ACADEMIC SENATE MINUTES

December 7, 1983

CALL TO ORDER

Chairman Larry Esterly called the meeting of the Academic Senate to order after establishing that a quorum was present.

APPROVAL OF MINUTES OF OCTOBER 5, 1983

Minutes were approved as distributed.

Confirmation of Cynthia Peterson to serve as Secretary to the Academic Senate for 1983-84.

Confirmation of William Jenkins to serve as Parliamentarian to the Academic Senate for 1983-84.

REPORT OF CHARTER AND BYLAWS COMMITTEE

William Jenkins reported. Interpretation by committee of Charter provisions to the effect that anyone (student, faculty, administrator) eligible for election to the Academic Senate is eligible for nomination to a seat on the Charter and Bylaws Committee. This interpretation will prevail at the organizational meeting of October 1984. Committee has under consideration a proposal to allow for roll call votes to be taken at meetings of the Academic Senate. Committee also has under consideration proposed revisions of Article Five of the Charter which provides for "challenge" on the part of the President of the University and on the part of a faculty member. Committee is considering a proposal to have questions of admission policy referred to Academic Standards and Events Committee rather than to Student Academic Affairs Committee. Any such change would require rewriting of the respective charges of the two committees. Charter and Bylaws Committee will be reporting to the Senate on these latter questions early in Winter Quarter.

REPORT OF SENATE EXECUTIVE COMMITTEE

Larry Esterly reported. Next Senate meeting, provided an adequate number of agenda items, will be Wednesday, January 11, 1984, 4 p.m., Arts/Sciences Auditorium. This date represents a change from the first Wednesday of the month to the second, in the interest of securing a quorum. Other Winter Quarter meetings will be scheduled on the first Wednesday. SEC has taken due note of a letter from Dr. Thomas Shipka, President, YSU-OEA, to Larry Esterly, Chairman, Academic Senate, and dated September 2, 1983, in which Shipka designates Dr. Lauren Schroeder to serve as YSU-OEA liaison person with the Academic Senate.

Senate Minutes
December 7, 1983

Report by Dr. George Beelen, YSU representative on the Faculty Advisory Committee to the Chancellor of the Ohio Board of Regents. (See attached report.)

REPORT OF ELECTIONS AND BALLOTING COMMITTEE

No report given.

REPORT OF CURRICULUM DIVISION, ACADEMIC PROGRAMS AND CURRICULUM COMMITTEE

L. Allen Viehmeyer reported. Approval of curriculum proposals, 84-1, 84-3, 84-4, and 84-7. (Agenda item: 823-28)

REPORT OF AD HOC COMMITTEE ON UNCONDITIONAL ADMISSION POLICY

Report by Bernard J. Yozwiak. Approval of both motions offered by Dean Yozwiak. (Agenda item: 823-29)

REPORT OF ACADEMIC STANDARDS AND EVENTS COMMITTEE

Informational report by Peter Von Ostwalden. "Core curriculum" report to be brought to Senate by committee during Winter Quarter, probably at the March meeting of the Academic Senate. See attached report.

REPORT OF ACADEMIC PROGRAMS AND CURRICULUM COMMITTEE

Informational report by Duane Rost. Committee reminds schools/colleges and departments that curriculum proposals, if adopted and if to appear on the inventory, must clear Senate no later than the May meeting, and that, in terms of "process" time, such proposals must be to Curriculum Division no later than Wednesday 21 March 1984.

UNFINISHED BUSINESS

NEW BUSINESS

Motion by Lowell Satre as follows:

That the Athletic Director and the Administration take every necessary step to insure that no regularly scheduled athletic events, including holiday tournaments but not including post-season games, be held during final examination week. This also means that student-athletes are to miss no part of examination week due to travel for an athletic event. This motion, if adopted by this body, is to be forwarded by the chairperson of the Senate to the Athletic Director, the Head Coaches, the President of the University, and the Members of the Board of Trustees.

Motion seconded, and following discussion, MOTION CARRIED.

MEETING ADJOURNED

Report to ACADEMIC SENATE, December 7, 1983 Meeting:

Academic Standards & Events Committee

P.W. von Ostwalden, Chairman

The Committee consists of 13 members (9 faculty, one of which is ex-officio/Prof. Rost, Chm. of Acad. Program & Curr. Committee/2 administrators, and 2 students) and has 1 student secretary.

We meet weekly (except in weeks with Senate meetings) for at least 1-1½ hours.

The major project before the Committee is the old problem of "Minimum General Requirements for Graduation" at YSU. (The Committee intends to address other projects only after the conclusion of this main project.)

