MAY DAY DANCE TO CLOSE SOCIAL YEAR

Billy May Band Plays Tonight

Queen Cookie

Marilyn "Cookie" Korody will reign as May Queen at the May Day Dance and at the May festivities on Friday morning. "Cookie" is a senior in Art Education and will graduate this year at the Commencement on May 31. Also in the court will be Virginia Shelar and Jean Palatas.

Idora Ballroom Is Scene of Dance

Marilyn "Cookie" Korody, 1956 Queen of the May of Youngstown University will reign at the May Dance tonight to open the 29th annual May Day Festivities.

The Billy May orchestra will furnish the music for the dance to be held from 9 to 1 at the Idora Park Ballroom. "Paradise Plantation" will be the theme of decorations, according to Chairmen Carol Emery and Patty Sfara. The decorations will be unique, including two waterfalls, trees sprayed white, and the illusion of a lawn of a southern plantation.

Chaperones are Dr. and Mrs. Joseph Smith and Mr. and Mrs. Roy M. Mills.

Festivities will start at ten o'clock tomorrow morning with a band concert presented by the Dana School of Music at the Butler Art Institute. Immediately following, an honor guard will form an arch of sabers for the procession to the throne, which will include the floral chain formed by members of the college sororities, the May Queen and her Court.

Will Proceed From Main

Queen "Cookie" and her attendants Jeanne Palatas and Virginia Shelar will proceed from the main entrance of the Main Building, around the building, over the bridge in front of the Secretarial School, and up the main

drive of the campus to the back of Butler Art Institute, where she will be crowned by last year's queen, Mrs. Fred Nebot, the former Louise Sarville.

The royalty will view the remainder of the program the May Pole Dance and the Chase, from the throne. Bill Sponser is master of ceremonies for the affair, and Don Seely will present the trophies to the winning teams in the chase.

Concluding the festivities will be the Bare Brunch at Pioneer Pavilion, Mill Creek Park, from 1 to 5 p.m.

Bare Brunch, which has become traditional at Youngstown University, was started some years ago to enable students and faculty to get together in an informal atmosphere before the close of the school year. It is named after the man who originated the idea, Dr. John W. Bare, of the University Psychology Department.

Various committee chairmen for May Day festivities are Sue Ritzie, programs; Bill Livovsky and Joan Pavlov, crowning ceremonies; Marcia Geiger, May Pole and Daisy Chain; Joanne Powell, chaperones; Don Seely, Chase.

Program Is Announced For Baccalaureate And Graduation Exercises

Reverend Dr. Roland A. Lühman of the Pilgrim Collegiate Church of Youngstown, will conduct Baccalaureate Services for the graduating seniors of Youngstown University, class of 1956, Sunday, May 27, at 7:30 p.m. in C.J. Strouss Auditorium.

Due to the limited seating capacity of the Auditorium, only graduates, faculty members and trustees will attend the Baccalaureate services.

The University A Cappella Choir, under the direction of Dr. Mark Dollenver, Jr., of the Dana School of Music, will furnish the music for the service.

Speaker for the thirty-fourth annual commencement on Thursday, May 31, 7:30 p.m. in Stambaugh Auditorium

will be Dr. Lewis L. Strauss, Chairman of the Atomic Energy Commission.

429 to Graduate

Youngstown University will graduate 429 students, this year, the fourth largest class in the history of the school. This includes 18 candidates for the degree of Bachelor of Laws, 63 for Bachelor of Engineering, 68 for Bachelor of Arts, 17 for Associate in

Business Administration, 102 for Bachelor of Science in Business Administration, 102 for Bachelor of Science in Business Administration, 129 for Bachelor of Science in Education, 13 for Bachelor of Music, and 19 for Bachelor of Science.

Admission to Commencement will be by ticket only. Each graduate will receive five tickets for relatives and friends.

Program for the evening will be as follows:

Prelude: Dana Symphony, under direction of Alvin Myerovich

Festival Overture - Schumann

Mennetta from Symphony No. Five - Haydn

Overture from "Alphonse and Estrella" - Schubert

Overture from "The Barber of Seville" - Rossini

Processional - Grand March from "Aida" - Verdi

Jean Palatas

Virginia Shelar

Recessional - March of the Priests from "Athalia" - Mendelssohn

Invocation - The Reverend Paul M. Petric, Student Counselor in Religion

Piano Numbers:

Etude - Op. 25, Number Eleven - Chopin - Betty Takacs

Ballade - Op. 38, Number Two - Chopin - William E. Hurlbert

Announcement of Honors and Awards - Dr. Howard W. Jones

Presentation of Candidates for Degrees and Titles - Joseph E. Smith, Dean of College

of Arts and Sciences - Raymond T. Falls, Dean of School of Law

Edward C. Franklig, Dean of William Rayen School of Engineering

Kenneth R. Kitchen, Dean of Dana School of Music

Robert L. Miller, Dean of School of Business Administration

Conferring of Degrees and Titles - President Jones

Benediction - The Reverend Albert Linder, Student Counselor in Religion

Alma Mater - Chester E. Morsch, Organist.

School Spirit

Did the JAMBAR campaign for interest in Student Council really work? From all indications it seems to have done the trick. In the elections for the seats on council the number of candidates was one of the largest groups ever to run for the seats. In the Business school alone there were eleven candidates. In the Liberal Arts there were thirteen candidates.

This undoubtedly is an indication of increased interest by the students in the governing of Youngstown University. It may also be an indication of the increased spirit that may develop here at the school. Things like this development create a little more hope in the people who are campaigning for increased interest and participation in the school.

We wish to congratulate all of those who have been elected to council and extend our hope that you will work to the best of your abilities toward improving the University and in the work that will be beneficial to the students at the University.

End Of The Year Editorial

This is the last issue of the JAMBAR that will be published this year. Next year there will be a new editor for the paper. John Poulson will assume the duties of editor next fall.

We have enjoyed doing the newspaper for this past semester and regretfully gave up the editorship. Unfortunately other pressing matters forced the relinquishing of the post.

This has been a very fast year with many things to fill our college life for the entire year. We will all remember the many dances that we attended, the classes that we enjoyed, and the people that we met and grouped with throughout the year.

May all of you have an enjoyable summer and again make your way to the halls of Youngstown University next fall. See you then.

OUR CONDOLENCES

We, the members of the Jambar staff, wish to extend our humblest condolences to the family of our professor, Nicholas "Mickey" Maine. He will long be remembered to all the students of the University.

SUMMER EMPLOYMENT

Application for Summer employment are now being accepted at the University Placement Office.

Various job openings are: engineering for Sophomore and Junior engineering students, general laborer and helpers in the steel mills and miscellaneous other jobs.

If you are interested in Summer employment contact this office immediately, regardless of what your academic major may be.

THERE ARE JOBS FOR ALL.

Question: What do you feel will be your most cherished memory of Youngstown University after graduation day?

Bill Livovsky - Nu Sigma Rho

My most cherished memory will be that of my fraternity. It has helped me to learn leadership, fellowship, service to my fraternity and school, and somewhat of a better understanding of mankind in general.

As my active days grow shorter, I am forgetting about the little incidents that may have occurred that were not to my liking. The experience and the good times are beginning to reflect a much clearer picture in my mind. I am already beginning to miss the enthusiasm of looking forward to planning for the next year.

Virginia Guglielm - Phi Lambda Delta

The most cherished memory I will have is all the dances and proms, especially the May Prom with all the glorious ceremonies, the chase, and finally the crowning of the queen and her beautiful attendants.

And last, but not least, I will miss seeing the faces of all my friends in the cafeteria.

Ray Baker - Kappa Sigma Kappa

With the trials and tribulations that come with acquiring a college education and a degree in engineering, an individual can not forget the festivities that are sponsored by the college in giving the students their knowledge in social activities. Perhaps one of the most impressive and decorative of all, is the annual May Day festivities, which round out the activities of the school year.

Cookie Korody - Gamma Sigma

Without one bit of doubt in my mind, my most cherished memory is having the honor of being the 1956 May Queen. Along too, will go the memories of my own Gamma Sigma sorority sisters who backed me and also the Nu Sigs, the fraternity that nominated me.

James Mangie - Sigma Kappa Sigma

My most cherished memory at Youngstown University was that of belonging to different organizations. I feel that belonging to these various organizations I learned to work in a body and individually. The experience gained from belonging to organizations is priceless. You see how fellow man operates and learn to operate with him. A person learns to cope with problems that someday, in his vocation, he will confront similar problems, more than likely on a higher degree. Experience gained here at YU will facilitate these matters.

Alpha Mu Holds Final Meeting

Alpha Mu, national honorary merchandising fraternity, held its final meeting of the semester on April 24. Election of officers for the coming year was held and those elected were: President, George Findlay; Vice-President, Dominic Giancarlo; Secretary, Tom Burns; and Treasurer, George Raiger. The fraternity wishes to express its appreciation to the outgoing officers, headed by President Alan Camp.

Plans for the annual banquet were also completed at the meeting. The fraternity was fortunate to acquire Professor John Gillespie as its main speaker. The banquet will be attended by all members of the fraternity and advisors. Professors William Flad and McKinley Browne.

