# YOUNGSTOWN STATE UNIVERSITY

YOUNGSTOWN, OHIO 44603

April, 1972

To: Members of the Senate

The annual Honors Day ceremony will be held on Tuesday, May 16 at 8 P.M. in Beeghly Center. All senate members are requested to attend in cap and gown. If you do not own your own regalia perhaps it will be possible to borrow it; otherwise please find a replacement in your department. Senate members kindly line up in the north lobby by 7:45 P.M. You may use the west corridor from Spring Street entrance to north lobby.

The speaker will be Dr. Margaret Pfau, Professor of English. The top 1% of students in each class in six schools of the University will receive certificates and other significant academic awards will be presented.

Following the program there will be a reception for all faculty, students and their invited guests in Kilcawley Student Center which you are cordially invited to attend. Your presence at this entire function indicates to our outstanding students that academic achievement is important to all of us.

Sincerely yours,

Edith G. Painter  
Chairman, Honors Day Committee

REPORT  
OF  
AD HOC COMMITTEE ON PASS/FAIL

Youngstown State University presently has nontraditional grades in such areas as proficiency **requirements** in **Communications** for certain **types** of students, proficiency requirements in foreign **languages** for certain majors, and an English proficiency is a **degree requirement** for a certain baccalaureate degree. The policy of credit by examination **must be** considered as a nontraditional grade.

The Ad Hoc Committee on Pass/Fail **recommends** the expansion of nontraditional grades to other areas. The nontraditional grades **will allow** students at Youngstown State University to have **the** opportunity to explore other academic areas without incurring **academic** penalty. **Nontraditional** grades can **be** used in those courses at Youngstown State University in **which two** or more instructors are involved in the evaluation of a student's performance. **Non-**traditional grades can be used in those courses in which an acceptable level of proficiency is graded **A or B**. Finally, it **will** insure that all students at Youngstown State University may have available to them courses that they can **take** for a nontraditional grade rather than for the traditional grades of **A, B, C, D, or F**.

In order to preserve the academic standards and **traditions** of Youngstown State University, to prevent the loss of accreditation of any of the various **programs of study** at Youngstown State University, and to prevent the student **from** jeopardizing his chances of **meeting** the **minimum** graduating requirements of the university and his **program**, the **following** nontraditional grade **policy** is **moved**:

**Motion:** That the University Senate **recommend** to the President and the board of trustees that the **following** nontraditional grade **policy** be **adopted at Youngstown State University**.

Nontraditional Grade Policy

The **nontraditional** grading **system** at Youngstown State University shall be

C. If the student has elected a course that is identified as a course that can be taken under the **CR/NC** option, the student must designate this course as being taken under the **CR/NC** option so that the computer will enter on his record the appropriate **CR/NC** upon completion of the course. It is the student's responsibility that he not have more **CR/NC** entries on his record by the time of graduation than the maximum of one-fourth (1/4) of the total quarter hours earned by degree granting date, that he not register for more than one course per quarter under the **CR/NC** option, and that he not select or have taken a course under the **CR/NC** option that is not on the allowed list of courses to be taken under the **CR/NC** option.

D. The student may seek advice on **CR/NC** option courses or on the total **CR/NC** quarter hours through the regular advisement process.

E. Students electing the **CR/NC** option for a course may not change their selection to the traditional grade for the course after the last day to add a class.

F. Students electing the traditional grade for a course may not change their selection to the **CR/NC** option after the last day to add a class.

All courses in the University are open for **CR/NC** option except those courses identified as required to be taken for **CR/NC**. Courses may be closed to the **CR/NC** option by the department chairman who approves the student's major.

Courses that must be taken for **CR/NC**, are determined by the department in which **they** are offered, and may include:

A. field experience courses in which the amount of learning is open-ended and conditionally dependent on variables, **e.g.**, location, current stresses of economies, philosophical basis of operational practices, extent of available resources, and time space context.
