

# SPRING SOCIALS START TONIGHT WITH JUNIOR PROM

## Lt. Col. Lash Addresses Sig Ep Dinner

"College is the place where we learn how to make a better world." Those were the key words of Lt. Col. Eugene L. Lash's, PMST of Youngstown College, address to the members of Ohio Mu Chapter of Sigma Phi Epsilon fraternity, as they met recently at the Mahoning Country Club in Girard to honor new members who had been installed earlier in the day.

Lt. Col. Lash explained that, "To me, fraternities are important not as fraternities, but as social contacts, learning how to live and get along with other people."

"College only helps us find out how to learn ... Times have changed. The emphasis today is on the man who can do the most for society. Our technological progress has been wonderful, but where are the sociological advances to go along with them?"

### Should Have Desire

"When we leave college we should have an insatiable desire to learn more about people ... to make a better world for people to live in," he added.

Colonel Lash was the main speaker of the evening's banquet. Seated at a banquet table were Joseph Sarangelo, vice president; Donald Hillips, president; Dr. Kelsie Harder of the English faculty; Harry Ross, postmaster and former president of the fraternity and former JAMBAR Editor, Lt. Col. Lash, Dr. Karl Benkner, advisor to the fraternity and Prof. Frank Braden, of the school of business administration.

Eight new actives installed were Vincent Ferry, James Fe dorchak, Fred Melquist, Jr., John Tudhope, William Klucher, William Swift, Robert Reesh, Andrew Zvilna, and Wayne Frye.

New alumni members of the fraternity are Robert Rachel, Joseph Vourros, Eugene Anzivino and R.B. Kahler.

"Mr. Hulot's Holiday" Begins Tuesday At The Foster Theatre. It's A Riot

## Marcia Reigns Tonight

Marcia Geiger will reign over festivities tonight at Stambaugh Auditorium when Ross Halamay and his Orchestra will provide music for the Junior Prom. Marcia is a member of Phi Lambda Delta sorority.

Charming Marcia Geiger of Phi Lambda Delta Sorority will reign at the Annual Junior Prom, tonight, April 15 at Stambaugh Auditorium.

Marcia, a junior majoring in Psychology plans to continue her studies in Psychometry at Ohio State University for a Masters Degree.

Besides her interest in studies, Marcia is the secretary-treasurer of the Psychology Club, Corresponding Secretary of Alpha Pi Epsilon Service Sorority, treasurer of Phi Lambda Delta Social Sorority and a member of the Junior Women's Association and Boosters club.

### Queen Finds Interests

With all these activities plus an outside job, Marcia still finds time to enjoy concerts and operas which are her favorite interests.

Attending Miss Geiger are the members of the court: Shirley Aey of Phi Mu Sorority and a junior education major, Elaine Ohl of Beta Sigma Omicron, an education major and Joan Pavlov of Gamma Sigma sorority also an education major.

## Marcia Geiger Reigns; Ross Halamay Plays

Royalty will be the theme as the Junior Class of Youngstown College presents its annual semi-formal Junior Prom tonight, April 15 at Stambaugh Auditorium from 9 p.m. to 1 a.m. Ross Halamay and his Orchestra will play during the dance.

## JAMBAR Attends OCNA Convention

Members of the JAMBAR staff, headed by Editor George Miller, left last night for Cincinnati to attend the two-day annual convention of the Ohio College Newspaper Association.

JAMBAR contest entries have been made for the Best Bi-Weekly Newspaper, Best Front Page Make-up and Typography, Best News Story, Best Sports Story, Best Feature Story, Best Editorial, Best Cartoon and Best Photograph and Best Special Column.

Awards to the winners of all contests will be presented tomorrow night at a banquet in Cincinnati.

### Queen Will Be Crowned

During intermission Queen Marcia Geiger will be crowned by the 1954 Queen Nancy Johnson while members of the court Shirley Aey, Phi Mu; Elaine Ohl, Beta Sigma Omicron and Joan Pavlov, Gamma Sigma, act as attendants.

Following the crowning there will be a Grand March and a dance for the Queen. Gifts will be presented to Miss Geiger by the various organizations. Nancy O'Connor will act as Emcee.

Jack Baytos and Bill Finn, co-chairmen, are in charge of the complete affair. Tom Moran and Marilyn "Cookie" Korody are co-chairmen of the decorations committee.

Admission will be by activity book.

## Military Ball Work Speeds

Tickets are now available for the fifth annual Military Ball sponsored by the Youngstown College ROTC cadet Battalion. This is the only formal dance on the college social calendar. Cadets will wear their uniforms and other male guests will wear evening dress.

Tickets are \$5 per couple and include a corsage for the ladies and refreshments for the evening.

Work has been proceeding for some time on decorations for the Ball, under the direction of Cadet Lt. Robert Hixenbaugh, chairman of the decorations committee.

Several prominent reserve and National Guard officers have been invited to attend and Mayor of Youngstown and Mrs. Frank X. Kryzan have already announced they will attend.

## "Jazz In Concert" Coming On April 19

Like it cool? Like it low and sweet? Then perhaps you'd like to attend the second annual "Jazz In Concert" being sponsored by Nu Sigma Rho fraternity tomorrow night on April 16, in Strouss Auditorium at 8:30 p.m.

Student musicians will provide jazz music for the evening. Ted Hydos and his orchestra, who have been featured at several school dances this past year, will take part.

Others will be John Petrone at the keyboard, Steve Zordich on bass, Jim Rose on drums, Mike Lupo on trumpet, Jack Knable on baritone sax.

Frank Ciccirella, Kenny Anderson and Ted Hydos will hold forth on the tenor saxes.

## WAC Officer Here For Interviews

A representative of the 2nd Army, WAC Branch, will be at YoCo on the afternoon of Monday, April 25. She is in the process of interviewing potential WAC reserve officers.

The small number of Reserve WAC officers obtained directly from civilian life during the past few years has become a matter of serious concern to the Department of the Army, and they have authorized the 2nd Army to create two additional WAC officer spaces to carry the increased workload of its revitalized program.

Both as a long-term career and as an immediate work opportunity, commissioned service in the Women's Army Corps compare most favorably to other positions open to young women with college degrees.

Captain Mary Clarke, of the 2nd Army, will be at the office of Dean Pauline Boty, head of the department of Sociology, on the afternoon of Monday, April 25, after 1 p.m.

The Department of Military Science of Youngstown College, third floor Pollock House, is authorized to interview any college young woman attending college who is interested in joining the Woman's Army Corp.

## ARE RECENT INITIATES

Because of outstanding service in the field of education 18 Youngstown College students, two members of the faculty and one alumna were installed recently into Kappa Delta Pi, by Eta Xi Chapter of the college.

Shown above are two members initiated. (L to r) stand I.J. Nisonger, superintendent of Boardman schools, Dr. G.M. Wilcox, head of the college department of education, and already a member, and W.J. Moore, superintendent of Girard public schools.

## German Teacher Tours College

"America is a country of open doors - the symbol of American life." That was the comment of Mr. Heinz Schepp, Director of the Youth Leader Training College in Germany, as he was interviewed during his tour of Youngstown College early last week.

Mr. Schepp is visiting this country under the sponsorship of the National Social Welfare Assembly of New York City. He was here to study schools, adult education, recreation for adults and young people and to observe youth leader and teaching training.

Mr. Schepp explained the difference between schools in America and Germany by saying that, in the first place,

## Here We Go Again!

Soon final examination time will again be here. We cannot do much to avert the onslaught. About the best that can be done is to make amends now by beginning to study from now until the end of the semester.

Some of us have had our mid-terms; some of us have not. They ought to serve as a good barometer as to the type of final examination we will receive. Now is an excellent time to take stock of the semester and plan for our final examinations.

Summer examination looks very inviting, especially since it is only one month and a half away. Yet what fun can our summer vacation possibly be if we do not do well in our school work and receive a poor grade report at the end of the semester?

Spring has an extremely tantalizing effect on every healthy young man and woman; but we must remember one thing. Above all else, we have a duty to perform. No matter what our job, no matter what its importance is in relation to others, it should be of importance to each person performing the task.

Let us, then, do our duty as we must and perform them capably.  
G.N.M.

## Opportunity Wasted?

Now we are going to discuss something that has been kicked around on the editorial pages of the JAMBAR for years and years and it is still important enough to be discussed once more. We have in mind the rather sad fact that certain members of the student body go through college for four years and never participate in a single extra-curricular activity.

