Absent: J. Tackett, P. Sarro

Non members present: P. Ginnetti, C. Jennings, C. Singler, P. Peterson, W. Young, D. Mincey, Martha P.

I. Preliminary Business

Minutes of the 1-6-00 meeting were approved as distributed.

II. Programs reviewed

When a program is returned for revision or approved pending a revision or clarification, the respective department should address the concerns immediately and return the revised materials (note the date and "revised from" on the material and signed in BLUE INK along with the original APD Q2S Conversion Form to Kathylynn Feld, Dept. of Health Professions. If there are any questions please call her at 742-1760. Please return materials *immediately*.

A. 148 Adolescent License Intergrated Vocational Business Education BS approved pending
1. GERs are 35 not 38, Total 131/132 sh not 128 sh because of the science/ lab required which a 3 sh plus 1sh for the lab
2. Review the need for two method courses

B. 119 Middle Childhood BS returned
1. Extensive discussion regarding the disregard of the 2/3 conversion rule for the content and education areas. The content areas are social studies, language arts, natural science and math. Two content areas must be taken to secure a degree. The state requirements have, in part, required an increase in total hours. However, particular content areas in combination will give the program well over 124 sh and as high as 150 sh.
2. Education reduced the required hours and requested the content areas review their areas and reduce accordingly.

C. Adolescent License Integrated Education Programs BS

149 Physical Science approved pending
Retype reflecting the discussed changes in the total hours in both education and content courses. Indicating when courses are used as a GER from the major.

150 Earth Science approved pending
Retype on APD form reflecting the discussed changes in total hours in education and content areas and indicate when major courses are used for GERs.

151 Intergrated Sciences returned
Retype on APD forms reflecting the discussed changes in total hours in education and content areas and indicate when major courses are used for GERs
If the program remains significantly higher than 124, (141-145) a justification must be given and a statement which indicates this program would take longer than 4 years expected for a BS.

After discussion regarding 152: Social Studies and 153: Languages Arts, it was recommended these programs be review and resubmitted with reduction in total hours in education and content.
