Principle address at Powers---

Kerr set for informal rap, lecture

Dr. Clark Kerr, Chairman and Executive Director of the Carnegie Commission of the Future of Higher Education and the 15th speaker in the Skeggs Artist-Lecture Series, will precede his formal presentation in Powers Auditorium at 8 p.m. on April 6 with two informal discussion periods earlier Friday in Pollock House.

At 10 a.m. Friday, Dr. Kerr will hold an open press conference to be followed later that afternoon from 2-4 p.m. by an informal question and answer session with YSU faculty and students.

Dr. Kerr, a leading figure in the field of higher education who,

prior to his present position, served as Professor of Industrial Relations at the University of California (Berkeley), Chancellor and President of the University of California from 1958 to 1967, will lecture here on the topic "Higher Education: Its Uncertain Future."

An advocate of academic freedom, Dr. Kerr's stint as president of UC occurred during the turbulent period of sit-ins, student demonstration, and mass arrests. Also during this same period the University experienced its greatest physical and academic growth; with expanded campuses, and doubled enrollment, while setting academic standards for the rest of

the country to follow.

The Author of *The Uses of the University, Labor and Management in Industrial Society, and Marshall, Marx and Modern Times: The Multi-Dimensional Society*, Dr. Kerr has also been a participating author of such publications as *The Contemporary University: USA, Essays on World Education: The Crisis of Supply and Demand, The Embattled University, and Perspective on Campus Tensions*.

Interested persons with further questions can direct them to the Student Activities Office.

Both the lecture and pre-lecture sessions are free and open to the public.

Small Council turnout finalizes election plans

Only a handful of members were around yesterday afternoon when Student Council heard final plans for elections to Council, Student Government, and Student Senate, and granted official approval to last week's suggested reapportionment of Council seats.

Special notices about the forthcoming Student handbook and today's Budget Committee hearings were also given.

Council elections have been pushed back to April 23 and 24, according to an announcement by senior A&S representative Denise Stewart, acting in the absence of elections chairman Rick Kost.

Deadline for the filing of two applications and a petition bearing the signatures of 50 students is noon, Monday, April 16. Prospective candidates to open seats on the governmental bodies must attend at least two Council meetings, according to Council's by-laws. The only scheduled meetings before the elections are next Monday, April 9, and the following Monday, April 16.

Further information regarding elections and pre-requisites for candidacy can be obtained at the Student Government office in Kilcawley.

Council also approved the recommended redistribution of seats on Council. Presently, at almost 500 students per representative, the College of Arts and Sciences will be given 6 seats, Business will get 5, the School of Education will have 3 seats, Engineering and Dana School of Music will each have one representative, T&TCC will gain 6 new seats, and the category of Representative-at-Large will be allotted 3 representatives.

Student Government president Tom Montgomery released to the *Jambar* plans for the publication of a student handbook, which will begin taking input from students this week. Any student wishing to submit a written article or ideas can contact Montgomery in his office in Kilcawley until Friday April 20.

Chairman of Finances Jim Rak publicized hearings by the Student Council/ Student Government Budget committee this afternoon from 1-4 p.m. in the Student Government office. All campus organizations wishing to use Student Government funds for the 1973-1974 academic year should make an appointment at Kilcawley.

ACP evaluation---

Jambar dubbed 'first class'

A First Class rating from the Associated Collegiate Press has been awarded *The Jambar* for last fall's publication, it was learned yesterday.

The four possible ratings are 'All American, First, Second, and Third Class.

ACP evaluation

In the ACP evaluation, college newspapers are compared with others in their class, such class being determined by frequency of publication.

'Very Good'

The Jambar received a 'very good' rating for news sources, balance among sources, treatment of news, and sports coverage. In writing and editing, scores ranged from good to very good. Judges classed *Jambar* editorials and editorial page features as 'good,' commenting, however, that the editorial page should focus more

on 'specific student issues and problems.'

The physical appearance of *The Jambar* was also given high marks by judges who commented favorably on the effectiveness of *Jambar* headlines.

Photography

Photography in *The Jambar* was rated as good to very good although ACP judges criticized pictures for lack of clarity and sharpness and 'sameness of approach.'

