ROTC To Sponsor Eighth Military Ball

'In Step' Students Fare Well At Other Universities

by Dave Poole

When the 200 In Step trainees came to this country last November, they were placed in several institutions of higher learning close to the steel industry. How are the In Step students faring in their stay at the other universities?

Chicago's Illinois Institute of Technology received 47 trainees. The arrival of the young engineers at Illinois Tech didn't stimulate the interest that one might expect. This can be attributed to various circumstances. There were Indian students already enrolled in school who were in academic positions. The trainees are not actually residing at Tech Center. Their living quarters are in the International House which is connected with the University of Chicago.

The University of Chicago provides a very composite social life for the young men. Four days out of the week they are in the steel mills at Gary, Indiana engrossed in the various processes of steelmaking. The In Step trainees spend Thursday of each week on campus. Their classes are conducted separately. Thursday is an off day at Illinois Tech, so there isn't too much intercourse with the engineers as far as campus life is concerned.

The In Step plan is achieving it's desired effect in that the goals intended are being attained at Illinois Tech.

YU Freshman Has Story Published

Walter Walley, a freshman in the College of Arts and Sciences at Youngstown University, has a short story, "Brides, Babies and Bridges," appearing currently in "The Pointer," official publication of the Corps of Cadets, U.S. Military Academy. Reprinted from the winter 1957 issue of "Horizon," the literary publication of Youngstown University, the editor of "The Pointer" says about the story, "We thought it was such an excellent story that we wish to bring it to the attention of our readers."

He referred to the story as "of exceptional quality." The background for the story is the Hungarian uprising against the Russians.

Walley, a major in physics at the university, is married and lives in East Palestine. He is an evening student at the university and is employed at National Rubber Machinery Co., Columbiana.

Head Operations For Dance

These three ROTC cadets will head the operations for the Eighth Military Ball. They are l - r: Cadet Col. Thomas Jones, Cadet Lt. Col. Bob Pegues, and Cadet Major Ron Iseli.

Editorial

'Do Unto Others . . .'

The Dean's office has recently announced that many students have had books, money, and purses stolen from restrooms, the library, and their lockers.

In order to combat this situation, the Discipline Committee, composed of four faculty members and three students, met and discussed thoroughly the extent of the thefts and how they could be stopped. It was decided that outsiders have been responsible for many of the misdoings.

A few suggestions are in order here.

1. Do not leave purses, wallets, or money lay on tables or in restrooms. If you decide to leave momentarily, take them with you.
2. The book store, located in the Main Building should issue stickers of some sort to be pasted on the inside cover of all books. They should allow enough space for a student's name, address, and telephone number. When trading or selling books, identification should be required to match that on the sticker. This would prevent a lot of people from stealing other students' books and selling them.
3. Do not leave any valuable possessions such as jewelry, money, etc., in lockers. If it is too much of a burden to carry these articles with you, then leave them at home.
4. Make sure the locks on lockers are securely locked at all times.

Let this editorial serve as a warning to students thinking about borrowing other students books and selling them or stealing purses, etc.

From now on, if students or outsiders are caught in the act, they should be prosecuted to the full extent of the law.

Mrs. Botty To Address RIL

Mrs. Pauline Botty, head of the Sociology Department, will speak at the Religion In Life meeting on Mar. 2, at 8:00. She will give her views on prevailing problems of the day. Fellowship will follow.

Senior Class Members

Suggestions are now being taken for a class memorial to present to the school.

They should be placed in the Student Council suggestion box in the library.

Annual Dance To Honor Corp's Senior Class

The 8th annual Military Ball, to be held Saturday, Mar. 1, at Stambaugh Auditorium, will feature the music of Nick Barile and his orchestra. The theme of this year's dance is to be "guided missiles," and the dance hall will be decorated in red and white.

Martha Clark Reigns Over IFC Ball

Miss Martha Clark, daughter of Mr. and Mrs. Paul S. Clark, 164 Clarencedale Avenue, was crowned Inter-Fraternity Council Queen at Idora Park Ballroom at the annual I.F.C. Ball, Feb. 1. A sophomore majoring in elementary education, Martha is a member of Sigma Sigma Sigma national social sorority, Newman Club and Alpha Pi Epsilon Service Sorority. She is a graduate of Ursuline High School.

In the court of honor were Miss Sandy Bailey of Alpha Omicron Pi Sorority, Miss Marion Minghetti of Beta Sigma Omicron, Miss Amy Badal of Phi Mu, and Miss Jazy Zemko of Chi Delta Chi.

The queen was crowned at intermission by last year's queen, Miss Gert Bury and was presented a trophy. Nu Sigma Rho Fraternity won honors for the best fraternity booth and was also presented a trophy. Tau Omega and Zeta Phi Eta Fraternities received second and third place in the booth competition.

Young Republicans Elect Officers

The Young Republican's Club of Youngstown University elected officers for the year at a recent meeting.

Those elected were: Richard Rodgers, president; John Youngstead, first vice-president; Ronald Stowe, second vice-president; and James Perry, secretary.

All persons interested in the club should contact any of the officers or attend the meetings held the first Thursday of each month in Pollock House.

The Military Ball, which is held by the Youngstown University Reserve Officer Training Corps, is in honor of their graduating seniors, who will be commissioned as 2nd lieutenants in the United States Army.

The dance is the only formal affair of the spring semester. Admission is \$5.00 per couple. Corsages for the ladies and free refreshments will be available. The dance is open to all university students. Men will wear tuxedos or dinner jackets, and women will wear formal or cocktail dresses.

Jones Is Commander

Cadet Colonel Thomas F. Jones, Commanding Officer of the ROTC Battle Group is in charge of the entire affair. Co-chairmen of the Military Ball Committee are Cadet Lt. Col. Robert Pegues and Cadet Major Ronald Iseli. Faculty advisors are Lt. Colonel O.R. Hummel and Major T.H. Gallagher.

The Military Ball has always been one of the social highlights of the year at Youngstown University and this year's affair promises to be no exception. Leading civic and military officials and members of the faculty will be present to honor the Advance Course students scheduled for graduation.

HORIZON Accepting Original Work

Writers and artists who wish to submit their original work for publication in HORIZON have about one month in which to prepare their manuscripts, according to an announcement by the magazine staff.

Apr. 1, has been set as the final deadline for contributions to the spring edition of the Youngstown University literary magazine.

Poems, short stories, essays and (Continued on Page 3)

YOUNGSTOWN UNIVERSITY YOUNG REPUBLICAN'S CLUB

I am interested in finding out about the organization and will be present at the meeting, Mar. 6, at 9 p.m. in Pollock House.

My address is _____ and my phone number is _____

The Campus Voice

By

Shirley Pavlov Peggy Lou Dignan

As students of Youngstown University, how can we benefit from having the Indian students on campus?

Dorthe L. Pickstone

With the cooperation of the University, a program might be organized for the students to meet the representatives from India, get to know and better understand them and their customs.

Not only should we benefit from their being here, but more important, what will be most beneficial for them?

Help promote a strong feeling of democracy, friendliness, and goodwill. Their impression of the United States will form, for the most part, here at Youngstown.

Don Meyer

Discussion with Indian students could stimulate Youngstown students to think about and examine carefully the institutions of their own culture. It is an opportunity for Youngstown students to demonstrate that democracy develops responsible, intelligent citizens with the ability to think for themselves.

Any contribution that Youngstown students can make to good relations between India and the U.S. may not seem to benefit themselves directly and immediately, but surely will be of real benefit if it helps to persuade the Indian people that the democratic way of life is superior to the totalitarian way.

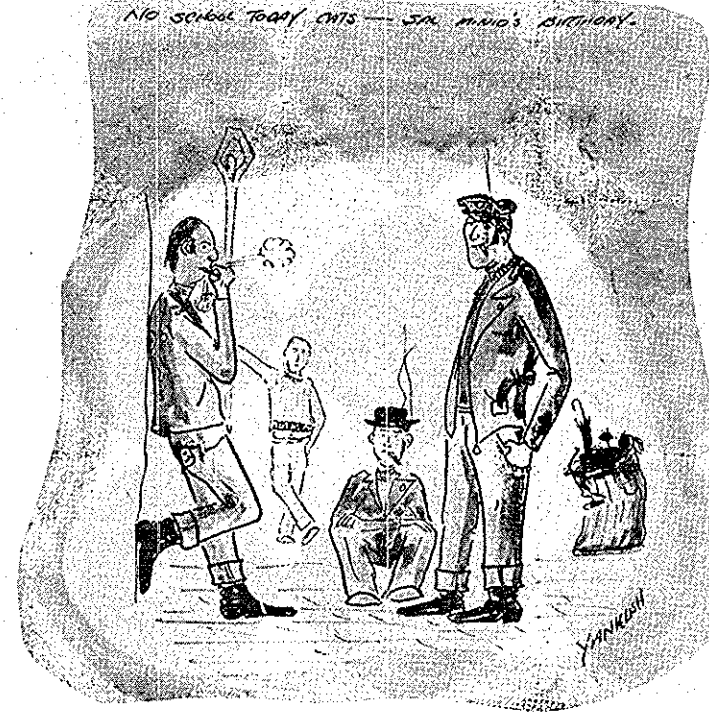

Norma Vimmerstedt

As International students, they can impart information to the students in the class rooms in which they participate. Students may by personal contact, get first hand information about life in India. They may learn of economic opportunities in the professions in India. Students may impart the American way of life thus making for better international relations.

