leon 1981 Youngstown State University Youngstown, Ohio Volume 51

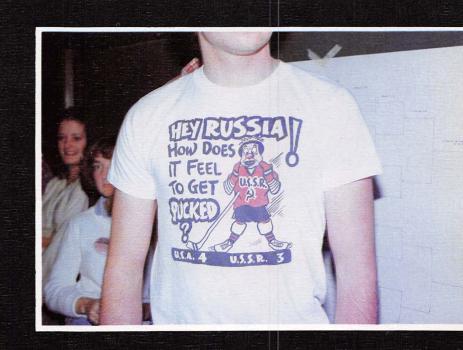

Welcome. You have just confirmed yourself as a member

of one of the most exclusive minorities in the world

someone who actually reads the yearbook. Since your

## usual run- of- the- mill color opening copy

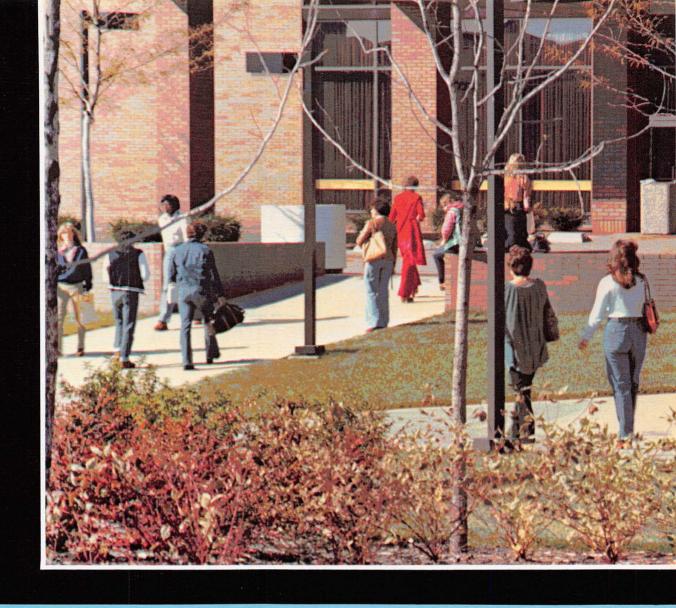

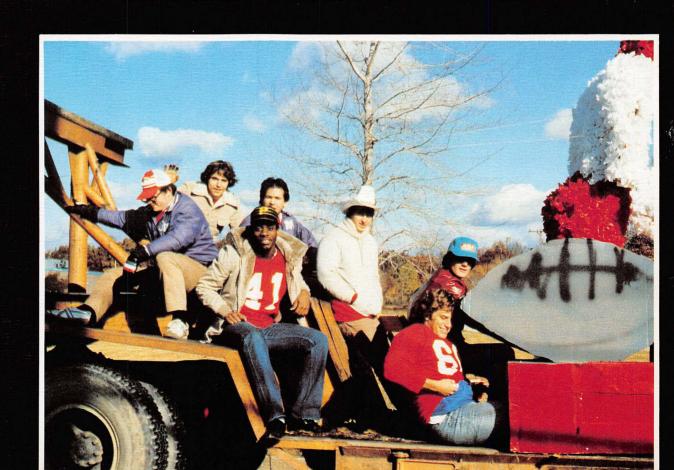

6/Opening is found to be dry and often esoteric, we will neither

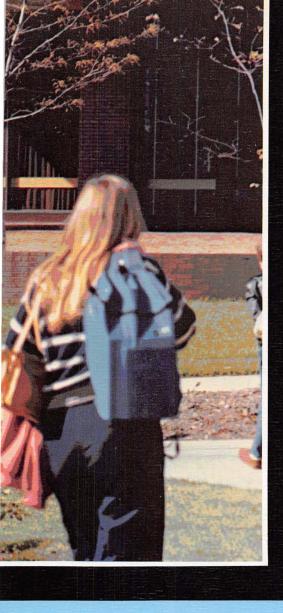

disappoint nor shock you in the paragraphs to

follow. The common rhetoric found in most annuals