Suggestions

To improve the quality of *The Jambar*, ACP judges suggested that more emphasis be placed on feature articles and coverage of 'unusual' phenomenon at YSU.

Last year, *The Jambar* received an 'All-American,' the highest possible rating for the first half of the year, and a 'First Class' rating for the second.

Ervin kills preferential treatment of aides questioned in Watergate

WASHINGTON AP — Sen. Sam J. Ervin Jr., D.N.C., Monday rejected a White House effort to obtain special treatment for presidential aides in the Senate's investigation of the Watergate affair.

Ervin repeated his vow he will seek the arrests of White House aides if they do not honor subpoenas to testify under oath in formal private and public sessions.

Ervin told a news conference he believes White House counsel John W. Dean III was involved in a "conflict of interest" because he apparently represented key presidential advisers while trying to learn if they were involved in sabotage and espionage attempts. Later Monday, Ervin and the special senate investigating com-

mittee he heads were criticized by presidential press secretary Ronald Ziegler.

The Watergate investigation, Ziegler said, has been "plagued by irresponsible leaks of tidal wave proportions" and Ervin should "get his own disorganized house in order so that the investigation can go forward in a proper atmosphere of traditional fairness and due process."

Ervin had been asked earlier Monday about news leaks from the special committee and said "About all you can do is to pray to the good Lord to give some

people a sense of restraint."

He said he intended to release no such information "in the absence of concrete evidence of wrongdoing."

Ervin also said Monday he has accepted an invitation by Atty. (Cont. on page 3)

An important announcement to every student in the health professions:

NEW SCHOLARSHIPS ARE AVAILABLE IMMEDIATELY.

THEY COVER TUITION AND RELATED COSTS AND PROVIDE AN ANNUAL INCOME OF \$5,300 AS WELL.

If a steady salary of \$400 a month and paid-up tuition will help you continue your professional training, the scholarships just made possible by the Uniformed Services Health Professions Revitalization Act of 1972, deserve your close attention. Because if you are now in a medical, osteopathic, dental, veterinary, podiatry, or optometry school, or are working toward a PhD in Clinical Psychology, you may qualify.

We make it easy for you to complete your studies. You're commissioned as an officer as soon as you enter the program, but remain in student status until graduation. And, during each year you will be

on active duty (with extra pay) for 45 days. Naturally, if your academic schedule requires that you remain on campus, you stay on campus—and still receive your active duty pay.

Active duty requirements are fair. Basically, you serve one year as a commissioned officer for each year you've participated in the program, with a two year minimum. You may apply for a scholarship with either the Army, Navy or Air Force, and know that upon entering active duty you'll have rank and duties in keeping with your professional training.

The life's work you've chosen for yourself requires long,

hard, expensive training. Now we are in a position to give you some help. Mail in the coupon at your earliest convenience for more detailed information.

Kerr

It should be interesting to hear what Dr. Clark Kerr has to say concerning the future of higher education. During his term as president, the university of California at Berkeley spearheaded both the free speech movement and the anti-war movement. It was during those days of turbulence that Dr. Kerr came into prominence.

The problems of higher education in general and the question of academic freedom in particular should be of interest to all college students. During this academic year, we at YSU have been fortunate enough to have had scheduled speakers condoning dichotomous sides of the academic freedom coin. Earlier, the misguided Sidney Hook gave his spiel on academic freedom and "academic anarchy." On Friday, Kerr will present his views on higher education in a somewhat different light. The contrasts should be intriguing.

We urge all students to attend both the informal session with Dr. Kerr scheduled for Friday afternoon and the principle address at 8 p.m. that evening.

Appreciates parking meter changes

To the editor of the Jambar:

I would like to thank the president of city council, Bill Holt, for changing the half hour meters on Lincoln Avenue to two hour meters.

This greatly benefits those

college students who cannot afford to pay fifteen dollars every ten weeks for University parking. It also limits the amount of meter fines to those who cannot afford this unnecessary expense.

Upon being asked to help the college students in this matter,

Bill Holt took action and he deserves our thanks.

