YOUNGSTOWN, OHIO

VOLUME 30 NO. 4

SADIE HAWKINS DANCE SPELLS BACHELOR DOOM

S. C. Imposes New Regulations

The following letter was sent to all the student organization presidents at Youngstown University.

Dear President:

The members of Student Council spend many hours each semester laboriously constructing rules and regulations. These regulations are provided so that each organization will receive equal opportunity in all ways.

Our members are represented in many student organizations allowing us to be acquainted with the particular interests of the majority of campus functions. We feel that because of this, our regulations are neither unfair nor discriminatory; and should, therefore, be complied with by all groups.

Inevitably, however, these rules and regulations are not followed. We feel that the reason for this lies in the poor communication that exists between Student Council and your organizations. Student Council has adopted a plan that we hope will answer some of these problems.

On Saturday, November 10, 1956 from 9:30 a.m. until 12:00 noon in the Audio-Visual Room of the University Library, Student Council will hold a meeting of all the presidents of student organizations. Attendance is compulsory.

Any organization that is not represented will be declared inactive for the remainder of the 1956-57 school year.

Fully realizing that it may not be possible for you to attend personally, it will be your responsibility to appoint a subordinate officer: (Vice President, Secretary, Treasurer) to attend. This person will be responsible to you and your organization for the information passed on to him. If it is at all possible, we would like to have your faculty advisor attend also.

Any question you may have regarding this meeting should be directed to Paul Kennedy, Student Council President, or myself.

STUDENT COUNCIL

NOTICE

The deadline for all copy to be submitted to the JAMBAR for the next issue will be Nov. 14. No contributions will be accepted after this date.

Co-Eds Ready For Race; Mayor To Proclaim Day

Kappa Sigma Kappa fraternity will present their 20th Annual Sadie Hawkins Day festivities today. Mayor Frank X. Kryzan will proclaim the day at noon with the traditional race following.

Following the race, the participants will appear on the "Hal's A Poppin's" television show.

In the evening, the Dogpatch style dance will be held at the Eagles Hall with Angelo LaCivita band playing from 9 to 1.

Greets Crowd

Greeting the Lil' Abner crowd will be Marrying Sam, who is portrayed by Samuel Gould.

Chairmen of the affair is Ed "Lil' Abner" Trageser with Chuck "Tiny" Wollitz, tickets; Al "Kickapoo Juice" Sandel, refreshments; Joe "Little Joe" Schiffer and Jim "Hairless Joe" Corbett, programs; Johnny "Loverboy" Pavlov, decorations; and Chuck "Lonesome Polecat" Lehnerd, publicity.

Dress for the affair is Dogpatch style. Tickets for the dance are \$1.00.

Got Their Men

IT WAS A TOUGH FIGHT. But the girls triumphed again as Dick "Marryin' Sam" Reilly (far right) prepares to read the vows for (front row, l to r) Charlotte VanDan Handel, Chuck Lehnerd, Kay Harman, Chuck Wollitz, Gerry Wargo, Steve Valantasis, and (back row) Judy Millard and Vinnie Creps.

"Buy A Book Mark," Slogan Of Library Fund Campaign

The 1956 campaign to raise funds for the Youngstown University Library will begin with classroom solicitations on Thurs. and Fri. Nov. 15 and 16. Prof. K.W. Dykema has volunteered the services of the Communications 106 classes to collect the contributions.

On the evening of Nov. 16, the annual Ribbon Dance will be held in Strouss Auditorium, from 9 to 1 p.m. Ribbons, in the form of 'book-mark tags' will be given to all contributors. These tags will enable students to gain admittance to the dance.

Contributions will be accepted at the dance, or anytime the preceding two days. Donations from campus organizations will be gratefully accepted any time, and they will be given an extended deadline.

Elects Chairman

The general chairman for this year's campaign, as elected by the Library Fund Campaign Policy Committee, is Al Guerrieri. Al took an active part in last year's campaign, and is already vigorously directing plans and preparations for 1956. He has informed us that the slogan will be "Buy A Book-Mark!"

This year, a new practice is being initiated. All campus organizations will be encouraged to contribute much needed volumes or collections, a volume at a time, to the Youngstown University Library.

The gifts will be acknowledged by a special fly-leaf in each book, which will identify the organization who donated it. Details, including a list of urgently needed literature made up by the librarian, and a price list will be mailed to all groups, along with an application by which the organizations may signify their decision.

Maykowski Holds Senior Recital

Edward Maykowski, voice pupil of Madame Fanny Cleve, presented his senior recital at C.J. Strouss Memorial Auditorium on Wednesday, Nov. 7, to fulfill one of his requirements for the degree of Bachelor of Music with a major in music education.

Other recitals are being prepared by students of the Dana School of Music.

Nov. 14 - Senior Recital - Shirley Claret - piano - C.J. Strouss Aud.

Nov. 21 - Dana Symphony Orchestra Concert - Regina Hopfel, soloist.

WRA Wins Trophy; Elects New Officers

The Woman's Recreational Association recently won a trophy at Akron University's volleyball tournament. This is just one of the various playdays that are held at different colleges during the year which the group participates in.

Shirley Rorabaugh, senior and a 1953 graduate of Canfield High School, was elected president of the group during the organizations last meeting. Other officers include: Judy Johns, vice president; Ann Schmidt, secretary; Barbara Bussinger, treasurer.

The sports board chairman is Emily Hura; social chairman is Louise Gossich; Newsletter Editor is Ann Arbutina.

The group participates in all seasonal sports. At present, the group is sponsoring a sweat shirt drive. The shirts can be purchased at the Physical Education Building for \$2.50 each.

NOTICE

The Youngstown Police Department has notified the University that action will be taken to enforce crossing of Wick Avenue at the Lincoln Avenue light. Students crossing at any other point between Lincoln and Spring (particularly at the parking lot) will be penalized.

Menosky Named Editor Of NEON

Jack Menosky, a junior Pre-Law student, has been named by the Youngstown University Student Council as the editor of the University annual, the NEON. He succeeds Mrs. Jean Kelly, whose resignation left the post open.

In spite of earlier difficulties in procuring an editorial staff, which resulted in a delay in publication, Student Council assures the student body that the NEON will be distributed on time.

Other members of the staff are business manager, John Andreyko; associate editor, Ilona Walko; art editor, Alex Fedor; layout editor, Gloria Katula; sports editor, Al Mike; advertising manager, Vinnie Creps; and secretary, Marcella Matuschak. Faculty advisor to the publication is Prof. Baker of the English Department.

According to Menosky, a member of Nu Sigma Rho Fraternity, the theme will be "The Modern Trend." The new editor is married, and states as editorial qualifications membership on the 1956 NEON staff, two and one-half years on the Navy newspaper, "Mainsheet," as staff artist and publicity director, and one year conducting a television show on a local station concerning "Art hints to the Amateur."

ACS Plans Field Trips

Members of the student affiliate chapter of the American Chemical Society were conducted on a tour of the Mahoning Valley Sanitary District plant on November 2. More field trips are planned for the future including the Youngstown Police crime lab, the Ohio Works, Cold Metal Products, North Side Hospital lab and other local places of scientific interest.

The next regular meeting will be held in Room 312 at noon Nov. 13. If any member does not have a copy of the By-Laws and Constitution of the organization, they may be obtained at this meeting or from Dr. Bridgman at any time.

Due to the difficulty in arranging meeting times for regular meetings the Executive Committee decide alternate the meeting days.

The Campus Voice

Ann Arbutina
Patty Jo O'Brien

Question: Recently our campus was visited by two famous politicians, Richard Nixon, Vice President, and Governor Clement of Tennessee. Do you think their visits were beneficial to the Student Body. If so, why? If not, why?

Jim Quilty

Both of these men's visits were beneficial to the Student Body because they gave the students a chance to see the caliber of men who run our government. Both of their speeches were interesting and

stimulating.

Evelyn Cleveland

The recent visits of Vice-President Nixon and Senator Clement were beneficial to the students at Youngstown University for two main reasons. The first reason is that these visits gave the students an opportunity to become acquainted with politics and the people in politics. The second reason is that in the future the student who will vote will have an idea as to what his job will be as a citizen in his society.

Victor Sperling

"I feel that the appearance of political leaders at the University has two positive effects. First, it creates a more genuine interest in our presidential elections. Secondly, it denotes the growth of Youngstown University and the prominent role that it should play in this area. To create interest today is to build a strong America tomorrow."

