Penguins Face Test in Clash With Indians

DEVORE SENDS POWERFUL GRID MACHINE AGAINST YO-COITES AT OLEAN, N. Y.

Having whipped his team into shape after six weeks of vigorous training, Hugh Devore, St. Bonaventure's new football coach, will send his brown Indians into action tomorrow afternoon against our fast - stepping Penguins. The game will mark the dedication of the Fred W. Forness Stadium, the new football home of the Indians in Olean, N. Y. St. Bonaventure will flash a speedy backfield led by Nunzio Marino, former Notre Dame halfback; Ed Hlasnack, who did a lot of quarterbacking for Miami University; Hugo Marcolini, former Indian letterman, and fleet-footed Billy Cumpson from Allentown, Pa. The Indians' line will average around 195 pounds. Several lettermen are returning to the squad including Captain-Elect Steve Cipot at tackle, Jack Quinn and Herb Dinteman at the guard spots, and Frank Lovuolo at end.

Devore's official football debut at St. Bonaventure will be highlighted by elaborate ceremonies in conjunction with the dedication of the new Forness Football Stadium. It is nestled in the heart of the Alleghany Mountains with a seating capacity of 10,000 fans. Beede Ready for Tussle Coach Dike Beede and his staff

Students Cited in Mix-up At Geneva Grid Game

Officials Warn Against Smuggling of Tickets

-Official Student Organ

Athletic and administration officials this week placed responsibility for the mix-up in seating at the YoCo-Geneva football game on members of the student body and sternly warned against the practice of giving student football tickets to outsiders. Offiicals state that hundreds of the 1,980 east-side seats held for students until 7:55 were taken by generaladmission outsiders using student tickets smuggled to them by students. They offer this as an explanation for the failure of many students to get seats and the dispersement of our cheering section. The seats were to be held only until 7:45, as announced at the pep rally Wednesday before the game. General-admission ticketholders were held back 10 minutes longer to give priority to students.

Miss S. Cassano Leaves YoCo for W. R. U.

Miss Stella Cassano, English instructor here and secretary to Dean G. W. Wilcox since 1938, left Sept. 22 for Cleveland College of Western Reserve university where she will instruct classes in English composition and begin work toward a Ph. D degree in education. Miss Cassano was recently awarded a teaching fellowship from Western Reserve, effective Sept. 30.

Warn Against Smuggling

Officials issued a stern warning against the smuggling of student football books. Students caught slipping their books to generaladmission ticketholders to permit them seats in the student section will lose the books for the rest of the season.

Ticket-takers offered proof that runners were used to get the tickets outside the student section. One student was observed 12 different times and admitted he gave his book to outsiders six times. Another student was seen dropping a large number of books, wrapped in a program, over the end-zone fence.

Band Seats Taken

P. C. Pickard, business manager, said that the section reserved for the Youngstown band was taken by students while the band was on the field. He warns that if degree in English here in 1938 and this happens again the offenders a masters degree from Reserve in will be ordered from the stadium. Pickard also states that the east

What Was the Point? (EDITORIAL)

excellent shape.

The students who were responsible for letting so many outsiders into the Geneva game must have had a reason for their actions. Perhaps there was method-in-their-madness. Those guilty of permitting repeated us of their football books by non-students certainly must have gained something by their cheating which resulted in a weak cheering section and many YoCoites remaining unseated throughout the game. But we can't seem to figure it out. What was the point of it all?

We would rather not think the point gained was of a financial nature. If it was, we state that it is the poorest, most haphazard scheme for collecting a little extra money we've heard about in a long time. Surely, if college students have to cheat, they can think up more efficient ways than dropping tickets over the end-zone at a football game! We wonder if the deal paid-off.

Maybe the guilty ones were seditionists --- perish the thought. If the idea was to ridicule our team by crowding the cheering section with non-supporters, there must have been some red faces when the team

came out on top. Perhaps the books were slipped out to "friends" who wanted to sit in the student section with their "friends." If this was the case, it does seem like students with general-admission pals could have waited until 7:45 when the section was open to the public. Seats were still. available then. But they were not available to students who arrived somewhat later to find the cheering section a sea of strange faces.

