

## Classmate Of The Week

Janice Glaros

### SPANISH CLUB

The Spanish Club, Los Buenos Vecinos, will have a Halloween party tonight at 8:30 p.m. in the Pollock House. Visitors and new members are welcome. Masquerade is optional.

### Women Must Fill Out Folder

Any full time freshman women students who haven't filled out a personnel folder during Orientation must go to the Dean of Women's office, 210 Jones Hall in order to complete this.

All full time women transfer students are also requested to complete these forms.

### Newman Hears Pacifist

Ron Young, New York pacifist and critic of U.S. policy in southeast Asia, was the guest speaker at the YU Newman Meeting last Sunday.

Mr. Young, a member of the Fellowship of Reconciliation, a peace organization, directed his comments toward "Christian Conscience and the War in Viet Nam". It is Mr. Young's contention that if Christianity and the Church propose Christian brotherhood and love how then can war be acceptable even for "justifiable reasons"? He went on to emphasize that the choice to take part in a war, any war is a decision to be made by the individual as his conscience so dictates, not as a government or a leader decides. His elaboration on this and his views on the "justifiableness" of the war

in Viet Nam were stimulating and controversial.

Mr. Young told the audience that even though his draft status is C.O., that of a conscientious objector, he no longer intends to carry his draft card and has informed his draft board of this fact.

The question and answer period following Mr. Young's talk was lively and heated. Because of the interest that was generated at the meeting, Ron Young decided to stay overnight. He talked to students the next day from 9 until 4 at the Newman Center. Again the topic of discussion was Viet Nam and the Draft.

### Kathy Horton To Reign At 8th Engineers' Ball

Tomorrow night slide rules will cease to slide, computers will stop computing, and the engineers will get together for their 8th Annual Engineers' Ball to be held in the Mural Room from 9 p.m. to 12:30 a.m.

Kathy Horton, the new Engineers' Sweetheart, will be crowned at the dance by last year's sweetheart Donna Fisher, a Tri-Sigma.

A member of Zeta Tau Alpha sorority, Kathy was the engineers' choice during the elections held two weeks ago by the Dean's Council of the William Rayen School of Engineering. Elected to the sweetheart's court were Ann Biel (Tri-Sigma), Joanne Marian (AOP), and Carole Ritenour (Phi Mu).

The 1966 Mr. Engineer, Richard J. DiRenzo, will also be recognized at the dance. DiRenzo was elected from a field of six candidates sponsored by the engineering societies. Scholarship, leadership, and personality were the basis for the selection.

Guests at the dance will be Dr. and Mrs. Albert Pugsley, Dean of the Engineering School Michael Jean Charignon, Dr. and Mrs. Joseph E. Smith, and Mr. and Mrs. Clyde

Painter. Chaperones will be Mr. and Mrs. Joseph Goncz and Mr. and Mrs. John Ritter.

Sponsored by the Dean's Council, the semi-formal annual ball was coordinated by chairmen Frank O'Malia and Richard France. Del Sinchak's band will provide the music.

The dance is open to all university students. Tickets can be obtained at Dean Charignon's office or at the door of the dance with a university I.D.

Plans for the dance include a choreography number by Dean Charignon, much like last year's sensational exhibition by the engineering dean.

### Dr. Pugsley Inauguration Set For Nov. 5

Dr. Albert L. Pugsley will be inaugurated as Youngstown University's second president Saturday, Nov. 5 at Stambaugh Auditorium. The new president assumed the duties of the chief executive officer on Sept. 1.

The two-day event will begin with a reception Friday evening and end with a Delegates' Luncheon following the ceremony. Speakers for the inauguration include Dr. Milton S. Eisenhower, president of Johns Hopkins University; Dr. John D. Millett, chairman of the Ohio Board of Regents; and Hon. James A. Rhodes, Governor of Ohio.

Dr. Pugsley, a native of Woodbine, Iowa, who was reared in Lincoln, Nebraska, and Brookings, South Dakota, was graduated from South Dakota State University in 1930, and received a Master of Architecture degree from Harvard University.

Kathy Horton

### NO PARKING

Due to the inauguration ceremonies for University President Albert Pugsley, the student parking lot on Spring Street across from Kiteawley Dormitories will be closed for student use from 5 p.m. Friday, Nov. 4 through Saturday, Nov. 5.

The parking lot will be used to accommodate the many out-of-town visitors attending the inauguration ceremonies.

U.S. Representative Michael J. Kirwan addressing the student body in Strouss Auditorium. At left is Don Rex and seated is Paul Gregory.

### Dean Is New SC Advisor

On Friday, October 21, Student Council welcomed Dean Gillespie as their new adviser. Dean Gillespie replaces Miss Boyer, who resigned earlier this year. Mrs. Dykema and Dean Gillespie give unofficial suggestions and advice to Council.

Council debated at length the parking problem. A motion presented by Dennis LaRue and passed by council will become effective next fall. The motion will give Security Chief Paul H. Cress power to issue traffic tickets for violations committed on University property, with the revenue being channeled into the University General Scholarship Fund. Fines will be collected at the Cashier's office in Jones Hall. The motion has been referred to the Faculty Discipline Committee for further action.

