

## May Dance Climaxes YoCo Social Season Louise Sarville Reigns May 23

### AIEE Receives Their Charter

The Youngstown College Student Branch of the American Institute of Electrical Engineers was chartered April 15, 1955. There were 14 charter members and there will be approximately 25 more members by the end of this semester.

The local officers are: Harry Fletcher, Chairman; John Ewashko, Vice-Chairman; Bernard Voitko, Treasurer; David Locke, Recording Secretary; Robert Stevenson, Corresponding Secretary.

All the officers are completing their junior year in Electrical Engineering this semester. The Student Branch Counselor is Mr. Eugene Klingshorn of the Electrical Engineering Department.

#### Is Affiliated

The branch is affiliated directly with the National Organization of the AIEE. The parent body was founded in 1884 and is an international organization of over 50,000 members in the electrical engineering profession plus student members in 130 leading colleges and universities in the U.S.

The purpose of the AIEE is: "the advancement of the theory and practice of Electrical Engineering and Allied Arts and Sciences, and for the maintenance of a high professional standing for its members."

The AIEE is constantly setting standards of practice and its members write hundreds of papers annually on discoveries, inventions, and developments in the electrical field.

As the field of Electrical Engineering grows with such new areas of development as nuclear electronics and automation, the AIEE brings its members into close contact with them.

Such outstanding men as Edison, Bell, Marconi, and Westinghouse were members and officers of the AIEE.

(Continued on Page 5)

### President Has Luncheon

President and Mrs. Howard W. Jones gave a luncheon last week in honor of graduating seniors of the President's Student Committee.

Attending were Dean Boop, Noreen Bennett, Ray Schindell, Lucy Zarlenga, Charles Dittmar, Warren Stark, Joanne Harrison and Aubrey Ratchliffe.

Also attending were Mr. John P. Gillespie, advisor to the committee, and George Miller, JAMBAR Editor and Joseph Shagrin, Jr., Editor of the NEON.

### Thullen, Tenor Gives Recital

Donald W. Thullen, tenor and a senior at the Dana School of Music of Youngstown College presented his senior recital Tuesday evening, May 3 in the C.J. Strouss Memorial Auditorium of the college at 8:30 p.m.

Thullen sang selections by Dr. Thomas Arne, Henry Purcell, Haydn, Handel, Schubert, Brahms, Delibes, Massenet, Duparc, Mozart, Verdi, Rachmaninoff, Roger Quilter, Walter Rummel and Charles Spröss.

William E. Hurlbert was the accompanist.

### Louise Is Queen

Reigning over May Day festivities on May 23 will be Louise Sarville of Gamma Sigma Sorority. On the court will be Aurora Vona of Phi Lambda Delta, Cathy Nosich of Beta Sigma Omicron and Arlene Barnes of Phi Mu.

### Full Day's Activities Scheduled

Youngstown College caps its year's social activities on Monday, May 23 with the May Dance. Queen Louise Sarville, of Gamma Sigma reigns over the dance, climaxes a day which lasts from 9 p.m. to 1 a.m. at Idora Park Ballroom.

Buddy Morrow and His Orchestra and the Four Lads, provide the music for the evening's dancing. Both groups are nationally known in the entertainment field and on the lists of best selling recordings.

#### Are Co-Chairmen

Co-Chairmen for the May Day, Ronald Schink of Sigma Phi Epsilon Fraternity and Paul Richardson of Pi Beta Chi Fraternity, have announced their plans.

At two o'clock the Procession of the Daisy Chain and the crowning of the May Queen will take place. Following this will be the Annual May Day Chase that the fraternities and sororities will participate in, with trophies being presented to the winners.

Proceeding this will be the May Pole dance with the Recessional closing the afternoon events. An Open Tea will be held in the Furnell Room from 3 to 5 p.m.

Admission to the dance is by activity book ticket and a \$1.00 per couple.

**GUARDSMEN ARE YOUNG MEN**  
Join the Guard today!

### Dean Botty Retires; Will Continue To Teach

Mrs. Pauline Botty, Dean of Women of Youngstown College since March 1953, has resigned her position as dean to devote full time to her duties as professor of sociology, and head of the department, effective at the end of the current semester.

In her letter of resignation to Dr. Howard W. Jones, president of the college, Mrs. Botty said in part "As I look back over the past years and ahead into the coming one, it appears increasingly difficult to do justice to all the requirements of my current

"I enjoy my associations with you and my colleagues too much to carry this perpetual feeling of inadequacy

(Continued on Page 5)

### Miller Named Editor Again

George N. Miller has been named to his second term as Editor of the JAMBAR for 1955-56. A junior in liberal arts, Miller served, before he became present editor, as associate editor under Harry "Bud" Ross, 1953-54 Editor.

A member of Sigma Phi Epsilon fraternity, he is also a member of RIL, ROTC, and the President's Student Committee.

Student Council made the appointment last Friday at their regular weekly meeting. The committee named by Student Council to handle JAMBAR Editor selection was Lou Gossick, Pat Emerine and Jack Chugden, Vice-President of Council.

**SUMMER SCHEDULE DATES LISTED**  
Scheduling of summer school classes will take place on Thursday, June 9, 9-12, 1 to 4 p.m. and Friday, June 10, 1-4; 6:30 to 8 p.m. and on Saturday, June 11, from 9 a.m. to 12 noon.

### Morrow Plays For May Dance

Buddy Morrow and His Orchestra share billing on May 23 at Idora Park Ballroom with the Four Lads. Morrow, a veteran of the orchestra business, is one of the nation's leading trombone stylists. He is a veteran of the Paul Whiteman, Vincent Lopez, Artie Shaw and Jimmy and Tommy Dorsey bands.

### Four Lads Share Billing

The Four Lads share star billing with Buddy Morrow at the coming May Dance. A quartet of ex-Canadian choir boys from Toronto, the men have taken America by storm with their Columbia Recordings. They have appeared at leading night spots throughout Canada and the United States.

## Support Is Always Needed

Little over a week from now we will celebrate our May Day and wind up for all practical purposes, school-wide functions, for the social year will be over. We have many fond memories of a crowded year to remember for 1954-55.

First came Homecoming and then a kalidescope of social events that if we try to remember them all now, our head swims. Even now, after May Day, there will be farewell parties given by the different clubs and fraternities and sororities in honor of graduating seniors.

All the above is recorded with but one aim in mind. Mainly, that even though we do not have a large campus here at the college we are by no means short of an adequate number of social functions to please all students sometime during the school year.

We often hear of all the "fascinating" social activities of larger and older schools, but we must realize that we too have built up a social tradition that can stand with the best of them.

Fraternities deserve commendation, for practically each one has presented a big dance on campus and they have been well worth attending. All these functions have given all students an ample opportunity to participate in them, either in preparing for the function or in attending the function.

As we wrote in an editorial a few issues back, we feel regret that more students do not see fit to engage in more social activities. Our college offers an abundance of avocational outlets. If you like music, art, drama or journalism, opportunity is available for you to participate more fully in that one great aim of making our college a constantly better college.

G.N.M.

## Attendance Still a Problem

If you have been reading the last few JAMBARs quite closely lately, you may have noticed the large number of recitals being presented almost every night at the C.J. Strauss Memorial Auditorium by students of the Dana School of Music.

We wrote an editorial some time ago expressing concern that these recitals were not more fully patronized by the student body. The long hours of preparation going into the presentation of these recitals makes low attendance an even sadder fact.

Certainly the yen to enjoy spring is great but still we must, as a united student body, support this sort of entertainment in full. For the problem can be amplified to the community level. Suppose a city like Boston no longer sees fit to attend performances of the Boston Pops Orchestra. Mr. Arthur Fielder, its noted conductor, would soon be looking for employment elsewhere and the community, in the end, would be the loser. Reverting to Youngstown College, the problem assumes these same dimensions.

