Marlene Kurilla Is New P/R Sponsor

Miss Marlene Kurilla, the newly elected Pershing Rifle sponsor, was formally presented to the members of Company P-1 at Pollock House on Tues., April 2, after being chosen from among three candidates who competed for the honor.

Officially, Miss Kurilla is the Company's Junior sponsor and will attend all P/R functions on campus which will include Regional and Regimental drill meets.

She will be given the rank of Honorary First Lieutenant. Her first appearance will be at the First Regimental Drill Meet which is to be held at Ohio State University, May 9-12. Graduated From Chaney

Miss Kurilla is a 1956 graduate of Chaney High School and is a freshman physical education major. She is attending the University on a scholarship, and is the first freshman to become a P/R sponsor.

She was a member of the National Honor Society for two years while in high school. In addition to attending college, she is employed at the Public Library in Youngstown.

Other candidates who were in competition with Miss Kurilla were Miss Elizabeth Zaborsky and Miss Mary Catherine Minerich.

Music Student Awarded Honor

Joseph Hahn, French Horn major of the Dana School of Music, was notified recently that he was selected to play in the American Wind Ensemble in Pittsburgh after competitive auditions with musicians from all over the country. The American Wind Ensemble is a professional organization whose purpose it is to perform little known and contemporary works for wind instruments. Performances will be given in Pittsburgh this summer at Point Park three times a week.

Mr. Hahn, a veteran, was originally a trumpet student and later took up the French Horn in the Army. He now studies with Kenneth Meine of New Castle.

Hats Off

MARLENE KURILLA

Stokan Is Soloist In Orchestra Concert

The University Symphony Orchestra concert was held Tuesday, April 9, under the direction of Alvin Myerovich. David Stokan, a graduate of Dana School of Music, was the soloist, playing Beethoven's Piano Concerto in C.

Other numbers played by the orchestra were "Don Juan" Overture by Mozart, "Symphony No. 5" by Schubert, and "The Broad Highway" by H. Waldo Warner.

Cheerleading tryouts are to be held Monday, April 22, 2:00 P.M., in the Strouss Auditorium. All students interested register at the Information desk in the Main Building, before April 19. Only full time students are eligible.

Vindicator Head Guest Speaker

Mr. Floyd Jones, classified manager of the Youngstown Vindicator was guest speaker at a recent meeting of the Alpha Mu Advertising, Merchandising and Public Relations fraternity. He was introduced by Fred Bender, president of the fraternity.

Jones explained the development of classified advertising from the Ming Dynasty to modern times. He also recalled the vital part this phase of newspaper media played in aiding police in solving many crimes.

Among the most notable, the Lindberg baby kidnapping epic in which the classified columns were used to make contact with the kidnapper.

Explained Ads

Mr. Jones explained the transition of the classified ads from a medium used by customers to sell unwanted merchandise to a means of employers seeking skilled help.

He related many regulations imposed by the Federal Government during World War II, which curtailed acceptance of advertisements from outside immediate local critical labor areas.

This stabilized the nation's labor supply during the crisis and assured local industry of adequate manpower to run the mills.

A short business meeting was held to complete final plans for the annual dinner-party to be held Sat., May 11 at Schusters Casino at Masury, O. All members planning to attend must make reservations before April 26.

Chess Club Is Second At Gannon College Meet

The Youngstown University Chess Club came from behind to place second in a four team tournament at the first Gannon College Invitational meet March 30-31.

The final scores of the meet were: Buffalo University, 12½;

Youngstown University, 8; University of Pittsburgh, 6; and Gannon College 3½. Each team played three rounds of five games each with a win per game giving one point and a draw giving one-half point.

Greek Mixer Is Tonight At Eagles

The annual Greek Mixer Dance will be held at the Eagles Ballroom tonight. Joseph Miller and His Orchestra will provide the music for dancing from 9-1 a.m.

All the Greeks and pledges of the respective fraternities and sororities are invited.

The objective of this dance is to encourage better relationships among the Greeks.

Dress is informal and refreshments will be served. Nick Pupino is chairman.

Had Five Players

Each team had five players listed from one to five in order of their playing strength. Total time allotted per game was four hours with each man required to make at least 50 moves in two hours.

This requirement of 50 moves in the two hours was a major factor in Youngstown's bid to cop second place over Pittsburgh in the third round.

The first round on Sat. morning was between Youngstown and Buffalo. Paul Tremmel of Youngstown and Bill Tassin of Youngstown drew their matches and Youngstown was down, 1-4.

Pitt Defeats Gannon

At the same time Pitt defeated Gannon 3½ - 1½. In the second round that afternoon Youngstown evened the record with Gannon by winning 3-2. Buffalo tripped Pitt 3½ - 1½.

Going into the third round the next day, Youngstown was in third place behind Pitt, needing three wins over Pitt for a tie and 3½ points to win second place. In this round, Tom Habel of Warren and Paul Tremmel of

Youngstown University, 8; University of Pittsburgh, 6; and Gannon College 3½. Each team played three rounds of five games each with a win per game giving one point and a draw giving one-half point.

Games were played under the regulations of the U.S. Chess Federation which require the use of time clocks and the recording of moves by individual players.

Chaplains Express Easter Message

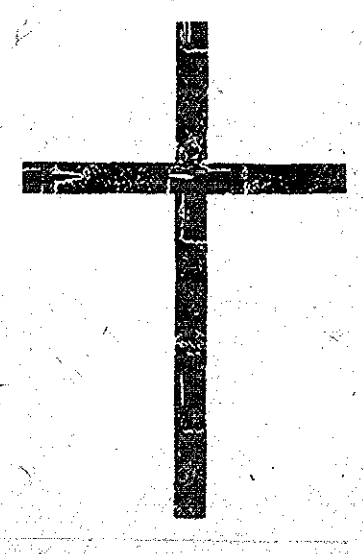

"Nothing Is Far From God"

By Rev. Albert L. Linder

We celebrate Easter once a year, but the event as a vital Christian experience can happen anytime, anywhere. There are always those days, those dark Gethsemane hours in life when the soul of a person is burdened with disappointment or a sense of futility and frustration, when there is a desperate need for renewal, for hope and optimism. It is then that God, who is not far off, can bring to the soul of any person the dawn of a resurrection experience. When St. Augustine's mother was asked if she was not afraid to leave her body to be buried so far from her own city, she replied: "Lay me anywhere... nothing is far from God."

This sense of awareness and the assurance of immortality helps the true Christian to transcend the darkness of death with the

(Continued on Page 5)

"He Has Risen"

By Father Paul M. Petric

"He has risen, He is not here." (St. Mark 16:6) What do these words mean to a fast-moving, atom-conscious world? To many these are words of gratefulness, hope, and everlasting happiness.

For some these are words which baffle their proud, limited intellects. And for still others these are words yet to fall on receptive ears. The most important event of all history is the resurrection of our Lord Jesus Christ from the grave.

That there was such a person as Christ we have not the slightest doubt, no more doubt than we have that George Washington existed. History proves that very clearly for us.

The Bible, which is true history, as well as the early historians,

Another Season

Spring sport fans are in luck this year. For the past few years, sport fans have been griping about the lack of spring sport activities. This year, under the direction of Carl Christensen and Don Rosselli, a lengthy and very interesting schedule has been planned.

The baseball team, for example, has scheduled games with at least eight different colleges. This fact is doing the University a lot of good in the neighborhood of good will. There is no better way to become friends with distant colleges and to become better recognized in the field of intellectual endeavor than in the field of sports.

The schedules in golf, track, etc., are similar. With the good sportsmanship of the athletes here at Youngstown University, we are sure that Youngstown will continue to rise among the other colleges and universities in the nation. This was proven by our basketball team at Kansas City.

Our coaches should be complimented in their attempt to put Youngstown on the map. Likewise, the students should try in every way to transfer their spirit that was so tremendous during the basketball season to this wide variety of spring sports.