The idea of a large Christmas tree on campus has been discarded in favor of less expensive smaller trees, and campus organizations will decorate the trees lining the amphitheater.

The Council Spirit Committee proposed changing Youngstown's Alma Mater in order to promote student participation. The present Alma Mater is hard to learn and sing. Don Rex has volunteered to help this committee in its investigations.

This week Dick Thompson of WHOT will accept a plaque for the outstanding co-operation his station gave Youngstown U. during Freshman Orientation and Homecoming.

Today Council proposes to discuss the idea of a Ways and Means Committee. The duties of the committee will be outlined at this time.

A resolution to form a Major Events Committee, sponsored by Howard Johnson and Denny LaRue, was also passed by a 19-0-4 vote at last Friday's Student Council meeting.

The committee will be in effect until the last meeting in April.

The committee combines the social and activities committee. Six non-council members who are full time students will be appointed by Paul Gregory, Student Council president.

This committee shall be considered the official chairman of all Student Council sponsored events. Included are: Orientation, Homecoming, Snowflake Frolic, Spring Week End, and any other functions. Student Council is empowered to supervise these activities.

# Music Frats To Hold Concert

Phi Mu Alpha Sinfonia and Sigma Alpha Iota Honorary Music Fraternities will present a joint concert at 8 p.m. Monday, at Dana Recital Hall on Bryson and Spring Streets.

The duet ensemble, under the direction of Nicholas DeCarbo, will perform Dietrich Buxtehude's "Rejoice, Earth and Heaven." The Cantata was written in the 1700's for the wedding ceremony of the Mayor of Luebeck in Germany. "Rejoice, Earth and Heaven" is scored for SATB Soli and Mixed Chorus with Orchestra. Soloists are: Andrea Kley, soprano, Robert Alvarez, counter tenor, Robert Boles, tenor, and Lyle Thompson, bass.

The second selection is Hydn's

Motet: "God in Thee I Seek My Salvation." It was written in the 1780's as a vigorous choral gradual replacing the instrumental epistles of sacred music.

Guest artists for the evening's recital will be Dean Charles Aurand, clarinet, Mr. Donald W. Byo, bassoon, and Mr. Gerald McGee, piano continuo, who will perform "oKnerzt in B dur" by Karl Stamitz.

Future musical events on the Phi Mu Alpha and Sigma Alpha Iota Calendar are the OMEA and MENC

Workshop on November 4, the Regional Conference on November 8, 9, and a benefit Christmas Concert at Woodside Hospital on December 5 and also Community Caroling.

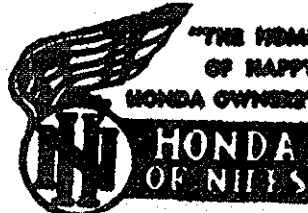

Events in the new year include an all "Brahm Concert" in February and the Phi Mu Alpha Jazz Concert on March 27. Proceeds from the latter performance are for the Stearn's Scholarship of \$200; awarded to an upper classman male student in music. The closing event of the season will be Stravinsky's Mass.

## Theta Chi Has 41 G Addition

"A tribute to ten years of Theta Chi progress at Youngstown University" was the way I.F.C. Representative, Hap Kazan described the \$41,000 renovation of the fraternity house.

Most of the remodeling centers about a dormitory annex for thirteen brothers. This wing, panelled in oak and walnut, is equipped with a kitchen, chapter room, and game room. Also provided are facilities for a house mother and a cook. Tables for pool and ping-pong were also purchased by the fraternity.

The project was started in May, 1966, one decade after Theta Chi received its chapter at YU. The addition was financed by proceeds from the Queen of Queens Dance and a loan from the National Bank. The brothers, who did most of the labor themselves, plan to have an open house within a few weeks.

## Volleyball Tournament

A Power Volleyball tournament will be held on Saturday at the local YMCA at 17 N. Champion St., dubbed the Annual Tournament of Steel.

The tournament will begin at noon with a field entry of 10 U. S. teams and 3 Canadian volleyball clubs. The tournament is sanctioned by the USVBA and every game is officiated by two registered officials.

Round-robin play will be in process throughout the day, with the two best teams in each of the three brackets competing for the championship trophy.

Tournament directors are "Jeep" McDonald and Steve Prosenjak, and they insure an afternoon and evening of fast action and strong competition.

# NEWS for ENGINEERING GRADUATES

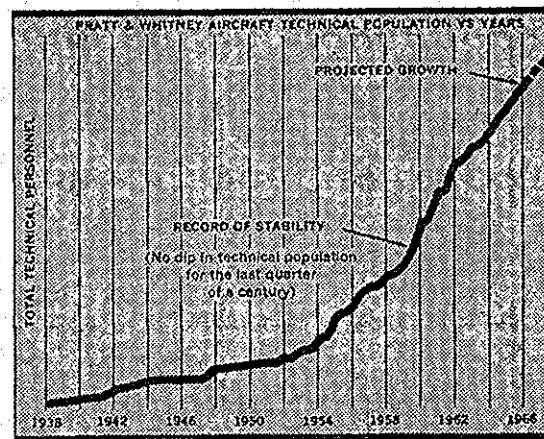

Continued expansion of our military and commercial business provides openings for virtually every technical talent.