Surely there are students interested in good music. And these recitals present some of the best music. Flawless performances played to near empty auditoriums are an insult to the players. And worse, they are disheartening.

Perhaps you have never attended an evening recital given by one or a group of your fellow students. It is never too late to savor the enjoyable twin gifts of good music and good performance.

G.N.M.

## Whose Band Is It?

Student Council last week approved a plan to increase the membership of the Youngstown College Band. The council also wishes to create more interest in this musical organization. It seems that the students think that you have to be a music student to belong to the band.

This is not true. Anyone can join the band, if they play a musical instrument. We are proud of our athletic teams and council wants a band we can be just as proud of. The aim is to make the college known for its band as well as for other things.

The band is going to work on this new conscription. If any of you college men and women play musical instruments, go down to the band room or get in touch with Mr. Raymond Dehnhostel. Help build up our college band. You can do the college a great favor by helping the band gain great prestige during the next school year.

J.E.T.

## Photopinions

by CAROL PACHELL

Question: What measures do you think should be taken to insure quiet in the library?

Bill Conroy - Junior

A giant supply of comic books would probably be the best bet. The student who makes noise in the library is the type best suited for comic book entertainment. If some of the pupils find no enjoyment in pictures of Bugs Bunny and have trouble with the wordage a few yo-yo's might help.

Mary Jane Lewis - Sophomore

The student should know the library is for study purposes not talking. If these people want to talk they should go to the cafeteria or to the lounges in the library. When students go into the library they should have the attitude of wanting to study. If they did this there would be a lot less disturbance.

Mike Economy - Freshman

I do not think there is an immediate solution to this problem. I would suggest investigating other colleges to see how they have handled this problem. I do think though that the students themselves might show a little interest and be more considerate of those who wish to study.

Jack Gray - Freshman

If we had a Student Union Building the students would use this as a place to congregate. The library would then be used for studying purposes only. This would eliminate a great deal of the noise which distract those who wish to concentrate and study.

Dana Basto - Sophomore

First of all the students should realize that the library should be used as a place for studying and reference work, not as a gathering place for friends. If a student does not respect the library as such a place, he has no right to enter the building. My only suggestion is that the students wake up to this idea and act as college students by putting it in practice.

Mary Jo Marvrogiana - Freshman

I think the students should cooperate and make a united effort to keep the library quiet. If each student would do his part we would have a quiet orderly library in which silence and study would prevail.

Boss: Please don't whistle at your work son.

Office Boy: It's all right sir, I ain't working.

Junior: That dentist isn't painless like it says on his sign.

Mother: No? And how do you know?

Junior: Aw, he hollered just like all the others when I bit him.

-- Annapolis Splinter

## With the ENGINEERS ...

A big change can be noticed around ye old ivy covered students nowadays. It looks like exams are on everyone's mind. For instance, two weeks ago, a group of engineers went on a trip to Pittsburgh, (they were supposed to tour the Westinghouse plant, but instead they toured Pittsburgh), and while at the Educational Center, waiting for the tour to begin, the boys just couldn't let themselves go.

They were all studying. After 20 minutes, we all decided that it was the nicest white sweater we'd studied in a long time!

The whole tour was rated a great success, except by Nick Nicolau, who only got 14.5 miles per gallon.

To make a long story short, it was up aisle C-2, down C-3, up aisle C-4 (which is 200 feet long), and so forth, long into the afternoon.

### Become Tired

After many feet had become tired and many ties were loosened, we headed back home (in the opposite direction we came in, which is logical) and arrived in Youngstown fresh and rested, all ready to hit the sack.

One of the highlights of the tour was Dick Kukura's exacting description of the operation of a circuit breaker and arc-chute which had just arrived from South Carolina (unpainted).

Ray McCallise was heard to mumble on the way home, "... all that free coffee and I only got one cup."

### Thanks to Kramer

Thanks to Mr. Kramer for making this trip possible, and also the trip to the transformer division of Westinghouse in Sharon.

Congratulations are due to Mr. Klingshim and Harry Fletcher for their untiring work in organizing the Student Branch of the AIEE. Particulars are covered elsewhere in this issue so I won't repeat them here.

The boys in the back room tell me that I have at least one interested reader in the playground up the road. And if she doesn't supply with some of her repertoire of jokes, I'm going to reveal her true identity. (And Student Council won't like that!)

We notice that Mu Pi Epsilon is holding its installation banquet in the near future - so all of you boys who aren't already in this organization, and can qualify, don't say we didn't tell you.

### Won Game

The O.S.P.E. won the first regularly scheduled game of the season last week. The opposing nine didn't show up. We understand Ed Salata played a sterling game. Good boy, Ed! There are a few sore arms hanging around school as a result of some

shots received by the men in the R.O.T.C. (I think they're planning on being in a parade downtown shortly, and there's nothing like playing it safe.)

Wes (the first picture turned out bad) McDade has an interesting story to tell to anyone who will listen concerning his "story hour". Won't someone ask him about it? My ears are tired!

### Was Overheard

Overheard in passing -  
"We've got a rough test coming up Monday in Networks."

"Yea, I have one in Strength that's going to be a killer."

"And I have to really hit the books for a Heat Power quiz."

"Who wants to throw the ball around for an hour or two?"

--And three freshmen were bruised and badly shaken from the stampees that followed.

Warren Stark is planning to go on the next tour by helicopter and drop pieces of string to guide him on the way out.

### Was Jumping

Tony Giangardella was really jumping for the first 30 miles on the turnpike. He just couldn't sit still!

Remember to get those slides oiled up and all you men who are ten (10) experiments behind in each lab, now's a good time to start doing them.

Vic Richley made a boo-boo in lab again, but he's getting mad at me for calling that to everyone's attention, so I won't say what it was. And it was not my fault! And I hope that he has learned to spell his name right. (That's okay, Vic, I'm on your side.)

Well, lads, I'd best get in the back room and start reading those books. If I'm studying when you come in, please don't wake me up.

You saw this lady driving toward you, said the officer after the collision. Why didn't you give her half of the road?

I was going to, the motorist replied, as soon as I could discover which half she wanted.

### DEADLINE GIVEN

Deadline for turning in YC pin applications is Saturday, May 14. They are to be turned in to the Dean's Office.

## Radcliffe Given Regional Award

### Aubrey Radcliffe

Aubrey Radcliffe has received the Achievement Award of Kappa Alpha Psi National Fraternity, for being the most outstanding undergraduate in the East Central Region.

The presentation was made at the regional banquet by regional president, Lawrence Powell, held at the Hotel Pick-Ohio in Youngstown on April 30. Powell made the award on behalf of the ten schools in this region.

Radcliffe is a senior, majoring in political science. He is a member of the President's Student Committee and RIL. Radcliffe is his fraternity's delegate to the Inter-Fraternity Council and served this year as Assistant NEON Editor.

## Women's Groups Give Rayen School \$200

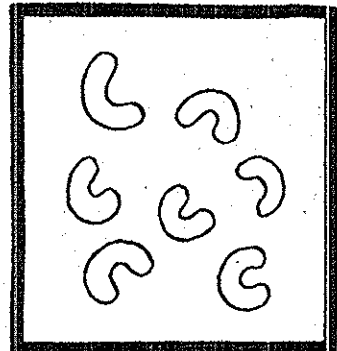

The Women's Auxiliary of the Mahoning Valley Society of Professional Engineers has made their annual gift of \$200 to the William Rayen School of Engineering of Youngstown College.