This week athletic officials moved to make it tough on student ticket-cheaters. We have an idea that the majority of the student body, who are honest, will have their say in the situation, too. The officials have even gone so far to move the general-admission time up to 8 o'clock. This is to give students first chance at good side-line seats. The idea is to seat students who paid for their seats by purchasing football books — not to scat the public in the side-lines when they paid for end-zone seats.

So if there was a point to the ticket-cheating at the Geneva game, we feel quite certain that it will turn out to be an exterminating point, not a point of gain next time.

The eligible representatives are: Baton-ic Bombs at YoCo...

By Fritz Spotleson

Crash! Boom! Tra-la-la-la. Once again, after four long year, it is football season at Youngstown College. So-o-o-o football season means a band at YoCo, too. What does the alma-mater, offer? Well, gather 'round students and listen to the music come out. READY --- GO!

Drum majors and majorettes? Yes siree, and not ordinary people, either. Who are they? Let's not get excited gang, although I can't blame you, but — bh, well — let's forget the informalities and turn on the large YoCo spotlight.

Out there in front of the band at Rayen Stadium during every game will be none other than Youngstown's twirling sensation, Tony Fortunato. Tony, as he would like everyone to call him, is quite the talented boy. He is director of marching at YoCo and after seeing the fine show put on at the Geneva game, he seems to know what the people of Youngstown want. Tony is not only locally known, but also nationally. He was chosen Senior National Baton Twirling Champion for the years 1941 through 1945 and has just returned from Boston, Mass., where he successfully defended his championship to become Baton Twirling Champion of 1946. Tony is 22 years old. Incidentally

-he can sure do wonders with his batons. From Mineral Ridge comes 22-year-old Thelma Parker, who is quite a sensational batoneer. She won second place in the state for twirling, strutting and military marching in 1941.

Pickens DeVinney of Sharon, Pa., is a clever baton twirler and one of the best in her field.

one of the best in her field. Cute, little Beverly Tupper, daughter of Mr. and Mrs. Allen Tup-per of R. D. Route No. 1, Burghill, O., is only nine years old. Beverly, who wears a white costume, has been twirling all of two years and is a real strutter. She has marched with the V. F. W. band of Girard, and is now attending Hartford Grade School. Asking Tony what possibilities young Beverly might have, he replied, "She is the cleverest baton twirler for her age I have ever seen." In the red costume we have little Delores Evans who is only 10

years old. The daughter of Mr. and Mrs. James Evans of 409 Parkview Court, Warren, she is at present attending Elm Road School and has been marching with the V. F. W. band of Girard for the past four years. Beverly completes our little girl team.

A "petite" baton twirler and strutter is 19-year-old Yola DiTom-maso of Youngstown. She is an alumna of South High School.

And if you think that is something, read on gang. We have on the field right there to back up Tony, none other than another "Ghamp of Champs," Tommy "Handsome" Zedaker, who has held the Juvenile National Twirling Championship for the years 1941 to 1945. This year has been without the acclaimant of a juvenile champ — but after seeing Tommy perform, his chances for the title look good. Incidentally, Tom-my is only 11 years old, and he attends Vernon School at Burghill. He now holds second place National Juvenile marching honors and has received two cups as the most promising and "handsome" drum major in juvenile baton circles.

Another student from Vernon High is 15-year-old Adelaide "Toots"

Rechedy, who has been twirling for five years. So now you know who's out there strutting for YoCo. We have a fine squad of marchers — and we're proud of 'em!

Be a Joiner . . •

(EDITORIAL)

Second only to the importance of learning how to study and work is the importance of learning how to get along with people and with ourselves. It is for this reason that we would like to point out to both new and old students the fact that here at YoCo there is a large and diversified selection of activities in which you can take part.