Bill Rozinak

"Definitely yes! We, the students, are the individuals who are expected to judge our would be leaders, and in order to judge them we should understand them and their platform to some extent. We cannot receive an objective representation of our political candidates from local newspapers and biased propaganda sheets, therefore, in keeping with the democratic spirit we must seek out our own sources of information.

The personal appearances of worthy political leaders before the students gives each student the opportunity to understand these men and thus to make their own decisions concerning political parties and platforms."

Then there is the English prof who was trying to drum into his class the importance of a large vocabulary.

"I assure you," he said, "if you repeat a word 10 or 12 times, it will be yours forever."

In the back of the room, a cute blonde senior took a deep breath, shut her eyes and whispered, "Harry, Harry, Harry, Harry..."

Another Season Closes

For another year the football season has drawn to a rapid close. The ccbwells, horse blankets, shoulder pads, and megaphones have been put back into mothballs.

The coaches and the band directors breath a sigh of relief and hope that they have pleased everyone. The players once again can start to concentrate on the books and forget about that speedy half-back of the other team.

Dike Beede, his staff, and team must be congratulated for their efforts. Although they didn't win all their games, we can be proud of the ones they did win. They were battles hard fought, whether won or lost. We had a team that we can talk about and praise to anyone.

The Penguins and their opponents were virtually unhampered by injuries which shows that clean play and sportsmanship was the norm.

Their selection of contests was not an easy one. Colleges known for their tough teams were picked so that no game would be a push-over for the Youngstown squad. If the Penguins emerged as the victor it was solely because they were the better team, not the luckiest.

School spirit was at an all-time high for each of the games. Capacity crowds filled the stands at each contest despite some of the unruly weather at a few of them.

The cheerleaders also deserve mention here because, if it were not for them some of the wins would not have been possible.

Half-time performances by the marching band were excellent in every way. It could be seen that many hours of hard work and practice went into every show.

The whole season and its activities are certainly a credit to Youngstown University and to all who were involved.

Hats Off

Our hats are off to the Homecoming chairmen of the 1956 Homecoming. It is the general consensus of almost all the students in the University, as well as all the bystanders who viewed the gala activities, that this was one of the best Homecomings that Youngstown University has ever had.

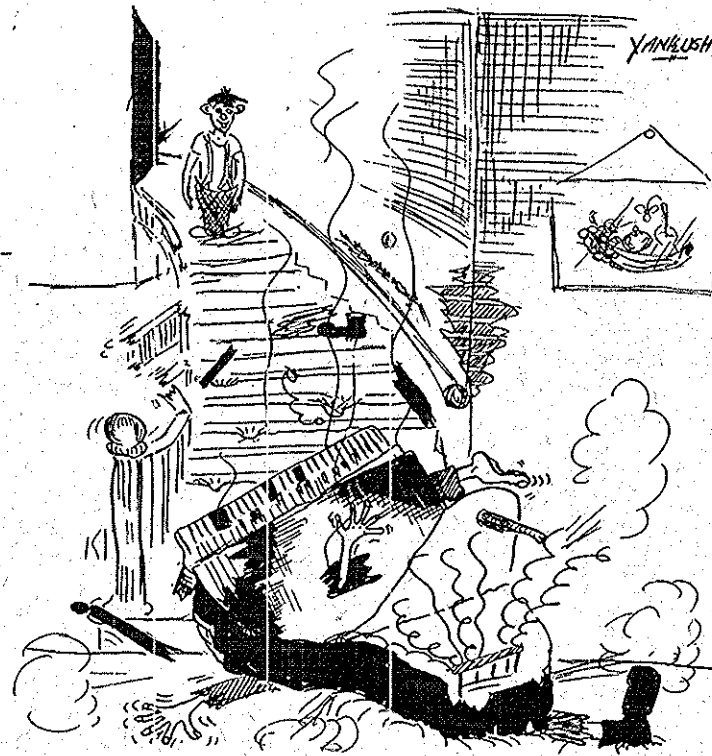

It was very evident that every activity was well planned in advance and seen to that everything went off according to schedule.

It could also be seen that many hours of conscientious thinking went into every detail of the events. The parade was started on schedule despite the trouble that was had by several of the floats in their battle with the wind.

Although the chairman had little to do with the Penguins battle with West Texas State, they can certainly be congratulated for the way the half-time ceremonies were conducted. Only one question, why couldn't the band kneel or something so that the spectators on the other side of the field could see?

The dance was almost too big of a success. Literally thousands of people were there, filling Stambaugh Auditorium to almost record capacity. The presentation of the queen and her court was very colorful and was a great asset to all who were involved.

Our only wish is that next years' Homecoming will at least equal years' Once again we salute co-chairmen John Bradshaw and Mondok for a job well done.

"Honest, Fred, I had an itch."

ENGINEER'S ANGLES

Well, here we are again after a week off. We hope you enjoyed our replacement. About this time of the year the chills in the air requires us to pull our steam tables a little closer to take the chill out of our weary bones and break out our rugby suit while heading for the gaming field for a jolly good time.

It was good to see the boys out working on the Homecoming float, only it might have been a little less worrisome if the boys could have started earlier in building it.

The bright spot appeared to be a paunchy glob of humanity which was poured into the saddle. Well, at least a float was entered.

Congratulations

Congratulations are in order for Professor and Mrs. E.A. Klingshirn upon the arrival of a new circuit breaker into their household on Oct. 29.

All kidding aside, congratulations on the new baby girl (we guess it would hardly be an old baby girl.)

This time of the year seems to be the time when all the politicians are stump-thumping for their favorite sons. It appears that this fever has caught on down here in Ozone Valley.

Astounding Facts

After taking a poll on favorite candidates, we came up with the astounding facts that Dean Charignon is an unanimous choice for Prime Minister of jolly old England.

His platform is that he will move this island to the South pole so that the English Channel will run all the way to America.

Now just a word for the French monetary system, we believe that the franc is good but it will never replace the American weiner.

Contest Started

Since there has been a growing concern around the Engineering School as to who is writing this Column, we have decided to run a contest to see who can write the names of the authors, while standing on Kells with his left foot, deriving the theorem of the mean. To enter this contest you must send with your answer a Russian ruble and the top off an old lab-instructor.

As an added incentive, for a prize we are offering an aerial photograph of the Secretarial School, a prize which should be close to the heart of every serious minded engineer.

After being given the fourth degree by our fellow students from across the boarder line, we decided to make a restitution for what we said about the "country club." Honest students (?), we didn't mean what we said and we hope you enjoy all the rest of your school daze.

Are Amazed

Since we are really into our classes by now there is one thing that amazes us, that is, how can it be so nice out-

side yet snowing inside?

We hear that Cookie Cagna is starting a movement to have his teachers investigated for subversive activities after seeing his tests papers with all the red marks on them.

If anyone should happen to see us walking around, and making funny sounds (acting like an engineer), it's because we never make the deadline with our column.

I must dispense with this dribble and shag out to copy a few lab reports so, until the future works of art do something so that we have something for the next column, "Long live the King."

A Letter To The Editor

To the Student Body:

I was very pleased with the fine reception given Vice President Nixon and Governor Clement when they spoke at the University. While one can expect the Student body to be courteous to visitors, I was proud of the fact that both speakers found the University audience attentive and enthusiastic.

Each of you has his own political convictions, many of you were inconvenienced by interruption of your regular schedule, but your attitude during the assembly sessions was exemplary.

Both Mr. Nixon and Gov. Clement left Youngstown University with a feeling of good will inspired by your cordial welcome. You and the Student Forum which sponsored the meetings are to be congratulated on this demonstration of good public relations.

Yours very truly,

H.W. Jones, President

JAZZ MEETING

Anyone who is interested in jazz is invited to attend a meeting every Tuesday, 8:00 p.m. at the St. Augustine Church basement, corner of Foster and Parmalee Streets. Bring records if desired.

Wiretapping

By Janice Simpson and Bob Foreman

MEN ARE SUCH GENTLEMEN

Five high school girls were searching for a little excitement so they decided to take two freshmen back to college. Gentlemen that Case freshmen are, told them it would be easier to turn around in the driveway. In a matter of seconds, hundreds of Case men were pouring out of their dormitories. Before it was over their car was turned sideways and both girls were carried off to some forlorn place. "Oh well, some girls have all the luck!"

Otterbein College

PASSES INTO ETERNITY

The Tan and Cardinal tells the story of a professor in a lecture trying to impress his students with the power of death. He emphasized "Everytime I breathe someone passes into eternity."