The group has been presenting a gift of money to the engineering school for the past several years to be used for equipment, books, or some current need. The money will be used this year for additional drawing tables, Dean Edward C. Franklin of the engineering school said.

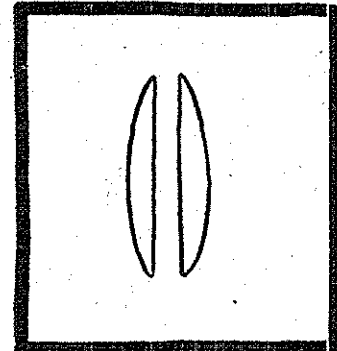

The women earned the money by sponsoring dinners, a square dance, a mock bake sale, a rummage sale and other social functions for members and their husbands.

Mrs. Wayne Ault is president of the organization, Mrs. Walter Raub, project chairman, and Mrs. Cloud M. Conklin, Jr., publicity chairman.

## HEY DROODLE BUGS! HERE'S ANOTHER BATCH!

WHAT'S THIS? For solution see paragraph below.

YOU GET A GOOD CLOSE-UP of college smokers' preference for Luckies in the Doodle at right, captioned: Lucky Strike column in a college cigarette-vending machine. On campuses all over America, college students automatically get Luckies. Why? Simply because Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste better. "*It's Toasted*"—the famous Lucky Strike process—tones up Luckies' good-tasting tobacco to make it taste even better...

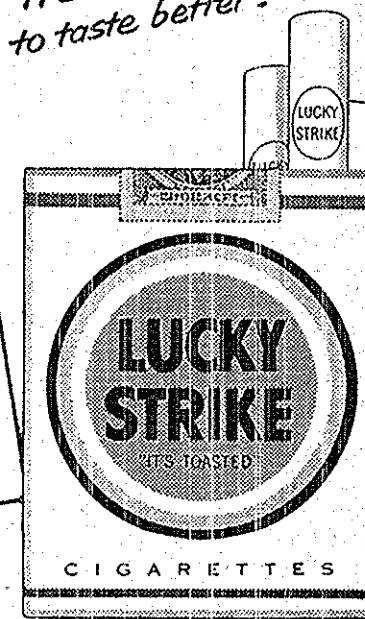

cleaner, fresher, smoother. Next time it's light-up time, why don't you pull for Luckies?

## With the Greeks . . .

by Joan Pavlov

As the semester closes, the Greeks are closing their social activities with a few parties that "have" to be completed by the end of the semester. This is the reason for parties being held twice a week. Also the Greek Mixer was another success with thanks going to the chairmen, who did a fine job.

The Kappa Sigs have been working on plans for their annual dinner dance that will be held June 4, at Mahoning Country Club. This is also the day of Frank Beck's wedding so the boys are planning a big day. Another wedding in June is Leo Coughlin, who will marry Marguerite Dempsey. The date for this is June 25.

The "men" of Kappa Sigma Kappa, as Fred Nebot would say, appeared as guests of WKBN-TV on May 5 and I hear they've offers from Ed Sullivan and the Colgate Comedy Hour.

They can't accept them, however because "R.A." Mangie isn't allowed to travel so far from "Evie" and Ray Baker from Dottie. But the real truth is that Charles Francis Lehnerd and Harry Joyce can't afford to take off work.

### Election Held

Election of new officers was held. Officers are Ray Baker, president; Harry Joyce, vice president; Bob O'Neil, secretary; Frank DiGiacomo, treasurer; Dick Griffiths, Sgt-at-arms and Ray McCullough and Joe Schiffer, social chairmen.

Congratulations to new Phi Lamb officers: Marilyn Ervin, president; Julie Procopio, vice president; Joanne Gioglio, Recording secretary; Jean Palatas, Corresponding Secretary; Shirley Cummerick, treasurer; Shirley Pitts, historian; Virginia Guglielm, social chairman; Barb Knott, publicity chairman; and Lois Jacotson, alumnae secretary.

Also congratulations Angie D'Agostino, Miss Popularity and Don Seely, Mr. Popularity. Phi Lamb pledges ended their four weeks of pledging with hell night on Saturday, May 7. Rumors said that they certainly were looking forward to it and enjoyed it thoroughly (the actives, that is.)

### Had A Party

Last Thursday, the Phi Lamps had a party with Kappa Sigma Kappa which was a huge success. Everyone had fun, especially "Wiggle" Larson and "Mighty" Moore. The Phi Lamps are also planning to adopt a mascot, that little bird that sits "on" the trees you sit "under".

The Nu Sigma Rho's dance was a success even though Gil Prokop couldn't dance because of his leg. The fraternity would like to thank everyone who made it a success. Also if you ever travel out to Oak Hill, you will find Ted Hydros and his boys playing at one of those places of fine entertainment.

The Gamma Sigs have been busy congratulating their two sisters, Anna Mae Franko, who is the May Queen for the Annual May Day Affair for Newman Club and also Louise. Congratulations to the other girls in the court who are Mary Ellen Conlin, Rose Italiano, Barb Brezoveck and Shirley Granny.

The sorority is also looking forward to Marguerite Dempsey, Diane Burke and Mary Lee Davis's weddings. Marguerite is saving all the advertisements that she has been getting for wedding cakes and such for the next girl who will be getting married. Who will be next? I'll put my money on either Ella Clark or Evy DeLong.

### Was Surprised

Gay Wollitz was surprised by the girls in the sorority with a birthday party. Cookie Korody and Loretta Liptak have been running laps so that they will be in shape for the Chase of May Day.

The Phi Mu Alumni gave their Annual Recognition Dinner for the active chapter honoring the outstanding Junior, Tuesday, May 10. The pledges entertained all with their hilarious skit using the theme "In the Noise of the Cafe". The

## They Went To Military Ball

Cadet Lt. Dwight L. Harris shows his date, Joanne Thomas her choice of corsages as Cadets John Gyurek and Robert Pegues, who received the couples as they arrived and presented each date with a corsage of her choice, look on. The occasion? Youngstown College's fifth annual ROTC Military Ball held at Stambaugh Auditorium.

pledges also are planning a picnic for actives May 15.

Congratulations to Janet Smeltzer, new president of Alpha Pi Epsilon and Joan Bonquist, new historian. Mary Ellen Conlin is an attendant to the Queen for the Newman Club May Day affair. Plans for the Dinner Dance are underway. It will be held in July with a date picnic in June.

Work has been started on the rock garden at the entrance to the college by the Alpha Phi Delta fraternity. The fraternity was awarded this project last year and it makes a picturesque scene at this time of year.

Angelo Pezzulo is in charge of all work on the garden, and should be commended by faculty and students alike for the fine job he is doing.

Beta Omicron Chapter of Alpha Phi Delta has chosen two delegates to represent them at the National Convention in Connecticut during the week of Labor Day. Chosen to make the trip were Rocky Mediate and Pete D'Antonio. Those chosen as alternates were Jim Serra and Frank Tarantine.

### Will Be Discussed

Most of the fraternity business for the past and present year will be discussed during the three day meeting.

Four members of Alpha Phi Delta attended a stag party at Ohio State University. It was sponsored by XI Chapter in conjunction with "Hell Week" on that campus. Frank Tarantine, Larry Mirto, John Felde and Tony DiPaulo drove down to spend an enjoyable day with their brothers from State.

Ohio Mu Chapter of Sigma Phi Epsilon can be proud of brother George Miller who has just been elected unanimously to spend a second term as editor in chief of the Jambar. This is the first time in the history of the paper that this has happened, so far as we know.

The Beta Sig actives and pledges have both been busy with several projects. The big events coming up are the Pink Lady Ball, to be held at the Mahoning Country Club, the Senior Banquet at 422, and the National Convention at Spring Lake Beach, New Jersey, in June. Both the actives and the pledges' bake sales were very successful.