There are a lot of reasons for joining a club and getting behind a school project. Recreation, the chance to establish lasting friendships, the feeling of belonging . . . the chance to have a part in what goes on around the school . . . these are a few of the important ones.

The extra-curricular activities at YoCo cover a wide range of interests. In the student's handbook there are listed 32 college organizations. These include social, educational and honorary fraternities; music, dramatic, law, business and religious clubs; school projects such as Student Council, and athletics. It is fundamentally important to every one of us that we have something that is interesting and relaxing to do in our spare time. In short, we need extra-curricular activities.

So be a joiner . . . get into the swing . . . enjoy college life.

By Rita Donie

The purpose of the "Sportlite" is to acquaint the student body with athletes who are taking an active part in sport activities. Now that football is off to a flying start the pigskinners will take first place under the "Sportlite."

Slowly sauntering into focus is "MOE" the CAP-TAIN, wearing number 37 on a bright red jersey. Yes, it's PETE LANZI, all 205 pounds of him, taking his position at left end.

Certainly deserving of this position, Pete played for YoCo in '41 and '42. He was chosen All-City end in '40 while playing for East High. Pete is a sophomore and is majoring in physical education. He is an active member of the Phi Sigma Epsilon Fraternity. Pete is easily recognized by his dark brown eyes

and slow smile. He is the capable and well-liked captain of the Penguins '46 grid machine.

Letters to the Editor

Dear Editor,

football cheer solo! It makes one feel so-so-so stupid! But this letter is not a plea in our, the cheerleaders, behalf. Because the team was big enough not to say anything about the lack of cooperation at our first football game of the season, may we take it upon ourselves to make known the feelings that are quietly restrained in each of the players' hearts?

You know and we know that every fellow on the team is proud to hold whatever position he may have. We, as students, should have enough pride in our school and the team to show them how much we appreciate their efforts to put Yo-Co on the top of the winning list. After asking many questions around the halls and on the campus we have come to the following conclusions as to the lack of support from the student body.

1. The voterans of YoCo feel that it is beneath their dignity to show loyalty by rooting when the cheerleaders ask them.

May we remind these students that the fellows on the cheering

Dear Editor,

Let's do get a fresh start as our so learned editor said in her editorial. Only it may not be to her liking and many others with her. Quote: True the veterans at Youngstown College can't seem to get the ball rolling. Unquote. A lot of veterans did join the Alpha chapter of Gamma Iota Alpha National Veteran, Fraternity and did not attend meetings nor co-operate with its officers. But in that category you must also place veterans of Greek fraternities.

Are they (Greek frats of YoCo) also like the native Greeks who need someone to watch over them? If our Greek frats had had someone over them they wouldn't have tried to join the Vets Club as a unit and try to run it (Vets Club) hesides their own club. Is this th

squad are vets, too?

2. Another excuse Was that they didn't know the cheers.

We had a pep rally for the purpose of introducing the coaches, team, and the cheers to the student body. Also, we gave out hundreds of mimeographed copies of the cheers at the rally and at the game! These copies will be available at every game, so if you don't know the cheers make it your business to get a copy from one of the cheerleaders.

.3. Students claim that they were too dispersed and that the outsiders in the student section were partly to blame.

Comment: To the first part of this excuse we say that the students should become acquainted with their neighbors at the game. Second, the students should refrain from giving their student tickets to outsiders whom they know will not back the team by cheering.

Also we heard the comments about us from the audience at the good cheeleaders?" "Why don't you guys learn to yell?" We feel that it wasn't anyone from the school who made these disparaging remarks, but if it was (and you know who you are) we would like to extend a cordial invitation to come on the field and try it yourself. We are not the best, but we try darn hard to get your support and response that will back the team in the manner in which they deserve to be backed.