Believe it or not, this college belongs to each and every one of us. It doesn't belong to one of us or a few of us, but all of us. It is one thing to learn a lot from books and lectures. But college would merely be a glorified high school if that is all it represented.

College is one of the greatest stepping stones to success yet devised, yet few can either realize or grasp its total potential. Perhaps the greatest single accomplishment to be derived from college is learning how to cope with and understand other people and their problems. In other words, and quite simply, how to communicate to others what we think and make clear to them our point of view.

Here, in all the many extra-curricular activities offered, each student has an opportunity to meet his fellow students, to work with them and make them feel that they are all working, as one group, to make our college better.

This cannot be accomplished by merely going to classes and then home.  
G.N.M.

## Don't Underestimate Them

You may notice in one of the other editorials in this column that we mentioned how important it is to communicate our ideas to other people. We think that this is so important that we would like to discuss this problem from another angle.

Sadly, we must truthfully say that the general student body does not fully appreciate the Communication courses offered in this college. Many of us feel that they are, along with our social sciences courses, just something to get done with as soon as possible and move on to more important studies.

How mistaken such a viewpoint is and how dangerous it can be should be realized at once. Communication courses are important to each student. For if we cannot communicate our thoughts with vividness, brevity and conciseness, we would soon be engulfed in a mass of wordiness too weighty to overcome.

No matter what our chosen vocation we will be called upon at one time in the future to speak before a group or write a letter or report. A doctor must write case histories, and engineers must write up reports.

Therefore, we do not believe that Communication classes are unimportant, on the contrary, perhaps they are of more benefit to the student body than many other courses when weighed in with all those other components that go to make us better citizens and students.

## Photopinions

by Carol Pachell

QUESTION: What features or special articles would you like to see in future editions of the JAMBAR?

Maggi Latcheran - Junior

The JAMBAR should emphasize college activities, although the world situation should not be neglected. An interest to the students of Youngstown College would be a special article concerning the future events and dates of the school.

Nathan Sefranek - Junior

Since the activity of Student Council concerns the whole school I would like to see a report of Student Council discussions and decisions in the paper. Other than this, I believe the JAMBAR is doing a fine job of presenting the college news to the students.

Margene Flannery - Freshman

In future editions of the JAMBAR, more news of individual activities should be published. Also, some students may be interested in the future plans of Youngstown College's June graduates. Information on various professions may enlighten other students as to what they would like to do. If it is possible, more pictures would be interesting in the JAMBAR.

Carl Morell - Freshman

I think that the JAMBAR should feature a teacher's column, such as "Teacher of the Month". It not only would give us a chance to get to know our instructors better, but would also further student-teacher relationships.

Gloria Katula - Freshman

Although our JAMBAR is very complete in itself, an occasional article on alumnae news might be interesting to the students. The whereabouts and present status of recent YoCo graduates could be included.

Even news concerning students who have attended YoCo for a year or two and transferred would find interest with us.

Jim Bucher - Junior

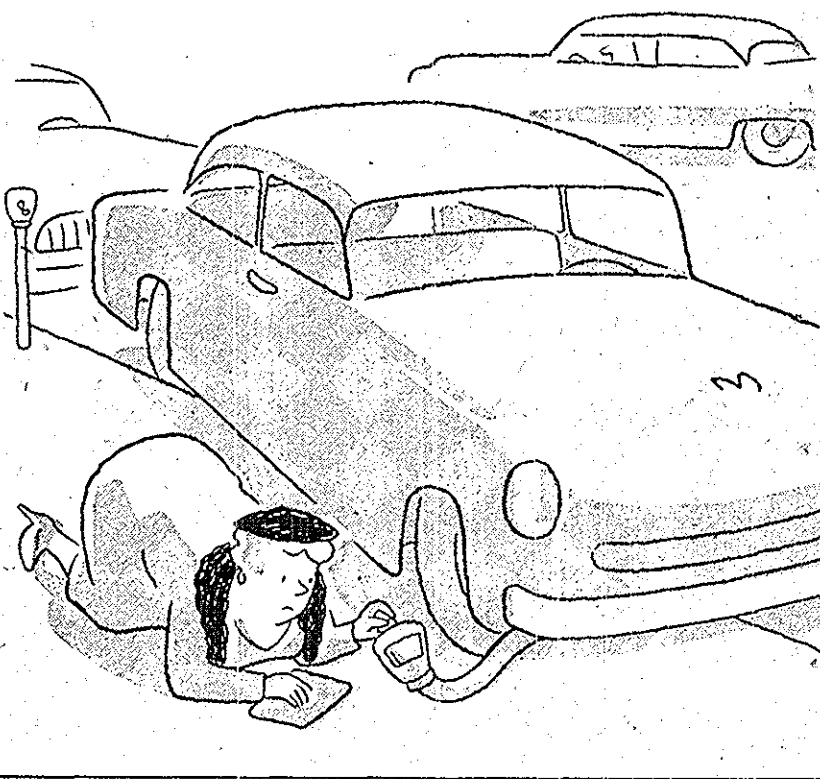

I think a greater interest should be given to the activities on campus. There should be more news on the work of the Pan-Hel Council and the IFC. I would also like to see articles on alumnae and on Student Council.

Hypochondriac - A man who just can't leave being well enough alone.  
-- Sour Owl

Egotist - A person of low taste, more interested in himself than in me.  
-- Penn State Froth

Itches - Something that when both hands are full, your nose always.  
-- Sour Owl

## With the ENGINEERS ...

A hearty welcome to all the delegates to the O.S.P.E. Student Council who will be here Saturday afternoon and evening. This is the first that the Council has ever convened in Youngstown, but we hope it certainly won't be the last. Here's a chance for all you cats to get in on the ground floor and see just what goes on in the executive department.

The meeting will probably be at 4:00 p.m. and will end in time to allow those delegates attending the dance to shave, shine, and shower!

These delegates, under the leadership of President Glenn Ernsberger, will probably represent chapters from the campuses of Ohio University, Ohio State University, Ohio Northern University, University of Cincinnati, University of Toledo, University of Akron, University of Dayton, and of course, Youngstown College. Once again, we hope you men enjoy your stay here, and will honor us with another visit in the near future. Have a good time at the dance.

"I presume..."

And speaking of that social necessity, I presume you'll all be there. I've been begging my woman to go. I thought of a hundred reasons why we should attend, and after much talking, she finally coughed up the \$7.50, and this writer will be there with a sharp knife and fork, complete with a monogrammed napkin presented to me by one of the finer hotels in the East!

By the way, there's been a pleasant rumor going around that all those in attendance will automatically get a 95 on the next test. Well - that's what someone told me.

Did all of you boys see Bob Moyer when he was in town the other day? He looked pretty healthy to me, but deep down inside he's probably in mourning at the thought of being away from this engineering environment. Oh Well! Such is the fortunes of life.

Apply Knowledge

In a few more short weeks we'll all be able to go out into the world and apply some of the knowledge we've soaked up in the last nine months. I remember that's just what I did last year and I snowed all those guys on the labor gang. This education is a great thing.

Mu Pi Epsilon is in the process of securing new members so all you eligibles, including you, Stevenson, scratch your "X"s on the list on the bulletin board, or see Dick Rein about the particulars. I just received a hot tip that treasurer Tom Mosure has been dipping into the till to buy polish for all that brass on his R.O. T.C. uniform. This calls for an investigation.

It seems that the Electricals are having a little trouble with their baseball team. They have four pitchers, one catcher, and eleven rightfielders. But what difference does it make?

Shows Profit

With men like Ziemanski and Jones on the other side, we could have every one in the stands selling peanuts (and cold beer) and not only win, but show a profit, too.

While we're on the subject, the

O.S.P.E. is sponsoring a baseball team, in fact rumor has it that they're going to wear Baseball caps. I would venture a guess that only about 0.034 of the guys that buy caps will be playing ball. I'd better run down to the nearest cigar store and get me a plug of apple-jack so I can practice expectorating on the umpire's shoes.

The boys in the back room tell me that Ray McCallise has bought two parking stickers for the O.S.P.E. parking lot. I guess he intends to move his trailer there for the next year or so.

Practice Shooting

And just a note to the civils who have been practicing shooting Polaris on the lawn of the Engineering School, keep those scopes pointed up at the sky, gentlemen!

