

MINUTES

Academic Standards and Events Committee

Meeting of April 21, 1994

Present: T. Bodnovich, R. Hoover, L. Hugenberg,
S. Martinek, S. Russo

1. Meeting called to order 2:00 p.m.
2. Minutes of April 14 meeting approved.

OLD BUSINESS

3. GER

Revised report of GER Committee was distributed in the morning's mail. A concise definition of general education is still missing. The current goals are eclectic. They do not address how general education knowledge should connect to the professions. The report does not differentiate general education from liberal education.

A definition of general education should accompany the GER Committee's report. Hoover presented a definition, He will expand it. Bodnovich will add it to the cover letter which will accompany the GER Committee's report and announce the hearings on the report. Bodnovich will take letter and report to print shop by 5 p.m. today, so faculty will receive it Friday afternoon or Monday morning (this will give faculty 7 to 11 days to review the report before the hearings). Bodnovich will also send a copy to the Jambar.

All committee members should try to attend at least one hearing. The University needs to see the committee's commitment to these hearings. The stage in the auditorium is being furnished with 12 chairs to be used by the GER Committee and the Standards Committee.

Bodnovich and Hugenberg will be at the May 2 hearing, more members are needed.

Bodnovich and Hoover will be at the May 3 hearing, more members are needed.

Bodnovich will be distributing copies of comments which were submitted to the GER Committee. [subsequent to the meeting it was learned that these copies mistakenly got delivered to Campus Ministry. Bodnovich will track them down; there may be some delay in distribution.]

4. Commencement.

Schulick has not yet submitted a commencement resolution. The committee's recommendation is therefore postponed until June.

5. Next Meeting.

The next meeting will be

Thursday, April 28, 2 p.m.

Kilcawley Center, Room 2057

Agenda

Review of Comments on GER Report

(If Bodnovich has not received many written comments on the GER report by Wednesday, he will call members to cancel the meeting.)
