

STEVENSON SHOWS GAINS ON EISENHOWER IN COLLEGE PRESIDENTIAL PREFERENCE TEST

Sig Sig Dance Tonight At Stambaugh

For the sixth consecutive year Sigma Sigma Fraternity will hold their traditional Harvest-Moon Dance this evening at Stambaugh Auditorium. The well-known orchestra of Chuck Fowler will play from 9 to 1 for this informal affair.

Intermission ceremonies will be high-lighted by several events of importance and interest to those who attend. First, the Harvest Moon Queen selected by judges during the dance will be crowned by last year's Queen. Sigma Sigma will then present a \$10.00 YoCo Scholarship to the holder of the ticket stub drawn by the Queen.

Alumni Welcome

The fraternity will welcome their brothers of the alumni as the association makes its first appearance as a group.

Everyone is welcome and tickets may be bought from chairman Ralph Petrucci or any other member of the Fraternity.

Teachers Club Joins National Organization

After twelve years of existence here at Youngstown College, the Elementary Teacher's Professional Club has given way to a National Organization known as the F.T.A. or Future Teachers of America. With the addition of F.T.A., the education department now has two National Organizations, the other being the Kappa Delta Pi.

All education students, regardless of what field or branch of education they have chosen to enter, are eligible for membership in this new National Organization. Membership, which has been set at \$5 per year, entitles one to many benefits of the National Education Association and Ohio Education Association. The N.E.A. Journal which is a monthly issue will be sent to each new member.

Aims Vary

Several of the aims and purposes of the organization are to observe American Education Week, observe Horace Mann's birthday and aid in furthering the selective recruiting of teachers. The organization will have its first sponsored activity of the 52-53 school year on November 20 when it will have a spaghetti dinner. (Continued on Page 8)

Cadet Commander Meets With Staff

Cadet Lieutenant Colonel Samuel Penrod, his Battery Commanders and Staff officers for the 1952-53 school year. Sitting (L to R) Cadet Major J. Rist, Cadet Lieutenant Colonel S.W. Penrod, Cadet Major A.B. Colson. Standing (L to R) Cadet Captains J. Hrecz, P. Bilus, T. Waters, P. Stobelton, L. Coughlin. Absent from picture C. Mott.

ROTC Issues Year's Orders

ROTC Battalion commander, Cadet Samuel W. Penrod, has released orders for his staff and battery commissioned and non-commissioned officers for the nineteen fifty two - fifty three school year.

Staff members include, Cadet Major Alfred B. Colson - Executive, Cadet Major John C. Rist - Adjutant, Cadet Captain Carl M. Mott - Plans and Training, Cadet Master Sergeant T.M. Baatz - Sergeant Major. These staff members will work with Cadet Lieutenant Colonel Penrod to bring about a successful completion of all Cadet administrative and tactical duties.

Battery officers and non-commissioned officers are to work in conjunction with Cadet Lieutenant Colonel Penrod and his staff. The officers and non-commissioned officers have been assigned to various batteries.

Must Train Men

It is their duty and obligation to train the man in their assigned battery so that they will be able to carry out or give all types of commands. The battery officers are also responsible for seeing that their battery is so trained that it will have sufficient knowledge to perform properly in Battalion Organization reviews. (Continued on Page 8)

Miss Friedrich Leaves College

Miss Marguerite Friedrich, associate director of public relations at Youngstown College for the past 20 years, has resigned her position, effective October 15, to become office assistant for Dr. P.A. Friedrich, in Boardman.

Miss Friedrich began work at the college in 1931 on a part-time basis in the office of public relations while a student, and became a member of the full-time staff in the summer of 1935. During this time she taught shorthand, typewriting, bookkeeping and office machines for several years in the evening Secretarial School. (Continued on Page 8)

Adlai Gets 810 Votes 899 Stick with Ike

Baldwin Wallace gridders aren't the only ones to become the victims of an amazing comeback at YoCo. General Dwight D. Eisenhower, big favorite in the JAMBAR'S pre-convention poll last spring, saw his popularity melt in the summer heat until he was almost overtaken by Gov. Adlai Stevenson in balloting conducted by the social science department last week.

Of a total of 1,741 students of the college's 3,020 enrollment who voted in the secret balloting, 899 voted for Ike as against 810 for Stevenson, with 32 having no preference.

Last Spring, when 420 students were asked to pick their favorite candidate from a list of some 15 presidential hopefuls, Stevenson got only 19 votes to 136 for Eisenhower.

Vets Like Ike

A breakdown of the Eisenhower supporters showed that 608 are of voting age while 291 are too young to cast a ballot in this election. "Ike" also received the vote of 312 ex-G.I.'s in his 899 total. The Eisenhower voters included 695 males and 204 females.

In this breakdown of the vote in the categories of eligible voters, ex-servicemen and males and females, Eisenhower with 608 students of voting age showed the biggest edge over Stevenson who got 502 ballots.

Among the Stevenson supporters are 287 ex-G.I.'s compared to the 312 servicemen who voted for Eisenhower. Only 162 female voters cast a preference for Stevenson, 42 less than voted for Ike.

This year's survey of the election at the college was compiled under the direction of R.C. Westenfield, head of the department of political science and assistant dean of the Law School. He was assisted by Dr. Clarence P. Gould, professor of political science, and Clingan Jackson, political editor of the Vindicator and a professor of political science at the college.

FLAG CEREMONY

November 3 Alpha Phi Omega service fraternity will present the College with a new 6 x 10 American Flag. The flag will be raised for the first time at 1:00 on that day.

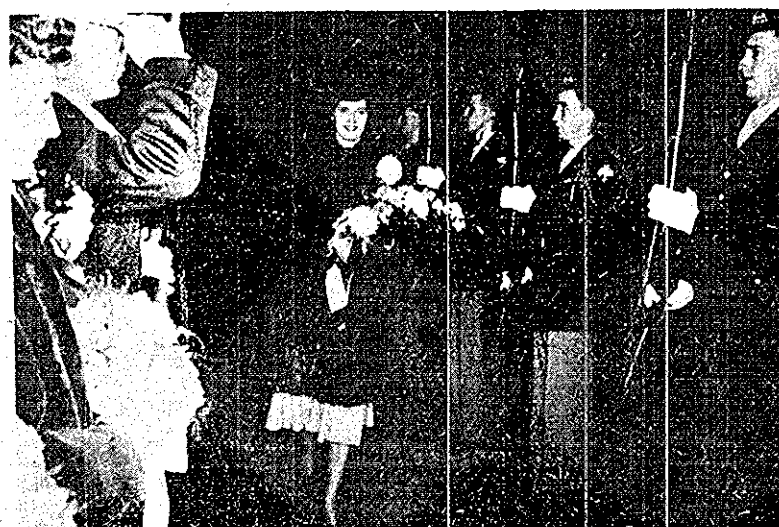

Art Show On At Ford Hall

Continuing the newly-inaugurated exhibition program at Ford Hall, David P. Skeggs, newly appointed head of the Art Department, announces the show "Color and Design in Your Life: The Elements of Design" which went on display October 15th and will continue through November 14th.

The exhibition comes to the College through the courtesy of Mr. Albert Hise, Director of the Massillon Museum of Art. The beautifully presented show was especially arranged by the Museum of Modern Art, New York City.

It is on display in the stairway and second floor corridor of Ford Hall. All students and faculty members are invited to view this interesting and informative exhibition.

1952 Homecoming

1952 Homecoming Queen Joan Pokabla passes through the ROTC Honor Guard just before receiving her crown at half-time ceremonies.

College Adds 12 Members To Faculty

Twelve new part-time faculty members, men and women engaged in businesses and professions, have been added to the faculty of Youngstown College this fall term. Dr. Howard Jones, president of the College has announced.