The complex problem of Gen. Grad. Requirements has been worked on by this and other committees for several years. Its history has been eloquently presented to the Senate and, separately, to our Committee by Prof. Gould. He was the chairman of the "Ad Hoc Committee on General Requirements." Their efforts were summarized in a memo of June 2, 1981, commonly known as the "Gould Report."

Subsequently, our committee under the chairmanship of Prof. Joan DiGiulio continued work on the problem during 1981/82. At the occasion of a report on the project to the Senate, some senate members felt that a broader input and hearings from all segments of the University were needed to address the problem properly.

Accordingly, during the past academic year under the chairmanship of Prof. Hugh Earnhart, extensive hearings of faculty, chairmen, and most deans were held. On May 26, 1983, a majority of the Committee voted for a proposal which forms the basis of our present considerations. The details of this proposal will be presented to the Senate at a later time since they are still under debate.

-2-

At our 2nd meeting (Oct. 12) I gave a draft of a comparison table of the present YSU requirements and the proposed requirements to our committee members which was strictly meant for internal use. While the table is not secret, it certainly is not as yet part of our official proposal.

At present, the Committee works on the formulation of a rationale for its proposal. As suitable starting point, we began to rewrite the present area requirements for graduation (YSU 1983/84 Bulletin, p.41). The rewriting is almost (80-90%) completed.

As for the presentation of our new proposal to the Senate, we plan to proceed as follows:

After the rationale has been formulated (presumably in the course of the Winter Quarter), we will distribute copies of the proposal, the rationale, and the rewritten area requirements to all Senate members. All members will have a chance to consider the material prior to a formal meeting of the Senate. At that time, a motion will be made to adopt the proposal.

P.W.v.O.

FACULTY ADVISORY COMMITTEE (FAC) TO CHANCELLOR OF
BOARD OF REGENTS

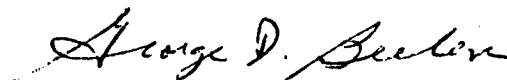

Meetings of October 24 & November 22, 1984

Two meetings of the Faculty Advisory Committee were held since the last YSU Senate meeting. Among the most significant items discussed were the following:

- The resignation of Edward Moulton as Chancellor, the formation of a Search Committee for a replacement and the appointment of William Coulter as Acting Chancellor.
- The status of State Issues 2 and 3 before election and implications since defeat of issues
- The status of Ohio's attempts to promote excellence in higher education with such programs as Eminent Scholar, Program Excellence, and the Thomas A. Edison Partnership (higher education and business).
- Possible speakers for FAC, including Governor Celeste, Duane Rogers of OBOR, Mr. Zimmerman of STRS, and Pat Skinner (Program Excellence, chairperson)

For specific details regarding the above, please see the attached "Official Minutes" of FAC. The next regularly scheduled meeting is set for January 18, 1984. Let me know your suggestions or questions that you wish for me to convey to FAC.

Respectfully submitted,

George D. Beelen

Minutes of the Meeting of October 24, 1983.

Chair Laushey called the meeting to order with the following members present: J. Armstrong, G. Beelen, R. Boyer, C. Budd, J. Coady, P. Falkenstein, E. Fankell-Hauser, S. Givens, E. Harder, J. Jacob, P. Jastram, R. Johnson, J. Kosan, L. Laushey, B. Leidner, P. Lootons, T. Lower, G. Makar, L. Moore, H. Munro, R. Niedzielski, G. Rothman, P. Scott, and T. Valvoda.

Minutes The Minutes of the meeting of September 22, 1983 were approved as circulated. However, it should be clarified that the figures about enrollments were not based on the final fourteenth day figures used by OBOR.

MORNING SESSION

FAC Business A number of matters of business were handled during the morning session. They included:

- 1) Approval of a motion made by Valvoda and seconded by Leidner to delay the election of officers until the November meeting.
- 2) An announcement that despite the departure of CM, FAC will meet as scheduled on November 22nd.
- 3) An announcement that Mark Sherouse has resigned from OBOR to accept a position as Assistant to the President at Southern Methodist University.
- 4) Agreement on two future agenda items. The first that a person from STRS be invited to attend a morning session to discuss the implications for higher education of H.B. 410, and second that one or more members of the Search Committee for a new Chancellor be invited to meet with FAC in November or a later meeting. The latter suggestion was approved by passage of a motion made by Leidner and seconded by Niedzielski.

