

Record now 4-2

## Penguins top archrival Akron

by Bill Snier

YSU-Ohio Division II Football champions. Has a nice ring to it doesn't it?

Well The YSU Penguins won this distinction by defeating their archrivals the Akron Zips 28-10 at the Akron Rubber Bowl Saturday night to clinch the Division II Championship of Ohio.

The Penguins, who now have won eight times to Akron's nine times in their series, also had the distinction of defeating Akron at home where the Zips had won seven straight times dating back to last season. The Zips went into the game ranked eighth in the nation.

YSU drew first blood very early in the first quarter when the Penguin specialty unit stormed through to block an Akron punt at the Akron 20-yard line. Maurice Reynolds picked up the loose ball and scampered into the endzone to give the Penguins the lead. With Haynafi's conversion, the Penguins led 7-0 with only 2:15 gone in the ballgame.

Akron came right back on their next possession on a twenty yard field goal by Jim Embick after a stubborn Penguin defense held the Zips in check on four plays from inside the YSU 10.

A poor punt set up the second Penguin score with Akron kicking the ball only

24 yards to give YSU possession on their own 48 yard line. After Robson carried for four yards, Keith Snoddy, who probably played his best game as a Penguin, hit Jim Ferranti for a 48 yard touchdown pass to increase the Penguin lead to 11 points. The touchdown was the first for Jim Ferranti this season.

Keith Snoddy hurled his second touchdown pass of the game with only 10 seconds left in the half. That pass, a 12-yarder to Marschell Brumfield, was set up by Fred George's interception of an Akron pass at the forty yard line. That increased the Penguins halftime lead to 21-3.

The second half was dominated by the Penguin defense, who managed to hold Akron in check for the entire third quarter. The only Akron touchdown was set up by a Keith Snoddy fumble at the YSU 43. Akron went 45 yards in 12 plays with Marty Bezbatchenko going the last six yards on a keeper for their only score of the second half.

The Penguin's final tally came on a twenty yard run around the left side by Marschell Brumfield with only three minutes remaining in the game.

Individually for the Penguins, Keith Snoddy seems to

dominate the entire offensive picture. The 5-11, 177 pound sophomore completed 6 of sixteen passes for 118 yards and two touchdowns. But Snoddy did not stop there as he also rushed for 93 yards in seventeen carries to pile up a total of 211 yards total offense, which was almost two-thirds of the Penguins entire offensive output for the game.

Jim Ferranti turned in another fine performance, finding the seam in the Akron defense for five receptions for 105 yards and one touchdown.

But it was the Penguins defense that was the most instrumental in the victory. The defense held Akron to only 230 yards total offense and ten points, both way below the Zips average output per game.

It would be difficult to single out any one defensive performer for special notice as the entire unit was outstanding. Interceptions were turned in by Fred George, Kevin Statzer and Larry Grist.

All in all, it was the best performance teamwise by the Penguins so far this season.

The Penguins next game will be the Homecoming game against Dayton. A pre-game look at the Flyers will appear in Friday's *Jambar*.

FACE OFF - - Quarterback Keith Snoddy (7) directs YSU as they square off against arch-rival Akron last Saturday night. The Penguins upset the Zips by a 28-10 count.

## Grievance Committee aids students with complaints

by JoAnn Nader

If you feel a professor gave you the shaft while he was giving out grades, Student Government's Academic Grievance Committee could aid you in changing your grade.

The Grievance Committee accepts grievances not only on grading practices but also on official academic advisement and "instructional practices such as those delineated in the course syllabus," according to James O'Neil, Student Grievance Secretary. Concerning the latter two areas, students can file grievances if an advisor gave them incorrect advice which cost them credits, or if their teacher doesn't show up for class or doesn't give tests according to the syllabus.

A student has up to 12 months after an event to file a grievance.

This is how it works. Let's say you got a "C" when you honestly feel you deserved a "B." The first move you should make, says O'Neil, is to schedule an informal conference with your professor and talk it out, since

in the end he is the only one who can change your grade. Many times the problem is solved in this stage because the professor made a mistake, in averaging your grade.

However, if the instructor maintains his grounds for giving you a "C," the next step, O'Neil says, is an informal discussion with the department chairperson. If the chairperson feels you have a legitimate complaint, he'll ask you to join him and your professor at a meeting to try to settle the dispute. But if he agrees with your professor, you then meet with the dean of the school involved.

If the dean doesn't feel your grievance is justified, you may file a grievance and submit copies of it to the professor, the department chairperson, the dean, the Student Grievance Secretary and the Grievance Committee.

Within six school days after the grievance is filed, the instructor

(Cont. on page 2)

## Playwright vs. theatre is topic

## Edward Albee to lecture

Widely acclaimed American playwright, Edward Albee, will be on the YSU campus today to discuss the modern theatre and the writing of plays in a special lecture series. Albee is considered one of America's greatest contemporary playwrights.

Albee defines a good play as one "with something to say and the ability to say it." He adds, "a play should bring its audience some special sense of awareness of the times and alter and shape that awareness in some significant manner."

Regarded as America's foremost dramatist, Albee has won two Pulitzer Prizes for the plays, *A Delicate Balance* and *Seascape*. *Seascape* was described by Brendan Gill of *The New Yorker* as "The most exquisitely written" of all his plays. He also authored the popular theatre classic, *Who's Afraid of Virginia Wolfe?* which was first produced in 1962, starring Richard Burton and Eliz-

abeth Taylor. The current revival of this popular movie on Broadway is being directed by Albee himself.

At the age of six Albee began writing, centralizing on poetry. In his teen he wrote two novels, both he says, "never to be published." At 20 he stopped writing altogether and did not begin again until the age of 30 when he produced *The Zoo Story*, *The Sandbox* and *The American Dream* among other plays.

Albee is expected to stress the importance of live theatre and how it should be made available to all, not just the privileged few. Albee sees the college and regional theatre setting as being the most vigorous and productive today.

Albee's appearances are slated for today at 2-4 p.m. in the Experimental Theatre in Bliss Hall for an informal session and at 8 p.m. in the Kilcawley Multi-Purpose Room for Albee's lecture.

Edward Albee

**Correction**  
The *Jambar* would like to correct an error on a story run in the Oct. 7 issue. The *Jambar* reported that the YSU faculty raised \$118,826 for the stadium. This figure was in fact raised by the administration, faculty, classified, and non-classified employees.