To those who ridicule instead of praise, we say the opportunity is open anytime to try out for cheerleading. We also welcome CON-

type of honor and way of living that goes on among the Greeks? HUH! If so, leave them all to themselves and maybe time and a sense of honor will show these Greeks how wrong they are. A lot more than goodness goes on among THESE Greeks than is ever brought to light. Just among the Greeks, naturally. If it is not an editorial policy to

pick and complain, why is it being practiced if it (editorial policy) won't accept being typed along those editorial lines? Let me recommend Dr. Peck as a fine

"NOSE" doctor. I admit the vets are having a hard time getting organized. But it is only because we are dealing with a sense of maturity that is

conscious of being led into something not to their liking ---- "tread lightly for here are men of few words --- veterans!" So why doesn't the editor tackle

the lack of Youngstown College's long range expansion program, the ever-pressing parking problem of

Youngstown College before it gets worse, lack of a men's dormitory, game. "Why don't you get some lounge for men only (we have married men at school this year), ceasing of verbal distinction between vets and non-vets in the class room, and last, but not in the least, a receptive attitude towards newer methods of teaching.

In conclusion let it be said that the views expressed here are of an individual nature and not as chairman of the executive committee of the Gamma Iota Alpha.

You bit it off and I'm just helping you chew it! (Continued on Page 4)

Y. T.: I wrote my last regular column for The Jambar in the issue of March 11, 1942. Yeah, and then I wrote a "Guest Columnist" column on April 22, 1943.

SPIRIT: Ya wrote a "Guest Columnist" column; how did that come about?

Y. T.: Oh, simple. Ya see an old friend of mine, Norma Malin, had taken up the task of "Looking Around" when I quit. And a year later she was still doin' it. Well, I was in a naval hospital at the time, recovering from an unsuccessful attempt to fly an airplane under the Wabash River, and I had a lotta' spare time on my hands. So I wrote up a column, sent it in, and they printed it. But that was three and a half years ago.

SPIRIT: Well, what do you think of the place now that you are back?

Y. T.: - I've got a column due today. Uh, "being back"? Yeah, it's good to be back. I'm beginning to feel a little at home now. But, man, this first week has been pretty rugged. And I'm worried about this column -

SPIRIT: Ya mean what with the confusion, and startin' classes and all that?

Y. T.: Yeah, that's it. Ya know, trying to get your brain back into gear after it has been idling for four years — and the people in school. I never saw so many strangers. And I can't seem to get started on a column ----

SPIRIT: Well, what's been going on in school that's news?

Y. T.: News? I don't know any news - I been so darn busy. Let me give you a brief resume of what I've been doin' these past 10 days.

With the Greeks . By Jean Mellinger

The Greeks are back and all set to make this their redletter year! New officers, after searching through the crowd for members back in school, are gathering up loose ends and enthusiastically getting their organizations in shape for the rush.

Looking over the membership lists we miss many familiar names. Not only last year's graduates, but some who have left school and others who have transferred are among the mising. The Phi Sigs lost Dave Lichenstein to the University of Pittsburgh; the Gamma Sigs, Polly Velker to Muskingum, and Harriet Cramer to Kent State; and the Sig Delts, George Kalivas to Ohio State and Ted Cubbison to Western Reserve. Many of the Greek crowd have been married this summer, too, and some of them are not back in school. Alpha Delt, Flo Anderson, to Kappa Sig, Dave Allen; Gamma Sig, Peg Downie, to Sig Delt, Jimmy Cannon: Phi Gam, Don Finn; Phi Lamb, Melvina Lanz, to Sig Delt, Red Rodgers; Kappa Sig, Ed Simko, to Phi Lamb, Helen DiCicco; Gamma Sigs, Ginny Folkwein and Ruth Berger; Phi Lamb, Grett Rothermund; Kappa Sig, Jack Cappy; and Sig Delts, Gene Planchak and Ed Rose are those who, active in the fraternities and sororities last year, have been married.

It's nice to see so many servicemen and women back taking their places; they're a welcome addition to the roll. To acquaint them with who's who in which organization, here is a list of officers and members of the active sororities and fraternities.

