

# THE JAMBAR

1908 Youngstown University 1958

Semicentennial

Friday, February 13, 1959

Youngstown University, Youngstown, Ohio

VOLUME 35, NO. 1

## Men's Rushing Season Opens On Campus

Excitement is expected for the next three weeks, as the eleven fraternities of Inter-Fraternity Council begin the whirlwind of rush season, including all the parties, socials, stags, etc. that accompany rushing on campus.

Rush season opened officially on Mon. Feb. 9, and it will continue until Mon. Mar. 2, which adds up to three weeks of solid socializing.

Eligible men on campus will be invited by the fraternities to attend parties aimed at making social contact so that they may be better acquainted with each other. This also aids the rushee in making his choice of fraternity affiliation.

### After Rushing

All men who have a 1.0 accumulative point average, and who are carrying a minimum of 12 hours at school are eligible to rush. Students who have not been contacted by a fraternity, but who wish to rush may sign for rushing at the entrance to Strouss Auditorium.

After rush season ends there will be a one week waiting period before bids are mailed out. IFC will check all candidates for eligibility.

## Slag Named Latest Campus Publication

Youngstown University has added a new publication to its growing list of newspapers and magazines. The new magazine, a campus humor magazine, has been named the SLAG.

The magazine is the idea of Brian Donnelly. Brian was assisted by Ed Nolti and Dave Manley. This past week the administration gave final approval.

The magazine will be ready by the 1st of March. It will consist of 28 pages and will sell for twenty cents.

A staff will be named this week. Anyone interested in working on the staff in any phase should attend a meeting to be held in the JAMBAR office, Room 22 Pollock house, today at 1 p.m. If you can not attend the meeting contact Dave Manley care of Box 96 Main Bldg. and leave your name and phone number.

## Judy Pruce Queen Of Mardi Gras Dance

Miss Judy Pruce reigned as 1959 queen of the Newman Club Mardi Gras which was held Saturday, February 7 at the Idora Park Ballroom. She was crowned by the 1958 queen, Miss Joan Christopher, with Peggy Lou Dignan, Marion Minghetti, Eleanor Novotny and Geraldine Stanton as attendants. Fred Seminara, Master of Ceremonies, announced the crowning of the queen.

Music was provided by Lenny Esposito and his orchestra. Chairman of the 14th annual Mardi Gras was Don Smaltz, a junior majoring in education.

## University Theatre Students Prepare for Family Plays

### Productions Are Backed By Ohio Mental Health

For the second straight year, students of Youngstown University, under the auspices of the Ohio Division of Mental Hygiene and the Youngstown University Theatre, will be acting Family Plays, a series of short community plays designed to help people understand human behavior.

### Student Fund Drive Will Aid Library

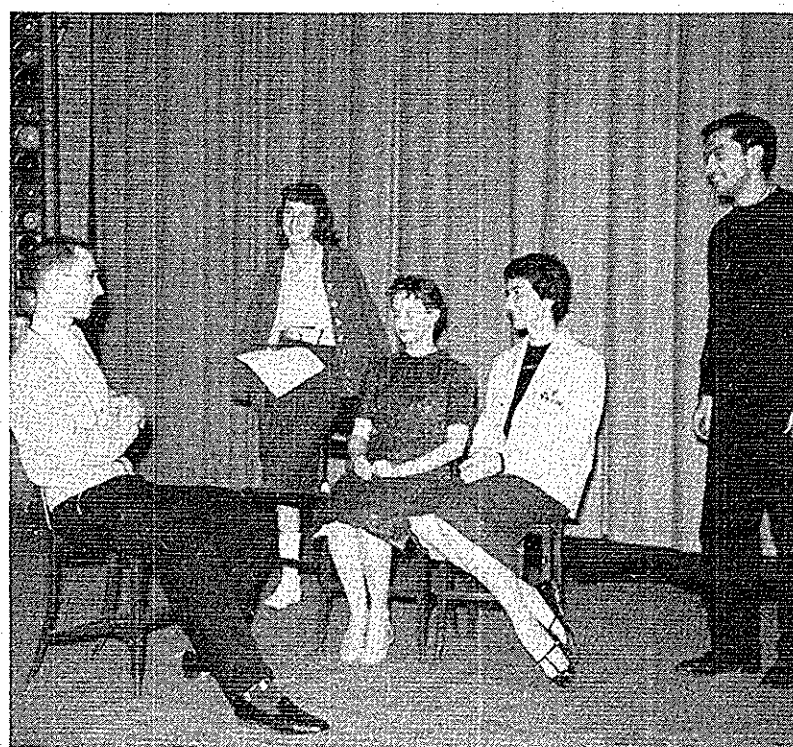

A student drive for funds for the Library will be conducted on campus the week of March 2 through 6. The purpose is to secure funds for the purchase of special books needed to make our library more nearly complete.