Do You Attend ?

Although poor grades are usually attributed to the lack of good study habits, it is not unreasonable that enjoyment in the classroom is also a determining factor in how successful the course will be.

Time spent in a classroom can be either a pleasant experience or a semester-long clock-watching marathon. The instructor's skill in delivering his lectures and presenting material is largely responsible for how much the course will be enjoyed and how worthwhile it will be. The instructor, however, can do only so much in making a course successful, and cooperation from students is as equally important.

No class is as enjoyable as it can be if the material has not been studied. Assignments are given regularly so that the student can follow the lecture and ask questions about things which are not clear. It is just as much the student's responsibility to prepare himself for each class as it is for the instructor to be able to present his lecture. A class in which the student does not understand the material is invariably boring to him.

Student participation in classroom discussions will also influence greatly the success of the course. The more silent a classroom becomes, the more enjoyable it becomes.

When an instructor asks a question, it is not for his own benefit. He knows his subject and wants to ascertain how well the students are assimilating what he has been trying to teach them.

Students who refrain from asking questions about material which they do not understand are usually afraid that someone will laugh at them. A classroom is no place in which to be timid, for whatever points confuse the student can be straightened out there.

Since a good portion of the student's time is spent in the classroom, his enjoyment of the semester's work depends largely on how well the class is conducted. The student should consider that he has a responsibility in making a course successful and that his attitude toward classwork is the form his responsibility takes.

E.G.

The Campus Voice

By Patty Jo O'Brien

Universities and colleges over the nation have a period of time called "freshmen hazing." During this period all freshmen students must do whatever an upperclassman asks them. They usually wear a beany on their heads. Students at Youngstown University have discussed this idea and feel that the school should follow the steps of other schools in establishing a freshmen hazing program.

John Hite

"I am in favor of freshmen hazing and feel that it would increase school spirit. As a part of this hazing each freshman student would be required to learn the school's songs and attend all school activities. It would also build up tradition which every University should have."

Toni Carlomagno

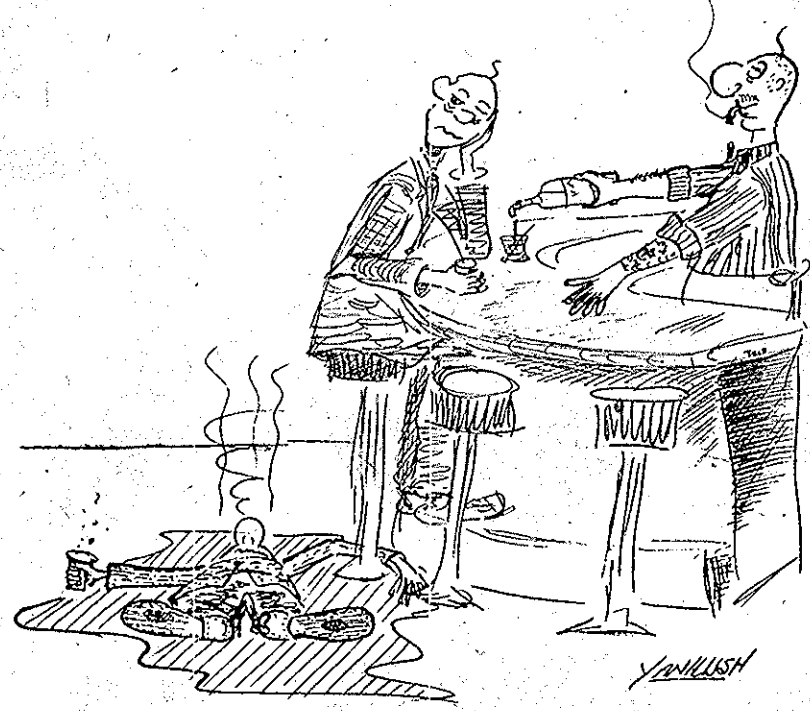

"I think that freshmen hazing helps to build up the confidence of freshmen students. During this period these students would have an opportunity to get to know the other students in the school. Every new college student needs friends and a feeling of belonging. Freshmen hazing would certainly further a feeling of belonging and loyalty to new students of the University."

Bill Branscome

"Freshmen hazing is theoretically a good idea providing it is properly organized. In order to conduct a hazing program which will benefit the freshmen and the upperclassmen, a committee should be set up to establish the methods of hazing permissible and to what extent they are permitted. In addition, a school history and set of traditions should be formed and distributed among the freshmen."

Sandy Bailey

"I definitely think there should be freshmen hazing. It helps to orientate the new students to the ways of college life here at Youngstown University. Hazing gives new students a greater pride in their school and creates a friendship between freshmen and upper classmen."

"Just give Gus a single this time."

ENGINEER'S ANGLES

By Two Engineers

As the sun sinks slowly behind the unfinished lab-reports we find our authors sound asleep in Uncle Sammy's Story Book Hour.

Looking at the calendar we notice that in about five weeks the high and mighty June graduates will be expressing their gripes and opinions of different goings on around the Engineering School without the fear of being taken across the wheatstone bridge to the magnetic field and given five lashes with his pickett.

With the Dinner Dance coming up in two weeks we are looking for a good crowd this year. After receiving the report on last year's wing-ding we

believe everybody who is anybody will want to be there. We understand that during last year's dance several of the seniors were noticed stumbling over the door-knob.

Is It Coming?

When is the Sigma Tau installation coming up? We understand that several

OHIO STATE LANTERN:

HERE'S PIE IN YOUR EYE

The Keystone Cops weren't there, but a robbery at Toledo had other elements of the old Mack Sennett comedies.

Otis Labarge, a pie company driver, was making a delivery when he saw a man dart around his parked truck. Labarge hustled back to his truck and saw that the man had a cherry pie in his left hand and a coconut cream pie in his right.

That was the last thing he saw for several minutes.

The man hit him right between the eyes with the cream pie.

By the time Labarge finished wiping coconut and meringue out of his eyes, the man fled with 20 pies, four cakes and a box of muffins.

KANSAS STATE COLLEGE

HOSPITAL REOPENED

An influenza epidemic at Kansas State College has caused an old hospital, that was left vacant for some five years to be reopened. Some 12,000 cases were reported at the school last week.

No visitors are being permitted because of the overcrowded conditions and the contagious nature of the disease.

FACTS

Did you know that less than one week remains to file this year's income tax returns that "The Rock" (Kissing Rock) will be fifty-one years old this spring that April is a warm sunny month?

OHIO STATE PENN. NEWS

EASTER EYESORES

We've just been studying some pictures of what the gals will wear in the line of hats for Easter. And we'll tell you they've come up with some doozies.

Makes us wonder just a bit if the milliners haven't got their calendars a little mixed up. Look again, you mad hatters. This is Easter time, not Halloween.