There are differences in heavenly bodies, you know! Anyone who has files that would like holes drilled through them, see Louis Iannucci or Tony Giangardella. Their thesis project will do just that. And no Engineering School could be complete without a stack of files with holes in them!

Well, the train is pulling into the station so I guess I'll pick up the bottles and butts and cut out. See you at the dance!

## Letter To

### The Editor

Frank Foster  
36 Manor Avenue  
Youngstown 12, Ohio  
April 2, 1955

George Miller, Editor  
JAMBAR  
Youngstown College  
Youngstown, Ohio

Dear Sir:

I would like to answer "Willy-a reform minded Penguin's" statement which was published in the last issue of the Jambor. He doesn't seem to realize some of the great difficulties which Youngstown College has to surmount.

Does he take into consideration that Yo-Co is a private school with only a small endowment fund compared to other private schools, and that it is not supported by anything except this endowment fund plus tuition and fees of each year? I don't think he does.

I know he doesn't realize the tremendous cost of running this school per year and that the school is trying to improve those conditions as much as possible.

One fact to bear in mind is that a

# Popularity Dance Date Is April 23 At Nu-Elms

## Photography Exhibition Due

The Youngstown Photographic Society, Youngstown, Ohio, in cooperation with The Butler Institute of American Art, will conduct an All Ohio Exhibition of Pictorial Photography at the Art Institute during the month of May 1955.

Prints of Salon quality will be accepted from residents, or former residents, of Ohio, or from members of any Ohio Camera Club, from April 4, 1955 through April 24th 1955, 8 a.m. to 5 p.m. (Sundays, 1-5).

The judging will be on April 25th, 1955, and a preview will be held that evening at 8:30 p.m. for Camera Club members, Exhibitors and invited guests.

The Judge of the show will be Adolf Fassbender, Hon. FRPS, Hon. FPSA, New York, noted teacher, lecturer, traveler and authority on Pictorial Photography. At the preview, Mr. Fassbender will discuss the winning prints, and as many of the entries as possible.

### Prizes Listed

There will be purchase prizes of \$50, \$25 and \$15, and Honorable Mentions of \$10. Other prizes are:

\$25 for BEST NEWS PICTORIAL, given by Youngstown Vindicator

\$25 for BEST PORTRAIT OF YOUNGSTOWN, given by Youngstown Chamber of Commerce.

\$15 for SECOND BEST PORTRAIT OF YO., given by Youngstown Arc Engraving.

\$10 for BEST FARM PICTURE TAKEN IN MAHONING CO., given by Mahoning Co. Farm Bureau.

\$10 for BEST NATURE PICTURE BY AREA PHOTOGRAPHER, given by Youngstown Nature Club.

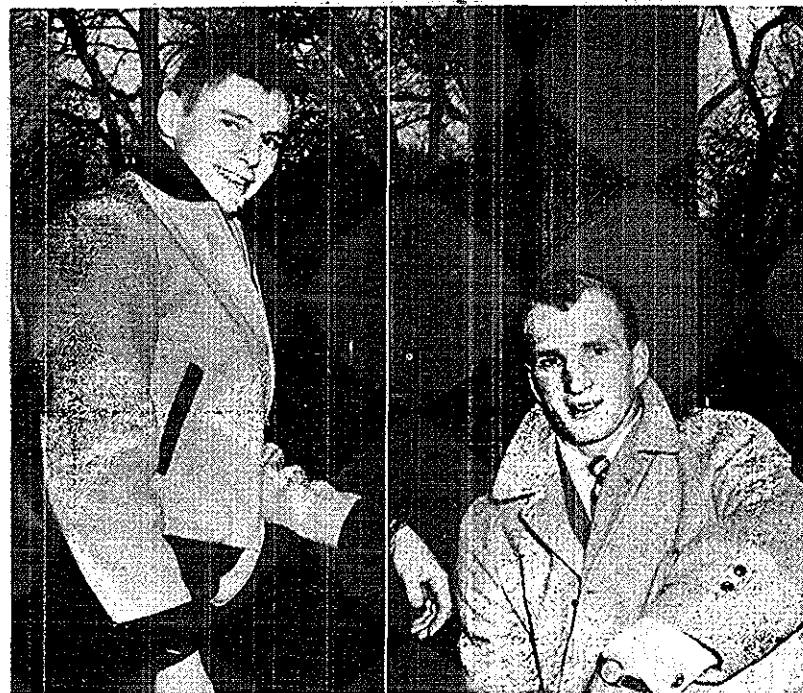

\$10 for BEST PORTRAIT OF MAHONING VALLEY, given by Niles Daily Times.

\$25 for PICTURE BY AREA PHOTOGRAPHER, given Anonymously.

Further information, circulars, or entry blanks may be obtained by addressing, EXHIBITION COMMITTEE, ALL OHIO PHOTOGRAPHY EXHIBIT, c/o THE BUTLER INSTITUTE OF AMERICAN ART, 534 WICK AVE., YOUNGSTOWN, 2, OHIO or by telephoning - Riverside 3-1711.

J. George Whetson, President Youngstown Photographic Society, Youngstown, Ohio.

## Named To Head Popularity Dance Work

Co-Chairmen for both the Junior Prom and Popularity Dance are Bill Finn and Jack Baytos. The Junior Prom is being held tonight and the Popularity Dance will be held on April 23.

## Phi Gamms Sponsor 9th Annual Affair

Springtime is here and with it comes the Ninth Annual Popularity Dance sponsored by Phi Gamma Fraternity. "Winners of the "Mr. and Miss Popularity", will be crowned at the dance at the Nu-Elms Ballroom on April 23, by last year's winning couple, Joan Pokabla and John Massucci. Dress is regular.

Music for the evening's dancing, which will last from 9 p.m. to 1 a.m., will be provided by Emmy Williams and his Orchestra.

Voting for this year's titleholders will take place on Thursday, April 21 and Friday, April 22, from 9 a.m. to 3 p.m. Voting will take place in the Main Building, and is not restricted to any particular class, but is open to any full-time student.

The price of tickets is \$2 per couple, and they can be purchased from any member of Phi Gamma. A discount will be given to any Greek organization purchasing a block of ten or more tickets.

## Troxil Given \$500 Award

Richard Troxil, junior majoring in electrical engineering at the William Rayen School of Engineering, has received the Westinghouse Achievement Award for Electrical Engineering.

The award provides \$500 to be applied toward Troxil's studies here at Youngstown College. Troxil also received recently an award from his fraternity, Ohio Mu chapter of Sigma Phi Epsilon, for having the highest point average among the membership.

Troxil is a member of Student Council, Who's Who, Head Football Manager; of the YoCo squad, the Radio Club of the engineering school and served as historian for his fraternity the past school year.

## Alpha Iota Installs New Members

On March 29, Sandra Crouse, Mary Nevinski and Hazel Bloese were initiated into Alpha Iota Sorority. The installation was held at the home of Miss Betty Jane Kolmacic.

On April 1, Mrs. H. Hanna left with Betty Jane Kolmacic, President, Loretta Carney, Candidate for queen, and Ardes Siedal, Secretary, for the State Convention that was held in Akron.

Saturday evening Loretta Carney attended the Alpha Iota queen at the formal dance that was held in the ballroom of the Mayflower Hotel.

Sunday afternoon she was installed as State Chaplin for the coming year.

## Library Interests Indian Visitor

The Youngstown College Library has attracted the favorable attention of Mr. S. Ramabhadran, one of a dozen Indian librarians who are in the United States at the invitation of the State Department visiting and observing the operation of American libraries.

As assistant librarian of the University of Delhi, India, where officials are planning a new library, Mr. Ramabhadran became interested in the Youngstown College library at the recent meeting of the Ohio College Association at Columbus.

Mr. James Pirie, Youngstown College librarian spoke and showed color slides of interiors and the exterior of the local library.

Mr. Ramabhadran requested the duplicates of the slides be sent to him upon his return to India.

"My wife engaged a new secretary for me."

"Well, there's nothing wrong about that. Is she blonde or brunette?"

"He's bald."

## Delegates To Attend Regional Newman Meet

The annual Regional Convention of the National Newman Club Federation, to be held on the weekend of April 22 at Louisville, Kentucky, will be attended by delegates from the Youngstown College Chapter. A group of officers and members, under the guidance of Reverend Paul M. Petric, will leave for Louisville next Friday.

