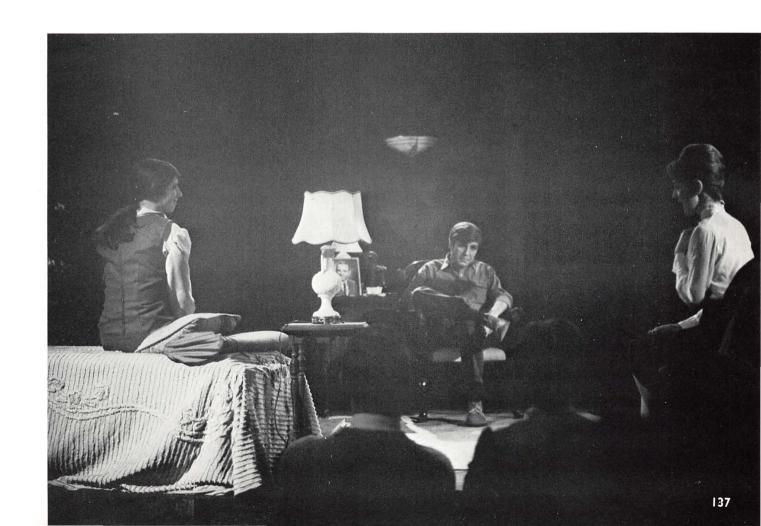

Thespians Produce First Musical

In the first semester, the Y.U. Theater produced two plays of first-rate quality, The Glass Menagerie and Tom Jones. The first, The Glass Menagerie, was played in the round -a difficult task for the actors since every motion they make is visible from four angles. The setting was extremely effective in the play which deals with emotions rather than physical action. The second production, Tom Jones, was the first musical attempted by the Y.U. Theater. The choreography and singing as well as the acting were a credit to the students and their long hours of practice. Both plays were directed by Mrs. Dorothy Gmucs with student assistance because the purpose of the plays is not just to entertain the public but also to teach students of the drama.

Assemblies Provide Cultural Experiences

As one of their services to the student body, Student Council sponsors a series of cultural events including music, drama and lectures which are open to the students and faculty at no cost. Speakers this year included Robert St. John discussing "What's Next in the Middle East" and George Enningful whose topic was "An African Looks at the World." Recently the speaker program has been revamped to permit chartered organizations to sponsor speakers with Student Council sharing the financial burden.

Student art work is displayed periodically in small shows held in the art department. The Art Club sponsors an annual exhibition of the work of University students at the Butler Institute of American Art and Student Council awards a purchase prize to the outstanding work in any medium at this show.

Senior Recital Climaxes Study At Dana Music School

The graduating recital is the highlight of the Dana student's study. Although no credit is given for the recital, it is necessary for graduation and the quality of the performance is judged by rigid standards. Two students share a recital, each being responsible for one-half hour of solo performance with his major instrument. The students prepare their selections for more than a semester. Family and friends are invited to the recitals which are held in the newly-purchased Dana Concert Hall. Sigma Alpha Iota, honorary music sorority, presents the girls with a bouquet of roses when they take their curtain call.

Student Council Election

Elections for Student Council are held each semester in Strouss Auditorium. All full-time students are eligible to vote for candidates from their own school and also for representatives-at-large; half the seats on council are open each semester. There have been several attempts to revise the balloting system in order to increase the percentage of the student body which actually votes, but it has been decided that it is better to have a well-informed electorate although it is small. Under the present system, the candidate or his representative meets every voter as they come down the line to the ballot box and can discuss his platform with them.

Student Council Presents 1965 Snow Flake Frolic

Snow Flake Frolic is the smallest of the Student Council sponsored dances, and perhaps for that reason, it is also the friend-liest. This year the night's activities centered around the approaching holiday season. Santa Claus himself presented a favor to each of the ladies as she entered the Stambaugh Auditorium ballroom. Later co-chairmen Tom Catheline and Karen Kearns led the crowd in the singing of Christmas carols to the accompaniment of Del Sinchak and his orchestra. There was no queen at this dance but each of the hostesses was introduced and promenaded down the dance floor.

Barbara Chura of Alpha Omicron Pi was crowned Sweetheart at the annual IFC Ball. Members of her court included: JoAnn DeOto of Sigma Sigma Sigma, Elaine Dixon of Zeta Tau Alpha and Carol Jones of Phi Mu. Queen Barbara and her court were elected by the fraternity men on campus.

During intermission the new sweetheart presented trophies for the booth competition. This year's theme was "Great Moments in History." The panel of judges awarded top honors to "A Walk in Space" submitted by the brothers of Phi Kappa Tau. Sigma Tau Gamma placed second using the theme "The Assassination of Lincoln;" "Detonation of the Atomic Bomb" engineered by the Theta Xi's was awarded third place.

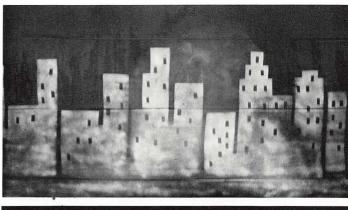

The winning booth was Phi Kappa Tau's "A Walk in Space."

Sigma Tau Gamma captured second place with "The Assassination of Lincoln."

"Detonation of the Atomic Bomb" received third place honors for Theta Xi.

Ginny Gabriel Reigns At Newman Mardi Gras

Newman Club sponsors their annual Mardi Gras dance on the last Saturday preceding Lent, borrowing their theme for the evening from the Mardi Gras festival traditionally held at that time in New Orleans. Last year Virginia Gabriel, a member of Sigma Sigma Sigma sorority and co-chairman of the dance with Bob Thomas, was crowned queen by the 1964 queen, Connie Malito. The other candidates for the honor were: Alice O'Neill, Bunnie Hura of Sigma Sigma Sigma, Elaine Dixon of Zeta Tau Alpha, and Mary Anne Richnafsky.

Co-chairmen of Mardi Gras were Bob Thomas and Ginny Gabriel

Sigma Sigma Sigma And Tau Kappa Epsilon Win Top Honors At Annual Greek Sing

Sigma Sigma won sorority competition

Tau Kappa Epsilon won singing "Scarlet Ribbons"

Greek Sing is the focal point of the year's activities for the Greeks at Y.U. On this night, after months of hectic practice, each of the sororities and fraternities takes the stage in a competition based strictly upon quality of performance. Last spring, Tau Kappa Epsilon took first place honors singing "Scarlet Ribbons" and Sigma Sigma Sigma won the sorority contest with their performance of "All The Things You Are".

Also honored were Theta Xi fraternity and Zeta Tau Alpha sorority which achieved the highest point averages for the previous two semesters. Tri-Sig Jacci Thomas won the scholarship bracelet for the highest individual point average and Sig-Ep Don Constantini won the individual award for the fraternities. Theta Xi was awarded the All Events Trophy.

Maggi McKissick Reigns At ROTC Military Ball

Last year, as always, there was only one event to which the student body went formal—the annual Military Ball sponsored by the ROTC. On this one night Stambaugh Auditorium became a royal court complete with flowing gowns and shining buttons. The Queen Maggi McKissick and her predecessor, Jan Chismar, both members of Zeta Tau Alpha sorority, were presented under an arch of polished sabers held by the members of the Pershing Rifle Honor Guard. The queen received the title Miss ROTC for 1965 and the honorary rank of Cadet Colonel; the members of the court were given the rank of Cadet Captain. After the crowning, Miss McKissick and her escort led the traditional Grand March of Seniors around the ballroom.