ASSOCIATED COLLEGIATE PRESS

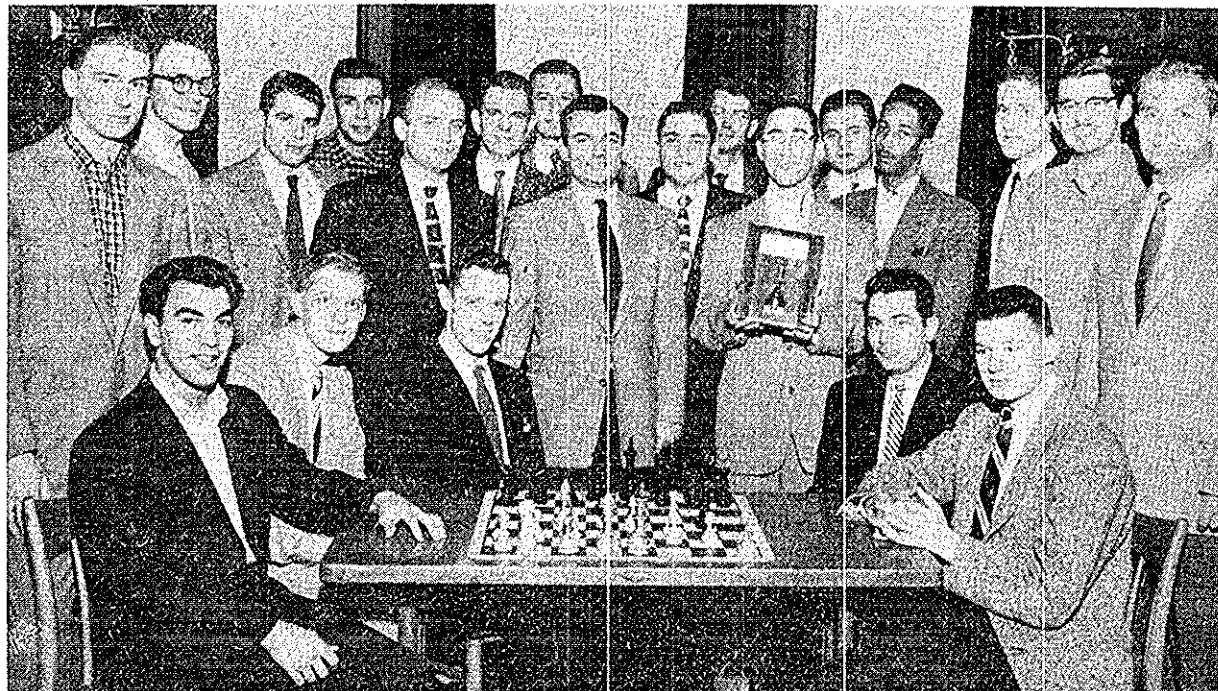

CHEAT?

Forty per cent or more students at a large number of colleges do it with no apology or sense of wrong doing!

So said a national survey released a few weeks ago. And at least one college journalist made no effort to refute it.

After conducting a poll of American college students, they have concluded that "systematic-cheating" on exams is the custom rather than the exception at many large colleges.

Relax After Competition

Surrounding one of the chess sets used in their competition at the Gannon College Invitational meet, members of the four schools represented relax to have this photo taken. Youngstown University placed second in the meet.

Art Students Arrange 21st Exhibition At Butler

Art students are now selecting and arranging works to be shown in the 21st annual exhibition to be held at the Butler Institute of American Art beginning Sunday, April 14th.

Works this year include paintings, drawings, prints, sculpture, mosaic, house plans, and textiles.

Many of the items have a definite professional touch emphasizing the functionality of the fine artist as a designer.

Starts In Afternoon

A program is being arranged for Sunday afternoon, April 14, at 3:30 p.m. which will be judged by the former head of the Art Department, Dave Skeggs, who will also give a talk on "Design in the Two-Dimensional Area."

Social Science Club To Hear Talk On 'Youngstown Plan'

The Social Science Club will hold its monthly meeting at the home of its sponsor Mrs. McDonald of 1232 Macachee Drive, tonight at 8:00.

Guest speaker for the evening will be Mr. Carl Gangloff of the Greater

Youngstown Area Foundation. Mr. Gangloff will talk about the "Youngstown Plan" and how the Foundation goes about bringing new industries into the Area.

Time of the meeting is 8:00. Persons interested in attending should meet in the Main Building at 7:00.

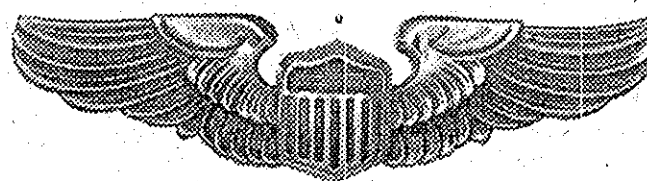

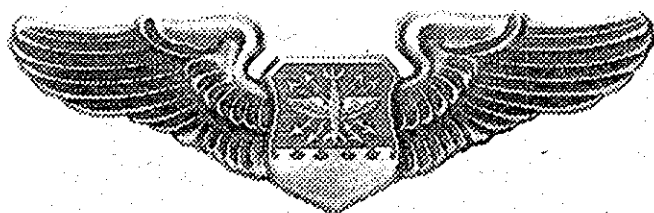

Will Hold Banquet

The Club will hold its installation banquet on the 27th of April, at Ma Perkins Inn on Route 422. Persons interested in attending can contact Don Demarinis, 165 Beechwood Drive., ST-28295; Bruce Burns or Miss Peggy Tiller at Main Building 210.

Speaker at the banquet will be Mrs. Botty, head of the department of Sociology.

Acrobat: "Where's the trapeze?"

Saint Peter: "You missed it, son, you missed it."

AS NAVIGATOR OR PILOT

The flying U. S. Air Force is a team of men who command the aircraft and men who plan the attack. These are the pilots and navigators, both equally important to the defense of America.

**GET ON
THE TEAM
THAT DEFENDS
AMERICA**

You, as a young man of intelligence and sound physical health, may join this select group in the world's most exciting and rewarding adventure. Your training will stand you in good stead, whatever your future plans may be—and you'll be earning over \$6,000 a year 18 months after training.*

If you are between 19 and 26½ years of age, investigate your opportunities as an Aviation Cadet in the U. S. Air Force. Priority consideration is now being given to college graduates. For details, write: Aviation Cadet Information, P. O. Box 7608, Washington 4, D. C.

IT'S GREEK TO ME

By Pat Hrinko and Pat Gubany

The halls of Youngstown University are once again brightened by the posters featuring the lovely Junior Prom Queen Candidates, Barb Wentz, Ginny Krupa, Madalyn Sweeney, and Nancy Zumrick. Congratulations to all of you. A hearty welcome is extended to the new sorority on campus, Chi Delta Chi, under the able leadership of Bunny Noga.

New neighbors are moving in at 646 Bryson Street as the Sigma Phi Epsilon Fraternity set up housekeeping. Where can we turn in our applications for housemother, Bill?

The Greeks will be mixing it up again this weekend at the Annual Greek Mixer, with Nick Pipino as chairman.

ALPHA PHI DELTA

Alpha Phi Delta's Annual National Executive meeting was held last Saturday evening at the Pick-Ohio Hotel. After the meeting the group attended a stag and a wonderful time was had by all.

Red Nolfi wants to thank all the brothers for helping him paint his house. From Culture to Religion! A Communion Breakfast was held Sunday and the brothers made a fine showing.

Congratulations to Tom Fortunato for relinquishing some of his time to the fraternity as chairman of the Annual Dinner Dance.

Anyone wishing to play Alpha Phi Delta's softball team, contact Mike Roncone.

BETA SIGMA OMICRON

The Beta Sigs have been trying to settle down to their studying but so far, this doesn't seem possible.

The Beta Sigs are all very proud of their 1.82 point average, highest sorority average on campus, last semester. Also along the scholastic line, two of the sisters, Agnes Cassidy and Barb Wentz were elected to Kappa Delta Pi, honorary education fraternity. Congratulations for this high honor, Agnes and Barb.

Congratulations also to Barb Wentz, who is Beta Sig's Candidate for Junior Prom Queen.

The Beta Sigs won the basketball championships in both sorority and all-college girls' intramurals. These victories gave them a trophy and a plaque for their collection.

Everybody enjoyed themselves at the roller skating party with the Sig Eps, especially Ann Arbutina, who learned how to skate, finally.

Afterwards, the gang adjourned to the back room of the "Z" (where else) for singing and dancing. It brought back memories of the lake. A real "wild" time was had by all that night. Just ask Rosemary, Pat and Gerry.

Pledging is coming along pretty well now. If you can get Ruth McKissick to remember that morning is before 12:00, and Marian Minghetti to change her socks once in awhile, they should do fine.

THETA CHI

The weekend has finally arrived. Today, about 20 brothers are leaving for Kent State University to attend the Theta Chi Corral. A big time is expected for the three day stay.