(Cont. from page 1)

tor should arrange a conference with you, the chairperson, and the dean. This is done so that all sides of the dispute can be heard, reports O'Neil.

Six days after this conference, O'Neil says, the professor should issue disposition (or decision) notices about the grievance along with a form on which you indicate acceptance or rejection of the disposition and your intention to pursue or not to pursue the issue further.

If you reject the disposition and intend to pursue the issue, a final conference is scheduled before the committee, which consists of six faculty members, six students and one administrator.

The faculty members are Dr. John Kearns, Engineering; Ivis Boyer, Arts and Sciences; Gloria

Atkins, CAST; Robert Wolanin, Business; Alfred Owens, Fine and Performing Arts; and Dr. Robert DeGuilio, Education. The student members are Cindy Tortora, chairperson, Fine and Performing Arts; Mark Shasteen, Engineering; Dave Kedzierski, CAST; Cindy Jurich, Business; and Julie Brickley, Arts and Sciences. Dr. George Drew, Education, is the Committee's administrative member.

At this hearing both sides will be heard. All parties are guaranteed the right to be heard, present pertinent information and confront opposing viewpoints, according to O'Neil.

Once the committee has heard both sides, it privately reaches a decision. If the committee votes in favor of you, the student, your grade will not necessarily be changed. Only the professor can change the grade. But copies of the committee's findings will be filed in both the student's and professor's permanent record.

Student Government has sponsored the Academic Grievance Committee since February, 1976. It takes approximately 18 days to file a grievance and take it to committee.

O'Neil, as Grievance Secretary, acts as an advocate of student rights.

If you have any questions or would want to file a grievance, you can contact Jim O'Neil at the Student Government Office or call ext. 320.

## Installment 3

Students are again complaining of inadequate lighting on campus. The word "again" should be stressed because lack of campus lighting seems to be a continuing issue at YSU.

Last evening there was one light on in the fountain area to the east of Kilcawley. Out of nine lights on the core of the campus between Kilcawley and Engineering only three were lit. There were no lights on by CAST and none of the walkway lights throughout campus were on.

The reasons for the need of better lighting on campus need not be propounded; they are obvious, and have not changed in the last several years.

Reasons for the lack of lighting are more interesting though, because they seem to vary with the seasons. In November of 1976, when the *Jambar* first looked into the subject of inadequate lighting, we were told that the lighting situation was due to the energy crisis and a letter received in 1974 from the state architect's office required that energy consumption be reduced.

When the *Jambar* again looked into the issue in April of 1977, Bill Haines, architect and assistant director of campus development, stated that the "central core lighting system was due to the energy crisis and a letter received in 1974 from the state architect's office required that energy consumption be reduced. It is now October of 1977. The lights are still out and we all await baited breath the next installment of *YSU, a Campus without Lights*."

## Administrative, advisory boards report new appointments at Council meeting

The report of appointments to University administrative boards and advisory committees was finally received by Student Council yesterday.

The report includes all administrative, faculty, and student appointments to the administrative boards and advisory committees.

The administrative boards provide a means of reviewing decisions of administrators. Advisory committees review administrative regulations and operating policies.

All appointments are made by YSU President John J. Coffelt, but the names of students submitted to Coffelt are first approved by Student Council.

John Carano, Council chairman, said although the report is in, not all student positions are filled. He urges all

interested students to contact the student government office or their Council representative.

Other council discussion centered on problems students are encountering with crime in the parking lots, with on-campus lighting and with student parking.

David Stroud, vice-chairman of Student Council, said he has recently become aware of several incidents of crime on campus parking lots. According to Stroud the incidents involved "stolen tires, broken windshields, theft, and even a couple of attempted assaults."

Stroud made a strong appeal that Council urge students involved in such incidents to report them to Council immediately, so that action can be taken.

In related action Carano said he feels "lighting on campus at

night is inadequate." He said that Stroud, who is an engineering student, is researching a new form of sodium lighting, which may be used for YSU. Carano said he will approach Dean Edmund J. Salata, dean of administrative affairs, about the poor lighting conditions when the research is complete.

During a discussion of student parking, the Republic Steel parking lot surfaced as a major topic. A student spectator suggested that some form of shelter or seating arrangement be made for students using the Republic lot in the winter. Carano praised the suggestion and said he would look into it.

Council adjourned after calling a caucus session to deal with a disciplinary problem.

### Letters:

#### Upset over prank

To the editor of the *Jambar*:

On the morning of Oct. 14, I had the dubious pleasure of seeing the IFC/Panhellenic banner flapping in the breeze on the East side of Beeghly Center. This childish act of vandalism is not only a stain at the Greek System, but an embarrassment to the entire student body and University Community. The individuals who took the banner from Kilcawley and hung it from Beeghly cannot be the type of hardworking, industrious students characteristic of YSU.

There is certainly nothing wrong with having fun while

attending this University, but when individuals cross over the barrier of fun to theft and vandalism, they no longer deserve to be considered outstanding members of the student body.

It is unfortunate that this act took place, and I certainly hope that, in the future, individuals will use better discretion as to the things they do on this campus.

John J. Carano  
Chairman, Student Council

## INPUT :

Try it, you'll like it

Try it, you'll like it? And then again, maybe you won't!!!

I tried it for the first time winter quarter of '77. I wanted to find out just how bad parking at Republic Steel would be. After all, the parking is free. Also, a bus runs from the Republic lot to the University every half hour. Maybe a little inconvenience wouldn't be too hard to put up with. The second time I parked there the temperature was 15 degrees below zero. Standing on Spring Street, after a five minute wait for the bus, I swore that I would never use the Republic lot again. (I nearly froze to death.)

Following President Coffelt's appearance before Student Council, on the proposed stadium, I told Dr. Coffelt about the need for enclosures at the bus stops

to protect the students from the weather. He said that the bus stops were only temporary, making enclosures impractical.

Despite everything that had gone before, I anticipated a massive parking problem due to the closing of lots for the stadium. Therefore, I did not purchase a parking sticker for fall quarter. For the first week parking at Republic wasn't bad. Then came the day I had to make a quick stop after class. Naturally, I missed the bus. I had to wait a half hour for the next bus. That is a half hour longer that my child stayed with her sitter when she could have been with me. Also, that day I had several bulky items from art class with me. There was nowhere to set anything except on the ground, nor was there any place to sit down during that half-hour wait.