As you contemplate one of the most important decisions of your life, we suggest you consider career opportunities at Pratt & Whitney Aircraft. Like most everyone else, we offer all of the usual "fringe" benefits, including our Corporation-financed Graduate Education Program. But, far more important to you and your future, is the wide-open opportunity for professional growth with a company that enjoys an enviable record of stability in the dynamic atmosphere of aerospace technology.

And make no mistake about it... you'll get a solid feeling of satisfaction from your contribution to our nation's economic growth and to its national defense as well.

Your degree can be a B.S., M.S. or Ph.D. in: MECHANICAL, AERONAUTICAL, CHEMICAL, CIVIL (structures oriented), ELECTRICAL, MARINE, and METALLURGICAL ENGINEERING • ENGINEERING MECHANICS, APPLIED MATHEMATICS, CERAMICS, PHYSICS and ENGINEERING PHYSICS.

For further information concerning a career with Pratt & Whitney Aircraft, consult your college placement officer—or write Mr. William L. Stoner, Engineering Department, Pratt & Whitney Aircraft, East Hartford, Connecticut 06108.

Take a look at the above chart; then a good long look at Pratt & Whitney Aircraft—where technical careers offer exciting growth, continuing challenge, and lasting stability—where engineers and scientists are recognized as the major reason for the Company's continued success.

SPECIALISTS IN POWER... POWER FOR PROPULSION—POWER FOR AUXILIARY SYSTEMS. CURRENT UTILIZATIONS INCLUDE MILITARY AND COMMERCIAL AIRCRAFT, MISSILES, SPACE VEHICLES, MARINE AND INDUSTRIAL APPLICATIONS.

## JSF Elects Officers At Rodef Sholom

At the last Jewish Student Fellowship meeting, held this past Sunday between 7:45 and 10:15 at Rodef Sholom Temple, the following people were elected: Pres., Jon Kendall; Program Vice Pres., David M. Koffman; Membership Vice Pres., Harvey Berlin; Treas., Barry Stein; Recording Sec., Jay Finkel; Corresponding Sec., Jay Azneer; and Sergeant at Arms (Parliamentarian), Harvey Kretzer. Mrs. Elster remains the regular faculty advisor.

Although the meeting was sparsely attended and quite a few were ineligible to vote, everyone had an interesting time. Two programs were given: a speech by Dr. Keyes who spoke on Jewish identity in American College Students and the standing of our organization in today's Jewish society, and speeches by Senior Class Officer candidates.

The new member officers are: Jay Finkel, Recording Sec., a Junior

in Business Administration; Harvey Kretzer, a sophomore in Liberal Arts, Sergeant at Arms; and Barry Stein, Treas., a Junior in Business Administration.

The former officers were Jon Kendall, Pres., a sophomore in Liberal Arts, formerly Religious Committee Chairman; David M. Koffman, Program Vice Pres., a Senior in Liberal Arts; and Harvey Berlin, Membership Vice Pres., a Senior in Engineering. Current Corresponding Secretary is Jay Azneer, a Junior in Liberal Arts.

Two special guests who attended the meeting were Mr. Stoler and the Vice President of the Rodef Sholom Brotherhood.

## East Side Needs Tutors

The East Side Citizens Action Council has initiated a tutoring program to be conducted at Council's building on Hinrod Avenue.

The program is designed to help those in high school make the most out of their education, and to give college students a chance to help those less fortunate. For further information contact Bob Holliday in the JAMBAR office or call 782-8795.

## Upward Bound Needs Tutors

Professor Michael Klasovsky, Director of YU's Upward Bound Program, is looking for college men to work as tutors for high school students.

The job would require about three hours of work per week at one of the Neighborhood Youth Centers.

The Upward Bound Program is a Federal anti-poverty program for high school youngsters from disadvantaged backgrounds. Students selected as tutors will be paid a nominal hourly wage.

Further information can be obtained by contacting Prof. Klasovsky at the geography department in the basement of Elm Street School.

## SNEA

The Student National Education Association (SNEA) will hold its second meeting of the year Thursday, Nov. 3 in the Dana Recital Hall at 8 o'clock.

Mr. Nicholas Honda, Director of Special Education for Youngstown City Schools, will speak on "Exceptions to the Rule". All interested students are invited to attend. Refreshments will be served.

## Organizations Picks

This is Russ Kennedy of Balboa Island, California, on an in-port field trip as a student aboard Chapman College's floating campus.

The note he paused to make as fellow students went ahead to inspect Hatshepsut's Tomb in the Valley of the Kings near Luxor, he used to complete an assignment for his Comparative World Cultures professor.

Russ transferred the 12 units earned during the study-travel semester at sea to his record at the University of California at Irvine where he continues studies toward a teaching career in life sciences.

As you read this, 450 other students have begun the fall semester voyage of discovery with Chapman aboard the s.s. RYNDAM, for which Holland-America Line acts as General Passenger Agents.

In February still another 450 will embark from Los Angeles for the spring 1967 semester, this time bound for the Panama Canal, Venezuela, Brazil, Argentina, Nigeria, Senegal, Morocco, Spain, Portugal, The Netherlands, Denmark, Great Britain and New York.

