## Inter-frat Dance Tomorrow Night

The highlight of the Greek social calendar will take place tomorrow night with Lola Raptou, Phi Lambda Delta, reigning as Sweetheart of the Inter-fraternity dance at the Stambaugh Ballroom. Sponsored by Pan-Hellenic Council, the dance will be the first formal Greek affair since 1943. The Inter-fraternity dances were informal parties during the war years.

Following the intermission procession, Miss Raptou will receive her crown from Heien DeCicco, (Phi Lambda Delta) 1943 Sweetheart. A write-up of Miss Raptou appears on Page 3.

Members and alumni of the Greek social fraternities represented in Pan-Hellenic council and their dates are invited to attend. The dance is also open to members and alumni of those fraternities which have not become active since the end of the war, but were former members of the council.

Tickets for those who have not purchased them through their organizations may be obtained at the door. The dance is semi-formal and music will be furnished by Tee Ross and his orchestra.

Dan Rich is general chairman with June Grimsley, Beverly Jackson, Grett Rothermund and Jean Mellinger as the committee.

## Madeline Pucci Sings On WFMJ Program

Madeline Pucci, Dana student, was featured vocalist of "The Melody Lingers On" program over station WFMJ Monday evening. ## Inter-racial Committee To Study Situation at College

A committee of five Negro students, a Chinese and four white students, to be known as the Inter-racial Committee of Youngstown College, has been formed to foster the improvement of inter-racial relations here. The committee plans to act as a sounding-board for all matters and action of inter-racial nature in the college.

Formed early in the semester as a result of the increased and varied enrollment, the committee will meet every Wednesday during assembly hour. It will study conditions as they now stand from the viewpoint of both administration and student body. Techniques of determining public opinion on the subject will be considered. The committee's findings and suggestions for improvement will be presented to the college as a whole.

At the committee's second meeting held Wednesday, Feb. 6, Leona Ehrhart and Carl Madison were elected co-chairmen of the committee; Lotus Koken was elected secretary-treasurer. Serving on committee are: Myra Adair, Elouise Bargoniari, Willie Hom, Kenneth Love, Bishop McDuffie, Robert Shreve, and Jo Yelder. Mrs. Karl Dykema is faculty advisor to the group.

## YoCo Adds 39 Members To Faculty Personnel

Youngstown College not only has an enlarged student enrollment this semester, but has also added 39 new members to the faculty. Some of these are full-time instructors while others have been added for part-time and night school teaching.

At this time we should like to introduce four new members of the faculty, Mrs. Ina F. Woestemeyer Van Noppen, Mrs. Laweys Norton Fee, Stephen E. Koran, and Richard Gage.

Dr. Van Noppen, an instructor in the social science field, has come to YoCo from Hiram College. She had formerly been on the staff at Teachers College, Columbia University, and Women's College, University of North Carolina. She has her Master of Arts and Doctorate Degrees from Columbia, and her Bachelor of Science Degree from University of Kansas.

Additional classes in English composition and speech are being taught by another newcomer, Mrs. Fee. A graduate of Hiram College, where she obtained her Bachelor of Arts degree, Mrs. Fee received her Masters from Western Reserve. In addition, she has done graduate work at Northwestern University and has done extensive work in speech and dramatics.

Former captain in the corps of engineers, Stephen E. Koran has joined the faculty of William Rayen School of Engineering. For the last three years he has been serving in Alaska and in the Central Pacific.

A member of the National Theater Conference and co-author of the book, "Organizing a Community Theater," Richard Gage has come to us from Charleston, W. Va., where he was director of the Kanawha Players. He studied at Kenyon College and Yale and spent four years with a professional stock company at Milford. He is now director of the Youngstown Playhouse and is conducting a dramatics course here at the college.

In the coming issues of the Jambar, the remaining new faculty members will be introduced to you.

## 850 Students Attend Frosh Reception Feb. 7

A record turnout of 850 students at the Freshman Reception held February 7 at the Elms Ballroom marked a new high in attendance for a YoCo social event. The crowd of freshmen, ex-servicemen students and old students danced to the music of Sammy Monte and his orchestra. Wives of many of the ex-servicemen, President Howard W. Jones, Dean and Mrs. G. W. Wilcox, Registrar Philip Buchanan, and Leif Oyen were special guests.

Jitterbug Contest Featured  
A jitterbug contest was featured at intermission with President Jones, Mr. Buchanan, and Mr. Oyen acting as judges. The winners, Alice Woodside and Jim Miller; Mary Cutic and Frank Smalini; Mary Lou Farina and Bill Doinoff, received tickets to the Charlie Spivak dance.