ALPHA THETA DELTA ---

New officers of the Alpha Delts are: Mary Woodside, president; Barbara Green, vice president; Barbara Hengen, recording secrer tary; Cathleen Naughton, corresponding secretary; Margy Nicewaner, treasurer; and Jayne Foy, social chairman. Jeanne Grice is Pan-Hellenic representative; Alice Woodside, Student Council repre-

Dear Freshmen.

On behalf of the upperclassmen at Dana's, I extend a most hearty welcome to each of you. It is undoubtedly with much enthusiasm that you have embarked on the voyage to higher learning. Although the sea may be a little choppy at first, it also has its calm days. The task of getting acquainted

was pretty well solved at the party Tuesday evening, which served as a preview for many such enjoyable events to come. With so many students enrolled at the music school, it will not take long for the warm characteristics of Dana's to reach everyone.

This column will attempt to keep you informed on recitals and other programs of interest to music students throughout the year. Right now, I would like to remind you that there are still single-seat tickets available for the 1946-47 Monday Musical concerts.

Wishing you the best of luck in your new undertaking

Alpha Iota Sorority, Meeting Held Sept. 17 The first social meeting of the fall semester of Alpha Eta chap-

ter of Alpha Iota National Business Sorority was held at Buechner Hall, Tuesday evening, Sept. 17. Vice President Eleanor Davies gave a report on the resolutions passed at the National Conclave. Plans were then discussed for the coming rush season and also for the election of officers which will be held at the next meeting at Buechner Hall in October. Refreshments were served buffet style by June Findley and Mary Watson, who were in charge of arrangements.

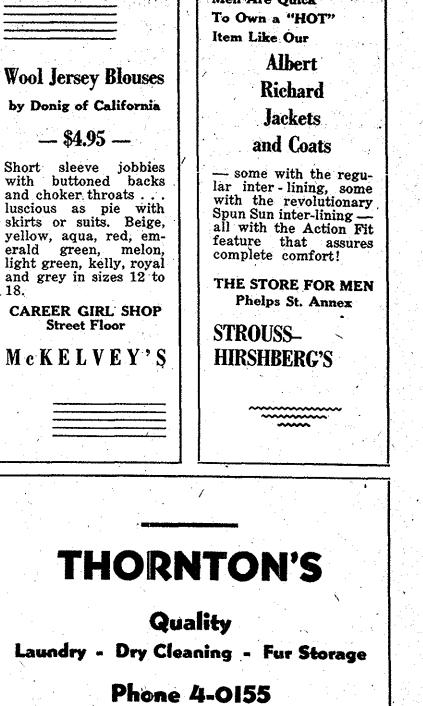

Tau Kappa Nu Sorority **Elects New Officers**

On Aug. 12 Tau Kappa Nu met for a business meeting in room 112 of the liberal arts building. New officers were elected to their positions for the coming year. The following assumed their duties the first of September: Frances Tirlea, president; Genevieve Goers, vice president; Bessie Alex-

ander, secretary; and Gloria Anthony, treasurer. Plans for rushing were discussed briefly.

Campus Comments By Kenny Love

THE CHARGE OF THE VET BRIGADE Into the valley of death rode the

six hundred to make history; Into the placid halls of YoCo strode the six thousand to make misery.

Misery at least for the college administration officials (and anyhow, what else rhymes with history?). Ah! The intensity and turmoil of that first day will long be remembered. And what a successful day it was --- we crushed four vets and two civilians who, according to the latest reports, are doing very nicely in the city morgue.

September 16, 1946, was a day that stuffed our school to the very window sills with men, big men, little men, men of all shape and size — the place looked like a coeds' bonanza. The girls stood around and sobbed hysterically with joy. Never had they seen so much muscular madness; vets to their right, vets to their left, vets to their --- it was really packed. As one of our little innocents so aptly put it (calmly setting her

traps), "Things are getting vetter and vetter." Toward afternoon things really began to see the. In fact, one cynical fellow was seen crawling around the hall with a compass in one hand and holding a bloodhound by the other. He said he was looking for an exit. I found out later that he was trying to keep a dinner appointment with some friends who now call him "The Man Who Never Came to Dinner."