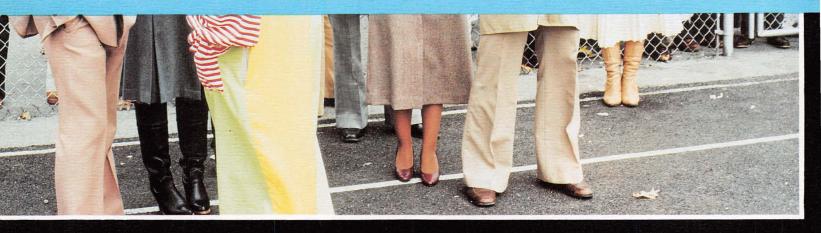

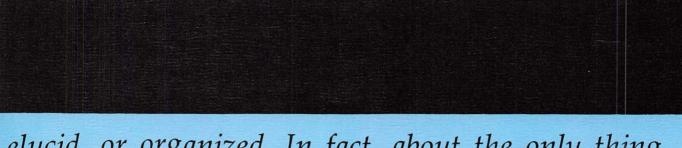

is meant to be neither controversial, informative,

nor popular. Nor is it meant to be interesting,

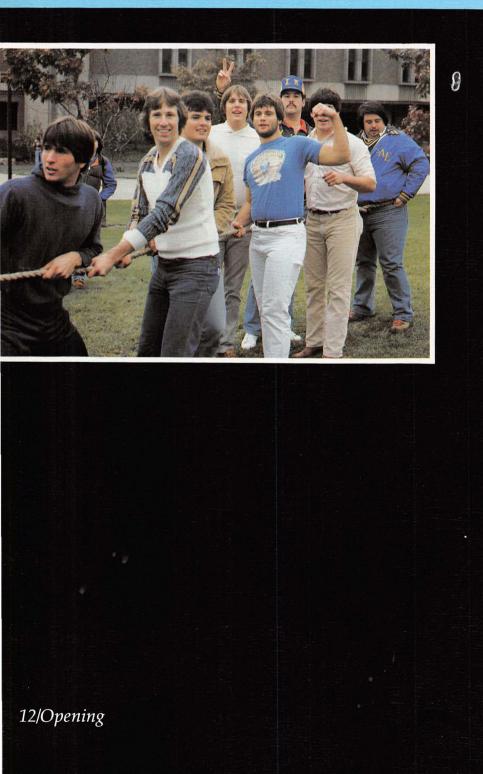

elucid, or organized. In fact, about the only thing

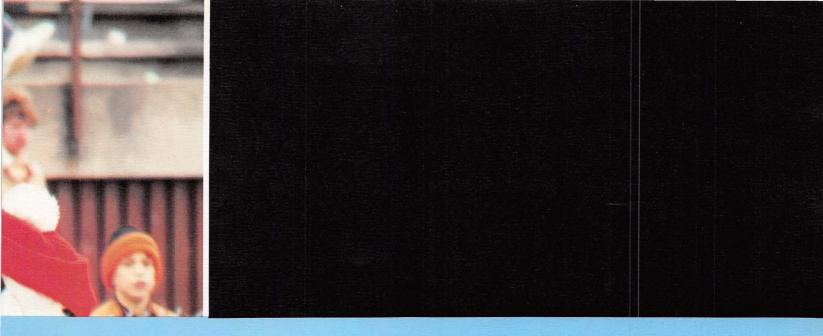

it is meant to be is immortal. Not only the copy,

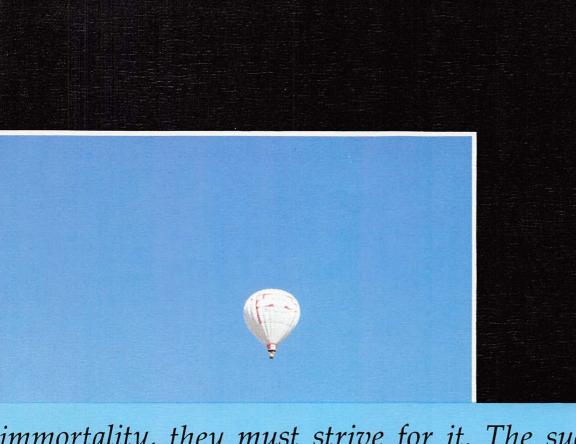

but also the content of the yearbook works to be

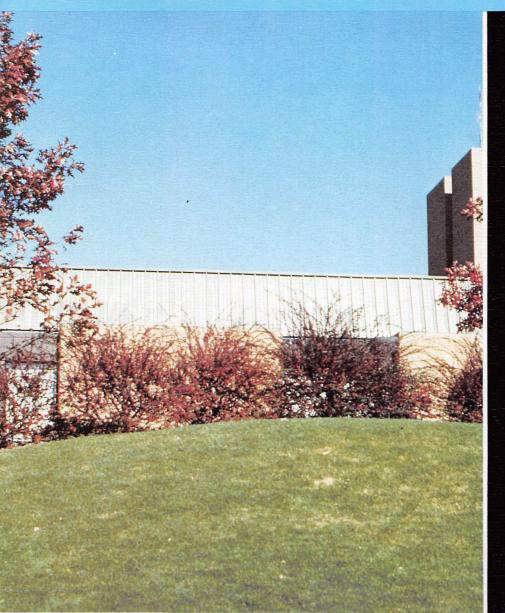

immortal. Though many yearbooks do not attain