"HEY ROG, HERE'S A REQUEST FOR YOUR GIRL - SIX-TEEN TON."

ENGINEER'S ANGLES

This is the last call for the Engineers' Picnic! It will be held at Farmer Jim's on Route 46, North of Warren, on June 3, beginning at one o'clock. All engineering students and faculty members, (can't have everything), are invited. This will be a stag or drag affair. Everyone interested in attending should sign the list posted on the bulletin board.

This will be the undergraduates' last chance to gaze upon the smiling countenances of the graduating seniors - so don't let this chance go by.

The O.S.P.E. is holding a dinner meeting Friday afternoon at the Wickwood at 5:15. The guest speaker will be Mr. Gould, Mahoning County Engineer. This meeting is the last one of the current semester, so try to attend.

Last week the Electrical Engineers took a field trip to Nela Park in Cleveland. Wayne Arnold, with his new '88', was the first to leave the school, and the last to arrive in Cleveland. Sounds fishy!

Harry Fletcher had a matter of utmost importance come up during the tour that almost led to a disastrous finish. But everything came out all right!

Instructor Volunteered

Mr. Klingshirn was "volunteered" for a demonstration - and many comments were heard, concerning the color of his tie!

Mr. Kramer still insists on turning left from the center lane! Tsk! Tsk!

John Ewashko announces the purchase of the furniture for the lounge. It will be here in approximately three weeks. This lounge will be in the

study room downstairs, and before the furniture is moved in, some help is needed to clean the place up.

So all Seniors who can spare a little time between finals and commencement, are asked to check in with Bill Vogan. The Dean's Council will furnish some cold beverages to all workers! Neil, Vic - better hop on this one!

The color scheme was picked by Fran, so look out!

Dean Still Ill

Dean Franklin has been in the hospital for the past week or so, recovering from an operation. We wish him a speedy recovery and a return to school before this semester ends.

I'd like to take this opportunity to thank all the fans who have sent me so many letters and cards during the past three years. What would I have done without them? Thanks also to the faculty for allowing this nonsense to go on in spite of all the slanderous and ill-timed remarks.

I hope to see you all in the next life, (after graduation, that is). Until then, this is your ole' buddy - with head bowed, shuffling through the last door, then running like mad to catch the first bus out of town.

School Sponsors Annual Play Day

Youngstown University held its first annual bi-annual High School Play Day under the sponsorship of the Women's Physical Education department of the university and Ursuline High School Friday from 2 to 7 p.m. at Slippery Rock Pavilion in Mill Creek Park.

Approximately 50 high school students who are interested in physical education participated. High Schools who participated included East, Wilson, Chaney, Raven, South, Ursuline, Jackson-Milton, Boardman, Girard, Memorial, Niles, and Lowellville.

A recent newspaper ad of the Oklahoma School of Accounting was headed: "Short Course in Accounting for Women."

Not long after the ad appeared, a note reached the school's president. It said: "There is NO accounting for women."

Last Meeting Held By Spanish Club

Spanish Club of Youngstown University, "Los Buenos Vecinos", held their final meeting of the year last Thursday at 8 p.m. in Pollock House.

Miss Mary Lu Moore, a senior majoring in Spanish, conducted her first meeting as president of the Club. Other officers that were recently elected are: John Carlisle, a junior majoring in English, vice-president; Catherine Thorne, an alumni of the university, secretary; and Mrs. Charlotte McArthur, treasurer.

The program for the final meeting consisted of a color film on Spain, and a talk by Mr. Andres Caralle. Mr. Canalle told of his experiences as a student at the University of Madrid where he studied for two years.

Prof. Myron Wisler of the faculty of the Dana School of Music also gave a talk on Haitian Voodoo Drums.

Wiretapping

Erni Greenberger

OH, THE WOMEN, WOMEN, WOMEN! . . .

Muhlenberg College -- Allentown, Pa. . . In the fall of 1957, coeds will invade Berg for the first time. There'll be some changes made and then Muhlenberg men will wonder how they ever existed all these years with nary a femme in the class. It happens everywhere sooner or later.

AND THE COURT SHOWED NO MERCY . . .

Ohio University -- Athens, Ohio . . . An O.U. freshman accumulated a fine of \$20.25 on a book which he had taken from the library and had failed to return after several requests that he do so. He was required to pay the entire fine and could not remove reserve books from the library for the balance of the semester. No mercy for the lowly frosh.

"PANORAMA OF PROGRESS"

University of Cincinnati -- Cincinnati, Ohio . . . U.C. is celebrating its 50th anniversary of co-operative education. The students staged a pageant a few weeks ago -- "Panorama of Progress." They do say that all work and no play makes Joe College a dull boy. Hmm.

WHAT'S A "PEA PUSHER?" AN "ANTI-SQUEAK MAN?"

Calgary, Alberta (Canadian Press) . . . The "pea pusher" is the person who pushes unshelled peas along a chute with a long handled rake in a canning factory. The "anti-squeak man" brushes melted paraffin on a shoe out-sole -- to prevent squeaking.

More than 12,000 job classifications are listed in the dictionary of occupational titles and is a standard reference book in all national employment service offices.

GENTLE WORDS TO A FRIEND

So saith Abner Dean . . .

"You're a brave little guy
Looking truth in the eye.
I'm impressed
By the things that you see.
But why do I find
That your truth is inclined
To uncover some error in me?
'I don't for a moment
Dispute that it's true --
But do me a favor
And keep it to you . . . ?"

SEE YOU IN SEPTEMBER !!!

Carlisle Wins Spanish Club Scholarship

John Carlisle

John Carlisle, a junior working for a bachelor of science degree in education and majoring in English, has won the Los Buenos Vecinos Scholarship worth \$400 given annually by the Spanish Club of Youngstown University.

The scholarship is to cover all expenses for study at the University of Guadalajara in Mexico this summer. Carlisle will work in the university and will observe work in the public and training schools. He will also write a paper on "trends in teacher training in Mexico."

An evening student at the university, Carlisle is carrying 15 hours this semester and in addition is working at the Republic Rubber Co. doing clerical work.

The purpose of the Spanish Club is to interest students in the language and to promote good Inter-American relations with Spanish speaking countries.

Jim: "That dress sure brings out your eyes."

Etsy: "Yours, too."

Mullins Accepted For Osteopathy

Lester Mullins, a biology major, has been accepted at DeMoines Still College of Osteopathy and Surgery in DeMoines, Iowa. Mr. Mullins will receive the degree of bachelor of science at the May 31 commencement of the University and will begin his graduate training in September.

Mullins is employed as an orderly at St. Elizabeth's hospital and also as a laboratory assistant in the biology department of the University. He is also active in many campus activities, as a member of Omega Psi Phi fraternity, a representative to Inter-fraternity Council, Omicron Lambda Honorary biology fraternity and treasurer of the Square Dance Club at the YWCA. Mullins graduated from Chaney High School and is a member of the Tabernacle Baptist Church.

Casey Appointed Executive Of Pub. Rel. Firm

Robert J. Casey, who will receive the degree of LL. B. from the University School of Law, May 31, has been appointed as a public relations account executive by Ketchum, MacLeod & Grove, Inc. Casey has been assigned to the Pittsburgh staff of the agency. The firm has offices in Pittsburgh and New York.

Casey was formerly public relations director of the Ohio State Bar Association. He is a graduate of Kent State University, with a Bachelor of Arts degree in Journalism and political science. For the past seven years he has been a reporter for the Youngstown Vindicator. He is a member of the Delta Upsilon fraternity, Sigma Delta Chi professional journalism fraternity and the Public Relations Society of America.

NOTES:

1. A fee of \$5.00 is charged for a final examination taken at any other time than the scheduled time. A Late Examination Permit may be secured in the Office of the Dean.
2. If the regularly scheduled hour for the class does not appear on this schedule, select the nearest hour given on the schedule and clear the room with Miss Brownlee in the Registrar's Office.
3. Examinations must be held at the hour scheduled because the classroom may not be available at other times; however, the hours may be adjusted as follows if arrangements are made with the instructor who has the preceding or following examination in the room and the students have no conflicts with other examinations: 8-10 a.m. period may begin earlier or extend to 10:30; 10:30-12:30 may begin at 10 or extend to 2; 2-4 may begin at 12:30 or extend to 4:30; 4:30-6:30 may begin at 4 or extend to 8; 8-10 p.m. may begin at 6:30 or extend beyond 10.
4. Final marks for each class are due 48 hours after the examination is given. Directions for turning in final grades are issued by the Registrar's Office.
5. Teachers are requested to talk with their classes about their examination schedules. If there are any conflicts, please inform Mr. K.W. Dykema, Chairman of the Academic Standards Committee.
6. FINAL EXAMINATIONS MUST NOT BE GIVEN BEFORE THE FINAL EXAMINATION PERIOD.

Academic Standards Committee

Chemistry Student Wins Fellowship At Western Reserve

Ronald Petrella

Ronald Petrella, a senior who will receive the degree of bachelor of Science with a major in chemistry at the May Commencement, has been awarded a teaching fellowship from Western Reserve University for the fall term beginning in September.