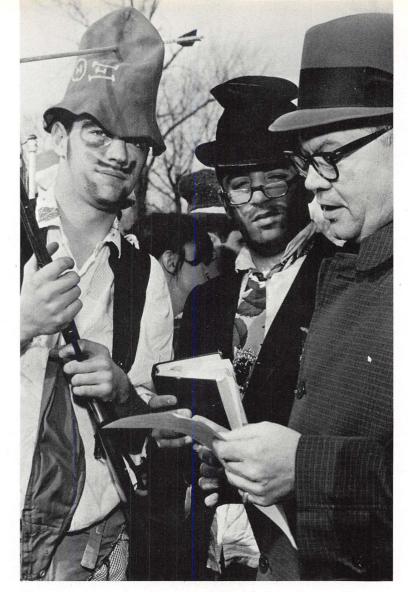

Theta XI Sponsors Sadie Hawkins Day Race

At high noon on Sadie Hawkins Day, the Theta Xis rode onto campus ready to run from all the sorority girls who wanted to marry a Theta Xi even if it was only for a day. As was to be expected, the men were soon caught and George Strollo, Marryin' Sam for the day, was overrun with business: he married 175 sorority girls to only 40 Theta Xis.

At the dance held that evening in Stambaugh Auditorium, Patty Stropich and Melanie Kolanko of Alpha Omicron Pi sorority were elected Doggiest Girl and Daisy Mae respectively. Tony Cafaro of Alpha Phi Delta was chosen Lil' Abner. Zeta Tau Alpha sorority received the trophy for having the greatest number of participants in the race.

"I ain't afraid to get married."

"I declare November 24 to be Sadie Hawkins Day at Youngstown University."

"Let's get 'em"

"He won't get away now!"

"Amen!"

Presentation Of Trophies Highlights Each Dance

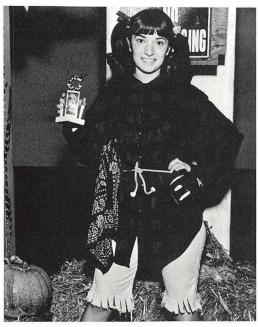

"Of course Little Abner looks like me!"

Almost every Friday night some campus organization sponsors a record hop. The theme differs each week as the groups try to create interest in their dance and assure themselves of a large crowd and a financial success. Regardless of the theme, the gimmick each week is the election of a king or queen. Since the fraternities and sororities nominate candidates for each of these honors, their members attend in great numbers at least enough to keep their vote-getting skills in practice for more important campus contests. When the campaigning is over and the votes are counted, the tension settles and the music comes up and the crowd begins to swing to the sound of a college band.

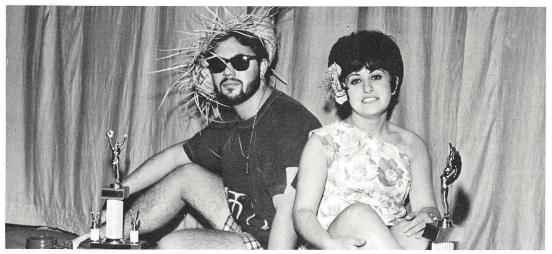

Patty Stropich was elected the "doggiest girl" at the Sadie Hawkins dance.

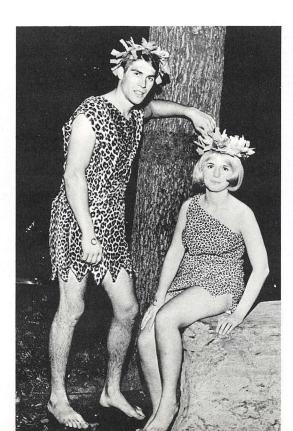

Melanie Kolanko and Tony Cafaro reigned as Daisy Mae and Little Abner.

Eileen Ifaret and Larry Marchese were awarded trophies at the Sig Ep Dance.

Louise Oris and Ray Matko were awarded the trophy for the most original corsage at the Gold Diggers Ball.

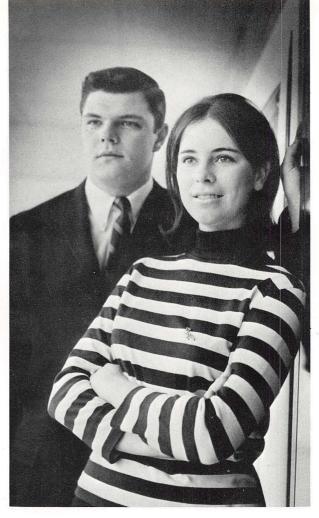

Ann Infante accepts the trophy presented to the Zetas for the sorority with most girls in the Sadie Hawkins Day race.

Ruth Yozwiak displays the shovel presented to the Tri-Sigs at the Gold Diggers Ball.

Bruce Barnes and Patti French reigned as Tarzan and Jane at the Phi Mu Dance.

Bill Ward and Maggi McKissick reigned as "Best Looking" at the Teke dance.

Alpha Phi Delta Sweetheart Janice Lesoganich was elected "Queen of Queens".

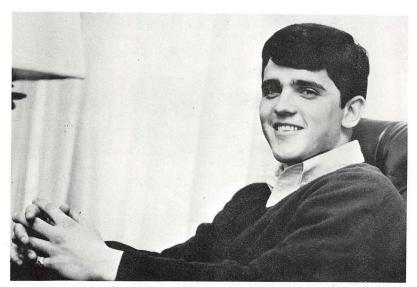

Dick Pirain and Carol Michaels were elected at the ZTA "Best Dressed Co-ed Dance." $\,$

Second Annual Spring Weekend Is

Spring Weekend 1965 was the best; it was organized, big, and most of all-fun. Friday there was a dance—not the usual Friday night dance, but a ball in the true New Orleans style. Saturday afternoon there was a carnival with booths sponsored by various campus organizations. That night the Lettermen entertained at Struthers Field House; and Sunday, for those who weren't satisfied yet, there was a picnic at Yankee Lake complete with a fireworks display. Queen Laraine Santangelo reigned over the festivities with the backing of her sisters in Sigma Sigma Sorority, who won the awards for the best booth and the best skit at the carnival.

Teke Victory Highlights Annual Greek Mixer

Every spring each of the Greek organizations on campus journeys to Yankee Lake for a day devoted to fun and renewing of friendships with the members of the other sororities and fraternities at the annual Greek Mixer. What do they do when they get there? The men compete violently in a series of athletic events while the girls try their skill at such frustrating sports as three-legged and sack races. All of this is, of course, in a spirit of fun. Last year the Tekes were victorious in the all-important tug-ofwar for the second straight year. The Phi Mu's took honors in the sorority competition.

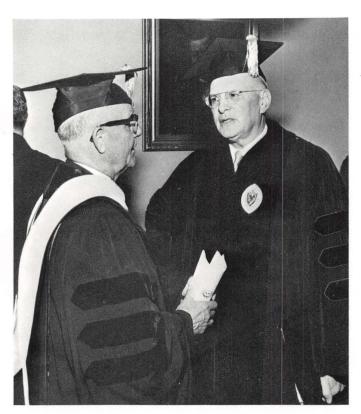

The crowd anxiously watches as the Sig Taus tug with the Sig Eps in first round Competition.

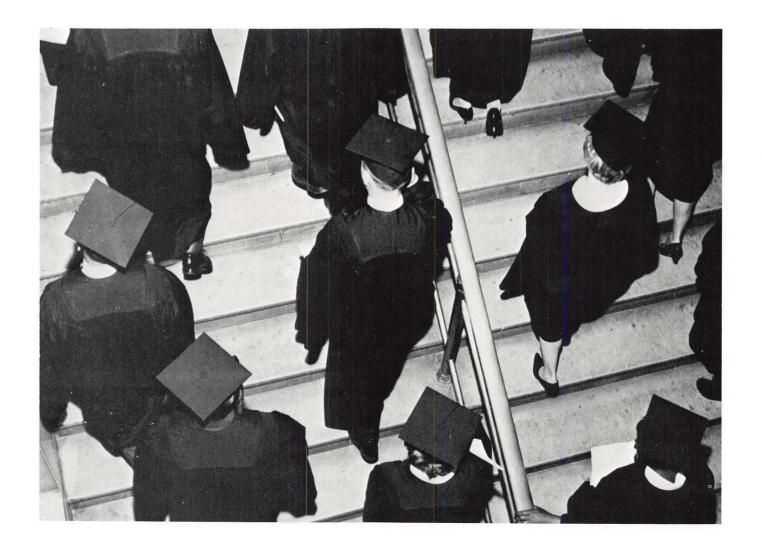

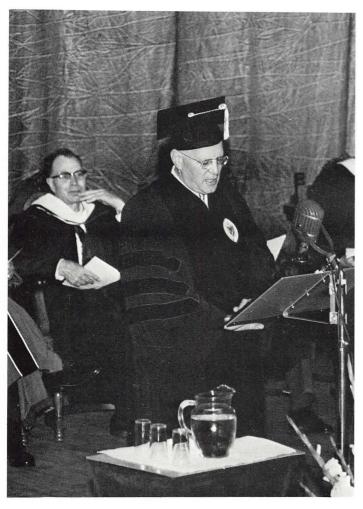

Commencement Ceremonies Mar Record Number Of Graduates

Two commencement exercises were necessary to accommodate the record number of graduates in 1965. Dr. Walter Langstrom, President of the University of Cincinnati, and Frank C. Watson, President of the Youngstown Chamber of Commerce, addressed the graduates in June and August respectively.