Another week passed before I

again missed the bus. Perhaps it is because the bus usually goes around the campus only once. Again it was a half hour longer that my child had to stay with her sitter. Also, it was windy and chilly that day. Before the bus came I purchased a parking sticker.

The first day that I used my parking sticker I would have again missed the bus. A half hour later when I would have been getting on the bus I was in Austintown with my daughter on our way home.

My time and my health are extremely valuable possessions to me. If the University expects the students to use the Republic lot they need three things: benches at the bus stops, enclosures for protection against the weather and buses at least every 15 minutes.

## PBS telecasts YSU games; greater interest expected

by **Brendina Martin**

Greater community awareness and support for the YSU Penguins is the aim of the University in televising the games for Channels 45-49, according to the persons involved in the project. The games have been taped and aired this season for the first time.

Besides the advantages for YSU and the community, televising the games also enables students here to gain valuable TV production experience, for which they are also paid, at the YSU TV Center.

The funds for producing the football games are shared by three departments. The largest share is provided by the department of broadcasting for the cost of personnel and the responsibility of televising the games. The office of public services covers meals, tolls and gas expense, according to Dr. Larry Looby, associate vice president for public services. The Athletic Department, which provides less than 4-5 percent of the total cost, covers overnight lodging expenses of the crew.

The department of broadcasting offers a training program during spring quarter for students who are interested in a career in radio and TV production.

"YSU TV football would not be possible or would be very difficult without the student's assistance," said Mark Munroe, full-time engineer at the YSU TV Center.

Both the University and the community benefit from the student participation, and students also are benefited from the experience they receive through the facilities the University provides, noted the per-

sons working on the project agreed.

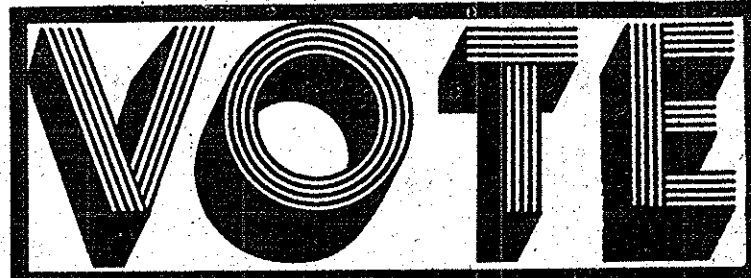

Randy Gerber, program director at the TV Center, discussed the amount of work that goes into the preparation prior to the game, as well as the actual televising during the game. An out-of-town game may require seven to eight hours of advance preparation. Students not only assist with setting up the equipment in the stadium and doing the groundwork, but also function in all phases of the televising itself.

The YSU TV Center supplies a mobile van that is used for the games. It has a miniature control room, an audio console, a taping machine and two cameras.

Paul Amodio, athletic director, is color announcer and John Basista is play-by-play announcer for the YSU Penguin's games. Amodio presents background information about the game and the players to provide color to be programmed.

Behind the scenes, Gerber works with Engineers Lew Moler and Mark Munroe. Seven to 15 students assist. The games are usually shown on delayed broadcasts at 10:30 p.m. the Saturday of the game.

Several hundred "tailgate" the YSU football games all season, attending all the home and away games. But for the many people for whom this is impossible, the TV Center's efforts at televising the games enable them to follow the Penguin's progress and bring YSU sports to the Youngstown community.

Last day is Oct. 18th

### Leukemia. It's no longer a death sentence.

When you were young, no form of cancer terrified your parents more than leukemia did.

Just fifteen years ago, a child with leukemia could expect to live only months.

But, thanks to research, things have changed. Children who once lived months are now living years. Many of them are growing up. Some are already adults, living normal lives.

Did you ever wonder what the American Cancer Society did with the money you gave us? Well, some of it went to leukemia research. And, if we had more, we could do more.

## Homecoming 77 preview

by Velina J. Rosine

YSU's fall homecoming, "The Big Event," promises to be an action-packed celebration which will take place Oct. 19 through Oct. 22.

Some highlights of the festivities which are a part of the homecoming celebration include: shows by Madhouse Company of London, Jack Flash, Gopher Broke and Rainbow; some olympic competitions and a football game between YSU and Dayton.

"The Big Event" will open Wednesday, Oct. 19 with an outdoor cafe. It will begin serving shish kebab at 11 a.m. and will close at 2 p.m. The YSU Jazz Quartet will provide musical entertainment for the cafe which will be by the fountain near Kilcawley.

A Bruce Lee film, *Enter the Dragon*, will be showing Wednesday in the Pub from 11 a.m. to 1 p.m. and a video tape of a Fleetwood Mac concert will be showing in the lounge in Kilcawley for the rest of the week from 11 a.m. to 1 p.m.

A ping pong duel between Student Government President George Garos and YSU President John Coffelt will take place from noon to 12:45 in the Chestnut Room of Kilcawley on Wednesday.

After the ping pong duel "The Big Event" will really take off with the lift off of a Budweiser hot air balloon at 1 p.m. near the rock outside Kilcawley Center.

On Wednesday evening the Mad House Company of London will present a show entitled

"An Unholy Evening of Complete Madness and Lunacy" starring Hamlet McWallbanger with a special performance by the Wild Man of Borneo. The show will begin at 8:15 p.m. in the Chestnut Room in Kilcawley and there will be no charge for admission.

Bluegrass Day will be celebrated in the Pub on Thursday from 11 a.m. to 3 p.m. Gopher Broke will provide entertainment for the Bluegrass celebration and there will be no charge for admission.

*Murder by Death* will be shown on Thursday in the Chest-

nut Room of Kilcawley at noon, 4 p.m., and 8 p.m. There will be a \$0.75 charge for admission.

On Thursday and Friday a YSU version of olympic competition will take place from 11 a.m. to 1 p.m. near the rock. Some events to be held include: telephone booth stuffing, tug-of-war, skin-the-snake, volkswagon stuffing, pyramid building, skateboarding and derby racing.

In addition to the competition on Friday a pep rally, conducted by the cheerleaders, will be held near the rock at 1:30 p.m. Jack Flash, this country's largest traveled sound and light show, will appear from 9 p.m. to 1 a.m. at the Chestnut Room on Friday night. There will be no charge for admission.

Homecoming events for Saturday Oct. 22 begin with a parade which will start at Beeghly Center and finish at Rayen Stadium. The parade will move from Beeghly at 11 a.m. and the route will cover Elm, Broadway, Fifth, Benita and finally Rayen Stadium. The parade will include antique cars, clown troupes, decorated cars and bands.

