

Senior Banquet Planners

Senior class officers have been busy making plans for the annual banquet and the purchase of the classes annual gift to the college. They are (seated l to r) Marlene Schnauffer, and Charlotte Italiano, (standing) Ron Esposito and Mickey Yohman.

Seniors Will Hold The Class Banquet

Graduating seniors will hold their annual Senior Class Banquet at 6 p.m. Saturday, March 13, in the Calvin Center, Mahoning at West Ave., senior class president Mickey Yohman has announced.

Senior secretary Marlene Schnauffer last week mailed letters to all seniors who have applied for graduation in June. Seniors and their friends will attend the affair. Tickets are \$2.50 per person and may be obtained from any senior class officer or in the Dean's office.

A delicious dinner is being planned by the class officers, with dancing to follow the meal. Any senior who did not receive a letter or desires tickets should contact the senior class.

President Howard W. Jones will address the groups. Plans are being made to present the customary class gift to the college after the dinner. Assisting President Yohman and Miss Schnauffer in banquet preparations are Vice President Charlotte Italiano and treasurer Ronald Esposito.

Announce Queen Petition Deadline

The deadline for filing petitions nominating girls for Junior Prom Queen and May Day Queen has been set for Wednesday, March 3, and voting will be Monday, March 8, in the Main Hall. Discipline Committee chairman, Robert Somich announced last week. Petitions will be filed in the Dean's Office or with the committee chairman.

Only Junior girls are eligible for Junior Prom Queen and only a senior can reign May Day. Both candidates must be full-time students in good standing. A petition to be valid must bear the signatures of 25 members in the candidates class. A signature appearing on more than one petition will invalidate both petitions. All signees must be full-time students in good standing.

Candidates nominated by valid petitions will be voted upon by the members of her class who are full-time students in good standing. The girl receiving the most votes will be queen. Her court of honor will consist of the next four girls in the vote total.

That part of the regulations requiring all petitions to be in one week before the actual voting has been waived in order to give students as much time as possible to complete their petitions.

Navy To Show Flight Movies; Wants Cadets

"Fighter Photo" and "Naval Aviator," technicolor movies, will be shown in the Strouss Auditorium, Wednesday, March 3, from 12 noon to one p.m., by the Naval Aviation Cadet Procurement Officer from the Naval Air Station, Akron, Ohio.

The fighter film follows the activities of a carrier based jet photo reconnaissance pilot participating in combat strikes in Korea, while "Naval Aviator" depicts the life of a Naval Cadet in the Navy Pilot Training Program at Pensacola, Florida. "The Annapolis of the Air."

The Cadet Procurement Officer will be on campus Wednesday 10 a.m. to 2 p.m. to provide information concerning Navy Pilot Training. Before and after the movies he will be

Annual Mardi Gras At Elms Tomorrow

Miss Leona Casey will reign over the annual Mardi Gras tomorrow night at the Elms Ballroom. Miss Casey was chosen Queen at a regular Newman Club meeting in the Catholic Action Center. The dance is open to all students and will feature the music of Russ Hollamoy.

Lovely Queen Lee Casey will reign at the Newman Club's ninth annual Mardi Gras tomorrow night at the Elms Ballroom. Tickets are \$2.50 per couple for the semi-formal affair and dancing will be from 9 to 1 a.m.

The Queen, a secretarial school student, was elected by Newmanites at the Feb. 7, meeting. She is also co-chairman of the club's social committee, and a member of Delta Chi Epsilon sorority.

Attend Queen

Attending the queen will be four charming Newmanites. They include Barbara Brezoveck, a sophomore education major, a member of Phi Lambda Delta sorority, and Alpha Pi Epsilon Service Sorority. Pat Selby, a secretarial school student and member of Delta Chi Sorority, Marilyn "Cookie" Korody, a sophomore art major and a member of Gamma Sigma sorority, and Charlotte Italiano, Newman Club recording secretary, a member of Alpha Pi Epsilon Service Sorority and a senior education major.

The coronation will take place during the intermission when last year's queen, Rosemarie Buccieri, will crown Lee.

Direct Event

The festive pre-Lenten event is under the direction of co-chairmen, Joe Malenic and Jim Kilkenny. Malenic is a sophomore pre-law major and Kilkenny a sophomore business major.

Committees assisting the chairmen are Dick Selby, publicity; Shirley Aey, decorations; Terry Fitzgerald, programs; Betty Fleisher and John Knott, patrons; Charlotte Italiano, invitations; and Bill Sponster, master of ceremonies. Other chairmen include Norma Deramo and Ruth Navin, flowers; Tim Abraham, tickets; and Jack Hamley, intermission.

CHANGE RING PRICE

On March 15, the price of Youngstown College rings will be increased:

Men from \$30 to \$32
Women from \$25 to \$27

All orders placed before March 15 will be filled at present prices; place your order now at Raymond Brenner, Jeweler, Federal and Hazel Streets, Youngstown.

Philharmonic Features Hurlbert, Dana Soloist

William Hurlbert, sophomore, Dana School of Music, and winner of the Strouss-Hirschberg Music Center Steinway Centennial Award last month, was featured soloist at a recent Youngstown Philharmonic Orchestra concert. His selection of the evening was Mendelssohn's Concerto No. 1 in G minor.

As a piano major, with his minor in organ, Hurlbert will now be able to get more training. As winner of the coveted Centennial award, he will be eligible to study with any piano teacher within a 40 mile radius.

Serving as contest judges were John Kurger, conductor of the Youngstown Philharmonic; Aurora Ragaini, New York City teacher and pianist, formerly of Youngstown, and Col. L.R. Boals, music editor of the Youngstown VINDICATOR.

Hurlbert will utilize his scholarship by continuing to study under his teacher of the last five years, Prof. James V. Tavorario of the Dana faculty.

Phi Sig's Will Join Sig Ep's Get Council OK

Student Council approved Phi Sigma Epsilon's request to affiliate with Sigma Phi Epsilon national social fraternity, last week after failing to get the necessary vote at a previous meeting and despite repeated efforts by faculty advisors to discourage the action.

Phi Sig officers indicated that they will now contact the national office of Sigma Phi Epsilon to make

RIL On Air 3 Years; To Hold Banquet

Anniversary Program Part Of Celebration

The Third Anniversary Broadcast of "Religion In Life Caravan" sponsored by the Religion In Life Fellowship, was heard over WBBW, 8:15 a.m. Saturday, Feb. 13. Following the broadcast, members of the Caravan celebrated with a studio breakfast-party.

Participating in the anniversary broadcast, a fifteen minute devotional period, were Shirley Arthur, presenting the "Weekly Devotional Thought," the Caravan Treble Sextet, composed of Virginia Shelar, Elaine Ohl, Marilyn Ervin, Kay Reilly, Gerry Lewis, and Carolyn Browder. They sang "The Tempest" by Ira Wilson. Gloria Sanchez, read the Scripture. Virginia Brown offered the prayer and Rev. Albert L. Linder, Chaplain, presented a short devotional talk, "One Became Two."

Bill Evans is the regular student announcer, Ronnie Schink is the program's musical director and Virginia Brown is producer

Students participating in RIL's weekly radio show, "Religion in Life Caravan," prepare to present their Third Anniversary Broadcast over WBBW. (seated l to r) Gloria Sanchez, Bill Evans, student announcer, Shirley Arthur, (standing) Carolyn Browder, Gerry Lewis, Marilyn Ervin, Kay Reilly, Elaine Ohl, and Virginia Shelar, members of the Caravan Treble Sextet, Ron Schink, musical director, and Virginia Brown, producer and script writer.

Annual Banquet Held At Saint Johns Today

The Annual Banquet of Religion In Life Fellowship will be held at 6:30 P.M. today in St. John's Episcopal Church Hall, Wick Ave. at Lincoln.

The dinner will be followed by community singing, toasts and short speeches, music and dance novelties, dramatic skits and readings. After dinner mixers and dancing will be under the direction of Tony Vivo.

A South Sea Island Theme will feature the decorations and program.

Banquet committees include: Programs, Donna Ernst, Jack Schafer and Chuck Dittmar, Tickets, Mary Lee Davis, Publicity, Marilyn Ervin, Ella Clark and Doris McClelland, Decorations, Ella Clark, Charleen Powell, Ronnie Smith and Jack Moore. Faculty members and students of the college are invited.

