We have tried to give you the key to unlock and claim the riches that are the common possession of all who are willing to pay the price of time and effort. If we have stimulated your interest in the love of a society which is democratically organized for the purpose of increasing human happiness through a deeper respect for human personality, then we shall be proud of you, Youngstown College Alumni, as we are proud of you now, Youngstown College Seniors.

Coach Raymond Sweeney's experienced team met two defeats in two starts to open the 1937 season . . . Smarting from the bitter sting, the team showed a complete reversal of form in the next four encounters and emerged on the sunny side . . . Their confidence restored, the club journeyed eastward to meet the famed Long Island University, in order to test their mettle . . . A hard battle was fought with the more experienced University cagers netting a well-earned decision . . . Thrice defeated, but not discouraged the Red and Gold interrupted their homeward trek long enough to administer a defeat to the University of Newark . . . Balancing the physical development with the cultural has been the object of intramural sports at Youngstown College. Intramurals provide athletic development and sportsmanship for those students who do not ordinarily participate in intercollegiate activities. A variety of sports is offered that enables every student to find some activity at which he is most adept. Baseball, tennis, touch football, basketball, handball, volleyball, swimming, ping pong, badminton, checkers and chess are a few of the sports offered. Many of the athletic programs are carried out in the form of interfraternity and inter-club leagues.