John Hermick

As it is now, only occasionally do we see the Indian students, but there is much we could learn from them. They could benefit us by telling of their system of education, their family customs, religious beliefs, and how they plan to help their country when they return. By working in our mills and factories, they learn mostly our industrial way of life. Therefore, they will return to their homeland with new ideas which will be very helpful. If Student Council would set up a program in which we students could learn more about these trainee students and their country, we could help each other.

It takes a car traveling 15 mph on a glare of ice the same distance to stop as it does a car moving 50 mph on dry concrete.

ENGINEER'S ANGLES

by Fred Davis and Ed Bair

Here it is the end of the third week of the semester and we are already two months behind in our works. We would have been farther behind but this semester we really have been studying.

Speaking for the entire Engineering School we would like to express our condolences and deepest sympathy to the family of Harry Millard who passed on two weeks ago while at work in the Engineering School. To inform those who were not familiar with Harry, he was the Building Superintendent of the Engineering School. He will certainly be missed by all of us.

We heard from the grapevine that a new association is being formed here at the A.A.P.P.E., otherwise known as ape. These letters stand for the American Association of Pinochle Playing Engineers. It seems that since there is so much talent in the organization that the boys decided to make everybody president.

We noticed, the other day, two engineers playing chess at noon. We wonder if the boys are trying to impress their teachers as to their intellectual abilities.

We would like to make a suggestion to our representatives on Student Council. Would you please see if something could be done about our rotten parking situation. The space we do have is so full of holes that it looks like an abandoned strip mine. Our parking lot is so small that if all the engineers walked to school it would still be crowded.

In the next issue we will list all the newly elected officers of the different organizations.

These days, when Grandma sits at the spinning wheel, chances are she's in Las Vegas.

YU Grad Wins Position In New Chorus

The National Chorus of America announced here today the appointment of Jerome Toti, of Cincinnati and Campbell, Ohio, to one of the coveted tenor posts with the new choral ensemble.

The National Chorus of America, considered one of the most ambitious undertakings of the new musical season, is composed of 56 of the finest professional choral voices in America. Sponsored by the United States Brewers Foundation, it is now in constant rehearsal preparing to tour the country as a major concert attraction.

Born in Campbell, Ohio, the son of Mr. and Mrs. Louis Toti of 273 Twelfth Street, Mr. Toti graduated from Youngstown University in 1953. He did graduate work at the Cincinnati Conservatory of Music from which he received the degree of Master of Music. Mr. Toti also studied at the Peabody Conservatory of Music in Baltimore, Md.

He has been a soloist with the Cincinnati Symphony Orchestra, and has sung opera with the Cincinnati Summer Opera Company, the Cincinnati Music Drama Guild, the St. Louis Municipal Opera and the Hilltop Opera Company in Baltimore, Md. He has had extensive experience in oratorio choruses, choirs and smaller singing groups.

Mr. Toti now sings at St. Patrick's Cathedral, New York City.

All-American Chorus To Tour Europe

The ALL-AMERICA Chorus will undertake another good-will concert tour of Europe next Summer. Leaving New York on July 2nd, the 100 voice chorus will appear in concert in nearly thirty major cities. Some of the highpoints of the tour will be appearances in Paris, London, Munich, Venice, Monte Carlo, Brussels, Milan, Heidelberg, Luxembourg, Innsbruck, and Geneva.

As in the past, the group's appearances will be sponsored by various organizations abroad. These include U.S. Information Agencies, Armed Forces entertainment divisions, local governments, civic and cultural societies, and local music organizations. The chorus will also appear on radio and television networks in all the countries visited.

The purpose of the chorus is to help build friendlier relations with

Turn Off The Apathy Machine

Apathy as defined by Webster, means lack of feeling; absence or suppression of passion, emotion or excitement. If nothing else, most of the students of Youngstown University are apathetic toward extra-curricular activities and anything pertaining to school, including homework.

Youngstown, like most Universities, is faced with this infamous problem. Too many students say, "Let the other fellow do it, I don't have time." Now is the time to alleviate this condition.

All students, with the exception of a few new registrars, have supposedly studied at the University for at least one semester. This should be time enough to adjust to this kind of life.

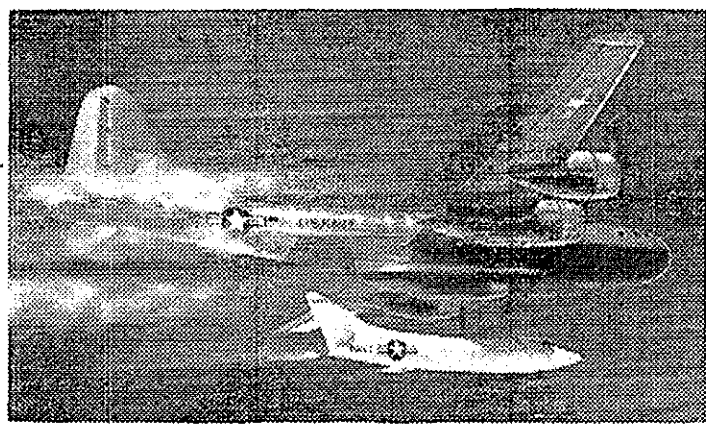

Apparently, however, students, upperclassmen as well as second semester freshmen, continue to show more interest in anything but the college.

Now is the time to change this idea. If it isn't changed, the name of Youngstown University will eventually be unknown among the college ranks.

Endeavor to put forth your very best in backing scholarship as you would a winning basketball team. Scholarship, as well as well known activities, can do much to perpetuate the name of the University.

If you don't, you will be the sufferer. What will happen when you apply for a job. The interviewer will undoubtedly say, "Where's Youngstown University? I never heard of it."

Anything that anyone says about apathy on our campus is unheeded, however. Long may apathy live, for it seems to be the will of the people.

MY CLOSEST SHAVE by Bill Bridgeman

"My closest shave was during the first try at a speed record in the fantastic Douglas Skyrocket," says Test Pilot Bill Bridgeman, author of *The Lonely Sky*. "A special B-29 dropped me like a bomb at 30,000 feet... I turned on my rockets and climbed to 40,000... when suddenly all power failed. Rocket power, cabin pressure, heat—everything went—and the window frosted over so I couldn't see. Finally I got the radio going on an emergency battery... and a pilot in a chase plane talked me down to a blind landing!"

For YOUR Close Shaves—at any altitude—try new Colgate Instant Shave. It's the quickest, easiest way to shave ever, no matter what razor you use. Smooth, too! Shaves your whiskers, saves your skin. A great shave buy for the tough-beard guy!

Colgate Instant Shave
Listen to the exciting Colgate Spots with Bill Stern, Mutual network weekday mornings. Check your paper for time and station.

Student Council Committees

Student Council members have been appointed to serve on the various committees as follows:

Marion Minghetti</p> <p>Activities Ron Stowe Sandy Bailey Barbara Wentz, Chm.</p> <p>Finance Jerry Repasky, Chm. Ed Wall John Andreyko</p>
---	--

Russia Summer Travel Available To Students

Following the recently signed cultural-tourism exchange treaty by President Eisenhower and the Soviet Ambassador, a series of Student and teacher tours have been arranged to Russia in cooperation with Intourist, the USSR government travel agency.

Each of the tours will be conducted by an American college instructor and will cover highlights of Europe, the Brussels' World's Fair as well as the historic cities of the Soviet Union. Members of the tours will have opportunities to meet their Russian student/teacher counterparts, to see the educational facilities, and to learn from personal observation the every-day life and ambitions of the Soviet Student.

The tour programs are economically priced and arranged only for students and teachers. Students who have been out of college for two years or less are eligible to join as well as students presently enrolled in college or senior high school.

The six scheduled conducted groups are privately organized and information may be obtained from authorized travel agents or from the sponsoring agent, the Maupin Associates of Lawrence, Kansas, one of the few Intourist contractual representatives in the United States.

AIEE To Hold Membership Drive

The Youngstown University Student Chapter of the American Institute of Electrical Engineers (A.I.E.E.) will hold a membership drive, for both the National and Local branches, from Feb. 24 to Mar. 7, 1958. The membership committee will accept applications in the Main Hall of the Engineering Bldg., from 12 noon to 1 p.m. on Mon., Wed., and Fri. during the drive.

A little skidding goes a long way - especially disaster.