The Homecoming football game between YSU and Dayton will begin at 1 p.m. in Rayen Stadium.

An Alumni Collegiate Dance will bring "The Big Event" to a close at the Mahoning Country Club beginning at 9:30 p.m. on Saturday. Music will be provided by Rainbow and dress is to be semi-formal. There will be no admission charge.

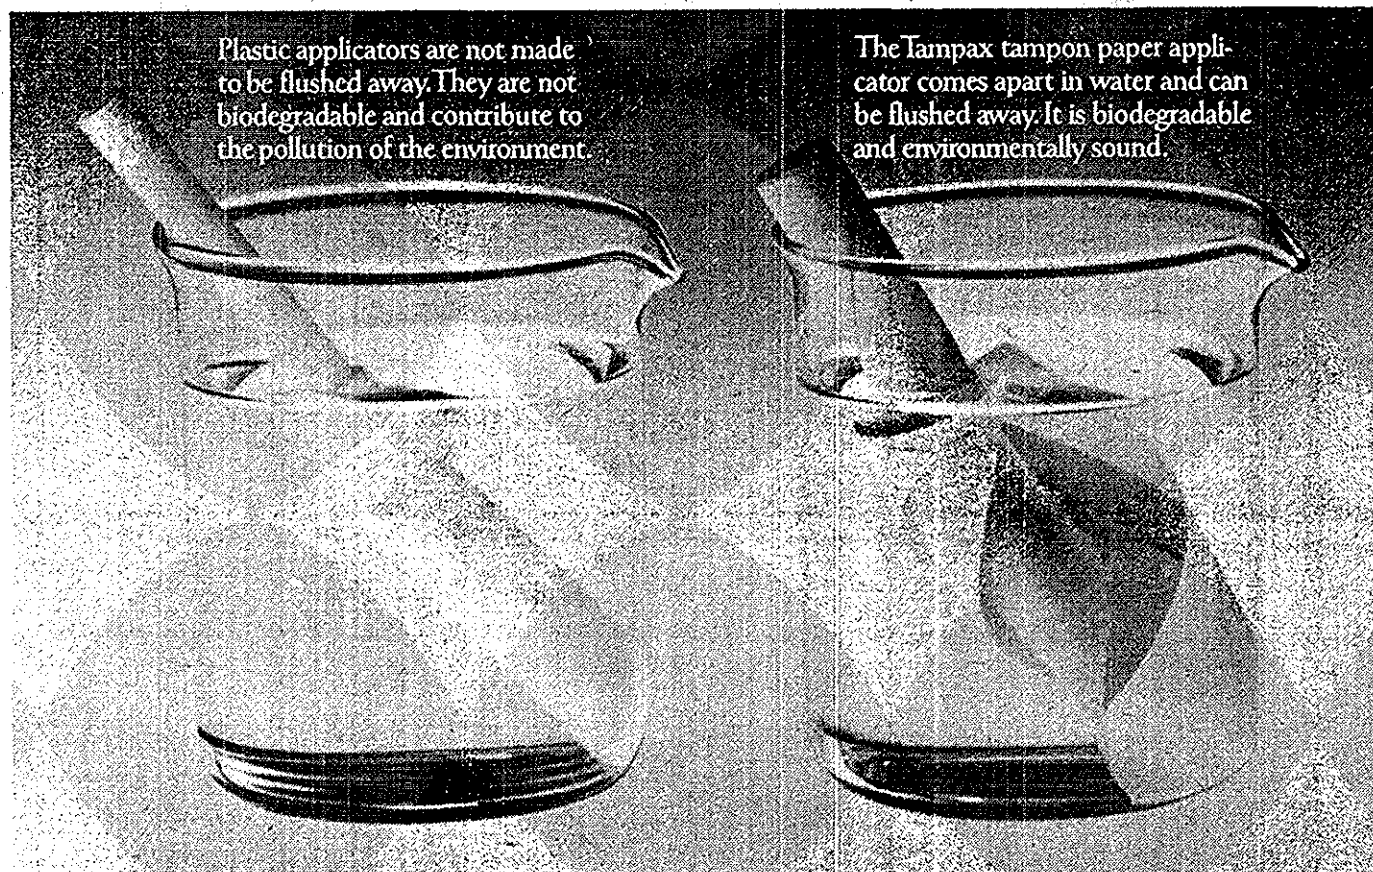

### Wednesday to be 'Bluegrass' Day

If you walk into the Pub between 11 a.m. and 3 p.m. on Wednesday, Oct 19, you won't be able to sit down and study. Gopher Broke, a bluegrass type band will instead entertain you as part of the Bluegrass Day entertainment scheduled for the Homecoming Weekend. Gopher Broke also plays western swing, jugband, jazz, American and Irish Traditional and original music.

The group is very talented and plays a variety of instruments. Gary Sheptock, lead guitarist, also plays the kazoo, nose whistle and pedal steel guitar. Tom York plays banjo and guitar, while John Reynolds is on violin and mandolin, and Joe Logan Plays bass. Each member also sings.

Bluegrass Day is part of "The Big Event" Homecoming Weekend sponsored in conjunction with Student Government and the Kilcawley Center Program Board.

## Only Tampax tampons have an applicator that is flushable and biodegradable

Plastic applicators are not made to be flushed away. They are not biodegradable and contribute to the pollution of the environment.

The Tampax tampon paper applicator comes apart in water and can be flushed away. It is biodegradable and environmentally sound.

The applicator on the left is plastic and its manufacturer clearly warns "do not flush." You can throw it into a waste receptacle, but no matter how you dispose of a plastic applicator, it remains hard, non-biodegradable material indefinitely. That is why plastic applicators pollute our land, rivers, lakes and beaches.

The Tampax tampon container-applicator—like the tampon itself—is completely disposable and biodegradable. It is made of spirally wound strips of paper that quickly begin to delaminate and unwind when they come in contact with water. (See the illustration above at the right.) The paper strips are as easy to dispose of as a few sheets of bathroom or facial tissue.

What's more, the hygienic Tampax tampon applicator is designed to make insertion

easy and comfortable. Slim, smooth and pre-lubricated, it guides the tampon into the proper position to give you reliable protection. Your fingers never have to touch the tampon. In use, the Tampax tampon expands gently in all three directions—length, breadth and width—so there is little chance of leakage or bypass.