Added to the sociology department are Sidney Hirsohn and Rev. Chester A. Holmquist. Hirsohn has his master of arts degree from the University of Chicago and Clark University, and his bachelor's degree from W. Virginia University. Rev. Holmquist, a graduate of Capital University with B.A. and bachelor of divinity degrees, has the master of arts in social administration degree from Ohio State University.

Elmer P. Dunn and Miss Mary E. Jewett are new members of the education department. Dunn has his B.S. in education from the University of Pittsburgh. Miss Jewett, who will teach elementary education subjects, has her B.S. in education from Ohio University, her master degree from the University of Pittsburgh and her master of arts in education from Columbia University.

Yoco Graduates

George R. Elwell and John Naberezny are additions to the art department faculty. Elwell has his B.S. in art education from Youngstown College and has taken graduate study at New York University. Naberezny has his B.S. in art education from Columbia University. (Continued on Page 5)

Class Officers Are Announced

Results of elections held last week for Freshman, Sophomore, and Junior class officers have been announced.

The newly elected officers of the junior class are: President, Anthony DiVito, an engineering major; Virginia Brown, an education major and vice president; Robert Jones, who is majoring in engineering, as secretary and Walter Hogan, a pre-med student as treasurer.

Heading the sophomore class for the year is Lew Mirage, an English major; vice president, Charles Dittmar, a major in engineering; Shirley Fish, a major in laboratory technology, as secretary and Yolanda Mariano as treasurer, she is a math major.

Freshmen officers are Dick McLaughlin, pre-law student as president, Anita Proverbs, an English major as vice president; Ella Clark and Ray Carpenter, liberal art majors as secretary and treasurer.

At press time officers of the senior class had not yet been elected.

Don't Forget to Vote

Judging from the rather mild enthusiasm being shown on campus concerning the coming presidential election, perhaps it is necessary for us to remind our readers that all of them who are eligible have a duty to vote.

Really, it shouldn't be necessary, we know. But Americans are funny sometimes. Too many of them interpret the "of" in their list of Freedoms to mean "from". Thus "Freedom of Religion" encourages more than half of the population to stay away from the churches all together. Last election, almost half of them stayed away from the polls, too.

Of course, it would help if the political parties would put up some candidates that people wanted to vote for. This election like every one since 1940, has both men fighting to stand on the same ground. Even though the politicians can't see it, there are some people who like to vote FOR something rather than against.

Another joke in this campaign is the hoax that the Democrats pulled on the Republicans. Ike, prior to convention time, was touted as simply the most popular man who ever lived. Taft was tossed aside on this premise. Now, it turns out, the ones who were "Ike" the loudest are Democrats. With Taft safely out of the way, they can quietly switch to Stevenson. The poll results on the front page give an idea of what we mean. Prediction - the joke's on the Republicans, and "Unknown Adlai" will win. Of course, we won't be sorry to be wrong.

Time For a Change

Our state constitution provides that in November the voters of the state of Ohio will be asked to cast a ballot on the question, "Shall there be a convention to revise, alter or amend the constitution?" Their answer should be an informed one, based on adequate information concerning the nature, virtues and shortcomings of the Ohio State constitution.

Since a constitution is the fundamental law of an organization it should deal with the fundamental issues of that organization and the basic problems that arise.

Our state constitution sets forth fundamental law too. But it goes on and on with a great deal of text covering passing needs. Many parts of it are obsolete and should be removed to provide a more effective governmental law.

Its organization is bulky and cumbersome. It is mixed up and no longer well organized. Included are over 65 amendments - including such odd bits as the fact that duellists can not hold public office!

A sound constitution must progress with the times. There are dozens of things to consider....streamlining our executive department....providing a modern system of accounting and budgeting....simplifying voting procedures....taking our judges out of politics....unifying our complicated court system....reviewing and reorganization of the legislature.

Questions of local government demand immediate attention. The state government provides for "local self-government," but its provisions are not clear.

Another important issue concerns reapportionment and change in representation. Our cities are badly under-represented while the rural areas of the state receive a large proportion of representatives to the General Assembly. It is only fair, in a democracy, for us to look at our fundamental law to be sure it is fair to all sections of our population.

A Constitutional Convention is the best way to consider these problems. The alternate procedure is slow, complicated, and unpredictable. Can we hope to modernize without a general review?

A convention is also the cheapest way to modernization. The highest estimated cost is only an amount equal to a fraction of 1% of our biennial budget for 1951-1953.

For a more progressive government according to our established democratic principle vote for the Constitutional Convention in 1952!

H.H.

Question: What do you think of the new student council system?

Hal Engelbaugh, Sr.

The new Student Council System seems to be a good idea to me. It will give all the students an equal voice in matters pertaining to them. No organization whether Greek or not should have control of the functions of Student Government. This system also should promote more student interest in the legislation coming from Student Council.

Shirley Fish, Soph.

The present system will give the students a better form of representation. With this system having representatives from all the schools in the college equal representation should be a definite possibility. Now if the students complain about not knowing what is going on they will have no one to blame but themselves, for it is up to the individual student to choose qualified representatives.

Chuck Wallitz, Freshman

The new Student Council system in itself is excellent. Undoubtedly it is capable of governing the school with efficiency, whether it does or not is different. Council should make use of its new powers. Since the council hasn't had a chance to prove its effectiveness with the new system, it's hard to judge; but the system is good. It depends on the members now.

Natalie Ohl, Soph.

This system should prove to be a good one because of the way the representatives are being chosen. In previous years the "Greeks" versus the "Independents" in a constant battle for campus supremacy. With the new method in effect every one is equally represented in council. It's up to the students themselves to make or break school traditions.

Thomas LaVelle Sr.

The new Student Council system of school representation seems to have eliminated certain factors which in past systems have contributed to ineffective student government. If with the passing of time new factors should spring forth, this system will, like the others, fail in its purpose. Since, however, they are at present not evident, and fair and equal representation is in effect, student Council should play its true role in student government.

Marlene Schnauffer, Jr.

After having both systems explained to me, I feel that the new system is much more advanced. It seems fair to both sides, Greeks and Independents. The fact that all schools are represented proves an advancement over the old system. Everyone can now have a voice in council if they want it.

oooo00000H Honeyyyyyy!

Letters To The Editor

THAT'S VOTING?

In voting for Junior class officers last week, I encountered the worst mess I have ever seen in any election. I went down to the main hall to vote and saw nothing that would even resemble a polling place. I finally discovered that I was to go into the main office. I did. The registration book was lying open on the information desk and the ballots were strewn all around it. No one was there to oversee anything. The ballots were to be deposited in an old cardboard box with a hole cut in the top. I "voted" I don't know if it did any good. If the tallying of the votes is carried on as sloppily as the balloting, I doubt it. It's no wonder people around here take little interest in school elections. I have seen and participated in better run elections in Junior high school. I don't know who is responsible but I think Student Council should investigate.

J. MAGGIANO

SOFT SOAP NEEDED?

Why do all of your editorials have to be so sarcastic? Don't you ever have anything good or pleasant to say? Of course, no one ever reads them anyway, so I suppose I shouldn't bother to complain, but a change would be welcome.

HAPPY

(Ed. note. - They must REALLY be sarcastic when our readers can sense it without reading them.)

SOUR NOTES?

Why don't you get someone from the music school to write that record column? At least last year we got some notice of the music students in the paper, but this year there is nothing. At least get someone who knows something about music. Besides, other departments have a special column, like the Engineers. Why can't we?

DANA STUDENT

BEST EVER

The first engineering float in the history of Youngstown College was seen at the recent homecoming festivities. As president of the Student Chapter of O.S.P.E., I want to congratulate Nu Sigma Rho in winning the contest. We couldn't have been second to a better float or a better group of fellows.

NICK J. LEONELLI

FOR CHANGE

The only thing needed in your last issue was to head the columns "For Rent", or "Help Wanted". I miniature type you used was fine for a classified ad section.

N.W.

NIGHT FIGHT

Could somebody explain why, full time night school students are not allowed to vote in elections? We pay our money just like anyone else. We are not to blame if circumstances compel us to go to night school. Let's see some ballot boxes around in the evening!

