

ACADEMIC RESEARCH COMMITTEE

Minutes of Meeting of

February 9, 1990

PRESENT: Haynes, Hotchkiss, Genaway, Chan, Mincey, Tarantine, deBlois, Messuri, Umble, Cicarelli

Dr. Haynes reported that Dr. Robert Sternberg, a noted psychologist from Yale University, will be on campus on May 21 and 22. Since his visit will overlap the beginning of QUEST, he suggested that Dr. Sternberg be invited to be the keynote speaker for the "kickoff" of QUEST'90.

Dr. Tarantine moved to include Dr. Sternberg in the QUEST'90 program (i.e., 10:00 a.m. on Tuesday, May 22, in the Ohio Room). Motion was seconded by Dr. Hotchkiss and carried.

The group then discussed Dr. Smith's comments and suggestions concerning the "mixed program" format. Dr. Hotchkiss made a motion, seconded by Dr. deBlois, that, to the extent possible, we try to present at least two consecutive talks in each group presumably of interest to the same audience. Motion carried.

The remaining time was spent sorting the abstracts by time preference.

Dr. Haynes and Ms. Kushner will meet next week to sort the abstracts by room.

The next meeting will be announced.