Credit for this goes to Jan Higgins and Marri Anne Bartik, who were the respective chairmen of the sales.

Congratulations to Shirley Granny on her election to the Newman Club May Court. The sorority extends its sympathy to Helma Mauer on the death of her sister.

Pi Beta Chi had a party with Delta Chi Epsilon at the Cycle Club on Thursday, May 5. Jack Knable provided the entertainment. Congratulations go to the new officers of the fraternity who are Ian McNabb, president; Frank Bogan, vice-president; Frank Kohler, treasurer; Bob Bucher, secretary; Jack Knable, social secretary; and Jack Schafer, pledge master.

A date party is being planned on May 15. The soft ball team has a two and two record under the pitching of Frank Bogan, Steve Vitman and Bob Mondak.

Alpha Pi Epsilon held their first Mother-Daughter tea at Pollock Hall, Sunday, May 1. Janet Smeltzer and Joan Pokobla were co-chairmen of the affair. The girls of the sorority are still selling greeting cards. The Old Folks Party is being planned.

The girls also collect sale tax stamps throughout the year. If anyone has sale tax stamps that they would like to donate to a worthy cause, you can always give them to any member. Plans for the annual banquet are being made.

Congratulations to Alpha Pi Epsilon sisters, Barbara Brezovich, Shirley Granny, and Rose Italiano, who are members of the court of the annual May Day affair of Newman Club.

### Are Preparing

The Phi Gams are busily preparing for next year. Elections were held and the new officers are; president, Mike Santulis, vice president, Bill Finn, secretary, Dick Cagna, and treasurer, Bob Williams.

All of the Phi Gams extend their congratulations and all of their support to their newly elected officers. The Phi Gams are still recuperating from the joys of the Phi Lamb party.

As Eddie Simons says, "it was real, real nice. Plans are now underway for the big dinner dance and arrangements are still pending. But you can be sure it will be a big success. Just another word of thanks to all who made the Popularity Dance the success that it was."

### Have Elected

The Sig Sigs have also had election

## Looking Around...

Bob Craine and Jim Crowe

Having finally become accustomed to spring (We wake up the minute a class ends thus avoiding that embarrassing feeling of having the instructor wake us up and send us off to the next class) we've decided to write about the lighter things around us. Hanna Moore, Shirley Pitts, Barbara Knott and Peg Potts are all hitting close to the 100 lb. mark and that's light enough for us.

A lot of kids have expressed anxiety over the approaching finals. We at this time would like to set these student's minds at ease by clearing up some popular misconceptions concerning these goodies. First off, the view held by Bill Livovsky, Ted Hydros, Bill Moore and Ian McNabe that finals are the work of diabolical instructors seeking revenge on innocent students that have committed no more than those portrayed in the "Blackboard Jungle."

Actually this is not true, since profs hate the d-n (a-r are the letters to be inserted) things as much as we do. On the other hand, the view held by Jack Storey, Jim Mangie, Bill Sponsler, Wes McDade and Lou Kotzoulos that finals are easy as long as you have a pony may be true, but how many kids can afford horses?

Joan Verba, Gloria Katula, Ann Herschel, Elaine Casey and Gay Wollitz say they don't mind finals, especially the ones in Ancient Greek History. Since none of those mentioned have that class there is more than likely some truth to their statement. Let's get down to the bare essentials.

1) We are going to have finals. 2) Finals consist of questions. 3) the questions must be answered and 4) they must be answered correctly. Now step by step we can tackle the problem and see how simple the whole thing is.

1) We can't do much about it. 2) We can get a copy of the questions from the Prof (notoriously slow-witted) by passing as an official from the President's Office inspecting finals. (A false mustache helps here if this fails.) 3) Sit close to the brain of the class or if this is impossible 4) slip the test in your pocket and next year when you take the test again perhaps you'll have got the answers. This system has proved successful for Don Seely, Lucy Zarlenga, Jerry Eberhart, Arlene Barnes, Bob Mahoney and John Stevenson.

Have you noticed the guys combing their hair and cleaning their white bucks lately. Getting a date for May Day is quite a job. It's sure to be a big success with Ron Schink (the singing Sig Ep) and Paul Richardson (Poor Pi Beta Chi's man of the hour) co-chairmaning the affair.

The May Chase promises to be extra spectacular this year with all the groups dressed to represent some country. One thrifty minded frat (modesty prevents us from mentioning the name, "Honey Babe") has decided to enter as Americans and are looking around for native costumes (They're scarcer than seniors in class.)

We want to close with a final word about the fabulous May Pole Dance. With all the pretty girls participating we offered our services as a pole. We'll have to reduce to make the team. See you at the May Dance. Gads, you'dn evert hinkwe wuz 84 yearsold.

off officers but they were so pleased with the job the officers last year did that they just reelected them. They are Jack Storey, president, Dick Stenbelton, vice president, Karl Mogg, secretary, Bill Voyzey, treasurer.

Parties that are being planned are the Beta Sig party, Wednesday, May 11 and a party with the Gamma Sigs, May 21. All the Sig Sigs had a good time at the Tri-Sig Blast. In my last column Tom Carney's name was omitted as a pledge.

## Alpha Iota Plans Dinner

Alpha Iota Sorority met recently at Pollock House for a brief meeting to discuss plans for a forthcoming dinner party to be held at the end of May at the 422 Restaurant. A picnic is also planned for May 24 at the home of Pat Rudesill, in New Castle.

After the meeting the members and their grades enjoyed a swimming party at the YMCA.

now! proudly wear your school mascot!

## YoCo Penguins

Cuff Links - Tie Bar Set \$3.50 plus tax

By Shields of 5th Ave. and gift boxed for a terrific graduation gift! In fact, every student will go for these two silvery penguins holding hands in a black shadow box effect. Shortie tie bar.

Penguin Embroidered Shirt \$3.95

From Miami... a short sleeve washable sport shirt in linen-like black, charcoal, pink or white. Penguins are embroidered in contrast color on the pocket. Sizes small, medium and large.

### Dean Retires (Continued from Page 1)

Without taking steps to change it. In any way will my concern with the education of women students be decreased by this request for permission to concentrate on the academic rather than the administrative."

Mrs. Pauline Botty has retired as Dean of Women for Youngstown College, but she will continue to teach at Youngstown.

#### Came To College

Mrs. Botty came to the college in September, 1946 as an instructor in sociology from the Ohio State Employment Service where she had served as labor market analyst since 1943.

In 1950 she was appointed head of the department of sociology and served as student counselor.

She was alumni-placement secretary at New York State Teachers College, Buffalo, from 1932 to 1936 and served as a substitute teacher in the Youngstown public schools in history and English in 1943.

Mrs. Botty received a degree of Bachelor of Science in Education from New York State Teachers College in 1931, a Bachelor of Laws degree from the Youngstown College Law School in 1945, and a degree of Master of Arts in sociology from Western Reserve University in 1948.

We want a girl to sell kisses at the bazaar. Have you had any experience?

I went to college.

You're hired.

--Ohio State Sundial

Boy: What do you call a man that drives a car?

Father: It depends on just how close he comes to me.

Ohio State Sundial

### Music Fraternity Elects Officers

Sigma Alpha Iota, professional honorary music fraternity for women, recently elected a new slate of officers for 1955-1956. The new officers are: Eva Irene Hayden, President; Rosalie Baksa, Vice-president; Marilyn Dahlgren, Corresponding Secretary; Sylvia Lebio, Recording Secretary; Naomi Boston, Treasurer; Betty Takacs, Chaplain; Lynne Reardon, Sergeant At Arms; and Janice Smith, Editor.