YU Has Complete Course In Art

by J.R. Krause

In an art department, the instructor is your worst enemy and best friend at the same time. You hate him for the criticism that is forthcoming at every session as he appraises your work but you love him for helpful remarks and maybe now and then the praise that is given.

At Youngstown University, there is offered to the students a complete course of art, working in many different mediums such as oils, tempera, ceramics, and others. To people who want to learn about art works, there are several art appreciation classes. This course is a rather comprehensive study of Artists, Periods of style, and a general history of the world in designs.

Youngstown owes much to the instructors who lead the students along the varied paths in the art world. They are Prof. Jon Naberezny, head of the Dept., Prof. Roy Mills, and Mrs. Beatrice Newmann.

Located in West Hall

Upon first entering the art dept. which is located in the basement of West Hall, the scenes seems to be mass confusion. However, upon taking a closer look, the confusion is well organized. In one corner, a group is gathered around an oven preparing to glaze ceramics, in another area a large group are making

silk screen prints. In one classroom, students are learning in the best possible way, to actually apply paint to paper, to obtain harmonizing colors.

I then moved from one group to another and asked different questions. I asked what they, the students, think about the art department, and did the instructors help in every possible way. In both answers the majority of the students were very pleased with the type of guidance offered and the amount of equipment that could be used if the student wished. In general, the phrase, "I have a feeling of accomplishment," cropped many times. The atmosphere of the department was one of cheerfulness and comradeship between the students. There was no underlying sense of regimentation and it was rather obvious that free expression in style was the rule.

In respect to the building, there was much to be desired on the question of space. All of the rooms were very crowded and the students had very little room to work in.

Youngstown University should be rather proud in the quality of the individual instructors in this way of helping students.

The most effective way to stop a car on a slippery surface and maintain steering control is to pump the brakes rapidly.

Tailgating is dangerous in any kind of weather, but especially during winter when roads are slippery.

Horizon Seeks Literary Works

(Continued from Page 1)

drama written by any full or part-time student at the University, are being sought for this issue. Contributions in foreign languages, whether poetry or prose, are especially urged, as are works in the field of criticism.

Will Accept Art Work

Students are also reminded that this year, for the first time, HORIZON is accepting creative art work in the form of cover and inside illustrations and photographs.

There is no limitation to the number of manuscripts a student may submit, and no limitation on subject matter - choice of subject is left entirely up to the writers and artists.

All contributions may be submitted to one of the members of the editorial staff or advisors, Drs. Kelsie and Jayne Harder, or may be deposited in the Literary Contribution Boxes located in the entrance to the Library and in the front hallway of the main Building. Further information is posted on these boxes.

Tau Kappa Nu Holds Candy Sale

On Feb. 7, Tau Kappa Nu held a meeting at the home of Caroline Yankush. Order books for Easter candy were distributed to all members of the sorority. Chocolate eggs, bunnies, and assorted candies will be sold. Mar. 4 is the last day orders will be taken.

The plans for the sorority's trip to Cleveland were completed. Twenty-five members will leave on Mar. 7. While in Cleveland the girls will be staying at the Auditorium hotel and will attend the Ice Follies.

Arlene Borghetti will be returning from her Florida vacation on Feb. 20. Delores Guinetti returned from her California vacation Feb. 12.

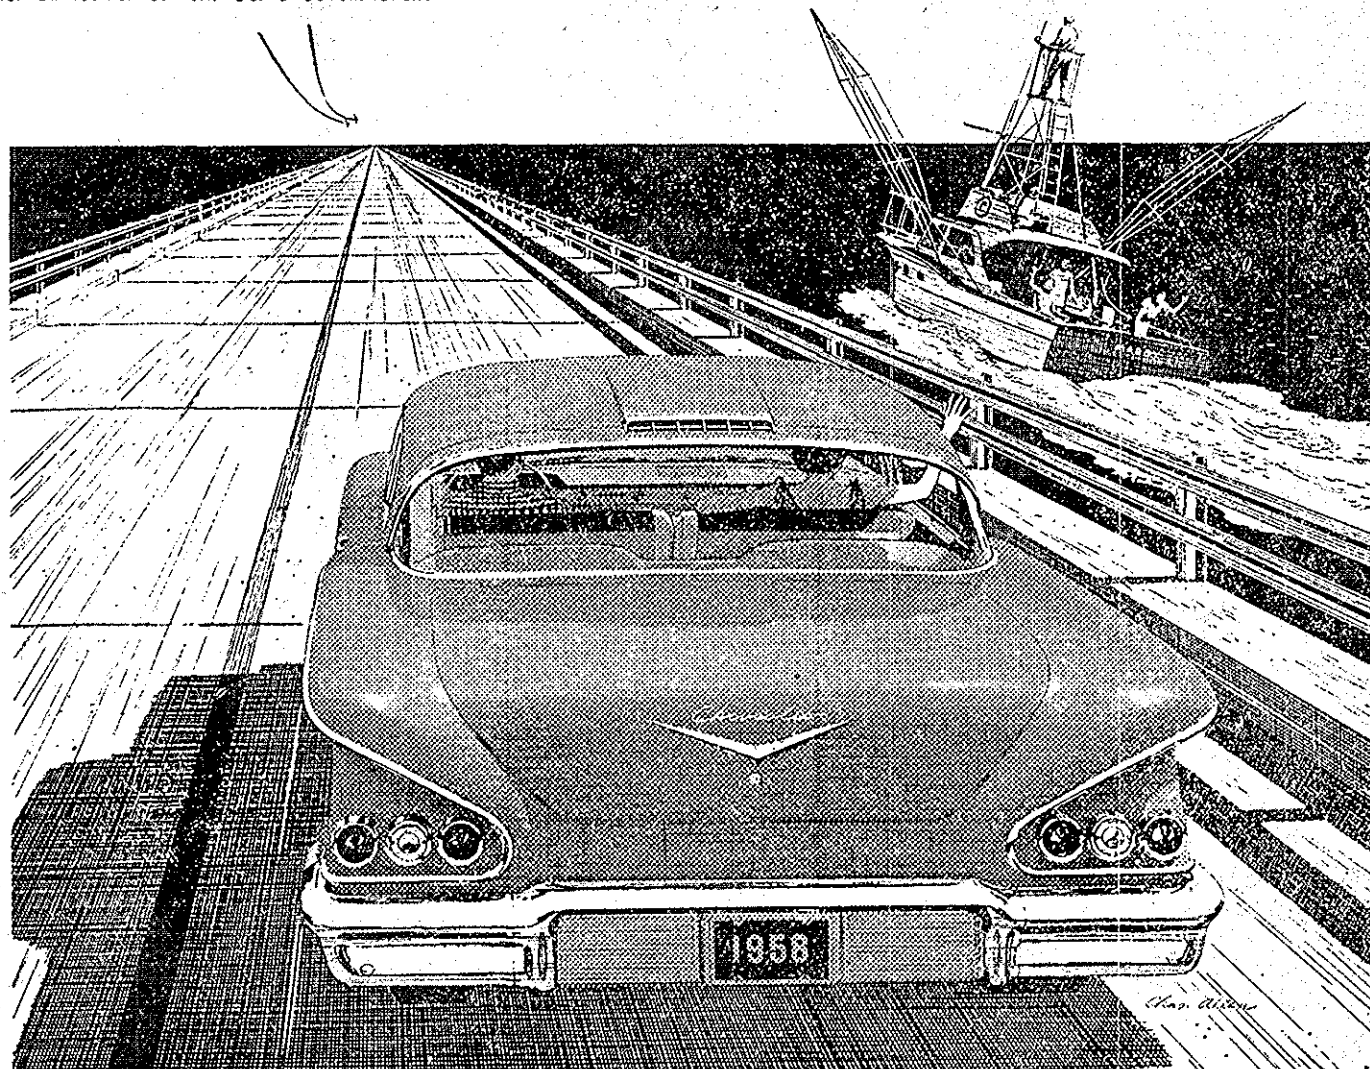

Joyce Wieland was elected corresponding secretary and Donna Stilliana was appointed historian.

Meeting Held By Alpha Iota

On Tuesday evening, Feb. 11, the members of Alpha Iota met at the home of Jacky MuZell for the regular February meeting and a party given by the newly initiated members. The Vice-President, Patty Dusko, presided at the meeting. The Valentine theme was brought out in the table decorations. A red heart was featured in the centerpiece and red candles trimmed with red and white were also used. A buffet supper was served.

Plans were made for the annual St. Patrick's Day Dinner Dance to be held at The Shenango Inn on Mar. 15. An evening party at the Colony House on Mar. 8 was discussed since the Regional Counselor will be in Youngstown at that time.

IT'S GREEK TO ME

By Pat Hrinko

It was certainly an inspiring sight to see the large number of sorority and fraternity members who participated in the Religious Emphasis Week Services at St. Joseph's and St. John's. I'm sure that "Somebody Up There" was very pleased with all of us.