One bright upperclassman in the back of the lecture hall piped up with the suggestion, "Ever try Sen-Sen?"

Yale College

YALE STILL MALE

Sorry ladies, the rumor that Yale College's undergraduate school would soon become a co-educational has been denied by the president of Yale. His only comment was "Oh save us from giggling crowds, the domestic lecture and the home economics classes of female infiltration. "All we have to say is - Those men at Yale just don't know what they are missing!"

JUGS ARE RIDES

Ohio University - Athens.

Freshmen at O.U. asked their dating panel to explain the meaning of a "gin jug". Panel answered so: It's the same as a hayride without wheels.

PIGLET PLEDGES

Dennison University - Granville, Ohio.

A small piglet starred in a number of pledging ceremonies here last week. Some gay prankster kept putting the little piggy in all the sorority houses during the pledging ceremonies.

ENROLLMENT BLUES

University of California.

While taking a poll of students on what they thought of registration, one student answered pollers question with this thoughtful statement. "I can't say too much about regular registration. I always register late. I think it's much easier."

PROFANITY NEVER

University of Alabama.

"Sit down, Dammit!" said the Sigma Chi. But don't be alarmed; he was not being profane. The Sigs at the University of Alabama have a dog for a mascot. His name - Dammit.

MASCOTS WE WONDER

University of Alabama.

You can't quite put your finger on the Delta Tau Delta mascot. In fact it exists only in name; Jake Mintz (taken from an old movie).

And the Pi Kappa Phis recently lost their mascot, an alligator which is still wandering around the Alabama campus.

The end of our line - while wading and we do mean wading through our monstrous stack of papers, from which we gathered the (interesting?) items for this column, we came across the Central Daily News. We would have liked very much to use a few bits from this publication, but there was a definite snag in the idea. It comes from Taipei, Taiwan and China, and is printed entirely in Chinese.

Dykema Named Member Of Fellowship Committee

Prof. Karl W. Dykema, head of the Youngstown University English Department, has been named a member of one of the regional selection committees for the National Woodrow Wilson Fellowship Program.

The Fellowship Program has begun the most extensive campaign in its history to recruit outstanding young men and women for college and university teaching.

Two hundred professors last week started canvassing nearly 700 campuses in this country and Canada to seek out the most promising college graduates and offer them a year of graduate training in any of the humanities or social sciences.

Based On Premise

Based on the premise that "all teachers are interested in finding more good teachers," canvassing activities for the Wilson awards this year will be centered in 12 Regional Committees, supplemented by special representatives at 105 key colleges, who solicit nominations, receive records and recommendations of nominees, and personally interview the most promising candidates.

Recipients are guaranteed an adequate living for a year, with minimum restrictions as to the way in which the year is spent. They are permitted to study at any graduate institution in the United States or Canada.

While they are sometimes given an opportunity to do a limited amount of teaching, they are under no obligation to enter the profession of teaching.

Give Consideration

The committee in charge simply asks that they give serious consideration to the possibilities of the profession.

This fall, 151 Wilson Fellows are studying in 45 graduate schools, and since the inauguration of the program in 1945, 676 individuals have held or now hold Wilson grants.

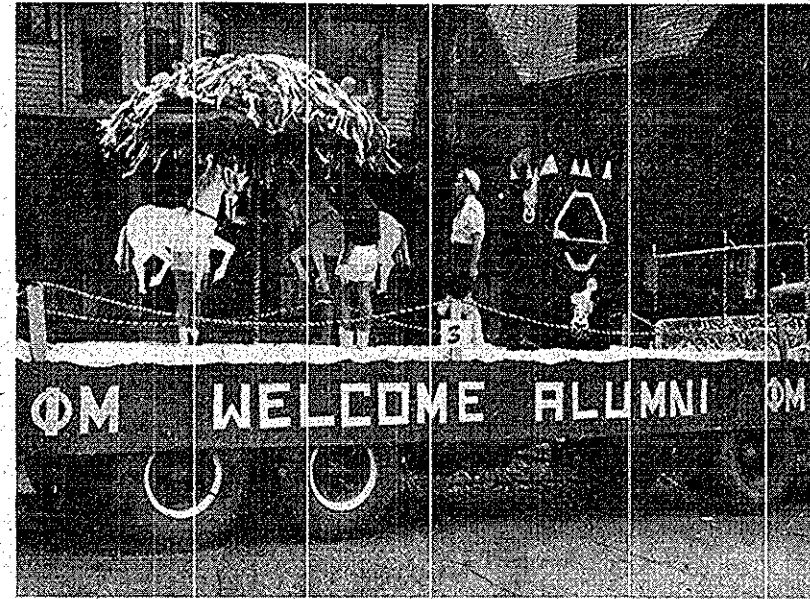

This program is sponsored by the Association of Graduate Schools within the 37-member American Association of Universities. Among the institutions sponsoring the program are Brown University, Catholic University of America, Columbia University, Harvard University, and Ohio State University.

The teacher wrote the following sentence on the blackboard and asked her pupils to paraphrase it:

"He was bent on seeing her."

Little Willie turned in his paraphrase: "The sight of her doubled him up."

Ride 'em Cowboy

Phi Mu sorority's "Welcome Alumni" float was judged the best of the sorority entries.

Buchanan Elected Pres. Of College Registrars

Mr. P.P. Buchanan, registrar of Youngstown University since 1928, was elected president of the Ohio College Registrars' Association at their 31st annual meeting held in Columbus recently.

Buchanan has served as vice president, secretary, and treasurer as well as on numerous committees of the organization.

He is a past treasurer of the Ohio College Admissions and Counsellors Association and a member of the American Association of Collegiate

Registrars and Admissions Officers where he has also served on various committees.

Mr. Buchanan received his B.A. degree from Hiram College and his masters in education from the University of Pittsburgh.

P/R Comments

The last half of the month of October saw the Pershing Rifle schedule of activities proceeding at a rapid pace. On Oct. 19, while still in the midst of a spell of Indian Summer, the P/R's held a dance at Strouss Auditorium.

The National Assembly of Pershing Rifles held at Des Moines, Iowa, from the 25 to 27 of Oct., was attended by four delegates from Company P. These men were Captain George D. Bosak, 1st Lt. Robert A. Frantz, 1st Lt. James Cvetko, and 1st-Sgt. Anthony G. Chula.

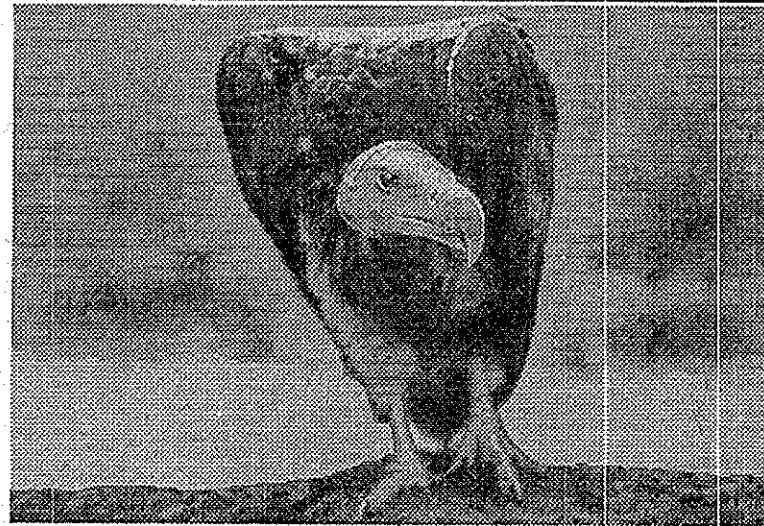

Held Parade

On October 31, the West Side Merchants of Youngstown held a Halloween Parade, in which was a 10-man drill squad under the command of 1st Lt. James Cvetko.

Friday night, November 2, saw 20 cadets become pledges of the Pershing Rifles Military Society. At a party held in their honor at Pollock House, these men received the blue and white ribbons of the Society, and were congratulated upon their completion of the first period of the pledge program. The next step for these cadets will be the period of actual pledgship, at the conclusion of which they will become active members.

As soon as a definite date is announced, the second pledge class of this year will begin. Again, any basic course Freshman or Sophomore R.O.T.C. cadet interested in becoming a member of Pershing Rifles is invited to take part in this program. For further information read the bulletin boards in Pollock House, talk to any active member of P/R, or stop in at the P/R office in Pollock House.