Bob Hope, who is Epsilon Delta's chairman, is tearing his hair out (what little he has) trying to collect all the money.

Speaking of Bob Hope, congratulations on your recent pinning to Nancy Green.

Election time is around again, with Bob Hope, Bill Metzler and Bill Beeman up for presidency. Congratulations men and may the best man win.

KAPPA SIGMA KAPPA

The new pledges were installed Wednesday night, April 3 by John Hanna, who is filling in for brother Al Sandel who is in New York this week representing the University on an advertising trip. Al Sandel is the

Following Tradition

In following with the tradition of all Sigma Phi Epsilon fraternity houses, outgoing president Bill Sponsler, right, applies the first brushful of red paint to the door of the house. Newly elected president Bob Foreman, middle, and former vice-president Bob Cooksey lend a helping hand.

2nd semester Pledge Master.

Alumnus Brother Tom Yazvac was in school Mon., interviewing engineers for a large firm in Detroit. All the brothers were overjoyed to see "Yaz" back.

Congratulations to the Tau Kappa Epsilon fraternity for winning the Interfraternity Basketball Title. We all agree they were the strongest team in the league.

Also thanks to Dom Rosselli for the use of his basketballs and time-keeper in this important league.

A new sorority has been born, Chi Delta Chi. The brothers of Kappa Sigma Kappa wish you the very best of everything.

A party was held with the Phi Lam's, Thursday, March 28 and everyone had a great time. The Phi Lam's have 15 cute pledges and we know they'll go places with Phi Lambda Delta.

Congratulations to Nick Pipino, who has been chosen chairman of the Greek Mixer.

SIGMA DELTA BETA

The Sig Deltas wish to welcome their 1st pledges into their pledge season. After a few weeks anyone sees "things" running around on campus and through the cafeteria, please be considerate. They're only pledges.

Welcome and lots o' luck go out to Ange Russo, Jerry Pee, Dave Otto, Don Myer, Gene Lupi, Mike Polchack, John Esposito, Teddy Seferidis, Tom Andrews, Ed Hudak, Bill O'Neil, and Rod Hardy.

The portable TV, which the Sig Deltas raffled off last week, was won by John Dalton, who lives on LaCleda Avenue. Congratulations to John and thanks to all the fraternities and sororities and everybody who helped make the project a huge success.

The last party held by the Sig Deltas was on April 3, at brother Joe

Wickete's house. It was a blast with the pledges and actives living it up before pledging began. "One" pledge saw an opportunity to take advantage of the relaxed atmosphere. (His turn will come).

The Sig Deltas wish to congratulate Nick Pipino for all the work he has done as chairman of the Greek Mixer and invite everyone to the dance tonight.

NU SIGMA RHO

Congratulations to Zeta Phi Eta on their first and very successful Jazz Concert.

Baseball team tryouts were held recently and some of the men are now known as the following: Dick Thurik, "Whiz on the Mound", who struck out

Gamma Sig Pledges Will Hold Car Wash

The pledges of Gamma Sigma Sorority will hold a car wash at the College Sunoco, (across from the Main Bldg.), on Fri., April 12. The car wash will begin at 8:00 a.m. and continue all day. If there is a specific time that you would prefer to have your car washed, make an appointment with any one of the pledges. The cost of each wash job will be \$1.30, including whitewalls.

Rock Chiva, five times in a row, Don Keck "Babe Ruth" of tomorrow, Terry Milam "Speedy", and Fred Seminars, who was learning the right field position with two escorts. Also as a candidate to the Hall of Fame is "ERROR LESS" Ace Verdream.

Congratulations to the Junior Prom Queen Candidates: Nancy Zumrick, Madalyn Sweeney, Ginny Krupa, and Barb Wentz.

They would like to congratulate all the new pledges of all the fraternities and especially welcome Charles Africa, John Africa, Joe Cortese, Rudy Daprile, Ron Martin, Chet Miller, Bill Mosblack, Bob Murphy, Nick Raich,

Looking Around...

By Tim Bowser and Bill Sponsler

From the dark, quiet confines of an intellectually stimulating American Lit' class, comes this startling gem, destined to take its place among the great American classics. Wha-a-a-(!):

Once upon a time there lived a real gone Easter Rabbit named Roger C. Bunny. It was the morning before Easter. Roger jumped from his sack and decided that he just didn't dig this colored egg bit. He dug out from his pad, to scrounge up some jump-time and live. Crazy!

As he cruised down the street leering at the little girl bunnies from his red convertible, he was thinking about his square old daddy-o Sam. S. Bunny. Boy, would he flip! No other Easter Rabbit had ever bugged the day before Easter. Crazy!

Well, man, this hep little rabbit was made out fine in his T-M's, and his Hot Sax. was ready to wail. He thought he would make the scene at the "Star" for a cool and crazy jamm session.

Our catty little bunny almost flipped when he saw all the big-name jazz bunnies on stage. There was Joe Nohra on the drums, and makin' those skins really smoke. Ed Hritz was sweatin' out some leaves on the 88's, and the groans from that base-box could only be strummed by the inimitable Frank So.

Next issue - the conclusion. Be sure and read about the bunny who pulled a magician out of his sax.

It is easy to make a mountain out of a mole hill,

All you have to do is add a little dirt!

.....and that is what we shall attempt to do here. "Some people can sure get fired up over a joke." Famous last words.

Attention Bob Bucher, and Bob Mondok: here are your names, we hope you are satisfied. Nick Pupino didn't want his name in, he's modest (?).

Joan Sinestra, in a certain black '57 Chevy, was seen practicing back-up attacks on pedestrians. After a pass at a student or two she would start the motor again and get into position to wait for her next victim. She gave us the excuse that she was trying to get out of the faculty lot, but that the cars were too close together.

It is reported that the notorious outlaw, Jim Borden, who caused quite a shake up at the Newman Club Western party, has been disarmed of his squirt-gun. Oh, well, your cocoa is good for something Judy. It really makes a squirt-gun dangerous.

Would a certain T.H. please shut up when he is playing cards, and draws a hand full of aces!!

Speaking of flowers, we hear that a certain Dorothy is of the "wall" variety. This does not seem to quite fit the present situation.

Before we leave you for another issue, we would like to take this opportunity to explain those screams and wailing groans that seem to be emanating from the cafeteria. They are the agonizing pleas of poor unfortunate fraternity pledges. Tough!

And now we bid you farewell. We must hurry, for we are to appear in court in five minutes to settle up the law suits from last issue. We wonder what the maximum penalty is for libel?

Adios!

and Bill Schrack to Nu Sigma Rho.

Also the men of NSP offer their belated congratulations to the new sorority, Chi Delta Chi.

See You At The Greek Mixer!

PHI LAMBDA DELTA

Dogpatch comes to Youngstown and the Phi Lams turn models for the occasion. Janice Georges (Daisy Mae), Judi Appelman (Moonbeam McSwine), Ruth Navin (Little Abner) and Sandy Sherwood (Sadie Hawkins) will be modeling "Dogpatch" outfits in Strouss Hirschberg, April 13.

The Phi Lam's are very proud of their two sisters, Peggy Tiller, who has the highest point average of all the actives of all the sororities and Sandy Sherwood, who has the highest point average of all the pledges.

Peggy Tiller has also been installed in Kappa Delta Pi, honorary Education Fraternity. Congratulations to both of you.

The sisters were partying these past two weeks with the Kappa Sig's and the Sig Ep's.

Such singing as you've never heard in your life as the 1956 Greek Singing Champs combined sopranos and tenors to harmonize.

Highlighting the Sig Ep party was the big trade of Pete Citano for three Phi Lam pledges, but poor Pete just didn't agree so we returned him.

GAMMA SIGMA

The Gamma Sig pledges have had plenty of activity the past three weeks. Their "Car Wash Day" was very successful. The pledges and the actives would like to thank all those

who patronized the "car wash" project.