Sword of Honor awards went to Angeline Macri and Mary Ellen Shaffer. This is the highest award a college chapter member may attain. The Leadership award went to Mary Ellen Shaffer for the year 1954-1955.

Mary Ellen Shaffer was last year's president and Angeline Macri was sergeant at arms. Both girls are seniors.

### Balcony Scene Is Presented

"Balcony Scene", a one act play written and directed by Prof. Donald Elser of the English faculty of Youngstown College, was presented over WKBN-TV last May 1.

The play is one of four-one act plays written by Professor Elser and has been presented quite often by high schools, colleges, and community theaters throughout the country.

## Anna Mae Franko Is Newman May Queen

Anna Mae Franko will reign over the annual Newman Club May Day Celebrations May 22. With a court consisting of Barbara Brezoveck, Mary Ellen Conlin, Shirley Granny and Rose Italiano, she will preside over the day's full activities.

First on the schedule for the day will be a ten o'clock morning mass at the Ursuline High School. Celebrant of the mass will be Father Paul M. Petric, Newman Club Director at Youngstown College.

Speaker will be Rev. Joseph Lucas, M.A., S.T.D., Ph. D. of St. Rose's in Girard. Father Lucas is also an instructor at Youngstown College. A breakfast will follow the mass.

### Is Newman Queen For May

Shown above are Newman Club May Queen Anna Mae Franko and her court. (l to r) Mary Ellen Conlin, Rose Italiano, Anna Mae Franko, Barbara Brezoveck, and Shirley Granny.

Queen Anna Mae will crown the statue of the Blessed Virgin after the breakfast.

#### Held At Chicone's

The Annual Dinner Dance will take place at 7 p.m. at Chicone's Restaurant. Guests for the evening will be Bishop Emmett M. Walsh, Fathers DeCrane, Letau and Lucas, President of Youngstown College Dr. Howard W. Jones and Dean Joseph Smith.

Also attending will be Doctor George Wilcox, Mr. and Mrs. John P. Gillespie, Lt. Col. Eugene L. Lash and Prof. Marsha Walsh.

In charge of the various Newman Club activities will be Co-Chairmen Betsy McClurkin and Joe Malenic (President). Taking care of tickets is Nick Billott, and pictures will be supervised by William Sponsler. Publicity director is Bela Csejczy.

Newman Club will hold its election meeting on Sunday May 15 at the C.A.C. on W. Rayen Avenue. Only those members whose dues are paid may vote at the meeting. Other business and dancing will follow the election.

A doctor fell into the well, and broke his collarbone;  
A doctor should attend the sick and leave the well alone.

Wages can't meet high prices if they both are going in the same direction.

She: "Why did you give that check-room girl a dollar tip?"

He: "Look at the swell hat she gave me!"

### Like Children? Library Needs Apprentices

Youngstown Public Library is offering its attractive apprentice training course for children's librarians.

Classes will begin on July 11 and will consist of eight weeks of morning classwork and afternoon practice assignments.

A warm personality, fondness for children and good scholastic background are the requirements. The monthly salary is \$250 during the training period. Successful trainees will receive salary increases on January 1, 1956.

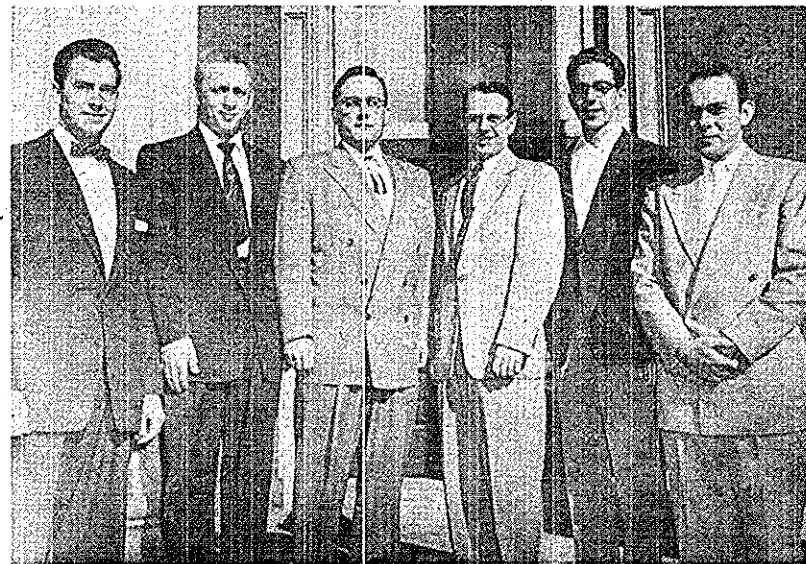

The course offered is not a substitute for the masters degree in library science which is usually required for library employment. But the training offered will provide an opportunity for girls to try the library profession, before entering the fifth year of training.

#### Offers Futures

Library work today offers excellent futures and cheerful surroundings either at home or in other parts of the world. Applications are constantly being accepted for this type of work from trained librarians interested in working with the United States Information Libraries and Armed Forces.

Salaries in this type of work are usually equivalent to those of the teaching field. Girls interested in participating in this program are invited to have an interview with Chief Librarian James C. Foutts at the Youngstown Public Library.

### AIEE Gets Charter

Members of the newly chartered AIEE are (l to r) Robert Stevenson, John Ewashko, Harry Fletcher, Prof. E. Klingshirn, Bernard Voitko and Dave Locke.

(Continued from Page 1)

#### Will Have Program

The local branch will have a technical program with its functions concerned with topics of the latest developments and theory presented by outstanding speakers in the Electrical Engineering field, supplemented by films and field trips.

Technical papers written by the members will be presented locally and submitted in prize competitions on a national basis.

A meeting of the local branch will be held this afternoon at 3 p.m. in the Audio-Visual Room of the College Library.

All members and any engineers interested are urged to attend. Technical films on microwaves, coaxial cable, and vacuum tubes will be shown.

## RIL To Hold Final Meet On May 15

Religion-In-Life is planning its last meeting for May 15, 8 p.m. at First Christian Church. Elections will be the highlight of the evening, with mixers, dancing and refreshments following the meeting.

A picnic is planned for June 12. Students will meet at 2:00 p.m. in front of the Annex, next to the faculty parking lot, and cars will transport them to Christ Mission Camp for the picnic and swimming. Visitors and friends are invited.

Chapel is held each Wednesday from 12:00 to 12:30 in St. John's Church. Bible study groups are as follows: The Parables are being discussed on Monday and Proverbs on Thursday. All members and friends are welcome.

#### Spoke at Banquet

Rev. James Osuga spoke at the RIL Banquet held May 7 at Trinity Methodist Church. His topic, "Hands across the Sea", told of his experiences, when, because he was of Japanese descent, he was moved to a relocation camp in 1952. After a year in camp, he had to start a new life, and chose Cleveland, Ohio.

Ginny Sheiler gave two vocal numbers, Peggy Potts and Peggy Kramer

put on a skit, and Nancy O'Connor did two skits.

President Howard W. Jones honored us with a few words, complimenting RIL on the job it was doing on the campus.

Rev. Linder led the group in familiar songs. John Schafer was toastmaster.

## Dual Recital Due May 18

May 18 at 8:30 in the C.J. Strouss Memorial Auditorium Angeline Macri and Paul Elias, seniors at the Dana School of Music, will present a recital.

Miss Macri will graduate in February 1956 with a B.M.E. degree. Her portion of the program will consist of the following numbers for piano: Sonata No. 6 in D minor by Scarlatti, First Movement of Sonata Op. 2 No. 3 in C Major by Beethoven, Nocturne Op. 15 No. 3 in G minor by Chopin, Wayfaring Stranger by Roy Harris, Polka by Schostakowich and The City Gate from Pictures at an Exhibition by Moussorgsky.