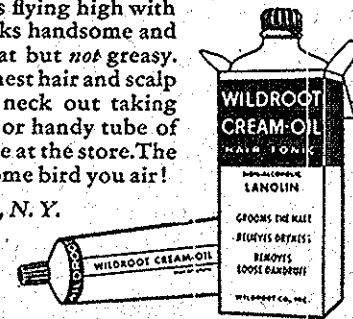

Everybody Picked On J. Paul Sheedy* Till Wildroot Cream-Oil Gave Him Confidence

"What's this I hear a vulture, breaking up with your girl?" asked Sheedy's roommate. "I don't know," wailed J. Paul, "She gave me back my diamond wing and told me to hawk it. What makes her carry-on so?" "Beclaws your hair's a mess," said his roomie. "If feathers a guy needed Wildroot Cream-Oil, it's you." So Sheedy went to the store and pecked up a bottle. Now he's flying high with his tweetie again, because his hair looks handsome and healthy, the way Nature intended. Neat but not greasy. Wildroot contains Lanolin, Nature's finest hair and scalp conditioner. So don't you stick your neck out taking chances with messy hair. Get a bottle or handy tube of Wildroot Cream-Oil the next time you're at the store. The girls'll soon be taton you what a handsome bird you air!

IT'S GREEK TO ME

By Pat Hrinko and Pat Gubany

After a hectic but happy Homecoming Season, the Greek Population on Y.U. campus have put away their posters and paints and settled down with their books.

Congratulations are extended to Angie Stizza, our beautiful 1956 Homecoming Queen and her court.

To be looked forward to are the Sadie Hawkins Day Dance sponsored by Kappa Sigma Kappa Fraternity, the Sweater Dance by Phi Lambda Delta Sorority, and the Harvest Moon Dance, Theta Chi Fraternity.

Also to be anticipated are midterms!

Phi Lambda Delta

Since the congratulations are offered to our beautiful sister, Angie Stizza, the 1956 Homecoming Queen, and her lovely court. Many thanks are expressed to the Phi Gams and the Alpha Phi's for backing Angie and to all the sisters who worked on campaigning (especially Joyce Doyle and Judy Millard, co-chairmen.)

Congratulations to our brothers on winning the float and also to the Phi Mu's.

A slumber party was held at Pat Hrinko's after Homecoming, was a real riot! Several of the sisters were seen dragging off to work the next morning, full of vim, vigor and vitality (?). After the food consumed there, we didn't think they would be able to eat again, but that night at Marlene Betras's Halloween party they seemed to be doing quite well consuming cider and doughnuts. The wolves were really showing their teeth when Larry Baytos (alias Legs) walked in as Little Red Riding Hood.

Pat Gubany wants to thank all the kids who so willingly spent many hours working on the float. Many a tear was shed when it blew apart on the way down Fifth Ave. Clouds of smoke were seen issuing from Ruth Navin's garage as the sisters tried to make steam.

The Phi Lams have turned their full attention to the Phi Lam Sweater Dance to be held November 21 at the Eagles Hall. Mary Fran Doyle is chairman.

Theta Chi

Theta Chi held its first rush party of the fall semester on October 22 at the American Legion. A good crowd turned out for the first annual Casino Party. Remarks by Pres. Jack Chugden and the refreshments lent a relaxed air to the occasion. Bill Ohlinger won the door prize for cleaning out the actives for \$53,000.

They are looking forward to their second rush party which will be a Square Dance with the Delta Chi's on Wednesday, November 7 at Willow Ranch.

Next weeks game with Gustavus-Adolphus finds the Theta Chi terror, Tony Cougras, playing his last game as star starting end for Dike's Youngstown eleven. Cougras has proven to be, in the past three years, one of the finest ends Youngstown football has ever seen.

Sigma Phi Epsilon

The Sig Eps have been busy since last issue, with their first two rush parties and a fine banquet celebrating 55 great and successful years.

On the 24th of October, the first rush party of this season was held at the Wick Park Clubhouse. Joe Santangelo, home for the weekend, gave a talk on the importance of belonging to a fraternity.

The following week on November 1st, the "Purple Jacketeers" went to Ma Perkins for their annual Founders Day Banquet. Mr. Karl Benkner, Senior Advisor for the Sig Eps for 25 years, received a plaque commending him for his guidance and service. Dr. K. Harder also received a gift, expressing appreciation of his contributions as Junior Advisor.

Sunday afternoon, Nov. 4, the second rush party was held at Homestead Park.

1956 Crowning

Miss Jan Welsh, 1955 Homecoming queen, is shown above, on the right, crowning Youngstown University's 1956 Queen, Miss Angie Stizza, at the half-time ceremonies of the West Texas State game.

The Sig Eps are now looking forward to their last rush party, a coming party with the Phi Lams and pledging!

Congratulations to Bob Cooksey, new Vice President and Tony Conti, new Guard over in "Six Ed Heaven."

Phi Gamma

The Phi Gam's are certainly glad to see the Homecoming weekend gone. It's not that they don't like it, but it is bad for the nerves.

The P.G.'s would like to thank John Bradshaw and Bob Mondok for making this Homecoming, one they will always remember. Fine job, men!

We hear Larry Baytos makes quite a hit as Little Red Riding Hood. Isn't that nice?

Jack Baytos recently acquired a movie camera just before Homecoming. The Phi Gam's are thinking of renting the pictures out for stag parties!

The Phi Gam's first rush party was held on Oct. 19, at the frat rooms. We'll bet their rushees know more about the city's highway arterial system than any others!

Gamma Sigma

The "Mum" sale was a huge success this year. Thanks to everyone for buying the mums and remember that they'll be selling them next year too. Moe Cooney was top salesman this year with a total of 129 mums sold.

Congratulations to the Phi Mu's and the Phi Gams upon winning the trophies for the best floats. Congratulations to all the other organizations for the splendid floats they presented in the Homecoming Parade. Everyone enjoyed the Homecoming activities, and felt that all did their best to make this Homecoming a friendly and memorable event.

They're all looking forward to the Kappa Sig's Sadie Hawkins Day activities. All the Gamma Sig's will be taking part in the activities and several of the girls will dress as Sadie Hawkins.

Alpha Phi Delta

Alpha Phi Delta wishes to congratulate Angie Stizza, 1956 Homecoming Queen.

A rush party was held two weeks ago at Buchies Hideaway. A good time was had as Chuck Patka did an imitation of his "ideal", Elvis. Ralph (Joe Period) Devito thinks Farrell is the only high school in the United States. Ask Johnny (Gouncho) Felde why he wouldn't let anyone see his hand while he was playing cards.

Tom Fortunato, Nick Marnejon, Mike Roncone, and John Felde are making plans for a date agency. Lots of luck, boys.

Another rush party was held at the Hideaway on Thursday, November 1. Everyone had a great time.

Sigma Delta Beta

The Sig Deltas enjoyed a tremendous rush party held on Oct. 28 at the Willow Ranch. The Nurses provided feminine entertainment; however, a scuffle over two certain ones, nearly ended in a riot. As usual Joe Nohra went overboard and bought too many olives, so he stayed overnight and finished off the remaining gallon.

The last rush party, a dinner, will be held on Sunday night.

There should be an investigation to see where Dom Marino, Carl Veriholick, and Bill Dusch go after the meetings on Sunday night. The Avon Oaks is their hide-out. John Hernandez is still going up to the Home Theatre for some reason? Tom Buch and Bob Buzga are breaking records on their way in from Sharon. The "blue terror" is really a made over half-track.

Beta Sigma Omicron

The Beta Sigs are recovering from all the rush and excitement of Homecoming. All of the kids who worked on the float did a good job, and congratulations go to Sally Gribbon and Louise Gossick, who were co-chairmen.

Looking Around...

With Ernie Gauld and Bill Sponsler

To begin this column we give you a little gem from Ern's Urn:

Thirty days has Sept., April, June, and no wonder; all the rest eat peanut butter, except grandma, she drives a Buick.

Judy Millard has discovered what to do with all the cider she had left over from the Newman Club Halloween party. It seems she heard little, innocent Bruce Bond telling Bucky Gillespie, "Ike" McHugh, Bill Finn, and Jerry Repasky about his special year long preparations for "More Better" cider at the lake.

By the way, has any one seen Bruce lately? During the Homecoming parade he was last seen walking behind several horses and no one has seen him since. Anyone with information please notify Bob O'Neil --- he worries.