For a catalog describing how you can include a semester at sea in your educational plans, fill in the information below and mail.

## Greek News

By ROSIE ZIPPERIAN and ELAINE DIXON

Today is an occasion that has special significance for the Greeks. It is the last day of the first 6 weeks which means if you haven't changed your schedule by now—you're stuck with it. By now the Greeks have located the easiest profs, dropped their hours from 21 to 12 so they can be full time, and also it has given them time to look into their files for necessary help in their assignments.

Dropping classes is not as easy as it may seem. We hear that Jim Marcus (APD) tried to drop Sandbox 103 but the only open class was Underwater Basket Weaving. Dave Henzel (DSP) dropped Drawing Board 501 when he broke his slide rule and then picked up Crayons and Crafts, and Jerry Margala (STG) tried to drop Advanced Compositional Romantic Literature Seminar for a less difficult course, Phonics. We also passed Nick Driscoll (PSK) and John Losch (PSK) in the halls and heard them mumble that they finally found a 107 course that didn't require a term paper. However, once they got into the class, they found out that they had to read 500 books and write a 5 page report on each. Well, enough jibber-jabber about the Greeks and how they get their point averages—on to the Romance.

Back at the Rock and Fountain, this week's lavalierings include Ken Tomko (PSK) to Patty Pappada (ZTA), Dave Hockman (Missouri

ZBT) to GLORIA (P.U.N.C.H. and P.I.L.L.), Bud Leonard (STG) to Elyce Moran (SSS pledge), and Tom Gillette (STG) to Maria D'Anesa.

Those who are pinned include: Bob Messina (SAE) to Cindy Kochrak (AOPI pledge), Lou Saloom (TXi) to Candy Kiffer (Michigan State) and John Delserone (TXi) to "Grunt" (Michigan State).

Other Greeks in the news this week are "Killer" Joe Vito (TXi) who just came back from an exciting weekend in Washington, Pa. and Dale Paden (TKE) who spent an interesting weekend here in Youngstown. We also heard that Vince DiStazio is currently running for All World Honors against the present All World holder Lou Antonucci (TXi). Since school has now been on for 6 weeks, we would like to welcome 2 new transfer Greeks (we waited until now to see if they would stay). Welcome to Gene Canale (TXi) transfer from Wesleyan and to John Goldcamp (PSK) transfer from Gettysburg.

Congratulations to Mr. and Mrs.

James Denny (SAE) on the arrival of a 7 lb. girl. A final note, we hear that Bill "Killer" Gillota (SAE) has been finally initiated into the Butcher's Union since he got "chooped up" at the game on Sunday. In closing, we just want to say - - - Bye Ted, a real Greek. See ya next week, we hope!

## A Phi O Holds Safety Check

Alpha Phi Omega Service Fraternity held a car safety check in the Elm Street School parking lot last Saturday. This project was offered to give the people of Youngstown a chance to find out how safe their cars are.

During the three hours of this effort, 103 cars went through the inspection line manned by the eight fraternity mechanics. Of this number, 40 cars were found with defects and were asked to have them repaired before they could be awarded the "Red Circle for Safety" sticker. This project was done in cooperation with the Safety Council of Greater Youngstown and the Youngstown Police Dept. which had a policeman on duty during this time to control the flow of traffic.

# SPORTS SCENE

By CHARLIE GILL

Last Saturday at Southern Connecticut, Youngstown University football team looked something like the Cleveland Browns when they beat the Pittsburgh Steelers 42 to 10. YU played similar ball by beating the Southern Connecticut Owls by a score of 43 to 14. Throughout the first half the mighty Penguins couldn't be stopped and here's why.

## Adipotti Standout

Sparked by the fabulous running ability of Junior halfback Dick Adipotti, YU scored twice in the first quarter, four times in the second quarter and once in the fourth quarter. On the first play of the game, Adipotti took the ball from quarterback Joe Piunno and on a sweep around left end, ran 87 yards downfield for the first touchdown. Then with six minutes and thirty-one seconds remaining in the first quarter Adipotti swept right end for eighteen yards and the second YU score.

The second quarter of play saw plenty of action. Chad Rudzik opened the scoring column by kicking a 31 yard field goal. A few minutes later, Adipotti broke away on a sixty-two yard romp which made the score 21-0 in favor of the Penguins.

YU came bouncing right back with Dick Adipotti scoring his fourth touchdown for the day on a two yard crash. Youngstown's fourth score in the second quarter and its sixth score of the contest came on a pass from Piunno to Barry Rose, with Ken Kacenga plunging over for the two point conversion and the final points of the half.

However, the third quarter action was much different. Southern Connecticut completely dominated play. YU's Sanford Rivers fumbled after being hit hard and three plays later the Owls had six points on the scoreboard. Not long after that they intercepted a Piunno pass and drove their way to paydirt. Their conversion was successful and the score was now 36 to 14.

Late in the fourth quarter Dick Adipotti once again broke away on a long sprint to where he was "clipped" out of bounds on the Owls' 16 yard line. Dick never got up. He sustained an ankle injury and was taken to the hospital for examination. When play again resumed, Sanford Rivers, after three plays, scored the final touchdown of the game.