Deductible Education

The National Student Association, of which Youngstown College is a member, is cooperating in an effort to direct the attention of taxpayers to the fact that expenses for college education should be tax deductible.

A bill calling for such a deduction has been introduced in the House of Representatives by the Honorable Abraham J. Multer (D), 14th District of New York. Speaking in behalf of his bill, Mr. Multer told the congressmen, "My bill is directed primarily to give relief to those parents who are paying more than \$600 personal exemption per child for the education of their children."

After assuring the law makers that he did not stand to benefit personally, because he has already put his two boys through college, the congressman added, "We know if you are sending them to college away from home you are lucky if you can do it for as little as \$2,500 per year per child. You get all of \$600 a year exemption."

"...we should, if possible, give every child in this country an opportunity to get a college education. This bill will go along way toward bringing that about by making it possible for these parents, who if they can get this tax relief, will get at least some help in sending their children through the colleges and universities of our country."

With all this we are in complete accord and while the congressman has placed the emphasis upon parental expense in his arguments, there can be no question that the proposed bill would be a boon to those enterprising students who make great sacrifices to finance their own educations.

If you are paying your own college tuition or if you have considered the possibilities of someday sending your children to college, we urge you to support this bill. Send a letter to your representative in Washington, asking his support for the proposed amendment.

Importance of Neutrality

Chairman of Student Council is the highest position that a student can attain while in college. Now that the new council has convened it would perhaps be well to review the chairman's duties and his role as leader.

Council is not made up of two separate parties as is the Congress. It is made up of representatives from many groups and thus the position of the chairman in council is unique, and should be regarded as such.

The main function of the chairman should be to guide. This is a rather broad statement on the surface, but there are definite limitations.

The chairman should, both officially and privately, maintain an attitude of neutrality in his role as leader of council. It should be his duty to advise and guide and to see that methods of procedure are properly carried out.

The chairman sets the pace of council. Through effective leadership on his part, council can be made into an organization of great influence and good.

But by taking a definite side in the discussions on various issues confronting council he undermines the dignity of his office and the morale of his council.

Such action does nothing but create antagonism and transforms council into little more than a farce.

The only place where the chairman should have any reason to abandon his position of neutrality is in the case of a tie vote.

Here, in order to break the tie, the chairman must cast the deciding ballot. At this point he should be permitted to explain his position in regard to the issue at hand. On no other issue can he take sides, without violating his impartial role.

The JAMBAR respectfully suggests the following constitutional limitations be placed upon the rights and duties of council chairmen:

1. The chairman shall refrain from involving himself, officially and privately, in any issue confronting council.
2. The only justified exception to the above rule shall be in the case of a tie vote.
3. The vice-president of council shall likewise be subject to rule one and, in regard to rule two, only when conducting the business of council in absence of the president.

Council is a growing organization. Its value and power can only be evaluated through trial and error. The JAMBAR therefore requests consideration of these proposals by council.

The more clearly the powers of council are defined the more effectively council will operate in the best interests of Youngstown College. The importance of impartiality by elected leaders should never be under-rated.

Question: How do you feel about the unseasonable spring weather?

Ethel Clark

Since I am not an expert in meteorological study it is quite difficult for me to give a scientifically accurate report on weather. However, I must admit that, it is most stimulating, but not for study. This I believe to be true, not only from the standpoint of the student, but of the instructor.

Dick Clark

I feel that there should be more of it. This weather is what makes college life enjoyable. Everyone doesn't have to fight the bitter cold of winter or wear heavy coats. I have a chance to meet more college friends and a happier atmosphere prevails over the whole college.

I just saw a bee and they're starting to buzz around and will soon start making honey. If this keeps up you can look forward to donating a little blood to the Mosquito National Blood Drive but the spring weather is very nice.

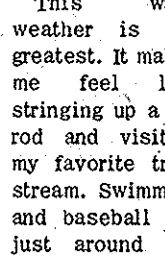

Guess Who?

When this type of weather comes most people's spirits are enlightened. Overcoats come off and a new free and easy look is about the campus. There are new dances and activities to look forward to. These activities are enjoyed by all. However, when it comes to studying I believe the spring weather will take over. Studying will tend to decline.

Mike Petro - Fr.

This warm weather is the greatest. It makes me feel like strapping up a fly rod and visiting my favorite trout stream. Swimming and baseball are just around the corner. The heat makes me wish that I had a few more courses at the "country club" so I'd have nothing to do but play golf and just enjoy myself.

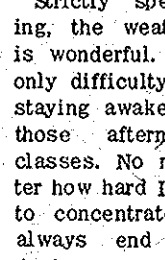

Don Bergman - Fr.

This weather makes me feel like taking off and playing hooky. With this kind of weather I want to sit and fish all day. But the bad part about the weather is that it makes it easy to catch cold, when its hot one day and cold the next. I just wish it would stay warm.

Pat Casey - Fr.

Strictly speaking, the weather is wonderful. My only difficulty is staying awake in those afternoon classes. No matter how hard I try to concentrate I always end up dozing or day dreaming about the millions of places I could be.

THINGS TO TALK ABOUT

BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia

DIVORCES

MARRIAGES

THE MARRIAGE RATE DECLINED AND THE DIVORCE RATE INCREASED IN 1952.

IN THE FIRST 11 MONTHS OF 1952, 4,710,000 CATTLE HIDES WERE USED FOR SOLE LEATHER AND 13,025,000 HIDES WERE USED FOR UPPERS.

Two new volcanoes appeared in the past year— One of these, EL BOQUERON, broke out on San Benedicto Island, 250 miles off the tip of lower California. Within a few weeks it attained a height of 1,250 feet, with a crater a half mile wide and 300 feet deep. The other volcano DIDICAS, rose 250 feet above sea level to form a 600 acre island off the north coast of Luzon, Philippine Islands.

J. D. G.

THE TIMES

by George Miller

The extreme charges leveled against Chief Justice Warren need never have been made if the Congressional committee concerned had investigated the writer of the letter that contained them. It was bad publicity for the Chief Justice and will probably leave a deeper mark on the public than the belated explanation, even though most of the charges were not made by a responsible person. There is growing thought in this country that if charges are made continually against high government officials without investigating the source, potential public servants will feel, in fact many do, that there is too much to lose by entering the government. This is serious. A good example of this was when President Eisenhower's appointees to high posts went before Congress for approval, shortly after the Inauguration last year. They were all put through such a wrangle over their personal finances that the spectacle discouraged many men who would otherwise have been willing to enter the government.

Another reason good men are turning down such jobs is the pay involved. Many have spent years building up careers in business, finance and law. Most of them are now getting high salaries. When they are asked to enter public service they face the problem of trying to maintain their standard of living at a much lower salary. It is not a question of not wanting to serve, it is one of solving the many problems that arise. If a man has a family, he must think of their future. If he has built up a promising career he might have to leave it just when he's getting his feet on the ground. Many people in Congress have proposed various bills from time to time to take care of this but they don't get enacted because too many are worrying about cutting government expenses and not about obtaining good men who will see to it that those expenses are cut, by much better methods.

Look for concentrated efforts by Washington to strengthen relations between our country and Central and Southern America. Dr. Milton S. Eisenhower, the President's brother, recently carried out one feature of the program by touring South America and obtaining a vital report for the President on conditions there. He especially kept his eye out for the feelings of all the countries he visited toward the United States. The President himself, by his recent visit to Canada, showed that he attaches great importance to the problem of unity. Canada's growing strength makes her indispensable to Western defense. The President wants it made clear to the public that he is not pursuing this policy of building up North and South America as a means of dragging this country back to isolationism. He is doing it as one more part of his program to build up every country that can aid us in the fight against Communism.

The arrival of one of Russia's most highly skilled diplomats, Alexander Bogomolov, in Italy, can leave little doubt that Russia believes the political situation is ripe for the picking. There is so much squabbling in the political divisions of Italian life that the Communists, the only united group of the lot, are a tremendous danger. It is difficult to evaluate their actual strength but our government is certainly anxious. By remembering the old adage "Divide and Conquer," the Italian Reds are working hard to apply every pressure they can to weaken their political enemies. They believe that if they keep on probing deep enough, something big will come loose.

Senator McCarthy seems to be driving more and more for a showdown with the Eisenhower administration. It should be remembered that he has a powerful following in this country. His recent speaking tours and his extremely colorful committee meetings, as well as his present difference of opinion with Secretary of the Army Stevens, are making plenty of people regard him as politically dangerous.