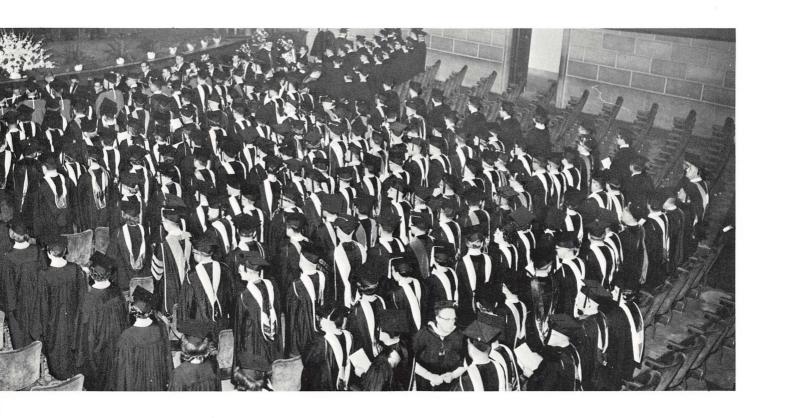

Commencement is a happy occasion because it is a beginning; it marks the successful completion of years of study and the acceptance into a profession. This is the day towards which all effort has been directed. But graduation is also a day of sadness, because on this day, college life becomes merely a memory as the graduates of Youngstown University step forward with degree in hand to face the world.

Dr. Walter Langstrom addressed the June graduating class.

Sharing friendship, developing character, and encouraging good citizenship and spiritual consciousness are a few of the main purposes of Sigma Sigma sorority. On the Youngstown University campus, Sigma Sigma Sigma appeared in 1957 when Gamma Sigma local sorority was installed as Beta Psi chapter.

Foremost in sorority activities is philanthropic work, taking the form of both local and national service projects. The sorority's major service work is furnishing funds for the Robbie Page Memorial Hospital in Chapel Hill, North Carolina. Funds for this project on the Youngstown University campus are obtained through the Topsy Turvy King election. The faculty advisor is Mrs. Joseph E. Smith.

PAN HELLENIC COUNCIL is the governing body of the social sororities at Y.U. The council is made up of three representatives from each group.

The main purposes of the Pan Hellenic Council are to maintain good relations among the greeks, to further good scholarship and to cooperate with the administration to maintain high social standards.

The Pan Hellenic Council is the controlling body for making and enforcing rules concerning rush and pledging. It annually sponsors the "Gold Diggers Ball" and with the IFC presents the Greek mixer and Greek Sing. Each year a scholarship tray is awarded at Greek Sing: Zeta Tau Alpha again won this honor.

In their spacious fraternity house the Brothers of Phi Sigma Kappa are often visited by other chapters. Their most recent visitors were the Brothers from their Upsilon Tetarton chapter in Rochester New York.

Alberta Samuels was crowned their Sweetheart last spring at their annual "Moonlight Girl Dinner Dance."

In the fall the Phi Sig's sponsored their Annual Presentation Dance at which the fraternity sweethearts were honored. The brothers also received the honor of announcing the 1965 Homecoming Queen. The Phi Sig's presented the Queen a bouquet of roses. This dance was the beginning of the weekend Homecoming festivities.

Jerry Torba was selected as an ROTC Cadet Commander and is also president of Alpha Kappa Psi Business Fraternity.

SIGMA ALPHA EPSILON

Sigma Alpha Epsilon was another fraternity that was busy remodeling their house which is located on Pennsylvania Avenue. The SAEs annually sponsor the campus-wide elections for Mr. and Miss Popularity. Four SAEs hold seats on Council, including Treasurer Joe Murphy.

The brothers of Sigma Alpha Epsilon won IFC competition in softball and were a strong contender for the football trophy.

Chip Boyd was elected the "outstanding SAE" for the Youngstown University chapter.

SIGMA PHI EPSILON

The Sig Eps have been active both on and off campus during the year. The Sig Eps represent various schools on Student Council with Howard Johnson serving as President for the Spring Semester of 1965. The brothers sponsored the Kahouna Dance for their annual fund raising project. Bruce Barnes was elected Tarzan at the Phi Mu Dance, Bill Ward was elected Best Looking at the TKE Dance, and Dick Pirain was elected Best Dressed at the ZTA Dance, and Gary Ross was elected Mr. Pop at the SAE Popularity Dance.

The Sisters of the Golden Heart, the faternity's little sister organization, helped the fraternity in many ways and at the Dinner Dance presented the fraternity with many gifts.

The social year saw the crowning of Miss Diane Pleunik as "Girl of the Golden Heart" at the annual "Queen of Hearts Dinner Dance."

TAU KAPPA EPSILON

1965 seemed to be the Tau Kappa Epsilon year at YU. The Tekes won first place in Homecoming float competition for the second consecutive year, and were the Tug-of-War champs for the second year also. They won the All-Eevents trophy at Greek Mixer, and were nominated the Best TKE Chapter in Ohio. Singing "Scarlet Ribbons" in Greek Sing, the Tekes won first place honors under the direction of Jim Hughes. Jerry Singer was crowned Topsy Turvey King and Russ Patterson was named Phi Mu Man of the Year.

The Tekes were active in other activities; Jerry Singer served as editor of the Jambar and Jim Moore was Greek Sports editor. Annually the Tekes sponsor the TKE Toddle with the election of the Best Looking Co-ed. Jim Hughes and Dale Wadman were selected members of the Dana Concert.

The highlight of the year was the crowning of Mary Jane Cunningham as TKE Sweetheart at the annual Dinner-dance.

1966 was a hectic year for the Theta Chis because in addition to their activities they remodeled the first floor of their fraternity house. All the rooms on the first floor were painted and refurnished.

In the fall the Theta Chis initiated a Little Sister organization which is made up of pinmates of the brothers and girls who are interested in the fraternity. The Little Sister's assist the brothers with rush, and installation of the pledges and act as hostesses for their teas.

The Theta Chis annually sponsor the "Queen of Queens Dance" all queens and fraternity sweethearts are candidates for the title. Voting takes place at the door and the queen is crowned "Queen of Queens" during intermission at the dance.

ZETA BETA TAU

The ZBTs have had a new institutionalized kitchen installed in their fraternity house. The members of Zeta Beta Tau stress brotherhood and loyalty. The brothers annually sponsor a card tournament which is open only to the members; trophies are awarded to the winners.

Last summer six ZBTs traveled to the Bahama Islands to attend their national convention.

On the campus social calendar the ZBTs sponsored a Scholarship Dance for their fundraising project. Awards were presented to the organization with most members attending the dance.

ALPHA PHI OMEGA

National Service Fraternity, Alpha Phi Omega is dedicated to the ideal of service to the University and the community. Projects range from building floats and sponsoring Christmas parties for underprivileged children to leading tours of the university for incoming freshmen. One project which is a particular service to the students is the used book exchange sponsored by the brothers of Alpha Phi Omega at the beginning of each semester. The many service projects are planned by Alpha Phi Omega in their new office located in Kilcawley Student Center.