Dick thrilled the fans by showing his tremendous running ability. Altogether he chalked up a whopping 304 yards rushing. If he hadn't been injured he would have set a national small college rushing record for he only needed a few more yards to set his mark. However, Dick did set a rushing record for YU being that he is the only man to attain the wanted goal of "300" yards rushing in a single game. There have been four other men to go over the "200" yard mark but Dick is the only one to attain 300. He also set a Southern Connecticut record for his display of running ability.

This was the first game in which Adipotti was used to any extent since he was injured in the Morehead State game. Now Dick will be lost for the remainder of the season, which will hurt the Penguins considerably.

All in all this game is one of the better games that I have witnessed. The officials were alert throughout and both teams seemed to play an extremely clean game. YU deserves a great deal of credit for this game. They went into the contest as a strong underdog because the Owls hadn't been beaten in twelve games and the last time that they were upset was by Youngstown. Last Saturday they did it again.

Youngstown will be idle tomorrow, after playing Lock Haven State college last night. Their next contest will be the University of Maine on Saturday, November 5 at Rayen Stadium. Game time will be 2 p.m.

## Swim Team

This year swimming is becoming an increasingly important sport. Our own varsity swimming team started practice a few weeks ago and is looking extremely impressive. They are practicing on Monday, Wednesday and Friday afternoons for two hours per day. They spend one hour of that time weight lifting and the balance of the time swimming countless laps across the YMCA pool. On Tuesday and Thursday afternoons they swim for two solid hours at the Jewish Community Center.

Their first meet is next month against the YMCA's Neptunes. This meet is always an interesting one to witness. This year the team picked up another opponent, the Akron University "ZIPS". Also this year they are swimming West Virginia University here at the Y.

Last year they traveled to West Virginia and suffered a loss at their

# SAE, Alpha Phi, Theta Xi Win

By RAY FARRELL

Sigma Alpha Epsilon, Alpha Phi Delta and Theta Xi remained undefeated in I.F.C. football last Sunday by scoring their third triumphs of the campaign without a defeat. Tau Kappa Epsilon, which drew a bye in Sunday's action, also remained undefeated with a 2 and 0 record.

The S.A.E.'s proved their might by knocking off previously unbeaten Delta Sigma Phi 60-0. Jack Kress displayed his fine ability by throwing eight touchdown passes and running for another 40 yards out. The offense-minded S.A.E.'s completely overpowered their opponent in every department imaginable. Pat Fay, outstanding S.A.E. end, showed tremendous depth in scoring seven touchdowns for the day, on passes from Kress. Fay scored on long bombs of 40, 45 and 50 yards, short down-and-outs of 15 and 6 yards and an amazing 75 yard runback of an enemy kickoff. Jim Orsini, another pass-catching whiz for S.A.E., was unable to find his way to the goal line due to effective double team coverage by the Delta Sigs. Orsini, however, blocked well and opened the door for many receptions by Fay. John DePalma also scored a T.D. on a pass and a run-for-your-life play from 20 yards out.

The S.A.E.'s defense excelled. Alert defensive back, Joe Murphy, intercepted four enemy passes. Bill Whitman, Ken Labik and Jim Denny gave Delta Sigs a rough time, diagnosing their plays accurately, and rushing in on pass plays. It should be noted that the S.A.E.'s offense is averaging 50 points per game. Kress, Fay and Jim Orsini have all scored seven touchdowns each this season in just three games.

Alpha Phi Delta also put on an outstanding offensive performance by downing Sigma Phi Epsilon 56-0. Quarterback Chuck Serednesky was in terrific form for the third straight week and he threaded the needle seven times this week for touchdowns. Serednesky found versatile end Hank Piscueneri wide open five times and Piscueneri eagerly galloped for scores of 60, 40, 10, 5 and 30 yards. Tony DeBene took a Serednesky aerial on the 30 yard line and scampered into the end zone on a thrilling pass and run play. Tony Young scored on a 20 yard pass and Serednesky ran a 10 yard touchdown to round out the scoring action.

At the tune of 48-0, Theta Xi shut out their opponent Z.B.T. This was Theta Xi's 51st consecutive victory without a loss in regular season play. This record spans over a nine year period. The scoring began with two quick TD's. First to score was defensive back Joe Vito on an intercepted pass attempt by Z.B.T. quarterback Jack Klein. This play covered 25 yards. All I.F.C. quarterback Lou Antonucci then took over, and promptly needed his way over 50 long yards to paydirt. Reserve Theta Xi quarterback Dave Meyers got his first chance to show his ability in I.F.C. play and threw six touchdown passes.

Meyers found Bill Murphy on the scoring end of three short passes and John Delserson 20 yards away in the end zone. Sometime in this scoring rampage, Theta Xi's kicking specialist Joe Anzelmo was injured and it is not known to what extent the damage occurred. The team hopes Joe will recover in time for the contest with Tau Kappa Epsilon.