Tampax tampons offer you hygienic menstrual protection without the worry of environmental pollution. This is one of the reasons why they are the #1 choice of more women than all other tampons combined.

## 'Bud Balloon' to float over campus Homecoming events

One of the most intricate hot air balloons ever manufactured will be appearing for YSU Homecoming at 11 a.m. on Oct. 19, 1977. The "Bud Balloon" is a 50-foot-in-diameter hot air balloon that has been making exhibition and competition flights throughout the United States since June 1, 1973.

The balloon, piloted by Paul Woessner of Albuquerque, bears two giant Budweiser labels on its sides. The labels are 30' x 45' and are the second largest Budweiser labels in existence. The labels are sewn onto the balloon and are exact replicas of the famous Budweiser label shown on all Budweiser products.

The balloon was manufactured by Raven Industries of Sioux Falls, South Dakota. It took over 700 hours to sew the balloon together and over 6 1/4 miles of thread just to sew the label on. There are nearly 1000 individual letters sewn on the balloon, ranging from four

inches to four feet tall. Also in the intricate design are 200 individual circles, each less than 1 inch in diameter. Over 950 yards of special nylon fabric were used to make the balloon.

The "Bud Balloon" in 1973, was the first hot air balloon to ever cross from the Bahamas to the United States. The six-hour crossing was made in June from Cat Cay, Bahamas to Miami, Florida, a distance of 57 miles. In May 1974, the balloon again made the flight and placed first in the 2nd Annual Bahamas U.S. Balloon Classic. The balloon was also twice the winner of the Great Helen, Georgia to the Atlantic Balloon Race, setting the speed record in 1974 for the 250-mile cross country flight in 16 hours, 15 minutes.

The balloon competed in 1973 U.S. National Hot Air Balloon Championships in Iowa, where it placed fifth. In addition, the balloon has flown out of Busch Stadium in St. Louis, and was on display at the St. Louis PGA.

Here comes the Bug Bud Balloon for the official lift-off of Homecoming week. It will take off from mid-campus at 1 p.m. Wednesday.

## Crazy competitions to be featured at YSU's Homecoming Olympics

This year YSU's Homecoming Committee has planned another wild, wacky series of Olympic events for your enjoyment. Imagine yourself doing a "hang ten" as you cross the finish line of YSU's first Annual Skateboard Race. Or imagine a huge mass of bodies contorted and compressed as they cram into every available crevice in a volkswagon or telephone booth.

The line up of events will begin at 10 a.m., Thursday, Oct. 20 with the Volkswagon and Telephone Booth Cram Contests.

These two events will be held near the rock behind Kilcawley Center, and will run until 2 p.m.

At 11 a.m. Thursday, the coed Pyramid Building contest will start, and immediately following it will be the Tricycle Race. These

events will take place in the center campus area behind Kilcawley Center on the lawn. The coed Tug-O-War and Skin the Snake races will be held at 10 a.m. on Friday, Oct. 22. These events will also be on the lawn behind Kilcawley.

For all interested skateboard enthusiasts, a Skateboard Race will begin at 11 a.m. on Friday and run until 1 p.m. Skateboards

will be provided and first prize will be a new skateboard. Protection gear will be provided by the Surf's Up Skateboard Park of Warren and must be worn. The course starts behind Kilcawley and runs the length of the sidewalk to the Engineering Science Building.

This year, with your help, Homecoming 1977 will be "the biggest event" of the year.

## Dance to be held this Saturday for Collegiate-Alumni

Do you remember the 1976 Collegiate-Alumni Dance held at Southern Park Mall, Homecoming weekend? If you feel embarrassed because you don't remember, don't worry, not too many people remembered about it that weekend.

Because of last year's low attendance, the 1977 Homecoming Committee has planned a better dance. A semi-formal Collegiate-Alumni Dance to be held Oct. 22 at the Mahoning Country Club from 10 p.m. to 1 a.m. Music will be provided

**a pen?**

Not if it's an extraordinary Pilot Razor Point marker pen. A fiber-tipped pen so precisely balanced, it will always feel comfortable in your hand, even after hours of writing. Its sturdy plastic point, surrounded by a unique Pilot metal "collar" writes a distinctly smooth, sharp line. In fact, it's the thinnest tipped pen you can buy. And that makes it just great for pages of notes or that one important love letter. Best of all, it's only 69c and is now available at your college book store.

So if your Pilot pen makes you lovesick, don't be ashamed to admit it. After all, it'll always be good to you.

## CAMPUS SHORTS

The YSU department of continuing education and school of business administration is sponsoring a three-day seminar on zero-base budgeting and set for Nov. 9-11. It will focus on such topics as budgeting and the management process, elements of zero-base budgeting, and budget preparation.

For additional information on the seminar, you may call or write the YSU department of continuing education, (216) 746-1851, extension 483.

★★

The Special Lectures Committee is currently in the process of selecting speakers for the Special Lectures Series, including the Skeggs Series. As part of its efforts to schedule programs which reflect the interests of the campus community, the Committee is once again inviting students, faculty and staff to submit suggestions for speakers and/or topics. Suggestions may be sent to Dr. Sidney Roberts, Committee chairperson, in care of the History Department.

★★

*Manon*, an opera starring Beverly Sills, will be aired live from the New York State Theatre at Lincoln Center at 8 p.m., Oct. 18 on Channel 45. WYSU-FM 88.5 will simulcast the audio portion of the opera at the same time. The story is about a beautiful young woman, Manon Lescaut who is sent to a convent to Paris and is eventually wooed away.

★★

"It brings to the area a nationally recognized sequence of courses which provide a comprehensive core of continuing education for managers," so says Dr. John R. Loch, director of continuing education at YSU, who was commenting on the accounting and financial control course work offered this fall at YSU.

The courses are part of a series of 25 course offerings selected to cover the major function of business areas. Among the courses are: "Basics of Cost Accounting," Fridays, Oct. 28 to Dec. 9, 9 a.m.-noon and "Accounting for Managers," Wednesdays, Oct. 19 to Nov. 22, 7 p.m. to 10 p.m.

For further information about the courses or registration, you may contact the YSU Department of Continuing Education at (216) 746-1851, ext. 481.

★★

The fall scheduling of courses designed to cover the major functions of the business community, have been announced at YSU.