J.E.D.

WHA' HOPPENEN?

What kind of pygmy print was that in your last issue? After reading the JAMBAR, I was almost run over by a dozen cars on the way home because I couldn't see to cross the street. Lord, ladies, a whole paper full of foot-note type is too much for anyone to take. Either make it bigger or supply magnifying glasses with each issue.

WEAK EYES

(Ed. note. - All we wanted to do was get close to our readers. However, as you can see, the fault has been corrected. Thank you.)

MUSICIAN NEEDED

How about getting a musician to write Record Ramblings! The column was appropriately named, however, for he's a genius at rambling.

TONY DEAF

IT'S WORKING

I'm glad to see the new system working so well in Student Council. I know it's still in the experimental stage but I think its our answer to cutting down on a lot of our old Greek-Independent rivalry.

J.S.

TICKETS AVAILABLE

Reserved seat tickets may be purchased in room 106 for the John Carroll game to be played tomorrow night at 8:15 P.M. in Shaw Stadium, Cleveland. The price is only \$2.00 but tickets are limited so get yours today.

Tony Vivo

Alpha Theta Delta Joins National Organization

On Oct. 17, the Youngstown College Student Council approved a charter recognizing the Alpha Theta Delta sorority as the Delta Mu Chapter of Phi Mu Fraternity, which is celebrating its 100th year. After spending 15 years on campus as a local sorority, Alpha Theta Delta is the first one to go national.

When Alpha Theta Delta became Phi Mu, Miss Marcia Welsh, from the Engineering School, resigned as advisor and was succeeded by Mrs. Ross Winner, president of the Phi Mu alumni.

The officers of Phi Mu are as follows: president - Marilyn McCallen, vice president - Virginia Gething, corresponding secretary - Joan Donnelly, recording secretary - Nancy Crofford, treasurer - Julianna Martin.

Other members include, Peggy Balla, Nancy O'Neill, Pat Donnelly, Sally Connelly, Arlene Barnes, Margie Dodson, Yolando Morano, Dixie Mitchell, Dolly Cox, Gerry Lewis, Viive Prees and Martha Clark.

70 Attend RIL Club Reception

Religion in Life Club held a reception for new members on October 12 at 8 p.m. in the church parlors of Trinity Methodist Church. Seventy students attended the reception which was arranged by co-chairmen Margaret Dodson and Jay Bennett.

Rev. Albert L. Linder, student counselor in religion, gave the welcome and made announcements of future plans. Music was provided by the Caravan Treble Sextette of the Religion in Life Club.

Special guests were Prof. and Mrs. McKinley Browne. A talk was given by Mrs. Browne on her summer tour through Europe where she had visited the churches and cathedrals of twelve different nations.

Charles Rofar, student in the Dana School of Music, directed the newly organized Religion in Life Chapel Choir through their first rehearsal. The choir consisted of thirty-five students.

YoCo Service Fraternity Will Sell Ohio Yearbooks

"Ohio 1953" the official Ohio Sesquicentennial Yearbook which is edited by Florence R. Head, will be sold on campus by Alpha Phi Omega service fraternity.

The book is a vivid portrayal of historic Ohio with one hundred and twenty eight pages of informative text and beautiful illustrations.

It is attractively gift boxed for convenient mailing and may be purchased from any member of the fraternity.

Grad School Applications Being Taken

The Danforth Foundation of St. Louis, Missouri, invites applications for the second series (1953) of Graduate Fellowships for college seniors and recent graduates who are preparing themselves for a career of college teaching and are planning to enter graduate school in September, 1953, for their first year of graduate study.

President Howard Jones has named Dean J.E. Smith as the Liaison Officer to work with the Danforth Foundation on the selection of candidates.

These appointments are primarily "a relationship of encouragement," carrying a promise of financial aid within prescribed conditions as there may be need. Students with or without financial need are invited to apply.

All Fields Welcome

The Foundation welcomes applicants from the fields of Natural Sciences, Social Sciences, Humanities and other fields of specialization to be found in the undergraduate college.

Each institution is asked to limit its nominations to two, or at the most three. Any student wishing further information should get in touch with Miss Virginia Buehrle, Office of the Dean, Main 110.

By action of the Faculty last year, all students who are prospective candidates for a degree from Youngstown College must comply with the following at this time:

Juniors and seniors (any student who has completed 61 hours or more) must file an Application for Graduation with the Dean of the College.

Any student who has completed from 45 to 60 semester hours must file an Application for Admission to the Upper Division with the Dean of the College.

For further information and application forms, inquire at the Office of the Dean, Main 110. Application forms may also be secured from the Registrar's Office.

New Society Peps Up Engineering Students

by Bud Ross

Just one block separates the William Rayen School of Engineering from the main building of Youngstown College. The intellectual aims and aspirations of the engineering student in contrast to those of the prospective teacher, chemist or business executive have over a period of years brought about a greater and much less desirable separation than the distance necessitates.

The past two years have seen the emergence of a growing and increasingly active campus organization, the Ohio Society of Professional Engineers. The purpose of this organization has been to promote the social well being and professional potential of all engineering students on the national, state and local level.

Contributing to the success of this organization has been the progressive leadership of president Nick Leonelli and the untiring efforts of Mr. Frank D'Isa and Mr. Michael Charignon, faculty advisors. The energetic efforts of James Petrella have also been invaluable.

Future Plans

This fall OSPE has backed a candidate for queen and entered a float in the Homecoming parade. Future plans include the securing of a sign to be placed in front of the Engineering Building and the preparation of a program for Engineering Week, February 22-28. It is also anticipated that a formal dance will be presented in the spring.

On the state level, OSPE sends three delegates to all meetings of the State Student Council at Columbus. The vice-president of the local chapter, John Bell, serves as secretary-treasurer for the state group. Eight other student chapters throughout the state send delegates to this council.

Sponsor Locals

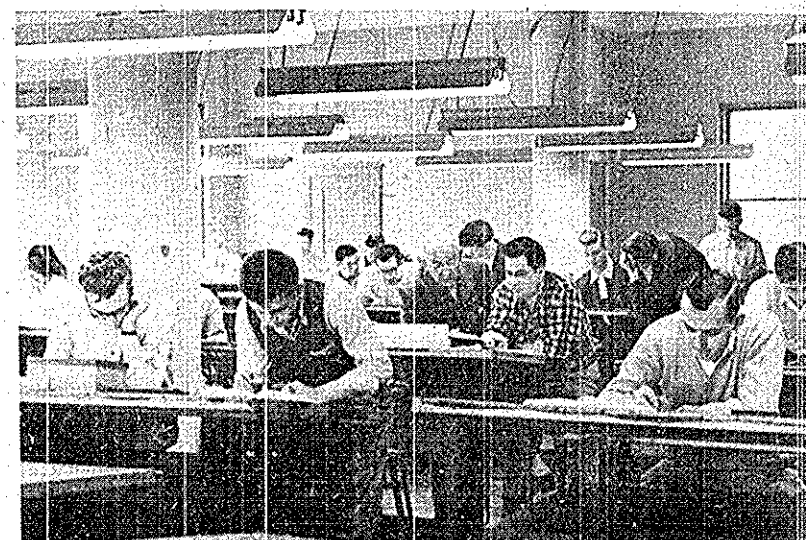

The Mahoning Valley Society of Professional Engineers are the sponsors and parent organization of the local OSPE. Representatives of the professional society are present at the monthly student meetings, which include in addition to the business session, a guest speaker and refreshments.

All members of the Youngstown Chapter of the Ohio Society of Professional Engineers, upon graduation and successful completion of the State Engineering examinations become members of the Mahoning Valley Society of Professional Engineers.

The effectiveness of an educational institution requires the integrated activity of all organizations. It is hoped that through a greater understanding of deviant social and professional aims this integrated activity can become reality.