immortality, they must strive for it. The success of

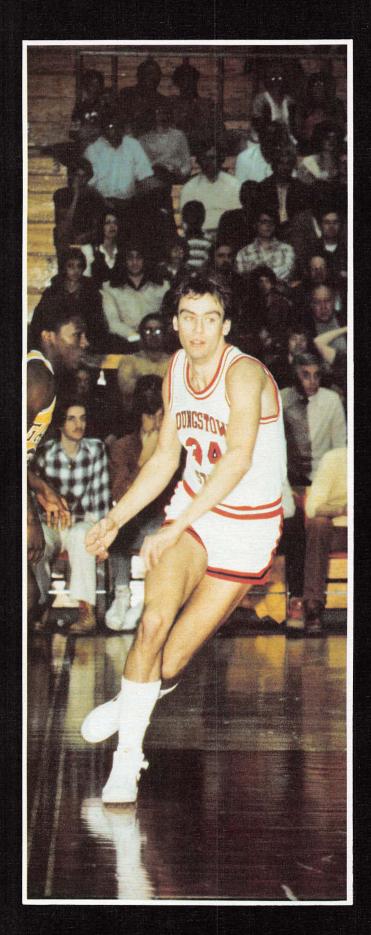

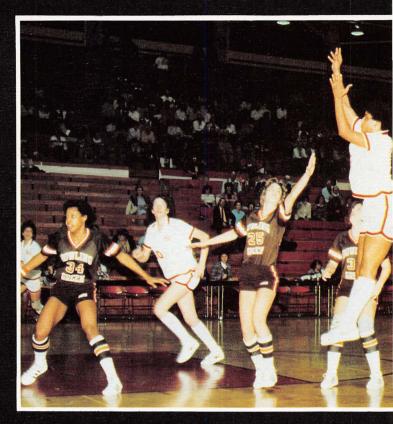

immortality might appear an impossible goal and be

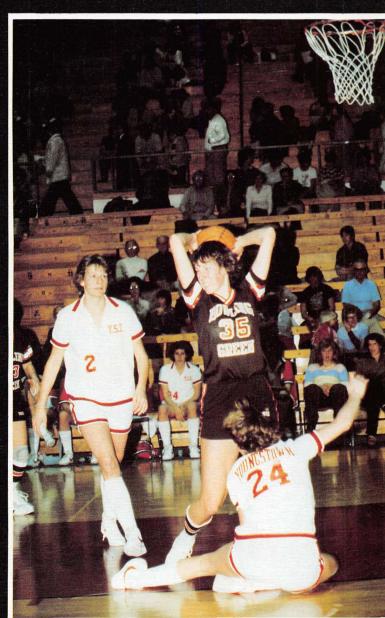

reserved only to the works of Homer, Shakespeare, Opening/17

# Faulkner and other such distinguished authors. Only

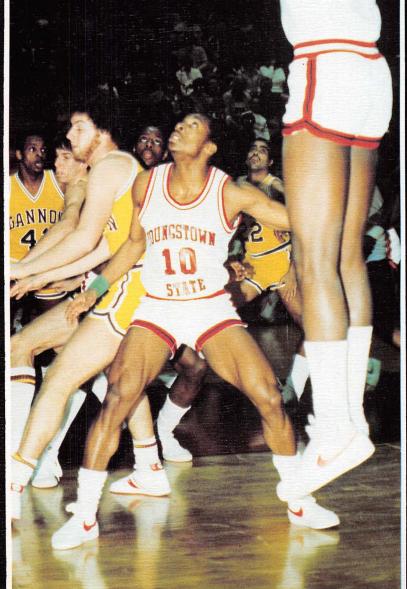

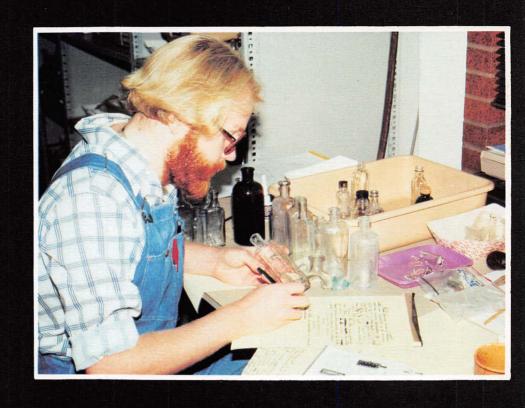

### through their wisdom and insight were they able to

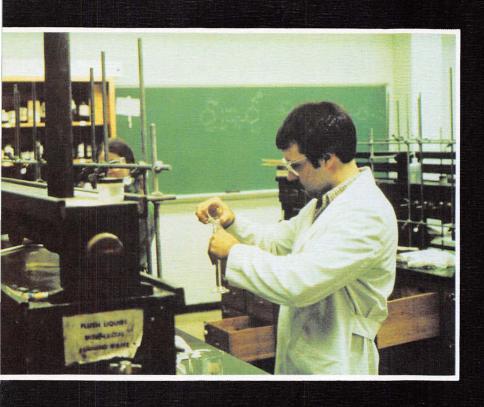

achieve immortality. Fortunately for the staff of