Frank Covelli and Dave Lichtenstein, co-chairmen and their committee: Melva Mantle, Olivetta DeLucia, and Ed Chopp received general approval for the success of the dance.

## New Students Guests Of Delta Chi Epsilon

Lighted tapers and an arrangement of daffodils graced the tea table, at which Miss Margaret Kurz presided when Delta Chi Epsilon Sorority of Youngstown Business College Night school, entertained newly-enrolled women students at the Y. M. C. A. Sunday afternoon, Feb. 17.

Miss Madonna Blank, pianist, and Miss Jeanette Schafer, singer, accompanied by Miss Wilma Evans, presented a musical program. Miss Ethel Puhalla, president, welcomed the guests. On the committee for the tea were Miss Anne Murphy and Miss Charlotte Blank.

Miss Jayne Campbell is chairman of the committee for a kabob party, time and place to be announced later.

### Servicemen!

Due to the rapid redeployment of servicemen, the Public Relations office wishes to announce that this will be the last issue of the Jambar you will receive unless a request for it has been recently mailed or will be mailed now. The Office will continue to send the paper to you if you so desire, so notify us immediately. We have been glad to bring the news of YoCo to you and will continue to do so.

### The Newly Formed

INTER-RACIAL COMMITTEE might be compared to a beam of radar. Just as the magic searching rays were born of the pressure of war, the Inter-racial Committee has been formed to seek out and throw into bold relief the racial differences which have caused no small amount of mis-understanding and friction among college students recently. The committee has set itself the task of putting these problems into proper focus.

When the lens is adjusted to its finest point our racial problem narrows down to the issue of whether activity books should be issued to colored students. But this core of the problem cannot be reached without a great many adjustments on both sides. Adjustments on more subtle factors not so easily seen and understood. The committee is determined to seek out these factors and thus make for reader understanding. Is it not true that we distrust most that which we do not know? The fog of distrust is thick, but it can be made to disappear before the light of mutual understanding.

The Inter-racial Committee has not set itself up as a band of pleading crusaders. Rather, they are a group of intelligent students bent on understanding a vital problem. They are not hot-headed idealists planning to attack a delicate problem which so many, in blind complacency, would ignore and feel safe in their ignorance. They realize the problem cannot be safely and sensibly ignored. The committee has the foresight to be interested in democratic understanding and justice. And, above all—the group is mutually tolerant—a much-hailed American virtue that is all too often hypocritically claimed.

The committee plans no step which will go against the will of the student body. They can go just as far as the intelligence of the college as a whole will let them. A study of the situation as it now stands on the part of students and administration is planned. Calm, sensible education for better understanding between the two races will follow.

The newly-formed Inter-racial Committee is a most valuable asset with which Youngstown College can do one of two things. The college can go on stumbling through the fog of mis-understanding and confusion over racial differences; thus retaining a lasting and growing liability in the form of racial discord. Or it can see its way clear to intelligent, mutual understanding by giving tolerant and thoughtful consideration to the committee's efforts.

### Do You Want a Date

on the Social Calendar? It is a regulation of the Student Council that all social affairs must be registered on the Council calendar and that organizations may not take the same night as another organization with some of the same membership. Violations of this rule have caused many overlapping meetings. It has been discouraging in several instances when the attendance of a function was lowered because of another organization's oversight or negligence. Such thoughtlessness may have proved the success or failure of a meeting that had been carefully and extensively planned.

The groups within the main college have, on the whole, been fairly careful in this detail. The organizations in the other schools, perhaps unknowingly, have failed to comply. Since many students of the music and business schools belong to organizations within the liberal art school, a little consideration in sending in the dates of meetings and social events would guarantee the success of all the schools' functions.

Because the calendar is a Student Council project, dates that organizations desire should be turned in to Marcia Welsh, Council vice president. Also for your convenience, the calendar has been placed in the main office and may be obtained from Miss Ivis Boyer. The problem has been made very easy for you. It is up to you now to show the consideration you can toward the other organizations on campus and in turn, your own organization.

This semester promises to be even a busier one than last. It would be a courteous and welcomed gesture for the clubs to submit dates for all their functions. It is intended to help make your social season a success.

### Council This Week . . .

**APPOINTED** Larry Blazina to contact authorities about the time allotted students to change classes between the various buildings.