If anything is to be said of McCarthy's enemies, it should be that they certainly have a variety of reasons for disliking him. Many believe he is endangering individual freedom by his methods. Many Republican party leaders believe his growing political strength would be a threat to their own nominees in the 1960 Presidential race, if not in 1956. Many believe McCarthy is a good man but could use better methods. Many others dislike his frequent remarks about Britain and believe that he is severely impairing Anglo-American relations. At any rate, the general belief is that there will come a day when either the Eisenhower people, or McCarthy, will bring about a showdown. They believe, when such a showdown does come, things will get really warm.

College Gets \$50,000 Grant Renames Hall

A \$50,000 gift was received by Youngstown College from Mrs. Jacob Waddell, president of the Niles Fire Brick Co. and Mr. John R.T. Clingan, vice president, whose families have played an important role in the industrial and cultural growth of Niles and the Mahoning Valley, President Howard W. Jones, announced recently.

Mrs. Waddell, the former Mary Ann Thomas, is an aunt of Mr. Clingan. Mr. Clingan has been a member of the Board of Trustees here since 1942.

Euy South Hall

The money has been used for the purchase and endowment of the 3-story building at E. Rayen Ave. which will be known as Clingan-Waddell Building. The building is in use and has been remodeled to include a nutrition laboratory and a combined biology-chemistry laboratory for nursing students. Metallurgy, engineering drawing, and mathematics classes will continue to meet in the building as in the past.

The balance of the \$50,000 will go toward an endowment fund to be used to pay running expenses of the building.

Dr. Jones said that in making this important contribution toward the development of the college, Mrs. Waddell and Mr. Clingan are carrying on the tradition of their families by taking a vital part in the progress of the community in which they live.

Display Local Artist's Work

"Muscle of the Mill," a water color by Mrs. Beatrice Fried Newman, well-known district artist and Youngstown College graduate, was shown in the Steel, Iron and Men Exhibition at Birmingham Museum of Art, Birmingham, Alabama, last week.

This show received more than 500 entries of which approximately 120 works were accepted. Judges of the exhibition were: Abraham Rattner, well-known artist, Philip Adams, director of the Cincinnati Museum of Art, and Irving S. Olds, of U.S. Steel. All entries were based on the theme "Steel, Iron and Men".

She had two other prints accepted in the Society of American Graphic Artists' 38th Annual Exhibition being held at the Kennedy Galleries, New York City through tomorrow. The two prints accepted are: "Profound and Prayer" in the main division of the show, and another small linoleum print entitled "Decision" in the miniature section.

Marine Officer Hitch Extended

Washington, D.C.—All newly enrolled Marine officer candidates will be required to serve an extended period of active duty after being commissioned, according to General Lemuel C. Shepherd, Jr., Commandant of the Marine Corps.

The Marine Corps has completed plans to make certain that a college man who enrolls in the Platoon Leaders Class after July 1 will be required to complete three years of active commissioned service, instead of the present two-year tour.

Officer Candidate Course candidates enrolled subsequent to Feb. 1, are subject to this new policy change now. This new obligated active duty service does not apply to OCC and PLC candidates who are currently enrolled or whose applications are awaiting approval.

Heads Pan Hel

Paul Richardson, junior advertising has been elected president of Pan Hellenic Council. Paul is a member of Pi Beta Chi social fraternity, Alpha Mu, advertising honorary and Religion in Life Fellowship. He served as secretary treasurer of Pan Hel last semester.

Hahn Will Head Promotion Plan In High Schools

A program to promote YoCo among district high school students will be headed by Prof. Philip J. Hahn, who has been appointed to the full-time faculty of Youngstown College beginning with the current semester.

Hahn came to the college faculty on a part-time basis in February 1949 and in February 1950 was made a full-time member. He continued in this capacity until the fall of 1953 when he left the college to become distributor sales manager for Supreme Metals, Inc., in Girard.

Teaches One Course

While on the faculty at the college Hahn has taught marketing, economics, social science, and other courses in the School of Business Administration. He will teach one course during the current semester in addition to his promotion work. In the fall he will return to a full-time teaching schedule.

Hahn received the degree of bachelor of science in economics from Junia College and the masters degree in business administration from Harvard University. He studied at the School of Law of Youngstown College.

Since graduation from college, he has served as buyer for Hahn Furniture Co. and Kauffmann's in Pittsburgh, Pa. and as manager of the S.A. Meyer Co. of Washington, Pa. and of the West End Furniture Co.

Elect Giangardella OSPE Prexy; Kargiotos Retires

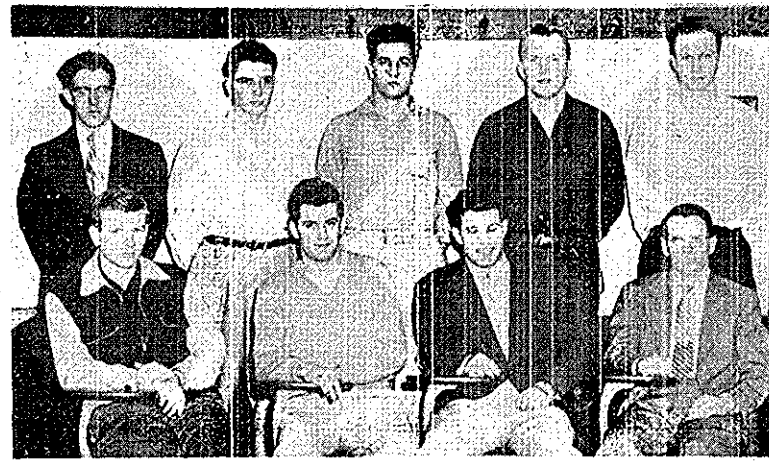

Elected president of the Youngstown College Chapter of the Ohio Society of Professional Engineers last week, was Tony Giangardella, junior, electrical engineering. Giangardella takes over the duties of former president Tony Kargiotos, senior, engineering, who thanked officers and members of the society for their cooperation over the past year.

"Without this support this organization would not have been able to meet the demands that the college has placed upon it," commented Kargiotos, before turning the meeting over to the new officers.

The student chapter is affiliated with the Mahoning Society of Professional Engineers, an organization of graduate engineers living and working in this area. The society is organized to promote the professional and social well being of student and graduate engineers.

Other officers of the Youngstown College Chapter elected last week are: Dick Troxil, vice president, Don Gabsby, recording secretary, Dick Kukura, corresponding secretary, Bob Crider, treasurer, Paul Schuerer, publicity director, Wallace Horlick, membership director, and Dick Jones social director.

Delegates selected to represent the local chapter at meetings of the Ohio Society in Columbus were: Tony Giangardella, Dick Troxil, Bob Moyer and Don Baird. Alternate Delegates are, Dave Borcik, Frank Letell and Bob Crider.

Newly elected officers and delegates of the Youngstown Chapter of the Ohio Society of Professional Engineers are (l to r) front, Bob Crider, Dick Troxil, Tony Giangardella, Prof. Klingshirn, advisor, (rear) Wallace Horlick, Donald Baird, Dick Kukura, Don Gabsby and Bob Moyer.

APPLY FOR CHAIRMANSHIP

All applications for chairmanships of the Junior Prom and May Day must be in by March 15. Forms may be picked up at the Dean's office.

Faculty Panel Speaks On TV

Four Youngstown College faculty members took part in an informal 15-minute discussion of needs of Youngstown College Library recently on Radio Station WKBN.

The panel discussion was in connection with the campaign to raise \$10,000 for the library now being conducted by the Association of Friends of Youngstown College Library.

Taking part were Dr. Gordon O'Brien of the English department; Mrs. J.E. Smith, head of the department of health and physical education; Dr. Clarence Gould, head of the history department, and James W. Pirie, college librarian.

This is the 16th annual campaign by the association for funds for new books.

Find Fossil Plants 2 Billion Years Old

(AP) - Cambridge, Mass., Discovery of fossils of plants more than two billion years old - the oldest yet uncovered in the world - was announced recently at Harvard University.

The discovery was made on the northern shore of Lake Superior by Elso S. Barghoorn, associate professor of botany at Harvard, and Stanley A. Tyler, head of the department of geology at the University of Wisconsin.