Sunday 17th the Newman Club will have their usual meeting at

7:45 p.m. at the Catholic Action Center. The business meeting will be followed by Rev. Paul M. Petric's Marriage Instruction. Plans will be made on the coming picnic, which is held annually at the Sunny Brook Farm. The permanent date will be announced later this semester.

Question on Bowling  
There will be a discussion on whether the Club should continue or discontinue the monthly bowling and roller-skating parties.

There will be a nominating committee for the coming May crowning which will be held at the Ursuline High School on the 20th of May. For this occasion the R.O.T.C. will be represented by the usual honor guards.

Also plans will be made on the Annual Dinner Dance to be held on the night of the May crowning.

The Newman Club car-stickers have arrived, members interested in getting them are reminded that they will be sold at the Sunday meeting.

John Ewashko, an electrical engineering junior at Youngstown College, was one of 121 college student guests at the 17th annual American Power conference at the Sherman hotel in Chicago last March 30 thru April 1.

Ewashko's trip to the conference was sponsored by the Ohio Edison company.

"Progress in Power" was the theme of this year's conference, sponsored by Illinois Institute of Technology in cooperation with 14 universities and nine engineering societies.

Topics discussed at the conference included atomic and solar energy, the St. Lawrence seaway, salt water conversion, natural gas substitutes, automatic controls, and efficient production methods.

A troupe of show girls was entertaining at an army camp. They had been at it all afternoon and were getting tired and hungry when the major finally asked them, "Would you girls like to mess with the enlisted men this evening?"

"Sure!" said a blonde, "but we've got to have something to eat first."

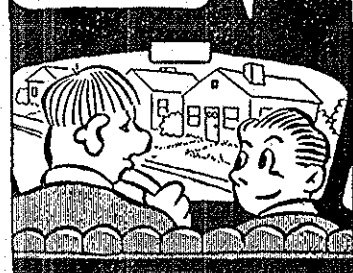

### WHO'S ENTITLED TO NEONS?

Full time students paying full-time fees including NEON fee of \$2.50 each of two semesters for the current year are entitled to receive NEONS. Any student who has only \$2.50 paid toward a NEON may pay the balance of \$2.50 and also receive a NEON.

Any part time student who has not paid any money toward the purchase of a NEON may purchase one by paying \$5 to the Cashier's Office in the Main Building. No payments will be accepted until the book comes out, which will be early in May.

## Vic Vet says

TO QUALIFY FOR GI LOANS, ALL NEW HOMES MUST HAVE BEEN INSPECTED DURING CONSTRUCTION BY VA OR FHA INSPECTORS. HOMES COMPLETED MORE THAN A YEAR ARE EXEMPTED FROM THIS REQUIREMENT.

For full information contact your nearest VETERANS ADMINISTRATION office

**Win Art Exhibit Awards**

Ralph Humphrey

Joan Etchingham

**Art Exhibit Awards Given**

The 19th annual student art exhibit opened at the Butler Art Institute Sunday, April 3. President Howard Jones presented the awards and commented on the excellent arrangement of the show. He felt that it was an interesting display of original works with stress on the elements involved in the make-up of art.

Prizes were awarded to Ralph Humphrey for his achievements in oil painting; Joan Etchingham for her outstanding watercolor "Moment Macabre"; Harry Rowen for his stone sculpture "Head"; Tom Moran for his mono print; and Amos Lewis for his drawing of a figure.

Honorable mentions were awarded to the following for the progress they have shown in the various fields: Jerry Marks, architectural drawing; Gloria Sanchez, design; Ann Bermann, design; and Beverly O'Neal, sculpture.

Members of the jury consisting of the Youngstown Experimentalists (Youngstown College alumni) led a tour through the gallery. They discussed the works shown and made comments in the techniques and methods used.

**Betty Takacs Presents Own Public Recital**

On April 27 at 8:30 in the Strouss Memorial Auditorium, Betty Takacs, pianist, will play a Junior Recital. Miss Takacs is a student of Mrs. Mary Fankhauser and is studying for a professional degree in music.

She has played solos and concertos with the college band and orchestra at numerous concerts, is accompanist for the mixed chorus, played the piano with the orchestra for the opera this spring, gave a Sophomore Recital last year and this February played Mozart's piano concerto in D minor with the Youngstown Philharmonic after winning the Philharmonic award.

Miss Takacs program will be as follows: Chaconne in d minor, Bach-Busoni transcribed from the Second Partita for Violin Solo; Thirty-two Variations in c minor by Beethoven; Etude op. 25 no. 9, Berceuse op. 57 and Etude op. 10 no. 12 by Chopin; Hungarian Dances no. 1 and 6 by Brahms; Reflets dans L'eau by Debussy; The Paper Doll and O Polichinelo by Villa-Lobos and Passacaglia by Aaron Copland.

**Is Flight Grad**

PENSACOLA, Fla. (FHTNC) - Graduated from the U.S. Naval Pre-Flight School here was Naval Aviation Cadet Richard M. Murdock, son of Mr. and Mrs. Michael G. Murdock of 214 S. Glenellen Ave., Youngstown, Ohio.

Cadet Murdock attended Youngstown College before entering the Naval Aviation Cadet Program through the Naval Air Station at Akron.

He is now assigned to the Whiting Field U.S. Naval Auxiliary Air Station, Milton, Fla., for primary flight training.

**What young people are doing at General Electric**

**Young manager handles finances for building of \$5,000,000 plant**

In the next ten years, the demand for General Electric industrial heating equipment will double. To meet this demand, a giant new plant (model at right) is being built at Shelbyville, Indiana.

The plant will cost \$5,000,000, and the man responsible for handling finances for the entire job is 32-year-old R. E. Fetter.