**URGED** organizations to turn dates into the social calendar which can be obtained in the main office.

**HEARD** a report by Frank Covelli on the materials and costs of repairing Lounge fixtures.

**APPROPRIATED** \$10 for the dry-cleaning of the YoCo veterans team's basketball suits.

**APPOINTED** Judy Megala as the head of a committee to set up a list of rules for conduct in the Lounge. They will be posted on the Lounge bulletin board.

### Rules for Rushing . . .

Monday, Feb. 25, is the first day of rushing. For the next three weeks the members of the Greek social organizations will place their best foot forward and try in every way to please the rushee. There will be free cigarettes for the rushee. He will always be able to find someone to help him with his math, he will be asked out to lunch, and THE vacant chair in the Lounge will be reserved for him. The climax to this attentiveness will be the "rush" parties given by the sororities and fraternities.

Each sorority and fraternity is allowed to give three rush parties during the rushing season. These parties are given with the idea of helping the members and rushees to become better acquainted. For this reason it is important that a rushee accept every invitation extended to him. Out of courtesy, the R. S. V. P. should be answered. If the answer is negative your reason will show the organization that you are still interested in being rushed.

To be eligible for rushing by the Pan-Hellenic organizations, a student must be enrolled in the liberal arts school and be carrying 12 hours. A student with six hours in the day or night schools may only be considered by the night school fraternities.

The enrollment of YoCo this semester is so large that every student cannot be rushed. If you do not receive an invitation to a rush party, do not feel inadequate. Rather, try to understand the situation that faces the Greeks and continue to be the friendly individual you are.

Just as the rushee is beginning to enjoy the life of parties and free treats, a week of silence will begin. During Silent Week no member of any sorority or fraternity shall entertain or talk to any of its rushees or those of other organizations. Silence will reign among ALL Greeks and ALL rushees. This rule was made to insure freedom of choice and to allow the individuals to choose the organization by his own judgment.

On the third day of Silent Week bids will go out to rushees. A bid is the formal invitation to the rushee asking him to become a pledge member of a fraternity. On the fifth day, he will answer the bid, negatively or affirmatively, and place it in the bid box in the main office. A student may accept only one bid.

These next three weeks are yours, rushees, so enter into the fun and get acquainted with the Greeks.

**Editor's Note:** This is the first of a series of articles featuring **THEY'RE BACK . . .** veterans who are former YoCo students and have returned to the college after service with the armed forces.)

Paul Muehlbauer, Kappa Sig, has returned to YoCo after serving in the ETO as private first class in the infantry. He was here as a chemistry major in 1942-43. He is continuing his chemistry and his membership in the Newman Club — enjoying every minute of it, he tells us. Paul has been classified as the "typical Joe College" type.

The Sig Deltas, once more active, have Bob (Pappy) Boyd back with them. Bob served as a sergeant in the Third Infantry in the ETO. He attended YoCo in '42-'43, too, and is back as a second semester freshman majoring in pre-law.

The fourth week of school! Lessening of confusion. The dim mass of faces gradually submerging into individuals. One nose, two eyes, etc. Delving into personalities. We used to sit back and watch the new men. Now we're on speaking terms with one or two. Getting adjusted. More and more participation in activities. "Just give us time"—they tell us. So we will—14 more weeks of time.

Tuesday evening, Feb. 26, at 8:30, Mary Ferranti, Frances Monoc, and Kay Sullivan, artist pupils of Mr. Albert Holzhausen, will be presented in a voice recital in the college auditorium. The program includes a group of Spanish songs by Miss Ferranti, who will appear in native attire, "Visi D'Arte" from the opera Tosca and "Il est Doux, Il est Bon" from Massenet's Heroide, sung by Miss Monoc, and "My Heart at Thy Sweet Voice" from Samson and Delilah, sung by Miss Sullivan. Franklin Taylor will be the accompanist.

Having heard these young artists perform before, we can say the program will provide an evening of classical entertainment. A special number on the program will be the closing scene from Wagner's "Das Rheingold," the entrance of the gods into Valhalla, and the lament of the Rhine maidens.

### Mary Bell Gilbert New Prexy for E. T. P. C.

Because former president Rose Csiss has withdrawn from school due to illness in the family, Mary Bell Gilbert presided at the Elementary Teachers Professional Club meeting, Feb. 11.

Jeanne Charlebois was appointed to purchase new curtains for the elementary room. Working with her will be Violet Tornich and Frances Palotsee.

A nominating committee consisting of Ruth Berger, Myra Adair, Ida Adavasio, Violet Tornich, and Polly Velker was appointed. They will present the nominees for next year's offices at the April election meeting.