Age of the fossils was determined by Prof. Patrick Hurley of the Massachusetts Institute of Technology.

Tyler and Barghoorn said they found the plant fossils imbedded in a deposit of flint rock taken from the gunflint iron formation near Schreiber, Ont.

The two-man team worked in field excavations and laboratory research for two years to unearth and identify the primitive lower plants.

They described their discovery as both blue-green algae and simple forms of fungi.

Thus far, the Harvard and University of Wisconsin scientists said, they have been able to recognize

five different types of plants, two of which are definitely blue-green algal; two fungal, and one, a unicellular type, which may be a calcareous (calcium containing) flagellate.

Prof. Hurley said he reached the age determination of the geological formation containing the ancient plants through helium measurements on magnetite for later-deposited iron formations in the area. The latter averaged one billion, 300 million years, he said.

Prof. Hurley added that since the deposits in which the plant types were found below those formations it could be estimated conservatively that they were probably more than two billion years old.

Males Apply Now For Draft Tests

All eligible students who intend to take the Selective Service College Qualification Test in 1954 should file applications for the April 22 administration, Selective Service National Headquarters advised today.

An application and a bulletin of information may be obtained at any Selective Service local board. Following instructions in the bulletin, the student should fill out his application immediately and mail it in the special envelope provided. Applications must be postmarked no later than midnight, March 8. Early filing will be to the student's advantage, officials said.

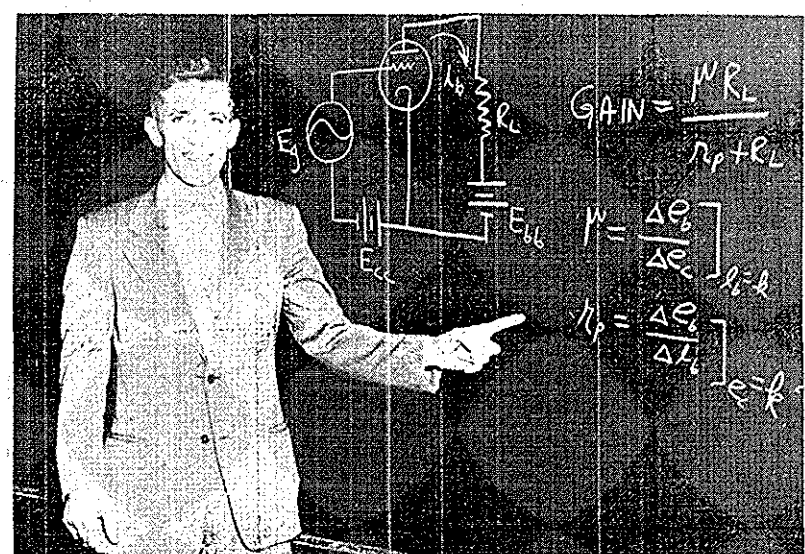

Results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student, according to Educational Testing Service, which prepares and administers the College Qualification Test.

Have you heard about that new soap they're putting out now?

Lumpo, it's called. Doesn't lather, doesn't bubble, and doesn't clean. Just company in the tub.

broadsens his general education by attending these lectures, as they will be given by experts in the respective field, explained Dr. Charles W. Evans.

Kramer Discusses Light and Sound

Mr. Kramer makes his point by use of a formula as he lectures on sound reproduction and light control. His lecture was one of a series of faculty talks held every other Tuesday in the Audio-Visual Room of the library.

Prof. Kramer, of the Rayen School of Engineering, used both lecture and demonstration to point out the strides being made in sound reproduction and light control, at the faculty talk held last Tuesday in the Audio-Visual Room.

Discussing transistors, a new device for replacing electronic tubes, Prof. Kramer went on to demonstrate the methods of controlling light by music and sound. He also explained the transmission of sound on light beams.

Prof. Kramer's address was a part of a series of planned faculty talks to be given throughout the semester. Lt. Col. Lash will speak at the next lecture.

The purpose of these talks is to permit as many students as possible to avail themselves of knowledge on a variety of subjects not generally offered as courses. The student

Manufacturers Invite Students To Exposition

The 1954 Industrial Exposition presented expressly for the high school freshman and seniors of all schools in the Mahoning and Shenango Valleys will be held at Stambaugh Auditorium in Youngstown from Feb. 22 through Mar. 5, it was announced recently by William J. Sampson, Jr., president of the Industrial Information Institute.

Theme of the show this year, an annual event which draws 10,000 high school students from 56 school systems and 20,000 adults at its evening and Sunday afternoon and evening sessions, will be "Variety Is Our Magic."

The high school students will attend in groups with their teachers each morning during the show except Saturday and Sunday.

Open to Public

This year, the show will be open to the general public only from February 27 through March 5 which includes Saturday afternoon and evening, Sunday afternoon only and each evening Monday through Friday.

The stage presentation in the Concert Hall will be the new and popular General Motors show called "Previews of Progress."

The exhibitions of member companies will be in the lower exhibition hall and will show now widely diversified are the processes and the products of industry in our own home towns.

80 Companies Exhibit

More than 80 member companies will exhibit their products and there will be displays by various high schools.

Among the industrial exhibits, which for the first time will include some in three dimensions, will be the basic steel exhibit in which the steel companies of the area join to present, in motion, how steel is made.

In addition, The McKay Machine Company will have a working model of its unique roller leveler and the Youngstown Sheet and Tube Company will have another of its famous model mills in actual operation.

The Carbon Limestone Company of Lowellville plans to make small concrete blocks on a miniature machine during the course of the show and General Electric will install and operate a filament coil machine, one of the most interesting of its automatic processes.

Lombard Corporation will exhibit a model of the world's largest extrusion press.

Rushing Season Will Start Mon.

Rushing season for all Greek organizations belonging to Pan Hellenic will get underway Monday, March 1. Fraternities and sororities are governed by the following rushing rules:

Full time students who have attended Youngstown College for one semester and meet the grade requirements as specified on page 69 of the catalogue are eligible for rushing. This rule does not apply to those who previously have been initiated and are members of fraternities and sororities.

General regulations governing rushing are as follows: rushing season shall begin on Monday of the fifth week of each semester and end on Sunday night of the ninth week. Sunday being designated as the first day of the week.

Parties Limited

Rush parties shall be limited to three per semester. A joint rush party is one at which both fraternity and sorority members are present and either or both has rushes present. This shall constitute a rush party for each organization.

Silent period begins at 12:01 a.m. on Monday of the ninth week of each semester. During this period rushing activity ceases and rushes may not approach or be approached by fraternity or sorority members. Bids are given out on or after the third day of Silent Period. Rushes may accept only one bid, giving a written answer to be left where designated by Pan-Hellenic Council.

The Babcock & Wilcox Company of Alliance is certain to hold attention with its bi-axial fatigue testing machine which tests metal for pressure vessels and actually makes the plate pulsate and breathe during the test.

The Institute's Schools and Public Relations Advisory Committees will cooperate with area Junior Chambers of Commerce in sponsoring the show.

Show Spanish Film "Madness Of Love"

"Madness of Love," a Spanish language film portraying an intimate and moving episode in Spanish history, will be shown in the Audio-Visual room of the library, Tuesday and Wednesday, March 2 and 3, by Los Buenos Vecinos, Youngstown College Spanish Club.

NEW YORK TIMES correspondent, Howard Heyn says of the film, "Madness of Love" despite its flamboyant title fully deserves the honors bestowed by the Spanish American Film Congress. The

congress, composed of critics on newspapers south of the border, proclaimed the film the best of the year. It has established box office records in Havana, Mexico City, Buenos Aires, Lima, Bogota and the Republic of Panama."

Admission is .50¢ and proceeds from the movie will be applied toward an all expense scholarship, which will enable some Youngstown College Student to complete one summer term at the National University of Mexico.

Set in 15th century Spain, the story concerns the Archduke Phillip of Austria and his wife the mad Queen Juana, while some liberties are taken with historical fact, the picture is a realistic portrayal of tragic love.

Jealousy induced by Phillip's philanderings, and intrigue are blamed, in the film, for Juana's loss of power and ultimately her mind. The theme is developed with restraint, while historical settings, including the famous cathedral of Burgos, add to the authentic background.

History relates the death of King Phillip as the sun goes into eclipse. A shadow is then cast on his wife, queen Juana, which she wants never to shake off. Alive or dead, she wants no woman to look on her husband, and wants only to be alone with her grief.