Mr. Elias will also graduate in February 1956 with a B.M.E. degree. He will perform the following selections for clarinet: Concerto for Clarinet K622 Adagio and Rondo by Mozart, Song Dance of the Shepherd Lehl by Rimsky Korsakoff and Sonata for Clarinet and Piano by Paul Hindimith.

Mr. Elias will be accompanied by Prof. James A. Tavorario who is on the Dana faculty.

### SOCIAL SCIENCE EXAM STUDENTS ARE REMINDED

Dr. Fulkerson would like to remind students who have seen him about the Social Science Prize Examination, and who intend to take it, that it will be given Saturday, May 21, at 9 p.m. in Tod Hall, Room 10.

Only a first prize of \$100 is offered instead of the two prizes of \$150 for first and \$100 for second-as previously announced.

### Social Security Card Required

It's only a small card - about twice the width and three times the length of an ordinary penny postage stamp. Nevertheless, it's important. It's like an insurance policy. It indicates membership in the largest insurance system in the world.

It's a very easy card to lose - as thousands of high-school students now from personal experience. The using of duplicates actually costs the U.S. Government thousands of dollars every year.

What about your card? You had to have it when you applied for that vacation job. When you returned to school last fall, did you put it in a safe place - where it will be available when you need it again?

#### Is Account Number

This little card is your social security account number card. It has your name and your number on it. Take good care of it. Don't be one of the "losers." Keep it in a safe place so you will have it when you need it.

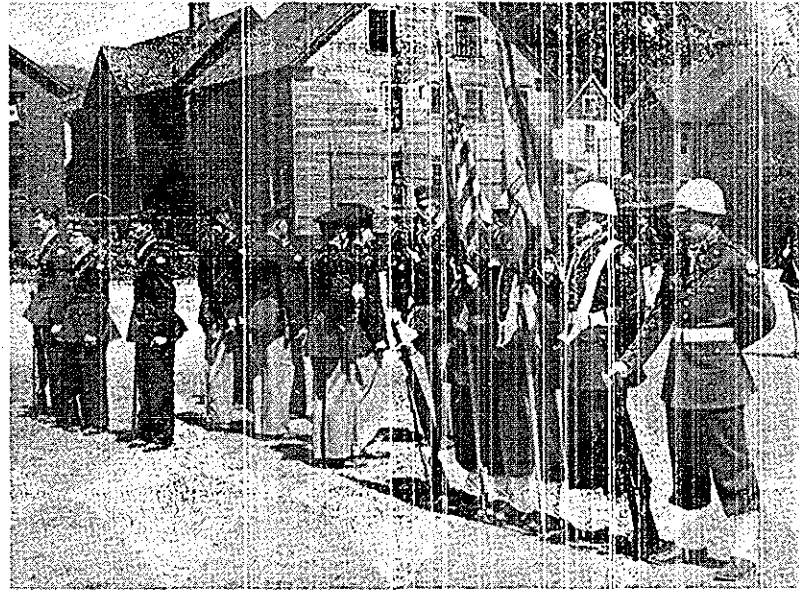

When you apply for a number, the Government establishes an account for you which remains open as long as you live. When you reach 65 and retire or when you die, the wages credited to your account will be used in determining the benefits payable to you and your dependents. Naturally, if some of your wages aren't posted, you may not get the full benefit to which you are entitled.

So protect that social security card of yours - take good care of it. If you lose it, get a duplicate from the social security office. And always show your social security card to every person you ever work for. That's good business - it's good sense - and it's the only way you can be sure you are credited with all the wages you have earned.

# They Inspected The Corps

The ROTC was inspected last week by officers from the 2nd Army. Representing the commanding general was Col. George M. Griswold, PMST of the University of Delaware, who with (center, 1 to r) Cadet Lt. Col. Tom Mosure and Cadet Captain John O'Loughin, inspected the ranks of cadets at Harrison Field.

In the center of the photograph Lt. Col. Floyd K. Long is shown checking the carbine of a cadet as the reviewing party went through the paces of the annual government inspection of the Youngstown College ROTC Cadet Battalion last week.

### Dykema Attends Speech Conference

Prof. Karl W. Dykema, director of the division of languages and literature and head of the department of English of Youngstown College is appearing on the program at the 8th University of Kentucky Foreign Language Conference held in Lexington, Ky.

April 28-30, Dykema will speak on the subject "How Fast Is Standard English Changing?"

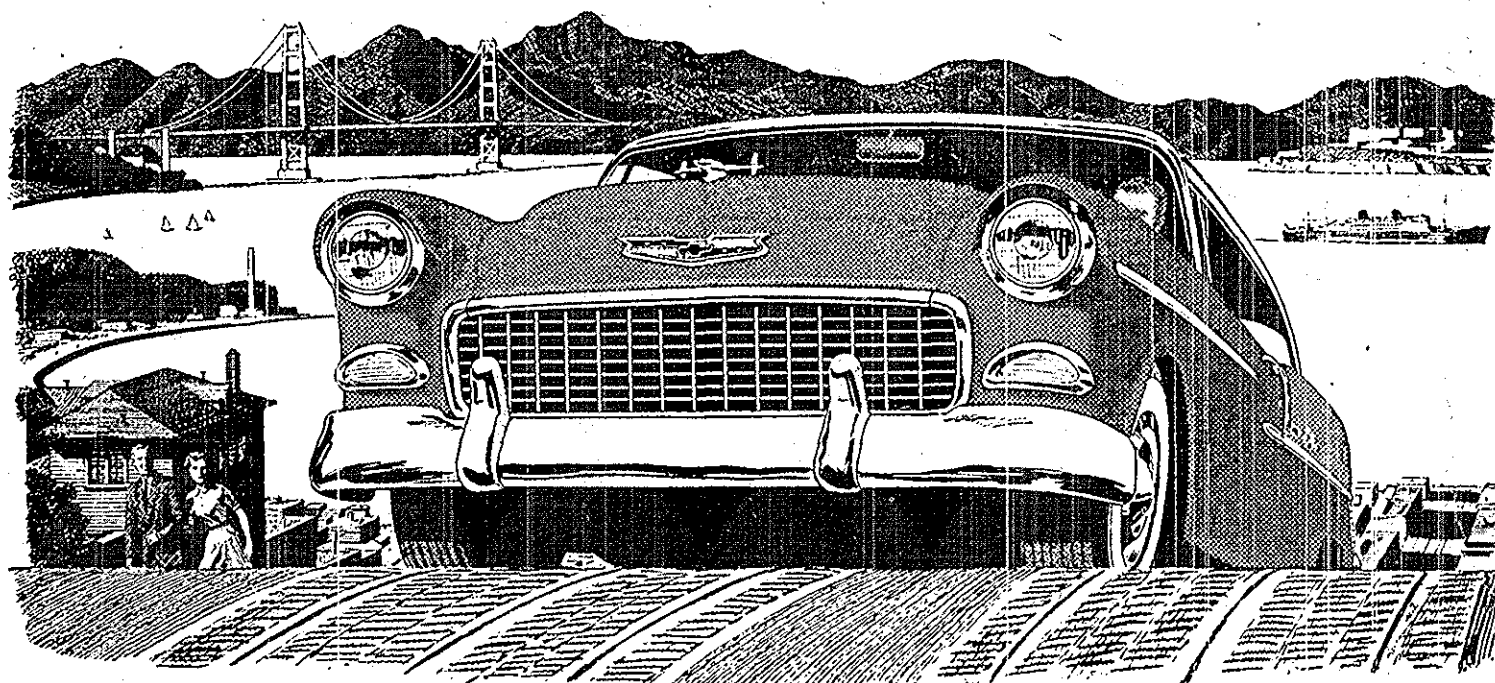

### Myrovich Recital Date Is Changed

The dates of the Dana Symphony Orchestra and the duo faculty violin recital by Olga and Alvin Myrovich have been changed. The orchestra will play its concert the 19th of May and the duo violin recital will be the 16th of May. Both of these events are scheduled at 8:30 in the Strouss Auditorium.