the class attendance situation. Not that we aren't going to classes. We are, but the problem lies in getting the right people in the right class at the right time. It seems that we have a great number of students who, once they are caught in the mad stream of humanity which pours down the halls every 50 minutes, are quite helpless until they find themselves sitting dazedly in some class where they definitely don't belong. The result is that all too frequently, about halfway through the lecture, some gallant decides to take his

leave and stumbles for the nearest door. This causes the good prof to mutter something under his breath about the classroom being used as a Lincoln Highway. On the first day professors took one look at the size of their classes and shook their heads in agony. Some of them have given up call-

ing roll since it sometimes takes the whole period. Anyway, the situation at this point is quite deplorable to say the least. However, maybe through a co-operative system betwixt students and faculty, things will boil down to something resembling the normal. If it doesn't this place is liable to turn into an educational monstrosity. And the chances of a person finishing four years of college without being trampled or mangled will be about as good as those of a snowball in Hades ---so take it easy!

neglected to check my schedule to see where my classes were to meet - and so was quite surprised to find that I had three successive classes in three different buildings. By the time I managed to get to my first class — it was well under way. During class, spotted DICK MAR-TIN, an old friend of mine from high school days, and "ANDY" BILCHIK, an old YoCoite from prewar days. We engaged in some "cross - the - room - pantomime," approximating "hello, how are you? Big class, isn't it? Whadaya think of the prof? Where's your next class?" ---while the roll was being called. After class, I spied DON Mc-QUILLAN in the hall, said "Hi," and stopped to say "hello" to the latest-arrived-member of the clan, "SHUTRUMP," Dorothy by name, blonde by type. And that is the way it went all day. For the next several days, in fact. Going through the halls saying "hello" to people not seen in years — half of whom probably wondering who I was - trying to remember names of acquaintances. Saw JACK CRAMB and PETE LANZI, looking very fit after their sojourn at football camp. Ran into BOB WALKER, very much the family man now --- as is so true of a large number of the old gang.

Thursday night the whole school turned out to see the first performance of the football team. And a fine per-formance it was! The team looked great. Was pleased to see the boys wearing the new large numerals on their jer-seys, as provided for in the new rules. The cheerleading squad did a fine job in spite of less-than-mediocre support from the students. BOB BIL-LETT is to be congratulated for organizing the group; and NANCY ADORNATO, MAR-GARET CORBIN, KAREN

However, we would like to point out a few facts that the above student does not seem to be aware of.

Youngstown College does have a rather extensive expansion program. Difficulties in obtaining building materials, and the fact that the land in the vicinity of the campus is tied up legally have stalemated these plans for the immediate future.

The same answer applies to the parking problem. Any attempt to allow additional parking on the streets would only aggrevate the just-as-serious traffic problem.

The desire on the part of the students for a separate lounge for men is questionable. And where would Mr. Cook suggest we have it?

Because some of us are vets and some aren't necessitates a certain amount of distinction. Instructors have been notified by the Veterans Administration to check carefully the attendance and grades of vets who are attending school under public law.

As for the Greeks - we understood that the Gamma Iota Alpha was an organization for VET-ERANS - be they Greek or independent. And the Greeks at least had some ideas - which were conspicuous by their absence among some of the other members. Then, of course, anyone knows that it

takes unity to get any idea across. The editorial policy of THE JAMBAR has been and will remain as stated. We will find fault where we see it and offer what we consider constructive suggestions for improvement. We consider the four suggestions to the vets set forth in our Sept. 18 issue in the latter category.

She also acted as faculty advisor to Y. W. G. S.

Honored by Faculty Miss Cassano was honored by a farewell luncheon given by women faculty members Sept. 20 at the Tony Pastor restaurant. Miss Freda Chapman presented her with a personal gift from the group. Dean and Mrs. G. W. Wilcox entertained Miss Cassano at dinner in their home last week. She served as secretary to the dean for eight

years. As a farewell gesture, the girls in the dean's office presented Miss Cassano with a gift of luggage.