She moves her husband's body to a grave in Granada, but there is no seclusion there. Finally the coffin is brought to rest in Tordesillas, Juana's home, and watched constantly by her.

Dehnbostel Named As Work Shop Consultant

Prof. Raymond Dehnbostel, a member of the faculty of the Dana School of Music of Youngstown College, and director of the college band, served as consultant at the annual Work Shop of the Marion County Schools held at Green Camp School, Marion, last week. Dehnbostel has had valuable experience as a teacher of music and as a director of bands and choirs in high schools and college.

Symbolic of the medieval garb which will be worn by the characters in "Madness of Love," Spanish language film being shown by the Spanish Club in the Audio Visual Room of the library Wednesday, March 3, is the illustration by Mr. Mills of Butler Art Institute.

Record Ramblings . . .

By Ben VanCobb

Have you ever wondered what happened to Johnnie Ray? Well at the time radio and TV comedians were spiking their well-worn material with Johnnie Ray jokes to get laughs, Johnnie's managers were smiling, too...not at jokes, however, but at their bookkeeping records, which showed big, black entries.

And Johnnie, although figuratively crying through it all, had a big grin. For Johnnie Ray's weeping, personalized style, although the source of much contention, was reaping fame and fortune. All of which should bring to mind something about laughing last, laughing best.

"Mr. Emotion", as he is sometimes called, has a repertoire that is sprinkled with songs in the pop, jazz, and religious vein, all of which are delivered with exaggerated gestures and cracking voice.

Real Tears

Johnnie really does cry onstage, but confidentially, after he leaves I'll bet he doesn't do much sobbing. After all, how tear-jerking is a million dollars?

The long awaited "Glen Miller Story" has come to Youngstown's Paramount theater. Many record companies are issuing Miller-styled works to tie in with the recently revived interest in the Miller legend that the movie has aroused. To see this movie is an evening well spent.

Victor has awarded Eddie Fisher his third gold record, which symbolizes a recording with a million or more sales, for his OH, MEIN PAPA. Eddie also received a gold disc for his MANY TIMES, and I'M WALKING BEHIND YOU.

Plans to reissue a series of jazz works including those of Fats Waller, Louis Armstrong, Coleman Hawkins, and Bud Freeman is being planned by the Victor people.

Signs Rugolo

Columbia has signed Pete Rugolo, former arranger for the Kenton band, to organize a Rugolo-styled band which will record exclusively for Columbia and eventually take to the road.

If you want to keep from getting husky in the ferlin in New Orleans, the way to do it is to show a preference for any music other than jazz. (New Orleans likes to think of itself as "The Cradle of Jazz".)

One imbiber in a French Quarter bar learned this recently when he kept inserting quarters in the jukebox and playing a western tune over and over. A jazz enthusiast endured it for a while and then suggested the player punch something different. "Why don't you do it with your own quarter?" was the reply. The jazz fan walked out of the bar, returned a few moments later with a gun and the western-music-lover arrived a bit later at the hospital....D.O.A.

Students Give Senior Recitals

Miss June Wajda, violinist, and Mr. Donald Byo, bassoonist, were presented in their senior recital by the Dana School of Music recently in the C.J. Strouss Memorial Auditorium.

Mr. Byo played "Adagio from Bassoon Concerto," by Von Weber. Miss Wajda played "Ave Maria," by Schubert, "A Kentucky Suite," by Otey, and "Concerto in G Major," by Mozart.

BAND HEARD ON WFMJ

The Concert Band of the Dana School of Music was heard on the weekly program "YoCo Echoes" over Radio Station WFMJ presented each Monday at 10:30 p.m.

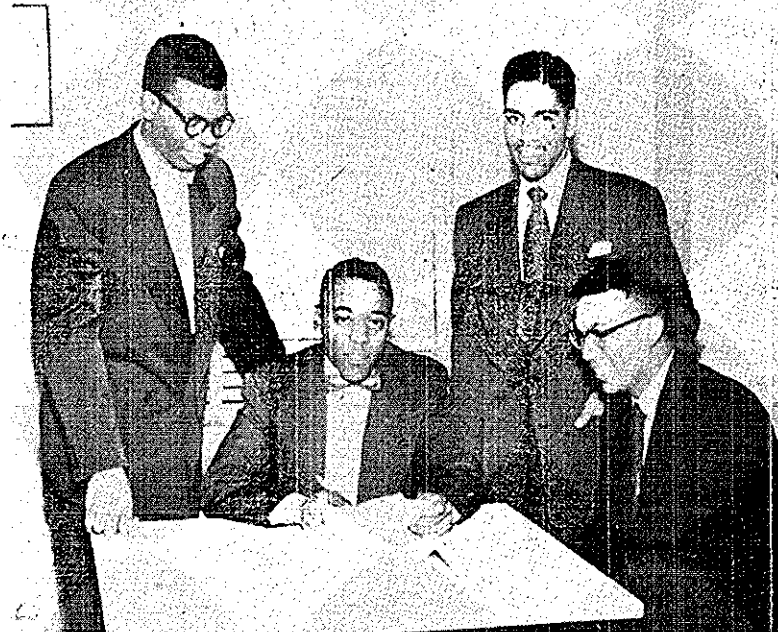

Directed by Prof. Raymond H. Dehnbostel of the Dana faculty the band played a varied selection of

operatic, classical and pop numbers.

Members of the band are: Robert Lurtz, Paul Feriana, Robert Matyi, Robert Allshouse, Donald Sattering, Patrick Wickham, Dale Guchemand, Wayne Miller, Naomi Boston, Donald Eye, Norman Rubinfeld, Nellie Dehnbostel, Mary Lu Moore, Robert

Miller, Angeline Macri, Joseph Peterson, Frederick Wilson, Paul Yohman, Robert Clark, Carolyn Easter, Akmal Kahleel, John Remick, Mary Muir, Andrew Moreland, June Wajda, Ray Wolter, Eugene Cordray, Tex Parlink, James Rose, Ronald Hirston, and Mark Dolliver.

Kappa Alpha Psi Makes Come-back

Officers of Kappa Alpha Psi discuss plans for the coming semester. Representing one of the few national fraternities on campus, they are (l to r) vice president, Herb McMullen, a resident, Aubrey Radcliffe, treasurer, Alton Machen and secretary Lewis Exum.

By Aubrey Radcliffe

Kappa Alpha Psi National Fraternity is advancing upward in its goal to achieve recognition on the campus of Youngstown College. The fraternity nationally consists of 110 undergraduate chapters and 113 alumni chapters. First originated on the campus in 1946, after a few years of outstanding achievement, membership hit a low ebb.

At the beginning of this school year, elected president of the organization was Aubrey Radcliffe. He represents his fraternity in various activities such as 1st Lt. Pledge Officer in Pershing Rifles, Secretary and Treasurer YoCo Rifle team and member of Pan-Hellenic council.

The other part of the one-two punch is Lewis Exum. Exum is a member of Pan Hel, and Chemical Society, Omicron Lambda. Fraternity adviser is Dr. E. B. Smith, of the History Department.

At the beginning of school year, Kappa Alpha Psi of YoCo was honored by a visit from its national president, Dr. Green, which consisted of an elaborate banquet at Mahoning Country Club. Rush Parties were held at the beginning of the year to enlighten new students on fraternal life.

Kappa Alpha Psi with Hawaii decorations placed second in the annual Pan Hellenic dance losing to Kappa Sig by the narrow margin by one vote.

In intramural sports, the frat coached by "Ship" Gleas has produced one of its most outstanding teams.

Navy Commissions Way To Beat Draft

To satisfy the Selective Service requirements of men over 18, the Navy Officer Candidate Program offers to selected college seniors and graduates, veterans and non-veterans, an opportunity to serve as commissioned officers in the U.S. Naval Reserve on active duty.

Seniors within six months of graduation are eligible to apply for thirteen different designators in the Officer Candidate Program if they will graduate with a minimum of 120 semester hours or their equivalent, and can meet the requirements in aptitude, physical fitness and background.

In view of recent cut-backs in all military programs, higher mental qualifications must be met. Interested June graduates are urged to write or visit the Office of Naval Officer Procurement, Room 305, Old Federal Building, 300 Smithfield Street, Pittsburgh 19, Pennsylvania for further information.

Picnic planned by Farmer Shane; Crops all up, but needing rain.