Petrella entered Youngstown University on a Youngstown Steel Door scholarship in 1952. At Youngstown, he was a student assistant, and, through a part-time job as a produce clerk at Century Foods has earned all of this way through college. Petrella's aim is to get a doctor's degree and prepare for research in colloid chemistry.

He is the son of Mr. Anthony Petrella and is a graduate of East High School where he was a member of the National Honor Society. In college, he was a member of the student chapter of the American Chemical Society and the Newman Club. He is 21 years of age.

"ARE YOU IN STEP?"

asks ANNE FRANCIS co-starred in MGM's "FORBIDDEN PLANET" in CinemaScope and Color
The girl in your life, like Anne, dresses properly for each occasion. And she expects you to be in step, too, with shoes like:

City Club style 1771 for leisure "off hours"
City Club style 84462 for class and business
City Club style 84650 when you're a "dressed-up knight"

Choose your 3-pair shoe wardrobe from those and hundreds of other smart City Club styles at your dealer's, from \$8.95 to \$18.95. Also see Wearboro shoes for young men, from \$7.95 to \$9.95.

City Club
by Peters distinctive shoes for men
as advertised in ESQUIRE

Young wife -- When I married you, I thought you'd be a good provider! Now look! There's not a thing in the house to eat! I'm going home to mother.
Husband - Can I go with you?

He: "Why is it that the most important men on campus have the best looking girls?"
She: "Why, you conceited thing."

THE GREEKS SPEAK

By Joan Pavlov

With May Day festivities and the Bare Brunch closing the social affairs of the school year the Greeks are now concentrating on their annual dinner dances, which are coming in the near future. Then there is graduation for the seniors, the climax of all of your education and knowledge that you have acquired at Youngstown through your many vicarious experiences. However there are a few who acquired theirs through the textbooks they have read and through the lectures they attended, or should we say kept awake at. Good luck to you seniors and as they say: Bigger and Better things lie before you.

Nu Sigma Rho

Congratulations from the Nu Sigs to Miss Marilyn "Cookie" Korody in her new found happiness -- Y.U.'s 1956 May Queen. Many thanks to Gil Prokop, "The Chin Clipper", campaign chairman and his co-workers, who provided a novel and stimulating campaign, ... also many thanks to all who supported "Cookie", making her victory possible.

The Nu Sigs would like to extend their appreciation and a warm THANK YOU to Gary Glaze (an Angel in the Night), who devoted his time and effort in directing the boys for the fraternity sing ... also to Marcella Matusick for her musical contribution to the sing ... many thanks.

As the Intra-Mural softball league continues on, the Nu Sigs continue to lose but ... the casualty roster continues to grow, first pledge, Chuck McDermott, "received" a broken nose and now Gil Prokop is sporting a white beard ... I mean a patch hiding seven stitches on his chin ... Oh, well.

Election of officers was recently held with Dan Donofrio, president; Dick Moskosky, vice-president; Nick Pupino, Record. Sec.; Wendell Jones, Treasurer; Chuck Lynn, Corres. Sec.; Bob Buccieri, Sergeant-at-Arms, being elected for the coming year. Nick Pupino, was elected vice-president of I.F.C.

Beta Sigma Omicron

The Beta Sigs were very honored to have entertained their national president, Mrs. Kerner, for the weekend of May 4. She attended the Intra-Fraternity Sing and was very impressed by the affair.

To the delight of the pledges, some will be going active in the near future. A party with the Sig Deltas was held recently. Six Beta Sigs traveled to Penn State for a convention. The national convention will be held this summer.

Congratulations to the Phi Lams and Kappa Sigs for winning the Sing and also to the other sororities and fraternities for their fine presentation.

Sigma Phi Epsilon

Congratulations to Bill Swift and Mary Veauthier on their recent pinning. Also to all the seniors who made the grade. Among them are Don Phillips, John Ewasko, Dick Troxil and Gil Marsh. Good luck, men. But, of course, Don Phillips will need it the most when he goes into the Army.

Congratulations are in order for John Foulson, new editor of the Jambar, and John Tudhope who also deserves congratulations for a job well done on the Jambar in the past year.

On the social side the Sig Eps have been kept busy. The Tri-Sig blast was a big success and everyone had a good time. A party with the Phi Mus was held last week. Lou Gossick won a special prize for the best western costume. A party with the Phi Lams is being planned for the 25 after finals. A hayride was held last Saturday. "Oh, for a good summer rest!" says Carl Morell.

Sigma Delta Beta

Congratulations to Joe Nohra, who was elected president of I.F.C. New officers of the Sig Deltas are Ernie Bodo, president; Harry Fry, vice-president; Clive Unger, Treasurer and Jack Cerimele, secretary.

The Sig Deltas held two parties recently a spaghetti-dinner with the Alpha Phi Delta and a party with the Beta Sigs. The current raffle of a Hi-Fi set is going at top speed and come May 25, someone will be the lucky winner.

The Sig Deltas wish to thank their graduating president, Charles Zidian and also Don Hoelzel, for leading them through many hardships and doing so much for the fraternity. Also, to Bob Bakalik, who is going to Miami, Florida.

Tau Kappa Epsilon

On Saturday and Sunday, May 5 and 6, Pi Beta Chi was officially installed as Epsilon Iota Chapter of Tau Kappa Epsilon. Saturday night May 5, one of the best stag parties ever held by the fraternity was held at the Willow Ranch. Ask "Big Jim" Obermyer how the refreshments were?

A word of well deserved credit is extended to George Beelen and the activities committee for the way in which they handled the installation program. Prof. Jon Naberezny has been elected the Junior Advisor.

Theta Chi

On Saturday, May 12, Sigma Sigma became affiliated with Theta Chi national fraternity. Officials of Theta Chi presided at the installation which was held in the audiovisual room of the school library. A reception at Pollock House preceded the ceremonies and a banquet at Schuster's Casino followed Earl D. Rhodes, national president of Theta Chi was the main speaker.

On Monday, May 14, many of the members of the fraternity traveled to Cleveland to watch the Cleveland-New York game. Jack "Mickey Mantle" Chugden became violent when his "brothers" would not let him play center field for the Yankees. He cooled off quickly after being thrown from the upper deck. Even with this unhappy incident a good time was had by all.

Officers for the coming year were recently elected at a meeting. Jack Chugden was elected president. Bill Metzler - vice president, Karl Mogg - secretary, and Fred Fisher - treasurer.

The old officers are Jack Storey - president, Dick Stebleton - vice president, Karl Mogg - secretary and Bill Voyzey - treasurer. Speaking of Karl Mogg, he is sporting his new knife. Karl is very careful with it, though. He is very quick and sneaky about the whole situation.

Kappa Sigma Kappa

The Penguin's "Dairy" on Youngstown's West side was the scene of the Kappa Sig annual after Sing Blast. Ray McCullough is still trying to get into Al Sandel's car. They're calling him a "hood" now.

Johnny Pavlov is still looking for a few misplaced belongings of his. I think, maybe, he would be wise if he looked under the cushion in the living room. Gene Kouch "the friend of the Police force" was last seen parked in the middle of a street in Struthers.

The party was still rallying on Saturday afternoon which helped create a "Lost Weekend" for Chuck Marin and Bruce Bond, as Chuck didn't get home till Monday. Chuck, just couldn't find time to make the trip.

The Kappa Sigs are saying a final farewell to graduating seniors, Ray Baker, Frank DiGiacomo, Jim Mangie, Tom Blum, Lee Crisan, Bill McCabe, Ward Morrisroe, Frank Beck, Moe Franko, and Dick Wear. The brothers wish them every success in the coming years.

The officers for 1956-57 are Bob O'Neil, president; Dick Griffiths, vice-president; Jim Corbett, rec. sec.; Vinnie Creps, treasurer; Joe Schiffer, corr. sec. and Ray McCullough, Sgt. of Arms.

Gamma Sigma

Graduating seniors this year in the sorority are Joan Bonpane, Nancy Johnson, Maggie (the Engineer) Docherty, Helen Savic, Alma Mackin, Cookie Korody, and yes, yours truly. Just imagine, a new columnist for this article.

Congratulations to lovely May Queen, Cookie Korody, who will be crowned by the 1955 May Queen, also a Gamma Sig, the former Louise Sarville, now Mrs. Fred Nebot.

Parties held recently were with Pi Beta Chi and Nu Sigma Rho. Both on the same night ... Due to circumstances beyond the control of social chairmen, Helen Savic and Alma Mackin. Helen thinks that there are two Thursday's in a week. But with all this happening. Everyone enjoyed themselves.

Election of officers was held Sunday, May 13. New officers are Loretta Liptak-president, Madelyn Sweeney-vice-president, Patty Flynn-secretary and Kay Harmon-treasurer. Lip must have been giving many campaign speeches as she was also elected to Student Council and Newman Club, corresponding secretary recently. Congratulations, Lip.

Plans for the dinner dance are almost complete except for dates. The date of the affair is June 13. Maggie Latcheran is chairman.

Phi Lambda Delta

Phi Lams got together at Sylvia Leblo's home on May 6 for a shower for their sister Margene Flannery. Margene received many lovely gifts.