Students work a "Post Mortum" on a Machine Design Problem. (l to r) Nick J. Leonelli, Kenneth Arner, Edward Klipec, Charles Fisher, Walter Salmen, Jim Ellsworth.

Positive proof to the theory of power of concentration. Industrious students at Rayen School of Engineering in Mr. Benkner's Mechanical Drawing Class.

Wilder's "Skin of Our Teeth" Chosen for YoCohoey Play

"Skin of our Teeth" by Thornton Wilder is the title of the play around which YoCohoey will be built this year.

The major roles have all been cast and most of the minor ones. To give greater opportunity to more people, Director Wilfred M. Foley has double cast all important roles, and the two casts will alternate during the performances.

The casts are as follows, Antrobus, Andy Vargo - Edwin Cunningham; Mrs. Antrobus, Jean Vargo - Anita Proverbs; Gladys Antrobus, Pat Ogy-Ann LaGuardia; Henry Antrobus, James Kish - Eddie Simon; Sabina, Betty Hinson - Eileen Bott; Esmerelda, Eleanor Angelo - Nancie O'Connor.

Kish and Simons will also alternate in the role of Telegraph boy, Dave Bates will be the commentator and Dick Brush will portray Fitzhugh, the stage manager. The balance of the cast will be announced when completed.

(Continued on Page 4)

ATTENTION STUDENTS

Last year an experiment to bring the faculty and students closer together was initiated in room 210 through a series of Friday afternoon teas. The total attendance was extensive enough to encourage a renewal of those gatherings this year, although not many attended any one tea.

All students and faculty members are cordially invited to room 210 for a chat and light refreshments every Friday between the hours of 1 and 3 o'clock.

Five Students Take Guatemalan Tour

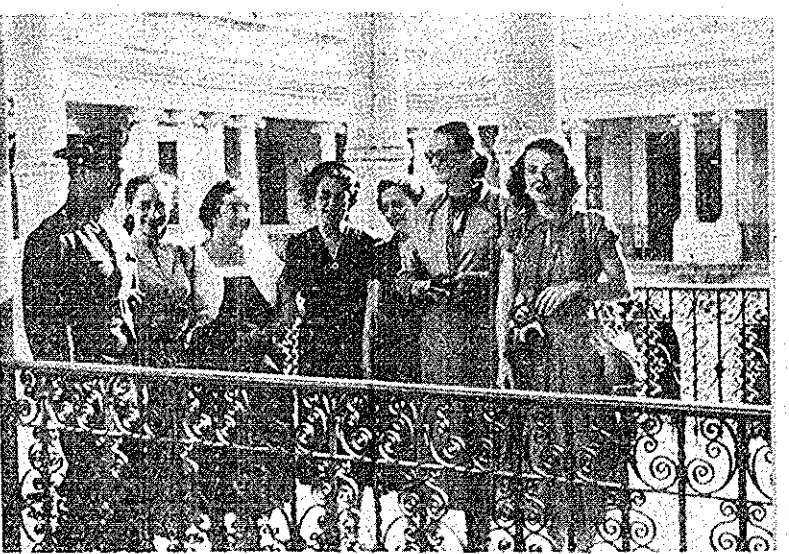

by Ann Hudak

Would you like to get college credit for your summer vacation? Five Yoco students from Mrs. Roy Mills' Spanish classes did it last summer when they took a three-week tour of Guatemala.

Something new in college courses, the trip was arranged and conducted by Mrs. Mills, and gave one hour credit. The five students, Mrs. Doris Burdman, Miss Katherine Thorne, Miss Ann Hudak, Miss Gayle Patterson and Mrs. Martha Potter, left Youngstown July 19, and, after spending a day seeing the sights in New Orleans, arrived in Guatemala by plane on the 21st.

There they had three busy weeks in which each student, in addition to trying to learn as much Spanish as possible, sought out the things that were of special interest.

(Continued on Page 6)

Standing on the balcony of the Guatemalan National Palace which overlooks a beautiful patio are; Mrs. Roy Mills, Mrs. Doris Burdman, Senora Cecilia Andrade, Miss Katherine Thorne, Miss Ann Hudak, and Miss Gayle Patterson. The picture was taken by Martha Potter. Senora Andrade was a guide.

Student Council Digest

Night Hawk...

by Dean

What's with this paper? I write a column and everything is censored. I stand on my constitutional rights (wiped my shoes first). Do we want to read about "Wha' happened" or do we want to read something interesting? Do we want this paper to be an article of adornment? Upon the same base product as that which is graced by "Lil Abner's crescents? I say "with censors, lets have fun".

Red Tyrell has a hangnail and is in serious condition. Visitors may call at the South Side Receiving Hospital, Ward 8.

Black Book Lost

Joe Santangelo has lost his little black book and is in deep mourning. To be of aid, would all available girls please give Joe their names, addresses, and phone numbers.

Nancy O'Neil wants her name in the JAMBAR. (Guess she isn't very particular). (Ed. note: He WAS such a fine columnist).

Ruth rode on my motor-bike, Directly back of me; I hit a bump At sixty-five, And rode on ruthlessly.

The weaker sex is the stronger sex because of the weakness of the stronger sex for the weaker sex.

Two days ago a very touching scene was enacted upon our campus. A dastardly (rough language—censor it) thief stole an object to which much affection was attached.

Must Be Found

This object of admiration and distinction must be recovered at all costs. Will the foul fiend who stole Tom Hess's silver-plated flask please return it.

Notes On What's That:

Jack Wire was last seen holding down the table in the main hall.

Joanne Wiegler...does she open those books when she's in the reserve room.

Nancy Mouery.....is she for real?

"Poppa, vot is a vacuum?"
"A vacuum is a void."
"Yah, I know dot poppa, vot's de void mean?"

Joe: "Have you got a picture of yourself?"

Roomate: "Yeah!"
Joe: "Then let me use that mirror I want to shave."

A maiden who walked on the Corso Displayed overmuch of her torso A crowd soon collected But no one objected, And some were in favor of moreso.

YoCohooley

(Continued from Page 3)

TNT! For the uninitiated, that means Trumbull New Theater, which opens its new season tonight for a two night run. They are presenting "Come Back Little Sheba" in the new Turner Jr. High Auditorium in Warren. TNT also means dynamite and that is just what the Trumbullites are.

Members of Drama Guild were treated to a lecture backstage last week by George Corrin, technical director of Youngstown Playhouse. Corrin led them through all the stages of designing sets from the idea to the finished design. He then displayed numerous sketches of stage settings and actual pictures of finished sets.

A great number of YoCo students enjoyed "Mr. Roberts" last weekend, practically as guests of the Palace Theater. Through Drama Guild, YoCo is providing ushers for the road show offerings this year, as was done last year for "Candida" and "Oklahoma". Students actually work about 45 minutes and then are privileged to choose any vacant seat in the house. A number of us saw "Oklahoma" from \$5.00 box seats last spring. Now Drama Guild is trying to organize a permanent corp of ushers for future shows. Great chance to see some fine shows and save money, too. Interested? See Eddie Simons backstage any time.

"Will your wife hit the ceiling when you come in this late?"
"Probably—she's a rotten shot."

A dumb girl is a dope. A dope is a drug. Doctors give drugs to relieve pain. Therefore, a dumb girl is just what the doctor ordered.

"Muscle Shoals," yelled the bishop as he hit his finger with the hammer.
"What do you mean, Muscle Shoals?"
"That's the biggest dam in the world, isn't it?"

With the Greeks . . .

First of all, the Greeks want to extend congratulations to all who helped make Homecoming a success. Queen Joan Pokabia and all her court, Jeanne-Shuttrump and Claranne Lyden of Gamma Sigma, Nancy Tapley of Phi Lambda Delta, Peggy Balla and Viive Prees of Phi Mu. Also to King Lou "66" Lehner and chairman Ray Andrasy both of Sigma Delta Beta.