Another project of the pledges is the raffle to be held April 26. The winner will receive a G.E. clock radio. The pledges will be selling these raffle tickets up to the time of the raffle. The tickets are 25¢ each or 5 for a \$1.

Last night the pledges entertained the actives with a party and variety. Each active received a lovely favor. The actives want to thank the pledges for a grand time.

Pledge class president, Shirley Pavlov and treasurer, Carol Cristofal are doing a very good job in organizing the pledges and their projects. Keep it up and you may get some "merits".

With spring comes the "Sing" and all the sisters are trying to get their voices in tune.

Moe Cooney and Pat Quinlan have not had enough of sports yet. Now they're learning how to play volleyball in the tournament.

PHI MU

A P.J. party, in the Berry Hotel, Athens, on March 23, started Phi Mu's district convention off in good style. The convention was held at Ohio University.

All the girls who attended from Youngstown had a wonderful time and brought back with them a trophy for having the most delegates at the convention. The ride down was (ahem) a little crowded but that seemed to add to the fun. (Say June, what's this bit about "buttons"?)

(Continued on Page 8)

Easter Meditations

(Continued from Page 1)

"Nothing Is Far From God"

marvelous light of a resurrection hope. The late Mary E. McCullough, before she passed away in 1942, wrote with more than unusual insight:

"O happy world today if we could know
The message of that morning long ago!
There is no dark despair that cannot be
Evicted from the heart's Gethsemane;
For faith is always more than unbelief.
And vibrant courage triumphs over grief."

All of us, if we would, can look forward to Easter and to our future with the assurance that nothing is far from God and his great creative and redemptive power. We will then go to the church of our choice on Easter to join that ever-increasing fellowship of Christians around the world, singing with glad hearts and praising God, who lives again in us and through the resurrection of Christ.

"He Has Risen"

Josephus for instance, tell us about Christ.

We know that He was the only one Who ever claimed divinity.

"The Father and I are one."

He likened Himself to God the Father.

Mohammed, Confucius, and many others were good men, but they never even made an attempt to claim divinity.

"We know that Christ's was a spotless life, without the slightest taint of anything that could even resemble sin. He lived as only a Divine Person would.

He wrought many miracles by His own power.

He cured lepers, made the blind see and the deaf hear, restored life to the dead, drove out devils from the possessed.

His many miracles are not fiction nor figments of the imagination. They are proven historical facts, not theories.

Every prophecy of His was fulfilled to the minutest detail.

He prophesized His own passion, death and resurrection.

No fraud would have attempted that. Nor could it have been by mere chance that the prophecies were fulfilled.

As Christ foretold, He died an ignominious death on the Cross.

He was truly dead.

And on that first Easter morn, He was truly alive.

There was no chance for fraud or trickery.

Whoever denies that Christ really died will have to explain away the tearing of the temple veil, the darkness over the earth, the tremors of the ground, the rending of the rocks, the appearance of the dead.

These are the things which accompanied the death of Christ; facts, not theories.

The burial of Christ also was certain. It was open and official, with the governor's permission.

There was a seal and there were guards.

And we can be certain that the enemies of Christ, hearing Him predict that He would rise again, would take every precaution against deceit or trickery.

There are scores of Theories and futile attempts to disprove the resurrection.

Not a one of these so-called explanations does any explaining.

It always amounts to the same thing ... facts versus theories.

The simple facts are plain.

They have withstood over nineteen centuries of abuse and they will continue to stand firmly to the end of time.

These are the things that "He has risen, He is not here." mean to so many grateful hearts, to hearts full of hope of everlasting happiness.

These are the things that baffle so many intellectually proud, limited intellects in the world today.

And these are the things that so many receptive ears have yet to hear.

A blessed and joyous Easter to all!

HUMOR IN CRIME

While pulling a \$2,000 hold-up at a Los Angeles night club a bandit suddenly scooped up a handful of nickels from the manager's desk and said wistfully, "I'll take these for the baby's bank."

Relaxing after a grueling session, the members of the Youngstown University Student Council take time out on the steps of the library to have this photo taken.

1st row (l to r) Paul Kennedy, Joanne Kaschak, Dale Cunningham, Bill Moore (president), Peggy Tiller, Gerald Repasky, John Tudhope, and Mary Louise Creed.

2nd row (l to r) Reni Domini, Steve Bernard, Don Seely, Ron Stowe, Dick Zbell, Andy Bernard, Sam Sanfilippo, and Bill Carney.

Chess Club

(Continued from Page 1)

Sharon had already won their matches and G. Crothers of Leetonia had lost.

Two games were still being played with one win needed for a tie for second. Bill Tassin won his game by a resignation leaving Youngstown needing a win or tie to capture second place.

Nick Paparodis of Youngstown pressed his opponent, T. Kent of Pitt, for time and the tournament director, Prof. Mordecai Reeben of Gannon decided that Youngstown had won on the basis of preponderance of material on the part of Youngstown.

Gather your kisses while you may, For time brings naught but sorrow, The girls that are so cold today, Are chaperones tomorrow.

SMART BOY

The man was telling his child a bedtime story and it went: "Fuzzy wuzzy wuz a bear, Fuzzy wuzzy had no hair. Fuzzy wuzzy wuzn't fuzzy, wuz he?" The kid yelled out, "Hey, Ma, the old man's drunk again!"

There's this to be said about Einstein's Theories — they don't cost the taxpayer anything.

The labor unions are going after a 35-hour week. Pretty soon a man is going to have to pretend he is sick in order to get to work a day.

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smooth-

ness of ride and other driving qualities you want in a car.

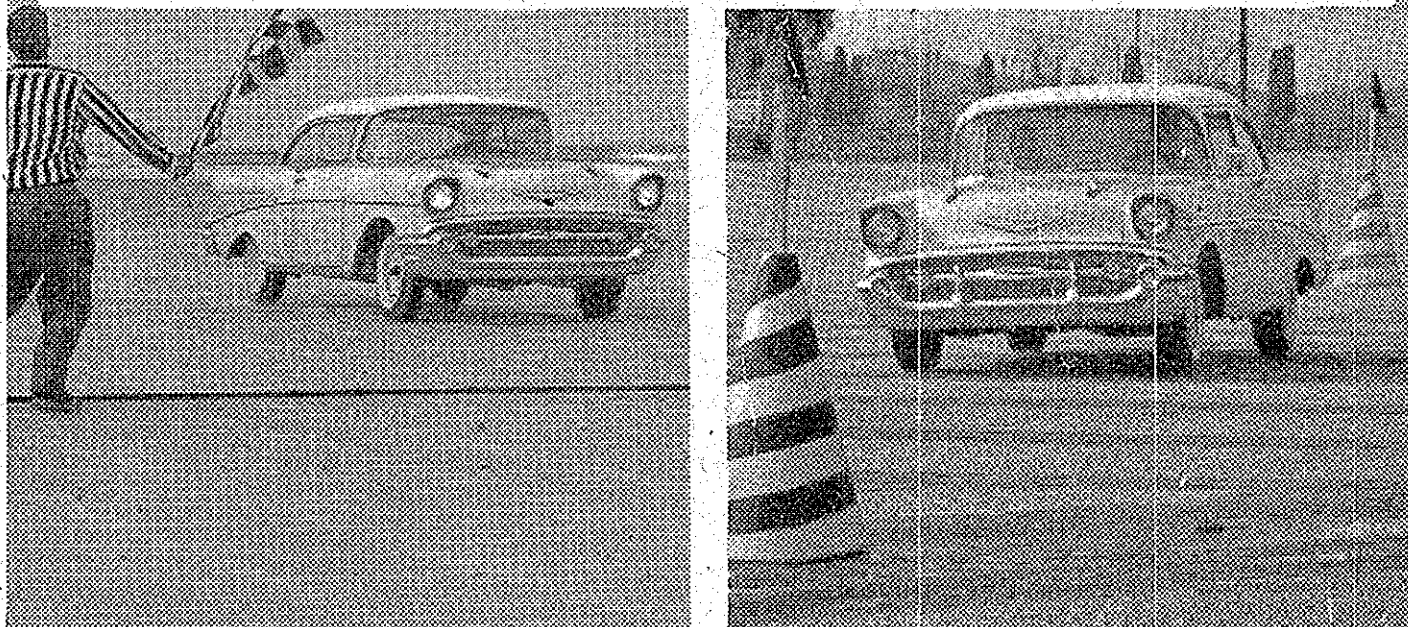

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

*Chevy showed it's still the champ ...
at Daytona ... and in the Decathlon!*

University Will Receive \$75,000 From U. S. Steel

Youngstown University will receive a grant of more than \$75,000 from U. S. Steel Foundation Inc. in its \$1,800,000 program of aid-to-education this year.