Once again you are able to walk down the Main hall in quiet solitude now that Homecoming elections are over for another year. Of course the fact that the elections are over takes a little longer to get through to some people than others.

In fact, Tessie Todarello is still campaigning for May Queen of 1953. Of course we guess that's how it gets after being around here for a few years. "Such a business." The real reason behind the story from what we hear is that as a freshman, Tessie got bounced on her head, knocked on the floor, and trampled on during the Homecoming elections, and hasn't been right ever since.

Seems that John "ex-chief low on the totem pole" Tudhope got into a little trouble a couple of weeks ago. Just what did happen to that eye, John? Of course knowing you, you probably have a hum-dinger of a story.

What's this we hear about Peggy Lou Dignan, Toni Carlemagne, Janice Goerges, Martha Clark, Bernadine Clark, Betty Lou Storey, and Mary Bannon starting an "Elvis for President" club?

These girls have a big hound dog with green eyes that sings "Don't Be Cruel" in B flat and G sharp major and minor at the same time. When they aren't parading around, they (the dogs) have meetings where they play "Love Me Tender" till the wee hours of the morning.

But before they part they all faithfully say their motto, "We want Elvis the Pelvis cause he's the swellest." (Don't blame us for the crummy motto, we only work here.) Girls will be girls!

The car industry is really getting to be something anymore. For instance, you can see the '57 models in '56 and pay for them in '58. In fact we know a kid who bought a 1939 Ford in 1950 and still has not paid for it. If you don't believe this just ask Vince Golle.

Since we didn't have a column last issue we didn't have a chance to congratulate our lovely Homecoming Queen Angie Stizza and her charming court. --- Congrats!

In closing we leave you another relic:

A flea and a fly were caught in a flu
And didn't know what to do.
Said the fly, "Let us flea!"
Let us fly," said the flea.
So they flew thru a flaw in the flue.

Congratulations to Fran Minghetti, who was an attendant in the Homecoming court.

A shower, given by Marri Anne Bartik and Pat Beacom, was held last Sunday at Marri Anne's home in Niles. Joanne Witherow, the honoree, received many gifts of silver, linen, and crystal. Joanne will be married to Jay Troy on Thanksgiving Day.

The Beta Sig alumni entertained them at a recent Halloween Party held in Lincoln Park. It was a costume affair.

The next event on their calendar is the Beta Sig Minstrel Show to be held on November 17. Judy Barrett is chairman. You can buy your ticket from any Beta Sig.

Tau Kappa Epsilon

The last few weeks have been very busy ones for our local Teke chapter. We have not only been busy planning our rush parties but also some of our fraters have been visiting other Teke chapters.

We held our first rush party on Oct. 22 at Willow Ranch. It was a stag affair, cards were played and slides of past fraternity functions were shown.

Our second rush party was also a big success. We held it on Halloween night with the freshman girls and student nurses as special guests.

On November 27th eleven of our more adventuresome members attended a masquerade party which was held at our neighboring chapter at Gannon

Miss Jan Welsh, 1955 Homecoming queen, is shown above, on the right, crowning Youngstown University's 1956 Queen, Miss Angie Stizza, at the half-time ceremonies of the West Texas State game.

By the way, has any one seen Bruce lately? During the Homecoming parade he was last seen walking behind several horses and no one has seen him since. Anyone with information please notify Bob O'Neil --- he worries.

TIME OUT BEFORE BROADCASTING! Dick McLaughlin and Joe Phelan enjoy the fall scenery on campus before the broadcast of the Youngtown University Quarter Hour.

Phelan, McLaughlin Head JAMBAR "Quarter Hour"

The Youngtown University Quarter Hour is in its seventh year of broadcasting. The Quarter Hour consists of feature stories, sports, the hit tune of the week and a guest interview, usually a leader of campus activities.

The program is heard Saturday mornings on WBBW at 11:00.

For the fourth straight year Joe Phelan is co-announcer of the show. Joe is a senior majoring in Psychology, and is a member of Phi Gamma fraternity, the Psychology Club, Newman Club, and is a First Lieutenant in the R.O.T.C.

In First Year

Beginning his first year on the Quarter Hour is Dick McLaughlin. Dick is a veteran of two years army service, is President of Phi Gamma fraternity, member of President's Committee, Newman Club, and Inter-

fraternity Council. He is a junior pre-law student.

Don Elser is faculty advisor of the group.

A tourist stopped his car on the road and asked a country boy how far it was to Smithville.

The boy replied, "It's 24,999 miles the way you're goin', but if you turn around, it isn't but four."

A sensible girl is more sensible than she looks because a sensible girl has more sense than to look sensible.

Smiling Royalty

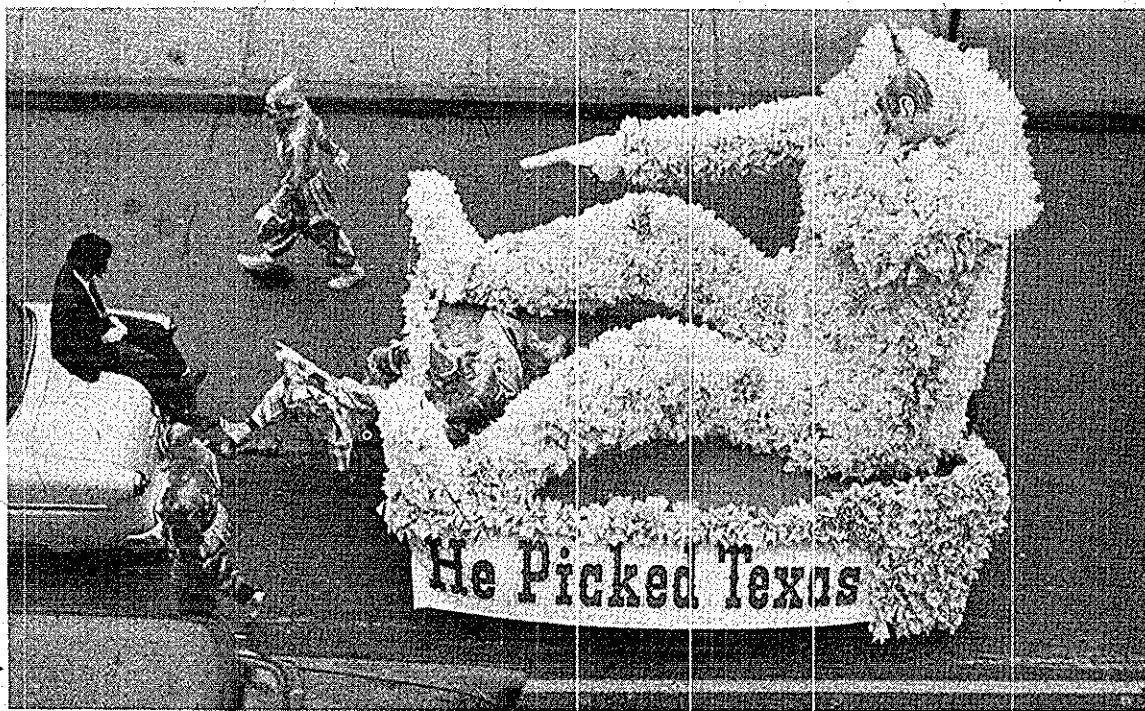

The 1956 Homecoming queen and her court include (l to r): Shirley Clarrett, Patty Flynn, Queen Angie Stizza, 1955 Queen Jan Welsh, Patty McGowan, and Fran Minghetti.

Independent Winner

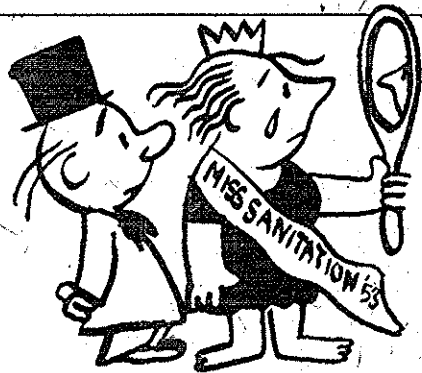

These Youngtown Hospital Association Nurses were the winners of the independent student organizations float entries.

Sad Willie

The laughing clown and sad "Willie" float was picked as the winner of the fraternity division. The float was entered by the Phi Gamma fraternity. The part of Willie was played by Ray Schindell.

IT'S FOR REAL! by Chester Field

MEMORIES

She looked in the mirror to see if she
Was still the girl she used to be
... Miss Sanitation '53.

