The committee discussed the BSN (generic) program which was referred back to us from the floor of the Senate.

Frank Castronovo reported that student concerns were being addressed through Dean Richley's office and that an agreement suitable to all parties was forthcoming.

The Committee expressed concern over several aspects of the new program. These were:

The lack of Biology 508 as a prereq. for Bio. 721.

Only two chemistry courses

Lack of Accounting prereq. for BET 710

Lack of Humanities and possible inclusion of a Death & Dying course

It was decided that a representative from Nursing should be asked to meet with the Division as soon as possible to answer these concerns.

The changes in Child Care Technology program (PD 84-2) were discussed and the proposal sent to the Senate with Division approval.

The time of the meeting with Nursing was set for 2/15/84 at 4 pm.

Meeting adjourned at 3:45.