Acting Chancellor Coulter (ACC) visited briefly with FAC. He expressed his desire to continue working closely with FAC. He informed the committee that he was not a candidate for the Chancellor's position, but would work diligently to perform the functions of the office.

Chancellor Search ACC said that a Search Committee has been formed composed of three members of OBOR. The committee members are C. William Swank (Chair), N. Victor Goodman, and Helen H. James. He stated that he was sure that Richard L. Krabach, Chair of OBOR, would work closely with the committee. A job description has been drawn up and the position has been advertised nationally. Additionally, the committee has met with Governor Celeste who supported their efforts to find a strong person for the position and agreed to meet personally with any of the serious candidates.

Miscellany Two items of interest were passed on to FAC. The situation of financing at the OSU-Marion Regional Campus is still unresolved, but is now in the hands of the OSU administration. The debate centers around the use by OSU officials of the OBOR Guidelines for fiscal distribution as binding law. Miami supplied the group with information about the STRS/H.B. 410 provisions. It became clear from the discussion that there were varying interpretations concerning its application.

AFTERNOON SESSION

Luncheon FAC hosted a lunch for CM at the University Club. Following the meal several presentations were made. Secretary Givens presented a certificate commending him for his service. Chair Emeritus Boyer, after a few humorous (?) comments, gave him a handsome pictorial book on Great Britain inscribed with the signatures of the FAC members, and a travel clock. Counselor Jastram made several apt remarks about the career and character of CM. The tributes concluded with Chair Laushey thanking CM and wishing him well.

Remarks by CM CM thanked FAC for its openness with him. He said that it was the primary that he had as Chancellor that kept him in touch with faculty. He reviewed his years in academia and what they had meant to him and his family.

CM discussed at some length the future of higher education and urged the members of FAC to continue to show leadership in their respective schools. He opined that the next few years were going to be difficult, but that the fight was worth it. He reminded everyone that education is the fabric of civilization and will survive. The issue is, he asserted, what its nature would be. He concluded that educators must become assertive advocates of the value of education to society.

Kent-Akron Merger CM explained the development of the merger story. In an interview with the Akron Beacon-Journal when asked about the idea of an Akron-Kent merger had replied that it was not desirable. He added, however, that cooperation/merger between Kent and Cleveland State, especially at the graduate level, did make sense, and that it should be seriously looked at by the two schools. This led to the headline that he advocated merger.

Dependent Fee Waiver CM in response to a question about legislative interest in dependent fee waivers stated that each institutional president has been asked to supply precise figures on the cost of their respective programs. This has resulted from a request from a state senator. CM asserted that the OBOR stance on this matter is that such waivers are an integral part of institutional fringe benefit packages.

Issues 2 and 3 CM said that opinions are split on the possible outcome of the vote on the two ballot issues. It is clear that the yes margin has eroded, but whether enough is not clear. He expressed his regret at the fact that some politicians have begun to politicize the issues.

The next meeting of FAC will be on Tuesday, November 22 with the morning session beginning at 10:30 a.m. and the afternoon one at 1:15 p.m. Both will occur in the OBOR Conference Room

Respectfully submitted,

Minutes of the Meeting of November 22, 1983.

Chair Laushey called the meeting to order with the following members present: J. Armstrong, G. Beelen, R. Boyer, P. Falkenstein, S. Givens, E. Harden, J. Jacob, R. Johnson, K. Kalinos, J. Kosan, L. Laushey, B. Leidner, P. Lootens, G. Makar, J. McCorquodale, H. Munro, G. Rothman, P. Scott, and T. Valvoda.

MORNING SESSION

Minutes The Minutes of the meeting of October 24, 1983 were approved as circulated.

Election of Officers A slate of officers was presented by R. Boyer. The slate was L. Laushey for Chair, P. Falkenstein for Vice Chair, and S. Givens for Secretary. The floor was then opened for nominations with the following being made: J. Jacob for Chair and B. Leidner for Vice Chair. Following a keen exchange of views concerning the procedure and its wisdom, secret ballots were cast with the following results: Chair - J. Jacob; Vice Chair - P. Falkenstein; and, Secretary - S. Givens.

Immediately following the election J. Jacob assumed the Chair. He expressed his appreciation for the honor and moved that FAC publicly thank L. Laushey for his service as Chair. The motion was unanimously seconded by the whole committee.

Future Agenda FAC discussed possible individuals who might appear during morning sessions and the topics that they might discuss. The following possibilities were agreed upon:

- 1) That the Governor be asked to come to discuss the role of higher education in Ohio. The date for the visit, if the invitation is accepted, will be that set by the Governor.
- 2) Duane Rogers to come in January, if possible, to explain the Information Reporting System.
- 3) Mr. Zimmerman of STRS to appear in February to discuss various phases of the state retirement system including the plan found in H.B. 410.
- 4) Pat Skinner to come sometime during the Spring to update FAC on the Program of Excellence.