PERSONALITIES

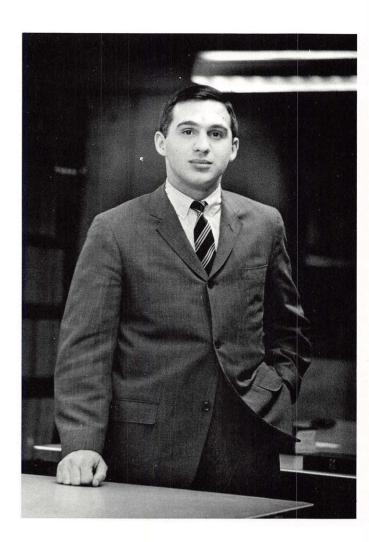

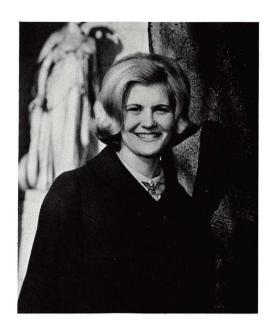

Ruth Yozwiak is an attractive girl who possesses much intelligence and personality. Her name is known to the entire student body. The engineers expressed their fondness for her when they chose her as their sweetheart in 1964. In the Fall of 1965 she was selected as first attendant for Homecoming. She has been on Student Council for two years, serving a semester as vice-president and a semester as secretary. Ruthie is especially devoted to her sorority Sigma Sigma. She has been their secretary and president.

To be president of an organization is an honor but even more than this it is an obligation. Paul Perantinides is the man who has attempted to achieve harmony between every organization and individual at Youngstown University. As president of Student Council, Paul was entrusted with what may seem to be an almost impossible task and yet we saw many favorable results. He adds personality to any group and the Theta Chis will certainly agree with this. Paul has been their treasurer and is now president of the popular fraternity.

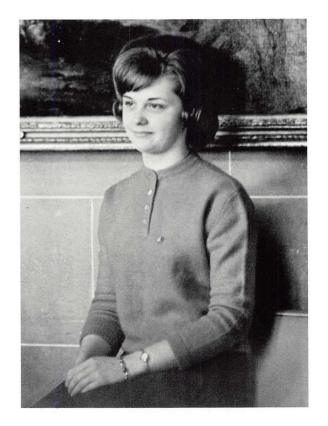

Luis Suarez, editor of the JAMBAR, has been one of the most complimented students on the campus of Youngstown University and also one of the most criticized. He knew that he wouldn't be able to please everyone with his weekly JAMBAR and yet this is what he attempted to do. Whenever he heard criticism of his paper he tried to take it constructively so that his following week's paper would be better. Luis has been in so many campus activities that it would take at least a page to list them all.

Although Gwen Stone, a member of Zeta Tau Alpha Sorority, does not plan to be a secretary she does have the experience. She is not only a secretary for the Business Office but she has also been secretary of Student Council for two semesters and she is presently serving as secretary for her senior class. As Gwen Stone walks through the campus of Youngstown University she seems to attract the attention and respect of many students.

Last August when many students were enjoying picnics and parties, Ray Repasky was at Camp Fitch preparing himself for the Fall football season. Because of his skill, dedication and sportsmanship he has been one of Youngstown University's most outstanding players. He has given much time and talent to the team. This is recognized by the entire community.

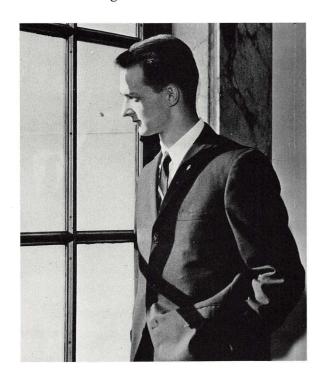

Vic Rubenstein, president of the senior class and secretary of Student Council, seems to be the man most likely to succeed. He is perhaps one of the busiest students on campus and yet he is always willing to give some of his time to others. It seems that his best is never enough. Indeed, it is true that Vic Rubenstein is a politician; nevertheless, he has a political technique which is astonishing. His expanded campaigns brought much admiration.

Barbara Chura is a personality for many reasons but perhaps most important because she is herself. Sincerity is her most outstanding virtue. She need not work at gaining the attention of the University students—it just happens. Barbara is involved in many activities. She is a majorette, a Pershing Rifles' sponsor, president of Alpha Omicron Pi Sorority and has been vice-president of Pan Hellenic Council. Many people have predicted that her next year of college will be her most successful.

Larry Wilburn is a young man who is very enthusiastic. It is amazing how he becomes involved in so many new projects. Larry has been a member of Student Council and has also been a cheerleader. He is a brother of Sigma Phi Epsilon and is serving the senior class as their social chairman. Here is a guy who enjoys life and who can help anyone enjoy it if he is just given the opportunity.

Tom Catheline has been without a doubt one of the best representatives-at-large who has ever served Student Council. He has always been interested in the welfare of the majority rather than in trying to please any particular group. When he ran for re-election, Tom received a great majority of votes—a sign that the students were pleased with his work. Last Fall he proposed that the Student Council president be elected by the student body. This proposal raised much controversy in Student Council and then was defeated; nevertheless, Tom surprised everyone when, he later was elected president of Student Council.

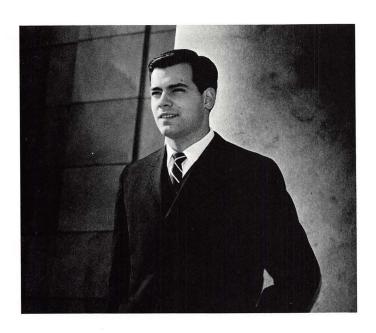

During the past year many students at Youngstown University have observed a young lady who was constantly scurrying across campus. Often she was followed by a photographer who was unable to keep up with her fast pace. Obviously this young lady was Ruth Davies, editor of the 1966 NEON. She is a very remarkable person. No one will ever understand how she could remain so calm and pleasant when she had such a responsibility to fulfill. Ruthie, a member of Zeta Tau Alpha Sorority, was given one of the most important jobs at Youngstown University and in return she has given us her best.

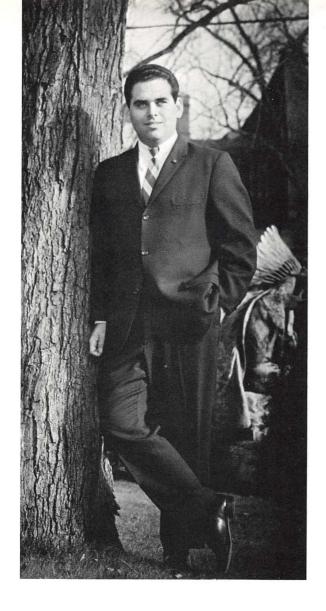

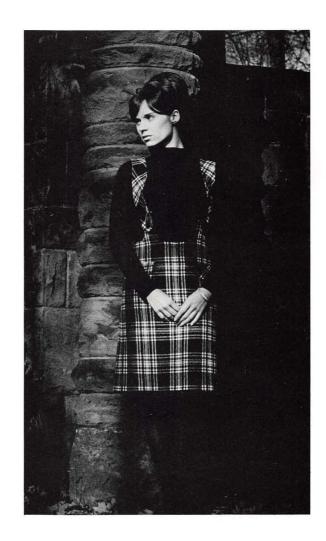

Everyone knows Elaine Dixon. She is never satisfied with doing less than her best. This is true. While serving on Student Council for the past two years, "Dixie" has helped plan many activities for the University. She has also been Chairman of Freshman Orientation, an honor student, secretary of Zeta Tau Alpha Sorority, a sister of Theta Chi and a member of the Mardi Gras Court. As busy as she is, Elaine still finds time to entertain her friends with her fine sense of humor.