The next E. T. P. C. meeting will be held Tuesday night, March 12. The committee for this meeting includes Frances Knezovich, chairman, Anne Setnick, Marjory Davis, Eloise Sisley, Bernadette Sankey, and Marjean Conkle. All elementary education majors are invited to attend.

## CAMPUS COMMENTS

By Kenny Love

On the campus of our fair YoCo and around the halls, one comes in contact with many individuals. And quite frequently one is very much impressed with the fact that these people are definitely characters. We find that some of these people are the possessors of very annoying habits; therefore, I should like to list the four or five leading irritatives in my personal "Hate Parade."

Holding down the number one spot this week is the optimistic egotist that frouls you so early in the morning. You come to school with your spirits in the clouds and upon passing Bill in the hall you greet him with a "Morning, Bill," and Bill comes back with a "Fine, how are you?" Since you are usually not the least bit interested in Bill's health, an overwhelming desire to tell him so arises within you. A second look at Bill, however, quickly drowns this desire and you continue on your way mentally, putting the dear boy through inconceivable tortures.

Second, we have the person that approaches you during the latter part of the day. This one has about three bars from some song running through his mind and wonders if you can't do him the supreme favor of supplying the name of said song. You are very flattered and are sure that you know it, but you just "can't place it." The next few hours you spend in agony as you vainly strive to remember the thing. You have, by the end of the day, finally re-arranged the tune to fit "God Bless America" and thus console yourself and narrowly escape the little men in white.

The third killjoy is the "I know something you don't know" kid that used to live down the street in the days of old. This is the lad that knows a "real good joke" and is bound to tell you. He goes into elaborate detail, and after a perfect build-up, finds that he just can't seem to remember the climax. The proper re-action to this, after you get control of yourself, is to sit for hours trying to figure out an ending to the joke that will provoke some satisfaction.

Then we have the very annoying chap that goes zooming past you while you are standing on some street corner. He blasts his horn madly and shouts your name very informally, sometimes not too complimentary, to the world at large. Of course he is gone before you can determine who it is and this leaves you feeling very perplexed and in a very irritated state of mind. And for days you go around deducting this person and that from your wealth of possibilities, frantically looking for a clue to the unknown motorist. This, however, proves as futile as trying to slam a swinging door and you finally decide that you didn't want to know anyway.

There are also many others in this category and last, but not least, are the people that hold their "Lounge hour" in the quiet of the Library.

And now I leave it up to you—what is to be done with people like this who insist on making life so difficult? Or should I say, what can be done, the law reading as it does?

(Editor's Note: Here are several letters the Jambar has received from former YoCo students now in the service. We would like to share them with you.)

Dear Editor,  
I have received four issues of the Jambar since I have been overseas and I want to say that it was really swell reading about all the things that are going on back there. I was particularly interested in the articles about the football team for next fall. I see that some of the veterans of the '42 team will be back. I should like to be there to see some, if not all the games.

I am attached to the Ninth Corps here. The 77th Division is here also, so if anyone knows someone from Youngstown in either of these units, I would appreciate it if they would let me know. One fellow, Paul Grein of Youngstown, is in my unit, but I haven't met him yet. He is Phyllis Grein's cousin (a student here at YoCo).

Say hello to all the gang and keep the Jambar coming. Best of luck or, as we say here, Konichiwa, "Sayonara," and so long for a while.

## To Play for Newmanites

Buddy Rich, the young man with his drums, will play at the Newman dance, March 2. Others to be featured with this 19-piece name band are Dorothy Reid, vocalist, Bitty Mullins, and George Berg, sax sensation. The maestro also will give out with the vocals, having taken lessons from none other than "The Voice," Frank Sinatra.

## Legion Membership Hits High 2,000,000 Mark

Indianapolis, Ind.—The American Legion membership for 1946 has passed the 2,000,000 mark. The 2,000,000th membership card was issued to Wilbur W. Barlow, World War II veteran, when he enrolled in Seattle, Wash., Post 160.

This is by many hundreds of thousands the greatest enrollment ever reached by the Legion, according to National Adjutant Donald G. Glascoff. He predicted that before the close of the year, the membership would exceed 3,000,000.

"Membership cards are arriving at national headquarters now at a rate of 19,090 a day," said Assistant National Adjutant Henry H. Dudley, in charge of membership. "We fixed a new potential quota of 3,328,219 for 1946."

The live wires of World War II are not only coming into the Legion through existing posts, Dudley pointed out, but also by organizations of new posts of their own.

"There are 13,393 posts in the Legion today," Dudley said. "This, too, is a new record. We are chartering new posts at a rate of 11 a day." — (The American Legion News Service.)