Members of various campus organizations will conduct the campaign and will canvass for funds. Plans include classroom solicitation among day and evening school students. Those who contribute will receive a book mark ribbon, since the theme of the campaign is "Mark your book." Organizations are also being asked to contribute to the fund drive, either directly by contribution or indirectly by the purchase of a specific book.

The committee for the fund drive is headed by Gerard Repasky, past president of Student Council; and includes Dolly Stizza, Pan-Hellenic president; Ed Wall, I.F.C. president; Agnes Biscan; Leonard Loopp, Student Council vice-president; and Frank Polite, English Society president.

### Jambar Meeting!

Anyone interested in working on the *Jambar* in any capacity should attend a staff meeting to be held on Mon. Feb. 16 at 2:30 in the *Jambar* office.

Youngstown University's student cast, under the direction of Vilma Terle, rehearse for Family Plays, a service project sponsored by the Ohio Division of Mental Hygiene and the University Theatre.

## Chapel Services Usher Lenten Season to Campus

The Lenten season officially opened this week with chapel services being held at St. Joseph's Catholic Church and St. John's Episcopal church.

Father Petric announced this year's Lenten fast regulation. He also stated that there would be a dispensation of the Lenten fast for the feast of St. Patrick. Complete abstinence is required on Fridays and three other days; Ash Wednesday and the Immaculate Conception and Christmas.

Partial abstinence - meat at only the main meal -- is required on Ember Weds., and the vigil of Pentecost.

All Catholics between the ages of 21 and 59 may eat one full meal tomorrow, Sat., with meat.

### Rev. Linder Speaks

Rev. Linder said that he felt that the students should begin to attend the weekly noon Chapel service. Those students who do attend are not only maintaining a Christian tradition, but they are enriching their inner lives, and are fortifying themselves through worship and prayer against living their lives on the lower levels of human experience.

For further information the chaplains may be found in their offices on the second floor of the Main Bldg.

## Position as Junior Sponsor Of Pershing Rifles Open

Miss Mary Helen (Terri) Hreno has been promoted to Senior Sponsor from the Junior Sponsor's position which she held last semester, leaving the Junior position open to all qualifying women of Youngstown University.

The opportunity extended to qualifying women students of this university to become Honorary Sponsor of a Pershing Rifles unit is regarded as a high privilege and position of prestige among students attending 18 universities and colleges comprising the Pershing Rifles First Regiment.

This position is open to all interested women students of Youngstown University who are in good standing. As this is an honorary position the new Junior Sponsor will be selected from a field of applicants. Applications are available in the Dean of Women's Office.

### Many Activities

Chief among the many and varied activities enjoyed by Honorary Continued on Page 4

Pictured is Mary Helen Hreno, Senior Sponsor for Company P-1 Pershing Rifles of Youngstown University, and a selection of trophies won in the past two years of competition. Pershing Rifles is seeking a Junior Sponsor.

## Editorials . . .

### Under New Management

NOW UNDER NEW MANAGEMENT: How many times we see this sign. Progress and change are inevitable phenomena which must be faced. Changes occur in industry, in politics, in science, in language, and in newspapers. This paper has experienced a change . . . It is now under new management.

We ascend to our new responsibility with pride and honesty. We vow that the principle of a free press will be championed to the best of our ability, and that no person or organization will be slandered or criticized for the sake of controversy.

We believe a college newspaper should be the voice of the students, reflecting their ideas and customs, and that it should be as informative to their intellect as a college textbook. Toward these ends we dedicate our efforts.

There will be no horn-blowing, just honest, accurate, and unbiased reporting. With the cooperation of the entire staff and the student body, we will surely have the type of college weekly that all will be proud of.