Newly elected officers for the coming year are: president, Barbara Knott; vice-president, Ruth Navin; recording sec. Joanne Gioglio; Corr. sec., Betsy McClurkin; treasurer, Peggy Tiller; historian, Joan Verba; social chairman, Fran Doyle.

Installation of officers and pledges will be held at the annual Mother-Daughter Tea on Sunday, May 20.

The Phi Lamb-Alpha Phi square dance party was held at Pioneer on Thursday, May 10. John Teide, Tom Fortunato, Red Nolfi and Don DeMarinis entertained the group with their "cool" skit of a Rock and Roll Wedding.

Parties are coming up on May 15 with Tau Kappa Epsilon and May 25 with Sig Eps. Plans are underway for the annual Spring Dinner Dance on May 26, at the Cascade Room of the Pick-Ohio Hotel.

Phi Gams

Phi Gams held a stag party for Tony Vivo, their advisor last Thursday. Saturday, May 12 was the big day for T.V. Shenango Inn will be the scene of their dinner dance on June 3. The Pleasant Valley picnics are rapidly approaching, too!

Browsing Around

With Ernie Gauld

Here it is that time of the year again when everyone is racking his books (moldy, from laying in the bottom of some dingy locker) and starting to attend classes for that last minute review.

Each class has something to look back on. The freshmen all remember that hectic first day when they entered Youngstown University's halls for the first time; when you asked an upperclassman for directions to Ford Hall and what he gave you instead was a direct route to the county jail; and how about that freshman reception where you went to get acquainted with all the other freshman (boy's that is, the girls were getting acquainted with the upperclassman).

The sophomore remember those calculus classes and the late hours he spent trying to work out those terrific equations, the tests he "A'ced," the disgusting look he gave those "little" frosh, and that distinguished "Ivy League" look he acquired which gave him the look of a seasoned college man.

Of course, the junior who was half-way through college figured he had it made, so he cut classes to play cards in the cafe, never missed a big frat party, and had a date every night of the week only to cram for mid-terms which was in vain and --- kurlplop --- no more point average.

Before continuing, congratulations are in order to our lovely May Queen, Cookie Korody, and her charming attendants: Ginny Shelar and Jeannie Palaras. Congratulations should also be given to Carol Emery and Patty Sfara for a terrific May dance and Bare Brunch.

Finally we come to the seniors who have many, many more memories than the rest of us. They are the ones who have struggled anywhere from four to who knows how many years for graduation day.

They will always remember that test they studied like "crazy" for and flunked; that first "A," and especially the "C" that they thought should have been a "B" for sure. But all this is looked back upon with a sigh and a smile as they pay their ten dollar senior dues.

And remember these Bare Brunches and the "cold" hot dogs; those big Homecoming and May Day dances when you had a date with that very "special" person?

How about that bid from that fraternity or sorority and the glorious pledge season, --- night, and all the parties and weeks at the lake before school started that you enjoyed?

And finally, if you remember, you're the person who complained every spring about what a "lousy" school you were attending and vowed never to come back again in the fall. But who was the first person in line on registration day?

So-long, congratulations, and good-luck, seniors! May your future be as bright as the glorious days you spent at Youngstown University. See ya next fall ----- underclassmen.

The newly inaugurated frat rooms have been the scene of many parties, formal and informal. One especially to mention was the little get together after the I.F.C.-Pan Hel Sing. Whew!

Best wishes go to the graduating seniors of the sorority who are Emily Casey, Dorothy Dolan, Pat Emerine, Gerry Lewis, Janet Smeltzer and Joan Summers.

Alpha Phi Delta

Alpha Phi Delta members going to the district convention in Columbus, May 19-20 are Rocky Mediate, Jim Treveline, Tom Fortunato and Red Nolfi.

Anyone interested in good music should come to the Crystal Tavern on Saturday nights and listen to Mike Roncone and his Twilight Serenaders. You heard them at the Greek Mixer.

Congratulations to seniors, Mickey Lallo, Jerry Zupp, Val Liverine, Henry Pezzulo and Paul Santillo. Good luck. Social chairman Larry Mirto announces the annual dinner dance coming up the 1st week in June.

The results of the recent elections are Don Nolfi-president; Nick Marnejo - vice president; Ralph Devito, sec; Al Guierrie - treasurer, John Cataline - historian and Frank Tarantine, chaplain.

He dropped around to a girl's house and as he ran up the steps to greet her he was confronted by her little brother sitting on the top step.

"Hi, Billy," he said.

"Hi," said the brat.

"Is your sister expecting me?"

"Yeah."

"How do you know?"