FAC also discussed a possible meeting with the Chancellor Search Committee or some members of the group. A letter written by L. Laushey to Acting Chancellor Coulter asking him to express this interest to the Search Committee was circulated to the group. The reaction of FAC was most positive to the proposal and a willingness to meet whenever convenient was expressed.

H.B. 410 B. Leidner cautioned those schools who have collective bargaining about allowing H.B. 410 to become a bargaining item. The problem, he felt, was that 410 only affected a few and if put into a bargaining package might be at the expense of some other fringe benefit which probably benefitted many more.

AFTERNOON SESSION

Post-SET Period ACC characterized the post-SET period as one initially of elation succeeded by a muted reaction. He quoted the governor as saying that the election outcome was "not a vote to spend." He added that state legislators were concerned about a rising surplus and favor some type of capping of it. The availability of funds has allowed capital improvements projects to be renewed.

Selective Financing In the light of the funding by the legislature of selective programs for the current biennium, ACC asked FAC for its reaction. The programs are the Eminent Scholar, Program Excellence, and the Thomas A. Edison Partnership. In each case only a select number of schools or programs will be awarded money. He hopes that FAC will provide feedback on the reactions of faculty.

H. Munro suggested that OBOR give thought to a program which would aid schools to improve/enhance programs that have suffered because of the recent fiscal cutbacks. ACC recognized that there is a problem when only programs that are already successful are those that are given special support. He added that real evaluation of the new programs will be an extended process, but that with the announcements in the Spring of the biennial awards there will be a political evaluation.

- Role of
FAC
- Two requests submitted to ACC led to prolonged discussion. The two requests were those for a meeting with the Chancellor Search Committee and for one with Governor Celeste. ACC felt that both requests expanded the role of the committee from that of an advisory group to the Chancellor. Various members of FAC plead the position of FAC which is one, not of intrusion but of learning and sharing. The example of the time spent with Representatives Christman and Sweeney were cited to demonstrate both the precedent and the informational nature of the contact. ACC did agree to forward the letter from FAC to the Search Committee and asked Chair Jacob to write him a similar letter concerning a possible meeting with the Governor. He did continue to indicate, however, his reservations about the process.
- 2/4 Year
Articulation
- The question of articulation between two year and four year schools in the arts requirements was raised anew with ACC. He pointed out that there were two possible separate issues involved - that of course transfer and that of blanket arts acceptance. He stated that he would pursue the matter and raise it with the two and four year college presidents.
- Respiratory
Therapy
Program
- Boyer reintroduced the question of the Respiratory Therapy Program approved for the Firelands Campus of Bowling Green. ACC responded that the program had been approved by OBOR although it appears that BGSU had not asked for voluntary clearance from CHINO which OBOR prefers to have done. He admitted that it was a program that might have slipped through the cracks.
- Credit For
Life Experience
- ACC was asked about the program for Credit for Life Experience. He stated that a state statute allows an institution to give academic credit for life experience. The normal pattern is for an individual to develop a life experience portfolio which is then submitted for review and evaluation. OBOR holds that if credit is granted it should be related to a specific course(s). He added that Sinclair has been active in the development and use of this approach.

Next meeting of FAC will be on Wednesday, January 18, 1984 unless a special meeting is called. The January meeting will convene for the morning session at 10:30 a.m. and the afternoon at 1:15 p.m. Both meetings will be in the OBOR Conference Room.

SUBJECT: Revised Listing of Committee Assignments, 1982-83

The attached provides a complete listing of faculty, student, and administration membership on Senate Elected Committees, Senate Chartered Committees, and Presidential Appointed Boards and Committees (where recommendations for faculty representation are secured from the Senate Executive Committee). Names of chairmen, with Department identifications and telephone numbers, are given special emphasis.

It is hoped that this listing will be of particular use to those members of the YSU community who wish to contact a committee or board relative to a perceived problem or concern.

A Special Note:

My apologies to those who received the first edition of this list. Inadvertently a copy of the uncorrected rough draft was delivered to Central Service for distribution. What a horror! Not in the annals of western man have such exotic renderings of respective surnames been committed to the printed page. I trust that this edition is largely (but not entirely, I am sure) free of error, and that this edition will take the place in your files of the more "entertaining" copy of 2 December.