## Veauthier IFC Queen; Nu Sigs Win Booth Honors

With Miss Nancy Veauthier reigning as 1959 I.F.C. Sweetheart and Nu Sigma Rho winning the booth competition the "Greeks" put a close to their fall semester activities.

Miss Veauthier was crowned 1959 sweetheart by last years queen, Martha Clark. Nancy is a junior in education and a 1956 graduate of Ursuline High School. She is very active in school affairs, being a cheerleader, member of Sigma Sigma Sigma Sorority and last years Miss Popularity.

### Two For Nu Sigs

For Nu Sigma Rho, having won the honors last year made it two in a row with this years repeat performance. In accordance with this years theme "Countries of the World", Nu Sigma Rho used Haiti as the basis of their booth.

Kappa Sigma Kappa took 2nd place with 3rd place going to Phi Gamma. A special honorable mention was given Theta Chi.

Lenny Esposito provided the music and gave an added attraction with his playing of Slaughter on Tenth Avenue.

### Illegal Parking!

The Dean's office has reported that many students are parking illegally in the parking area between the First Christian Church and the Butler Art Institute. These cars will definitely be towed away at the owner's expense.

Nancy Veauthier, a member of Sigma Sigma Sigma sorority, reigned as Queen of the 1959 IFC Ball, and Nu Sigma Rho was winner of the best booth award.

## The Campus Voice

By  
Vilma Terle

Hil Today your campus voice is an international voice as we have four Youngstown University students who are members of the International Students Organization.

Salvador Camacho

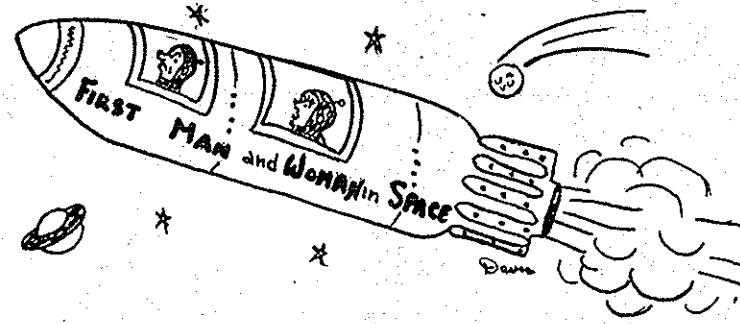

Hails from Columbia, South America where his four sisters live. A senior majoring in Chemical Engineering. "My favorite subjects in high school were chemistry and math. I liked them both so I thought I'd continue with them." After graduation Salvador intends to remain in America to get some experience in his chosen field. By the way, next time you're swimming and see one of those green finned men, look twice - it might be Salvador as he's an ardent member of the Daffy Divers, a local group of skin divers. "It was a friend of mine here in America who first introduced me to the sport. We dive, among other places, at the Lake Bessemer Quarries and just recently were in the expedition which searched Lake Meander." He explains "My high school education was more advanced than here as it was a 6 year course!" Ask him to show you the "Bambuco", national dance, sometime! Concerning dating - "Here in America there really is not much difference in the type of date - movie, nightclub etc. but there is more freedom in the U.S. chaperones are at a minimum!"

Ali Gokmen

A senior student from Ankara, capital of Turkey, is in Civil Engineering and plans to work with his father, a contractor, upon getting his Masters and returning home - "I want to be able to build something, plus Turkey needs engineers. The difference between American and Turkish schools? I studied in American type schools and as Turkey is quite Western, the only difference is that we crowd a lot of general courses into the first few years and then in the last years we are offered mostly our major." All used to box and ski in the ranges of mountains in Turkey. Right now he is on a half assistantship at the library. He laughs that "When I was in Turkey I thought that American women couldn't cook (don't laugh Ali so do a lot of American men - Ed. note) only with cans, can-openers and prepared frozen foods but now that I've eaten in several American homes, I know that they can cook and make good meals, (hurray for American womanhood - writers' note). One thing that surprised me was - coffee! In Turkey we have strong coffee in small cups while here there are large cups and not so strong coffee!"