this yearbook, those qualities prerequisite to the

production of an immortal piece need not be present

at such an extensive level. Though it was necessary

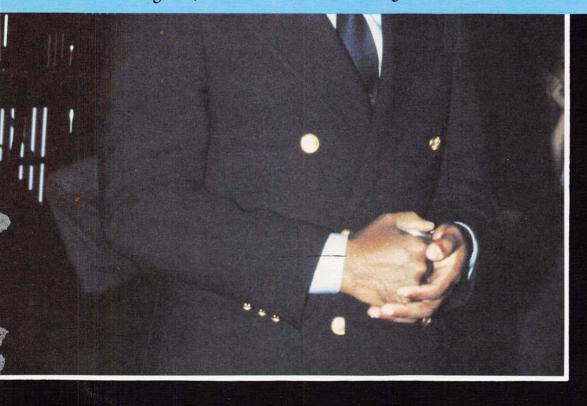

for those great authors to open their writings to

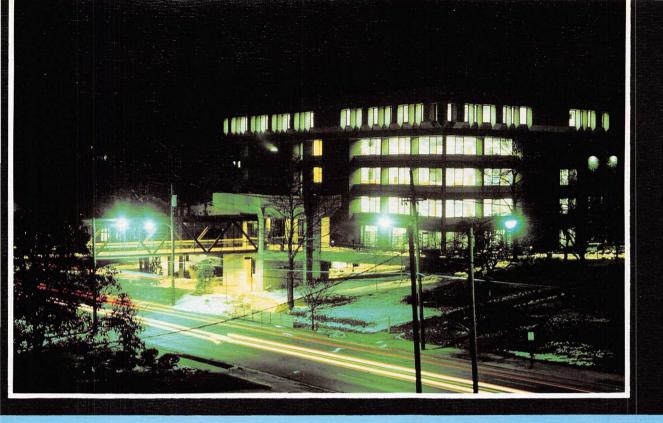

the scrutiny of the world, a yearbook need be immortal

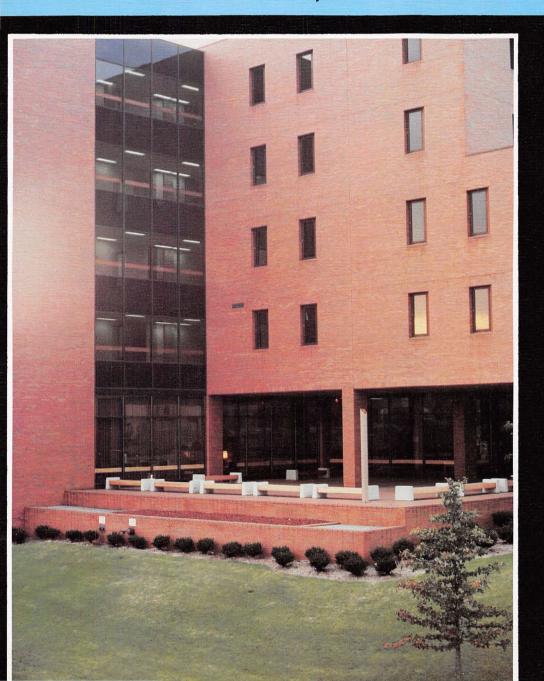

only to a single individual. The reader. It is with

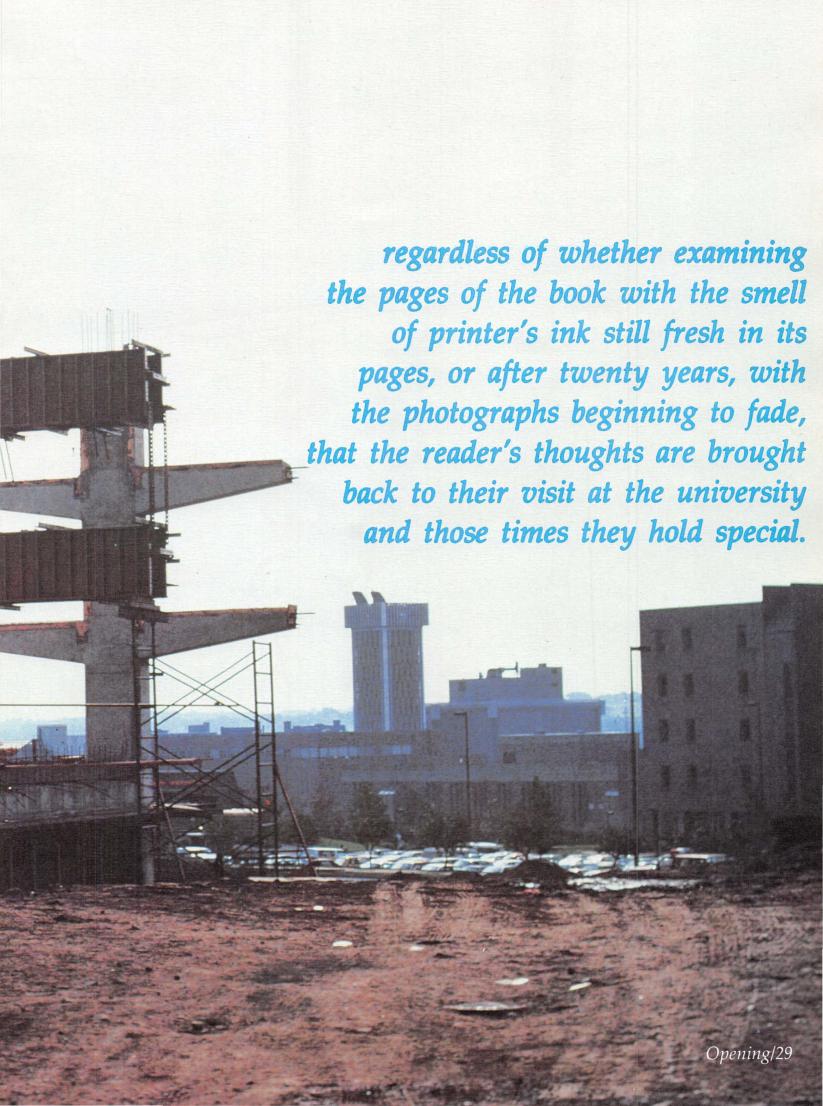

sincere interest and hopes that as the reader

inspects the pages of this edition of the NEON,

### YOUNGSTOWN STATE UNIVERSITY

YOUNGSTOWN, OHIO 44555

April 13, 1981

To the YSU Students:

A number of years ago, a best selling novel was written which later became a motion picture entitled "Quo Vadis". The book's theme was centered around a person's quest for his future in which he questioned the direction his life should take. Like the character in this book one need only read the newspapers, listen to the radio or watch television to conclude that now, as never before, our university must also search for its direction and future because of the financial upheavals and technological innovations of the times.