Three courses in management and the computer and marketing management, are being offered by the YSU Department of Continuing Education in association with the School of Business Administration. They are: "Advertising: Strategy and Design," Tuesday, beginning Oct. 25 - Nov. 29, 9 a.m. - 12 noon; "Modern Marketing and Company Objectives," Wednesday, beginning Oct. 26 - Nov. 30, 7-10 p.m.; "Computer Basics for Management," Tuesday, beginning Nov. 1 - Dec. 6, 7-10 p.m.

To register, you may contact the YSU Department of Continuing Education at 746-1851, ext. 481.

★★

Dr. Frank J. Seibold, chairman, advertising and public relations, is presently conducting a six-week seminar at the School of Religion, Christian Associates of the Shenango Valley, Sharon, Pa.

Entitled "The Psychology of Persuasion and Spiritual Motivation," the seminar involves the persuasion techniques of salespersonship, advertising and public relations, as applied on a higher social level to religious education for children and adults.

This is the third consecutive year Seibold has conducted the Fall seminar which began Oct. 3 and is still open to any interested persons.

Seibold particularly directs attention to the occasionally obscured image of the business professor; in addition to the enlightened business executive, as well-rounded whole persons; whose scholarship and interests cover many more areas than just the technical "nuts and bolts" knowledge and expertise associated with their particular field.

★★

The officers of the YSU American Nuclear Society are proud to announce a new charter and affiliation with the American Nuclear Society and YSU. The purpose of this society is to promote the professional development of its members through its programs and through its relations with other student chapters and the parent society.

The members wish to cordially invite anyone interested in the nuclear sciences to apply for membership by contacting Dr. L. Szirmay, advisor, or Ronne Proch, Joe Leone, Joe Dudik and James Massey, officers, in the chemical engineering department.

★★

The Deutscher Akademischer Austauschdienst Daad (German Academic Exchange Service) offers scholarships to U.S. students for a variety of study and research programs in Germany. For further information and application forms please contact the German Academic Exchange Service, One Fifth Avenue, Apt. 11D, New York, N.Y. 10003, (212) 260-2216.

# COACHES CORNER

by Bill Narduzzi

What does it take to beat a traditional rival in the game of football? It is easy after the game to say I told you so, but if you recall in last Friday's article we did set down individual goals for each member of our offense with the intent that if each player attains his individual goals, the team goals take care of themselves.

Marschell Brumfield was supposed to top Winters. In per try average, Winters ended up with a 3.7 average, caught three passes for 30 yards, no points. Brumfield averaged 4.3 per carry, caught the only pass thrown to him for a touchdown and ran for a second touchdown late in the game to achieve his goal.

Keith Snoddy and Bill Fink were to beat the production of Beeman and Bezbatchenko. Fink did not play. Snoddy's day was truly outstanding, he completed six of 16 for 118 yards, one touchdown, no interceptions and also ran 17 times for 104 yards. While his counterparts hit on four of 14 passes for 35 yards and threw three interceptions, they ran for only 69 yards. Snoddy won his battle.

Robbie Robson, Dwight Dumas and Kurt Huffman were to have combined to beat the per try average of Montgomery, Axher and Hovanec. Dumas did not play due to injury, so Robson and Huffman combined for 76 yards and a 3.6 average, while the three Zip runners ran for 81 yards but only a 3.0 average per try. Youngstown's backs had done their job.

Jim Ferranti scored his first touchdown of the year by pass reception and totaled five catches

for 105 yards, while Akron's leading receiver, Fuller, was held to absolutely nothing. Jim Ferranti had done his job.

Emmett King and Jim Burant were in the battle of tight ends. Neither caught a pass Saturday night, but Emmett King had one of his finest days of blocking. He had done his job.

Our offensive line was to be more productive than Akron's. Our offense rushed for an average of 4.4 yards per try, theirs for 3.8. Our offensive line had done their job.

In the kicking department, Chuck Haynali was four for four in P.A.T.'s, punted for 1.3 yards less than his contingent, but Akron had one punt block which not only led to a score, but probably turned the tide of emotion in the Penguin's favor. It was a total team effort.

Besides the offensive members mentioned, Greg Fitzpatrick had another outstanding day as a line-backer. Terry Dittmer and Sam Barbera had very productive days as defensive linemen.

Ron Pentz had his best day of the year and the defense came up with three pass interceptions, one each by Fred George, Kevin Stutzer and freshman Larry Grist, who was making his first collegiate start at defensive halfback.

Youngstown now returns to complete our schedule with four straight home games. The first one is against the University of Dayton this Saturday. The University of Dayton has a fine football team this year. The only common opponents we have played to date are Villanova, which both of us have beaten,

Bill Narduzzi

and the University of Akron who beat Dayton 31-24 on a broken play late in the ball game. They hold wins over Louisville (Div. I) South Dakota State (a top Div. II team) and have suffered losses to Miami of Ohio (by a field goal with 30 seconds left on the clock) and Iowa State (big 8) 17-13.

Dayton is an explosive football team. B.J. Dailey, their quarterback, holds the all-time career yardage production at the University of Dayton, and Hermut Strecker can contribute points by kicking any time Dayton crosses the 50 yard line.

The win over Akron was a very gratifying one for our football team, but we don't have time to enjoy the victory until after the season. We have already begun to prepare for the University of Dayton. We'll tell you more about that on Friday.

## Intramurals head into third week; field conditions improve offenses

Conditions for the second week of intramural football were greatly improved. The fields were tacky, giving teams a chance to both run the ball and also open up an aerial attack.

From the Saturday action: Gib Stit remains undefeated, beating Junk Yard Dogs 18-6. Insulated Glass suffered its second defeat of the season, losing 0-19 to the Degenerates. Mad Dog-Royal Oaks has returned to intramural competition, zapping it to the Zaps 13-0. The Ohzones rolled to an easy 40-0 victory over Red Frosh. The Roundballers defeated the Cardinals 6-0, while the Ques gained their first victory, winning 12-0 over Herpes Simplex Virus III. Adidas took an overtime win from What, 1-0, while the Red Devils continued on their winning way, beating Morton's Marauders 20-0. The

Niles All-Stars squeaked by the Bruins 13-12.