Iqbal Naqui

Is a 19 year old junior in his first semester at Youngstown who's in Electrical Engineering and plans to go on to do Graduate work. "Engineers are very much needed in New Delhi, the capital of India and my brother who teaches at Thiel College, my home town. I considered both of these - the country's requirement and my own interest while choosing this specific area." He lives with his brother who teaches at Thiel College. Iqbal thinks that "The teaching

".. A little to the left John, look out for that planet .... not so fast, not so fast ...."

methods are about the same except that here at Youngstown we pay more attention to the practical aspect while this is impossible at home. They can't get enough equipment." This is the first snow Iqbal has seen (the coldest it ever gets during the winter in New Delhi is 40 degrees). "It's wonderful! Snowballs? A lot of fun!" Stamp collecting and photography are his hobbies. "I like to take scenes of bridges and shadows and action shots of my little niece and nephew." Iqbal's father taught him at home when he was young and then had him start school in the third grade as there is no age restriction in India. P.S. Iqbal already has his B.S. in Physics and Math!

Shahwan Khoury

Studying Electrical Engineering is President of the International Students Organization. He finds "It easier at Y.U. with the different educational system of a planned program right straight through college." Shahwan has a Philosophy degree from the University of Paris. He won an award for his paper on Arabic literature. Having had several works published in his home newspaper he explains "The newspaper work in Tripoli is different from that here. The paper includes not only news reports but also literature and scientific dissertations." Shahwan has been a guest speaker on W.F.M.J. - T.V. and has spoken to several Rotary Clubs. He seems to sum up all the students views "People are people everywhere. The difference that lays among them is in the fact that some aspects of life are more emphasized in one nation than in the other."

### Graduate Work Offered At Cornell University

Six graduate fellowships for future secondary school chemistry, physics or mathematics teachers are available at Cornell University for the 1959-1960 academic year. Terms of the Program include tuition, fees and \$1200 for living expenses.

Qualifications expected are graduation from a college or university; considerable high quality work in chemistry, physics and/or mathematics; a desire to complete the education requirements, and an intention to seek employment as a teacher in a secondary school.

The graduate students will observe and participate in teaching, take academic courses, and consider teaching problems with 100 other students who are preparing for science or mathematics teaching. Further information and application forms may be obtained from Professor Philip G. Johnson, 3 Stone Hall, Cornell University, Ithaca, N.Y.

Sign by flowers in a park: LOVE 'EM AND LEAVE 'EM!

### Offer Graduate Study On European Problems

Competition for a scholarship offered by the American Committee on United Europe to attend the 1959-60 session of the College of Europe at Bruges, Belgium, is now open to American college graduates.

The College of Europe offers a one-year, graduate program in European studies. Courses and seminars are given in the social sciences, with emphasis on European economic and political problems. A series of study trips is part of the curriculum. The annual enrollment is about 40 students.

March 1, 1959, is the deadline for scholarship applications. Applicants must be United States citizens, under 30, single, able to speak French and have a bachelor degree by Oct. 1959. The scholarship, valued at \$1,750, covers travel, tuition, board, lodging and incidental expenses. Further information on how to apply can be obtained from the American Committee on United Europe, 120 East 56th Street, New York 22, N.Y.

### Boston U. Offers News Bureau Work

Boston University News Bureau of the school of Public Relations and Communications is offering five assistantships of \$700.00 each to qualified candidates.

The candidates will work approximately fifteen hours weekly under the Director of the News Bureau and in the following categories of the News Bureau: general reporting, hometowning, feature writing, radio and T.V.

Any graduate or senior college student with a good academic background in journalism or allied fields is eligible.

Assistants must report by Sept. 14. Deadline for applications is Mar. 2, 1959. Applications and further information may be obtained by writing Melvin Brodshaug, Dean Boston School of Public Relations and Communications, 640 Commonwealth Ave. Boston 15, Mass.

### Student Slams Objective Exams

Dear Editor:

After sweating out finals this past semester, it seems to me the impression is growing stronger each semester that objective tests are pretty much glorified cross word puzzles. I have no criticism of the subjective type. (Essay)

I would like to hear other students opinions or comments on the first type.

A Student

Editor note: All comments on this subject will be printed if handed in at the Jambar office.