The ROTC Cadet Battalion of Youngstown College was formally inspected by representatives of the 2nd Army on Thursday, May 5. In addition to conducting a formal review of the battalion at Harrison Field, which was attended by President of Youngstown College Dr. Howard W. Jones, the officers of the inspection team visited the ROTC class rooms and spoke to cadets individually.

Members of the inspection team were Col. George M. Griswold, President of the University of Delaware; Lt. Col. Stephen A. Ucherek, PMST of LaSalle College; Lt. Col. Floyd K. Long of Temple University and Chief Warrant Officer Robert Hauser of LaFayette College.

The officers arrived at eight in the morning and conducted inspections for the rest of the day. In addition to inspecting the cadet corps, the ROTC teaching staff was interviewed concerning the ROTC program here at the college.

Punch-line to the year's hottest power story -

## Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR\* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class - and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places - and six of the first ten - went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars - and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower - or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 130 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every-one else on the road!

\*National Association for Stock Car Auto Racing.

# Shag's Sport Scoop

By Joe Shagrin

I had a nice chat with our congenial Athletic Director, Willard Webster last week. I came up with a few interesting "rumors." The advent of increased interest in our inter-collegiate sport's program that we have here now has precipitated a movement towards increasing this program.

According to Webster we may even field a baseball nine next spring if everything goes according to plans. Most of you do not realize it but we have a wealth of talent on campus. Many of the boys participating in intramural softball are above the average ball players.

We have upwards of ten boys who

formerly belonged to minor and major league chains. Most of them are veterans and are itching to pick up that heavy wood again. An increased student interest in this "rumor" would surely help our chances. So get behind the movement.

Track May Return

Webster also stated that track will

## Awards of the College

### THE Y C PINS

This year a Y C Pin will be awarded to the four graduating seniors who have the largest number of honor points in scholastic and extracurricular activities. Credit is given for extracurricular points up to the number matched by earned academic points and for academic points up to the number matched by earned extra curricular points. The scholastic points are determined on the basis of 1 point for every hour of A and 1/2 point for every hour of B. The extracurricular point schedule may be obtained in the Dean's Office. Application for the Y C Pin must be made with the Dean's Office.

### THE YOUNGSTOWN VINDICATOR AWARDS

Four cash awards are made annually as follows:

- \$100.00 to the best all-around student on basis of academic achievement and extracurricular activity during four years of college.
- \$100.00 to the student ranking first in the humanities field on the basis of four years of study.
- \$100.00 to the student ranking first in English, on the basis of four years of college.
- \$100.00 to the student ranking first in the Social Science sequence courses and based on comprehensive examinations given here at Youngstown College some time in May. (See Mr. Fulkerson regarding the exact date, time and place of the exam.)

### SOCIAL SCIENCES

The Roberts Deliberating Club of Youngstown annually awards \$50 to the graduating student ranking highest in the social sciences, and the Youngstown Chapter of the Chi Omega Alumnae gives an annual cash award to the highest-ranking woman student majoring in the social sciences.

### ENGINEERING

In honor of the memory of Louis A. Deesz, the first dean of the William Rayen School of Engineering, the Mahoning Valley Chapter of the Ohio Society of Professional Engineers, Tri-County Section, gives an annual award to the engineering student who is outstanding in academic achievement and personality over a period of four years study at Youngstown College.

The American Society of Mechanical Engineers, Youngstown Section, grants an annual award to the outstanding graduate in mechanical engineering and, in addition, the two students with the next highest standings are given awards contributed by a life member of the society.

### CHEMISTRY

A certificate to the outstanding student in Chemistry is presented by the Phi Epsilon Fraternity in honor of Dr. Eugene D. Scudder, head of the chemistry department. The student must have a general average of B and have completed 30 semester hours in chemistry.

### BIOLOGY

An annual cash award is given by the Omicron Lambda Honorary Fraternity to the outstanding sophomore biology student.

\$50.00 is provided by Mr. C.F. McCall for the best work exhibited by a student of Youngstown College in the New Year's Show of the Butler Institute of American Art.

The Youngstown College Student Council offers a purchase prize of \$50 to the winner in oils at the Annual Youngstown College Art Exhibition.

### BUSINESS ADMINISTRATION

The Sigma Kappa Phi Fraternity awards a certificate and an emblem to the member of the graduating class with the highest point average in all business administration subjects who has majored in accounting and fulfilled the requirements for a B.S. in B.A. degree or an A.B.A. Title.

### LAW

A prize of \$100.00 is awarded annually to the student in the School of Law making the highest average grade in the regular course exams in Real Property I, II, and III. This award is given by The Land Title Guaranty and Trust Company.

The Rose Rigelhaupt Memorial Award of \$100.00 is a new award this year to be given to the Law School student attaining the highest grade in Pleading and Practice.

Another new award for students in the School of Law is the First Federal Savings and Loan Award that will be given to the Law School student attaining the highest cumulative grade average of the second year class. The amount is \$100.00.

### SPORTS QUIZ

by Ed Sferra

1. What major league manager held his present job longest?
2. What is the forfeit score in tennis?
3. A football field is twice as long as it is wide. True or False.
4. Who handled the most chances of any major league outfielder of 1954?

1. Leo Durocher. He took over the Giants in July, 1948.  
2. There is no score in the event of a forfeit. The match is merely won or lost by "default."  
3. False. It is 160 feet wide and 300 feet long.  
4. Ashburn of the Phillies and Busby of the Senators both fielded 503 chances.

definitely return as soon as suitable arrangements can be made for meets and practice. YoCo used to use the Rayen track, but difficulties in training and meet schedules forced the dissolution of the team.

Field and track events are probably the best conditioning sports in the business. Quite a number of schools that do not have spring football drills take advantage of the cinder sport and have the jump on the other colleges in conditioning their men early.

Track is an individual's sport and a grueling one. But it builds bodies and minds and at the same time good Americans. Our prestige can be made greater here by the addition of these two sports. So as I said before let's get behind them.

### Gridiron Preparations Under Way

Coach Dike Beede has completed preparations for summer football practice. He will take his boys to Camp Pitch on August 29. But beginning already and going on through August most of the boys are getting into shape on their own.

Many of the boys are working out by running long distances and lifting weights. Others are taking advantage of the fine intramural program at YoCo.

We are going to face the stiffest and toughest grid schedule in our history. The Athletic Department and the squad are eagerly awaiting the sound of the first whistle. We are anticipating a great year again, and hoping for one to match last year's achievements.

### Thanks Student Council

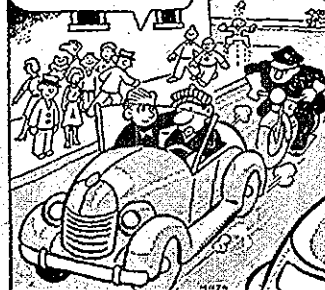

The Athletic Department wishes to express their appreciation to Youngstown College's Student Council and the student body for their support towards the spring sports.

Without the efforts of the students our spring sports could no longer be maintained. I only hope that the student body and the Council will realize the value of sports competition in college and will back future preparations for more spring sports.