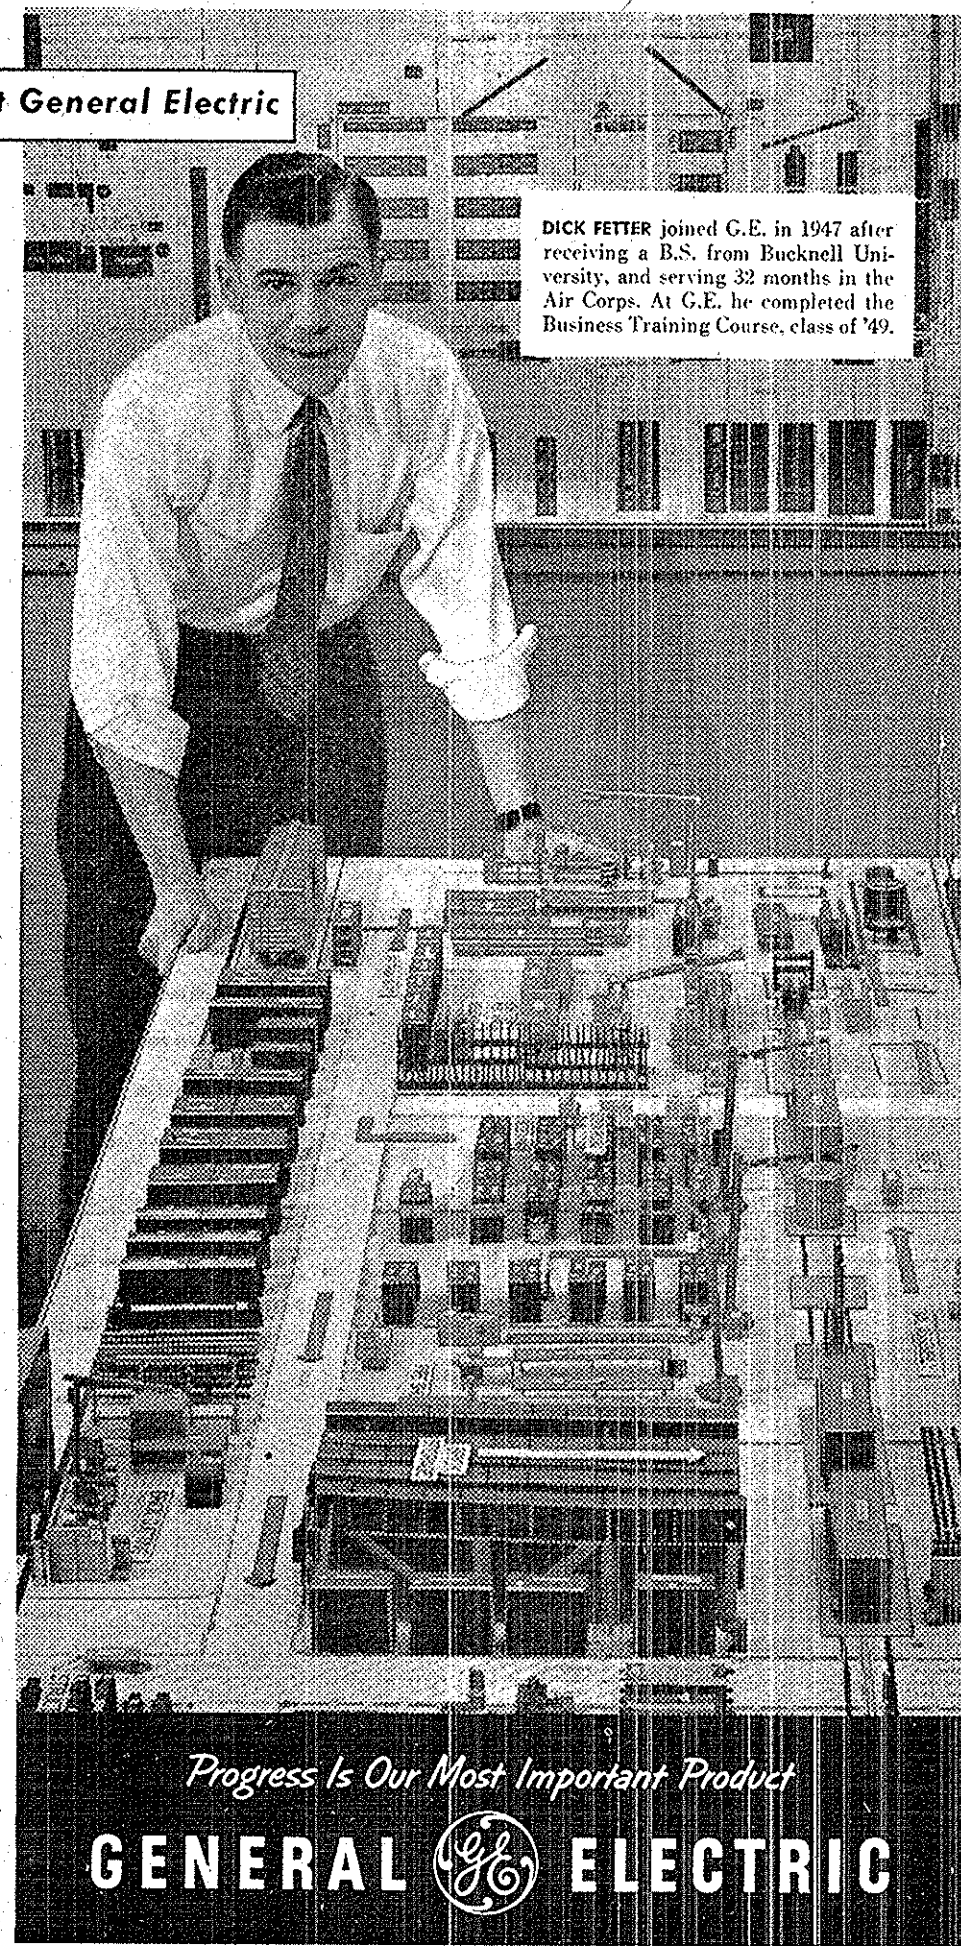

**Fetter's job is important, responsible**

Dick Fetter's work as Financial Manager of the Department began long before General Electric started building the plant. He and his group first had to estimate probable operating costs and predict whether the plant would be profitable.

Now, during construction, Fetter's chief concern is keeping track of all the expenses on this multimillion-dollar project. When the plant is completed, he will set up a complete financial section and manage everything from tax, cost, and general accounting to payrolls, budgets and measurements, and internal auditing.

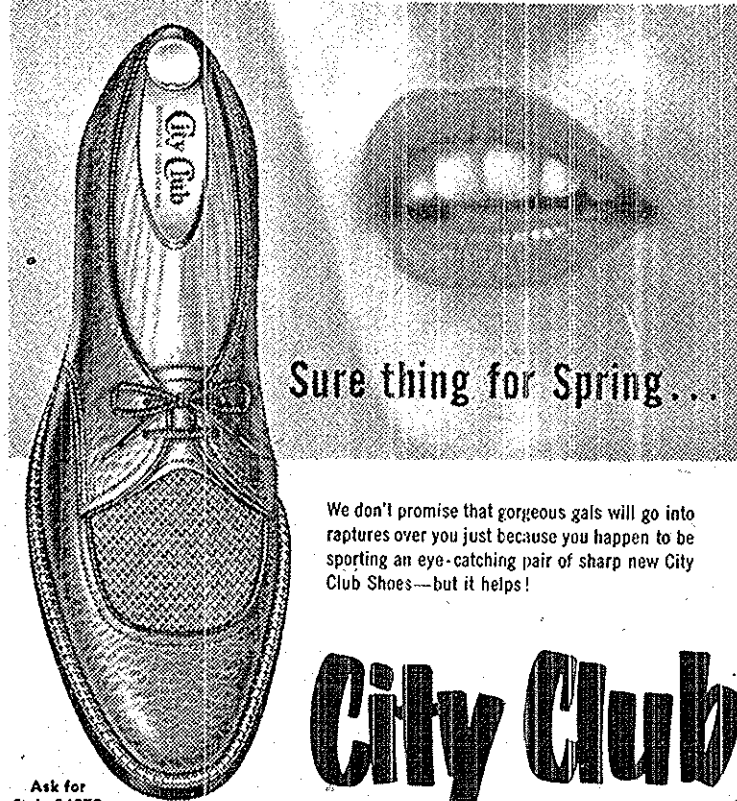

**25,000 college graduates at General Electric**

This is a big job. Fetter was readied for it in a careful step-by-step program of development. Like Fetter, each of the 25,000 college-graduate employees is given his chance to grow, to find the work he does best, and to realize his full potential. For General Electric has long believed this: When young, fresh minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

DICK FETTER joined G.E. in 1947 after receiving a B.S. from Bucknell University, and serving 32 months in the Air Corps. At G.E. he completed the Business Training Course, class of '49.

*Progress Is Our Most Important Product*  
**GENERAL ELECTRIC**

Sure thing for Spring...

We don't promise that gorgeous gals will go into raptures over you just because you happen to be sporting an eye-catching pair of sharp new City Club Shoes—but it helps!

**City Club**  
by Polars distinctive shoes for men

\$8.95 to \$17.95

As advertised in LIFE and ESQUIRE

ALSO ask to see the new WESBORO Shoes for young men. Own a complete 3-pair WESBORO SHOE WARDROBE for as little as \$23.85.

**Letter**

Continued from Page 2

college is instituted to educate not to provide recreational facilities, and it is "junior high school", reasoning to assume that any college is bound by duty to provide places of recreation for its students.

I don't know whether or not "Willy" is responsible for the public opinion blanks which are being circulated around campus, but I wish that he would help campaign for the over-all building program which includes plans for a student-union building.

If he did this he would be helping to eliminate the conditions which he said needed corrected, and he would be helping the entire school which includes the faculty and administration as well as the student body.

Sincerely yours,  
Frank Foster

**German Teacher**

Continued from Page 1

young men and women do not attend co-educational institutions, except in the case of universities, which both attend together.

"... is more work for students."

While he believes there is more work for the students to do in the German colleges and universities, "... the democratic atmosphere in the colleges and schools in the United States is much better."

"Most American schools are more expensive and better built; there are wonderful libraries and more sports and crafts," he added.

Mr. Schepp was most impressed with the American kindergarden and elementary schools, not only, he said, for their fine buildings but also for the excellence of the teaching methods used.

They have devised a process of making wool out of milk, which only makes the cows feel sort of sheepish.

**Sororities Busy Pledges**

Pledges of Phi Mu sorority and actives stand in anticipation of the happy days ahead. Actives are keeping a close check on the activities of this semester's pledges.

Those bunny ears walking around campus have Gamma Sig pledges underneath. It's a good thing Easter is over.

Pledges from Beta Sigma Omicron sorority have that look of being resigned to their fate as they patiently go through the pleasant (?) days of pledging until installation.