The fraternity men on campus wish to express their congratulations to their lovely IFC Queen Martha Clark and her equally lovely court: Sandy Bailey, Marion Minghetti, Jeanette Zemko and Amy Badal.

Patsy Faucigliá, Kappa Sigma Kappa Fraternity, was "lavaliered" Sweetheart of Alpha Omicron Pi Sorority during ceremonies held in the Snack Bar last week. The sisters serenaded Pat with their Sweetheart Song, off-key, naturally!

Advertisement: Anyone wishing fine cakes for fraternity-sorority parties, see Mrs. Baytos, parent of Larry Baytos, expert icing maker.

Memo: Thanks to dec-akh for their token of Admiration - Signed: "Bull!"

PANHELLENIC COUNCIL

The Pan-Hellenic Tea was a lovely event of Feb. 16. The rushers were greeted at the door of Pollock House by a reception line consisting of the Dean of Women, Mrs. O.P. McCarty, sorority alumnae advisers and sorority presidents. The beautifully decorated table as well as the red heart-shaped name tags added greatly to the theme of Valentine's Day. Many thanks to Brenda Hayes for the exceptionally fine job.

Prepare yourself for the coming of the familiar knee socks and sailor hats again. It won't be long now!

IFC

The IFC Sweetheart Ball which was held Feb. 1 at Idora Ballroom was a huge success. Many thanks to co-chairmen Bob Foreman and Jim Roof. Congratulations to Nu Sigma Rho on winning first place in the booth theme. 1958 IFC Queen, Martha Clark and her court consisting of Sandy Bailey, Marion Minghetti, Amy Badal and Jeanette Zemko highlighted the evening.

Second semester fraternity rushing begins Feb. 24 and ends March 16. All the fraternities will be holding rush parties. Thursday, Feb. 20 at 8:00, Interfraternity Council is sponsoring a mixer for all men interested in joining fraternities. Chairman is Ace Verdreame.

The chairman of the Greek Sing, which is to be held May 4, will be chosen Mar. 4. Applicants must be present at the meeting and present their plan for the sing.

John Madden of Tau Omega took pictures at the Sweetheart Ball. Anyone interested in purchasing them, contact him.

PHI MU

The newly elected officers of Phi Mu Sorority are Betsy O'Neill, President; Ilona Walko, Vice-President; Mary Young, Secretary; Dorothy Thomas, Treasurer; Janie Moore, Registrar; and Nancy Urban, Historian.

The sisters would like to welcome Mary Lou Lahomodeau from Baldwin Wallace.

Phi Mu was represented in the I.F.C. Sweetheart Court by Amy Badal.

Those wishing to buy Easter candy, see any Phi Mu for prices and samples.

All the girls had a wonderful time at the party Friday night. The guys were well.

Chuckie went to New York between semesters and had a very good time. What are those red things you brought back?

All the Phi Mu's are waiting for the new additions -- the new furniture and monogrammed blazers, that is!

ALPHA OMICRON PI

In the Mardi Gras court this year were Alpha Omicron Pi representatives: Judy Millard, 1957 Queen and Judy Pruce, attendant. Congratulations, sisters.

Royalty Galore . . .

IFC Sweetheart Queen, Martha Clark, is shown with members of her court as they posed at the dance. They are l to r: Amy Badal, Sandy Bailey, Gert Bury - last year's Queen, Marion Minghetti, and jazzy Zemko.

The newest thing under the sun is Fran Doyle and her 86 kids. They're all in Fran's kindergarten class. That'll learn you to be a teacher.

With the resignation of Joyce Doyle as Pan-Hellenic Council Vice-President, alternate Dolly Stizza is now vice-president and new alternate is Jackie Rees.

Santa Claus, Bob Foreman will take a wife, Apr. 19. Peggy Higgins and he will move to Springfield, Ohio where Bob is now employed.

The sisters are looking forward to rushing. The rush parties will prove very enjoyable under the capable leadership of Rush Chairman Judy Appelman.

The highlight of the past week was the big shindig with the Phi Gam's. The icebox and ping-pong table were the gathering spots and Larry Baytos received 20 marriage proposals when the girls found that his mother was such a terrific cook.

Thank you, Mrs. Baytos for the delicious cake.

SIGMA SIGMA SIGMA

Congratulations to sister Martha Clark, Inter Fraternity Council Sweetheart of 1958, Tau Kappa Epsilon's choice from Sigma Sigma Sigma.

Patty Jo O'Brien can be heard talking about the six Broadway shows she saw while in New York.

Basketball has started for the sororities and Tri Sigma is again

participating in the tournament. After the first day of practice many girls were ready to quit - you get so tired! Dorothy Fabiny looks like the Tri Sigma ace but "The Black Panther" (Nancy Veauthier) may come through for a few baskets.

Sister Gloria Katula is back in school again to add to the Tri Sigma roster.

Betty Lou Storey is still hard at work, planning the rush parties which seems to be the main activity with all Greeks these days.

An ice skating party was the word one cold frigid night for the Sigma's and although everyone was dressed for arctic weather, one hour was enough to freeze anyone's toes and so the whole party trooped to Dorothy Daley's house for hot chocolate and coffee.

Toni Carlomagno, who is doing her student teaching, received a large bag of valentines from her fourth grade class.

THETA CHI

Many thanks to brother Bob Amey and his committee for a job well done on the I.F.C. booth.

This year's I.F.C. Sweetheart Dance was a great success and all the Men of Theta Chi had a wonderful time even though they had to wear tuxedos.

The party of the year was held at Dick Johnson's house. This was one party that will stand forever in the memories of many of the

Looking Around

Karl Mogg

Ike McHugh

It seems that our idea for shoveling walks was a good one. We made enough money to go to the IFC Sweetheart Ball, but John Hernandez and Ted Sefriadas have carried the idea a little farther. They have formed a snow shovelers union with Ed (Dave Beck) Wall as treasurer. So far, thirty-five students have earned their tuition for this semester and John, Ed and Ted are driving new cars.

Congratulations to Martha Clark and her attractive court, consisting of Sandy Bailey, Jazy Zemko, Amy Badal and Marion Minghetti. Also a hearty welcome to Gert Bury, last year's Queen. The dance was a huge success, thanks to the combined efforts of J. Harris Roof, Bob Foreman and the various committees comprised of council members.

Our compliments to the winners of the booth competition and to all the fraternities for the fine spirits and workmanship displayed. Frank Masluk and Dick Kay are still singing "I'm sitting on top of the world".

Jerry McCarthy, Tom O'Neill, Mel Klinger, Zero Syrakis, Dale Cunningham and a few other dignitaries from the campus were seen at the "Pill Pushers Promenade". Music was by Mike (Crewy Lou) Roncone and the Ivy Leaguers.

Our new theme song - "We're The Sheiks of Araby". Our reply to the anonymous sender of valentines - "Yes". If you reveal yourself, we'll share and share alike.

Hello, Northeastern Agricultural Institute for the mentally retarded sausage stuffers, Youngstown says hello!

Well, after soundly trouncing John Hite and Jim Trimble in a game of shuffleboard, we shuffled off to the Hibernian library to compose our latest literary gem. Though we never admitted it, Ike can't read and Karl can't write so we get along beautifully, beautifully.

Rickity Rack, Rickity Rack, come on Youngstown, fight back.

Congratulations are in order for Dick Johnson. He got a 3.0 average last semester. And he carried a heavy load too.

What ever happened to Chester P. Kascauwoshwitz.

We love these senior courses being offered on Sunday at 4:30 a.m. One thing, they're not crowded.

Alas and Alack, Alfred E. Newman was scholastically ineligible for the second half of interfraternity 7 card stude. Too bad the alumni paid his ante too.

We're from Mirobi and couldn't be any prouder and if you can't read us we'll shout a little louder. Ungawa!

I'll never forget that old gray haired partner of mine.

John Foster Roof just got off the plane from Hunger calling off the war between the sock tuckers and the chicken pluckers.

Come on Red, Come on White,
Let's win, too nite
Noisy little quintet, aren't they?

brother's. Also in the party line was a stag held at Jack Storey's home. It was very successful.

Hats off to Dick Johnson on entering the 3.0 circle. We all wish you the best of luck for the coming year, Gigs.

Cal Stroble did it again!

PHI GAMMA

The brothers have started the second semester without the services of Bill Burby and Chuck Ratcliffe who have accepted positions of great responsibility with the government. They plan to resign in time for the fall semester.

Larry Baytos has been elected to fill the vacancy of vice-president resulting from Burby's departure and Chuck DeBene has been elected treasurer. Congratulations men, and I think the brothers can look forward to many parties and bankruptcies.

While on the subject of parties, we musn't forget the delightful blast with the AOPI's. The long-awaited get-together was thoroughly enjoyed and the brothers look forward to more of the same. Unfortunately, Pat Hrinko went home at 9:30 to study.