Although Don Constantini may appear to be a quiet individual, after talking with him anyone can easily see why he has won popularity. He has been recording secretary of Sigma Phi Epsilon, treasurer of Alpha Kappa Psi, has been participating in all Intermural sports and has been treasurer of Student Council. As a Council member Don sees the need for a student body which takes an active interest in the government of Youngstown University. Last Spring Don had the honor of being named the fraternity man with the highest point average.

Some know him as Jerry, the back page columnist, some know him as "The dirty old man," but all know Jerry Singer and he knows everyone—even the fat girl who loves to give karate chops! He is the type of guy anyone could sit and talk to for hours and never get bored because he is so much fun. Jerry, a member of Tau Kappa Epsilon, has been in many campus activities but most people will remember him for his weekly column in the JAMBAR. No one ever knew what he would write next—not even Jerry.

Paul Gregory is a man who possesses high ambition. Those who know him will readily admit that he is a good Student Council member. During his first year on Council perhaps his greatest contribution was his suggestion that our expansion program include an amphitheater. Paul's diligence and political experience helped him to be re-elected to Council. He hopes during this term to plan for the appearance of Y.U. students on the G.E. College Bowl.

Laraine Santangelo, a sister of Sigma Sigma Sigma Sorority, has actually been the queen of Youngstown University. Inter-Fraternity Council chose her as their sweetheart in 1964. That same year she was selected as Miss Warren in the Miss Ohio contest. In May, 1965, the entire student body chose beautiful Laraine as their queen for Spring Weekend. She is currently serving as the sweetheart of Theta Xi Fraternity.

Donna Megela, Miss Popularity, is the young lady who seems to fascinate many students on the campus of Youngstown University. Often she has been described as possessing the beauty of an "All American Girl". Donna, a member of Sigma Sigma Sigma, has a pleasant air about her, one of the reasons why she has been named Miss Popularity. Her partner, Gary Ross, Mr. Popularity, has won his title for many reasons, but perhaps mainly because he is a friendly person with whom anyone can feel at ease. He is a member of Sigma Phi Epsilon, Alpha Mu, vice-president of the Young Republicans, a resident assistant at Kilcawley Hall and has served on Student Council.

Last Fall Jackie Fynes' sorority decided that she would be their candidate for Homecoming Queen. At the time a lot of students knew her but her name wasn't really known by the entire campus. Now it is definitely known because she was elected queen. Jackie has been an honor student, a member of Zeta Tau Alpha Sorority and Greek Goddess in 1965. Music is Jackie's major interest. She not only gives private piano and organ lessons, but she also plays professionally.

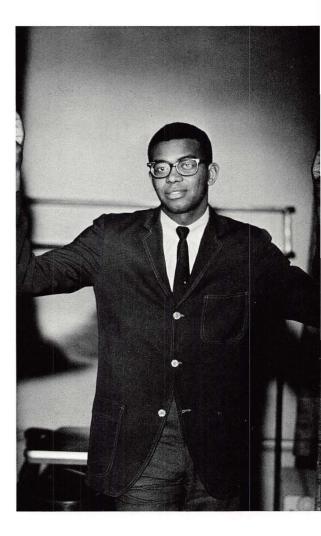

Last semester Ivan Milekovic served as discipline chairman of Student Council. With this job came many of the headaches of responsibility. When the sorority sisters were not satisfied with the results of a queen election they ran to Ivan. When Student Council candidates felt that their competition was violating certain by-laws they too would run to Ivan. When his Theta Chi brothers had problems even they went to Ivan for help. Despite these difficulties, Ivan has served the student body well. His tasks are not over yet for he is now serving as Council's vice-president.

Howard Johnson, a Sig Ep majoring in Public Relations, has been one of Student Council's most outstanding members. Because he is a man of tranquility he is always able to take the time to think before acting. This is probably one of the reasons he served as president and vice-president of Council during his four semester term. A person who comes from another state to attend Y.U. often finds it difficult to meet success but Howard certainly has not found this true.

David Culliver, captain of the 1965-1966 basketball team, is without a doubt a champion. He has played first team varsity for three years and has been a team leader in both offense and defense. During his sophomore year Dave was winner of the M.V.P. award in the Geneva Invitational Tournament. He is a member of the Y.U. "1,000 Point" basketball club and last year he was elected to the All-District team. Dave has been the leading scorer for the past two seasons.

Some people feel that to be a campus leader it is necessary to be a very talkative extrovert; however, this is not a logical conclusion. Everyone will readily admit that Wally Matlock is a leader and yet he does not have to let people know he is around. He is such a great person but he doesn't realize it. Perhaps this is why everyone wants him as their friend. He has been president of Sigma Phi Epsilon, vice-president of Deans Council and discipline chairman of Student Council. Although defeated for re-election to Council, Wally was not discouraged. He seems to have gained even more popularity.

As president of the NAACP, Thaxton King has served as an informer for many students at Youngstown University. Because he has been invited to speak at many discussion groups, he has been able to help many people form intelligent opinions concerning some of the important questions in this modern world.

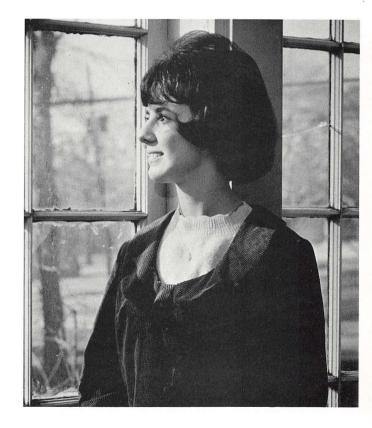

Gloria Jean Dunnam has more than impressed Youngstown University with her superb acting ability. For the Y.U. Theatre she has played major roles in "The Choir", "Romeo & Juliet", "A Midsummer Night's Dream", "The Sandbox" and "The Glass Menagerie". Gloria belongs to the English Society and is a member of Alpha Psi Omega, dramatic fraternity. In 1964 she won the John G. Broumas acting award. Perhaps her greatest college experience was her tour with the USO last winter. After graduation Gloria hopes to either join a stock company or do graduate work in Theatre Arts.