The Day Care Center

On March 26, 1973, the students of YSU saw the results of a program that has held the attention of many students over the past three years generating an enormous amount of student energy and providing a project that allowed student initiated research and study. I am referring to the newly "Campus/Community Day Care Center."

Student Government, Student Council, Student Organization, and many individual students over the past three years worked long and hard hours to provide this multipurpose center for the students of our University. Beside providing a much needed day care center for student parents, the need being established in lieu of the closing of several such centers in the area and the increase of fees in continuing centers due to the withdrawal of federal funds, the center will also provide student employment and an opportunity for any creative student to present their talents to a loveable, attentive audience.

In order to give credit where credit is due, the Catholic Service League, Its Director and Day Care Center Staff are the people who we can applaud for

making this project a working program. They have provided professional assistance, practical experience, and financial support. Also, our appreciation is extended to the members of St. John's Episcopal Church for their co-operation in providing the facilities.

With the help of many fine community people the day care center has gotten off to an excellent beginning. If the center is to continue the co-operation of everyone is needed. And, as of this date, the number of students who wish to participate in a voluntary capacity is overwhelming. But we still need some necessary basic educational and recreational equipment. Any person or group wishing to contribute funds or to sponsor a fund raising activity would add to maintaining our day care center as a continuing program.

For information pertaining to the center contact: Joan Kraynanski or Mike Bongiorno at Student Council, 746-1851, ext. 320 or 309.

Further business saw John Manser, senior, A&S, present for Council's review a proposed new Constitution and by-laws. Manser, who is not a member of Council, spoke on behalf of his winter quarter Parliamentary Procedure class, which made the revision of Council's Constitution a class project.

Council sent the proposed version of its Constitution to the

Constitutional Revision Committee, headed by Jerome Parn, for further evaluation.

Notable among the proposed changes, according to Manser, is a by-law which would eliminate all faculty and administration input, to Student Council, thereby allowing it to function as a completely autonomous body.

Article I, point 6 of the revamped Constitution would allow for representation of graduate students on Council, and the following section would let part-time students run for the offices of chairman or vice-chairman of Student Council, provided the student be classified full-time during the term of his office.

LIBRARY PROGRESS REPORT — YSU's new library, which is sure to be a "fortress of intellectualism" in years to come, is progressing at an astonishing rate, as is evidenced by the beaver-like work of these construction men.

Dana Concert Series to present faculty-guest recital Thursday

The Dana Concert Series will present faculty/guest recital Thursday, April 5, at 8 p.m. in the Dana Recital Hall.

The recital will have Sally Turk on flute, her husband, John, on tuba, and Dolores Fitzer on piano.

The trio will perform Bach's

"Concerto in D minor," "Garak for Flute and Piano" by Yun Caplet's "Reverie et Petite Valse," "Encounters II for Solo Tuba" by Kraft, and Wilder's "Sonata for Tuba and Piano."

The program will mark the premiere performance of Adolphus C. Hailstork's "Duo for Tuba and Piano," which was composed this year by Dr. Hailstork, an assistant professor of music at YSU.

John Turk is an assistant professor of music at YSU, joining

the faculty this fall. He is also a member of the Youngstown Symphony Orchestra. Mrs. Turk and Mrs. Fitzer are limited service faculty members.

The recital of the Dana Faculty String Quartet, originally scheduled for this Wednesday, has been postponed.

Penguins host John Carroll Univ. in doubleheader tomorrow

Dom Rosselli will have five sophomores and two freshmen in his starting lineup when his youthful Penguins open YSU's spring sports season tomorrow by hosting John Carroll in a doubleheader.

The twin-bill starts at 1 p.m. at Pemberton Park.

Although Rosselli's regulars will be young, four of the second-year men and six of the nine have earned letters.