The Phi Gam basketball team is getting an inferiority complex from their very successful bowling team. Hang in there, ballplayers! It's just that you're over-trained. By the way, next week's practice will be at the Steel City.

Ron Bartoli is running bi-weekly excursions to Alliance. See him for reservations.

Congratulations to Marv. Jaffee on his acceptance to the Still College of Osteopathy in Des Moines, Iowa.

NU SIGMA RHO

Again with the approach of rushing season, the "Big Three plus Two" have planned terrific parties for the rushers. The Nu Sig's are again looking forward to a very successful rushing season.

The latest happenings at the Nu Sig fraternity house: Joe Vukovich moves other people's cars (tows them away, can't drive them). He then has Jack Menosky sign on the dotted line. Better watch out for Tfriend Jack.

Frank Tedeschi says "Hey, that guy wanted to hit me ??????" Nick Pudino was seen wearing winter armor and a stocking cap. Also hear he's getting a new car.

Tom Knight received quite a shock from the boys last week. Ace Verdreame is selling his car. Anyone interested? Ask Pete Torek how he learned to land on his head without getting hurt. Al Fedor tells us that teaching Junior High school isn't bad at all.

Eddie Hritzo shows true brotherhood by sharing his girl with some of his brothers and Mr. X.... (only dancing, of course).

The latest scoop, Ed "Punchy" Bodnar for the first time in three years, ate dinner by himself.

Johnny Andreyko has a new addition to his car. (A modern air conditioning unit).

SIGMA DELTA BETA

The biggest thing with the Sig Deltas at this time is the coming of rush season which begins next week. Sig Delt Pledgester, Noel Soos, informs us that a very unique and colorful rush season is planned.

(Continued on Page 8)

Johnny's Progress

By Don Ellis
First-semester freshman
Dear Mommy and Daddy,

Capital is nice and although I miss my own room, the dormitory is O.K. It seems like thousands of miles from Capital to good old Ashtabula, but I guess that's the way the cookie crumbles, as the fraternity boys say. I think that they're a neat bunch.

I went to an all-campus mixer last week at the huge gym here and met a lot of sharp girls. They seem so much more grown up compared to the girls I know in Ashtabula.

Capital is so much bigger than I thought at first. Students come here from all over: Canton, Steubenville, Akron and from everywhere. I must close now because I have a date with a real sorority girl. I am taking her to a restaurant called "The Feed Bag" which is where everybody goes.

As we say in college, see you later alligator.

Miss you all a lot.

Johnny Boy

P.S. I'm so lonely that I think I'll come home this weekend.

First-semester sophomore

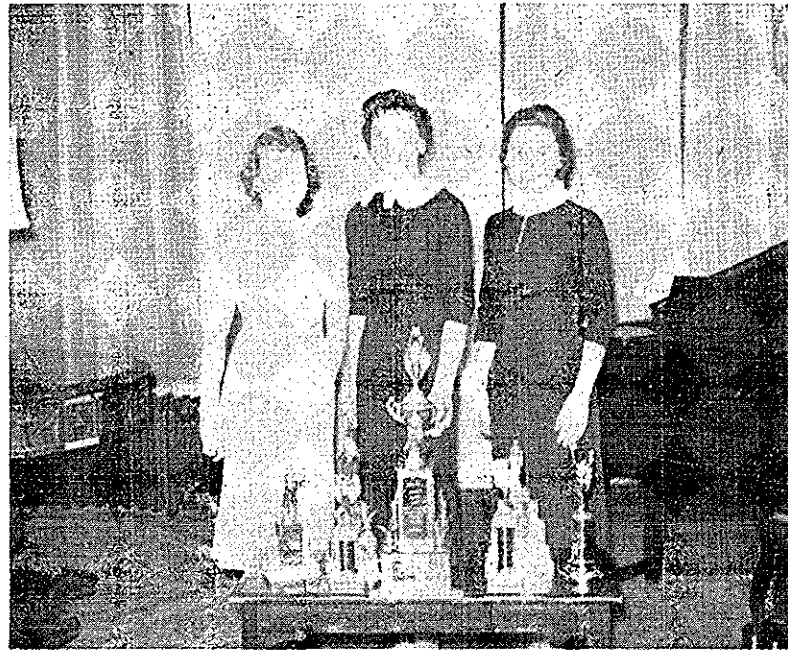

Dear Mom and Dad,

It's great to get back to college to see all the gang again. I really like college, but I will be happy to graduate.

I'm changing my major from Business Administration to English. I really believe that English is a much more important and dynamic subject than Bus. Ad.

There are a lot of parties, dances and football games to go to now that I am in with the boys. I have met a lot of new girls this year, and the guys will drop their lids when I walk into the dance with my date for Homecoming. She is a blonde

The New And The Old

The two newly elected sponsors pose with last year's sponsor. They are l - r: Lotus McCranie, Mary Lou Moss (1957 sponsor) and Mary Hrino.

and looks like "man like wow." If nothing comes up I'll be home in a few weeks.

With love,
Johnny

P.S. I just remembered that I have dates for the next three weeks, see you in a month.

First-semester junior

Dear Mother and Father,

I'm beginning to get a little bored with college. Most of the students here seem to be so out of it, particularly the girls. I wish now that I had applied to Yale or Harvard. There seems to be something old fashioned about Cap.

I have once again changed my major, from English to psychology. I think it is very important that we understand our fellow human beings.

I'm not dating as much this year as last. Most of the sharp girls are going steady. They seem to be admitting much younger students

to Cap than they did when I was a freshman.

I have to go to the library now to pick up a book by H.L. Mencken. I really like Mencken, he's so progressive.

Love,
John

P.S. I hope you don't mind if I tell people that we live in a suburb of Cleveland. Ashtabula sounds so small.

First-semester senior

Dear Parents,

Thank goodness that this is my last year of college. The whole thing seems so mediocre.

I'm not dating at all this year. I was going with a nice young girl, a biology major, but I discovered that she really wasn't interested in me. She just had an Oedipus Complex and was very neurotic. Obviously I just represented security to her.

I hope that you won't be upset

when I tell you that I may go to Europe sometime this summer. They say that there is much less hypocrisy on the continent than here in the U.S. and this superficial life is repulsive to my personality.

You will be pleased, I'm sure, to know that I am considering joining the Foreign Service. I feel it is my duty to serve the human race.

I hope that this doesn't sound odd but the guys seem so out of it this year; all they think about is girls, girls, girls. I really am anxious to graduate so that I can start living a useful, constructive life.

Sincerely,
Jonathan

P.S. I may not have time to come home this summer before I leave for Europe, and another fellow and I are planning on taking an apartment in New York. New York is comfortably realistic and will be a relief after four years of college.

Ed. note -- This article was first printed in Capital University's newspaper, The CHIMES.

A Letter to Two Players

Gertrude Lawrence once had a play opening the same day that a certain young woman acquaintance was getting married.

A friend sent them both notes of congratulation, which somehow got mixed up. The bride got the one intended for Miss Lawrence which said, "Hope you have the usual success."

Add a mother-in-law story. Niblick, a man inordinately proud of his golf scores, took his mother-in-law with him to the course one day. After depositing her on a bench, he and a chum started for the first tee. There Niblick announced, "I want to make a good, long drive now. My mother-in-law is watching from the bench outside the clubhouse."

"Why, that's almost 300 yards!" his chum cried. "You couldn't possibly hit her from here."

Course In Welding To Be Offered

The Mahoning Valley Chapter of the American Welding Society will conduct a resistance welding school during the month of March. The course will consist of a series of six weekly sessions starting March 4 and will cover all phases of resistance welding, the mass production process used in the manufacture of most household appliances and other sheet metal consumer products.

Sessions will include lectures, movies, and demonstrations, and will conclude with a plant tour of a company using resistance welding in the manufacture of its products. The welding demonstrations will be held in the labs of Taylor-Winfield Corp. and Federal Machine and Welder Co. in Warren, manufacturers of resistance welding equipment.

Operators, maintenance men, foremen, engineers, students and all other interested persons are urged to attend. A nominal fee will be charged to cover expenses, and will include a copy of a resistance welding manual.

Emmet Craig, Educational Committee Chairman of American Welding Society and Chief Sales Engineer at Federal Machine & Welder Co., will head the project. He will be assisted by Fritz Forsthoefel of Lincoln Electric Co., Peter Allen of Federal Machine & Welder Co., Forrest Johnson of American Welding & Mfg. Co., and Harry Kauffman of Taylor-Winfield Corp.

Lecture sessions will be held at the Ohio Edison Auditorium in Youngstown, Ohio. For further information and reservations, contact Mr. Forrest Johnson, of American Welding & Mfg. Co., Warren, Ohio.

Lowering tire pressure in the belief that more traction will be obtained is not recommended with today's low pressure tires.

Penguins Ready To Defend Ohio NAIA Crown

Penguins Extend Streak To Seven

The surprising Penguin cagers, now rolling along at high speed, have improved their season slate to 18-5 by notching seven straight victories. Four of these were garnered during the past two weeks as the Youngstowners downed Geneva, Westminster, Detroit Tech, and John Carroll.

