---

After a nation-wide search beginning in May and with the help of the YSU community, a five-person committee unanimously named Gary Sexton director of WYSU-FM.

Sexton was the associate director of the station from 1993 until February when he was appointed to interim director after the death of the former director, Robert Peterson.

"Gary met all of the qualifications both academically and in his experience," said Floyd Jackson, director, office of the Executive Vice President and chair of the committee that hired Sexton.

"There were three people interested in the position. Some had broadcasting experience but not with classical music. Gary has the experience we need in university radio."