## Penguins Face Niagara Five Saturday Night

By Pete Sloan

This Saturday night the Youngstown basketball team travels to Niagara Falls, New York, to try for an upset win over a good Niagara University ball club. The Penguins will have the work cut out for them since the Red Raiders are rated a better team than last year. Last year the Red and White nipped Niagara, 57-55, on a field goal by Bob Atterholt in the waning seconds. The game was played at South High Field House.

Niagara's record to date is 13-3. They dropped two decisions early in the season in the Holiday Tourney, in Madison Square Garden and recently lost a close one to Duquesne away from home.

Despite the loss of All-American star, "Boo" Ellis whom Herb Lake held to 19 points, Niagara is a sounder ball club. This is due to the sparkling performance of three sophomores in the lineup. One of these, Al Butler, is the leading scorer with an average of 22 points per game. Another is Bob Jones, a former Farrell ace. Dick Velth, a hold-over from last year's team, is averaging 19 points a game.

### To Install Patroness Of Music Fraternity

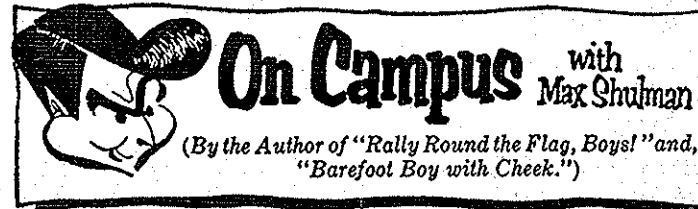

Alpha Nu Chapter of Sigma Alpha Iota, professional music fraternity, will install Mrs. I.K. Saltzman, President of the Ohio Federation of Music Clubs, as patroness. Formal initiation will take place at Pollock House at 2:00 February 14. Guests will include patronesses and actives of the Warren Alumnae Chapter and the Universities' Chapter.

A reception will follow at 3:00. Actives, alumni, patronesses, the music faculty, and deans of the University are invited.

The committee in charge of the tea includes Ravenna Sweys, chairman, Bernadette Knapie, Lois Tamplin, Elizabeth Headlee, and Lillie Wall.

Ron Vanatsky, former JAMBAR sports editor, presents Jim Vechiarella his plaque for Most Outstanding defensive football player. Nine other athletes were honored in the First Annual Jambar Sports Poll announced recently.

### THE DATING SEASON

I have recently returned from a tour of 950,000 American colleges where I made a survey of undergraduate dating customs and sold Zorro whips. I have tabulated my findings and I am now prepared to tell you the simple secret of successful dating.

The simple secret is simply this: A date is successful when the man knows how to treat the girl.

And how does a girl like to be treated? If you want to know, read and remember these four cardinal rules of dating:

1. A girl likes to be treated with respect.

When you call for your girl, do not drive up in front of the sorority house and yell, "Hey, fat lady!" Get out of your car. Walk respectfully to the door. Knock respectfully. When your girl comes out, tug your forelock and say respectfully, "Good evening, Your Honor." Then offer her a Marlboro, for what greater respect can you show your girl than to offer Marlboro with its "better makin's," fine flavor and new improved filter? It will indicate immediately that you respect her taste, respect her discernment, respect her intelligence. So, good buddies, before going out on a date, always remember to buy some Marlboros, now available in soft pack or flip-top box at your friendly vending machine.

2. A girl likes a good listener.

Do not monopolize the conversation. Let her talk while you listen attentively. Make sure, however, that she herself is not a good listener. I recollect a date I had once with a good named Greensleeves Sigafos, a lovely girl, but unfortunately a listener, not a talker. I too was a listener so we just sat all night long, each with his hand cupped over his ear, straining to catch a word, not talking hour after hour until finally a policeman came by and arrested us both for vagrancy. I did a year and a day. She got by with a suspended sentence because she was the sole support of her aged housemother.

3. A girl likes to be taken to nice places.

By "nice" places I do not mean expensive places. A girl does not demand luxury. All she asks is a place that is pleasant and gracious. The Tomb of the Unknown Soldier, for example. Or Mount Rushmore. Or the Taj Mahal. Or the Bureau of Weights and Measures. Find places like these to take your girl. In no circumstances must you take her to an oil-cracking plant.