Two contests remain on the regular schedule for the locals, these being the big one this evening at Loretto, Pa., against big and powerful St. Francis, rated again this year as one of the top teams in the East, and a tilt next Wednesday evening at Beaver Falls with Geneva.

St. Francis, which has compiled a record of 16-2 for the season, is an extremely tough team to beat on their home floor, and the Rossellimen have their work cut out. For those fans who can't make it to the games, local radio stations will broadcast them.

On Feb. 8 the Penguins defeated Geneva at the Field House, 61-60, in one of the most exciting contests of the year. Mickey Yugovich's tip-in at the buzzer gave the locals the verdict. Yugovich's 16 points and Jim Cramer's 15 markers paced the Penguins.

Westminster's Titans fell to the Penguin axe, 92-65, on Feb. 12, as Herb Lake once again broke his school rebounding record, gathering in 33 missed shots. This cracked the old standard, set earlier in this season against Alliance College. Lake missed several minutes in the last half of play, this thwarting his bid for 40 rebounds.

Hot At Charity Stripe

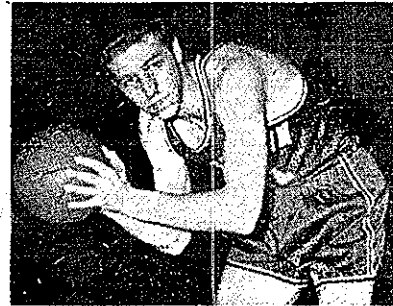

Last Saturday evening at the Field House, the Penguins toppled the Detroit Tech quintet, 72-60. The Penguins led 36-31 at the half and then pulled steadily away. Mickey Yugovich, with 19 points and 16 rebounds paced the locals, while Jim Cramer with 14 points and Herb Lake with 15 rebounds also featured. The Penguins dropped 20 of 22 fouls, to extend their amazing three game streak to 63 of 76 for a dazzling 83%.

Top Clevelanders

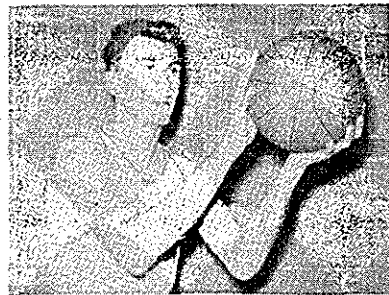

The Penguins just missed the century mark as they defeated John Carroll, 99-93, Monday night at Cleveland. Lake was in fine form as he garnered 29 rebounds and netted 20 points. Also pacing the Youngstowners were Roy Taylor, who had 21 pts., and Yugovich and Cramer, who had 18 and 17, respectively. Krebs had 32 for Carroll.

Missing from the picture is John Melfi, Jim Gordon and Charlie Moore.

BY JOHN E. TUDHOPE

"Trader" Frank Lane is still talking up a storm as far as deals for the Indians are concerned. Unfortunately all he is doing is talking.

Since Lane took over the reins of the "Papooses", he has made more theoretical trades than Carter has liver pills. In the process he has traded every Indian to another club and dreamingly received every star in the league in return.

All of this talk is good for getting the fans interested in the team, but it is also demoralizing to the members of the club. How would you like to be traded every other day and not know who you will be playing for as you pick up the morning paper.

Lane Has Difficulty

As a result of all his talk, Lane is having difficulty in signing many of the veterans. Woodling, Wertz, Mino, and Carrasquel were giving Lane trouble at the time of the deadline for the paper.

Lane is particularly interested in obtaining a second baseman. With a good second baseman, Chico Carrasquel will again prove to be an outstanding Shortstop. Bobby Avila did not help the situation at all.

The only apparent weakness about acquiring a replacement for Avila is the fact that Lane is trying to use Ray Norleski as bait. He might as well sell the stadium, because the fans will protest by not turning out.

Writers Were Instrumental

If Lane doesn't do something quickly, the Press in Cleveland will be on his neck. The writers in the Forest City were the ones that were instrumental in putting the pressure on Greenberg.

Lane up to this time has done nothing more than Hank as far as trades go. One thing he should keep in mind is that all talk and no trades will make the Indians even duller than they were last year.

All of this talk about baseball may seem premature but actually it isn't. Some of the teams have already started their early training sessions for rookies and veterans who take longer to get in condition.

It should take the Indian's quite a while to get in shape this year. Most of their veterans are over 30. That is a good age for men to be cavorting around on a ball diamond.

Cage Schedule

Sat., Feb. 22 - St. Francis College
At Loretto, Pa.
Wed., Feb. 26 - Geneva College
At Beaver Falls, Pa.

Tourney Slated For South Field House, March 4-5

Coach Dom Rosselli's potent Penguins will be aiming for their second consecutive Ohio NAIA cage championship when they take the floor one week from next Tuesday at South Field House. The Penguins, favorites to repeat as the Buckeye State's representative to the national NAIA tourney at Kansas City, will fight it out in the playoffs with three of Ohio's better quintets.

At deadline time, the team which will replace Steubenville in the meet had not been determined. However, two other entrants already announced are Findlay and Wilmington, the top squads in the Mid-Ohio League.

Locals Fired-Up

Spirit is high among the Penguins, who are relishing the chance for another jaunt to Kansas City. The boys, who made an extremely

fine showing last spring in the national tourney, will be without the services of Charley Moore and "Beanie" Gordon, both scholastically ineligible this semester.

In spite of this handicap, Rosselli's Raiders have compiled an exceedingly fine record during the second semester. At this writing the squad is undefeated since Feb. 3, rolling up four consecutive victories to extend its streak to a half-dozen.

Webster Directs

Willard L. Webster, chairman of NAIA District 22 here, is in charge

of the two-day extravaganza, which should prove quite a treat for area cage fans. The dazzling success of the holiday Tip-Off Tournament during Christmas vacation, which was another Webster-directed affair,

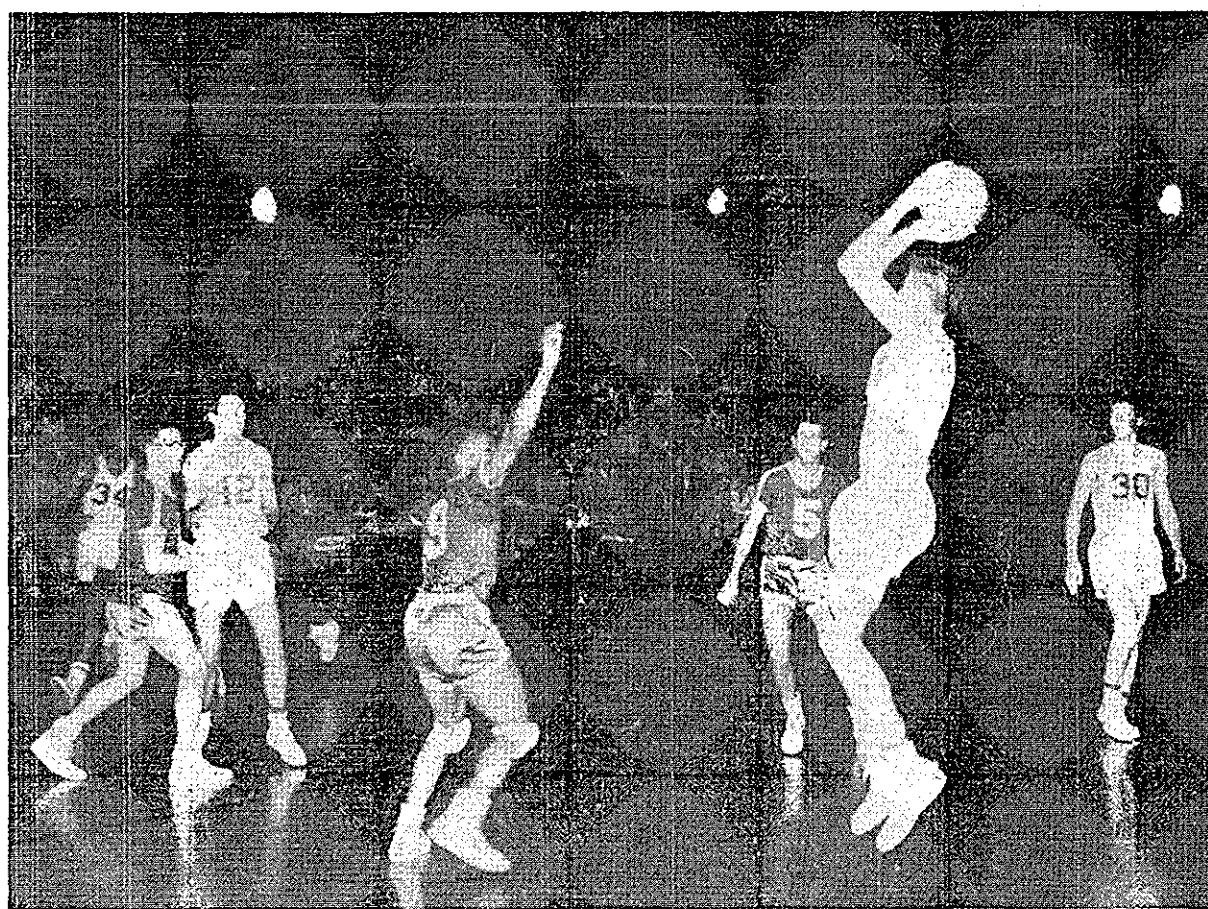

indicates the up-coming playoffs to be quite an interesting event.