Prison, Bureau Positions Open

The United States Civil Service Commission has announced examinations for Prison Library Assistants and Student Aid Trainee positions in chemistry, physics, mathematics, metallurgy, and engineering.

The Trainee positions pay \$2,950 and \$3,175 a year and are located in Washington, D.C., and vicinity. The Prison Library Assistant positions, for men only, pay \$3,410 per year and are located in Federal penal and correctional institutions throughout the country.

Library applicants must have had appropriate education or experience and must pass a written test. To qualify as Student Aid Trainees, applicants must pass a written test and must be college sophomores or juniors in any one of the fields indicated.

Further information and application forms may be secured at post offices throughout the country or from the U.S. Civil Service Commission, Washington 25, D.C.

Tryouts For 'Mikado' End

Tryouts for parts in the Gilbert and Sullivan opera "The Mikado" to be presented March 24, 25 and 26 at 8:30 p.m. in the C.J. Strauss Memorial Auditorium have been completed. Kenneth R. Kitchen, dean of the School of Music has announced.

Members of the cast and their roles follow: Ronald Hatch will play "The Mikado," Eugene Crone, "Ko-Ko," Kelly Brandmiller, "Poo-Bah," Edward Maykowski, "Pish-Tush," Rosalie Baksa and Mary Ellen Shaffer, "Yum-Yum," Carol Grove, "Pitti-Sing," Jean White, "Peep-Bo," Sandra Berger, "Kai-sha," and Jerome W. Tott, "Nanki-Poo."

Proceeds from the opera will go to the scholarship fund of the Dana School of Music.

Dean Kitchen will be production manager, Dr. Henry V. Stearns of the Dana faculty will direct the music, and Prof. Will Foley, associate director of public relations and director of dramatics, will be in charge of dramatics.

Details pertaining to ticket sales will be announced later.

Sergeant Strumsky Joins ROTC Faculty

Sergeant Stanley C. Strumsky, son of Mr. and Mrs. William Strumsky, 136 Cottage St., Carbondale, Pa., has joined the faculty of the department of military science and tactics, here.

Sgt. Strumsky first entered military service as a private in the 28th Infantry Division, Army Reserve, while a senior at Benjamin Franklin High School, Carbondale. After graduation from high school in 1948, he entered active military service and was initially assigned to Camp Pickett, Va.

Charming Pan-Hellenic Queen

Lovely Mary Lou Nacarato, Phi Lambda Delta Sorority, was crowned Queen of the annual Pan Hellenic Sweetheart Dance at Stambaugh Auditorium recently. Mary Lou is a freshman, majoring in elementary education. (A picture of Miss Nacarato, was not available for the last issue.)

Looking Around...

by Ray Schindell

Having lost my job, because of a government regulation (My boss wanted to pay me what I was worth and the minimum wage law prevented him), I've had more time to do some Looking Around. Following are some things I've noticed:

Duke Volgeberger running down to Oby's to see what time it is. Kenny Shaffer talking Spanish in the Cafeteria while eating Chile. Ed Boscik and Barb Amon, hand and handing it through the halls. Ann Metzenger showing off her new cigarette lighter (A most unusual gift). Fred Bord Gabbing in the Lincoln, Ann Herschel going to class (When there are no parties of course). The strangest of all phenomena though is Mary Jane Lazar turning bright red when "Mary Ann McCarthy" is around.

Congratulations to Lee Casey, our beautiful Mardi Gras Queen. It will be worth while going to the dance just to see that smiling face of yours, Lee. The court is no less attractive, with Pat Selby, Cookie Korody, Barb Brezovick and Charlotte Italiano. This promises to be one of the big dances of the year, so plan to attend.

There is the best program on WDSW, Saturday at 12:30. (Just thought I'd throw that in.)

Over at the Lincoln most any lunch hour are Bob Mahoney, Nancy O'Connor, Alma Mackin, Diane Burke, Shirley Pitts, Joe Phelan, Ralph Reel, Peno, Yankie, and Jerry Casey. And coffee costs more over there, too!

Those smiling young? ladies behind the serving line in the cafeteria are: Kit (I'm the boss) Schlessler, Cathy (Bright eyes) Burke, Tillie Sikora, Louise Shaffer, Effie Mognet and Mildred (How come I'm last) Bodine. All wonderful people who appreciate a smile now and then as theirs is a tough job.

Running around the halls with that satisfied look that comes from getting through a semester successfully - are Don Seely, Chuck Milward, Kay Riley, Bink Warnock, Mary Lee Davis and Pat Sequella. Thats swell kids, only seven more to go.

In Feb., 1949, he was assigned to the 60th Antiaircraft Artillery Automatic Weapons Battalion at Fort Bliss, Texas. In June, 1950, that unit moved to Fort Winfield Scott, Calif., and in Jan., 1951, sailed from San Francisco to England.

In England, Sgt. Strumsky served as chief of an automatic weapons section.

Rumor has it that this pert young miss is wanted in connection with recent gambling investigations in the community. The coat was made by "Shy" but someone has suggested he used a "crooked" tape! Seriously, Molly Rollin is quite law abiding.

We're going around in circles... 'cause

we're so excited about our new Spring Cottons!

Our Third Floor of Fashion is bursting over with the gaiety of Spring... come and see why we're in such a tizzy of excitement!

SIGMA DELTA BETA

Cordially invites

ALL ELIGIBLE YOUNGSTOWN COLLEGE STUDENTS

To Its First Rush Party

FRIDAY, MARCH 5, 1954 - 8:00 P. M.

MA-FE CLUB, 1223 Market St.

Eligibility consists of: 1) Full-time male student; 2) At least second semester Freshman; 3) 1.0 point average; 4) Interest to join a fraternity.

Coeds Join Alpha Iota

Fourteen coeds were initiated into Alpha Eta chapter of Alpha Iota national business sorority in impressive ceremonies held at the home of Miss Ruth Ashton, Hager St., Hubbard, recently.

Initiation was conducted by Miss Beverly Klauson, before the ceremonial table decorated in the sorority colors, royal blue and white.

Mums Center Table

An artistic arrangement of yellow and white mums centered the tea table and Mrs. Robert Hanna, a member of the Secretarial School faculty and advisor for the sorority presided.

Initiants were: Thelma Card, Marion Cope, Marlene Daubert, Pat McCreay, Judy McFarlin, Darlene Petrich, Barbara Edwards, Beverly Heath, Marjorie Reichart, Stalla Syrakis, Mary Ucello, Margaret Van Wingerden and Nancy Williams.

The next meeting of the sorority will be held at Pollock House Dec. 16 at 7:30 p.m. when plans will be completed for the formal dinner dance to be held at Mahoning Country Club, Dec. 19.

OK Phi Sig's

Continued from Page 1

plans for their formal installation. If they are the next chapter affiliated they will be officially designated the Ohio Mu Chapter of Sigma Phi Epsilon.

Comes as Surprise

Council's action came as a mild surprise, after the request had been ignored at a previous meeting when 8 members abstained from voting. A question of whether or not a membership qualification in the constitution of the national organization was in violation of the Student Council by-laws came in for "heated" consideration.

The question was finally resolved when Phi Sig officers filed a statement with the council, committing themselves to strive for the elimination of the questionable membership qualification from the national constitution.

Circle K Gets Charter

In other action last week, Student Council granted a charter to Circle K Club, Kiwanis affiliate, and were informed that the Student Faculty Finance Committee had accepted Council's proposed semester budget.

Constitution Committee chairman, John Maggiano reported that representatives of an organization known as the Independents appeared before his committee and stated they did not want a Student Council charter. Maggiano informed the group officers they were in no way to associate their name with Youngstown College and were not to use college publicity vehicles or other facilities.

Wants Cadets

Continued from Page 1

located in the main hall.

Graduates of this program win their "Wings of Gold" and have the choice of a commission as First Lieutenant in the Navy or Second Lieutenant in the Marine Corps.

A variety of flying opportunities for these highly trained pilots include helicopters, carrier-based jet fighters, mammoth flying boats, photo reconnaissance jets and non-rigid (lighter than air) ships.

A lady pounced upon a grocer and said "Give me a pound of cat food, quick," then noticing another customer he had been waiting on she declared, "I hope you don't mind my getting waited on ahead of you."

"Of course not, dear", replied the lady, "not if you're that hungry."