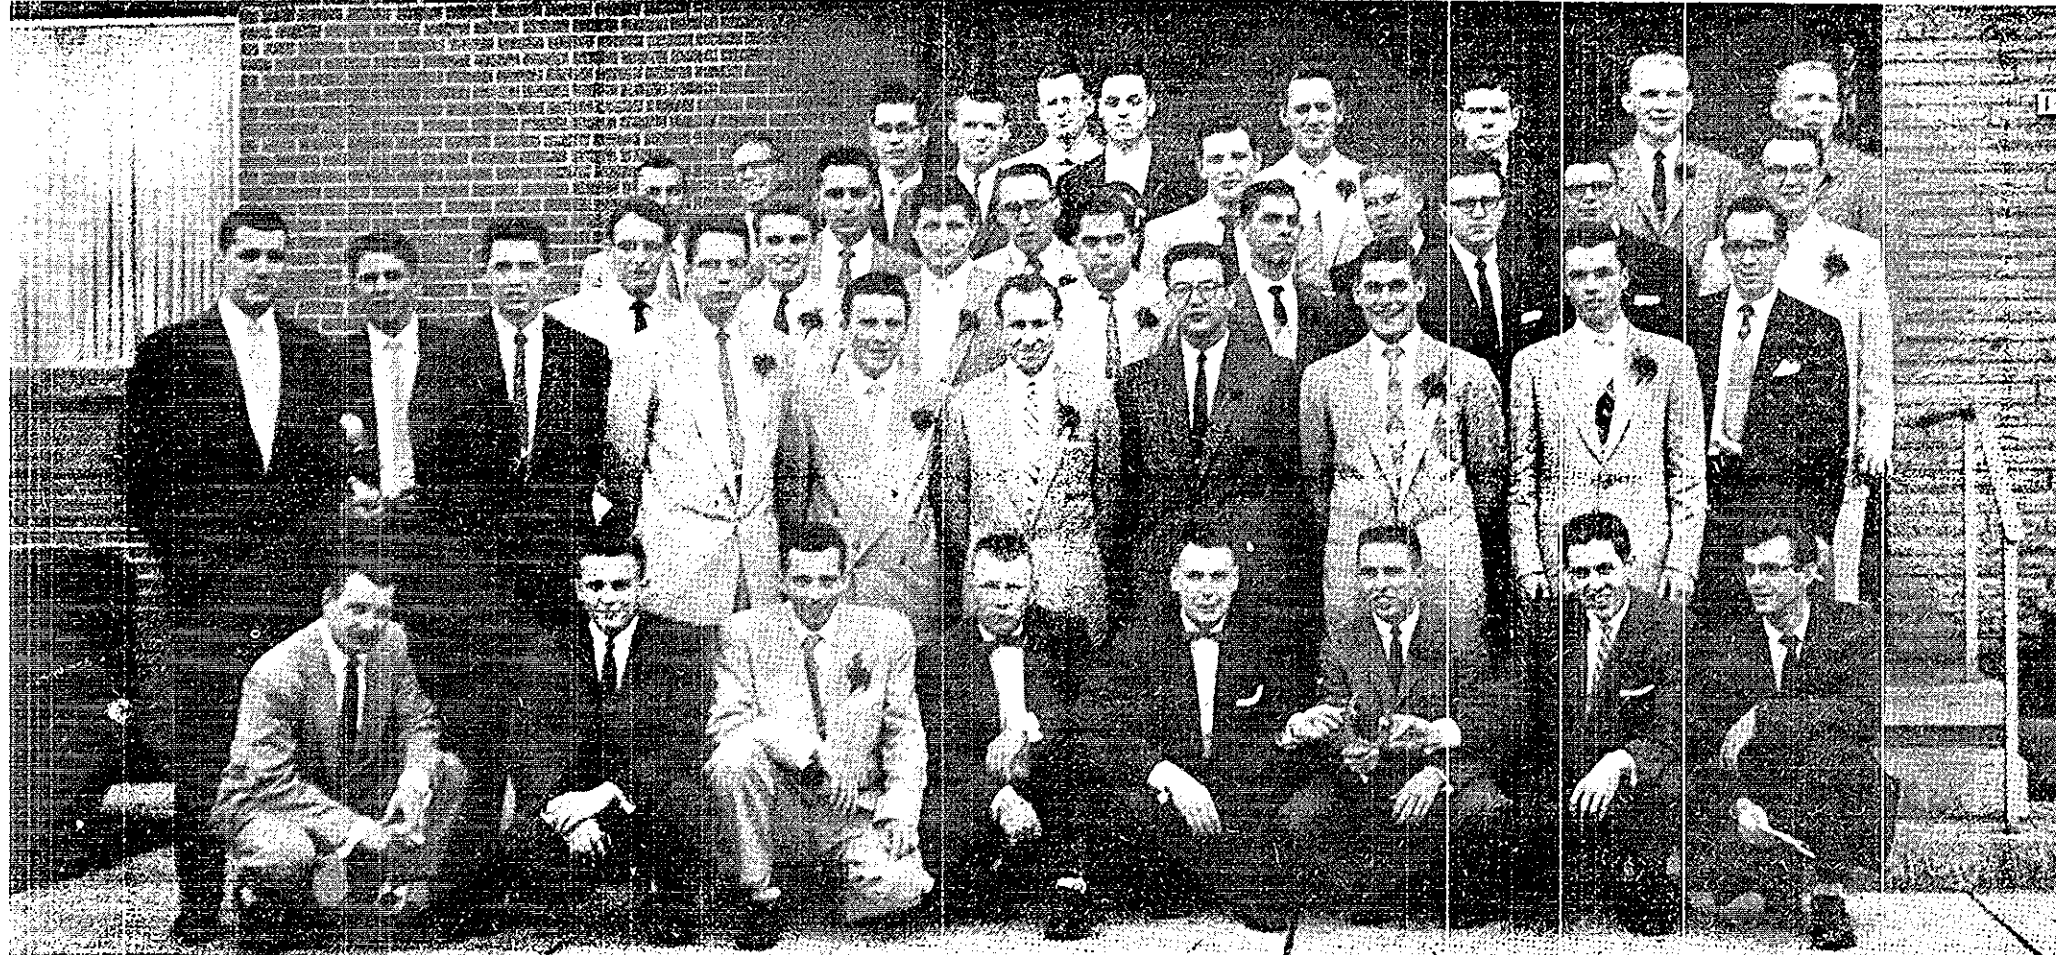

"She's gone out."

Phi Mu's enjoyed their recent parties with the Independents, Sig Eps and Phi Gams. The pledges had a surprise shower for Peggy Vittario, who is being married June 2. Dot Dolan will be married May 18.

Pi Mu

Their alumnae held the annual recognition dinner in honor of Delta Mu Chapter. Mary Jane Lewis was elected the outstanding Junior, Pat Emerine received the award for having the best scholastic record and each of the graduates received a gift from the alumnae. The pledges put on a cute skit, as the entertainment.

Tau Kappa Epsilon

The new members of Tau Kappa Epsilon are first row, (l-r): Prof. Jon Naberezny, junior advisor, James Obermyer, Mearl Butler, Bill Petric, Bill Crownover, Jim Bucher, Ian McNabb, and president Bob Bucher. Second row (l-r): Paul Richardson, Bob Mondok, Bob Barnes, Bob King, Joe Crano, Joe Parlink, Jack Knable, Bob Mazur, Dave Houlihan, and Jack Schaffer. Third row (l-r): Steve Mondora, Randy Gutheridge, Howard Williams, Lloyd Kranz, Carl Harvilla, and Frank So. Fourth row (l-r): Tom Songer, Bill Metro, Jim Mauch and Dick Marsico. Fifth row (l-r): Tom Holt, Dan Deville, John Bradshaw, Jay Bennett, Bob Prall, Dick Kay, Joe Ula, Ron McDermott and Don McDermott.

Pi Beta Chi Is Nationalized As Tau Kappa Epsilon

On the weekend of May 5 and 6, Pi Beta Chi, a local fraternity, was officially installed as the Epsilon Chapter of Tau Kappa Epsilon. The installation program on Saturday, May 5, consisted of lectures, discussions and an exam on the history of Tau Kappa Epsilon. The evening was concluded with a stag party at the Willow Ranch.

Sunday, May 6, saw the weekend come to a close with an installation banquet at the Victoria Cafe. Honor guests at the banquet were: Mr. L. Clovis, National Chaplain; Mr. W. Malone, Province Leader; Mr. W. Malick, Asst. Province Leader; Dean and Mrs. Joseph Smith; Mr. and Mrs. Phillip Buchanan; Dean of Women, Mrs. McCarty; Reverend Linder; Jack Kunley, past Grand Treasurer; Dr. and Mrs. Walter Mayer, advisor of the

Inter-Fraternity Council; and all the presidents of the social fraternities and sororities on campus.

The main speaker of the event was Dr. Eugene Beach, the past Grand President of TKE. Highlighting the program was the presentation of the chapter charter to the President of the local chapter, Robert Bucher.

Pi Beta Chi was founded on the

campus of Youngstown University in 1948. Their nationalization with TKE makes them the fifth national social fraternity on campus.

Tau Kappa Epsilon was founded on January 10, 1899 at Illinois Wesleyan University in Bloomington, Illinois.

Officers of the new national are: Robert Bucher, President; Don Seely, Vice-president; Robert Mazur, Secretary; Loyd Kranz, Treasurer; Robert Mondok, Historian; Frank Bogan, Chaplin; William Petrick, Sergeant At Arms; and Steve Mondora, Pledge Trainer.

"Son, after four years at State, you're nothing but a drunk, a loafer, and a darn nuisance. I can't think of one good thing it's done."

The son was silent a moment. Suddenly his eyes brightened, "Well," He said timidly, "It cured me of bragging about me."

Conscience doesn't keep you from doing anything wrong -- it just keeps you from enjoying it.

ATTENTION ALL STUDENTS

Do you know that Youngstown University needs a fight song? We have all le: down the spirit of the university, and it is about time that we did something about it.

If you are good at writing lyrics and songs just send your entry to the Band Committee, Dana School of Music before August 1. Send either words, music, or both.

Do you know that every University band in the United States has a majority of non-music students participating in it? Out of the 160 piece Michigan Marching Band 100 are non-music students. With the exception of Youngstown it is the same all over the country. We want to build up the band and extend to each student who plays a musical instrument to inquire at the Dana School of Music.

MAJORETTE TRYOUTS WILL BE HELD NEXT SEPTEMBER

Quartermaster: *"Is that our true position, Navigator?"*

"Yes, sir."

"You're sure?"

"Yes, sir."

"Then take off your hat, we're in Westminster Abbey."

I cheer I wish a wasleader, in-stands the all of front.

I cheer I wish a was leader, to hands my wave and grunt.

But cheerleader be I never will, for neasons rot unknown.

I illable get the wrong sylalways upmixed in my T-zone.

Representatives Attend Banquet

Several representatives of the various fraternities and sororities were in attendance at the installation banquet for TKE. Among those were: (l-r) Don Phillips, Sigma Phi Epsilon; Marilyn Ervin, Phi Lambda Delta; Gay Wollitz, Gamma Sigma; Alma Mackin, Alpha Pi Epsilon; Lucille Elias, Phi Mu; and Isan Ritzie, Beta Sigma Omicron.

Bucher Accepts Charter

Bob Bucher is being presented the charter for the Epsilon Iota chapter of Tau Kappa Epsilon. Presenting the charter is Mr. Lawrence Clovis, National chaplain.

Student Council Notes

This article is being published due to the recent attack on the JAMBAR and other publications at the Youngstown University. The policy that appears below is the stand which Student Council has taken with regard to Freedom of the Press; it was adopted by Council about four years ago. The foregoing was initiated under conditions which were similar to those existing at the present. We hope that the following will in some way aid in eliminating this problem in the future.

"One issue of great importance is that of freedom of the press. You hear the term used frequently and casually, but it is one of the basic tenets of our country and of a democracy. It means not only freedom to say what everyone believes and wants to hear, but freedom to be wrong, disrespectful, inaccurate, unpopular, misinformed, disagreeable, and a host of other things. Guaranteeing freedom of the press lays us open to a great deal of bad journalism, unquestionably, and sometimes to much worse, but it guarantees the right to have an opinion and to express it without fear of reprisals; and freedom of thought is essential for the maintenance of democracy and for human progress.

"No editor worth his salt would take the job of publishing the JAMBAR if he knew that his tenure of office depended on his expressing opinions congenial to Council and

handling news to meet Council's pleasure. No editor of the college paper who was chosen with any care could possibly do anything to merit removal unless his actions brought the college into disrepute in its relations with the public, in which case undoubtedly the faculty and administration would act.

"An editor can put out bad papers - in that case he was an unfortunate choice. He may make enemies and deserve them. He can't last longer than a year if he does not give satisfaction. But if an editor is shackled by the necessity of pleasing Council every step of the way he ceases to be an editor and becomes an errand boy. I question whether you are willing to burden the college, the student body, and yourselves with the blight of a muzzled press in order to gain the immediate objective of a different kind of news coverage or a different editorial slant."

Poulson Is New Editor

At the Student Council meeting on May 4, John Poulson was selected as the editor of the JAMBAR for the next school year.

Heading the Jambar staff, beginning in September, will be John Poulson, a sophomore majoring in English at the University. Sub-editors, who will also take their positions in September are Pat Muretic, Ron Meade and Ernie Greenberger.

John has been a sub-editor on the Jambar staff under retiring editor, John E. Tudhope. He graduated from Howland High school in 1952. He is a member of Sigma Phi Epsilon fraternity and plans to make journalism his career.