The locals will carry a 12-2 home floor chart into the tourney, from which they emerged with a duo of triumphs last year.

Top Cage Statistics

PLAYER	GAMES	FIELD GOALS	FREETHROWS	RBS.	PTS.
Lake	18	89 of 229 39%	58 of 88 66%	278	236
Yugovich	21	94 of 273 35%	73 of 103 71%	255	261
Atterholt	18	73 of 185 39%	23 of 33 70%	107	169
Taylor	17	66 of 155 40%	27 of 47 57%	47	159
Cramer	20	79 of 175 45%	57 of 82 60%	97	215
Moore		64 of 154 42%	14 of 41 34%		142
Gordon		94 of 268 35%	44 of 56 78%		232

Swish . . .

Mickey Yugovich is preparing to make a potential basket in the Detroit Tech-Youngstown game. Youngstown won the game, 72-60.

the *Grapevine*

By RON VANATSKY

Football fans of the area received a fine treat when Terry Brennan, youthful grid mentor for the University of Notre Dame, appeared in Struthers last week at St. Nicholas Church. He was the featured speaker at the Holy Name Society membership drive kick off.

Brennan, who presented quite an interesting talk, gave out with a few good points for budding athletes. He emphasized "fighting spirit", of which his squad of gridders must have possessed, for they rebounded after Notre Dame's worst season in history in '56 to a top-ranking club last fall.

KEEP FIGHTING

Brennan pointed out that as an athlete, you can get knocked down many times, and when you stop getting up to continue fighting, "you're licked"; or as he also said, "you licked yourself." He stated that he knows his boys are in the right frame of mind; breaks, he said, helped the squad to get back on the winning trail last season, but he mentioned that the squad made those breaks.

Since he stated how important scholastic prowess is at Notre Dame, or any other school for that matter, I quizzed him about army's great center, Jim Kernan, who played his high school football at Youngstown East. Brennan saw him in action last fall when the Cadets met the Irish, and Terry considers him a "very fine" ballplayer. Jim is an all-American in the classroom also, where he ranks at the top of his class.

PENGUIN FOES

Coach Dom Rosselli's Penguins meet St. Francis tomorrow night at Loretto, Pa., in what should be the locals' toughest game of the year. The Pennsylvanians boast one of the tallest teams in the nation, with the starting five boys averaging 6'5" each.

Then, next Wednesday evening, the Geneva Covenanters will be out to avenge their one-point loss to the Penguins suffered just two weeks ago. Cliff Aultman's combine entertain the Youngstowners at Beaver Falls in what should be quite a joust.

Both squads have very fine home flow records, just as many of the Penguin foes this season. Steubenville has a 53 home-game win streak going, while Niagara has a record something like 190 wins in 214 starts at their Olean Armory floor.

WHAT NEXT?

Coach Hank Kuzma of the Steubenville Barons has a new acquisition to his cage corps. Eugene Mihm, a 6'11 1/2" cager, has enrolled at the southern Ohio Catholic school. Mihm has been playing industrial ball, so it will be interesting to watch how he fares in the collegiate ranks.

Contrary to many reports, this corner feels that the eyes of Steubenville College have been directed toward the N.I.T. basketball tournament for the past couple of months.

RESERVES IMPROVING

Herb Bartlemay's Penguin Jay-Vee squad has been coming along fine in the latter part of the season. They've really provided some fine action for the early-arrivers at the Field House, winning several exciting games with late rallies, including a triumph over Westminster's highly touted reserves last week. Bob Matthews, Jerry Fitzpatrick, and Dick Matasic have turned in some fine performances.

Penguin Sports

WRA Sponsors Tournament

The Women's Recreation Association is again sponsoring its annual Basketball Tournament. Dee Vaughn and Carol Ann Hamrock, freshmen in Physical Education, are managing the tournament. The tournament is scheduled to begin Feb. 17. Two sorority teams, the Beta Sigs and the Tri Sigmas, and two independent teams have entered the tournament.

If your group would like to join or you yourself would like to join a team, put your name on the sign-up sheet in the Women's Physical Education Building or contact a manager.

YU Rifle Team Still Holds First Place Shooters Eye National Crown

The Youngstown University rifle team is still perched atop the Lake Erie Conference standings, sharing the lead with Akron University, the squad which handed the locals their only defeat this season.

Seeing action the past two weeks, M/Sgt. Nick Felt's shooters have continued their winning ways, defeating Gannon and Case Tech. This ups the riflers' season slate to 10-1, with one match remaining, this coming against Duquesne tonight.

Gannon Falls

On Feb. 7, in a match at Erie, Pa., Gannon College fell to the Youngstowners, 1378-1351, as the riflers copped their ninth decision. Bill Roos and Dave Patterson led the locals, with Roos again cracking the 290 mark.

Last Friday night the Penguins won their tenth, toppling Case Tech, 1391-1364, as Roos, Mary Lou Moss, and Jim Lambeth all featured with fine scores. Roos shot 290, and Moss and Lambeth each garnered 280 totals.

In conference standing the sensational Roos is still 1st in individual averages, while Moss and Patterson hold down the 5th and 7th spots, respectively.

Eye National Crown

Coach Felt has received an invitation to bring the rifle team to Ohio State University March 15 to compete in the Intercollegiate Sectional Matches. The victor at Columbus will vie with five other sectional champions from all over the country to determine the national crown.

Felt has stated that the locals have a fine chance to garner national honors this year and will be going all out to bring home several trophies. The Penguins certainly are going to be rough to beat, with several of the finest collegiate riflers around bolstering the squad.

WRA Hosts Playday

The W.R.A. sponsored its annual playday on Sat., Jan. 11. The theme this year was "Hawaiian Playday."

Eight area colleges attended: Lake Erie, Ashland, Slippery Rock, Edinboro, Notre Dame, Akron, Mt. Union, and Youngstown. About eighty students participated in the activities of the day.

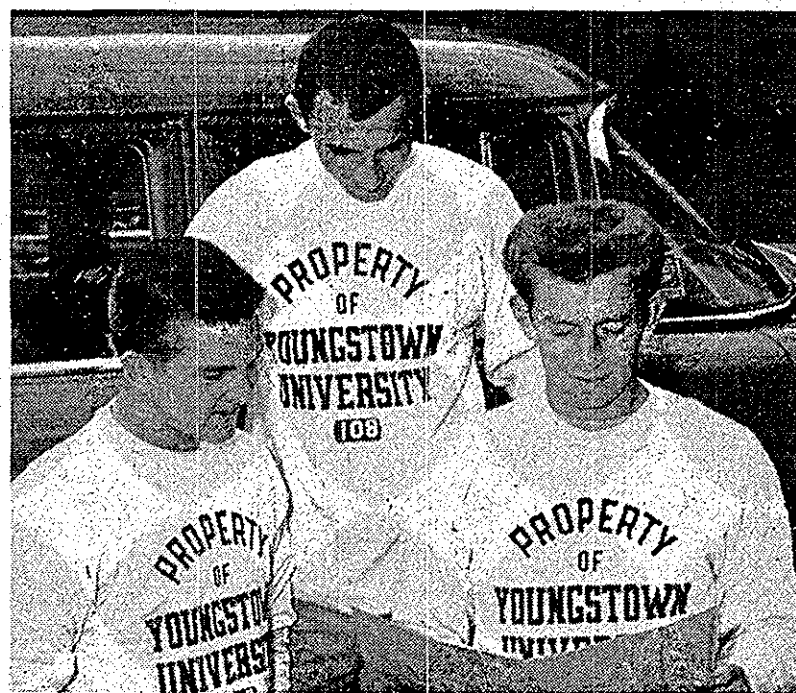

Dean McCarty gave a welcoming speech, and introduced the co-chairmen for the day, Ann Schmidt and Marilyn Yurak. They in turn gave instructions for the day and started the activities. The sports events included swimming, basketball, volleyball, badminton, shuffleboard, and ping pong. Afterwards, refreshments were served and awards were presented to the winning team.

The W.R.A. wishes to express their thanks to all those who helped to make the playday a success.

