

Minutes

ACADEMIC STANDARDS & EVENTS COMMITTEE
November 6, 1984

Present: Barbara Brothers, Philip Munro, Ronald Tabak, Gloria Tribble, James Scriven, Craig Duff, Duane Rost

I. Correction to the Minutes of October 30 (change item II):

'M.S.511 (YSU Catalog) has replaced M.S.620 (A&S course list for area requirements)
M.S.630 (YSU Catalog) has replaced M.S.631 (A&S course list for area requirements)''

II. Establish a procedure for clarifying the Master list:

1. Review statements on pp. 40 and 41 for definition of humanities, science, and social sciences
2. Check courses to determine if there are discrepancies

III. Review of statements

- A. humanities--Question raised was about history and appreciation courses in the Dept. of Speech Communications and Theatre: history of what? theatre, yes; others may be problematical;
- B. Social Studies--Sociology is now the Dept. of Sociology, Anthropology, and Social Work.
We may want, therefore, to look at social work and anthropology courses.
- C. Science seems to have no problems.

IV. For next week committee members should have reviewed all humanities courses and have identified courses that are questionable according to the catalog statement.