Crisan Receives Assistantship At Purdue University

Lee Crisan has been given a one school year teaching assistantship in plant sciences in the School of Biological Sciences at Purdue University. The assistantship will amount to \$1500 in addition to full tuition being paid. He will work for his masters in botany at Purdue after he receives his bachelor of arts degree May 31. His major has been biology here at the University.

Crisan is a member of Kappa Sigma Kappa, Omicron Lambda, honorary biology fraternity and is president of the Inter-fraternity Council.

Judge: Officer, what makes you think this gentleman is intoxicated?

Officer: Well, Judge, I didn't bother him when he staggered down the street, or when he fell flat on his face, but when he put a nickel in the mailbox, looked up at the clock on the church, and said: "My gosh, I've lost fourteen pounds!" I brought him in.

Cadets Parade

The Reserve Officer Training Corps of Youngstown University successfully completed its annual formal inspection last Thursday by a board of army officers appointed by Second Army Hq., Fort George G. Meade, Maryland.

Members of the inspection board included: Colonel R.J. Speaks, President Western Maryland State College; Lt. Col. Norman S. Slater, University of Virginia; Major William A. Thompson, Xavier University; and CW-2 Robert G. Snyder, University of Virginia. The inspecting officers were accompanied during their visit by Lt. Col. O.R. Hummel, PMS&T of Youngstown University.

The purpose of the inspection was to ascertain the effectiveness of the training administered to the cadets during the current school term and to assist the university department of military science and tactics in any problems that may confront them.

A parade was conducted by the Cadet Corps from 11 to 12 a.m. at Harrison Field in the vicinity of Walnut and Adams streets.

An American woman traveling in France was at a party one night and she was introduced to a former Russian Grand Duke. Trying to make an impression on him, she showed him a long chain of malachite beads, a semi-precious stone, which she had purchased on her trip abroad.

"Aren't they wonderful?" she said, running the green beads through her fingers. "And they cost me a fortune," she added confidentially.

"I know," agreed the nobleman sarcastically. "My mother had a staircase made of it."

"Now," she asked, "is there any man in the audience who would let his wife be slandered and say nothing? If so, stand up."

A meek little man rose to his feet. The lecturer glared at him. "Do you mean to say you would let your wife be slandered and say nothing?" she cried.

"Oh, I'm sorry," he apologized. "I thought you said slaughtered."

Talk about dumb girls; if anyone said "Hello" to her on the street, she'd be stuck for an answer.

What young people are doing at General Electric

Young ad man handles G-E jet and rocket engine advertising

The first jet engine ever to power an American plane was built by General Electric in 1942. Since 1948, G.E. has supplied the Air Force with over 30,000 of its famous J47 jet engines. And General Electric's jet experience soon will be paying additional new dividends to national defense. Its J79 - called the most advanced engine of its type in the world - will soon enter production.

The man responsible for reporting G.E.'s jet and rocket engine progress to its customers and the public is Roy O. Stratton, Jr., 27-year-old account supervisor in the Company's Apparatus Advertising and Sales Promotion Department.

Stratton's Work Important, Interesting

Stratton supervises the planning and preparation of direct-mail promotion, brochures, films and presentations, as well as public-informational space advertisements for *Time*, *U.S. News & World Report*, *Business Week*, *Aviation Week*, and other magazines.

Considerable personal contact with the Armed Services makes Stratton's job an interesting one. Last year he traveled over 60,000 miles, visiting many of the country's Air Force bases to gather necessary information and pictures.

25,000 College Graduates at General Electric

When Stratton came to General Electric in 1952, he already knew the kind of work he wanted to do. Like each of our 25,000 college graduates, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: when fresh young minds are given the freedom to develop, everybody benefits - the individual, the Company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

After receiving a B.A. in English from Brown University, Roy Stratton joined G.E. in 1952 in the Advertising and Public Relations Training Program. He worked as instruction-book editor and advertising copy writer before his current job.

Progress Is Our Most Important Product

GENERAL ELECTRIC

BEHIND LOCKER ROOM DOORS

By Don Infante

Baseball's highest paid pitcher, Bob Lemon, makes about \$15 every time he pitches a ball. That's not bad pay for "a pitcher who shouldn't be." Lemon, who came to the Cleveland Indians as an outfielder and proved to be a miserable flop, was supposedly on his way back to the minors when manager Lou Boudreau happened to be walking by the bull-pen. Much to his surprise, he saw Lemon tossing "freakish" breakers to an unhappy third-string catcher who was almost going crazy trying to keep the ball from bouncing off his head, chest, and shins.

Calculations say that it takes \$50,000, five years, and superhuman patience and endurance to bring a pitcher to the majors. But miracles do happen and within two months the Indians had themselves a surprise package in the outfielder turned pitcher. Proof of this is the fact that while being the biggest outfielder trust of 1946, Lemon was voted the Most Valuable Pitcher of the American League in 1948.

Show's Sportsmanship

Proof of Lemon's sportsmanship can be shown in a number of ways. A few years ago in early May, he tore loose a "floating rib" and was thought to be finished for the season. Three weeks later, literally covered with tape, he beat the Washington Senators in a 10 inning game. He then followed this up by blanking the Yankees 6-0, and finished the season with 22 wins.

Known to all as the "quiet man," Lemon can be driven into having the dash of temperament the fans love.

Once Over Lightly

By Vince Golle

On Tuesday, May 1, the Penguin Netters stormed over a hard fighting Steubenville team 6-0 on the Volney Rogers Courts. Since Steubenville played only four men, the 5th and 6th singles and the third team doubles were eliminated. The Penguins showed supreme authority on the court stopping any chance of a rally by Steubenville.

On Friday, May 4, the match with Gannon College of Erie, Pa., was rained out and was scheduled for Monday afternoon, May 7, at the Volney Rogers Courts. The Penguins got a slow start by losing the first four singles, but came back to win the 5th and 6th. The Penguins could only win one double match making the final score 6-3 in favor of the Gannon Netters.

Tuesday afternoon, May 8, the team got another chance at the Kent State University squad after being rained out at Kent on April 28. The Kent team was strong and experienced but had to settle with an 8-1 victory. The Penguins played hard all the way, but the second team doubles was the only victory that Youngstown got.

The next matches for the Penguins are with Penn College, on May 9, and with John Carroll University. It will be the first meeting between Penn College and Youngstown this year, and the second time with the John Carroll University squad.

A student was studying the menu at a drag eatery. "What's the difference between the blue-plate special and the white-plate special?" he asked the waiter.

"The white-plate special is 5¢ extra," he replied.

"Is the food any better on the white-plate special?" the crafty 'ent asked.

"No, but we have to wash the dishes."

An example of this is the day Lemon walked in a run on what to him seemed to be a third strike. Charging the umpire, bellowing that he had been robbed, the two bumped chests, while all his Indian teammates stood by in shock and amazement for this was the first time in nine years they had seen Lemon lay hands on an official. Suddenly, Lem backed down and apologized, stating that he was sorry and that he had lost his temper.

What else can you say about a guy like Lemon, besides being a terrific hitter and pitcher he likes to chew gum, enjoys Dutch beer, and won't wear a hat.

There is one more thing, the fact that Lemon can walk down Cleveland's Euclid Blvd. without being recognized is itself surprising, but true, but don't let that worry you because it certainly doesn't worry Lemon. If Bob Lemon didn't sleep so well while collecting those 55,000 bills, then you could feel sorry for him. But for a pitcher who shouldn't be, that's a lot of money to sleep soundly on.

Barron Wins First Pro Tilt

Norm Barron, freshman halfback on the Youngstown University football squad last semester, recently won his first professional baseball game 16-3 with the Dublin, Georgia team in the Pittsburgh Pirate Farm System.

Norm, a six-foot left-hander, is a fastball specialist, who struck out 65 batters in 46 innings of pitching with the Campbell Businessmen's team last season.

A 1955 graduate of Chaney High School, he played three years of varsity football with that team.

Annual Banquet Held By WRA

The annual awards and installation banquet will be held by the Women's Recreation Association of Youngstown University on May 18, at 6:00 p.m. in the Parkview Restaurant.

The ticket committee has announced that the price of tickets is \$2.50, and they can be purchased from Emily Hura, Marilyn Yurak or Margaret Riesen.

Shirley Rorabaugh was recently elected president of the organization for the 1956-1957 term, along with Judy Johns, vice president; Anna Marie Schmidt, secretary; Barbara Bussinger, treasurer; and Emily Hura, sports board chairman.

Mary had a little lamb,
Some salad and dessert,
And then she gave the wrong address,
The dirty little flirt.

"Were you copying his paper?"

"No sir, I was just making sure he had mine right."

Golf Team Evens Up Season Work

Coach Bill Carson's swingers, after copping four victories in their first five starts, played a series of matches with some of the area's top squads. The Penguins were defeated by John Carroll and Kent State, but came right back to stroke out wins over Grove City and Steubenville Colleges. A return match with Kent State was rained out last week.

The squad traveled to Cleveland April 30, to lose a 16½ to 7½ decision to the Blue Raiders. All six Carrol-ers were in top form, each scoring 80. Keenan, who tied for medalist honors, Hallinan and Behm lead J.C. with four points each. Joe Galke led the Penguins with three points, and Rosko, with a 74 total, was co-medalist. Ed Seginak and Galke had scores of 75 and 76.