Pledges and members of Phi Lambda Delta sorority are shown above in full swing with their pledging program. Pledges who obtain demerits are accorded the honor of wearing a safety-pin chain for each one.

**Judge Ford Is Speaker For RIL Meet On Sunday**

Judge John W. Ford will be the featured speaker Sunday evening, April 17, at 8 for the regular Religion-In-Life Fellowship meeting at the First Christian Church.

A graduate of Rayen School, he received his B.A. from Yale University, his M.A. and LL. B. from Harvard and the honorary L.F.D. from Kenyon College. He is a member of Alpha Delta Phi and Phi Beta Kappa.

In his third term as Common Pleas Judge of Youngstown, he is a member of St. John's Church, where he has been treasurer for the past 22 years and is also a senior warden of the church.

He, with his sister, Mrs. Agler, gave the Ford family residence on Wick Avenue to Youngstown College. It is now used by the law and art departments.

The RIL Banquet is being planned for May 7. Chapel is held each Wednesday at St. John's Church from 11:30 noon to 12:30.

**"Los Amigos" Celebrate Pan-Am Day**

Members and guests of the Spanish Club of Youngstown College took part in the celebration of Pan-American week. Their meeting was held last night at Pollock House. Among those in attendance were members of the Spanish class at Sharpsville High School.

Dr. Alfonso Garcia, director of the Puerto Rican center, delivered an address, one of the highlights of the

Moore, Irene Innocenzi, Thomas Speece, and Thomas Gubitosi. The play was directed by Domingo Scolaro, who is also a third year student.

Eugene Crone, a student at Dana School of Music, sang "Begin the Beguine" and "Body and Soul". Domingo Scolaro recited some of the poetry of Ruben Dario, one of the greatest Latin American poets, and a leading Pan-Americanist.

The next meeting will be held on April 29.

Notice: Anyone found near my chicken-house at night will be found there next morning.

## With the Greeks . . .

by Joan Pavlov

Alpha Phi Delta fraternity is completing plans for the fraternity's convention to be held in Youngstown, May 21-22. The committees have nearly completed final arrangements for the dinner, communion breakfast, post-dinner dance and the other social affairs for the week-end. President Ralph Saino is securing hotel reservations for visiting fraternity brothers. An important question which has the members of Alpha Phi Delta puzzled these days is, "Who will win the Camera Award?"

This award is given to the undergraduate member who has made the biggest contribution to the advancement of the fraternity. This year it will be awarded to a graduating senior with scholastic average included in the final decision. Jim Sferra is the chairman of the Camera Award Committee. Alpha Phi Delta wishes to thank all fraternities and sororities for their generous contributions to the library fund.

Pi Beta Chi enjoyed a party with the Beta Sigs on Friday, April 1st, at the Eagles and a good time was had by all. The following day, the men ventured to Painesville, Ohio to Lake Erie College for women to enjoy a Varsity Drag Dance to which the fraternity was invited. Old time flapper costumes were worn by some of the Campus Queens.

The next day everybody recuperated from the wonderful weekend and very few were able to make it to sing practice. A party with the Phi Lambos on April 13th was also enjoyed by the fraternity. An intramural softball team is also being planned.

Remember, April 19 is the night for the Jazz Concert. Tickets can be obtained by any member in the fraternity. (There will be a hot time in the old auditorium that night.)

### Girls in Pink

If you've noticed the girls in pink beanies and carrying pink "goodies" bags, they are Phi Mu pledges, and the Phi Mus would like to welcome them as sisters.

They are Joan Bonaquist, Pat Casey, Emmie Casey, Mary Eller, Conlin, Lucille Elias, Shirley Haney, Jo Morano, Betty Rennon, Jan Smeltzer, Joan Sommers.

The Phi Mus would also like to extend congratulations to Louise Sarville, 1955 May Queen and also to their sister, Arlene Barnes, who will be one of her attendants.

They would also like to welcome their new brothers, the Sig Eps pledges who have finally made the grade and are full fledged Sig Eps.

### Wearing White Hats

The girls wearing the white hats with the red Greek letters are pledges of Beta Sigma Omicron. The girls are Judy Barrett, Marianne Bartak, Pat Beacon, Agnes Cassidy, Laura Dittler, Patty Sfara, Barbara Byo, Judy Johns, Joann Withrow, Helma Mauer, Mary Lavin, Rosemary Szocarus, Peggy White, Marianne Kolacky, Barbara Wentz, and Jane O'Brien. Congratulations, girls.

Also congratulations to Joann Powell, who was chosen to join Kappa Delta Pi, national honorary teacher's sorority. Beta Sigs held a surprise birthday party for their sister, Susan Ritzke. The girls showered her with gifts.

Actives and alumni of Beta Sig held their annual style show at Butler Art Gallery, Tuesday, April 12. Modeling from the active chapter were Kathy Nosich (attendant for May Queen) and Elaine Ohl, and from the Alums were Francis Olsen, Mary Ellen Brown and Mrs. Betras from the Mother's Club.

Virginia Shelar sang a selection of numbers consisting of "April Showers" and "Serenade". Helma Mauer accompanied Virginia Shelar and played throughout the modeling. Refreshments were served after the show.

### Party at Ginny's

The Phi Lambos held a party at Ginny Krupa's house for the new pledges, Friday, March 18th. Another party was held March 22 at the Mir-

## As Students Use New Parking Lot

Students appear to be taking full advantage of the facilities provided for parking in the new lot across the street from the college library at Bryson and Spring Streets.

### Fe Club with the Alpha Delta Fraternity

An installation ceremony was held Sunday, April 3 at Pollock House. The pledges that were installed by candlelight are Louise D'Agostino, Arlene Delisio, Mary Frances Doyle, Rosemary Fintor, Nancy Hermes, Margene Plannery, Bonnie Person, Joyce Van Sack, Joan Verba, Marilyn Whitacre, Peggy Tiller, Tessie Todorello, Eileen Larson, and Jan Welsh. The pledges can be identified by their white hats, yellow shoulder bags and yellow knee socks.

Alpha Pi Epsilon Service Sorority has been selling greeting cards. They have also been making plans for the Mother-Daughter Tea that will be held Sunday, May 1, at Pollock House from 2 to 4 in the afternoon.

Janet Smeltzer and Joan Pokalbare co-chairmen of the affair. A bake sale is going to be held in May. Also in May is the Old Folks Party.

Members from the sorority for the Junior Prom is Queen Marcia Geiger and Attendants, Elaine Ohl and Joan Pavlov. Congratulations from the sorority to Louise Sarville, 1955 May Queen.

### Last Rush Party

The Sig Deltas held their last rush party at the Cycle Club. It was a spaghetti dinner that was made by Gary Glasser's mother, Chuck Zidian, Corky Grohovsky, Bob Mahoney, Bob Bakalak and Loretta Liptak headed the clean-up committee. The Gamma Sigs were invited. The fraternity has been practicing for the Greek sing. Duke Vogelberger, a former member, is coming back to YoCo.

Phi Gams are holding their ninth annual Popularity Dance, April 23 at the Elms Ballroom. Let's all get out and make it a success. The fraternity is planning a party with the Phi Lambos on April 20. Herb Bartlemay and Don Williams, two former Phi Gams are visiting YoCo's campus.

You can find them in the Lincoln, indoctrinating the boys about Army life. They have a two week leave. Moe Brown was elected captain of the softball team. They won their first practice game with the A.O.H. The fraternity has ten veterans returning this year.

Congratulations to Bill Finn and Jack Baytos who are chairmen of the Junior Prom.

### Have Been Making Plans

The Kappa Sigs have been making plans for the coming Annual Stag Picnic at East Palestine. Ray McCullough has been nominated as delegate to the coming convention.

Chuck Lehnerd has been elected most outstanding active of the month. Chuck is also conductor for the sing. The Kappa Sigs have been devoting most of their time to their big event in May which is simply named "TP". Look for more information about this later.

### You May Have Seen Her

Last week you may have seen a strange looking creature around the campus. She had bunny ears and a bunny tail but she wasn't really a bunny or was she? No, she is a pledge of Gamma Sigma sorority. They are Rosemary Pecchio (my little sister, little?) Kay Harmon, Maggie Latcheran, Gloria Katula and Madelyn Sweeney.

The pledges were welcomed with a party at Alma Mackin's house and were later installed at a candlelight ceremony at Rhoda Sabel's house. The sorority has been practicing for the sing under the guided leadership of Louise Sarville.