The Sunday Independent competition went as follows: the Austintown All-Stars held A.S.C.E.T. scoreless to win 40-0. Valley Crew edged the Beer Drinkers Local "69" 7-6, while Quantas Bears opened their season on a victorious note, beating J.R.'s Pets 19-12. Richley for Mayor made its season debut, rolling to a 20-0 victory over the Untouchables. YSAS scored its first win, defeating the War Lords 6-0, while the Sweat Sox were forced to forfeit to Kilcawley II. Hana's Bananas stayed in the win column, defeating the Outlaws 7-0. Fishermen hooked another victory, beating Z-Seven 20-0. The Kilcawley Diseases became the second victim of Red Pride, losing 12-7.

In Fraternity action, John Georgiadis was once again doing

it all for Theta Chi as they defeated Nu Sigma Tau 41-0. Sigma Chi jumped to an early lead and never relinquished it, as they opened their season with a 25-0 victory over Kappa Sigma. Phi Sigma Kappa gained a forfeit victory over Phi Delta Theta, forcing them out of the competition. Sigma Phi Epsilon took a hard-fought victory from Phi Kappa Tau, winning by the extra point, 7-6.

In women's play, the Stars defeated the Student Nurses 8-0, while the Specialty Team took its second victory, defeating the OB'S, 7-0. Army Navy 1112 gained its second win of the season, beating the Queens. And the Lil' Sig Taus fell victim to a strong Ram Jammer team losing 33-6.

On Friday the top ten ratings will be released and also a schedule of the weekend competition.

The YSU women's field hockey team attempts to score a goal against Westminster in first half action. YSU won their third straight defeating Westminster 2-0. photo by Debbie Knappi

## Penguins stay undefeated; girls assured playoff berth

by Linda Marker

The YSU women's field hockey team won one match and tied their opponent in another over the weekend posting scores of 2-0 against Westminster and 1-1 at Oberlin.

The highlight of last week's action was an unprecedented tie against Oberlin Saturday. YSU had never beaten or tied Oberlin previously.

The tie practically assures YSU of a berth at the state tournament Oct. 18-19, since Oberlin is the host and one of the top-ranked teams in the state.

On Monday, Ohio field hockey teams are required to turn in their records and statistics to the State tournament selection com-

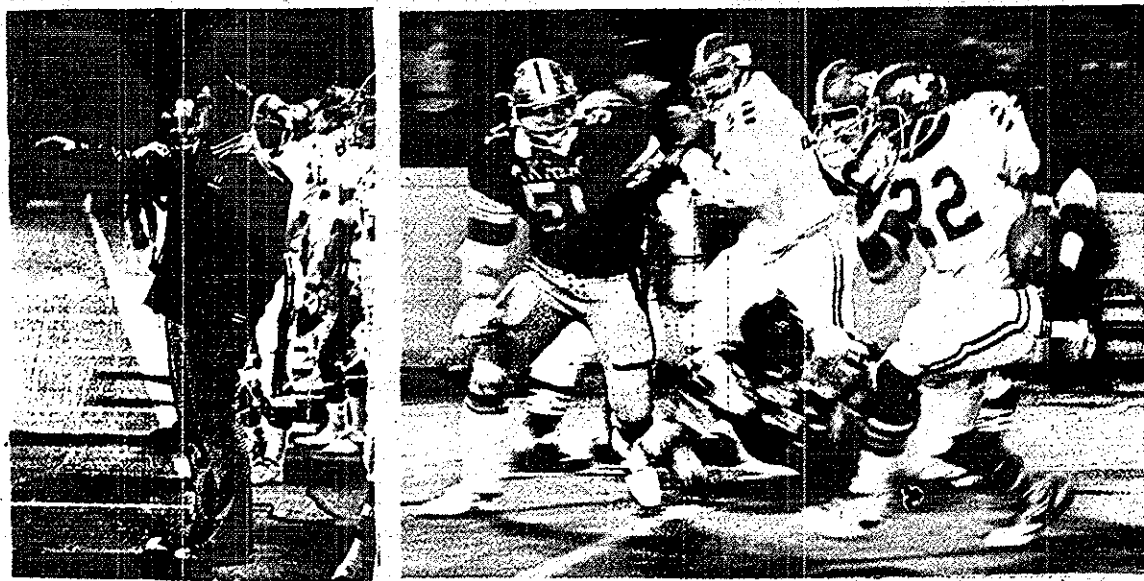

mittee. Sixteen teams will be selected on the basis of their win-loss record and the caliber of their opponents.

In Saturday's match, YSU led at halftime on Donna DeFiore's goal. Oberlin tied the score early in the second half and neither team could manage a goal afterwards.

Against Westminster, Leslie Ingram and Cindy Burazer scored goals.

The Penguins, now with a record of 3-0-1, will be on the road Thursday for a date with Hiram College. The girls defeated Hiram earlier this season, 1-0, at Rocky Ridge. Game time is 4:30 p.m.

## \*\*\*\*\* Penguins Zap Zips \*\*\*\*\*

## SPORTS

### SHORTS

The YSU Tennis Team has just completed its fall tennis tryouts with only one addition able to crack last year's lineup.

The Penguin netters, who finished sixth in the NCAA Eastern Regionals last year, added highly touted freshman Scott Miller from Ursuline to their otherwise strong veteran line-up.

Coach John Kiel will conduct his netters through scrimmages with surrounding schools to prepare them for a very rough schedule which includes Division I powers Miami (O), Toledo, Bowling Green, Western Michigan and Kent State.

The holdovers from last season, when the Penguins dropped only one intercollegiate match, are Rob Green senior, Butch Thomas, junior, Brain Hunter, junior, Bill Dunn, sophomore, David Rubenstein, sophomore, Kurt Kampeman, sophomore, and Rob Adset, sophomore, who redshirted last year due to injury.

The fall tennis squad will practice three days a week at the Youngstown Racquet Club in Boardman.

A free keg of beer, courtesy of a friend of the Penguins, will be granted to the campus organization or group which has the most members in attendance at the Homecoming game between the Penguins and Dayton this Saturday, Oct. 22, at Rayen Stadium.

To be eligible, each individual of an organization must register in person at tables located behind the pressbox or at the south end of the stadium.

\*\*\*

The YSU women's volleyball team lost to Oberlin in straight games Saturday, to drop their season record to 0-2.

The volleyballers will be home at Beeghly Center Wednesday night to tangle with archrival Kent State. Game time is 7 p.m.

\*\*\*

The Jambar sports department would like to invite coaches of all varsity sports to participate in the Coaches Corner. All interested coaches are invited to contact the sports department about the writing of a column at ext. 478.