That was the day she reigned supreme.
'That was the day they made her queen
of sanitation—and sewers, too!
'The happiest day she ever knew!

"Life," she sighed, "is never the same
After a girl has known real fame;
After a girl has been like me
... Miss Sanitation '53."

MORAL: Once you've known the real
pleasure of a real smoke, no pale
substitute will do. Take your pleasure big!
Smoke Chesterfield. Enjoy big full
flavor . . . big satisfaction. Packed
more smoothly by Accu-Ray, it's
the smoothest tasting smoke today!

Smoke for real . . . smoke Chesterfield!

Sig Eps' Honor Benkner For 25 Yrs. Service

Mr. Karl Benkner, engineering professor here at the University, was honored last Thurs. night, Nov. 1, for 25 years of service as senior advisor to Sigma Phi Epsilon fraternity.

At the Sig Eps' annual Founders Day banquet, Bill Sponsler, president of the fraternity, presented a gold scroll plaque to Mr. Benkner, in behalf of the fraternity, commending him for his assistance and advice since 1930.

The Sig Eps' were honored by the presence of Dr. Jones, the University President, and Mr. John Gillespie, the Dean of Men, who was the guest speaker.

TAPE DANCE

A Tape Dance sponsored by the Junior Class of Youngstown Hospital School of Nursing will be held Nov. 14, at the Eagles Hall from 8:00 to 12:30. Everyone is invited to come. The dance is stag or drag.

Danforth Foundation Welcomes Applicants

The Danforth Foundation, an educational trust fund in St. Louis, Missouri, invites applications for the sixth class (1957) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1957, for their first year of graduate study.

The Foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President Howard W. Jones has named Dean Joseph E. Smith as the Liaison Officer to nominate to the Danforth Foundation two or not to exceed three candidates for these fellowships.

Promise Aid

These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need.

The maximum annual grant for single Fellows is \$1800; for married Fellows, \$2400 with an additional stipend for children. Students with or without financial need are invited to apply.

All applications, including the recommendations, must be completed by January 31, 1957. Any student wishing further information should get in touch with the Liaison Officer, Dean Smith.

A friend of ours says a friend of his just returned from a drinking tour of Italy.

"The only place he was comfortable was at the Tower of Pisa," says our friend. "Everything else looked off kilter."

Where Did They Go?

Somewhere on the Youngstown University campus are 60 young ladies who don't belong to us. Three afternoons a week, Monday, Wednesday and Friday, they can be found in the biology laboratories in Room 307. During the rest of the week, look around, for one might be sitting next to you in class.

These 60 girls are freshman student nurses who are enrolled in the Youngstown Hospital Association School of Nursing. When they complete their three-year program, they will be graduate professional nurses, but for their first year they "go collegiate" and take part of their courses here at the University.

The nurses-to-be have what we consider a "rather rough schedule." Besides University courses in Communications, Psychology, Social Sciences, Chemistry, Biology, and Nutrition, they are taking nursing subjects that will teach them how to care for patients at the South unit of Youngstown Hospital.

Are Active

But this doesn't keep them from having a taste of college social life. The girls are encouraged to participate in as many campus activities as they are able, and to join the social organizations that interest them.

During their second year, the girls will spend most of their time at the North and South units of Youngstown Hospital, but will return to the University campus for a course in sociology. Their entire third year is spent in the hospital.

Miss Winifred Bossert, associate director of the School of Nursing and co-ordinator of the freshman program, explained that while college credit is given for work done at the University, the program does not lead to a degree. "However," Miss Bossert explained, "the girls like the taste of college life so well that many of them do return to obtain their degree when they have completed their nurses training."

Unusual Feature

An unusual feature of the Youngstown Hospital Association program, according to Miss Bossert, is that the student nurse may live in residence or at home, as she pleases. The girls are responsible for paying all their own expenses while in training, but they are paid for their services in the hospital.

"We feel that in this way a girl develops a sense of responsibility and independence," said Miss Bossert, "that makes her better qualified to go out on her own when she graduates."

Another interesting feature of the program is that male students are accepted. In this year's freshman class, there is one man who is training for the nursing profession.

Miss Muriel Dunlap is director of the School of Nursing, and Dean Olive P. McCarty is the counselor for the nurses and University co-ordinator.

Dr. Clare L. Worley, head of the University Biology Department, is the academic advisor to the nursing program.

Violinist Presents Faculty Recital

Olga and Alvin Myerovich, Youngstown University Faculty members and well known local violinists, recently presented a faculty recital of the Dana School of Music.

Included in the program were "Canons and Fugues Op. 13b, No. 1 and No. 2," by Reger; "Theme and Variations," by Hawthorne; "Concerto in D Minor for Two Violins," by J.S. Bach; and "Concerto Grosso in D Minor Op. 3, No. 11," by Vivaldi.

Heads String Department

Head of the string department at the University, Mr. Myerovich is concertmaster of the Youngstown Philharmonic Orchestra and Mrs. Myerovich is assistant concertmaster.

Mr. Myerovich has his degree of bachelor of music from Cleveland Institute of Music, his bachelor of science in education degree from Youngstown University, and his master's degree from Western Reserve University.

He has studied under Sascha Jakoboff and Albert Meloff of the Curtis Institute of Music and under Andre de Ribaupierre, Louis Persinger, and Joseph Fuchs of the Cleveland Institute of Music.

Studied at Dana

Mrs. Myerovich was a student of Mr. Myerovich at Dana School of Music where she received her degree of bachelor of science in education in instrumental music. She was one of the finalists in Leopold Stokowski's national youth orchestra competition a number of years ago.

What young people are doing at General Electric

Young engineer sells million-dollar equipment to utilities

Selling electric equipment for a utility substation—a complex unit used in power transmission and distribution—requires extensive technical knowledge of the products involved. Men who sell such complex equipment must also know a customer's requirements, what will best fill his needs, and how to sell the merits of their products to the executives who buy such apparatus.

One such man at General Electric is 31-year-old Allen J. Clay, an apparatus sales engineer serving the electrical utility companies in the Philadelphia-Allentown area.

Clay's Work Is Important, Diversified

For Clay, technical selling is not a door-to-door job. As a representative of General Electric, he must be ready to discuss customer needs with vice presidents or help solve intricate problems with skilled engineers. His recommendations are based on his own engineering background, and are backed up by the know-how of the Company's best application engineers. His interest in working with people carries over into his community life, where he takes a part in many local activities—Rotary, Community Chest, Boy Scouts, and his University Engineering Alumni Association.

27,000 College Graduates at General Electric

Allen Clay is a well-rounded individual who has come to be a spokesman for General Electric wherever he goes. Like each of our 27,000 college-graduate employees, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given freedom to make progress, everybody benefits—the individual, the Company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

ALLEN J. CLAY joined General Electric in 1946 after receiving a B.E.E. from the University of Virginia in 1945. A naval officer during World War II, Clay managed the Charlottesville, Virginia, office from 1950 to 1955.

Progress Is Our Most Important Product

GENERAL ELECTRIC

Jet's Jargon

By John E. Tudhope

Pity the poor sports writer this year. Almost every week some weak football team comes along and knocks the daylight out of one of the stronger teams in the country.

Take for example one weekend that I chose to make picks. There were five teams on the list to win. All five of them lost. This can only happen to me. There isn't another guy in the country that has picked as many bad ones as I have.

I will make a promise to you right now. Never again will there be any selections in this column.

Our Chicago correspondent, Windy Loop, informs us that the White Sox are very pleased to have acquired the managerial services of Al Lopez for the coming baseball season. They couldn't find a nicer guy to run the ball club.

This writer is just a little afraid that Lopez will run into the same trouble with Chuck Comiskey as he had with Hank Greenberg. Comiskey, like Greenberg, has too much to do with the managing of the club.

Cleveland may have a difficult time getting a manager because of the way "Hank" tries to run things. It's a good thing that Leo Durocher didn't get the manager's post. If he had there might have been a real knock-down drag-out fight in the Greenberg office. Leo won't take orders from anyone except Lorraine.

While we are on the subject of Cleveland, we will have a moment of silent prayer for the Browns. It just doesn't seem right to see them so far down in the standings.

There may be method to the madness. Paul Brown knew that he would have to take it on the chin one of these years, so he is playing cat and mouse by holding back his troops.

An indication of this is that late in the games with Cleveland behind, Paul is calling running plays instead of passing plays. Never before have these eyes seen him do this.