The Penguins, shooting for their 11th straight winning season, likely will start Greg Hey, freshman, at first base, Bob Gesacion, sophomore, at second, Brad Hoagland, sophomore, at short, Doug Bosick, sophomore, at third, Mike Szenborn, sophomore, in left field, Gregg Merrill, senior, in center, and Lou Cuelbar, freshman, in right. The battery will have junior Rich Hanuschak on the mound and sophomore Neil Guerrieri behind

the plate. All but Hey, Cuelbar and Gesacion lettered last year. Guerrieri had the hottest bat among the returnees with a .311 average and 14 RBI last year while Hanuschak topped the pitchers with a 4-0 mark and 1.44 ERA.

YSU, which is thin on pitching, follows the opener with home doubleheaders Thursday with Alliance and Saturday with Steubenville.

Dempsey signs four more for fall grid campaign

YSU grid coach Rey Dempsey has announced that four South High standouts including All-City Series linebacker Kevin Williams will enroll at YSU this fall.

Joining Williams are quarterback Hayden "Spanky" Ballinger, defensive back Frank Cotton and two-way end Kenny Crump.

Williams, a 6-1, 160-pound hard hitting defender is the third All-City Series pick recruited by Dempsey. The Penguins previously landed Ron Denson of East and Roger Hafner of Wilson.

Ballinger, a 5-9, 165-pounder, is a tri-captain for the Warriors

and led South in rushing. The 5-8, 160-pound Cotton, an All-City Series basketball choice, shared both the interception title (seven) and the Defensive Back of the Year honors at South. The aggressive safety missed the All-City Series football squad by one vote.

Crump, a rugged 6-1, 185-pounder, was named the Offensive Lineman of the Year for the Warriors.

The quartet brings Dempsey's steadily growing recruiting list to 17. More signings are expected to be announced this week.

Rifle team finishes 2nd and 6th

The YSU rifle team, which fielded two squads in Saturday's Lake Erie Intercollegiate Rifle Conference Handicap Tournament, completed the event held at the Beeghly Center range with second and sixth place finishes.

Akron amassed 1,196.8 points to capture the victory followed by YSU with 1,187.79, Dayton 1,183.14, Gannon 1,169.41, Case Western Reserve 1,159.36, and the Penguins' second team with 1,128.

Team scoring was tabulated on combined individual scores plus handicaps based on season averages.

The LEIRC champion Penguins placed only one shooter among the top five. Sophomore Lane Galey tallied 304.34 to pace YSU's second place squad.

CWR's Rod Fitts lead all scorers with 319.5 points.

Formal campus affair---

Annual Military Ball to be held Friday

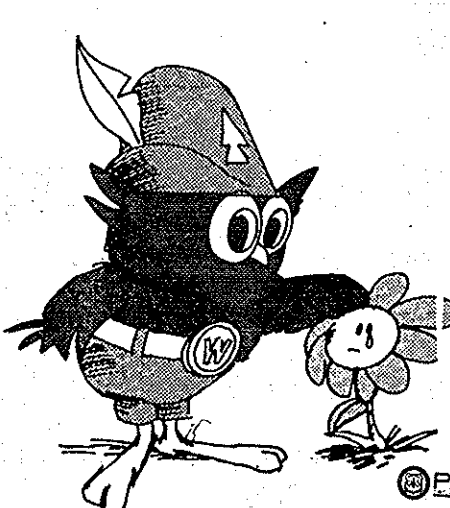

The Twenty-third Annual Military Ball will be held from 6 p.m. until 1 a.m. on Friday, April 6 at the Sheraton Motor Inn West.

The only formal campus affair, the Military Ball features such events as a banquet for cadets of the ROTC Corps and invited guests, a demonstration presented by the Pershing Rifles drill team and short skits by the cadets.

Queen Crowning
Highlighting the Ball will be the crowning of the 1973 Military Ball queen by last year's queen, Sue Maranda. The queen is chosen by representatives of the Mil-

itary Science Department to help promote the ROTC program at YSU by attending ROTC functions and by creating enthusiasm for the program.

Candidates
Candidates for the 1973 queen were chosen last Sunday at an informal tea. They are, Judy Barrett, junior, advertising; Patricia Pilch, junior, elementary education; Julie Esseniyl, junior, A&S; Tish Murphy, senior, physical education; Joyce Roth, freshman, music and Chris Babinsky, sophomore, A&S. The queen will be announced at the Ball.