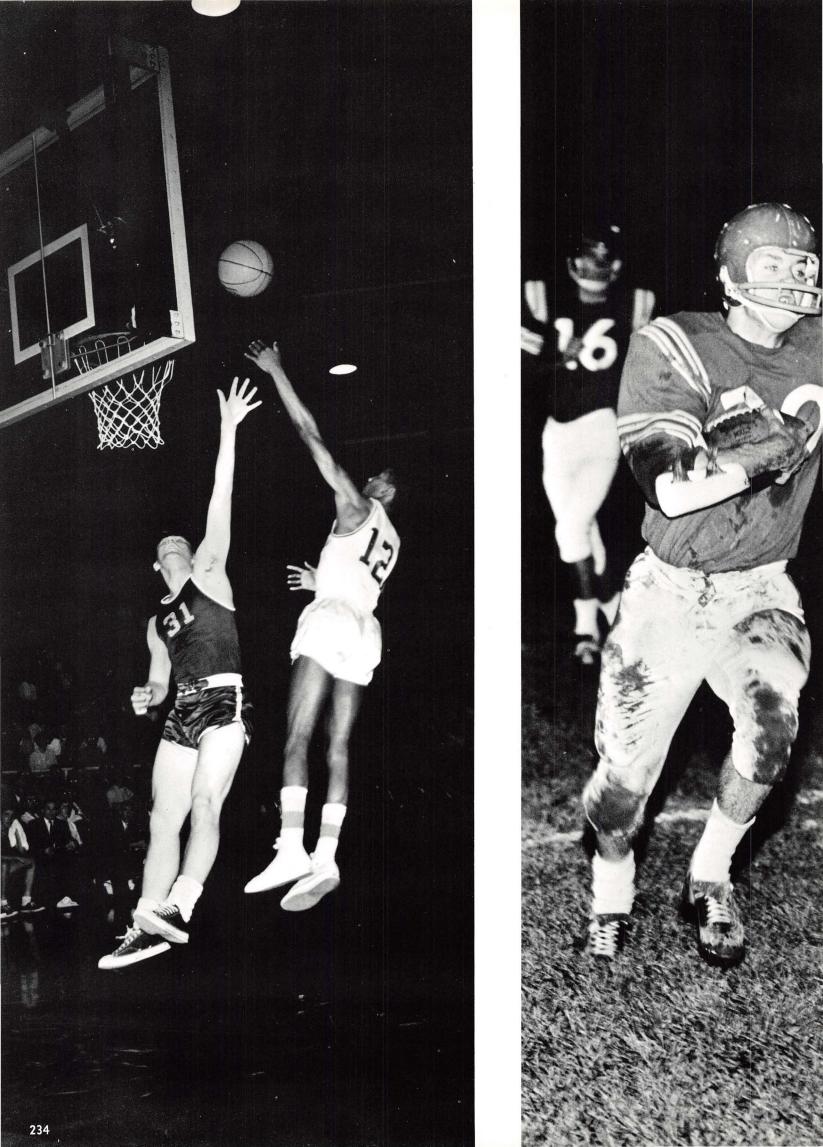

Jack Tucker has had many interests at Youngstown University but his major interest was the JAMBAR. When he was editor his paper won first place in the state as the best weekly and it was ranked among the top twenty-five in the nation. Jack was not afraid to say what he thought and thus he was able to accomplish much. Perhaps many students have never seen Jack Tucker but everyone has heard his name.

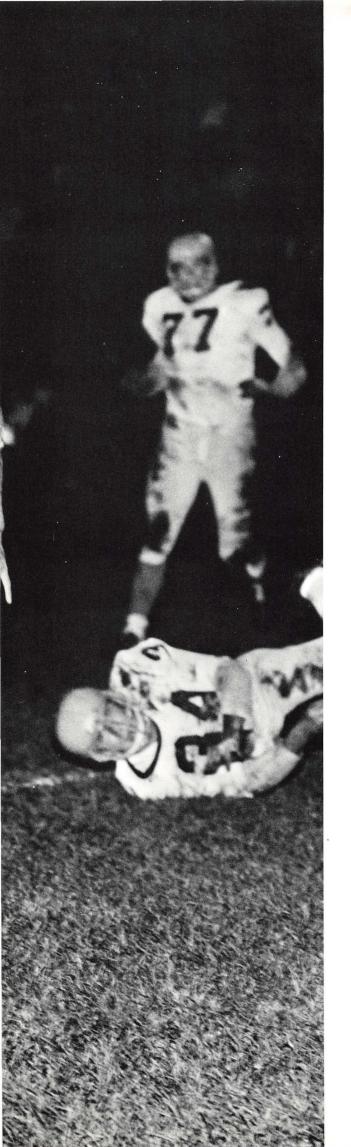

Activities and honors often speak on behalf of a personality. During her freshman year, Marcia Hura was named Moonlight Girl of Phi Sigma Kappa. Sophomore year she began her term on Student Council, pledged Sigma Sigma Sigma Sorority, worked for the JAMBAR and was elected to the Newman Club's Marion Day Court. During her third year "Bunnie" finished her term on Council, served as the social affairs officer of Newman Club and was a member of the Mardi Gras Court. She was elected internal vice-president of Newman Club during her senior year and she also became a sister of Theta Chi.

965 Season Marks 25 Years If Football at Y.U.

The 1965 football season marked the silver anniversary of football at Y.U. On the opening day of the season, Mayor Anthony B. Flask proclaimed that weekend to be Youngstown University Football Days.

At the Alumni Homecoming banquet coach "Dike" Beede was presented a plaque honoring the team for their sportsmanship and success.

Preceding the final game the Y.U. grid vets presented the university with a new silver victory bell.

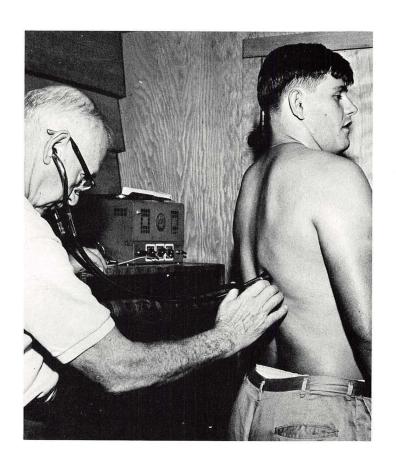

Jake Ferro and Ray Repasky were awarded trophies for the outstanding lineman and back, respectively, at the grid vets post season banquet. Ray Rohan was awarded the Ben Sharshu Memorial Trophy which is annually presented to the player who makes the most outstanding contribution to the team.

Coach "Dike" Beede and assistant coach Jim Vechiarella consult with assistant coach Ralph Wolfe in the press box.

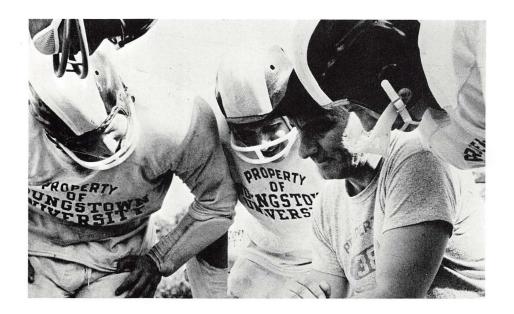

Camp Fitch Prepares Team For Rough Football Season

If you have ever compared the fumbling play of a group of guys just messing around with a football to the dance-like motion of a well-executed football play by a college team, you can begin to appreciate the grinding work that precedes the game you see. The Y.U. team, coaches and managers spend two weeks before the first game at Camp Fitch preparing for the season. Sixteen hours a day, they work at the business of football —they exercise, they scrimmage, they run and if there is time they exercise a bit more. When the players' bodies are tired and the sun has gone down, their brains are drilled equally hard. For long tedious hours, they memorize plays and analyze movies of the previous year's mistakes. Whether the struggle was worth it is never known until the end of the season; this year it was.

Penguins Score 6 And 2 Record

The Youngstown University Penguins finished the 1965 football season with a successful 6-2 record. In the opening game the Penguins defeated Central Michigan 35-14. At Moorehead State College, the Penguins were defeated 12-9; however, because Moorehead used an ineligible player, the game was forfeited to the Penguins.

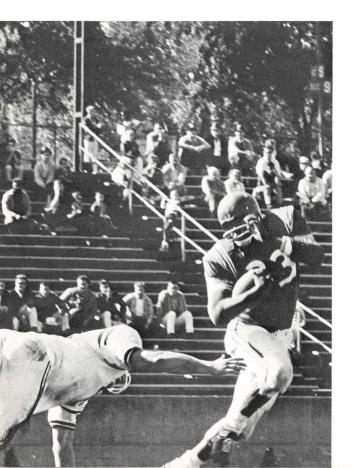

Youngstown defeated Southern Illinois 9-7 on Chad Rudzik's field goal with two seconds left in the first half. The second half was scoreless. In the Homecoming game the Penguins were again victorious, defeating Southern Connecticut 16-7.

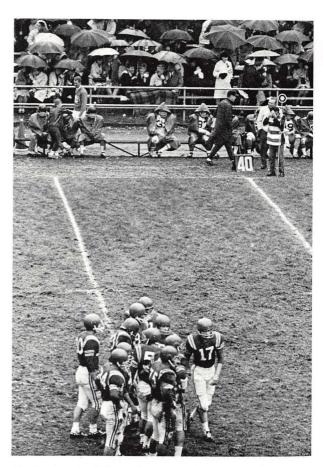

The Y.U. gridders then romped over Augustana by a one-sided score of 29-0. In the next game the Penguins lost to a tough Baldwin-Wallace team 30-0.

The Penguins then played the nationally ranked University of Maine. The Maine team was just too tough in the second half as they scored three touchdowns to defeat Y.U. 9-22. In the final game of the season the Penguins defeated Gustavus-Adolphus by a score of 21-8.