This may be the ideal year to finish at the bottom of the league and draw the first draft choice. After all Jim Parker only graduates once and this would be the year to grab him.

What a defensive line they would have then. Ford, Massey, Colo, Gain, and Parker would make an immovable object. You would need a tank to take them out of a play.

All over the country the various teams are having serious trouble with the injury bug. Youngstown is no exception. There hasn't been one game other than the first one that the starting backfield has been intact.

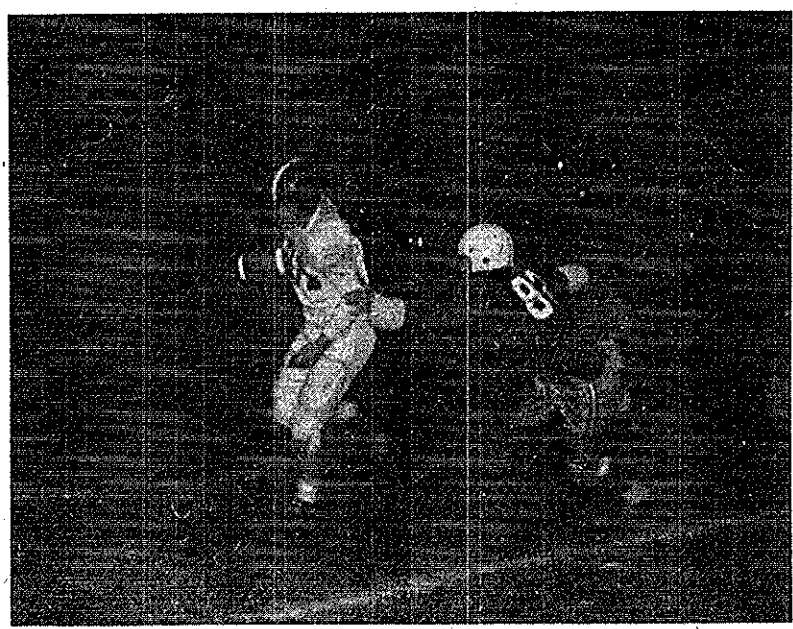

First Carter was hobbled with an ankle injury; then Rouse and Kimmel followed with injuries. Dave has not been forced out of action as yet but the injury has curtailed some of his slippery movements.

In the North Texas game several of the linemen were injured and the casualty list mounted. In this game the Penguin line gave a fine display of defense in holding back the Eagles. The tackling up front this year seems to be much more vicious. When a man is hit by one of our men he stays hit and doesn't continue for several more yards.

I am now working in an office with two frustrated football coaches so I may be able to inform you more clearly about the Bowl games this year. These two gentlemen discuss plays frequently and I am beginning to get more of an understanding of the game.

All men are not homeless, but some are home less than others.

Picks Up Ground

END OF THE LINE? Dave Kimmel appears to be at the end of the road in this shot but, he went on to score for the Penguins.

Penguins Defeated By Texans; Route Marshall College

By Jim Bowman

Playing host to a highly touted football team on Oct. 26 the Penguins went down to defeat at the hands of the North Texas State Eagles, 19-12, before a rain soaked Homecoming crowd of 7,500.

The first score of the game occurred in the first 60 seconds of play as a handoff from Jerry Cox was fumbled on the Youngstown 10 yard line and recovered by the Texans. Jerry Young made the first score for the Eagles.

The first Penguin tally came when Dave Kimmel cut through tackle from the 38 yard line and, with the help of Jake Ewashko's block, scampered for the TD. John Rouse missed the point after.

Davis Intercepts

The Eagles were again foiled as they started to move after the kickoff. Wright faded to pass and was hit hard as Cliff Davis came in to intercept for the Penguins final score of the night. Rouse's kick was wide.

The next counter of the game came after the Eagles had marched 80 yards to lead at half-time, 13-12.

The third quarter saw both teams threaten. But interceptions and fumbles with the aid of airtight defenses caused the score to remain unchanged.

Renfro Scores

The last score of the game came as John Renfro, brother of the Cleveland Brown's Ray Renfro, intercepted a pass on the Penguin 37 and scampered for the score. The kick after touchdown was good and the score remained at 19-12.

In their next game of the season, the locals routed Marshall College by a score of 33-13. It was a very impressive victory for the Beede eleven.

The first score of the contest came early as the locals took over on the 25 after the kickoff. John Rouse hit paydirt from the Marshall four yard line. The try for the extra point was missed.

Templin Intercepts

Marshall's first score came as Hanzes' pass to Dom Delsignore was intercepted by George Templin who raced to the six yard line of the Penguins before being brought down. After three tries, their first TD was made.

Vechiarella, Youngstown center, got credit for the next touchdown as a punt was blocked by Delsignore and Vechiarella recovered in the end zone. John Rouse converted and the score stood at 13-7 at the half.

The thundering herd from Marshall

College then knotted the count in the third period at 13-13, as Bill Zban, Marshall quarterback and former Youngstown East star, passed 61 yards to Jackson who hit paydirt. Zban then converted.

Kimmel Runs 50 Yards

After the kickoff, Dave Kimmel then broke loose from midfield and charged 50 yards for a touchdown. Rouse's kick was good and the Penguins had a lead of 20-13.

The locals next score then came as a Marshall fumble was recovered by Charley Adams on the 31. Youngstown moved to the eight, where Jerry Cox hit Dom Delsignore for a six pointer.

Then with 8:21 minutes left in the fray, Zban started passing and moved to the 21. His next pass was intercepted by John Rouse on his own 15 yard line, and Rouse sped all the way down the sidelines, 85 yards for a touchdown.

Thus the locals have a chance to equal their season record at 4-4 if they can gain a victory over Gustavus-Adolphus this week.

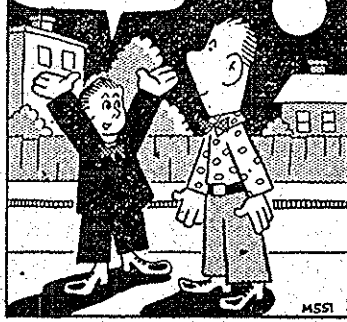

A despondent old gentleman emerged from his club and climbed into his limousine.

"Where to sir?" asked the chauffeur.

"Drive off a cliff, James, I'm committing suicide."

Hernando's Hide-away

By John Hernandez

Now that the hard, tough football season is history, basketball, the twin sister of football as far as importance is concerned, takes over. Coach Don Rosselli, although it is entirely too early to be going out on a limb about predictions, is very elated.

It is known by almost everyone that the Penguins will be without Tony Knott this year. However, six lettermen will be returning for Coach Rosselli to work with.

Towering Bob Mayberry will again occupy the center slot while Bob Atterholt, Charley Moore, Herb Lake, the Midland Pa. product who has a terrific freshman year, and the Melfi brothers are available.

Competition Strong

These regulars will have plenty of competition, however, from the newcomers this season, and don't be surprised if a few new faces crack the starting five.

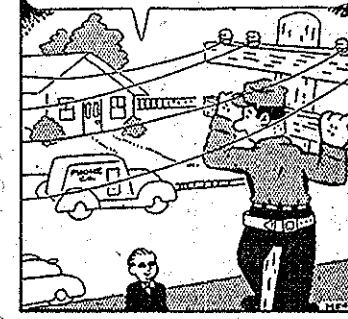

Two of the areas most promising high school graduates picked Youngstown University to lend their basketball talents to. Mickey Yagovich, All-City from Woodrow Wilson, and Tom Steele of Struthers will add tremendously to the Penguin's strength.

Other capable candidates are Phil Guiliano of Niles, Jerry Pierce of Midland, Pa., John Gorges of New Castle, Roy Taylor of New York, and a product from far away New Jersey, Steve Hawthorne.

"The way I'm playing golf," muttered the man one Sunday morning, "I'd be better off in church."

Vic Vet says

The old college jalopy puffed up and came to a rattling halt at the turnpike tollhouse. "Twenty-five cents," said the tollkeeper. "Sold!" cried the student.

Doctor: "That pain in your leg is caused by old age."

Grandpa: "Nonsense. The other leg is the same age and it doesn't hurt a bit."

"Coke does something for you, doesn't it."

You feel so new and fresh and good — all over — when you pause for Coca-Cola. It's sparkling with quick refreshment . . . and it's so pure and wholesome — naturally friendly to your figure. Let it do things — good things — for you.