Phi Kappa Tau scored their first victory of the season by whipping Phi Sigma Kappa 22-19. The first score of the afternoon saw alert Phi Sig offensive back Bill Miles steal an enemy pass and sidetrack his way 40 yards to hit paydirt. The Phi Tau's quickly retaliated by moving the ball quite well and their quarterback, Ron Kukura scored twice on runs of 10 and 5 yards. They also scored a safety thanks to the effective effort of Tony Peluso, defensive end, who caught Phi Sig quarterback John Kribbs off guard in the end zone.

The second half saw the Phi Sigs hustling to overcome their opponent. End Joe Vukovich caught a Kribbs pass of 15 yards for a TD and also 16 passes for the day. The next time around Kribbs showed spectators his running ability as he scored from 25 yards out to put his team in front 19-16. Quarterback Kukura found end Earl Brown wide open in the end zone and the victory was sewn up by the Phi Taus.

Much credit should be given to both teams for the many outstanding defensive plays which occurred. Rick Mitulinsky, Bill Alberts and Chuck Hoffman played fine defensive football in a losing effort while Tony Peluso was a defensive standout for Phi Tau's as was Earl Brown. Karl (Rocks) Robothum, for the Phi Sigs, was outstanding on offense and defense and was a terror; watch out other teams.

Sigma Tau Gamma also scored their first victory of the current campaign with an impressive 18-6 victory over Theta Chi. In the early moments of the game Jim Donlin, S.T.G. defensive end, blocked a Theta Chi punt and turned it into a score from the 10 yard line. Donlin again proved his ability as he took a pass from Joe Homoney some 45 yards to paydirt on a fake punt situation early in the second half.

Theta Chi retaliated with an eight yard end run by speedster Brian

Lowry to the goal line. This was the only break for Theta Chi, who had trouble moving the ball through the rugged defense efforts of the Sig Taus.

To end the afternoon's scoring, effective blocking by Ron Kohut

and Roger Montgomery enabled Jim Lundquist to score an end run from just inside the 30 yard line. S.T.G. defensive ends John Fleet and Bob Freeland broke up quite a few plays and frequently caught the Theta Chi quarterback for losses.

## SPORT SCENE

(Continued from Page Five)

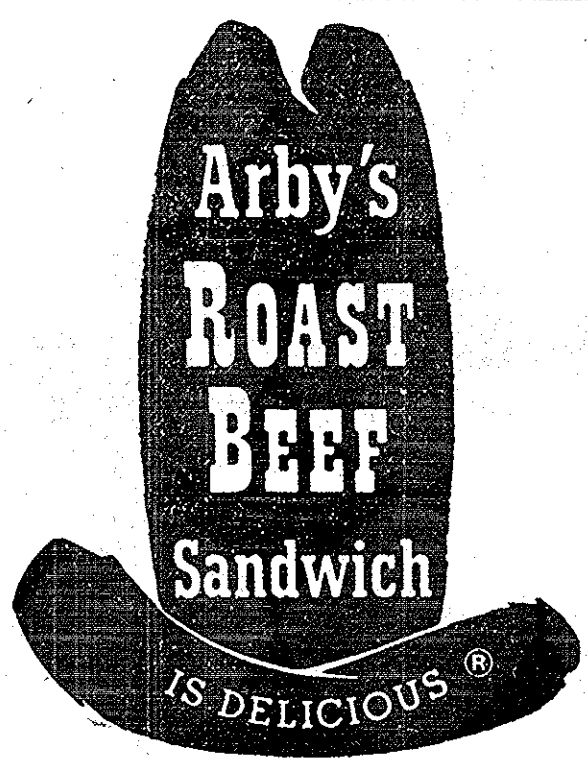

hands. However the YU team is out for revenge this year. They are favored to place first in the Grove City Relays which is a great improvement from two years ago.

The team has five outstanding freshmen this year. Mitch Swenson will be a probable starter in the 100 yard freestyle. George Muter will be swimming breaststroke and the Individual Medley. George Vavish will be a possible for the 100 yard freestyle. He will also hold down a leg of one of the relay teams. Cliff Ash, a former Neptuner, will be swimming the 50 and 100 yard freestyle and freshman Rich Potts will swim the 200 yard backstroke.

The team also boasts nine lettermen back from last year. They are Bruce Logan, Alex Wojtolic who swims breaststroke and Ken Montgomery who will be swimming butterfly and freestyle. Paul Rogenski, one of the co-captains will be swimming the 500 yard freestyle. Tom Cracium, the other co-captain will be swimming freestyle and Bill Benton will swim the 200 and 500 yard freestyle.

The team has two divers this year. Tom Wright, a letterman and Dale Welk who is a freshman.

### ADS Tours Agency

Alpha Delta Sigma professional advertising fraternity attended a lecture and tour at The Meek and Thomas Advertising Agency last Wednesday evening.

Ira Thomas, president of the agency, gave the group an insight into the advertising profession through an informal lecture and discussion. Mr. Leonard Ponello and Mr. Ralph Kaufman assisted Mr. Thomas in the presentation. They explained the procedures of the agency and the functions of the departments. Also under discussion was the relationship of the agency and the consumer market and the effect it has on our economic system. A tour was held immediately after the lecture.

## YU Student Alumnus Work for Playhouse

Anita Edenfield, University senior, is appearing in one of the lead roles in "Poor Richard", the Jean Kerr comedy which opened The Youngstown Playhouse Winter Arena season last night.