Basketball Club Elects Officers

The newly formed Basketball Club met Jan. 29, and elected officers: President, Margaret "Foo" Riesen; Secretary-Treasurer, Joanne Miller; managers, Pat Hobbs and Kathy Roberts; Co-captains, Laura Caughlin and Dorothy Elson. The group met again on Feb. 5 and chose Emily Hura as their coach. The first game is scheduled with Geneva College. No date has been set.

The Managers

By Pete Sloan

The men least talked about in the world of sports are the managers. The average spectator doesn't realize their value to an athletic team. At a game, one can notice them loaded down with equipment, carrying the first aid kit and water buckets, helping an injured player off the field, and spotting or keeping score for the team.

But this is only half the story, with the other portion of the manager's life spent at practice. He performs all the duties just as at the actual game, and more. A few of the things he does off the playing field are, taking care of equipment, fixing cleats, caring for in-

juries, and opening and locking the dressing room. It is agreed by all the coaches that the managers are their handy men.

Football managers for the Penguins this past fall include Ken Brayer, Al Schwartz, and Nick Rimedio. Brayer, a sophomore, also the Penguin's basketball statistician, is interested in journalism. Ken is a part-time Vindicator Sports staff member during the cage and grid seasons.

Schwartz, a senior and pre-med major, has been a big help to the gridders. Rimedio, in his initial year as a manager, is a freshman at Youngstown and a physical education major.

ROTC - Attention!

By Bob Amodio

Things are really humming around Pollock House this week, because Mar. 1, is the date set for the eighth annual Military Ball. The Pershing Rifle drill team is also making final preparation for their drill competition in Jersey City, New Jersey. Recognition should also be showered upon our rifle team for the fine showing that they displayed for their school in the Lake Erie Conference.

This year's Military Ball will once again be held in honor of the graduating seniors in ROTC. The dance will be held at Stambaugh Auditorium. Dancing will be from 9 to 1. The admission is the traditional \$5.00 per couple, which includes refreshments and corsages for the girls. The music for the Ball will be supplied by Nick Barile and his band. The apparel will be strictly formal. Tickets may be purchased from any member of ROTC, or may be bought at the door.

Early this year the Pershing Rifles accepted an invitation to represent the First Regiment, along with John Carroll University, at the first National Drill Meet. The Pershing Rifles First Regiment includes Ohio, Kentucky and West Virginia. The competition will be held at St. Peter's College in Jersey City, New Jersey on Saturday Mar. 1. A few of the schools that will attend are V.M.I., Oklahoma A&M, and M.I.T.

Took Three Firsts

Last year at the Regimental drill meet, which was attended by 14 schools, Youngstown's P.R.s took three first place trophies losing to Ohio State by one point. It would be unthinkable for us not to receive an invitation to the National Drill Meet at Jersey City.

Since accepting this invitation, the Company has been drilling intensively in order to be prepared not only for the National Drill Meet, but for many others to follow.

Youngstown ROTC rifle team is tied for first place with Akron U's rifle team and are contemplating a plan of match to determine the championship of the Lake Erie conference.

If Akron and Youngstown do not have a play off match, we are assured of at least a second place which is the highest standing Y.U. has ever had.

There is just a closing line left, and it is to congratulate the new members of Pershing Rifles that were installed Feb. 15.

GREEKS

Continued from page 4

Sig Delt bowlers have made tremendous strides in the second half. Led by brothers Tom Andrews, Bill O'Neil, and Paul Michaels, the keggers have pulled into eighth place, only six points out of first and closing in fast.

The brothers would like to thank the Newman Club for a fine Mardi Gras dance and congratulate the queen, Joan Christopher and her court.

Thanks to all the brothers for their efforts and time in building the IPC booth, especially to chairman Noel Soos. The booth was a beautiful display which attracted many photo seekers. Nice work, Men!

Seen in the Brass Rail -- three Sig Deltas, one an escapee from the AA.

There should be a new item put on the Zanzibar menu called the Sig Delt Special. It contains one bottle of suds (beer), a dish of spuds (french fried potatoes), and a spike (toothpick).

All the Sig Delt basketballers are waiting for the IPC basketball tournament to begin. After a couple

of practice games the outlook looks good.

KAPPA SIGMA KAPPA

The Kappa Sig bowling team has had its ups and downs! Tom O'Neil claims the brothers can capture the crown if they take every point from now on. Tom Maloney joined the "under 100 Club" last Sunday.

The IPC dance was a fine example of what the Greeks can do when united. The formal ball was undoubtedly the finest affair on campus. The brothers were really living that night.

Bruce Bond, widely known as "quiet little Brucie" was elected to replace Roger Cain as sergeant-at-arms. We believe that it was a good choice. Ron Pisano will replace Ed Pacic as alternate to IPC. Apparently Ed wanted to go to class this semester.

With the start of rushing next Monday, the Kappa Sig's are hoping for a fruitful rush season for all the Greeks and particularly for themselves. Many good forsh this year!

Grid Schedule

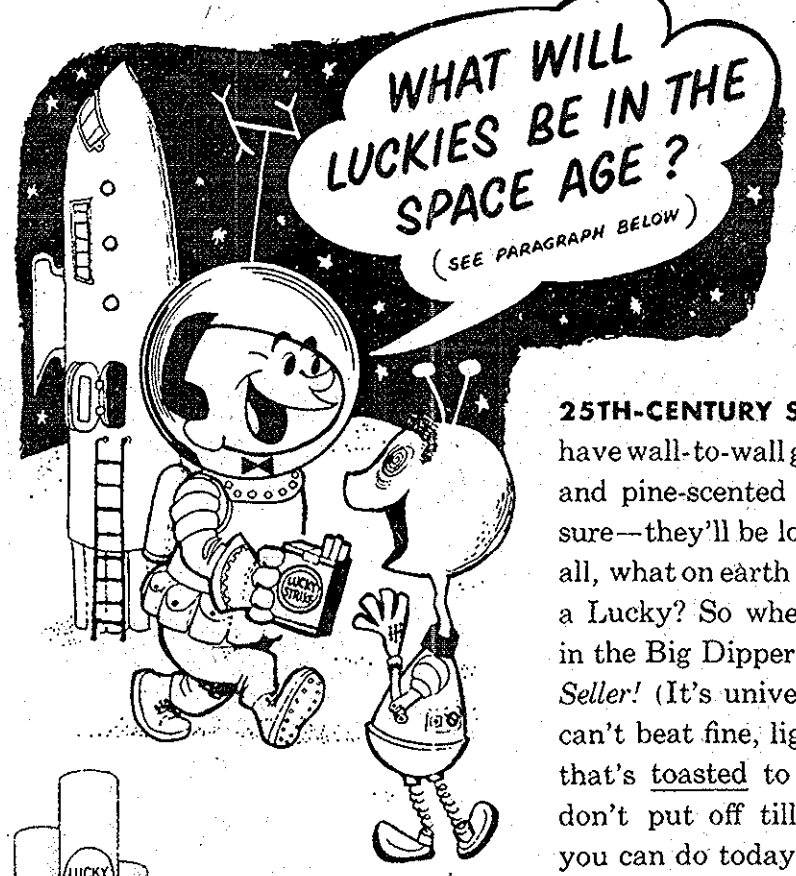

The new schedule is as follows:

- Sept. 20 - at Ohio University Sat. afternoon
- Sept. 27 - at New Haven State Sat. afternoon
- Oct. 3 - Eastern Michigan Friday night
- Oct. 11 - Western Kentucky Sat. night
- Oct. 18 - Open
- Oct. 25 - Eastern Kentucky Sat. night
- Oct. 31 - Baldwin-Wallace Friday night
- Nov. 6 - Gustavus-Adolphus Thursday night
- Nov. 15 - At Toledo Saturday night

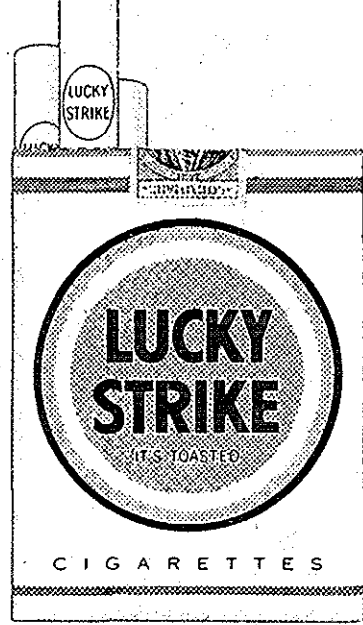

Outdoor Fires Are Dangerous

Sticklers!

25TH-CENTURY SPACESHIPS? They may have wall-to-wall gravity, wide-screen radar and pine-scented oxygen. But one thing's sure—they'll be loaded with Luckies! After all, what on earth (or off) tastes better than a Lucky? So when man makes his splash in the Big Dipper, Luckies will be a *Stellar Seller!* (It's universal knowledge that you can't beat fine, light, good-tasting tobacco that's *toasted* to taste even better.) But don't put off till the 25th century what you can do today. Try Luckies right now!

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.