The University will receive direct operating aid and a capital aid grant. The capital aid will be for the University's new Science Building.

Dr. Howard W. Jones, University president, recently received a check for \$25,000 to apply to the first of three installments on the capital aid grant.

Effort To Extend Aid

In announcing the grants, Roger M. Blough, chairman of U. S. Steel Corp. and chairman of the board of trustees of the foundation, said:

"The action of the trustees represents an effort by this foundation to extend aid in some form to almost every voluntarily supported institution of higher learning which has clearly demonstrated both its desire and ability to help itself through the crisis facing higher education."

Blough added that the trustees hope their action will encourage others to increase substantially their assistance to higher education.

"Adequate means must be found," he said, "for meeting the needs of institutions, if both quality and quantity educational goals are to be balanced with the requirements of a rapidly expanding nation."

Other Schools Represented

Other Ohio colleges and universities in the program are: Antioch, Ashland, Bluffton, Capital, Cincinnati, Dayton, Defiance, Denison, Findlay, Heidelberg, Hiram, Kenyon, Lake Erie, Marietta, Mary Manse, Mount St. Joseph-on-the-Ohio, Mount Union, Muskingum, Oberlin, Ohio State, Ohio Wesleyan, Otterbein, Our Lady of Cincinnati, St. Mary of the Springs, Vestem, Wilmington, Wittenberg, Wooster, and Xavier.

Elect Foreman Pres. of Sig Ep

The active members of the Sigma Phi Epsilon fraternity elected Bob Foreman president in a recent meeting of that organization.

John Tudhope was elected vice-president; Carl Morell, treasurer; Tim Abraham, historian; and John Poulson, secretary.

Foreman, who recently graduated from Ohio State University, is continuing his studies at Youngstown in the field of mathematics. He is a member of the JAMBAR staff.

Dr. Harder Has Article Published

Dr. Kelsie Harder, of the English faculty of Youngstown University, has had an article published in the current number of the "Tennessee Folklore Society" bulletin.

The article is titled "Pert Nigh Almost: Folk Measurement," and pertains to folk sayings which express measurement. Dr. Harder read the paper at the annual meeting of the Tennessee Folklore Society at Chattanooga, Tenn. last November.

A native of Tennessee, Dr. Harder has written numerous articles for publication about folk customs and speech.

QUALIFIED

"So you want to be lifeguard here, eh? How tall are you?"
 "Six feet, eight inches, sir."
 "Can you swim?"
 "No, but I can wade to beat hell."

Box Score

The following is a box score of the members of the Youngstown University Chess Club and their participation at the Gannon Meet.

PLAYERS	BUFFALO	GANNON	PITT	TOTAL
1. Paul Tremmel	1/2	1	1	2 1/2
2. Nick Paparodis	0	0	1	1
3. Bill Tassian	1/2	1	1	2 1/2
4. Tom Habel	0	1	1	2
5. G. Crothers	0	0	0	0
TOTAL	1	3	4	8

Tremmel Wins "Brilliance" Award

Paul Tremmel, of Sharon and student engineer at the Sharon Steel Corporation, was awarded a scroll and a cash award for "the individual brilliancy game" at the Chess Clubs participation at the first Gannon College Invitational meet March 30-31.

The match in which Tremmel won the award was against F. Necci of Gannon.

Under the rules of the meet, if no game merited such an award, no award would have been presented.

Coach Makes Selection

The selection was made by Prof. Temohil Drezga, coach of the Gannon Chess Club. Prof. Drezga, chess

champion of Paris in 1929, is rated in chess circles as a master of the game.

The following is a transcript of Tremmel's game at the 20th move with black to play:

The following is a transcript of the game between Frank Necci and Paul Tremmel in which Tremmel won the brilliancy award:

ANGLES

Continued from page 2

much because of the thought of that big juicy steak. Well, if the banquet isn't soon we are afraid these men will waste away into grease spots on the floor of the lounge.

We suppose by now that most of the June graduates have their jobs all lined-up. We've heard from the grapevine that Alston and Diehl have received offers from Planter's for their thesisess. We believe that the pay is just peanuts though.

Now we have a query directed toward the Dean's Council. Is there any possible way of getting more parking space for the engineers? The students from the other end have numerous parking places while down here we are limited to one place.

If nothing can be done to increase parking room, see what can be done to repair the parking lot we now have. The lot with its many holes, and crevices is now being known as "Charignon's Crater".

We must leave now to make a set of "ponies" for a forth coming adventure into the world of examinations.

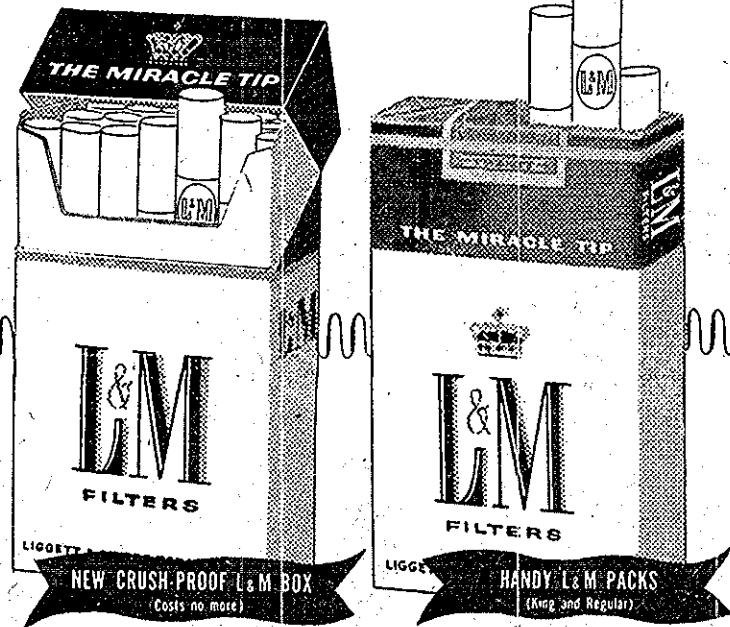

The pessimist will still insist that an airplane is the safest thing on earth.

Jet's Jargon

BY JOHN E. TUDHOPE

At last the track schedule has been released to the public. The track men will have five meets with a possibility of another meet being added to the schedule.

TRACK SCHEDULE

- April 27
Bethany College, West Virginia 1:30
- May 1
Baldwin Wallace College, Berea, O. 3:30
- May 4
Grove City College, Grove City, Pa. 1:30
- May 11
Geneva College, Beaver Falls, Pa. 1:00
- May 17
Triangular Meet
Mount Union, Ashland, Youngstown Alliance, Ohio 6:00

In this first season in many years the schedule is not an easy one. For instance Baldwin-Wallace always has one of the outstanding track teams in the state. Many of their former stars were very prominent in National circles.

The first name that pops into mind when you think of Baldwin-Wallace track teams is one of the all time greats, Harrison Dillard. Track assumed a prominent role at the Berea school when Dillard was burning up the tracks all over the world and has never relinquished that role.