Directed by Robert Baker and staged completely in the round, with set and decor designed by Ken Lewis, former University student, now working in New York. "Poor Richard" will play tonight and Saturday at 8:30 p.m. and next week on Thursday, Friday and Saturday.

Meanwhile, final performances of "The Subject Was Roses" on the Main Stage at The Playhouse are scheduled for tonight and tomorrow night at 8:30, and Sunday at 2:30.

Playhouse performances are open

to students at special rates every night except Saturday.

The community theatre has also announced tryouts for the third Arena production, the second to be Dorothy Gmuc's staging of "Look Back in Anger" December 8 through December 17 in which Miss Edenfield will again appear. It will be a revival of the 1920's farce, "Ladies' Night in a Turkish Bath" to be staged by Bentley Lenhoff the last two weeks in January. Tryouts are scheduled for 8 p.m. Tuesday and Wednesday, Nov. 1 and 2 and are open to the public.

## Exclusive Representative Official Youngstown University Traditional Ring as Adopted by Student Council

On one side of the ring is a replica of Youngstown University. Above this design in the upper left and right hand corner is shown the graduation year date. At the base of the design is shown the Chevron for Discipline.

The top of the ring consists of a Cardinal Red Stone . . . depicting the Flame of Inspiration. The many facets of the stone represents the many Fields of Study. Surrounding the Red Stone in raised lettering is identified Youngstown University. The foundation stones of Education is depicted in the symbolism separating the two names. Surrounding the base of this name band, is shown the Strength of Unity by the many entwined courses of study.

The opposite shank illustrates the Torch symbolizing the Light of Learning. The rays extending from the Torch reflects this spread of learning throughout the Universe as depicted in the symbol of the Globe. Below this design and encompassing the World is the Might of the Quill in Writing and Literature. In the upper left and right hand corner is the University Founding Date. At the base of the design is again depicted, the Chevron symbolizing Discipline.

The Latin 'Animus Liberatus' in combination with the balance of the design is officially interpreted as Freedom of the Mind and Spirit through the Light of Learning. . . . .

## Spirited or Not

Perhaps the most frequent point of complaint of the "do-gooders" at this university is the lack of school spirit which is evident in the university.

While it is commendable that these people bring to light the shortcomings of our educational organizations and its accessory activities, it is perhaps lamentable that no workable plan can be offered to effectively remedy the situation. One might assume that the "complainers" should take upon themselves the role of "correctors."

Sad it is that there is no one who can offer more than well-meaning lip service to the cause of school spirit at YU. Perhaps a solution should be offered that would end the question for all time. In view of the lack of communication between the "spirit people" and the "non-spirit people", we would offer this solution.

Every student at this university has a right to do whatever he pleases as far as his contribution to school spirit is concerned. Why, then, should he be forced to contribute any more than he feels is his share?

There is such a thing as a quiet pride about oneself and one's school. Isn't this personal satisfaction more gratifying than yelling oneself hoarse at a football game that will be lost in the gray dusk of recorded events within the hour?

Is it any more meaningful to stand in the slush of Rayen Stadium, singing the Alma Mater, than to discuss quietly or think to oneself the way to a better, more efficient student government? This is surely as much school spirit as is necessary, perhaps more.

Certainly it's exciting to get goose-bumps at the crucial moment of the "big game". But spirit, by definition, is a quality of the soul, not of the body. So if people choose not to "cheer" at the games or to associate themselves with the "high schoolisms" of the gridiron, let them alone. They may be, in fact, more spirited than yourself. And it is this same spirit that makes any institution of learning a place of which to be proud.

## Mr. Kirwan

Don't ask me any questions about foreign policy; you know as much about it as I do."

Thus the Hon. Michael J. Kirwan, in addressing the student body at Strouss Auditorium last Wednesday, insulted the intelligence of every voter in Ohio's 19th congressional district who voted for him. In a much publicized speech on foreign policy, Mr. Kirwan failed to discuss one aspect of our foreign involvements. Instead he rambled incoherently from a history of his political career to how to build a canal.

In sensing the audience's disapproval of his speech, Mr. Kirwan explained that there just wasn't enough time in his schedule to become versed on foreign policy. We appreciate the fact that Mr. Kirwan is chairman of the House Appropriations Committee and serves on several other committees, but we do not feel that this excuses him from other affairs vital to our country. As a congressman, Mr. Kirwan has the obligation to vote on ALL issues in the House including those bills dealing with foreign policy. As a representative of you and I, Mr. Kirwan has the duty to help keep us informed on issues that effect us, and certainly, Viet Nam, Cuba, and Rhodesia affect us.

We are saddened that a man of such high office does not take the time to talk with or learn from his fellow congressmen about our foreign policy, and we are disappointed that a man of such honored position did not take the time to learn about our relationship with people outside our shores.

Inasmuch as Mr. Kirwan will probably be elected again for another term, we hope that in the future he will do his homework and be prepared to do justice to the office he serves.

### AS WE SEE IT

## The Ilium of Homer

By DAN KUTSKO

Once upon a time there was a beautiful sorority girl named Helen. All the Greek princes wanted to be pinned to her. She eventually became involved with one of them and was laviliered, then pinned to him. His name was Sidney Menelaus. In time he became president of IFC and Helen was his queen.