Youngstown University opened the season by scoring a revenge victory on Ashland College. The margin of victory was only seven points but the team's success in beating Ashland at slowdown basketball was a good omen for the season. In the first home game, YU defeated Walsh College decisively. The Penguins played an outstanding defensive game limiting Walsh's high scorer who usually averages thirty points to only twelve. Baldwin-Wallace was downed by twenty-seven points in the next contest. Joe Nigro played an outstanding game; he scored thirty-two points mostly onehand shots. Despite many mistakes, YU pulled out another victory against the Michigan Lutheran Saints. The University of Windsor was YU's fifth victim. Ahead by only four points just after the half, the Penguins pulled away with four quick baskets and insured themselves another victory. Muskingum and Hiram were two easy victories. In the game with Illinois Wesleyan, the score was tied six

times and the lead changed seven times, but Y.U. was ahead when the game ended. A slow trigger by the official timer saved the game with Alliance college for Y.U. There was a question whether Nigro's last shot which tied the score came before the buzzer sounded; the officials called for an overtime. Alliance couldn't get a point and Y.U. won again. Niagara gave the Penguins their first defeat. The Purple Eagles scored fifty per cent of their tries as Y.U. was hampered by the necessity of playing without Nigro. Southwest Missouri put Y.U. back on the winning track. In the game against Alderson-Broaddus, Dave Culliver became number five of all-time Y.U. players in total points scored. The Penguins closed the semester with two more victories against Buffalo State and Susquehanna. The final game of the semester a contest with Gannon College was cancelled when the Y.U. team was stranded on the Pennsylvania Turnpike during a snow storm.

The 1965 tennis team coached by Bob Thompson netted an impressive record of 11-3. Despite playing one of the roughest schedules in recent years, the team achieved their best record since 1958. The 1966 team has high hopes of continuing their success since only one man, captain Garth McHattie a four year letter man, was lost due to graduation. In addition to Rick Fyne, Dick Fry, Ralph Tolbert, Ron Dietzel, Ed Davis and Tom Benton who return from last year's team, the 1966 team includes new members Bob Bennett, an accomplished player who has been named to numerous Junior Davis Cup squads, and John Keil, a transfer student.

Santore Sparks Team To Winning Baseball Season

The 1965 baseball team coached for the fifteenth year by Dom Rosselli completed the season with a successful 16-6 record. After losing the opener to St. Vincent, the team steadily improved and closed the season with a four-game winning streak. Tom Santore, a senior, was the outstanding hitter for the second straight year with a .412 batting average and 23 runs batted in; Jim Ferraro and Ron Myers, both underclassmen, had the second and third highest batting averages respectively. Don Ross and Don Rembold, both first year pitchers, were tied with 4-0 records. Jim Boyle also in his first year had the lowest earned-run average of the regular pitching staff. The outlook for future seasons is good with so much young talent on the team.

The 1965 golf team closed the spring season with a 6-10-1 record. The team defeated several of YU's traditional rivals including Baldwin-Wallace, Steubenville and Gannon. Bob Kish was the outstanding player with an average score of 74. The team averaged 81.4. The golf team plays home matches on the Avalon course although they practice on many courses in the area in preparation for matches away from home. The golf season is divided into a spring and fall season due to the inclement weather in Ohio during much of the school year. Mr. Carson the chairman of the Men's Health and Physical Education Department is the coach.

Coach Johnson gives last minute instructions to the team.

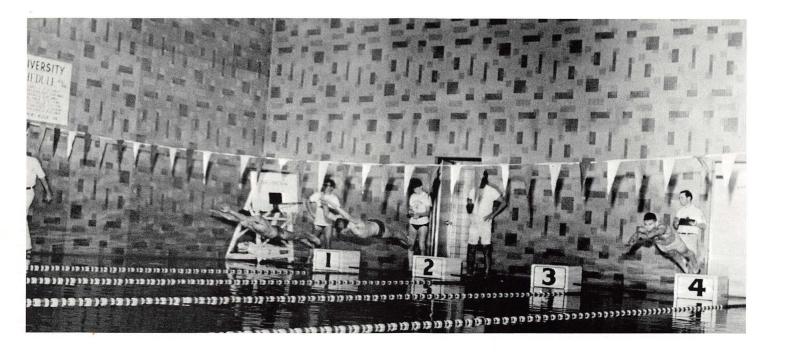

Finmen Set Y. U. Records

The Y.U. swim team participates in the Penn-Ohio Conference and in the annual NCAA college division meet. The men practice five days a week in preparation for these meets.

The team's most outstanding swimmer is Tom Cracium who won All-American recognition at the NCAA meet last year in the fifty yard freestyle. Tom holds the Central Y pool record with 22.5 seconds for the fifty yard freestyle; this is 0.2 seconds better than last season's All American clocking.

The squad boasts a fine group of freshmen and some very capable sophomores who were on the fourth place conference team in 1965. Leading the freshmen are Bruce Logan, school record holder in the two hundred yard breaststroke; Bill Benton who has tied Tom Cracium's record for the two hundred yard freestyle; Ken Montgomery, school record holder in the two hundred yard butterfly; and Ron Vesely and Bryan Logan.

Leading the returning lettermen is Paul Rogenski who has smashed his own five hundred yard freestyle record twice this season. Alex Wojtalik, Ken Wisner, Dick Montgomery, and Jeff Evans have all bettered their performance this year.

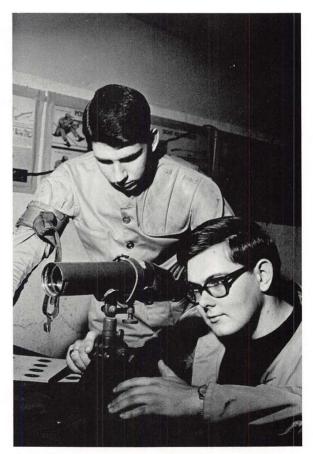

Demonstrating different positions are left to right: Bill Huston, offhand; John Jardine, kneeling; Dick Wanick, sitting; Donna Madasci, prone.

Mary Ann Harper, number one female shooter, practices in her prone position.

Frank Binns and John Fleming check targets for scores.

J. Jardine in kneeling position and D. Wanick is sitting position shoot for competition.

Rifle Team Ranks High in Conference

John Lesko and Bill Starr make a double check on their targets.

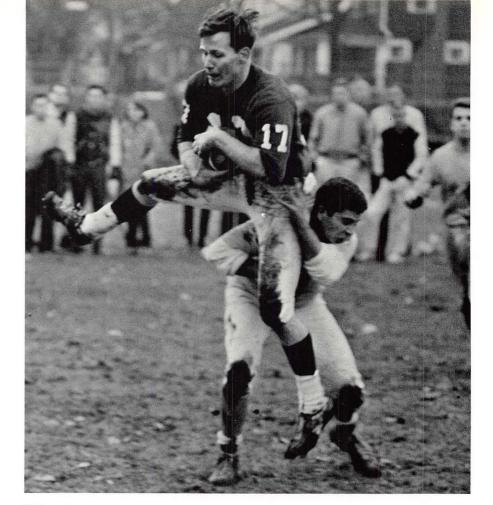

The Youngstown University Rifle Team shoots in the Lake Erie Intercollegiate Rifle Conference. They completed the 1965 season in second place and currently stand third with a 1260 average and fourth percentage-wise in the Lake Erie Conference. Of the top ten shooters in the league, two, senior John Jardine and Richard Wanick, are members of Y.U.'s squad. In Intercollegiate competition, the Y.U. team is the only one with two active female members—Mary Ann Harper and Donna Madasci. The team practices weekly at the Miller Street Armory under the direction of Captain Max Bird and are coached by Sergeant Dimoski.