Are Dual Meets

All of the other meets are dual meets except the last one of the season. This will be a triangular meet over in Alliance. Ashland is a small school but they always have a good track team. The same can be said for Mount Union.

Both of these schools have cross-country teams so that their teams run practically throughout the school year. This is one advantage that most of the teams on the schedule will have over the Penguin thinculds.

Coach Carl S. Christensen has been working the men out at Harrison Field for the past three weeks and the team is beginning to round into shape. Most of the work that has been done has been that of general conditioning, such as running and exercises.

Started Work

This week the team started to work on the various specialties. No matter what the record at the end of the season shows it is known for sure that the Penguins will make things hot for their opponents.

There is a wealth of experienced dash men on the squad. With the interest and desire that the men on the team are showing this could be a very promising team.

Christensen is hoping to even send a relay team down to Columbus on April 20 to compete in the Ohio Relays. This would prove to be invaluable experience to the boys in their later track meets.

Within 100 Mi. Radius

Although all of the meets are away it would be great to see many students attend these events. All of the meets are within a 100 mile radius, with some of the meets on Saturday afternoons and the final one on Friday night it should not be too difficult for students to attend.

Track sometimes is not held in too high esteem by students but if you ever attended a meet you know the excitement that is generated by the athletes as they try to win just as hard for their school as the football and basketball players do.

Attend these meets and see some of the most exciting athletic events that you will ever see.

HERNANDO'S HIDE-AWAY

They say that Spring is the time of year when a young man's fancy turns to thoughts of love. Be it far from me to doubt that. But this is also the season of baseball, of track, and the time of year when golfers scurry through the house looking for that misplaced 5-iron, and the tennis fan gets lost in the attic looking for his tennis racket. So spring is a busy season for sports.

By and large the most popular of the spring sports is baseball. Not to indicate that the others are unpopular, but baseball is a "fan's" game, where he can get into the act himself. The others are more personalized.

Baseball here at the University is relatively new. Since the decision of the Administration to renew the diamond sport, however, interest has zoomed upward. Indicative of this is the fact that during the first week of spring training, no less than 41 hopefuls reported to Coach Dom Rosselli's training site. Rosselli himself admitted that this is very unorthodox, considering this is the first season of baseball for several years.

Spring maneuvers have been curtailed by the untimely weather we've been having, but the team is coming around satisfactorily. Home base for training has been Evans Field. Victory Field was originally contracted, but due to the fact that East High School uses Victory for home games, it was decided to move to Evans.

The big worry at the present time, according to Rosselli, is pitching. The boys have not been able to do much pitching due to the weather, but several have shown plenty savvy. Jerry Zetts, Chet Miller, and Len Granitto seem to have the inside track. Other contenders are Ed Vrable, Loren Less, Al Diana, Chas. Bushman, Ronald Komer, William Burby, and Tom Rapphis.

Catching duties will be shared by Lou Fortuna, Rich Suchora, and possibly Jack Palermo. Bruce Kegarsie and Larry Knukle are also contenders.

The infield seems to be pretty solid. First base will be handled by Mizell Stewart or Frank Mango. At second a real struggle will take place, with Phil Guiliano and Chuck Keshock leading the way and Don Parm and Ike McHugh chasing. Ron Stoops appears to have short sewed up, but Chas. Stein and Jim Boyazis will have something to say about that. At third Jess Horton, Leon Stewart, and William Behan are fighting it out.

The outfield positions are wide open. In left, Tom Razum shines, but Art Moore, Al Greenfield, Rich Magni, and John Abdo are also contending. John Rouse leads the center-field hopefuls followed by Roger Kane and Andy Bernard. Ern Ruby and Don Fedorchak are vying for the right-field post.

The managerial duties will be handled by Frank Guarnati and John Georges.

The following is the complete 1957 baseball schedule:

- April 11 - Baldwin-Wallace, Home 2:30
- 13 - Mount Union, Home 2:00
- 17 - Westminster, Away
- 20 - Westminster, Home 2:00
- 25 - St. Vincent, Home 2:30
- May 1 - Geneva, Home 2:30
- 3 - Baldwin-Wallace, Away
- 4 - Duquesne, Home 2:00
- 9 - Alliance, Home 2:30
- 11 - Mount Union, Away
- 14 - Geneva, Away
- 16 - Duquesne, Away
- 18 - St. Vincent, Away
- 20 - Akron, Home 2:30
- 22 - Alliance, Away

All home games are to be played at Evans Field.

Linksmen Show Talent Despite Bad Weather

By Ron Yanatsky

Although inclement weather has curtailed some of the golfer's practice play this month, Coach Bill Carson's link hopefuls have shown much talent in the qualifying rounds that have been completed.

Returning letterman and co-captain of last year's squad, Pete Rosko, has a sub - 70 average in early practice, and five other swingers are consistently breaking 75.

These include Jack Blaski, Tom Basto, Bob Sisko, Joe Galko, and Ed Seginak. The return of Seginak, who, previously, found it unable to play this season, will bolster the squad tremendously.

Looks Good

Seginak, the other co-captain of last year's squad, has corralled several amateur championships in the area in the past few years, and the Sharon, Pa., senior, has looked good in early play.

The varsity squad hopefuls also number among their ranks. They are: Joe Baytook, Bill Blarcak, Ed

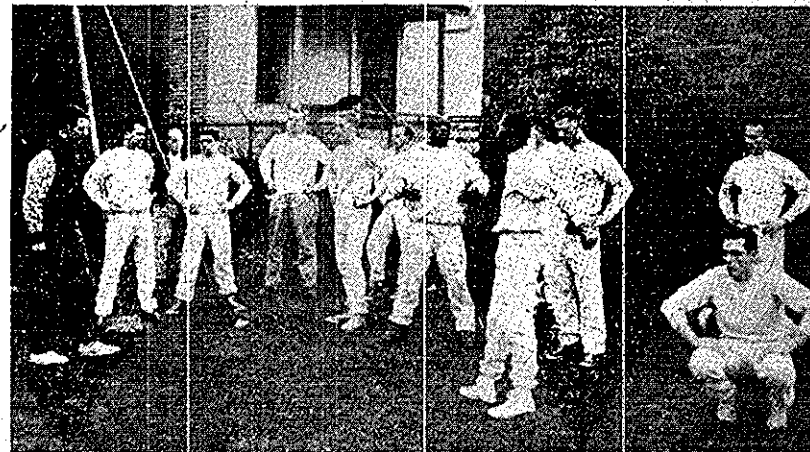

Knizer, Ed Antonelli, and several Pennsylvania standouts, Fred Quinn, Ralph McCormick, and Tom Richards.

Coach Bill Carson's boys will open the season on Tues., April 16, at home, against the Geneva Covenanters. As yet, the home course has not been determined, but Mill Creek or Youngstown Country Club may be the site.

The swingers hope to have about 15 matches on the card, with the roughest opponents probably being Kent State, John Carroll, and Grove City.

A high spot this spring will be the squad's trip to Columbus, May 13, to compete in the collegiate meet at Ohio State University's beautiful, long, rolling course.

Receive Instruction

Hopefuls of the 1957 Youngstown University track team listen to instructions from Coach Carl Christensen. Practice is being held at Harrison field.

TKE's Win IFC Title

The Tau Kappa Epsilon fraternity has won the Inter-fraternity Basketball championship for the second year in a row.

The final game was played at the Christ Mission gym March 29. The TKE's defeated the Zeta Phi Eta fraternity who placed second in the league.

The TKE's and Zeta Phi's gained their birth in final competition by defeating the Sig Eps and Phi Gams, respectively.

Chose Outstanding Player

Jerry King, of TKE, was chosen as the league's most outstanding player.

Members of the TKE squad were: King, Williams, Via, Miller, Mauch, Smith, and Seely. Representatives of the Zeta Phi's squad were: Rios, Parm, Vaclac, Propri, Gambittista, Magni, and AlleBretto.