During your enrollment at Youngstown State, an institutional-wide commitment for expanded academic programs and social activities was made and supported by the efforts of the Board of Trustees, the faculty and administration. The pages in this volume of the NEON visually depicts the plethora of activities and opportunities that surrounded your academic life at YSU and which were made possible by their actions. Now, there are financial challenges being encountered by the University which may affect the progress achieved during the past two decades.

The one thing that is clear is the urgency for the University to face the critical issues, to confront them in a timely and proper manner. Accordingly, I believe we must work together for solutions to the financial difficulties that will face the University in the years ahead.

Sincerely,

Highlighting one of the YSU golf team's most successful seasons was a second-place finish in the Mid-Continent Conference Championship at the Mount Union Tournament.

Leading the Penguins efforts in the 1980 campaign were golfers Don Dean, Rick Jones, and Mike Kowalczyk who received medalist honors three times each. Another top performer, Ron Sedlacko, captured medal honors twice.

In addition to the second-place finish in the MCC championship, the Penguins also finished with second place ratings in the Ashland Invitational as well as their own YSU Spring Invitational.

### Soccer

Although the YSU soccer team still had yet to prove its success in its win-loss margin, 1980 noted extensive improvement for the booters in both team and individual efforts.

Despite the fact that Coach George Hunter's team was plagued with injuries throughout the season, a number of dependable players surfaced. Leading scorer for the Penguins was Paul Fuhr, followed closely by Frank Sikich. Other consistently good performers included Esteban Batori, Darryl Chaplin, Rick Fee, Hassan Makki, Bill Oakley, Joe Perotta and Dave Pfeiffer.

## **SWIMMING**

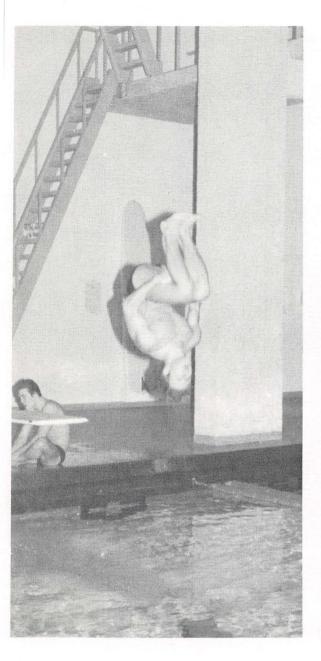

The Penguin swim team suffered a winless 1981 season, with only two YSU swimmers, Greg Hetson and Tim Hilk, qualifying for the NCAA Division II National meet, which was hosted for the second year in a row by the Penguins.

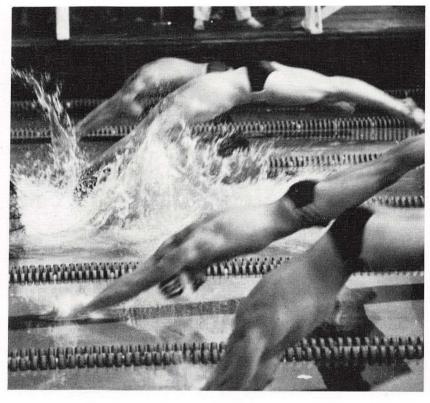

Hetson, a freshman, qualified as an All-American by placing second in the Nationals in the 50 yd. freestyle event, while Hilk failed to place in the national competition.