Also congratulations to Louise Sarville, 1955 May Queen. The sorority is looking forward to three weddings this June, Diane Burke, Marguerite Dempsy, and Marylee Davis. The sorority recently had a party with the Sig Sigs and Sig Deltas.

### Party Was Held

The Sig Sigs second rush party was held at the Willow Ranch with the Gamma Sigma Sorority. Everyone enjoyed the party as it was a square dance with round, square, and polka dancing.

Their rush season ended with a banquet at the Park View House in Canfield. This was followed by a "smoker" at Jack Storey's house. Another famous party at Jack Storey's house.

Closing their rush season on the evening of April 5th, the Nu Sigs entertained their rushees with a spaghetti dinner, which was cooked by Al Matgi. The evening was highlighted by a show in magic by Joe Renaldi.

## Looking Around...

Bob Craine and Jim Crowe

To those brave few who still read this column we direct our remarks. Relaxing in the JAMBAR office with our feet up on the desk and George Miller holding a typewriter menacingly over our heads, we have generously condescended to take up our pencil once more.

Overheard Ma Lincoln telling Jerry Welsh how modern her kitchen is. "Everything here is cooked by electricity," she exclaimed. Upon which Jerry asked her if she would kindly give his hamburger another shock. (It's dead, Jerry, those are just nerve spasms.) Bum steer, no doubt.

At the same table, Dave Lewis asked the waitress if fish were served there. "Certainly, sir," was her reply, "We cater to everyone." (Ma's business is getting so good she may even hire a cook.)

Miss Marcia Gieger will reign as Queen of the Junior Prom at the Elms Ballroom tonight, with her lovely attendants, Joan Pavlov, Elaine Ohl, and Shirley Aey. Jack Baytos and Bill Finn, co-chairmen of the dance, predict it will be the biggest and best ever.

Congratulations to lovely Louise Sarville, this year's Queen of the May, whose court includes Kathy Nosich, Aurora Vona, and Arlene Barnes.

Nancy Puscar and Peg Kramer watched a practice baseball game between the Sig Deltas and A.O.H. Nancy thought it was great because the A.O.H. had a man on every base. "That's nothing," said Peg, "So do the Deltas, and one man in between, too." Incidentally, some of the athletic crowd were down at Harrison Field practicing for the big softball tournament. Jerry Tyndall, Rodger Cain, Britton T. Day, Steve Goryanec, Burdette Baker, and the Kansas City pitcher Joe Phelan. They copped a tight one from the seventh grade girls at Hay's Junior High School. It went ten innings too. Good game fellas!

Wedding bells will soon be ringing for Diane Burke, Arlene Barnes, Mary Lee Davis, and last but not least, Chuck (J.P. Sousa) Dittmar. Oh well, they claim married people live longer than single ones. (Maybe it just seems longer.)

Don't forget to attend the Greek Sing on April 22 and the Popularity Dance the following night.

We hope everyone enjoyed Easter, or was it Memorial Day? Our vacation went so fast that we didn't find out why we were vacating. Everybody attended Chapel last Wednesday, even yours truly. (We heard a rumor that they wouldn't have a collection.) That's all for this week, so hang by your thumbs and write if you get work.

### A sailor passed away and upon arriving at the gates of his eternal home, remarked, "Gee, I never thought heaven would be so much like Texas."

"Son", said the man at the gate, "this ain't heaven."

Embarrassment - When you order something on the menu and find that the orchestra is playing it.

- Pennsylvania Pennip Snuff - Stuff that if you don't feel well you're not quite up to.

### CALENDAR ERROR MADE

In the April 1, issue of the JAMBAR the calendar for the college year of 1955-56. Due to an error, the dates given were for the second semester of 1956. Hence, in this issue, we print the correct schedule for the first semester of 1955:

September 14, 15, 16, 17  
 Wednesday, Thursday, Friday, Saturday .....Registration  
 September 16, Friday ..... Freshman Day  
 September 19, Monday 8 a.m. ....First Semester Classes Begin  
 October 27, Thursday .....Homecoming  
 November 23, Wednesday, 10 p.m. ....Thanksgiving vacation begins.  
 November 28, Monday, 8 a.m. ....Thanksgiving vacation ends  
 December 17, Saturday, 12 noon ....Christmas vacation begins.

# Shag's Sport Scoop

By Joe Shagrin

I think that apologies are in order if anyone mentioned in the April 1st issue was offended. We meant to embarrass no one or to make any enemies.

Congratulations to Chuck Perazich, one of the Vindy's top sports reporters, on his forthcoming marriage. Chuck, a former student, used to handle the athletic publicity here.

Congratulations again Tony Knott. The Penguin ace was recently named on Geneva College's all-opponent team. In fact he was elected in fairly select company, the center being All-American Maurice Stokes.

## Pirates Red Hot

Who said that the Pittsburgh Pirates were a last place ball club? They are currently leading the Grapefruit Circuit in total number of victories. It's a young ball club and if a few of their young pitchers come through, they just might cause some trouble in the senior league.

I like to make predictions because I can't lose anything. No one will remember them anyhow. This is the way the two leagues will finish. Believe this and I'll tell you some more.

Here goes! American League: Cleveland, New York, Chicago, Detroit, Boston, Washington, Kansas City and Baltimore. National League: New York, Milwaukee, Brooklyn, Cincinnati, St. Louis, Philly, Pittsburgh, and Chicago.

If Ted, the thumper comes back, I'll shove Boston up a notch and if Baltimore gets back Larson and Turley, they move up to seventh place. If Cincy can find two twenty game winners, possibly Art Fowler as one, I'd give them a 50-50 chance to win the pennant. With big Klu, Gus Bell, Jim Greengrass, and Wally Post and company, all they need is a little pitching.

## Spring Sports Arrive

Gather 'round you golfers and tennismen, the season is here. From the looks of pre-season analysis, Bill Carson's Golf crew looms as one of the strongest in many years.

Vieing for starting berths along with the three vets are Bob Kupka, Bert Mikulski, Pete Rosko, Ed Seginak and Joe Voytik. Coach Carson hopes to carry a standing squad of at least six men. If Bill Yarb also tries out as I thought he would, that means that the competition will really be rough.

The Intramural golf league is also under way. Under the able guidance of Dom Rosselli, the spring sport is looking forward to a banner year. The Staumbaugh Golf Course is the home course, but matches may be played at other links, agreed upon by the players.

Orchids go to Dom Rosselli for his fine work in laying out the intramural schedules. Dom is really putting his heart into the job. He deserves all the credit in the world.

Beggar: Have you a nickel for a cup of coffee?

Student: Oh, I'll manage somehow, thank you.

## Editorial

### How About a Track Team?

It seems unfortunate to us that Youngstown College does not have a track team, as do most colleges of YoCo's size. The present interscholastic spring sports program doesn't generate sufficient interest to capture the attention of the students.

YoCo had a track team until three years ago, which competed with those from other colleges in North-western Ohio and Western Pennsylvania. At that time it was discontinued, it was said, because the cost of traveling to meets was prohibitive, and because of other economic and war time conditions. We believe that the expense would be more than offset by the favorable publicity and student participation.

At present, tennis and golf are the only spring sports in which YoCo engages. A track team would provide additional opportunity for varsity activity on the part of the students.

## Signing Up For Golf

Captain Bob Savko is shown above (left) urging Ed Poplova, Ed Segnak and Bob Kupka to sign up for the varsity golf team. A schedule of golf matches has already been arranged for the period of April 1 through May 9.

# DeAcentis Leads Kappa Sigs To Win IFC Cage Crown

Led by the former Woodrow Wilson star Tony DeAcentis, the Kappa Sigma Kappa Fraternity easily won the Inter-Fraternity Council basketball Tournament.

The winners defeated Phi Gamma for the second time to go through the tourney undefeated. The tournament was divided into a winners bracket and a losers bracket, with the two finalists meeting each other for the title.

DeAcentis led the scoring parade with 90 points for five games for an average of 18 points per tilt. The Kappa Sigs defeated Sigma Sigma 60-33 to reach the finals and Phi Gamma, after having been beaten by the winners earlier in the tournament, toppled Sigma Phi Epsilon 57-47 in the losers bracket semi-finals.