Nu Sigma Rho

The Nu Sig's "Pete Penguin Ball", which was held Saturday, October 13, was a great success. Their thanks and appreciation go to the people and organizations who helped make it a success. Lots of luck is wished the forthcoming Sadie Hawkins Day Dance held by Kappa Sigma Kappa and the Harvest Moon Dance held by Theta Chi.

The Nu Sigs would like to welcome Tony Jannetto back into the frat after a few years of Navy life.

The first rush party, under the guidance of Don Keck, pledgemaster, proved to be a great success. Nick "Runt" Rostan and Gus Hafizotis highlighted the entertainment for the night. Alumni chairman, Fred Krolopp reports that a party with the alumni is scheduled for the near future.

After a few years lay off the Nu Sigs again produced a commendable float supervised by co-chairmen Dick Moskowsky and Tony Jannetto.

Kappa Sigma Kappa

The rush season is in high gear and so was "Red" Tyrrell who M.C.'d the first of three. The brothers are looking forward to the banquet which concludes the rush festivities for the semester.

The 20th annual Sadie Hawkins dance sponsored by Kappa Sigma Kappa, is approaching and chairman Ed Tragesser states that it will have all the authentic features of the Dog-patch shindig.

A "Scholastic Committee", composed of men who excel in their particular schools, has been formed. Their duty will be to aid those of us who aren't so generously endowed with the gray matter. Credit for this much needed addition to fraternal organizations goes to Dean Gillespie.

Congratulations to the newly elected class officers and particularly brother Harry Joyce, Senior class treasurer.

A western theme highlighted a very enjoyable party with the Phi Mu's.

Alpha Phi Epsilon

Alpha Phi Epsilon will start its rush season on Oct. 31 with a party at Pollock House. The alumni will be guests. There will be another rush party on Nov. 7.

Everyone is busy working on arrangements for the dance to be held in Strouss Auditorium after the football game on November 18 - just ask Barb Wentz.

The hay-ride held at Dana Basto's farm was a huge success even if it did rain. Peggy Tiller can give you many ways on "how not to get wet while on a hay wagon."

Congratulations to our sister Fran Minghetti who was in the Homecoming Court.

Vic Ve says

BEHIND LOCKER ROOM DOORS

By Vince Golle and Don Infante

In going behind locker room doors, we have interviewed one of our star linemen, George Saadey. In our interview, we have tried to find out some of the peculiarities and mannerisms of our football team.

It might surprise us to learn that before each game the team, as a whole says a short prayer, and according to George, "You can see each of the players during the ride from the school to the field, bowing his head and asking for spiritual guidance during the game."

According to Saadey, "Before the game everyone is unusually quiet. During halftime Dike points out the mistakes of the team in general and individual mistakes."

Little Said

Contrary to what most people think when the team is in the huddle, very little is said. If a mistake was made, the other guys on the team don't say anything about it, except occasionally Jim Vechiarella or Tony Cougras,

the team captains, will say something like "get tough" or "hop to it."

"I would say we football players have it harder than most people think and should be given credit for being able to keep up with our college work and still participate in sports."

Colorado State Tough

We asked George what he thought was the roughest game played this season; his answer, "The Colorado State game." Saadey and the whole Penguin team found playing against a team which uses the quick huddle as Colorado did, especially hard. That, plus the long trip and the fact that they were playing at 8000 feet above sea level compared to only 800 feet above sea level here in Youngstown.

Sporting Views

Ron Vanatsky

In recent years there has been much controversy over officiating in athletic contests, especially at football and basketball games. Spectators and participants both fail to realize that these officials are chosen by qualified people as the best and most capable in their field and being self-conscious of their decisions, therefore are constantly striving to call a play as fair as possible.

There has been trouble in lower ranks about officiating but recently this has come to a boil in probably the roughest and toughest of America's popular sports, professional football.

Besides promising to try to oust Bert Bell, the National Football League Commissioner, Tony Morabito, owner of the San Francisco 49'ers, has denounced officiating in the league as has Paul Brown, coach of last year's pro champs, the Cleveland Browns. They are harping incessantly that Bell should have something done about the situation, whereas Bell has defended himself thusly:

"The officials are doing a great job. They have 50 to 60 judgement plays a game and naturally everyone sees them in a different way. We have the best officials around. I don't say they

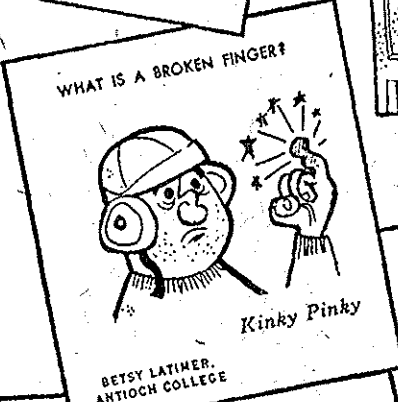

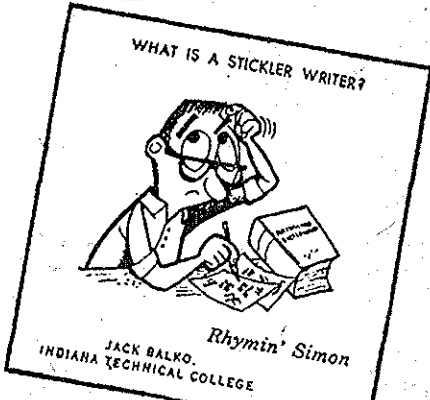

don't sometimes make mistakes. We all do. But they do a great job."

When you, as a fan or player, are angered by an official's decision, remember that his decision is supported by the fact that he probably was in a better position than you to see the play. A certain play may look completely different from another angle, so take that into consideration.

Officials are only human, and are apt to make mistakes, but in the long run the wrong decisions are balanced by good ones, and things even out. As the fellow sitting next to you in the stands may say "If you can do a better job, go out there and take his place."

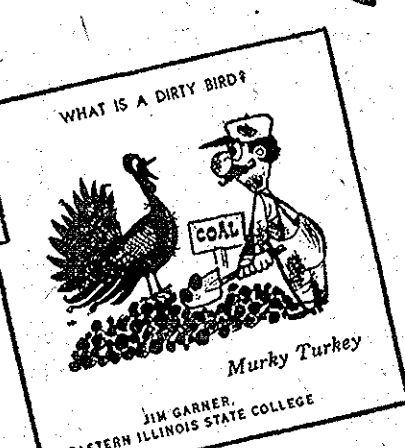

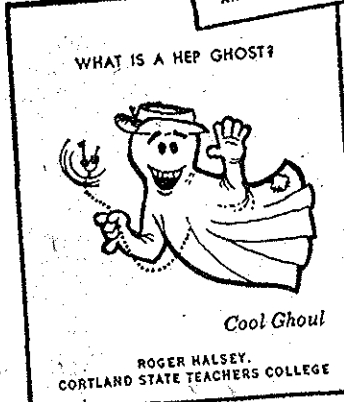

It's rhyme time! With a fresh batch of

Sticklers!

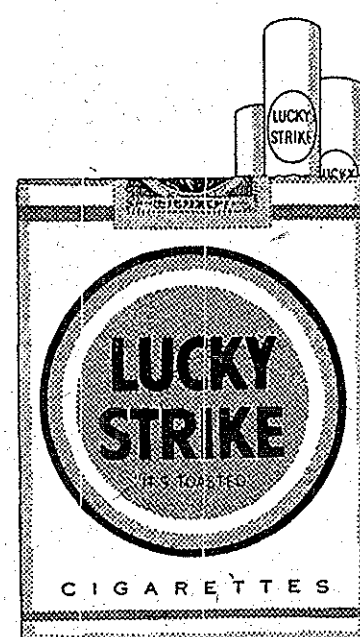

HERE'S A STICKLER!
WHAT WOULD YOU CALL
A LUCKY STRIKE PACK?
(SEE PARAGRAPH BELOW)

WHAT'S THE LATEST thing in college clothes? Packs of Luckies, naturally. So if you've got a pack in your pocket, you're right in style. That explains the answer to the Stickler—it's *Dapper Wrapper!* Luckies are always in good taste because they're made of fine tobacco—light, naturally good-tasting tobacco that's TOASTED to taste even better. Got a pocket? Stock it—with Luckies! You'll say they're the best-tasting cigarette you ever smoked!

STUDENTS! MAKE \$25

Do you like to think work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

"IT'S TOASTED" to taste better!