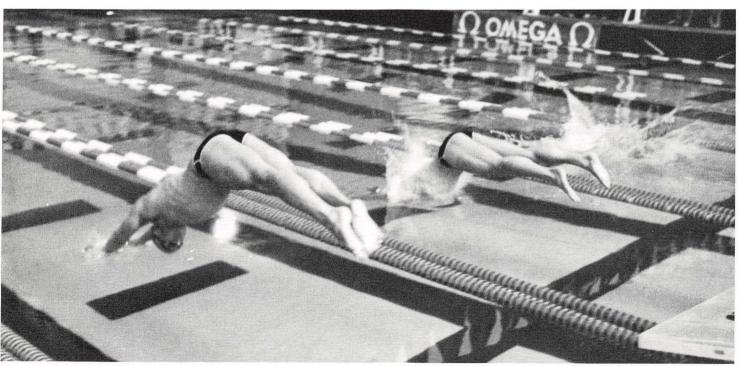

A number of factors were responsible for the team's shortcomings during the season. In addition to having a slow recruiting year, Coach Tucker DiEdwardo faced the loss of eleven swimmers from the 1980 team. Two first-year swimmers were also termed ineligible. By the end of the season, only eight swimmers remained on the team.

# **GYMNASTICS**

In gymnastics, the Penguins marked 1981 as a year of improvement as the highest score ever marked by a YSU women's gymnastic team, a 123, was achieved. The team, under the direction of second-year coach Pam Catheline and newly appointed assistant coach Jim Bencin, also finished third in regional competition.

The highlight of the season, however, was the qualifying of Mari Anne Sefcik, a sophomore, and Linda Besette, a freshman, for national competition, held at William and Mary University, Williamsburg, Virginia, in late March. This marked the first time YSU sent any of its women athletes to a national meet. Although neither Sefcik nor Besette placed in the competition, both will be returning to the 1982 team to assist in a rebuilding year.

This year's team had five graduating seniors: Baba Ford, Mary Komara, Jill Lonsinger, and Lisa Labazon, all four-year veterans, along with Sandy Bokros, a first year team member.

KNEELING (I to R): Sharon Woodward, Cindy DiDomenico, Barb Nick, Vicki Lawrence, Shirley Barnett, Karla Christopher and Louise Cooper. STANDING (L to R): Joyce Ramsey (Head Coach), Denise Schwab, Wanda Grant, Evelyn Rohland, Holly Seimetz, Cindy Packman Jackson, Melissa Kerner, and Janet Miller.

### Women's Basketball

Under the guidance of Coach Joyce Ramsey, the female Penguin cagers finished their 1980-81 season with one of the best records in the history of women's athletics at YSU.

Despite the outstanding record, the team ended its successful season on a disappointing note as the Penguins lost their game against Kent State University in the opening round of state championships held in Toledo.

Leading the lady cagers in their efforts in the 80-81 campaign was senior Wanda Grant, who completed her YSU cage career with the distinction of being the all-time leading scorer and rebounder for women's basketball in the school's history. In her four years, Grant garnered 1,829 points and 1, 178 rebounds.

In her last season, Grant, who was leading scorer for the Penguins in all but two games, marked her best year with 710 total points and an average of 28.6 per game.

Two other top performers were Vicki Lawrence and Holly Seimetz, each of whom placed as a top scorer in a single game apiece during the season.

Lawrence, a senior, suffered a broken leg mid-season but managed to average 12.4 points per game before being sidelined.

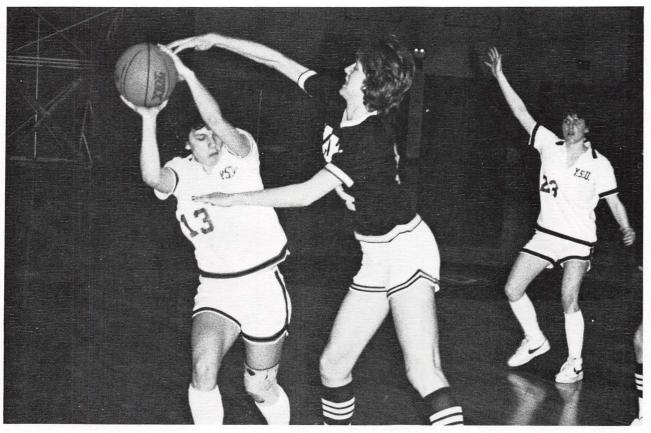

Seimetz, a junior, was a top scorer and rebounder. She will return to assist the team in their 81-82 campaign.

As the seemingly endless hours of work come to an end on the 1980-1981 edition of the NEON it seems appropriate to reflect on the efforts of all parties involved in its production. The staff, paid and volunteer, worked tirelessly on completing the book, the layouts, the design, and the copy. Without the efforts of each of these individuals, the yearbook would still be in the minds of its designers.