4. A girl likes a man to be well-informed.

Come prepared with a few interesting facts that you can drop casually into the conversation. Like this: "Did you know, Snookiepuss, that when cattle, sheep, camels, goats, antelopes, and other members of the cud-chewing family get up, they always get up hind legs first?" Or this: "Are you aware, Hotlips, that corn grows faster at night?" Or this: "By the way, Loverhead, Oslo did not become the capital of Norway till July 11, 1924."

If you can slip enough of these nuggets into the conversation before dinner, your date will grow too torpid to eat. Some men save up to a half-million dollars a year this way.

© 1959 Max Shulman

To the list of things girls like, add Philip Morris Cigarettes. Girls, men—everybody, in fact, likes mild, natural Philip Morris, co-sponsors with Marlboro of this column.

## QUE'S QUIPS

By Jim Quilty

Few teams, if any, in the history of Youngstown University basketball annals can compare with Dom Rosselli's present quintet. All the ingredients of a great basketball team are blended meticulously into a smooth working, well co-ordinated unit.

Shooting is letter perfect, passing is sharp, teamwork lacks nothing. Rosselli has speed and height. What else could be desired?

Yet their most impressive quality is their crowd appeal. If the fans aren't cheering for one thing, it's another; close games have been plentiful and the Penguin cagers have joined the century club thrice -- all three at home.

Teamwork is evident when glancing over the statistics. Herb Lake, "Beanie" Gordon, Mickey Yugovich and Jim Cramer have all bettered 25 points at least once, Lake leading the pack with 31 against St. Vincent during the semester break.

On the homecourt the Penguins are practically unbeatable due to their fabulous shooting percentage. More than once, Youngstown has caged better than half of their shots from the field. They don't work the ball for the good shot because they have no necessity to do so. Earlier in the campaign, they lost their shooting form against Akron and lost.

However, when the occasion does arise the quick pass underneath or into the key means two easy points. The clever outside ball handling of Gordon and Yugovich along with Howie McElroy and Roy Tavlör provide for this.

Anyone who hasn't seen the Penguins in action is missing a real treat. But with the crowds which do throng to the games, maybe it's just as well.

Most fans don't arrive till game time, missing the J.V. squad coached by Frank Guarnati. The reserves have copped nine of twelve games and have improved vastly since the beginning of the season. With these J.V. players being schooled in sound fundamentals and basic principles of the game, area fans will be treated to great basketball for years to come.

## Pan-Hellenic Tea Party To Open Sorority Rush

By Peggy Lou Dignan and Ruth Hudock

Pan-Hellenic rush season begins Sunday, Feb. 15 with a tea from 2-4 at Pollock house. A valentine theme will be carried out in name tags and table decorations. Pan-Hellenic rush chairman, Laverne Stauffer is in charge.

Over the past few weeks a few names have been added to the Youngstown U. royalty. Inter-Fraternity Council Sweetheart Nancy Veauthier of Sigma Sigma Sigma; Judy Puce of Alpha Sigma Pi, Mardi Gras Queen; Marian Minghetti, Sweetheart of Tau Kappa Epsilon, a member of Beta Sigma Omicron, each receive a belated congratulations from the Greeks.

Another name that can't be omitted from the royalty list is Bill Holt, Kappa Sigma Kappa, Topsy Turvy King of 1959.

Congratulations are also in store for Sigma Tau Gamma, (Nu Sigma Rho) as the number of nationals grow on our campus. Sigma Tau Gamma also won the trophy for the best booth at the I.F.C. Ball. The theme was Haiti represented by a voodoo hut.

Pledges - Don Edwards, Jim Riley, and Ray Klein have been installed as actives in Tau Kappa Epsilon.

Phi Sigma Kappa installation of Walter Bardick, Robert Bagby, Blase DeLeo, Lou Marchio, Fred Maksimowski, Richard Maksimowski, Larry Schuller, and Paul Spangler, was followed by a banquet at the El Rio in Warren. At the installation two national officers, Bob Schuller and George Cunningham, were present.

On January 18, Sue Morosky and Jan Auchtes were installed as actives in Phi Mu. Phi Mu will install its new officers for 1959 this evening. They are: President, Nancy Urban; Vice-President, Sue Morosky; Secretary, Mary Mazi; and Treasurer, Connie Sampson.

Anything from old books to an Easter suit can be found at the rummage sale Feb. 13 and 14, on Fifth Avenue. Terri Hreno is acting Chairman of the event.