Newman Club Queen Candidates

Candidates for Queen of the annual Newman Club Mardi Gras Dance, who will serve as attendants tomorrow night to Queen Leona Casey (extreme right), are (l to r) Barbara Brezovich, Marilyn Korody, Patricia Selby, Charlotte Italiano and Miss Casey.

Swartz Awarded Doctor's Degree

Prof. Joseph F. Swartz, Jr., of the education faculty of Youngstown College, has been awarded his doctor's degree by the University of Pittsburgh.

Dr. Swartz came to Youngstown College the fall of 1949. He was graduated from Blue Ridge and Bridgewater Colleges of Virginia with the A.B. degree, did graduate work at the University of Virginia and received his masters degree in education from University of Pittsburgh.

Dr. Swartz served in the U.S. Navy from 1942 to 1945 and was a lieutenant commander. He served in the South and Western Pacific areas. He was chief of the sub-regional office of the Veterans Administration at Erie, Pa. from 1945 to 1947.

He was on the faculty of Gannon College, Erie, Pa. and of the University of Pittsburgh, immediately preceding his coming to Youngstown.

APPLY FOR GRADUATION

ALL 1954 SENIORS who have not already applied for graduation should stop in the Office of the Dean, M. 110, and apply at their earliest convenience. No applications will be accepted after April 1, 1954.

Colleges Renew Art of Parody

Top magazines who take themselves seriously -- and which ones don't? -- may have to look to their laurels. For, according to an article in the November issue of Pageant Magazine, college parodies on Time, Life, the New Yorker, Pageant, etc. may become far more intriguing than the mags themselves.

From Superman to Life, no magazine is safe. The college editor calmly takes the professional magazine's style, lay-out and special techniques and proceeds to misuse them.

Knott Bags 50 as YoCo Rambles

Tony Knott Tops Former Season High

By Frank Foster

Jumping Tony Knott finally did it. Last week against Carnegie Tech he netted 12 markers and became the holder of a new one year scoring record. The old record was 486 points, run-up by Mike Magula in the 1951-52 season. The new record is 488 points and since Knott has two games remaining, as the Jambar goes to press, it will undoubtedly be higher.

Last season the flashy Farrellite scored more than 300 points in his freshman year and many observers thought he would become better this year - and they were right. Generally the players who make basketball scoring records are taller than Knott.

Lacks Height

Tony is only 6', small for basketball, but he makes up for his "lack of height" by driving in toward the bucket or swishing one hand jump shots from the radius of the foul line. One reason for Knott's success is his spectacular percentage. He has been hitting on 40 percent of his shots all season and is close behind Yuhas in percentage at the foul line.

Tony started out slow this season, but toward the end of December was starting to pour it on. He was the high scorer in the Kiwanis Tournament, netting 85 points in three games as he led the Penguins into the semi finals. Along with setting a new season high he shattered Leo Mogus's single game mark which had remained on the books for twelve years. Leo scored 44 points in 1942, but Jumping Tony erased that mark with a 50 point spurge against Fenn.

Averages 20 per Game

He has one of the better averages in the country. His 20.3 points per game places him in the top twenty for small colleges. He has managed to get that average against some of the toughest opposition scheduled since Dom Rosselli became head basketball coach. The classy guard fits into Rosselli's style perfectly. He is a good ball handler and an excellent floor man.

Tony is a product of Farrell, Pa., High School, which has turned out players like Julius McCoy, who is currently leading the Big Ten points per game. He was a star for three years at Farrell and should be a star for 2 more years at YoCo.

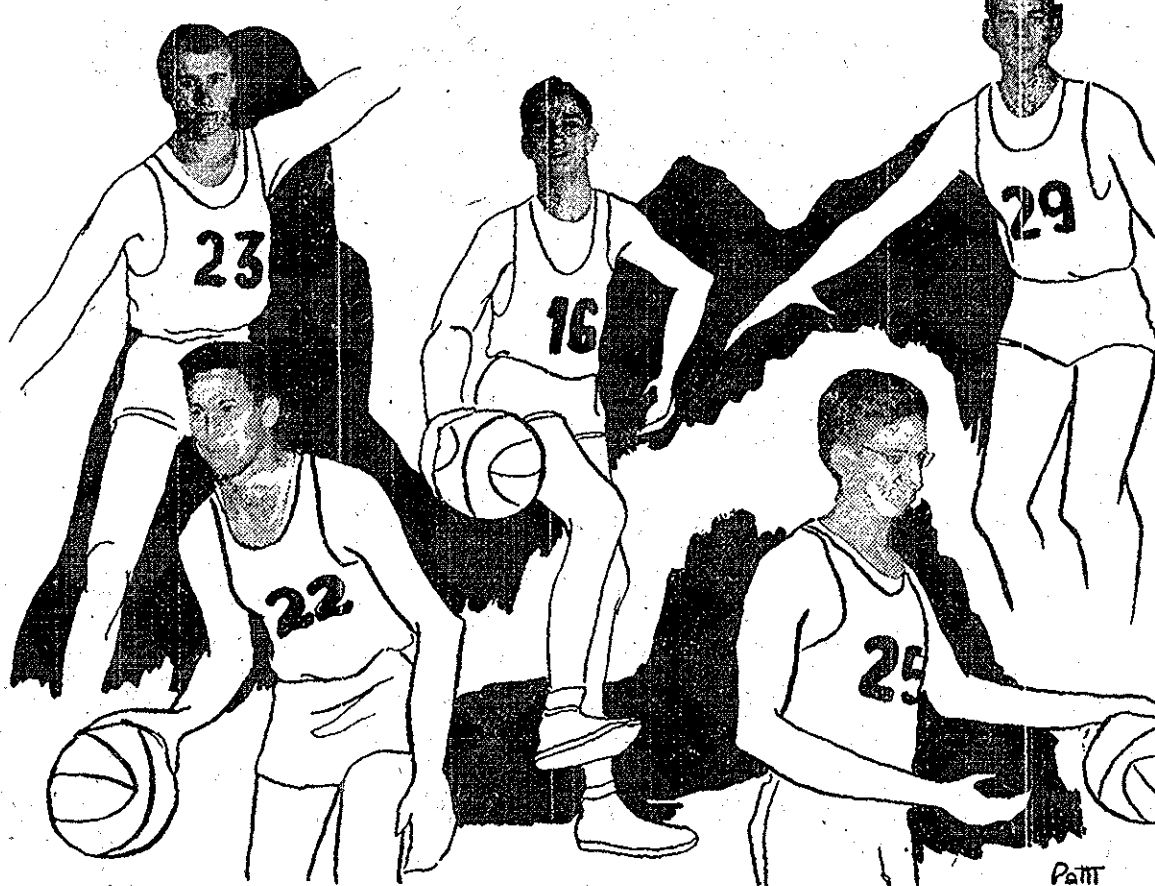

Cadets Win Two, Jolt Akron Air

In a return go with the Jet Air Base at Vienna High School last week, Herb William's ROTC boys proved their earlier victory wasn't a fluke, dumping them again 61-59. The following night the sharp-shooting Cadets avenged an opening game loss by coming from behind to beat Akron Air ROTC, 56-52, at Akron.

The squad is paced by intramural stars Bob Lynn, Dick Selby, Dom DeSignore, Bill Nagy and Dick Nuskiewicz, Lynn, Nagy and DeSignore have been showing the way in the scoring column. Lynn was high man in both games with the Jet Base. DeSignore and Nagy sparked the victories over Akron.

The Battalion team is entered in Langley's Steel City Tournament to be held at Gordon School Gym in Campbell and is trying to get home and home games with Western Reserve and John Carroll ROTC's.

53 - CAGERS - 54

Penguin cagers have been shattering records regularly as the 1953-54 campaign draws to a close. Big factor in their success has been the shooting and all-round play of "Jumping" Tony Knott, (center) "The Farrell Flash", has been annexing a few records of his own. Bob Yuhas and Bob Mayberry (upper and lower right) are a couple of other big-guns in the YoCo attack. Shooting artists Ed Poplava and Fred Cleary (upper and lower left) round out the squad.

Newman, Kappa Sigs Undefeated Leaders

Current leaders in the Youngstown College Intramural League are Newman Club in the Chestnut Division and Kappa Sigma Kappa in the Walnut Division. Both squads are undefeated and are pre-tourney favorites to meet in the finals.