It's rush season once more, that's the time of the year when the fraternities and sororities run around trying to impress the rushees and rushees run around trying to impress the rushees and the result is....a lot of running around.

The Phi Sigs held their first rush party at the DAV with fifteen rushees on hand. President Bill Martin addressed the group and outlined the purpose and aims of the fraternity. Their next party will be a breakfast at Lincoln Park on Nov. 7.

Phi Lambda Delta held their first rush party October 14. A good time was had by all. They wish also to give credit to their brothers the Phi Gams for the interesting and entertaining half-time ceremony at Homecoming.

Phi Mu's Rush

The Phi Mu's formerly Alpha Theta Delta, held their first rush party at Bear's Den with Pi Beta Chi. Both had rushees as guests. The second party for Phi Mu was a TV party at the home of Ginny Gething.

Nu Sigma Rho, whose efforts won them Homecoming honors with a Queen and prize winning float, wish to express their appreciation to the fraternities and sororities who helped make this year's Homecoming a success.

Sgt: "I miss the old cuspidor since it's gone."

Pvt: "You missed it before - that's why it's gone."

Definition of a pink elephant: a beast of bourbon.

Officers of Sigma Delta Beta for this semester are Joe Matteo - president, Ray Andrasy - vice president, Fran McHugh - secretary, John Bobko - treasurer, Don McBride - corresponding secretary, George Shinas, student council representative. They have a full program for rushing.

Receives Charter

Alpha Phi fraternity has received its permanent charter. Congratulations fellows! Their officers include Don Nolli - president, John Maggiano - vice president, Jerry Ziepp - secretary treasurer, Art Marcone - social chairman. There are 20 active members and should soon be more as their first rush party was very successful. Advisors are Mr. Fulkerson and Mr. Nelson.

Gamma Sigma held a shower for their Junior Advisor Jean Mellinger who became Mrs. Orlin Heiler on October 18. Frannie, Rosie and Marlene who are wearing "alien" pins are hot deserters but merely joined the ranks of the 'elect, or should we say select. Has anyone noticed how Mary Hynes is becoming more and more left handed these days. If you should notice the dog catcher about the halls just warn Nancy Johnson.

"If there's anyone in the congregation who likes sin let him stand up. What's this, Sister Virginia, you like sin?"

"Oh pardon me, I thought you said gin."

"I like lectures if they are not over my head."

"I feel the same way about pigeons."

Record Ramblings . . .

by Eddie Simons.

Hark! I hear the editors calling. "Get that column in or else." So here it is. The TDT is over and everyone who went seemed to have a good time. Benny Jones was good. The decorations were novel and collegiate like they should be. Along with the TDT was another dance, the Homecoming, it proved to be very enjoyable and gay.

Well this column is two issues old and I'm getting various ideas of it. They range from "Pretty good junk your tossing around, (but who likes junk?)" to "It's a good thing that column is free or I wouldn't bother to take it." From now on I promise to write exactly twice as well as I did before. The reason: The editors promised me they would double my salary. By the way how much is two times \$0.00?

Just think, only 24 more days to Yocohoey. Between acts of "Skin of Our Teeth" will be a terrific musical production number that's worth the \$1.00 tariff to see the whole show.

Week's Top Ten

1. You Belong To Me - Jo Stafford - still leading
2. I Went to Your Wedding - Patti Page - going up
3. Wish You Were Here - Eddie Fisher steady Eddie
4. Jambalaya - Jo Stafford - jumped two places since last issue and still going
5. Meet Mr. Callaghan - Les Paul & Mary Ford - a real great tune on the ascend
6. Half As Much - Rosie Clooney - had its fling and is going down
7. Auf Wiedersehn Sweetheart - Vera Lynn - won't be on hit parade for long
8. High Noon - Frankie Laine - Very steady seller and tied for the lucky seven spot

New Faculty

(Continued from Page 1)

erency has the B.S. in education from Youngstown College and M.A. degree from State University of Iowa.

William Rayen School of Engineering has added four to its faculty. They are Francis Jack Sines, B.S. in civil engineering from the University of Washington; John C. Lehman, B.S. in civil engineering from the University of Pittsburgh; John H. Culley, B.S. in civil engineering from the University of Pittsburgh and Harold R. Carle, bachelor of civil engineering from Ohio State University and additional study at the University of Pittsburgh and Youngstown College.

Dana Receives Two

Additions to the Dana School of Music are Rev. Walter T. Swearingin and Chest. E. Morsch. Rev. Swearingin has his B.A. degree from Ohio Wesleyan University, M.A. degree from Teacher's College of University of Akron and Bachelor of music degree from Westminster Choir College. Morsch has the bachelor of music degree from Northwestern University School of Music and is a graduate of the Union Theological Seminary School of Sacred Music with the master of sacred music degree.

Take it off, take it off,
All night long they stomp and cry.
Take it off, take it off,
Who wants ice cream on mince pie?

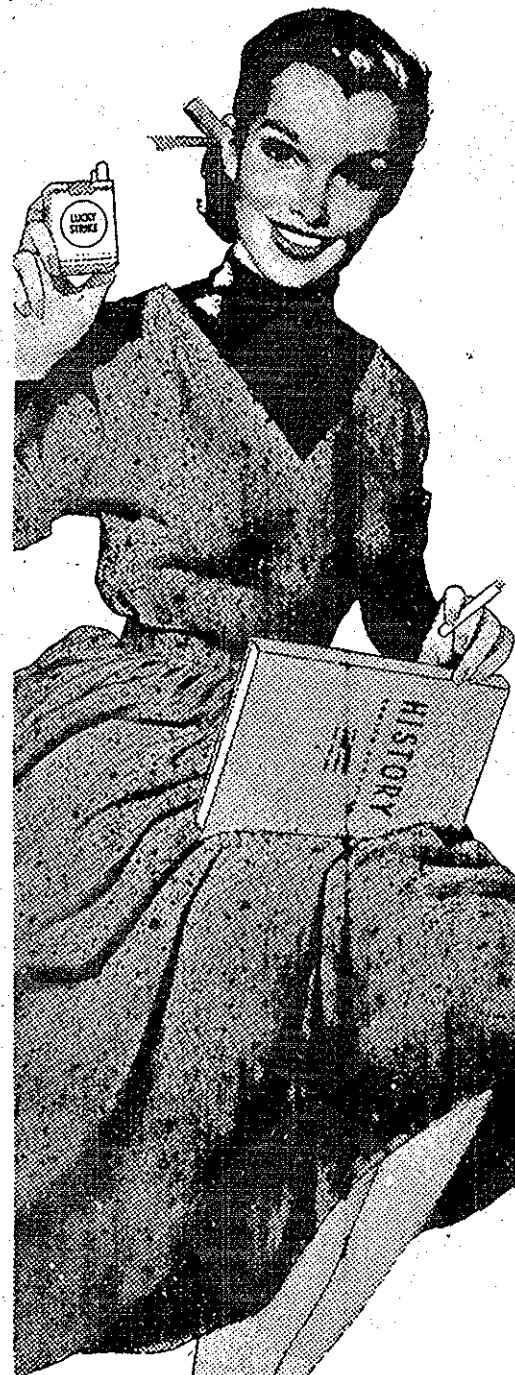

All organizations wishing space in the '53 Noon must get in touch with Dick Hill immediately. All appointments for pictures of organizations must be made as soon as possible.

Beginner at fishing: "Oh, I've got a bite. Now what do I do?"
Fisherman: "Reel in the line."
Beginner: "I've done that. The fish is tight against the end of the pole. Now what do I do?"
Fisherman (disgusted): "Climb up on the rod and stab it."

College students prefer Luckies in nation-wide survey!

A nation-wide survey based on actual student interviews in 80 leading colleges reveals that more smokers in these colleges prefer Luckies than any other cigarette—and by a wide margin. The No. 1 reason given for smoking Luckies? Luckies' better taste. What's more, this same survey shows that Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

Yes... LUCKIES TASTE BETTER!