Beta Sigs Crowned Tournery Champs

The Beta Sigma Omicron sorority has been crowned sorority and tournery champs of Youngstown University for the school year 1956-57. They defeated the Pacer's in the championship game 23 to 15.

The Beta's were lead by their Captain Margaret Riesen, and the Pacers were lead by Aggie Cross. The champs will receive their trophy and name on the plaque at the W.R.A. Spring Banquet in May.

The volleyball tournery is now started.

Rules Change Forces Spring Grid Practice

Due to a recent change of rules by the NCAA in regards to fall football practice, Coach "Dike" Beede has decided to stage spring workouts this season.

Originally football practice was slated for sometime around the middle of August at Camp Fitch, but the new rule stipulates that no collegiate squad may begin football practice until the first of September. This would not allow ample time to ready the team for a September game.

Spring practice is scheduled to get under way on April 22. As yet a site has not been chosen, but boys are asked to keep in close touch with the Athletic Department.

Many teams are entered in the recreational tournery and all are viewing for the championship.

Plans are also being made for the Spring Banquet and the W.R.A. members are planning to attend several play days in April and May. Election of new officers will take place at the beginning of May also.

TRICK QUESTION

The following question appeared on an application blank that would be firemen are requested to fill out. "What piece of fire equipment can never be taken up a one-way street?" The correct answer has never been turned in, since the answer is, of course, a fireboat.

Your own "Leading Lady" says:

GREEKS

Continued from page 4

PHI MU

Congratulations go to Phyllis Trope on her successful arrangements of the Pan-Hellenic Dance. We'd also like to thank Pledge Shirley Bobanic for making the P.J. party after the dance something to remember. That is, if anyone can... She'll never forget it - it was at her house. (Just send us the invoice).

That party was a real panic. Lucille woke up promptly at 8 A.M. to the beautiful tones of Elvis Presley's "Hound Dog". Lucille, please watch for those cameras after this. After all, when you're just waking up in the morning, the camera doesn't always catch your better pose.

Oh well, that's what you get for going to sleep at a P.J. party. Of course, somebody ought to hide Pat Casey's camera because she just loves to surprise all her sisters.

Congratulations and good luck to Phi Mu's choice for Junior Prom Queen, Nancy Zumrick.

PHI GAMMA

Plans are under way for the 12th Annual Phi Gam Popularity Dance to be held at Idora Park Ballroom on Friday, May 3. Music will be provided by Nick Barile and his orchestra. Hope to see you all there.

A stag party has been scheduled for April 25 with the Kappa Sigs, Sig Eps, Zeta Phi Eta, and Phi Gams. It will probably be another winner!

We never knew there were athletes around. Bill Burby, Ike, Art Moore and Ron Bartoli are cutting gracious figures around the diamond.

The P.G.'s had a fine time with the Gamma Sig's two weeks ago. It seems the Kappa Sigs and Phi Lams had a party the same night. So, a little organization and a real blast was had. Not too many in school the next day.

Congrats to Bill Burby for chairmanship of Greek Sing.

The Phi Gam's had a party last week with Nu Phi Mu - wow! I guess they had a little party. My, oh, my.

Congratulations to the lovely candidates nominated for J-Prom. See ya' out campaigning in the halls.

Congrats to all the lovely young girls who have pledged sororities. They certainly enhance the appearance of our campus. Just remember girls, pull up your knee sox, straighten your hats, and don't sweat it!

TAU KAPPA EPSILON

Two down, one to go, is the TKE Motto for April. The fraters hope to put the lid on another successful year by adding the IPC sing trophy to their collection.

The Tekes have trophies for the best booth at IPC Sweetheart Ball and IPC basketball tournament. Congratulations to the team and Gerry King for his awards as the most valuable player.

In Teke party news, Dave Manley has been doing well at cards on Friday night. Could this be, because of the "summer sport" straw hat he's been wearing? No, we think this is because his brother got kind of wild with a pair of barber clippers and gave Frater Manley a mohawk cut down the back of his head.

Last weekend the Teke's went down to Grove City to hear the Four-Freshmen. The Four Freshmen are Frater TKE.

We were told to close by saying goodby to Billy from Pat!

SIGMA PHI EPSILON

The members of Sigma Phi Epsilon are proud to announce that they have purchased a house. The premises of 846 Bryson Street are now the legal property of the fraternity. Already the boys have dug in enthusiastically to get the house ready to be occupied as soon as possible. Great progress

has been made and the boys actually seem to be enjoying themselves in their work.

A party was held at Kreiter Realty, and the members of Phi Lambda Delta Sorority were the guests of the Sig Eps last Fri. night. Everyone enjoyed themselves, especially Bill Ipe.

The Sig Eps are looking forward to the "mobster" party to be held this Sat. at Millers garage. The dress for the affair will be strictly hysterical!

The new pledges have been indoctrinated, and are already suffering from activities. They are George McCarthy, Paul Sevanich, Tom Hagan, John O'Neil, and Archie Brinard.

Our sincerest condolences go to Brother Dick Remick and his family on the recent death of his father.

Dr. Bullough Has Article Published In Medical Bulletin

Dr. Verne Bullough, of the history faculty of Youngstown University, has written an article which appeared in the last issue of the "Bulletin of the History of Medicine" which is published jointly by Johns Hopkins University and the History of Medicine Society.

Dr. Bullough's article is titled "The Development of the Medical

University at Montpellier to the End of the Fourteenth Century."

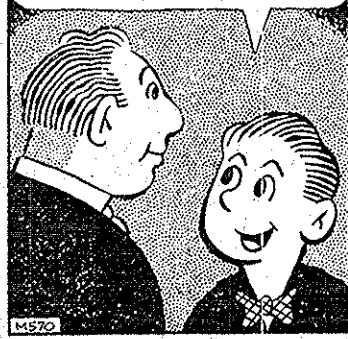

His article traces the development of the bachelor's, master's, and doctor's degrees in arts and in medicine. Montpellier University, Montpellier, France, was the first university to offer the medical degree.

One Of A Series

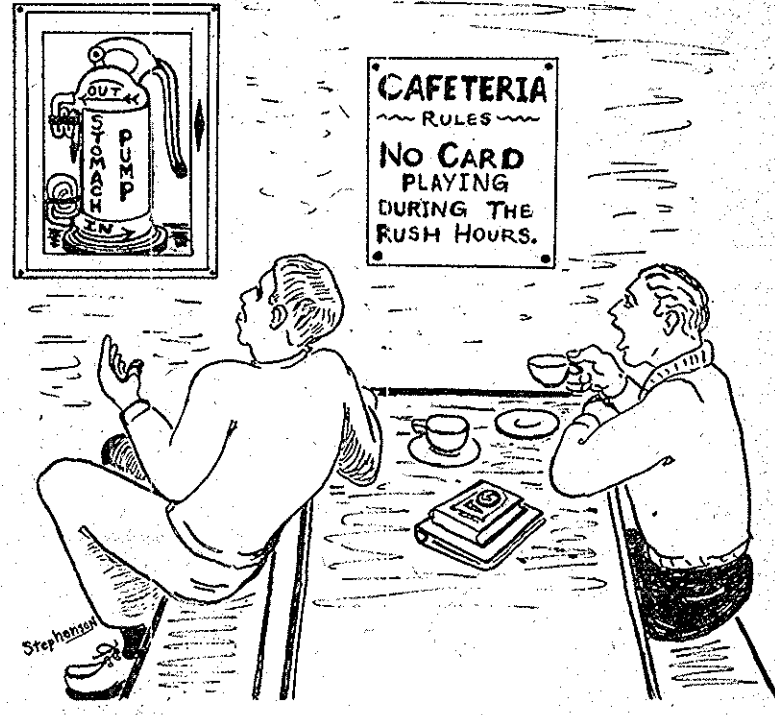

The article is one of a series which Dr. Bullough is writing on early science and medical training. Three are scheduled to appear in the "Bulletin of the History of Medicine" during the current year.