Ed Seginak, the Western Pennsylvania ace, led the Penguins with a 75 in their 20½ to 3½ defeat at the hands of Kent State May 2. Gordon Paulus was low man for the Kent Staters with a 73, which took medalist honors.

The team made a rapid rebound with a 16 to 8 triumph over Grove City, May 4, at the home links, Mahoning Country Club. Joe Galke, Ed Knizer and Bob Kupka each garnered four points to pace the Penguins. Pete Rosko was medalist with a 72, two strokes under Smith's low total for Grove City. Joe Galke, Bill Blascak, who shot a 37, and Jack Gerberry, with a 39, accompanied Rosko on the round. Rosko's ace was the initial one of the year at Mahoning, incidentally.

Hits and Misses

Ed Seginak, co-captain of the golf squad, is a member of the Sharon Slovenian Home team which plays in the Penn-Ohio League. Top area amateur stars compete in the league, which is composed of teams from Youngstown, Warren, Sharon and other district cities.

The annual NCAA college golf tournament, which will be held June 16-18 at Columbus, will probably have as representatives from Youngstown University co-captains Pete Rosko and Ed Seginak. One of the top contenders for honors will be Rich Jones, number one man on the Ohio State University golf team, and another while Rayen High School star a few years back.

Two drunks were looking up at the sky wondering like, so finally they stopped a third drunk.

First - Hey, pal, do me a favor. Is that the sun going down or the moon coming up?

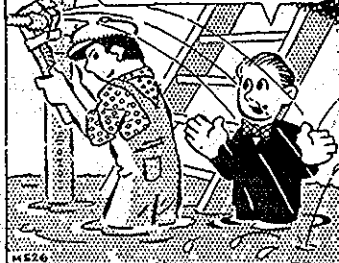

Third Drunk (after deep concentration) -- Shorry, buddy, can't tell you. I'm a stranger in town, myself.

Angry father: "What do you mean by bringing my daughter in at this hour of the morning?"

Senior: "I have an eight o'clock."

Vic Vet says

WORLD WAR II VETS WITH FIVE-YEAR TERM GI INSURANCE WILL PAY HIGHER PREMIUMS AND RECEIVE LOWER DIVIDENDS FOR EVERY RENEWAL. IT'S TIME TO CONSIDER CONVERSION TO PERMANENT PLANS OF GI INSURANCE.

Hernando's Hide-away

By John Hernandez

Since this is the last issue of the semester, we felt it would be appropriate to salute the seniors who have contributed their time, effort, and talent to varsity sports.

Leaving the gridiron and the cheers of Youngstown U. will be William McCabe, John Marinko, Andy Starinchak, Tom Mosure, Frank Beck, and Dick Franko. These boys helped "Dike" Beede's squad to a fine season.

Knott, Cercone Leave

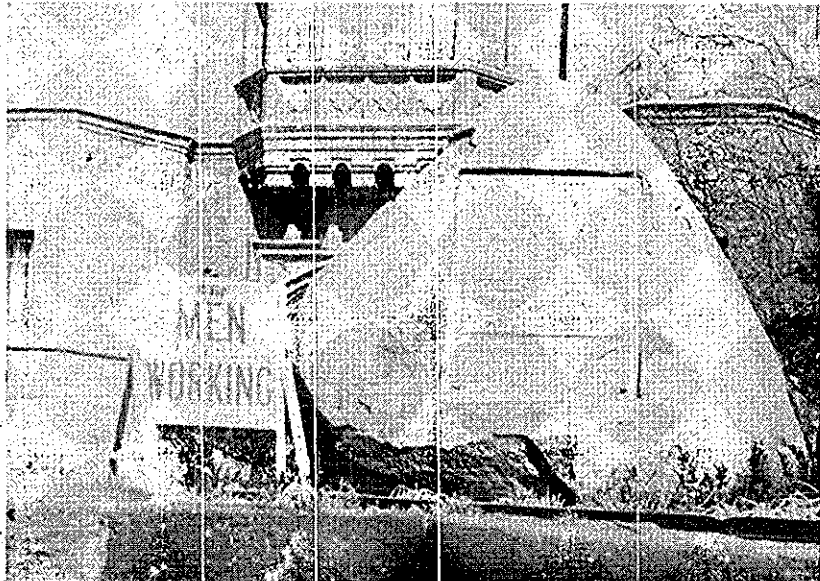

The cage sport will suffer from the loss of Tony Knott and Bob Cercone. Knott had been the mainstay of the Penguin offensive machine and around him as a nucleus the team flourished. Cercone, although seeing limited action, will be missed by Dom Rosselli. Knott has accepted the offer made by Akron Goodyear to play semi-pro ball.

The tennis squad will lose Paul Schuerer from this year's squad, while the golf team will remain intact with no senior members on the squad.

Last Issue

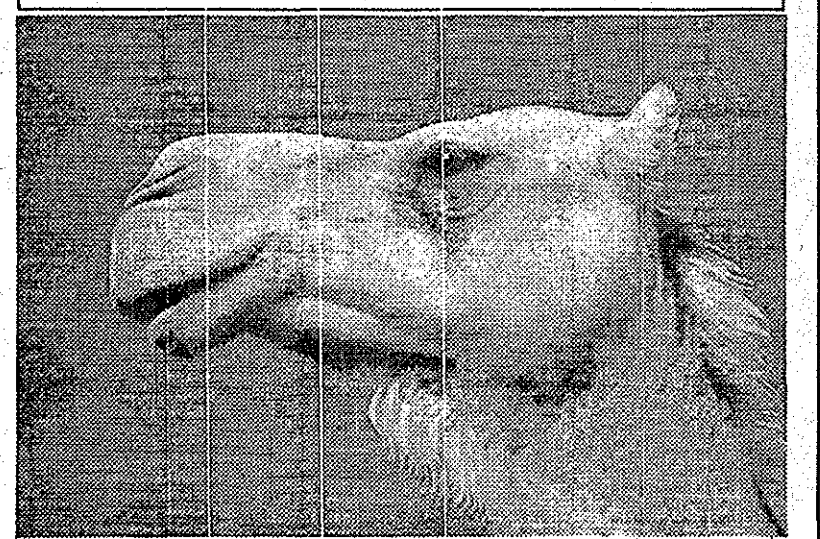

Well spring is here, baseball and the voice of Jimmy Dudley on every radio are here to stay, and final exams are crashing down upon us. This is our last sports coverage of this year. We will return to the halls of ivy in September. Until then have fun with sports this summer.

Who Are We Kidding?

With finals on the way it appears that this picture will be quite appropriate. Next week this will be very true. We only have one regret, that we didn't have a "WOMEN WORKING" sign to place in the picture.

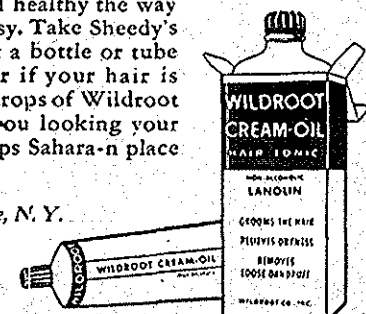

Girls Walked A Mile From J. Paul Shеды* Till Wildroot Cream-Oil Gave Him Confidence

"Done anything tonight honey?" Shedy asked his little desert flower. "Get lost!" she sheiked, "Your hair's too shaggy, Shedy. Confidentially it sphinx!" Well, this was really insultan. So J. Paul got some Wildroot Cream-Oil. Now he's the picture of confidence because he knows his hair looks handsome and healthy the way Nature intended . . . neat but not greasy. Take Shedy's advice. If you want to be popular, get a bottle or tube of Wildroot Cream-Oil. No-mad-der if your hair is straight or curly, thick or thin, a few drops of Wildroot Cream-Oil every morning will keep you looking your best. You'll agree Wildroot really keeps Sahara-n place all day long.

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

Dark of the Moon Termed Success

by Ron Meade

University Drama Guild achieved almost professional quality with the scenery and lighting used for their production of "Dark of the Moon", last week. The division between professional and amateur was displayed in the acting. The singing and dancing added much color to the show.

Dianne Yogie stood out in her portrayal of a girl that found it impossible to remain faithful, Barbara Allen. Her co-star was Sam Sanfilippo. Sanfilippo gave an admirable performance in the part of the witch-boy who could not comprehend the ways of humans. As the witch-girls, Joyce Bryan and Cherie Mohn were good in their witch-like motions and with the proper training would, no doubt, make excellent ballerinas. John Baker, Carl Lump and Mike Shirilla carried the humor of the hills to the audience with off-hand ease. The other female of note was Bunny Noga as Barbara Allen's chief rival in the back-hill community. Good college performances were given by: Norman Cassidy, Gary Norris, Pat Gubany, Anna Marie Zenko and Frank O'Block.

The curtain fell only after the first and last acts, with the scenes being changed on a dark stage. The silhouettes of the stagehands dashing

about distracted from the talents of the ballad singers Dick Shoemaker and Bob Alshouse. A noble attempt was made in trying to produce a wind. The wind failed. The thunder effect was not quite so miserable. These short-comings were more than made up for by the lighting. Much credit should be given to Joe Pinter, lights and Dick Dubiel, stage manager.