Looking Around...

by Josie Frazzini

This column will now come to order. Will the editors please read the copy of the last issue. Any corrections or additions? What? Some of my readers don't like my stand on Philip Wylie. I'm sorry you disapprove but I stand firmly on my convictions. Is there any old business?

JACK RIST you told about the excursion. I'm surprised. I thought the OSPE Homecoming float was very original and clever. The engineers really seem to be taking an active part in school activities this year. Keep up the good work.

Most of you have heard the famous sayings of some of our illustrious students - like "I'll never tell" - but have you heard these? MILLIE NAGY-----"Oh, but, Cathy" BERNIE PALUSZAK----"And there I was on the thirty-eight parallel in Korea - BUT -"

NANCY CROFFORD -- "So I says to the tall blonde, gee but you're tall!"

JOAN THOMAS -- "There's nothing wrong with me, there's nothing wrong with me, there's nothing wrong with me" (Hmmm) HARRY MACHUGA -- "Supercalifragilisticexpedeledosis" (No kidding.)

The Alpha Deltas made news when they decided to go national and joined the PHI MU'S. Congratulations and good luck.

ROSEMARY HUMM celebrated a birthday last week. She still tells when she has them so she couldn't be very old. Happy Birthday. The Baldwin-Wallace band was terrific wasn't it? The boys seemed to think that the majorettes were very - huh - talented.

Wonder why JOAN DONNELLY gets such a kick out of walking all of a sudden. Has anyone seen a slip of blue paper around?

Now we'll go on to the new business. MITCH MARTINKO and JOE CONWAY are Stevenson's campaign managers at YoCo. That's the way it looks anyhow. They're always passing out pamphlets and stickers in the cafeteria.

Then there's the story about DAVE MASSARO who bet FRED KLOSS and EMERY BRADICH that Ike would be the next president of the United States. Some people live dangerously and like it.

The Alpha Phi Omega Service Fraternity will have a flag raising ceremony Monday, Nov. 3, at 1 p.m. The new flag was presented to the fraternity by the Women's Auxilliary of the American Legion. The A-Phi-O's in turn presented the flag to the college. All students are invited to attend the ceremony.

JERRY ZUPP and JOHN MASUCCI should write a soap opera and call it "This Could Happen To You" or "It's Time To Go Now". Maybe you could get Mazola Oil to sponsor the show.

Looks like PHIL FLERI and GERALD PRATT are in training. They had chocolate milk for breakfast. Wh are you boys getting ready for, the hunting season?

Some of the upperclassmen should follow the example of freshman MARILYN DAHLGREN. Marilyn can usually be seen on the second floor studying. (Why don't you practice what you preach Josie.)

The Sigma Sigma fraternity will present its annual Harvest Moon Dance October 31. The dance will be at Stambaugh Auditorium and tickets may be obtained from members of the fraternity.

This column is now adjourned, but remember -- there are two finishes for automobiles - lacquer and figuor.

Five Students Take Guatemalan Tour

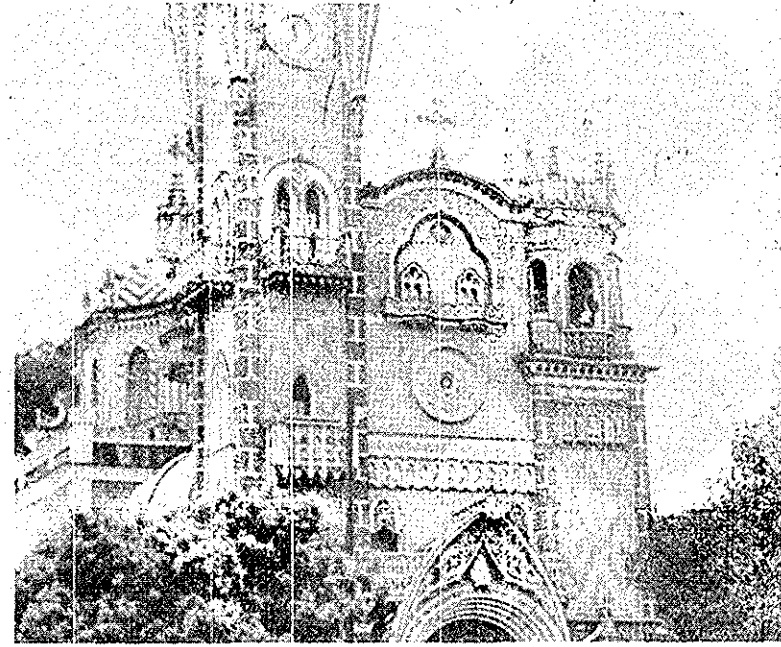

(Continued from Page 3)

One of the first spots visited was Lake Amatitlan, a volcanic lake with natural steam baths that were being used by the Indians to cure arthritis long before the Spaniards came.

Next on the list came the capital, Guatemala City, where all the travelers quickly became architecture conscious. The buildings are very much different than in the U.S. being mostly one-story and painted pastel color, and the lawns are "built-in" - patios, that is.

Some of the most outstanding buildings to be seen were the many churches, which are both beautiful and elaborate. The cathedral, located in the center of town, was begun in 1782, and is still being repaired from damage caused by an earthquake in 1917. Others, like "La Eurita", shown in the picture, were also interesting.

But more about such things next issue, when we will have more pictures and some incidents of the college-credit vacation.

One of the many beautiful and elaborate churches of Guatemala is the "La Eurita" a private chapel which took one man thirteen years to build. The outside is made up of stones taken from every part of the country. Services are held every day and the chapel will accommodate about 75 people.

JAMBAR STAFF
Pictures for the NEON
will be taken Nov. 5, at
3:00 in the JAMBAR office.
Be prompt.

Professor of history: "Hawkins, when did the custom of men bowing and kissing ladies' hands go out of style?"

Sgt: "I miss the old cuspidor since it's gone."

Pvt: "You missed it before - that's why it's gone."

Hawkins: "When the men began burning their noses on lighted cigarettes."

Sign on a store: "Mother-in-law died. Closed for the Holidays."

THESE HANDS ARE PRICELESS!

They protect the American way of life . . . our homes, our freedoms, our future.

These Hands, sensitively trained to respond acutely to the commands of an alert mind and courageous heart, are the hands of a United States Air Force Pilot.

The skillful touch of these hands attunes the blasting speed of modern jet aircraft to effective missions in discouraging any enemy. These hands are supremely capable of flying and fighting these machines with devastating effect.

These Hands belong to young, spirited American men (not supermen) who desire to live unmolested in a free America . . . who want to enjoy the same rights and opportunities open to all real American people.

These Hands belong to our sons--yours and mine. Youths who must decide today how they can share in defense of our nation and also better themselves. To insure greater chances of their success, today's college men should be encouraged to complete their education and then serve their country best by enlisting as Aviation Cadets in the U. S. Air Force.

Theirs is the choice of becoming either a Pilot or Aircraft Observer. After graduation as Second Lieutenants in the U. S. Air Force, they wear the silver wings of flying executives and begin earning nearly \$5300 a year.

These Hands represent a man ready to qualify for this tremendous task because he is between the ages of 19 and 26 1/2 years, unmarried, and in excellent physical condition, especially eyes, ears, heart and teeth. He possesses at least two years of college and the inherent urge to fly.

These Hands shape the destiny of America . . . the difference between our survival and oblivion. The U. S. Air Force needs the hands, the minds and the hearts of young Americans who desire to make the American way a greater way of peace and happiness for all.

WHERE To Get More Details

Carroll Host to Penguins Beede Revamping Offense

Tomorrow night the Youngstown College Penguins will journey to Shaw Stadium in Cleveland to give battle to the rugged John Carroll Blue Streak Eleven. Although the Youngstown team is supporting a better record than the Streaks there is no sign of an easy game. Even in defeat the Carroll eleven has looked good. They have held opponents to a minimum of yardage while they have outgained opposition both on the ground and in the air.