Phi Gamma announce the officers for the spring semester as: President, Larry Baytos, Vice President, Jim Douglas, Treasurer, Don Preston; Recorder, Wayne Grannis, and Corresponding secretary, George Melody.

"Gordie" Shook of Zeta Phi is entering the troops of Uncle Sam with the sympathy of his brothers.

New appointments were given among the Sigma Tau Gamma. They are: Secretary of Inter-Fraternity Council, Jack Sirak; Mike Court as pledge trainer, and Tom Knight as social chairman.

Tau Kappa Epsilon bowling team won the first half of the bowling

tournament with Don Miller giving most of the support.

### MARRIAGES:

Peggy Potts, Beta Sigma Omicron and Jim Connely

Jean Slagle and Alan Hedges of Theta Chi

Maureen Cooney of Sigma Sigma Sigma and Don Casey

### ENGAGED:

Jeanette Zemko of Beta Sigma Omicron to Dr. Samuel Tomiak

Jean Slicker of Beta Sigma Omicron to Norman Cassidy

Barbara Niesen of Beta Sigma Omicron to Jack Carson

Ron Stowe of Theta Chi and Joan Martin.

### PINNED:

Pris McConnell of Beta Sigma Omicron and John Ultiney of Sigma Phi Epsilon

Jim Roof of Theta Chi and Kathie Shunn

Dick Vecchio of Sigma Tau Gamma and Shirley Ford.

## Junior Sponsor

Continued from Page 1

Sponsors is the representation of the Pershing Rifles Society at functions in other universities as well as our own.

A reception will be held at Pollock House on Sunday February 22 from 7-10 PM for all women students who have made application through the Dean of Women's Office.

## Crusade for Freedom Opens Truth Contest

Have you ever had the desire to write your own radio broadcast? If you have, Radio Free Europe is now offering you the chance to do so.

The writers of the six best Truth Broadcasts will be flown to Europe to broadcast their own messages from RFE's headquarters in Munich, Germany. In addition, table model, shortwave radio sets will be awarded for 200 other Truth Broadcasts.

To enter, simply complete the following sentence in 25 words or less: "As an American I support Radio Free Europe because..." Write your entry on a plain piece of paper with your name and mail it to: Crusade For Freedom, Box 10-P, Mt. Vernon 10, N.Y., no later than March 31, 1959.

Years ago I once had a teacher, a sweet feminine little creature. In her own cultured way, she would smile and say, "Pipe down, you kids, or I'll belt cha."

## Looking **U** Around...

By Pat McCarren and Frank Guarneri

NOW that we're IN and they're OUT, and if this column stays IN and isn't pushed OUT, IN & OUT are OUT (except for this final offering).

A mother skunk had two baby skunks (ill' stinkers), and their names were IN and OUT. Whenever IN was IN, OUT was OUT, and when IN was OUT, OUT was IN. One day the mother skunk told OUT to go OUT and bring IN IN. So OUT went OUT and in just a few minutes came IN with IN.

"HOW in all that great forest," she asked OUT, "Did you find IN so quickly?"

"IT was easy", replied OUT. "IN stinct."

BY the way, good people, don't expect anything spectacular from this little filler for the first 10 weeks.

OUR beloved editor has read the RIOT ACT, which states that we must have a lot of names in this column. So we will probably start listing the names of all the students in the school, alphabetically, starting with Z, in the July 48 issue.

SAD news to the city's favorite towing service now that the Ole Obidokie Swamp next to the Snack Bar has been closed. Only last week one of those red towing trucks was seen scouting the area to make ready for the spring thaw.

WILL people never learn? Again this semester several students were carried out of the Main Building after collapsing in the line at the bookstore. Heed our words, little one, and be sure to take a lunch and a sleeping bag along when you buy books.

THE Registrar's Office cannot turn out those green Change of Registration slips fast enough to keep up with the demand. At \$2.00 a piece, the school should clear enough cash to pay for that shiny new red station wagon. Here's hoping that the rear seat in it does not face backward.

HAS anyone noticed that the windows in the Snack Bar are clean? Wait until Spring when they are opened for the first time since last November. The smoke will come rolling out.

HERE comes the fireball now, so this edition has to go to the censor. See you next time (we hope). P.S. Do not fold, spindle, or staple!