\*\*\*

## NEWS BRIEFS

State Auditor Thomas E. Ferguson proposed today that names and Social Security numbers from state income tax returns be used in a fraud investigation of the state welfare program.

"Our use of the names of persons contributing to the state's public employee retirement systems in conjunction with the Aid to Dependent Children recipient rolls in the 88 counties has proven to be highly successful," Ferguson said.

"Our welfare investigations section issued findings for recovery totaling \$1,648,903 against 6655 persons found to be receiving illegal welfare payments at the same time they were drawing wages and salaries from public employers."

Honda Motor Company, Ltd. and the State Government of Ohio have reached agreement clearing the way for the Japanese firm's selection of Ohio as the site for a motorcycle assembly plant.

Plans for the project were finalized when Honda Executive Vice President Kihachiro Kawashima met last week with Governor James A. Rhodes in Columbus.

Kawashima said, "We have obtained an option to purchase 217 acres of privately owned land in Union County, Ohio, adjacent to the eastern boundary of the Ohio Transportation Research Center for our initial production facility." Construction on the plant, which is expected to cost \$25 million, will begin soon after the first of the year.

The Honda executives said the plant to be located near Marysville, will be designed to manufacture 60,000 motorcycles annually on a single shift basis, and will employ up to 500 persons in its initial stage.

## Homecoming

(Cont. from page 7)

by "Rainbow".

Refreshments will be B.Y.O.B. Set ups will be \$1.00 and a cash bar will also be available.

The dance is co-sponsored by the 1977 Homecoming Committee and Student Government. Admission is free and open to all YSU students, faculty, staff and alumni.

The dance will conclude the Homecoming festivities for 1977.

**YSU vs. Dayton**

**Abandoned mines**  
Mrs. Ann Harris, geology, will speak on "Abandoned Coal Mines in the Youngstown Area" at 3 p.m. Wednesday in Room 236, Kilcawley Center. This talk, which deals with Harris' work this past summer, is being sponsored by the YSU Chapter of Sigma Xi and is open to the public.

### Concert

A concert by the contemporary ensemble of YSU's Dana School of Music will be presented at 8 p.m. Wednesday in the Bliss Hall recital hall.

Director of the ensemble is John T. Turk. To be featured are the works of Lazorof, Cage, Berio and Crumb.

A senior clarinet recital by Deborah DeSteven, student of Joseph E. Lapinski, music, will be presented at 8 p.m. Friday also in the Bliss recital hall.

Both concerts are part of the Dana Concert Series. They are free and open to the public.

## Alsop delivers entertaining show; style reflects current social issues

by Lisa Rossman

Peter Alsop's versatility as a performer and musician was demonstrated last Saturday evening. Those attending KCPB's first Mini-Concert of the year were completely captivated by this multi-talented performer.

Alsop's unique sense of humor and musical ability complimented his performance along with the variety of instruments used throughout the concert. His proficiency was displayed as he entertained the audience with his guitar-kazoo-harmonica-playing folk style.

The singer-guitarist's sang various numbers from his two albums. Among the songs that exhibited the serious and emotional side of Alsop were,

"Let the Woman In You Come Through," "Good Time," and "The One About The Bird In The Cage." He explained that he wrote some of the songs just to express his personal feelings and not necessarily directed for audience approval. The audience could not help but respond.

The majority of Alsop's performance contained novelty numbers that kept the audience laughing and clapping throughout. Also, the song "Garbage" sought audience participation and was well accepted.

Alsop said that his style reflects many of the social issues confronting us today and enables one to laugh at them through the use of wit,

satirical barter, and puns, adding that his music brings out the fact that society does have to contend with the issues of pollution, homosexuality, and the changing roles of men and women. Relating to how colleges can prepare students, Alsop believes the knowledge attained through textbooks can not compare to actual experience and involvement in the outside world.

Alsop has played with such notables at Pete Seeger, Arlo Guthrie, David Steinberg, Dr. Hook, Odette, and many others. Both his first album, *Peter Alsop* and his newly released second album *Asleep At The Helm* are available in local record stores.

## Coffelt and Glaros to battle in ping pong game Oct. 19

George Glaros, President of Student Government, is challenging Dr. John Coffelt, President of YSU to a ping pong duel as part of the Homecoming Weekend. The duel will take place at high noon Wednesday, Oct. 19 in the Chestnut Room in Kilcawley Center.

Phil Hirsch, Director of Kilcawley Center, will serve as announcer and referee. For the duel, Dr. Coffelt and Glaros will be accompanied by their seconds, who will provide assistance and moral support. Dr. Charles McBriarty, Dean of

Student Affairs, and Linda Schjactovic, Vice President of Student Government, will serve as seconds to Coffelt and Glaros, respectively. There will be three trumpeters and a drummer from the YSU's Marching Band providing introductory music.

The winner of the duel will be the one who wins two out of three ping pong games. Each game will be played to 21 points.

At the conclusion of the Coffelt-Glaros Duel, the hot air balloon will lift off.

## Steve McClure appointed as news bureau director

The appointment of Steve McClure, as news bureau director in the University Relations Office, has been announced by President Dr. John J. Coffelt.

The 32 year old McClure, comes from Florida, where he was employed as news director at radio station WGUL AM & FM in New Port Richey for the last four years. Prior to that, he held a radio news and sports directors position in Rushville, Indiana.

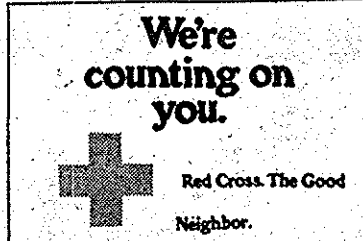

A native of Indianapolis, McClure graduated from Ball State University in Muncie, Indiana in 1971 with a Bachelor of Science degree in radio and television. While at the university he worked in the Radio and TV news bureau and acted as football, basketball and baseball play-by-play sports broadcaster.

The latest edition to the Uni-

versity news bureau, has been recognized by his broadcast peers, receiving awards for quantitative and qualitative news contributions to United Press International and Associated Press Wire Services. McClure's news staff at WGUL in Florida, was judged the overall best in radio for the year, 1976. He was also named to the Florida Associated Press Broadcasters Board of Directors this past spring.

McClure is a member of the Radio and Television News Directors Association and was past secretary to a youth counseling center, West Pasco Operation Par (Parental Awareness and Responsibility).

Before completing his college education, McClure served as a communications specialist in the U.S. Air Force.