Led by hard-running halfbacks Carl Brubeck and Jack Kaminski, the Carroll ground attack has been devastating. The air attack led by the Ferrante to McMillan combination has caused defenders no end of troubles.

Franko Injured

Without the services of Dick Franko who received a fractured shoulder in the Marshall game the vaunted Youngstown offense may not be up to par. Franko's injury may also hinder the defense as safety man Lee Bobo will have to move in the offensive quarterback slot and leave his defensive spot to Tiger Demas or John Rouse.

With the absence of Franko, the offensive quarterback post will be manned by Lee Bobo and "Mike" Glears. Beede may spring a surprise with Lefty Glears. This freshman has looked good in drills and may see plenty of action.

Offense Ready

The other spots in the Penguin backfield are intact, with "Pancho" Villa, "Mooney" Schaville and "Choo-Choo" Ceremuga ready to ramble. These three hard running backs are capable of breaking away on every offense thrust. With these backs ready the "Blue Streak" defense should be put to a severe test.

The rugged Yoco defense led by Senior end Leo Coughlin, and Sophomore guard Sam Pagano is again ready for this annual battle. The defense has been outstanding, holding the first four opponents to a total of only four touchdowns.

REMAINING GAMES			
John Carroll U.	Nov. 1	There	
Bowling Green	Nov. 8	There	
Toledo U.	Nov. 15	Home	

Where Are They?

What do you know, the Yankees won their fourth straight pennant. "For Real." Reasons for these victories? Just one, Yogi Berra. What a guy! Plays when he is injured, catches double headers, hits thirty home runs, and takes it all in stride.

Who is this guy that talks about Walt Dropo. Yogi should take this Snarkey fellow and Dropo out to any field and give them both a few pointers on the game. Yogi could even play that initial sack better than the big Sub.

Speaking of giving pointers, I hear that TONY CLEMENTE, and SAM JANKOVICH are giving Uncle Sam a few on how to win a war. Give him some good ones. He needs them.

WALT BRIAN who scored pointers on the hardwoods last season has become a carpenter to finance his way through the remaining sixty years of his life. Where have I seen Walt sawing wood before.

YoCo can be proud of its recent grad, RALPH GOLDSTON. Ralph picked up consistent yardage and scored the only touchdown against the highly regarded Cleveland Browns.

Andy Starinchak and "Tiger" Demas insist they're starters for the Penguins. Both are on the kickoff team. YoCo has kicked off in the last three games. I guess you're right boys.

Broadside...

by BARRETT

You could call it a storybook ending with all the trimmings. You could call it a bit fantastic. In either instance the appetite of the most thrill-hungry fan should have been appeased by the electrifying finish to the Youngstown-Baldwin-Wallace game.

The clock showed three minutes remaining when a swarm of red jerseys captured a Baldwin-Wallace fumble, giving the Penguins possession on the visitors 42 yard line.

On the first play little Lee Bobo dashed to his right, spotted Angelo Pezzuolo playing hide-and-seek with Jacket defenders, and whipped a strike to his battery mate for a first down inside the 30.

A line play produced two yards. Then it was Bobo again, picking his way through tacklers with the skill of a ballet dancer to the nine yard marker. A penalty together with a Bobo to Ed Frazzini seven yard flat pass moved the hog hide to the one.

Now the clock disclosed the fact that only 49 seconds separated the Penguins from their initial setback of the season.

Aroused by such a dismal prospect, the Penguins sent fullback Jim Villa crashing over center into scoring terrain on the next play to create a 12-12 tie.

Mr. Outside Lynn

Then came the highlight of the evening. Bob Lynn prepared to toe the winning point over the crossbars amid the frenzied roar of the crowd. The snap from center, loose ball, suddenly "Mr. Outside" Lynn scooped up the bobbling ball and combining the swiftness of a halfback with the drive of a fullback swept left end to register the deciding marker. The never-say-die Penguins had rallied to achieve their fourth victory with only a tie to mar their slate.

This was far and away the most exciting game of the year. The last five minutes provided some of the most exciting football ever witnessed here.

Defensive Match

After Baldwin-Wallace had chopped their vaunted defense to bits with a 65 yard drive following the opening kickoff to assume a 6-0 lead, the game developed into a bruising defensive match.

In the closing minutes the Jackets engineered a 25 yard scoring pass to apparently seal the Penguins' doom.

But on the first play after the kickoff the picture abruptly changed. The dynamic Bobo sped wide around left end, cut back sharply at the 30, reversed his field twice more, shook off three tacklers, then turned on the speed to outdistance his pursuers in a spectacular 78 yard touchdown jaunt. That one run rekindled the spark that set the stage for the pulsating climax.

Show Fighting Heart

By winning, Youngstown demonstrated two things. First they proved that they were capable of coming back to wipe out a deficit, always the sign of a champion. And second they showed they were ready for the bigger games on their schedule. Road games with John Carroll, and Bowling Green and a November 15th date with powerful Toledo bar the path to gridiron glory.

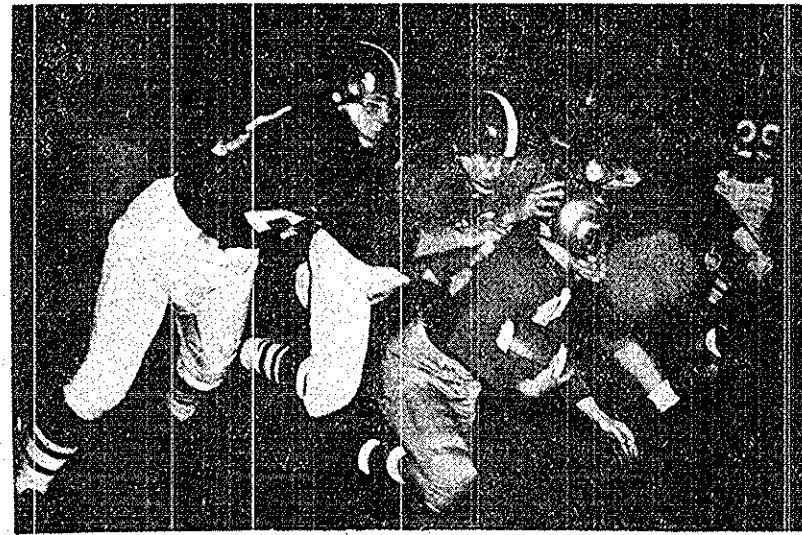

But augmenting their three touchdown a game attack and barbed-wire defense with their displayed fighting heart, chances for an undefeated record are not remote.

Highlight of Homecoming Festivities

Coach Dike Beede, who has directed the Youngstown College Grid- ders since 1938, addresses the student body and Homecoming Court at a pre-game bonfire rally.

Action in Homecoming Game

Bobby Lynn and Ange Pezzulo stop Marshall Back on opening kickoff return. George Ceremuga (29) follows up to give needed help.

YoCo Upsets BW In Final Period

Baldwin-Wallace gridders faded before a dramatic Youngstown College comeback last night at Rayen Stadium as the YoCoites won their fourth game without a loss.

Erasing a 12 point lead in six minutes, the Penguins evened matters with 49 seconds showing on the clock.

B.W.'s Chet Grob started the scoring with a nine yard plunge early in the first stanza. Jim Tyree, the lightning-like left halfback tallied the other for the Bereans early in the final quarter.

Bobo Scores

With six minutes remaining, Lee Bobo zigzagged 80 yards through almost the entire yellow jacket team to make it 12-6. With three minutes remaining, Warren Gurski pounced on a B.W. fumble deep in their own territory. After a few "Bobo" passes, Jim "Pancho" Villa plunged through from the one.

Then, with the crowd wild and the teams limp, Bob Lynn came in to try for the P.A.T. Lee Bobo fumbles the low pass from center but Lynn scooped it up and smashed into the end zone with the winning point.

