

ACADEMIC STANDARDS COMMITTEE
16 February 1962

Present: Painter, Swartz, Botty, Behen, Bridgham, J.E. Smith,
Worley, Dykema; guest, M. Smith

1. Mr. Swartz moved that no one be permitted to change to audit status after the end of the sixth week. Seconded by Mr. Behen and unanimously approved by the committee.
2. Discussion was begun on the significance and the administration of the WP and WF grades. The question was raised as to why the instructor's signature is needed when a student drops a course. Mrs. Smith contributed much information on the problems that were involved but no decision was reached.
3. A proposal submitted by Mrs. Dehnbostel was presented to the committee. This proposal would schedule all final examinations on the first four days of the final exam week and would provide six exam periods per day. No action was taken on the proposal.

K. Dykema, Chairman