"Dark of the Moon" left over one thousand play-goers well pleased.

NIKE

In conjunction with Armed Forces Day, there will be a NIKE demonstration today in the student parking lot from 9 to 12 noon.

Social Science Group Stages Annual Dinner

Youngstown University Social Science Club elected new officers for the coming year at their annual banquet Saturday May 5, at the Ma Perkins Inn.

Mrs. Boty a social science instructor at the university, was the guest speaker. Several graduates of the university who are now working in the social science field also gave short talks to the group.

Plans are also being formulated for the annual picnic, tentatively scheduled for sometime in June. New officers of the club are: Don DeMarinis, president; Aubrey DeSouza, vice-president; program chairman, Mary Butch; secretary, Waltrout Stein, and treasurer, Tulli Steliandiakis.

Boss: "Who told you you could neglect your office duties just because I give you a little kiss now and then?"

Secretary: "My attorney."

Sam Directs The Band

The Billy May Orchestra under the direction of Sam Donahue will play tonight for the May Day Dance. The band features Sam Donahue, pictured above, and Marcie Miller.

Lt. Linsley Promoted

Lt. Frank Linsley

Frank J. Linsley, son of Mr. and Mrs. Edward H. Linsley of 2534 Volney Road, Youngstown, received his promotion to the rank of first lieutenant at The Chemical Corps Training Command here recently.

Assigned as commanding officer of the 11th Chemical Company (processing) of the 100th Chemical Group, Lieutenant Linsley entered the Army October 5, 1954, when he received his commission upon graduation from Youngstown College, 1954.

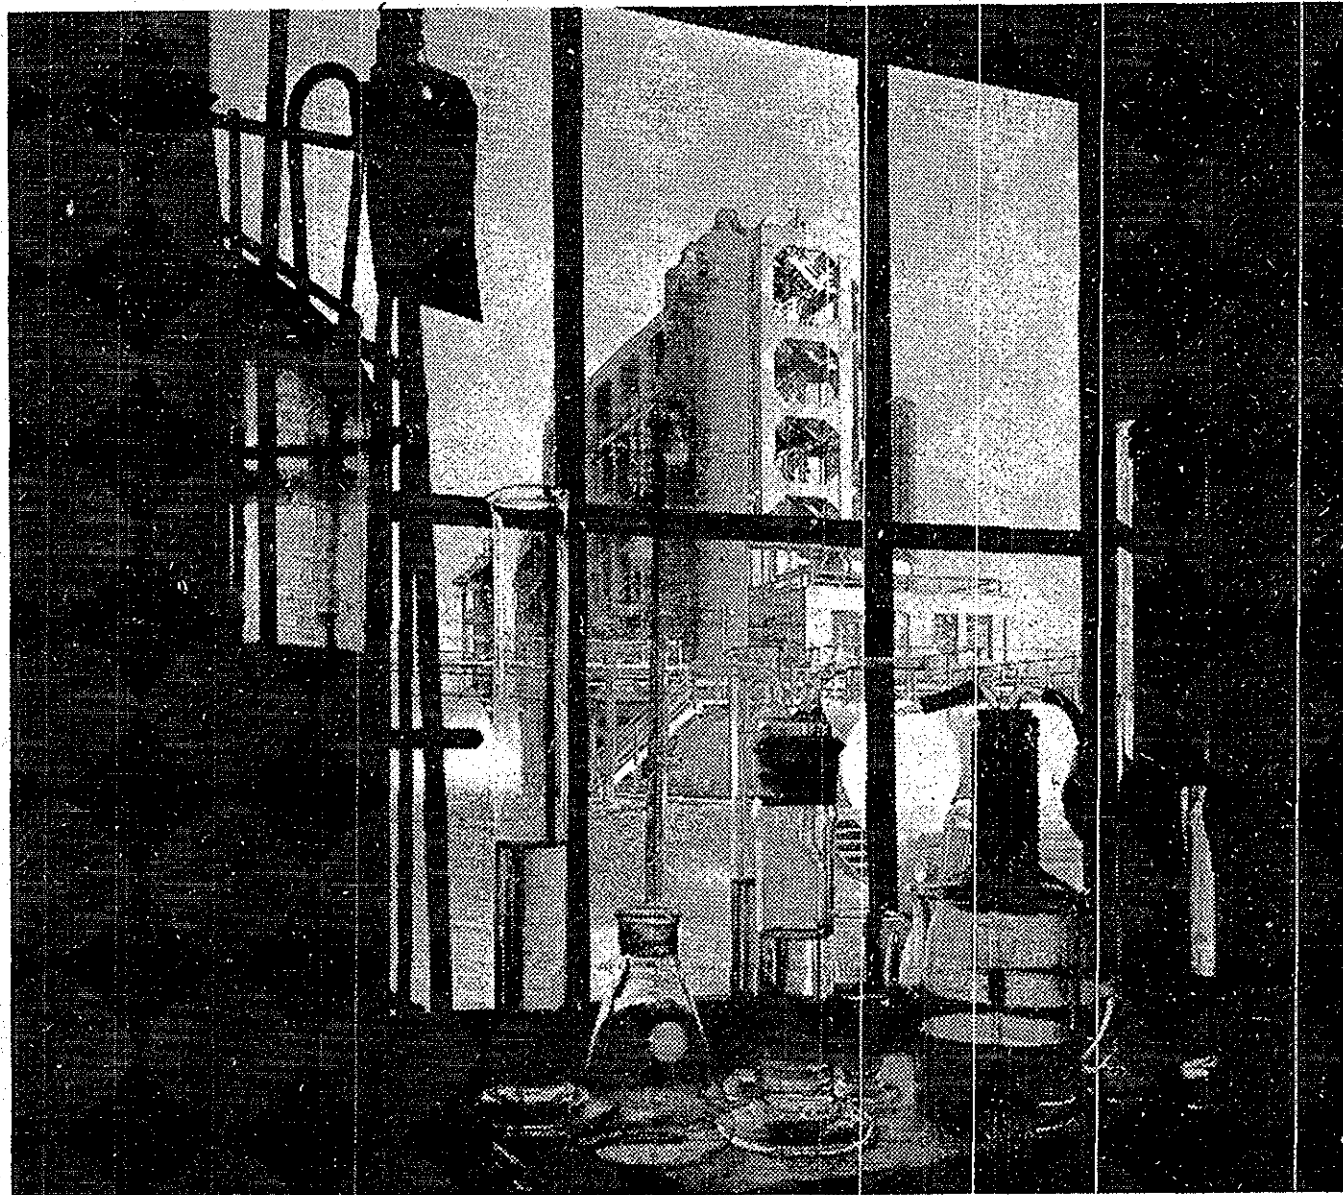

He attended the 12th Chemical Officer Basic Course at The Chemical Corps School here. Prior to his becoming commanding officer of the 11th Chemical Company, he was Executive Officer of the 317th Chemical Company (Processing).

Sigma Alpha Iota Elects Officers

Alpha Nu Chapter of Sigma Alpha Iota music fraternity of the Dana School of Music of Youngstown University has selected Virginia Stewart as president for the coming year.

Miss Stewart, a sophomore majoring in music education, graduated from Rayen High School and was a member of the Rayen Band and also a member of the Warren VFW Band.

Other officers include Marilyn Dahlgren, vice president; Beverly Sanker, corresponding and recording secretary; Judy O'Reilly, treasurer; Jeanne Slicker, chaplain; Lynn Reardon, editor; and Regina Hopfel, sergeant at arms.

YOUR FUTURE—Chemistry and Koppers?

IN an age when most frontiers are shrinking, there is one that is constantly growing—the frontier of the chemist.

This frontier has been pushed slowly back ever since the days of the pioneer 18th and 19th Century chemists. Their theories, proved in laboratories, were made useful by the mechanical genius of engineers such as Heinrich Koppers, designer of the modern chemical recovery coke oven. These early scientists laid the foundation for the diversified chemical industry that has grown so rapidly in the 20th Century.

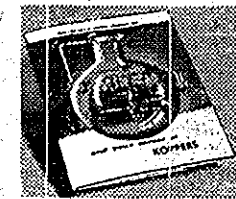

And what are the results? An industry that has helped mankind by developing entirely new and better products for more pleasant living; an industry that has extended the life of man by developing new or improved medicines; an industry that has extended the life of many materials, conserving our natural resources.

Your future? It's going to be touched by chemistry to an extent never dreamed of by earlier college classes. That's why a future in the chemical industry can be such a rewarding one for those who are not afraid of the challenge of responsibility, the new and the difficult.

In addition to chemicals and plastics, Koppers produces tar products, metal products, pressure-treated wood. It designs and builds coke, steel and chemical plants.

If you would like to know more about

a future in chemistry or engineering with Koppers, contact your College Placement Director. Or write Industrial Relations Manager, Koppers Company, Inc., Koppers Building, Pittsburgh 19, Pennsylvania.

SEND FOR free 24-page brochure entitled "Your Career at Koppers." Just address your letter to Industrial Relations Manager, Koppers Company, Inc., Koppers Building, Pittsburgh 19, Pa.
