FROM BEHIND THE DESK

"Gaudet tentamine virtus.
--Valor delights in the test."

Perhaps some of you are wondering why you have to take "those old tests" anyhow. They are a nuisance, both to you and to the teachers; that's true. But anything worth while in this life goes through a testing period before it can be pronounced worthy of public confidence. Before the engineer allows his new bridge to be used, he tests it thoroughly. Before the water is turned in to the new dam, the builders make sure that it will stand the great pressure. "The Strength of Materials" is a very important course in every engineering school. All materials carefully tested before being used in a new building, a new road bed, or what not. You, I am sure, would hesitate going up in an airplane that had not been carefully tested. This is the testing time of your lives. Before your college can put its stamp of approval on you and send you out into the world as one of its products you must be put to certain tests, not only of your knowledge but of the strength of your character. May you stand the test in everything you undertake!

The students and the faculty of Youngstown College extend their sincerest sympathy to Mr. and Mrs. Nearpass in their bereavement in the death of his brother.

YOCO DROPS ANOTHER

The Indiana Y.M.C.A. team displayed a superior brand of basketball last Friday night at the "Y" gym when they defeated the Youngstown College cagers 37-27.

The game was much closer and hard fought throughout than the score indicates, neither team having a decided advantage until the second half, when the Indiana cagers forged ahead to win.

The whole YoCo team played a fighting game with Wheland, MacDonald, and Hunter as the stellar performers. The Indiana "Y" team depended on Fulton for the scoring.

YOCO BOOKED AT KENT

The Youngstown College cagers are traveling this week-end. They meet Kent State College at Kent Saturday night. A hard battle is looked forward to since Kent beat Youngstown by only six points when they met here on January 3. A large following of Youngstown enthusiasts is expected to be present at the Kent game Saturday night.

IN THE CLASSES OF TOMORROW

In the classes of tomorrow
Will the students be more fair?
Will we find relief from zeroes?
Will there be more A's there?
For each loved A that will blossom
E's will die and fade away
Oh! I'd so much rather
All my loved A's gather
In the classes of today.

You may have thought Jim Chambers a gentleman. He is, and in addition he is a Cavalier. He kisses the girl friend's mother's hand when he says goodnight.

Personal to J. G. H. --

B-A-A-A-A-A-A-A-A

When did Dr. Bowden turn small town fireman carrying the bucket of water upstairs, and again maybe he was a brute to throw it on the little kids. They were only playing "Indian".

The answer to a certain senior's prayer-----Sally Gulanish.

Prof. Bowden - Please Note!

Marion Morgan's own explanation as to why she didn't do so well in the History Exam is, "Some meaney took my snouzy history book the day before the exam. Pule-e-e-ze!"
