### Proposal:

A **restricted minor** is an intellectual venture of 12-19 hours that includes courses with pre-requisites that are assumed to have been completed as part of the student's major program of study. When a department proposes a restricted minor, it must identify the major programs that can complete the coursework in 12-19 hours. Any additional pre-requisites that are not completed as part of the student's major program of study must be included in the 12-19 hours.