Newman Club is paced by Dom DeSignore and Bill Nagy, with "Hawk" Homick, Dick Selby, and George Ceremuga rounding out the squad. The Newmanites are being hard-pressed by F.I.O. whose star Bob Lynn, scored 52 points against Phi Gamma for a season high.

Over in the Walnut Division, the Kappa Sigs have practically clinched first place with a 6-0 record and only two games remaining. The fight is for second place, currently held by three teams: ROTC No. 1, Chugden A.C., and Kappa Alpha Psi, all with 4-2 records. The ROTC boys had second place for themselves until Kappa Alpha Psi upset them and threw the race into a three way deadlock.

Kappa Sigs, besides being favored to win the Intra-mural crown, are considered as the team to beat in the coming inter-frat tournament. An already strong squad, led by Ray Baker, Ned Mervos, and Don "Buster" McCloud, they will be further strengthened by Bob Yuhas, Frank Beck, and Ed Poplava. If varsity men are permitted to participate.

Sign on front of a laundry: "Ladies who care to drive by and drop off their clothes will receive prompt and courteous attention."

If you find any mistakes in this paper don't worry. They were put there on purpose. There are some people who only look for mistakes, and we try to please everyone.

Penguins Best Season, Single Game Records

By Frank Foster

Records fell like ducks in a shooting gallery as the Youngstown College cagers turned it on, 104-55, against an out-manned Fenn College squad in Cleveland recently. Jumping Tony Knott set a new individual game record, meshing 50 points, as the Penguins topped their previous single game output and broke the old season scoring record with a 1,682 point total.

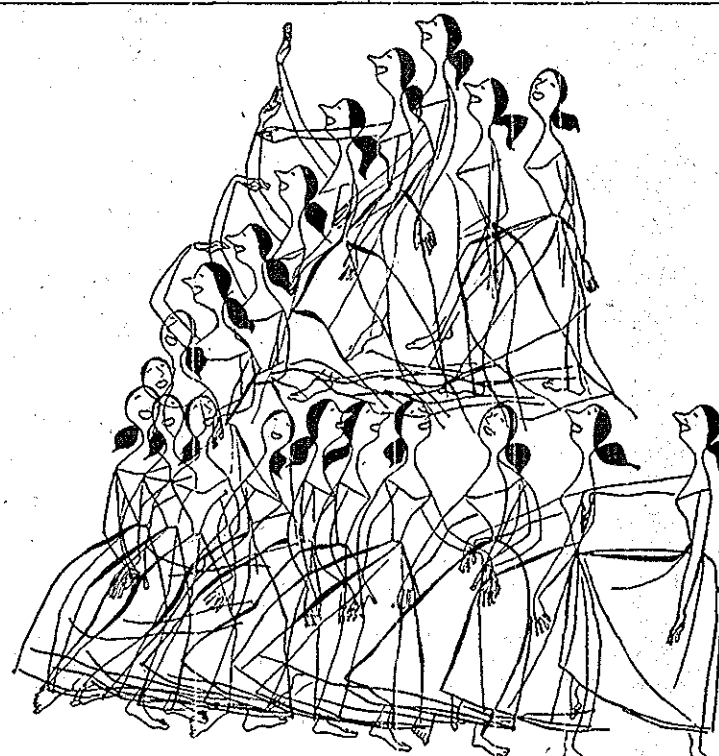

The Penguins topped their own single game mark, 97 markers against Muskingum. Knott, "The Farrell Flash," eclipsed the old 44 point output by fabulous Leo Mogus against New Mexico YMCA in 1942, and the new season high tops a former 1,635 point total run up by Mike Magula and company in 51-52.

Breaks Streak

John Carroll continued to jinx Youngstown College as they broke a four game winning streak 90-75, earlier in the week. The Youngstown boys just couldn't get moving and George Dalton was too much. Dalton continued his high scoring style as he hooped 27 points to take scoring honors. Knott, in pursuit of Mike Magula's scoring record, kept his hopes alive, meshing 22 markers.

Highly touted Slippery Rock State Teachers College was smothered by a sharpshooting Youngstown squad. YoCo hit on 40 percent of their shots as they routed the "Teachers" 78-46. Slippery Rock had been averaging 80.2 points per game, but could only hit on 20 percent of their attempts and with Bob Mayberry and Bob Yuhas snatching 14 and 11 re-

Examination Days Quiet And Solemn?

Examination days are occasions inseparably associated with quiet, solemn classrooms, worried and haunted classmates, and alternate hope and despair. Here is a scientific analysis of what happens to the average college student on exam day.

11:30 p.m. - 6:30 a.m. - grotesque dream of the entire faculty clad in purple tuxedos, busily engaged in tearing up a diploma.

6:32 a.m. - awoke from troubled sleep, feeling like nothing at all.

6:33 a.m. - wished to be in Tahiti.

6:34 a.m. - wished to be back in the third grade.

6:37 a.m. - washed savagely. Soap in eye. No towels.

6:42 a.m. - button on collar refuses to function. Ripped it off in desperation and pulled up tie until it threatened strangulation.

Greet Family

7:00 a.m. - greeted family with inarticulate grunt. Bore their efforts at encouragement with grimaces.

7:05 a.m. - hearty breakfast of 1 piece of toast and 1 cup of black coffee.

7:20 a.m. - departed, slamming door.

7:25 a.m. - sneered at traffic cop!

7:39 a.m. - boarded bus in a half hope for a sort of miraculous wreck that would ruin the bus without injuring anyone.

7:45 a.m. - made conductor wait for ticket.

7:48 a.m. - tried to think of what Archimedes did and why he did it.

7:51 a.m. - opened physics book.

7:52 a.m. - closed physics book.

Hail Classmates

8:10 a.m. - left bus regretfully.

8:15 a.m. - hailed classmates and walked together in gloomy silence.

8:30 a.m. - arrived in silent, oh so silent, student's lounge.

8:35 a.m. - smoked.

8:40 a.m. - looked at watch.

8:41 a.m. - asked friend the time.

8:42 a.m. - wondered what time it was.

8:45 a.m. - stared at stricken figures of classmates.

8:47 a.m. - had a serious talk with self. Decided there was nothing to fear.

8:48 a.m. - began to tremble.

8:50 a.m. - resolved to do a lot of studying next term.

8:52 a.m. - straightened tie as first bell rang.

8:55 a.m. - arrived in classroom. Managed sickly smile, and faint greeting for the professor.

Pain Becomes Acute

9:00 a.m. - looked over exam. Feeling in stomach became acute.

9:01 a.m. - wondered if that pain might be appendicitis.

9:05 a.m. - coughed.

9:07 a.m. - began examination.

9:45 a.m. - looked out window. Envied child in baby carriage.

10:20 a.m. - made desperate search of mind for that formula needed for problem.

10:30 a.m. - felt inspired. Wrote something.

11:05 a.m. - handed in exam paper with a silent prayer.

11:10 a.m. - dashed hysterically for the bus.

11:33 a.m. - boarded bus.

11:45 a.m. - thought of correct formula for that problem.

11:50 a.m. - inspected fingernails.

12:20 p.m. - arrived home.

Shatter Records

bounds respectively, the Pennsylvania boys couldn't get moving.

Westminster broke YoCo two game winning streak and kept them from gaining the 500 mark in the won-lost column as the Titans edged YoCo 94-87 in a thriller at the Field House.

Youngstown lost its chance to finish above the .500 mark as Carnegie Tech walked away with a 71-53 victory last week. The only con-

Shown holding the ROTC Battalion Tournament Trophies are (left to right) Sgt. Prochek, Sgt. Boston and Dick Franko, cadet tournament director. They will be awarded to the winners of the basketball tourney held today.

ROTC Enters Semi-final

A feature of the ROTC athletic program is the Intra-Battalion Tournament, which began last week at the Christ Mission gym. First round winners were the "Staff", Battery "E" and Battery "A".

In the first game the "Staff" routed the Band 61-43. High man for the winners was Bill Nagy with 37 points. Battery "E" beat Battery "C" in the second game 43-37. Tom Zurawick paced "Easy" Battery with 15 points. "Able" Battery won the final game of the afternoon, 45-36, as they ousted Battery "D" from the tournament. "E" Battery drew a bye.

The second round starts today, with the "Staff" facing "E" Battery and "A" Battery meeting "B" Battery. The two winners will then meet Friday, March 5 for the title.