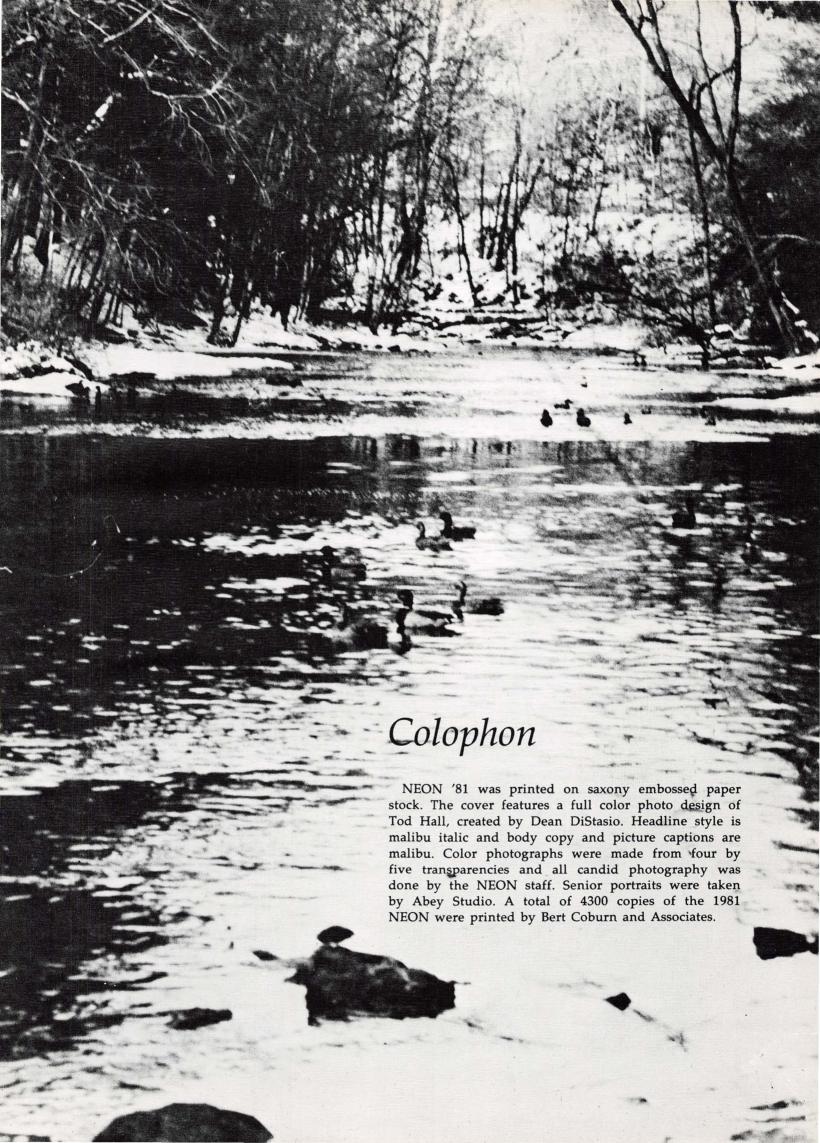

I would especially like to thank Denise Petruzzella for all of her expert, volunteer assistance in assembling the necessary pictures, copy and layouts for the yearbook. There are so many others to thank that the list would be endless and the pile of copy sheets would fill half the yearbook. To all those who I cannot mention and thank individually: "You are not forgotten and my appreciation will never cease."

Finally, to Bert Coburn (publisher, counselor, teacher, and friend), the 1980-1981 edition of the yearbook would truly never been finished without his assistance. The entire NEON staff would like to express their gratitude for all Bert's assistance in the past, and hopefully, all his assistance in the future.

I hope the reader of the yearbook is able to reconstruct the occurrences at YSU over the past year through the pictures and copy in the yearbook. 1980-1981 was an interesting year at YSU, the staff of the NEON tried to be representative of the events, personnel, and students. For those who feel we succeeded, enjoy the yearbook; for those who think we failed, enjoy the yearbook and we will strive harder in the next edition of the NEON.

Patricia McBride