The two lived happily together until Helen became involved again; this time it was with an independent named Osgood Paris. He carried her off to his own town of Troy and kept her as his own.

All the Greeks were angered at this and banded together, according to their pledge to Menelaus, to take the city of Troy and save Helen for IFC. And they all got into their cool cars and drove to Troy. Now the army was nearly a hundred thousand strong.

The most famous warrior of the Greeks was a Theta Xi named Al Chilles. When he was born his mother had dipped him into the sacred river, the name of which you find out when you pledge. While she was doing this she held him by the heel, and since he always went around wearing sandals, this was a very vulnerable spot. He often scraped it by stepping off rough sidewalks around the campus.

The Trojans also had a noble

warrior to look up to. His name was Alvin Helltor. He was impregnable. There was told the story about Helltor that once he was introduced to the little sister of his pinmate, and the child was rightened by the longhairs which he had lightened with Summer Blonde.

Meanwhile, to get back to the siege of Troy, Chilles was standing there by his tent, watching the Greeks get wiped up one by one. The independent were overwhelming them. Chilles had a friend named Pat Roelus, a Sig Ep, who was eager for glory, as are all Greeks. Chilles didn't feel like fighting because he felt it was none of his concern. After all, an independent had taken the girl Helen in the first place. But when Pat Roelus saw the Greeks getting smashed, he said to Chilles, "Let me put on your pin, the independents will think that Al Chilles has come to do battle, and they will be frightened." Achilles said that it was all right. So Roelus went out, disguised as Chilles.

Alvin Helltor saw whom he thought was Chilles, and the god Apollo spirited him to do battle. At once he recognized Roelus and chided him, saying, "Thou fool, did you think you could take Troy single handed? Now you will die, and none can help you." And he slew Pat Roelus. Then he took off the

pin of Al Chilles and wore it himself.

When Al Chilles heard of this he was angry, for he knew it was through his obstinance that Roelus was dead. So he prayed to Zeus and was furnished with a new pin, more beautiful than even the first. And then he sought out Helltor, to even the score.

The two met before the city gates and engaged in single combat. Now Helltor was wearing the pin of Chilles, and the latter knew well the unprotected spot on the jewel—the point where the guard meets the pin proper. He thrust his huge spear through this point and Helltor went down. Then Chilles took off the bloody pin and tied the body to the bumper of his 442 and he dragged it three times around the walls of Troy, which is equivalent to being dragged for three quarters-miles at the Quaker City Drag Strip.

Chilles himself had not much longer to live. One day, as he was visiting Helltor's grave, known locally as The Tomb, he stepped on a broken beer bottle which had been dropped the night before by Osgood Paris, the very person who had started all the trouble in the first place. He got tetanus, and expired.

There now came on the scene a man who had been of not great importance up to this time. His name was Useless Homer. This was so because his parents had said that he was so lazy he smelled, so he took the name of Useless, which is a relatively useless point to make unless, or rather, Useless . . . forget it! It's useless to go on.

It was Useless who thought of a way to beat the independents at their own game. He said, "We all know that the independents outnumber us by about 95% to 5%. So why don't we build a wooden whiskey bottle and hide troops in it, then have the rest of the troops leave a little distance. Then, at night, the hidden troops could egress the bottle and take the city gates, letting in our Greek hordes.

This was done, and the bottle was rolled up to the gates of Troy. The independents were at first uneasy, but when they saw the Greeks apparently leaving, great was their joy. One of the leaders felt something was amiss, but the people wouldn't listen. They celebrated with the bottle until dark, and then went to their respective homes.

The Greeks heard this, and led by some crafty Theta Chis, they made their way out of the bottle, opened the gates and the rest of the Greeks swarmed in. The Greeks got the independents, the independents got rushed, and Menelaus got Helen . . . back.

(Next week: The Oddity of Homer)

## Letter to the Editor

There is a woman who works in the cafeteria whose name is Mary Pesa. She has worked here for nine years and only makes \$1.05 an hour. She is a widow and needs the job to support herself.

She was supposed to get a raise last Friday, but didn't get it. She works very hard to keep the tables clean and puts up with a lot of abuse from the students. She is a very considerate person and would do anything for the students who treat her well. Can anybody help Mary Pesa?

## Our Fountain

The Youngstown University fountain, donated by the Class of 1966, stands dormant at the west end of the Kilcawley Student Center courtyard. It would seem that a project which has engendered such cost, time and physical and political undertaking should at least be maintained in a functioning condition.

Any aesthetic value that could possibly be derived from this structure is by far superceded by obvious structural deficiencies and compounded by its lack of any function.

Could not the fountain be made more pleasing to the eye by the addition of suitable spray fixtures? Could not the pipes which generate the water be arranged to send columns of water to different heights, with no attempt at symmetry? Could not colored lights be used to highlight the effects of rising and falling water?

These may not be the best of suggestions. Perhaps other, wiser minds can conceive better ideas. But something had better be done. If not, Youngstown University stands a good chance of being the only university in the world having an open sewer and cistern complex in the center of the campus.

(Next week: The Oddity of Homer)