Our College is growing every day and we must provide for this growth. One of the finest ways to do this is to cooperate with the governing body and to increase interest in extra curricular activities while increasing our fine scholastic program.

### Vic Vet says

MANY KOREAN VETS CONTINUE TO ASK WHEN THEY MUST START GI BILL EDUCATION TO TAKE ADVANTAGE OF THE BENEFIT. UNDER THE LAW THEY MUST START WITHIN 3 YEARS AFTER SEPARATION FROM SERVICE.

# Golfers Continue Winning After Loss To Carroll

The powerful 1955 edition of the YoCo golf squad was temporarily derailed last week by John Carroll in Cleveland.

However, the local linksmen reciprocated J.C.V.'s invitation and beat them at the Mahoning Country Club eighteen last Friday.

Captain Bob Savko has been leading the way to their first five victories with able support from Ed Seginak, Pete Rosko, the former

## WRA Elects New Officers

Election of new Women's Recreation Association officers for 1955 were named Monday, May 2. New President, replacing Kathryn Dudesko, is Delores Labriola, Vice President is Joan Bonpani, Secretary is Kathryn Dudesko and Treasurer is Emily Hura.

Chairman of the Sports Board is Edith Gales.

Junior Champ, has been the most consistent point getter on the squad and has been only three or four strokes off par in the six matches.

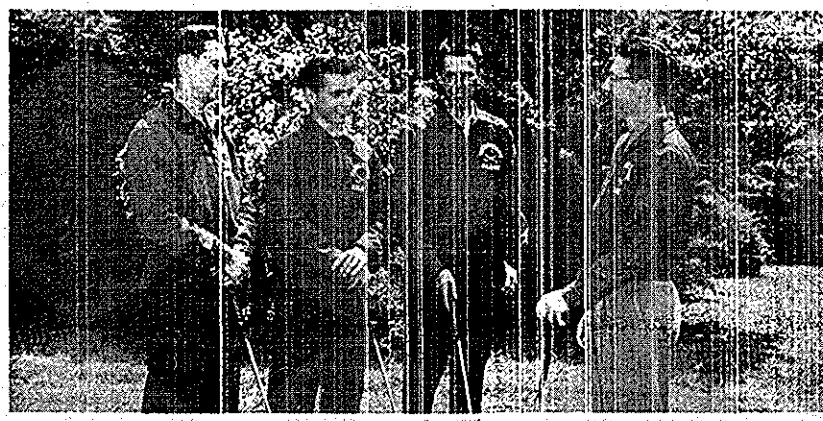

### Lead to Victory

Ed Poplava fired a 73 to lead the Penguins to victory over John Carroll. Steady Eddie has been in the low 70's in all of the six matches.

Birdie Mikulski and Boy Kupka of Salem have been playing brilliantly, ably filling in for three year vet, Mike Lalio.

This year's squad as of now has the makings of YoCo's greatest team.

### Golfers "Talk Shop"

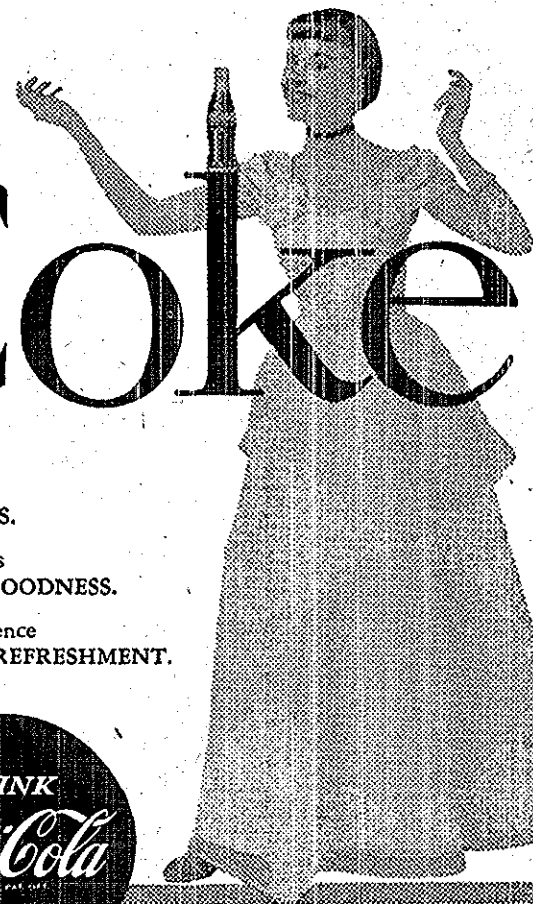

Talking over a golf game are (l to r) "Birdie" Mikulski, Pete Rosko, Bob Kupka and Bob Savko.

## Marine Corps Announces New Aviation Course

WASHINGTON, D.C. -- In a re-emphasis of its traditional air-ground relationship, the Marine Corps today announced a new training program for prospective Marine aviators.

The first new program for Marine officers since World War II, it has been termed the Aviation Officer Candidate Course. It will result in earlier commissions as second lieutenants for men who desire to become Marine Pilots.

Previously all Marine Corps aviators were drawn from the Naval Aviation Cadet Program (NavCad) or from the ranks of Marine officers on active duty. This new program is intended to supplement the present ones.

### Will Be Offered

The AOCC will be offered to college graduates who will attend a 10 week basic indoctrination course at Marine Corps Schools, Quantico. This course will give them basic Marine Corps training, with an emphasis on the infantry aspects.

Successful graduates of this orientation course will receive reserve Marine Corps commissions and be ordered to active duty as student aviators. Upon completion of Flight Training, which lasts from 15 to 18 months, they will be obligated to serve a minimum of two years with the air arm of the Marine Corps.

Although this new program will result in an increase in directly commissioned Marine aviators, it does not indicate lowered standards or a departure from the traditional Marine Corps air-ground partnership. The program will be a different approach to the same standards.

The orientation course prior to flight training is intended to familiarize prospective fliers in Marine infantry theories, and is expected to reinforce the air-ground relationship.

### Applications Accepted

Applications for the Marine Aviation Officer Candidate Course will be accepted commencing today. Twenty-one Officer Procurement Officers located at major cities throughout the country will be authorized to accept applications. It is expected that the first session will convene at Quantico this fall, with a second one after the new year.

Requirements for the program include:

1. Age of more than 20 years and less than 27 on July 1 of the year in which commissioned;
2. Highly motivated and adapted to flying, and of a high moral character;
3. Citizen of the United States of America;
4. Graduate of an accredited college;
5. Able to meet the physical requirements for aviation.

### VETERANS ADMINISTRATION Information Service

#### Questions and Answers

Q -- Would it be possible for a veteran to receive Public Law 16 training if he has a service-connected disability not severe enough to warrant any payment of compensation?

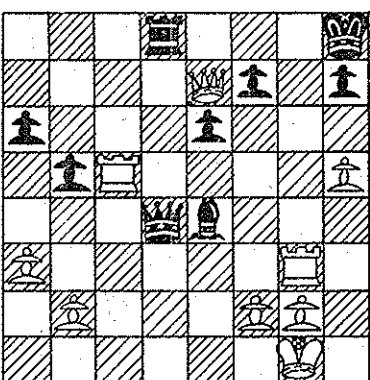

A -- No. One of the legal requirements for Public Law 16 is a compensable service-connected disability. Another requirement is a need for training to overcome the handicap of the disability.

-- Is there a "ceiling" on commuted wages and GI allowance for veterans taking on-the-job training under the Korean GI Bill?

"Can you stand on your head?"  
"Nope. It's too high."

"Is he really dumb?"  
"Sure, he thinks a football coach has four wheels."  
"Isn't that silly? How many wheels has it?"