DeAcentis scored 26 against the Phi Gams in the first encounter as the Kappas won handily 57-35. However, Phi Gamma put up a stout battle in the finals holding the high scoring Kappas to a 39-33 win. DeAcentis was held to 15 points.

Passerby: "What kind of mongrel you got there, kid?"  
Little Boy: "Police Dog."  
Passerby: "Sure doesn't look like one."  
Little Boy: "Course not; he's in the secret service."

## GUARDSMEN ARE YOUNG MEN

The teacher had been giving the class a description of the different kinds of railroad cars and she paused to ask if anyone knew what railroad cars that carried cattle were called. There was a moment of silence when little Johnny cried out: "I know, they are 'Cattlecars'!"

Father - The kin you love to touch.  
-- Annapolis Log

## LALLO QUILTS LINKSMEN, BUT JUNIOR CHAMP BOLSTERS SQUAD

By Joe Shagrin

Led by the return of three veteran linksmen and last year's Youngstown Junior Champion, the 1955 edition of the Youngstown College Golf Team hopes to be one of the top in the school's history.

Despite the loss of three year man, Mike Lallo, who had to drop off the squad due to confliction of time, prospects for a banner year are forecast. The spirit and morale of the squad is tops and the boys are eager to get going.

The squad is centered around last year's medalist, Bob Savko, three year veteran Ed Poplava, and Joe Voytik, a holdover from last season. Poplava was also an outstanding four year man on the basketball squad.

### Outstanding Newcomers

Pete Rosko, the ex-Woodrow Wilson star, has the jump on the fourth man slot. Pete won the Junior Tourney last year and from past experience will have to be reckoned with in order to be knocked out of that fourth spot.

Three other former high school greats will be competing for starting berths. These include Bob Kupka from Salem, Bert Mikulski and Ed Seginak both from Sharon. Voytik is also a Sharon graduate, so the team boasts a host of talent from western Pennsylvania.

Bill Carson will again handle the coaching duties. The home course is the Mahoning Country Club. Let's all get out there and watch these boys in action.

### Boosts Racket Squad

With the signing of Jim Pickering, former Rayen court ace, the tennis squad now boasts a squad of formidable talent. Along with veterans Hank Burley and Bill Homich, Jim will form the nucleus of an exceptionally strong squad.

I asked "Hawk" Homich for some info concerning the outlook for the squad and he wrote me a thesis. However, Hank and Hawk seem to think that they can bring three year man George Gadney out of retirement. We certainly hope so.

Hank is just beginning to limber up, while the Hawk has been practicing for two weeks, and acknowledges with pride the fact that area tennis pro Mike Davis said to him, "You're hitting those balls a lot better this year. Wow! What incentive."

### Mason To Coach

Leo Mason will coach the YoCo team and he feels that once the squad gets into shape they will be good competition for any of the teams listed on the schedule. He believes the team has great potential.

Art, the Rock, Rocco, a vet from last year is beaming with enthusiasm. "We'll win all o' dem matches," he says, "or lose only because the opposition has better drives than we, and not because they have more drive (meaning fight) than our squad."

It's too early to pick out the best in a crop of rookies, but Randy Seay and brothers Jim and Jack Hart are looking good. Of course the boys all have to watch out for "Pick." The team has a practice match with Hiram this weekend.

## SPORTZ QUIZ

by Ed Sferra

1. What team fought its way from a cellar position in July to a sweep of the World Series?
2. What boxing bout was voted "the most dramatic sports event in the past fifty years"?
3. The largest college-owned football stadium is located at Ann Arbor. True or false?
4. Who is the recently crowned welterweight champion?
5. Ice hockey is the oldest game played on ice. True or false?
6. The oldest ice game.
7. The sport of Scotland, is the world's oldest ice game.
8. False. Curling, the national sport of Scotland, is the world's oldest ice game.
9. True. Curling, the national sport of Scotland, is the world's oldest ice game.
10. True. Curling, the national sport of Scotland, is the world's oldest ice game.
11. The 1914 Boston Braves.
12. The Dempsey-Fireo fight at the Polo Grounds in New York, 1923.
13. True. Capacity: 97,239.
14. True. Capacity: 97,239.
15. True. Capacity: 97,239.

Bigamist...a person who has taken one too many.

### THE MOON AND I

The moon was yellow, the lane was bright,  
As I gazed at her in the pale moonlight.  
Her every gesture, every glance,  
Gave me a hint, that she craved romance.  
I stammered, stuttered and time went by  
The moon was yellow, ...and so was I.

## State Dept. Offers Exam

The first written examination under the U.S. Department of State's new recruiting program for the Foreign Service will be conducted in 65 cities throughout the United States on June 24, 1955. It is hoped that the program will bring approximately 300 new Foreign Service officers into the corps this year, a number which would be unprecedented for any 12-month period.

Under the revised procedures the written examination will take one day instead of the previous three days, and will offer greater opportunities to individuals with specialized backgrounds.

From now on the written examination will be given in 65 cities, and the oral examination which follows will be held in regional centers rather than being limited to Washington as it has been in previous years. The examinations are open to anyone who meets the age and citizenship requirements.

### Is Engaged

Through this program, the Department is engaged in carrying out recommendations made a few months ago by Secretary Dulles' Committee on Personnel. One of the major recommendations calls for staffing virtually all officer positions in Washington and overseas with Foreign Service officers, and for integrating Civil Service personnel now filling these positions into the Foreign Service Officer Corps.

Since almost all professional vacancies will now be filled from the Foreign Service Officer Corps there is an urgent need for new officers.

A further recommendation of the Secretary's Committee provides for simplifying and expediting the process of examining and appointing Foreign Service officer candidates, although the standards for entrance into the Foreign Service will in no way be lowered.

### Must be At Least 20

To be eligible to take the examination, candidates must be at least 20 years of age and under 31; American citizens of at least 10 years standing; and if married, married to an American citizen.

Starting salaries for successful candidates range from \$4000 to \$5000 per year depending upon the age and experience of the individual. In addition, generous insurance and retirement benefits are granted, as well as annual and sick leave.

The closing date for filing applications to participate in this examination is May 2, 1955. Further information and application forms may be obtained by writing to the Board of Examiners of the Foreign Service, U. S. Department of State, Washington 25, D.C.

## Soviet Students Tour Our Country

Eight colleges and universities to be visited by the eleven Soviet student editors who will make a three-week tour of the United States this spring were announced today by the Institute of International Education, New York City.

They are: Columbia University, Fordham University and Hunter College in New York City; Tuskegee Institute in Tuskegee, Alabama; the University of New Mexico in Albuquerque; Stanford University in California; the University of Chicago; and the University of Michigan in Ann Arbor. Other colleges and universities will be added to this list.

Listing is in the probable order of the tour. The Soviet editors will also visit Williamsburg, Virginia; Denver, Colorado; and Washington, D.C.

Will Arrive in New York

The student editors, who will arrive

in New York April 19 on the Queen Elizabeth, are coming to the United States to acquaint themselves with American student life. They have been granted entry into the United States by the Departments of State and Justice "in the national interest." Their tour is being made at the expense of the Soviets.

Forum discussions with American students and faculty will be one of the principal features of the campus visits. It is hoped that the universities and colleges designated will invite student editors and other representatives from nearby campuses to participate in the reception of the

Russian student editors.

The Institute of International Education was asked by the State Department to administer the tour. In conversations at the Soviet Embassy in Washington the Institute proposed a number of schools to be visited by the student editors. This choice was based on an itinerary submitted by the Russians. The trip is planned to show a cross-section of American higher education.

Once there was a street cleaner who was fired for day dreaming. It seems he couldn't keep his mind in the gutter.

## Foreign Travel Aid Is Offered

Foreign summer schools open to U. S. students are listed in SUMMER STUDY ABROAD 1955, pamphlet today, by the Institute of International Education, 1 East 67th Street, New York City.

The twenty-page leaflet lists educational institutions in twenty-two countries which offer summer programs. It tells where to apply and gives helpful information on credits,

living arrangements and costs, transportation, and passports and visas. Scholarship information is given. Early application should be made for the few awards available.

### Students May Enroll

European countries where American students may enroll for summer study are Austria, Belgium, Denmark, Eire, France, Germany, Great Britain, Greece, Italy, the Netherlands, Norway, Portugal, Spain, Sweden, and Switzerland.

The majority of courses offered to summer visitors are designed to give insight into the language, history, and culture of the host country.