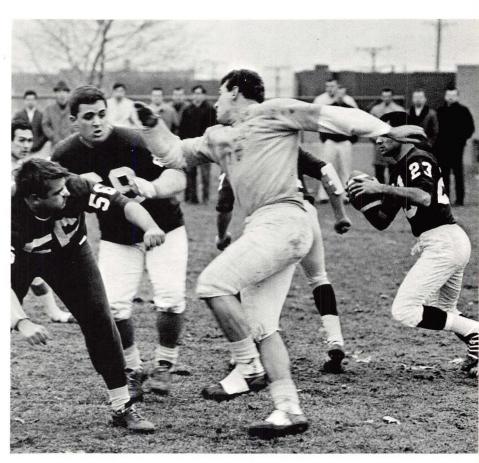

RIFLE TEAM: M. Murphy, B. Gartland, Donna Madasci (Sec.-Treas.), D. Wanick (Pres.), M. Harper, J. Slanina. Row 2: B. Starr, J. Lesko, F. Binns, J. Jardine, J. Fleming, B. Huston, H. Graygo. Missing: G. Torba, P. Demko, D. Yavorsky.

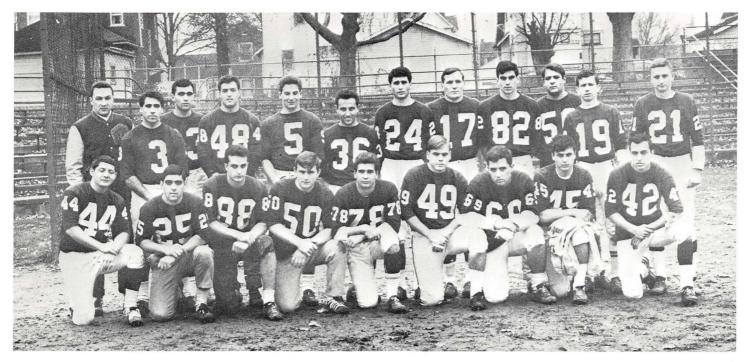

IFC football is rugged.

THETA XI FOOTBALL TEAM: Row 1: D. Larcinese, J. Ansilio, A. Pedone, R. Krug, J. Longo, R. Bodnar, G. Strollo, J. Uvena, J. Sandy. Row 2: J. Corbett (coach), M. Barbiere, L. Antonucci, F. Carsone, J. Lepre, K. Zarro, J. Joy, J. Delserone, D. Jones, J. DiStazio, R. Mansfield, G. Stankovich.

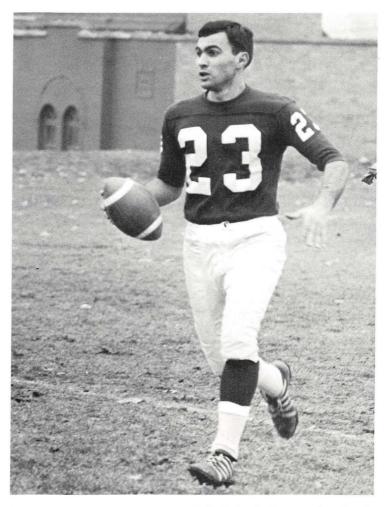

Theta XI Wins Its 7th IFC Championship

Each fall the fraternities introduce the year with building Homecoming floats, rush and IFC football practices. The competition for the Sunday afternoon tilts is the keenest.

This year Theta Xi fraternity scored its seventh IFC football championship by defeating the Alpha Phi Delta team by a score of 18-7 in the playoff game.

Alpha Phi Delta entered the championship game unbeaten and unscored upon in five games. The Theta Xis were also unbeaten and had given up only one touchdown to the powerful Sigma Tau Gamma team.

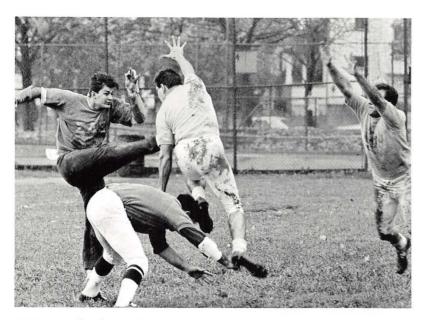

Lou Antonucci of Theta Xi was selected for the fourth year to the All-IFC football squad. Back Ron Bradich of Sigma Tau Gamma was also tapped for the third year.

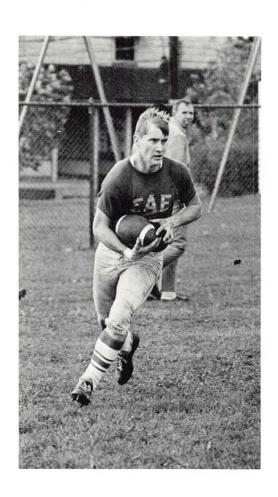

Lou Antonucci is selected for All-IFC football team for fourth year.

Joe Vukovich carries for the Phi Sigs

Senior Class Officers

Having dedicated the year to the New Tradition, the Senior Class of 1966 began a series of activities and success. The graduating class dedicated itself in activity and ideal to the principles of tradition and expansion. The class, trying desperately to bring about a Senior Week, engaged in more activities than any previous one. The Senior Dinner-Dance was inaugurated with the hope that future Senior classes would continue such an affair. Highlighting the year was the selection of the senior gift. The stately fountain which was selected is to be located in the center of the grounds of Kilcawley Student Center. Aiming towards tradition, the Senior Class of 1966 recommends that future classes utilize the fountain by throwing their coins into the fountain before Homecoming games. The dynamic Class of 1966 will not soon be forgotten at Youngstown University.

In Memoriam

Professor Frank M. Clark

Dr. Emilie C. Weltman

Dr. George M. Wilcox

Dr. George Milo Wilcox's fifty-three years of service in the field of education ended with his death on June 15, 1965, after a long illness. During his thirty one years of service at Youngstown University, Dr. Wilcox organized the Department of Education, serving as its director until his resignation in 1958 to return to teaching. Many of his articles on education in the United States and the Near East appeared in scholarly magazines. Dr. Wilcox was a member of two national honor societies and his name was listed in Who's Who in America. He was one of the most energetic educators in YU's history.

Shortly after teaching his morning classes on July 13, 1965, associate professor of physics Frank M. Clark was stricken with a fatal heart attack. Professor Clark came to Youngstown University in 1957. A physics teacher with a sense of humor, his classes were closed as soon as their IBM numbers were posted. A conscientious educator, Mr. Clark went beyond the duties of classroom instruction; he lectured at many science clubs' meetings, in an effort to further student interest in science. He was not just a professor; he was a leader.

Dr. Emilie C. Weltman died unexpectedly during the fall semester. She had been on the faculty since 1949 as an instructor in the German department. Mrs. Weltman was educated in Germany at the Universities of Berlin and Frankfort before coming to the United States in the 1930's. A prominent art critic, she lectured here and in Germany on art appreciation and literature. Mrs. Weltman was a popular instructor because she drew on her vast knowledge of German cultural activities to stimulate interest.

The 1966 Neon is an attempt to tell pictorially the story of one of the most exciting years in Youngstown University's history.

With the destruction of the first homes surrounding the campus, the student body realized that campus redevelopment would affect them, not in the hazy future, but now. For the first time, the students from the five schools were united by a common interest—the development of their school.

By fall, the campus was noticeably changed. Classes were scheduled in the newly acquired Elm Street School and Dana Recital Hall. But more significantly the resident students were no longer scattered in lonely rooming houses—they were united in Kilcawley Dormitory.

Construction of Kilcawley Student Center was only a preview of the "new YU". Before its cafeteria facilities were completed, the ground was cleared for the Ward Beecher Science Building and the Engineering Building.

Although the class of 1966 would never see the completion of the redevelopment program, they have been keenly interested in its progress. The members of the class voted to present as the Senior Class gift, a fountain to complement Kilcawley Amphitheater.

The *Neon* just as the year 1966 is an introduction to the future of Youngstown University.

A yearbook can not be produced without the assistance of many people. We would like to thank the students who worked on the *Neon*; the staff of the Public Relations Office; Mrs. Anne Schafer, advisor; Mr. Bill Abey, photographer; Mr. Jerry Elmore and Taylor Publishing Company and especially the students of Youngstown University.