Lynn got the ride to the sidelines, but it was Lee Bobo, who ran like a scared antelope that did the major damage to the Bereans. He picked up 165 yards in 18 attempts, and completed 8 out of 16 tosses for 111 yards.

ROTC Sharpshooters Lose to Kent State

The ROTC rifle team lost their first match to a highly regarded Kent State team. Youngstown, although inexperienced, put on a good show in its first Conference match. The Kent Staters were sparked by T. Perkowski - 380 while the ROTC boys of YoCo were being led by Joe Mazur 345 and Dale Hixenbaugh 342.

Penguins Tie In Homecoming Tilt

Before a wild cheering "Homecoming" crowd, the big Red and White of YoCo fought the Thundering Herd of Marshall College to a 6-6 tie. Dick Franko, who scored on a brilliant 27 yard run, received a shoulder injury which will keep him out for the remainder of the season.

This opening score was set up by Joe Jachovina who recovered a Big Green fumble on the oppositions 27 yard line. Without Franko the Penguin offense seemed to lack the punch in scoring territory. Several times the YoCo-ites got down into scoring position behind the hard running of Schaville, Ceremuga, and Villa, but here the offense stalled.

Ties Score

Marshall was held in check until midway in the third quarter when Chmara threw a screen pass to Hellyer who romped seventy four yards to pay dirt. This was the only time Marshall was able to seriously threaten.

Youngstown's defense, led by Bob "Sleepy" Garcar, Norm Stafford, and Frank Marsteller was again outstanding, as they outcharged a much bigger Marshall line.

Even with this tie, the Penguins have kept their record of never having lost a Homecoming Game.

ROTC Orders
(Continued from Page 1)

The Staff and Battery Commissioned and non-commissioned officers have been selected because of their outstanding work in Military Science classes and because of their high scholastic work.

A Battery:

Cadet Captain T.L. Waters, Cadet Lieutenants L. Sisman, R.D. Westerman, T. Culkar, W.L. Petrusky, R.N. Selby, Sergeant R.G. Lynn.

B. Battery:

Cadet Captain P.O. Stebelton, Cadet Lieutenants M. Belevich, L.W. Exum, E.J. Heyman, R.W. Webster, D. McCloud, Sergeant J. Knapic.

C. Battery:

Cadet Captain P.J. Belus, Cadet Lieutenants C.G. Cox, R.W. Brush.

Friedrich Leaves
(Continued from Page 1)

under the supervision of J.B. Williams, director of the school.

Local Graduate

While a student at Rayen School she served as reference room clerk at the Youngstown Public Library. She was graduated from Rayen on the honor roll and from the Secretarial School of Youngstown College. She received her degrees of bachelor of arts with a major in business administration and bachelor of science in education from Youngstown College.

Miss Friedrich has been active in the public relations work of the College including the writing of news releases, counseling with students entering college, answering inquiries for information and supervising the mailing of hundreds of letters and schedules of prospective students throughout the years.

Distinct Loss.

In speaking of Miss Friedrich's service to the college, Miss Freda Flint, director of public relations, said, "Miss Friedrich's leaving is a distinct loss to the college which all members of the staff and faculty will feel. She was not only most efficient in all phases of her work but was never too busy to help a staff member, faculty member or student with a problem regardless of whether or not it was a part of her job. We are going to miss her."

Dr. Howard W. Jones, president of the college, said: "Miss Friedrich's efficiency and devotion to her job has made her extremely valuable to the College, and we are truly sorry to lose her. Our best wishes go with her for success in her new venture."

McKELVEY'S

VARSITY BASKETBALL

Varsity Basketball tryouts originally scheduled for Oct. 27 have been cancelled. They were re-scheduled for Monday, Nov. 3. All those interested are asked to report then.

D. Moody, R.M. Mayberry, K.E. Smith, Sergeant R.T. Pintar.

D. Battery:

Cadet Captain C.L. Coughlin, Cadet Lieutenants A. Hume, H.B. Dasilva, B.A. Zoldak, J.L. Persch, D.E. Phillips, Sergeant N. Zeufos.

Band:

Cadet Captain J.C. Hrecz, Cadet Lieutenant S.E. Drake, Sergeant H.C. Hendel.

"Did you see in the paper where a fellow beat his wife to death with a golf club?"

"No - I missed that. How many strokes did it take?"

Beggar: Have you a nickel for a cup of coffee?

Student: Oh, I'll manage somehow, thank you.

Teachers Club
(Continued from Page 1)

which will be served at Pollock House between the hours of 5 and 7 p.m.

The next meeting will be held on November 5 at 8:00 p.m. F.T.A. urges all those who think they might be interested to please attend this meeting.

The advisors, Miss Frieda Chapman, Dr. G.M. Wilcox, and Mr. J.F. Swartz believe this organization is a definite step in the right direction, and they have pledged full support to all undertakings.

Notice: Anyone found near my chicken-house at night will be found there next morning.

They have devised a process of making wool out of milk, which only makes the cows feel sort of sheepish.

Passerby: "What kind of mongrel you got there, kid?"

Little Boy: "Police Dog."

Passerby: "Sure doesn't look like one."

Little Boy: "Course not; he's in the secret service."

With the ENGINEERS ...

by Jim Ellsworth

The OSPE held their first meeting of the current semester on Oct. 13. Delegates for the state meetings in Columbus were elected. They are Dick Mills, Gordon Bugby, Jim Petrella and Franklin Headd. President Jones delivered a very interesting talk on his trip to Europe this summer.

The OSPE sponsored a float for the homecoming parade. This float was built on a car donated by "Professor" Jim Petrella, who along with Eugene Treshawty were instrumental in designing and building the float. They receive 100 percent co-operation from the student body, as well as from the faculty.

Thanks to Tom Carey and Dom Rosselli, who donated football equipment, and Lt. Cook who enabled us to use the armory to store the float.

Car Breaks Down

It was to say the least very embarrassing to have the car break down during the parade. At this point, most organizations would have called it quits because of the short time left to repair the damages but not the OSPE. The fellows who worked very hard and late Friday night showed great determination to make sure the

Engineering department would be represented at the halftime ceremonies of the football game.

Without help from John Billy, Bill Keiner, Mr. Ross, and Mr. Kramer, who found Mechanical trouble in the car the float would not have appeared at the game. This is the first time the Engineering has had a float in the home coming parade and it should be made an annual project for OSPE.

The next meeting of the OSPE is scheduled for Wednesday, Nov. 5th at Pollock Hall with an Engineer from General Motors listed as the guest speaker.

Teacher: "What is the shape of the earth, Willie?"
Willie: "It's round."
Teacher: "And can you give proof that it's round?"
Willie: "All right, it's square. I don't want any argument."

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

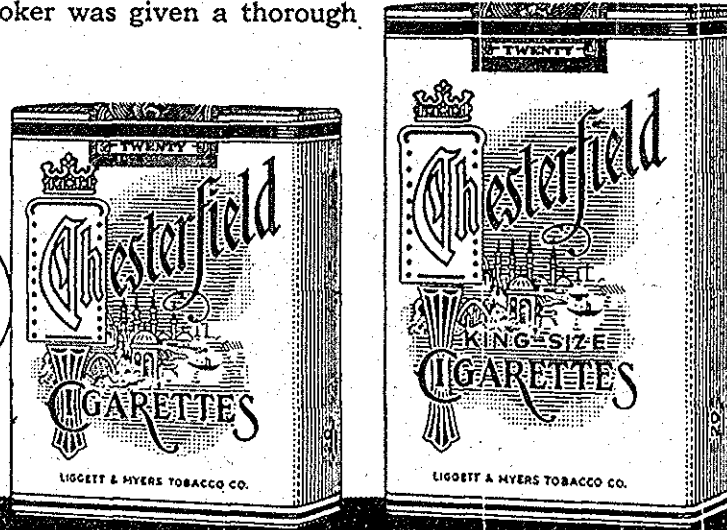

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
